The Penal Institutions Department of the City of Boston invites proposals for repairing wharves at Deer Island, Boston Harbor, Mass. Specifications for these repairs may be obtained at the office of the Penal Institutions Commissioner, 803 City Hall Annex, Boston. The bidder must leave his proposal with a certified check for \$500, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, September 3, 1935, at 12 m., at Room 803, City Hall Annex. The successful bidder must furnish a bond for the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Penal Institutions Commissioner reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN J. DOUGLASS,

Penal Institutions Commissioner.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, AUGUST 31, 1935.

No. 35

MAYOR MANSFIELD TAKES EXCEPTION TO GOVERNOR CURLEY'S CHARGE OF ATTEMPT TO DEPRIVE CITIZENS OF BOSTON OF BETTER COURT HOUSE ACCOMMODATIONS, AND INTERFERING WITH FEDERAL PROGRAM—DENIES STAND IS TAKEN ON TECHNICALITY—POINTS OUT THAT MAYOR HAS NOT AUTHORITY TO MAKE APPOINTMENT BECAUSE ACT IS NOT EFFECTIVE—HE IS WILLING, HOWEVER, TO MAKE AN INFORMAL APPOINTMENT IN ORDER TO FACILITATE MATTERS.

Mayor Mansfield has addressed the following letters to Governor James M. Curley relative to the matter of the new Court House and its construction:

BOSTON, August 23, 1935.

HON. JAMES M. CURLEY, *Governor*, State House, Boston.

DEAR GOVERNOR CURLEY,—I acknowledge the receipt of your letter of the 23d instant in which you are pleased to accuse me of raising a trifling technicality in an attempt to deprive the citizens of Massachusetts and of the City of Boston of better Court House accommodations in the County of Suffolk. In your letter you are also pleased to accuse me of mere quibbling and of interference with a Federal program which you say contemplates a substantial Federal allotment for the completion of the work proposed, and you dismiss the objections which I raise to the appointment of a commissioner with the remark that the point I raised was a technicality with only a shadowy substance.

You would have the public believe that you are frantically eager to promote this project and that I am obstinately determined to frustrate it by frivolous objections. Fortunately my attitude toward this project has been known for many years. The matter was constantly before the Judicial Council of which I was a member for ten years, and in discussions there and elsewhere I have always favored and vigorously argued for better Court House accommodations; and I think I know, from my experience as a trial lawyer in Boston for thirty-three years, the needs of the public, the bench and the bar. The point I raised was not for the purpose of obstructing this project, but because I believed and had been advised that I had no authority to make the appointment.

Ignoring for the moment the petulant tone of your letter and your apparent eagerness to accuse me of bad faith and of obstructing a desirable project by raising a shadowy technicality, I beg to state that the objection which I raised in my letter to you is not, in my opinion and in the opinion of the corporation counsel, a technicality. It is, on the other hand, an objection of substance, and the point raised seems to Mr. Foley and to me to be one that cannot be lightly brushed aside, and cannot be befogged by slighting references to me. It is a fact that under the provisions of this legislation as it now stands the act cannot become effective until the Federal allotment is made in a proportion which must be approved by the governor and mayor. The proportion of the allotment must necessarily mean the proportion of the sum of money which is to be determined by the commission which, again according to the terms of the act, is to be appointed within two months after the act becomes effective. Finally the act cannot become effective in any event until it is adopted by the City Council.

The act clothes the commission with extraordinary powers for the taking of land, even by eminent domain if necessary, the making of contracts, the hiring of engineers and architects to make preliminary surveys, the closing or extending of streets, and the fixing of the amount to be expended.

In your letter to me you suggest that a commission be appointed for the purpose of filing an application for Federal funds and upon the granting of this application that the commission can be reappointed. It seems plain enough that such a temporary commission would have absolutely no power, and could not proceed under the act. It seems equally plain that such a commission would not be recognized as clearly it would have no legal status whatever.

It may be, however, that the Federal Government would be willing to accept an application from such a commission for the purpose of setting aside the allotment for this particular project, the requisite details to be filed later by the commission when it is regularly appointed. On this point I beg to say that under the terms of the act the Chief Justices of the Supreme Judicial Court, the Superior Court and the Municipal Court of the City of Boston together name one of the commissioners. If these three eminent jurists are satisfied to appoint an informal commissioner merely for the purpose of making application I shall follow their example and I will appoint a temporary commissioner and one who would become a permanent commissioner upon the Federal allotment being made and the taking effect of the act. I am informed that Chief Justice Rugg of the Supreme Judicial Court is now on a vacation but is expected to return on next Monday, and I shall endeavor to confer with him and with Chief Justice Hall of the Superior Court and Chief Justice Bolster of the Municipal Court to obtain their opinion on this question and to ascertain their proposed mode of procedure, which, as I have stated above, I shall also adopt.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor*.

(Continued on page 1100.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 9, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 24, 1935: Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 166; nonresidents, 33; total, 199.

Death rate per 1,000 of population: All deaths, 12.96; nonresidents deducted, 10.81.

Death rate per 1,000 of population:

Last week, 12.57; corresponding week last year, 12.55.

Deaths by age periods, sex, etc.: Under one year, 15; one year to four years, inclusive, 5; sixty years and over, 99. Total deaths: Male, 95; female, 104; deaths in hospitals and institutions, 126; deaths of colored, 10.

MAYOR MANSFIELD WELCOMES NEW BROADCASTING STATION TO CITY'S ENTERTAINMENT FIELD — PREDICTS MANY YEARS OF USEFUL ENDEAVOR AND HIGHEST GRADE OF AMUSEMENT—ALSO EXTENDS THE GREETING OF THE CITY TO JOSEPH M. KIRBY, DUE TO WHOSE EFFORTS THE STATION HAS STARTED.

The dedication of broadcasting Station WCOP marks a notable event in the history — especially the literary and cultural history — of the City of Boston. Although we all recognize the difficulties which Boston, as well as every other city in the country and, indeed, in the world have been experiencing during the last five years, I think Boston is to be congratulated upon many things. And among those things for which Boston is to be congratulated is the fact that it has in its midst a citizen of the character, attainments and personality of Joseph M. Kirby. He enters a field where competition is keen and where only great ability, tact and wide experience can insure success. "Joe" Kirby has all of these qualifications and I am very sure that his contribution to the broadcasting program of the city will be a distinct benefit not to the city alone but to all persons within that wide radius who will be reached by this new messenger on the air.

It has been said that comparisons are always odious and I have no intention of comparing the kind of program which will be sponsored by WCOP with the offerings of other local broadcasting stations. They have all done and are doing excellent work but this field is so new — almost in its infancy so to speak — that there is abundant room for another station such as WCOP, which we dedicate tonight, to present its offerings and in no way to infringe or encroach unfairly upon the programs of neighboring stations.

Joe Kirby is no stranger to most of you, and all who know him will be very confident, as I am, that the character of his offerings to the public will be of the same high type that he has always contended for in his every public utterance. We have come to know him as a man who never indulges in small talk — as one who is serious and always has an important, well-considered and interesting message to convey. He has never talked for the sake of talking nor merely for the pleasure of hearing his own voice. He has never been frivolous or a time-waster and the great audience of the air will find from experience that the WCOP programs will be of a high literary standard, will be essentially instructive as well as interesting and entertaining.

And you will find that the nature of these broadcasts will be clean and wholesome because if there is one thing more than another that Joe Kirby has always vigorously championed it is the cause of clean and wholesome public entertainment. But this does not mean by any means a dull and prosy program. Contributions of a high literary and moral standard may be far more interesting and entertaining than others which do not come up to these well-accepted standards. And that will be Joe Kirby's aim. To give to you first-class entertainment of high literary merit and moral standard which will at the same time be of absorbing interest and of great instructive value. Nor will the program be heavy — there will be plenty of variety and for our lighter moments he will greet you with the "voice of gladness and a smile."

It gives me great pleasure as Mayor of the City of Boston to welcome this new broadcasting station, to predict for it not only a successful launching this evening but many years of useful endeavor, and to extend to Joe Kirby the greetings of the City of Boston.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PENAL INSTITUTIONS DEPARTMENT.

Advertises for proposals for repairing wharves at Deer Island, Boston Harbor. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Penal Institutions Department, Room 803, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, September 3, at 12 m.

PUBLIC WELFARE DEPARTMENT.

Advertises for proposals for furnishing trucks for cartage. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Board of Overseers of Public Welfare, 43 Hawkins street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, September 11, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertises for proposals for sheet asphalt pavement in Weld street, from Cerdan avenue and Morey road to West Roxbury Parkway. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, September 10, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing traffic signal equipment to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, September 4, at 12 m.

Advertises for proposals for furnishing electrical material to the Park Department. Surety bond will be required in a sum equivalent to 25 per cent of the con-

tract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, September 9, at 12 m.

Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, September 12, at 12 m.

Advertises for proposals for furnishing fuel oil to the fireboat and the Institutions Department boat. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, September 11, at 12 m.

NEW COURT HOUSE.

(Continued from page 1097.)

BOSTON, August 23, 1935.

HON. JAMES M. CURLEY, Governor,
State House, Boston.

DEAR GOVERNOR CURLEY,—There seems to be an insurmountable obstacle to the appointment of a commissioner under chapter 474 which provides for additional Court House accommodations and facilities.

Section 7 provides that the act shall not take effect until funds have been allotted by the Federal Government to cover its contribution. Therefore, it seems obvious that the first and necessary step to be taken is the allotment of the funds by the Federal Government, before the commission could be appointed. But the act also provides that the sum to be expended and the nature of the Court House accommodations to be provided is within the determination of the commission. These two provisions are mutually exclusive and apparently the act is unworkable. Since the act does not become effective until the Federal allotment is made, no commission can be appointed until after such an allotment. But the Federal allotment cannot be made until the commission determines the nature of the accommodations to be provided, and the sum to be expended. Thus it is plain that we have here two irreconcilable provisions and the result is an impasse.

Under these circumstances I regret to say (and am so advised by Corporation Counsel Foley) that I cannot legally appoint a representative of the City of Boston on this commission as suggested in your letter of August 17.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

MAYOR MANSFIELD VEToes PROPOSAL BY CITY COUNCIL TO INCREASE SALARIES OF PROBATION OFFICERS.

Upon August 28 the Mayor addressed the following communication to the City Council:

BOSTON, August 28, 1935.

To the City Council.

GENTLEMEN,—I return herewith without my signature and disapproved the order adopted by your Honorable Body on August 12, 1935, whereby the salaries of the probation officers of the Municipal Court for the City of Boston are substantially increased.

By the terms of this order the chief probation officer receives a yearly increase of \$300 beginning with a basic salary of \$5,000, until the maximum of \$6,500 per year is reached. A similar yearly increase is given to the first assistant probation officer beginning with a basic salary of \$3,300 until the maximum of \$4,500 is reached. The second assistant probation officer beginning with the basic salary of \$5,000 is increased \$500 yearly for the first three years and \$100 for the next year, until the maximum of \$4,000 is reached. In the remaining cases one male deputy probation officer, two women deputy probation officers, sixteen men probation officers and eight women probation officers are each given yearly increases of \$300.

I have no doubt that the probation officers of the Boston Municipal Court are doing excellent work and it may be, at some later time when the taxpayers can better afford it, these salaries ought to be increased, but at the present time

there is no allowance for them in the budget for 1935 and the increases can only be made out of unexpended balances. The number and the amount of such balances are unknown at the present time and are wholly problematical, so that there is no assurance that there will be enough money in them to make these increases.

It would mean an additional expenditure of about \$4,500 for the year 1935 and approximately twice that amount in succeeding years until the maximum is reached in each case.

It is urged that other clerks and officers connected with the judicial system have been advanced so that now their salaries are disproportionate to those of the probation officers. I do not question the correctness of this statement, but to urge that one man ought to receive more money because some one else in a comparable position receives more is not necessarily a convincing argument.

Under all the circumstances I think that these requests for increases ought to be deferred until the taxpayers are in a better condition to pay them.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

MAYOR PLANNING FOR STUDY OF INFANTILE PARALYSIS AS W. P. A. PROJECT.

One of the projects that the Health Department is working upon is to form a staff of doctors, statisticians and clerks in order to obtain data and information about infantile paralysis and its spread in this vicinity.

They are not attempting to isolate germs or to duplicate that kind of work which can be done in research laboratories, but they are trying to determine what is the particular cause of this disease in this locality, how it is contracted, and similar information.

This project will be presented to the Works Projects Board for approval just as soon as the details are ready.

MAYOR MANSFIELD ISSUES COMMENT ON ACTION OF BOSTON ELEVATED DIRECTORS.

The following statement was issued by the Mayor on August 22 relative to the proposed demolition of the Boston Elevated structures and building of a tunnel ordered by Act of Legislation:

Acceptance of its provisions by the Board of Directors of the road was a necessary preliminary step before the Act could become effective.

The rejection of the Act by the Board, therefore, definitely and definitively disposes of this project, for the present at least.

It is apparent that the project must be deferred until some plan that is mutually satisfactory to the road, to the city, and to the taxpayers can be devised.

BOSTON ELEVATED RAILWAY COMPANY,
BOARD OF DIRECTORS,
250 STUART STREET, ROOM 514,
BOSTON, August 22, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR SIR,—Your letter of August 20, 1935, to the chairman of the Board of Directors of the Boston Elevated Railway Company was presented and read to the Board at a meeting held today.

On behalf of the Board, I was directed to send you a copy of the following vote adopted by the Directors at said meeting:

"Voted, That the secretary be, and hereby is instructed, on behalf of this Board, to send to his Honor, Mayor Mansfield, the following statement:

"The acceptance of chapter 492 of the Acts of 1935 would result in the destruction of valuable property which is an important part of the assets securing more than seventy million dollars of bonds owned by the Metropolitan Transit District, Savings Banks, Insurance Companies, trustees and individuals; also more than twenty-three million dollars of stock issued by authority of state board and commissions and paid for in cash at an average price of more than one hundred and ten dollars per share.

"This legislation provides no adequate compensation for the property destroyed. Therefore the directors cannot accept the Act, and have so voted."

Very respectfully yours,

GRACE E. TETLOW,
Secretary, Board of Directors,
Boston Elevated Railway Company.

PARK COMMISSIONER COMMENDS LIFEGUARDS FOR HEROIC RESCUE WORK.

Park Commissioner William P. Long has addressed letters of commendation for bravery to several members of the life saving division of the department for rescuing persons. The letters and those commended were as follows:

BOSTON, August 26, 1935.

MAX REAL, Lifeguard, North End Park
Bath House, Boston.

DEAR SIR,—I am informed by Superintendent James E. O'Reilly that you rescued a boy, Armando Gallo, eleven years of age, also a woman, Carmela Rossi, cousin of the above-named boy. He also informs me you did an excellent job.

I wish to commend you for your attention to duty and the very fine report which Superintendent O'Reilly has forwarded me regarding you.

Very truly yours,

WILLIAM P. LONG, Chairman.

BOSTON, August 26, 1935.

BEN HURWITZ, E. R. A. Lifeguard,
Columbus Park, South Boston.

DEAR SIR,—I am informed by Superintendent James E. O'Reilly that you and William Martin rescued a man and woman at Columbus Park, South Boston. He also informs me you did an excellent job.

I wish to commend you for your attention to duty and the very fine report which Superintendent O'Reilly has forwarded me regarding you.

Very truly yours,

WILLIAM P. LONG, Chairman.

BOSTON, August 26, 1935.

WILLIAM MARTIN, E. R. A. Lifeguard,
Columbus Park, South Boston.

DEAR SIR,—I am informed by Superintendent James E. O'Reilly that you and Ben Hurwitz rescued a man and woman at Columbus Park, South Boston. He also informs me you did an excellent job.

I wish to commend you for your attention to duty and the very fine report which Superintendent O'Reilly has forwarded me regarding you.

Very truly yours,

WILLIAM P. LONG, Chairman.

Approval has been given to transfer Leo P. Sullivan from the Boston City Hospital to this department as laborer at \$5 a day to fill a permanent vacancy, effective August 23.

FIRE DEPARTMENT ORDERS.

General Order No. 40.

I. FRANK J. PARKES.

It is with deep regret that the Fire Commissioner announces the death on Wednesday, August 21, 1935, of Hoseman Frank J. Parkes of Engine Company 21.

Hoseman Parkes was born on March 30, 1898, and was appointed to the department on May 11, 1931.

The funeral will be held from his late residence, 44 Harvard street, Dorchester, at 8.15 a. m., Saturday, August 24, 1935, followed by services at St. Leo's Church, Esmond street, Dorchester, at 9 a. m.

The Chief of Department will make the customary detail to represent this department at the funeral and Engine Company 21 will be excused from duty in order to attend the funeral service. The detail will be under the command of Acting District Chief Charles B. Lynch of District No. 10 and will meet at the quarters of Engine Company 18, Harvard street, Dorchester, at 8 a. m. Uniform sack coat and white gloves will be worn by the detail.

II. RETIREMENT.

The following retirement is hereby announced, to take effect at 8 a. m., August 23, 1935:

Capt. John Williams, Engine Company 44.

Captain Williams was appointed to the department on August 27, 1892. His promotions were as follows: To assistant engineer, January 11, 1901; to engineer, November 26, 1909; to lieutenant, January 19, 1912; to captain, July 12, 1920.

Captain Williams leaves the department with the best wishes of his associates.

III. ELECTION, BOSTON FIREMEN'S RELIEF FUND.

The election of trustees of the Boston Firemen's Relief Fund will be held on Monday, September 9, 1935. Ballots have been distributed throughout the department and company commanders will see that all ballots are forwarded to district headquarters in sufficient time to be delivered to department headquarters not later than 1 p. m., September 9, 1935. Polls close at 1 p. m., Monday, September 9, 1935, and no ballots will be accepted for counting after that time.

IV. COMMENDATION.

Capt. Maurice L. Galvin of Ladder Company 9 and Hoseman Harry E. Boyd of Engine Company 19 are hereby commended for responding to and working at fire, Box 1263, August 19, 1935, while off duty.

By order of Fire Commissioner Edward F. McLaughlin.

HENRY A. FOX,
Chief of Department.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Incorporated, has been granted a further extension of the time of completion of the contract for repairing and painting spans 1 and 2 of Charlestown Bridge, from June 30 to August 10.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 23 the Mayor approved a contract with C. H. Cronin, Incorporated, for plumbing work at the Mary E. Curley School. Bids, opened August 15, were as follows:

C. H. Cronin, Incorporated, \$1,860; F. J. Brown Company, \$1,963; Capital Plumbing and Heating Company, \$1,979; L. H. & J. J. Jacobs Company, \$2,100; Pierce & Cox, \$2,121; Frank T. McDonald, \$2,187; William N. McKenna Company, \$2,125; James G. Gillespie Company, \$2,220.

Upon August 23 the Mayor approved a contract with Stedfast & Roulston and low bidders for furnishing, delivering and installing metal working machinery and allied equipment in the Mechanic Arts High School. Bids, opened July 26, were as follows:

Item 1, Lynd Farquhar Company, \$7,609.73; alternate No. 1, \$9,396.13; alternate No. 2, \$8,856.13; Stedfast & Roulston, \$9,542.33. Item 2, Lynd Farquhar Company, \$441.53; alternate No. 1, \$553.18; alternate No. 2, \$523.18; Stedfast & Roulston, \$500. Item 3, Lynd Farquhar Company, \$506.53; alternate No. 1, \$628.18; alternate No. 2, \$598.18; Stedfast & Roulston, \$554. Item 4, Lynd Farquhar Company, A, \$52.50; B, \$11.25; alternate No. 1, A, \$64; alternate No. 1, B, \$11.25; Stedfast & Roulston, \$78.25. Item 5, Browne & Sharp Manufacturing Company, \$3,152. Item 6, Lynd Farquhar Company, \$3,680;

Browne & Sharp Manufacturing Company, \$4,838. Item 7, Lynd Farquhar Company, \$2,952; Stedfast & Roulston, \$3,918; Henry Prentiss Company, \$3,553; alternate No. 1, \$3,708; alternate No. 2, \$4,020; alternate No. 3, add \$50 to Item 7; alternate No. 1, No. 2, if Power Rapid Traverse is wanted. Item 8, Stedfast & Roulston, \$1,550; Henry Prentiss Company, Incorporated, \$1,298. Item 9, Stedfast & Roulston, \$680; Henry Prentiss Company, Incorporated, \$969. Items 10 and 11, no bidders. Item 12, Stedfast & Roulston, \$595; alternate No. 1, \$280. Item 13, Stedfast & Roulston, \$200. Item 14, Stedfast & Roulston, \$75. Item 15, Stedfast & Roulston, \$68.50. Items 16 to 19, no bidders. Item 20, Browne & Sharpe Manufacturing Company, \$84.95. Item 21, Browne & Sharpe Manufacturing Company, \$156.80. Items 22, 23, 24 and 25, no bidders. Item 26, Browne & Sharpe, \$51.75. Items 27 to 36, no bidders. Benches, Boston Pulley and Shafting, \$1,719.

Contracts were awarded as follows to the lowest bidders complying with the specifications and the needs of the high school instructors:

Stedfast & Roulston, Incorporated, 156 Oliver street, Boston; Item 1, \$9,542.33; Item 2, \$500; Item 5, \$554; Item 4, \$78.25; Item 9, \$680; Item 12, \$595; Item 13, \$200; Item 14, \$75; Item 15, \$68.50.

Browne & Sharpe Manufacturing Company; Item 5, \$3,152; Item 20, \$84.95; Item 21, \$156.80; Item 26, \$51.75.

Lynd Farquhar Company, 330 Congress street, Boston; Item 6, \$3,680; Item 7, \$2,952.

Henry Prentiss & Co., Incorporated, 532 Statler Building, Boston; Item 8, \$1,298.

Boston Pulley and Shafting Company, 387 Atlantic avenue, Boston; Benches, \$1,917.

NOTES.—Items 1 to 4 are to be considered together, the Stedfast Roulston Company bid according to specifications and their four items total \$10,674.58. The bids of Lynd Farquhar Company for Items 1 to 4, taking alternate No. 1 in each case, the nearest lathe to the one specified, totals \$10,652.74.

Upon August 23 the Mayor approved contracts for furnishing, delivering and setting in place, as directed, furniture and equipment in the Shurtleff District Intermediate School, South Boston (P. W. A. Project, Docket No. 4217 S. B.). Bids were opened August 15, and were awarded as follows to the lowest bidder complying with specification and delivery as per total amount called for in specifications:

Remington Rand, Incorporated, 118 Federal street, Boston, Item 1, \$932.80; Item 12, \$151.68.

Osborne Office Furniture Company, 109 Pearl street, Boston, Item 2, \$559.30; Item 3, \$259.90; Item 4, \$358.80; Item 5, \$110.40; Item 10, \$15.65; Item 15, \$29.10; Item 21, \$27; Item 22, \$15.75; Item 23, \$11.50; Item 24, \$18.80; Item 25, \$22.50; Item 31, \$112.80; Item 32, \$89; Item 40A, \$1,200; Item 40B, \$366. Items 21 to 25 awarded in a group.

Thorp & Martin Company, 66 Franklin street, Boston, Item 6, \$221.20; Item 13, \$6.50; Item 17, \$32.83; Item 37, \$9.26; Item 9, \$103.50; Item 11, \$49.05; Item 35, \$490.60.

J. L. Hammett Company, 10 Beacon street, Boston, Item 7, \$7.25; Item 8, \$29; Item 20, \$44; Item 47, \$301.32.

McCarthy Brothers, 218 Dudley street, Boston, Item 14, \$59.25; Item 16, \$165; Item 26, \$170; Item 27, \$165.50; Item 28, \$42.25; Item 29, \$33.75; Item 34, \$30; Item 38, \$12,474.

All Steel Equipment Company, Incorporated, Aurora, Illinois, Item 18, \$31.55; Item 19, \$28.30.

The Berger Manufacturing Company of Massachusetts, 307 Dorchester avenue, South Boston, Item 36, \$60.88.

American Seating Company, 65 Stuart street, Boston, Item 39, \$2,795.31.

I. Shannahofski, 52 Union street, Boston, Item 41, \$1,998; Item 42, \$1,160; Item 43, \$170.

Frigidaire Sales Corporation of New England, 25 Blandford street, Boston, Item 44, \$619.44; Item 45, \$615.50.

Milton Bradley Company, 120 Boylston street, Boston, Item 46, \$29.50.

National Theatre Supply Company, 211 Columbus avenue, Boston, Item 48, \$296; Item 49, \$175; Item 50, \$1,980; Item 51, \$259.50; Item 52, \$8.50; Item 54, \$22.50.

The Hoyt Company, 1246 Dorchester avenue, Dorchester; Item 53, \$181; Item 57, \$920.

Wright & Ditson Division of Spaulding Sales Corporation, 344 Washington street, Boston, Item 56, \$1,435.30.

On Item 6 award was made to the Thorp & Martin Company, the second low bidder. This was actuated by a letter submitted by the J. L. Hammett Company, who did not guarantee delivery by September 11, 1935, as per proposal and would not abide by the liquidated damage clause unless they were awarded items they were low on by August 19, 1935. The same applies to Item 2 awarded to Osborne Office Furniture Company.

On Item 39 all bids received were equal; award of this item was to the

American Seating Company, who are specialists in this type of furniture, on their statement that they had the stock in Boston ready for delivery. Rejected all bids of the Eastern Radio Company, as this concern did not submit the proposal book as called for in the official advertisement.

The Crown Shade and Screen Company neglected to deposit a copy of their bid with the City Auditor, so Item 57 was awarded to the second low bidder.

Items 44 and 45 awarded to the Frigidaire Sales Corporation so as to have uniformity of refrigeration in the building.

Bids were as follows:

Item 1, 44 Teachers' Desks.—Remington Rand Company, total, \$932.80; unit price, \$21.20; Osborne Office Furniture Company, total, \$941.60; unit price, \$21.40; McCarthy Brothers, total, \$961.40; unit price, \$21.85; Thorp & Martin Company, total, \$977.24; unit price, \$22.21; J. L. Hammett Company, total, \$1,073.60; unit price, \$24.40; Yawman & Erbe Manufacturing Company, total, \$1,133; unit price, \$25.75.

Item 2, 47 Teachers' Tables.—J. L. Hammett Company, total, \$549.90; unit price, \$11.70; Osborne Office Furniture Company, total, \$559.30; unit price, \$11.90; Remington Rand Company, total, \$634.50; unit price, \$13.50; McCarthy Brothers, total, \$641.55; unit price, \$13.65; Thorp & Martin Company, total, \$680.09; unit price, \$14.47; J. J. McCarthy, total, \$681.50; unit price, \$14.50; Yawman & Erbe Manufacturing Company, total, \$741.19; unit price, \$15.77.

Item 3, 46 Swivel Arm Chairs.—Osborne Office Furniture Company, total, \$259.90; unit price, \$5.65; Thorp & Martin Company, total, \$275.54; unit price, \$5.99; Remington Rand Company, total, \$280.60; unit price, \$6.10; J. L. Hammett Company, total, \$282.90; unit price, \$6.15; Yawman & Erbe Manufacturing Company, total, \$310.50; unit price, \$6.75; McCarthy Brothers, total, \$319.70; unit price, \$6.95; Milton Bradley Company, total, \$324.30; unit price, \$7.05; J. * Contract awarded.

WITHOUT ADVERTISING.

Upon August 19 the Mayor approved a contract with J. H. Emerson Company for one Emerson respirator. A communication from Warren W. Loomis of the Supply Department was as follows:

SUPPLY DEPARTMENT.

BOSTON, August 19, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR, I respectfully request your approval of an award, without advertising, to J. H. Emerson Company, Cambridge, Mass., of a contract amounting to \$1,150, less 2 per cent, ten days, for one Emerson respirator, for use in the South Department at the Boston City Hospital.

A condition arose at the hospital on Saturday, as stated in Doctor Manary's letter attached, which made the immediate purchase of this equipment, on an emergency basis, necessary.

It was therefore under the circumstances not possible or advisable to advertise.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been allowed to add to the contract for the Shurtleff Intermediate School, P. W. A. No. 4217 S. B., the following: Furnish and install a system of tile underdrains below floor of boiler room, gymnasium, corridor, etc., build sump pit; install automatic electric sump pump; connect discharge to soil pipe and do all miscellaneous cutting and patching; all according to drawing by architect and engineers, for the sum of \$5,429.20. Contract price, \$636,800; total additions, \$8,009.75; amount of contract, \$644,809.75.

HOSPITAL DEPARTMENT.

John Bowen Company, contractor for Kitchen Building, Boston City Hospital, has been instructed to add to the contract the sum of \$419.57 for furnishing and installing hardware on certain doors. Materials include 12 pair special strap hinges, 8 door closers, size 5, with fusible links, 4 exit locks and 16 stainless steel plates to cover existing holes in kick plates where old cylinders were located, \$562.34. This \$562.34 includes work covered by Order of Extra No. 1812 dated February 11, 1935, and additional work. Order of Extra No. 1812, \$142.77, leaving net amount of \$419.57 for this Order of Extra. Original contract, \$379,000; corrected contract, as per order No. 1822, \$411,965.27; now added, \$419.57; corrected contract, \$412,384.84; total added, \$35,683.44; total deducted, \$2,298.60.

CONTRACTS AMENDED.

D'Amore Construction Company has been allowed to amend the contract for addition to the East Boston High School, by striking out the word and figures as amended "August 15, 1935," on page 8, Article 2, and substituting therefor the word and figures "August 30, 1935," so that said Article 2, on page 8, shall read. "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before August 30, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

CLAIMS DISALLOWED.

The Law Department has disapproved forty-nine claims against the City of Boston, classified as follows:

Building Department, one claim; Fire Department, two claims; Hospital Department, one claim; Licensing Department, four claims; Park Department, eight claims; Police Department, one claim; Public Buildings, one claim; Public Works Department, twenty-six claims; School Buildings Department, one claim; Street Laying-Out Department, four claims.

PLUMBING PERMITS ISSUED AUGUST 22 TO AUGUST 28.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be two (2) months, vehicles are excluded from Sherman street, Roxbury, between Ottawa street and Lansing street, effective August 27, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted August 8, 1935, for the period commencing Saturday, August 10, 1935, and terminating Friday, August 23, 1935, both inclusive, is hereby extended for the period commencing Saturday, August 24, 1935, and terminating Friday, September 6, 1935, both inclusive:

The operator of a vehicle proceeding in a southwesterly direction in Chelsea street, East Boston, shall make only a right turn from Chelsea street into Porter street.

The operator of a vehicle shall not make the following left turn:
Sumner Tunnel.

Into Cross street.

The operation of the automatic traffic signal at the intersection of Cross street and Hanover street is suspended.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Teachers' Convention, parking of vehicles is prohibited in James street, southeast side, from East Concord street to East Newton street, effective August 26, 1935, to August 30, 1935, inclusive.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, Riverway is a one-way street from Huntington avenue to Brookline avenue, from August 26, 1935, to August 31, 1935, inclusive.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 8, 1935, and was effective May 13, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from August 13, 1935:

Parking of vehicles is prohibited in the following street:

South Sydney Street, Dorchester.

West side, from Bay street to Savin Hill avenue.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3)

months, parking of vehicles is prohibited in the south side of Harris avenue, from Centre street to Alveston street, effective August 28, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in the north side of Essex street, from Chauncy street to Atlantic avenue, effective August 28, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rules are effective August 28, 1935:

Parking of vehicles is prohibited in the following streets:

Dover Street.

South side, for a distance of forty-five (45) feet, starting at street line of Tremont street and extending easterly.

North side, starting at street line of Tremont street and extending forty-five (45) feet easterly.

North side, starting at street line of Washington street and extending forty-five (45) feet westerly.

Washington Street.

West side, from street line of Dover street and extending forty-five (45) feet southerly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be one (1) month, the following temporary rules are effective August 26, 1935:

Vehicles are excluded from the following street:

Walnut Avenue, Roxbury.

Seaver street to School street.

The following street is one way in the direction indicated:

Sigourney Street, West Roxbury.

From Peter Parley road to School street.

POLICE DEPARTMENT ORDERS.

General Order No. 74.

The Rules and Regulations of the Boston Police Department are hereby added to as hereinafter stated:

1. On page 31 of said Rules, under the title heading of "Powers and Duties," insert a new reference, as follows:

"33A. Licensing and bonding of certain Theatrical Booking Agents, Personal Agents and Managers. G. L., c. 140, ss. 180A, 180B, as inserted by c. 378, Acts of 1935."

2. After page 234 of said Rules and Regulations insert a new Police Rule to read as follows:

"Rule 69. Theatrical Booking Agents, Personal Agents and Managers.

"1. The police commissioner may, upon petition, license suitable persons to engage in the business of booking actors, actresses and musicians, or any of them, for vaudeville and other stage performances, including floor shows, so called, in restaurants, clubs, beer gardens and similar places of amusement. Applications for such licenses shall be examined and reported upon by the commanding officer of the division in which the applicant has his place of business. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the thirty-first day of December, except that licenses may be issued in December to be valid for twelve months beginning the next succeeding first day of January. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. The fee for a license of the class described in this section, or renewal thereof, shall be ten dollars, but for a license issued for the balance of the year nineteen hundred and thirty-five, the fee for such license shall be five dollars. Every person licensed under this rule shall maintain one or more offices in the city of Boston. (G. L., Ter. Edit., c. 140, s. 180A, as inserted by c. 378, Acts of 1935; Police Rule.)

"2. No license under section one of this rule shall be issued unless and until the applicant therefor deposits with the police commissioner a bond for the faithful compliance by such applicant, as licensee, during the term of the license, with the provisions of sections one to four, inclusive, of this rule, such bond to run to the city of Boston, to be in the penal sum of one thousand dollars, to contain such conditions and to be in force during such term as the police commissioner may require, and to have as sureties, at the option of the police commissioner, either two or more individuals or a surety company authorized to transact business in the commonwealth of Massachusetts. (G. L., Ter. Edit., c. 140, s. 180B, as inserted by c. 378, Acts of 1935; Police Rule.)

"3. Any person from whom any license under section one of this rule has withheld any sum in excess of the amount permitted under any agreement between the licensee and such person, may, without expense to the city of Boston, bring an action in the name of the treasurer of the city of Boston upon the bond of such licensee, and may recover upon such bond for his own benefit all sums, up to the penal sum of such bond, or any balance thereof remaining, as the case may be, improperly held from him by such licensee. (G. L., Ter. Edit., c. 140, s. 180C, as inserted by c. 378, Acts of 1935.)

"4. Whoever, not being licensed under section 1 of this rule so to do, engages in the business described in said section shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or

both. (G. L., Ter. Edit., c. 140, s. 180D, as inserted by c. 378, Acts of 1935.)"

Note.

The provisions of the above Police Rule will take effect Tuesday, September 24, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 75.

Sergt. Francis W. Russell and Patrolmen Francis J. O'Connor and William J. Crowley, all attached to the Bureau of Criminal Investigation, are commended and each is granted three days additional vacation for meritorious police duty performed on August 13, 1935, in connection with the arrest of two persons who participated in a number of armed holdups and robberies in Boston and Brookline, Mass.

The commissioner is pleased to recognize and commend the effective police duty performed by these officers in accomplishing the arrest of these dangerous characters.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 57 Gibson street, rear, Ward 16.

The building at 941 Harrison avenue, Ward 8.

The building at 192 Gardner street, rear, Ward 20.

The building at 19 Lincoln street, Ward 22, is open to trespass and weather, windows broken, doors removed, ceilings and roof broken and a generally dilapidated condition. The owners, James C. and Mary A. Dunne of 12 Oakwood avenue, Dorchester, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 17 Adamson street, rear, Ward 22, is old, dilapidated, ruptured and falling. The owner, Helen M. Hamilton of 292 Lincoln street, Brighton, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 100 D street, Ward 7, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Mary A. Kelly of 8 Leroy street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 941 Harrison avenue, Ward 8, is in an unsafe and dangerous condition. The owner, Clarence L. Myette of 50 State street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 1 Wendell place, Ward 7, is in an unsafe and dangerous condition, dilapidated and a fire hazard.

The owner, Morgan F. Foley of 13 Mercer street, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building located at 25 Vernon street, rear, Ward 9, is in a very unsafe and dangerous condition. The building is owned by Ruth L. Waldman of 54 Ellison road, Newton, and a sheriff was unable to serve the proper notice on her because, as reported by him she was away at the beach. The owner was then notified by registered mail of the unsafe condition and a notice posted on the building. On August 28 the Fire Department telephoned that this building was in a state of collapse and children were removing the same and that they were afraid that somebody would be killed. Therefore, the Building Commissioner telephoned to the owner's husband, Robert Waldman of 11 Beacon street, Boston, who requested him to remove the building, stating that he would send a letter putting this request in writing.

KNITTING OF FLAG ON COMMON COMPLETED.

The special feature of the weekly Thursday afternoon "Perambulation of Boston Common" on August 29 in connection with the 300th anniversary observance was the completion of the knitted American flag, 8 by 5 feet, the product of the Spinning Bee, Weaving Demonstration, and Knitting Contest on the Common, Tuesday afternoon, August 13, and which commemorated a similar event of August, 1753.

The flag is the only one known to exist that is the product of more than one hundred individual knitters, and the only one actually made by the hand knitting needle and yarn process.

A series of historical tableaux also was presented, featuring various stages in the development of the Stars and Stripes, from the first flag down through to the present day. The participants were actors from the E. R. A. Civic Theatre of Boston.

Musical accompaniment, with selections to fit the different periods, was provided by the E. R. A. Boston Common Tercentenary String Sextet, Roland Huxley, conductor.

The affair began at Tercentenary Headquarters, No. 9 Park street, at 3 o'clock, when the final stitches were added by Bernice W. Means, chairman of the flag knitting contest, after which ceremonies were transferred to the Common at Brewer Fountain.

CORPORATION COUNSEL FOLEY NAMED BY MAYOR TO COMMISSION TO STUDY BOSTON FINANCES.

The Mayor, on August 22, announced the appointment of Corporation Counsel Henry E. Foley as a member of the commission to study the laws and ordinances effective in Boston relative to its finances, with a view to determine the advisability of making said city further subject to the laws regulating municipal financing in other municipalities.

One of the main purposes of this Act (chapter 18) is to determine whether Boston should fix its own tax limit instead of going to the Legislature each year unlike other cities and towns.

ADDITIONAL DEBT INCURRING POWER, DECEMBER 31, 1934.

Bradley, Ward 2; Richard Doyle, Ward 2; John J. Duffy, Ward 2; Alexander A. Duncan, Ward 2; William H. Fehlan, Ward 2; Frederick L. King, Ward 2; Cornelius J. Turner, Ward 2; Leopold Cincotti, Ward 3; Patrick DiGregorio, Ward 3; John Parker, Ward 3; Frederick J. Cracknell, Ward 4; William A. Dietz, Ward 4; Michael John Duffy, Ward 4; William C. Grace, Ward 4; Charles B. Graham, Ward 4; David L. Smith, Ward 5; William H. Donovan, Ward 6; James O. Petipas, Ward 6; Michael J. Quirk, Ward 6; Edward A. Allen, Ward 7; Albert H. Brittan, Ward 7; George A. Buchanan, Ward 7; Frederick J. Cooke, Ward 7; Richard F. Warren, Ward 7; William H. Blais, Ward 8; Oswald W. Coner, Ward 8; Ralph Maguire, Ward 8; William H. McDonald, Ward 8; Edwin J. Olson, Ward 8; Herbert James Donaldson, Ward 9; Rodrick MacIntyre, Ward 9; William M. Glennon, Ward 11; Forest R. Sherman, Ward 11; Albert R. Ford, Ward 12; Leon I. Kahn, Ward 12; Frank A. Laney, Ward 12; Antonio R. Dahl, Ward 13; William Beck, Ward 14; John F. Colbert, Ward 14; Nathan Katz, Ward 14; Maurice Lewis, Ward 14; Harold E. McGrath, Ward 14; Mitchell S. Regal, Ward 14; Robert A. Buebar, Ward 15; Peter McGovern, Ward 15; Arthur L. Moulthrop, Ward 15; Robert W. Bennett, Ward 16; Frederick G. Fish, Ward 16; Oliver A. Myers, Ward 16; Edwin B. Prout, Ward 16; Joseph Sorooco, Ward 16; Jeremiah Mahoney, Ward 17; James W. McGuire, Ward 17; Raymond A. Payne, Ward 17; Frank Thorley, Ward 17; Robert E. Christopher, Ward 18; Peter J. Doherty, Ward 18; Ralph M. Henderson, Ward 18; George W. Miller, Ward 18; James E. Walsh, Ward 18; John P. Crane, Ward 19; John A. Whipple, Ward 19; Everett V. Young, Ward 19; James S. Adie, Ward 20; John W. Crosby, Ward 20; Kenneth Hall, Ward 20; John L. Imbesceid, Ward 20; John H. MacKenzie, Ward 20; John R. Whelan, Ward 20; Bertram Silberman, Ward 21; J. Perley Staples, Ward 21; Benjamin Edward Stearns, Ward 21; Elliot W. Thoburn, Ward 21; William L. Mann, Ward 22; Frank P. Marshall Jr., Ward 22.

Sixty-five traverse jurors, Superior Civil Court, July Sitting, to appear September 9, 1935:

Charles Andolina, Ward 1; Alexander P. Lambert, Ward 1; John Harty, Ward 2; Thomas J. Langan, Ward 2; James J. Tolan, Ward 2; Gastano J. Brigandi, Ward 3; Thomas H. Carr, Ward 3; Aniello D. Imperato, Ward 3; Patrick J. McGuire, Ward 3; Vincent Parziale, Ward 3; George W. Bliss, Ward 4; James L. Keleher, Ward 4; Daniel Angus McGillivray, Ward 4; Thomas M. Stikley, Ward 4; John H. Breen, Ward 6; John C. Johnson, Ward 6; Frederick A. Baker, Ward 7; Patrick J. Irwin, Ward 7; Kenneth Brennell, Ward 8; Henry J. Cole, Ward 8; Gerald G. Cooney, Ward 8; Arthur Cotter, Ward 9; William G. Driscoll, Ward 9; Daniel Hayes, Ward 9; Edmund Russell, Ward 9; George A. Schroth, Ward 9; James L. Montgomery, Ward 12; John S. Traverse, Ward 12; Benjamin F. Buckley, Ward 13; George P. Plasse, Ward 13; Frank Simmonas, Ward 13; Max Alpert, Ward 14; Arthur W. Murphy, Ward 14; Frederick A. Wright, Ward 14; Henry C. Hansen, Ward 15; Frederick W. Bickford, Ward 16; Everett L. Fraser, Ward 16; Wallace Green, Ward 16; Walter R. Maguire, Ward 16; Arthur L. McMahon, Ward 16; Theodore H. Martenson, Ward 16; LaForrest L. Hall, Ward 17; William A. L. Junker, Ward 17; Clarence F. Shaw, Ward 17; Frederick R. Burnham, Ward 18; Leo Cohen, Ward 18; Richard Graham, Ward 18; Hyman Markell, Ward 18; Charles R. Peatfield, Ward 18; Albert Ritter, Ward 18;

William D. Strachan, Ward 18; Charles Swanson, Ward 18; Henry Kramer, Ward 19; Edward E. Aldrich, Ward 20; Charles C. Billings, Ward 20; Alfred G. Bleye, Ward 20; William J. Brooks, Jr., Ward 20; Eric L. Lawson, Ward 20; William J. Munday, Ward 20; Robert J. Mundy, Ward 20; Stewart R. Robertson, Ward 20; Herman C. Wittenauer, Ward 20; Bernard Auerbach, Ward 21; William E. Mundle, Ward 21; Lawrence J. Morette, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the City Council the Mayor submitted the following appointments for the term ending April 30, 1936:

Weighers of goods: Charles Jesso, 312 High street, Dedham, Mass.; Joseph F. Smith, 576 Main street, Woburn, Mass.

Constables, authorized to serve civil process: Charles A. Woods, 428 Sixth street; Nathan Lightman, 6 Carlos street; Thomas H. Glynn, 66 Burton street.

Laid over for one week under the law.

BOSTON ELEVATED BUS SERVICE.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1935.
To the City Council.

Gentlemen:—I herewith transmit a letter from the Boston Elevated Railway, relative to your orders of June 3, 1935, respectively, concerning:

1. Increased car service, Field's Corner to Andrew square, via Meeting House Hill.
2. Increased bus service, Andrew square to Columbia road.
3. Increased bus service on Bay View line.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
Public Trustees,
Park Square Building, Boston,
July 18, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir:—Your letter of June 25, inclosing three orders of the Boston City Council, has been referred to me by Mr. Dana.

I wish to report that at the time the summer schedules had just gone into effect. Summer requirements, as you know, are materially less than the remainder of the year. There was a short time between the effective dates of the summer timetables, June 22 and July 1, when a number of extra trips were operated to take care of the riding. The demands have now become stabilized for the summer and a check has just been made on the lines concerned, and with the exception of the Andrew Square-Meeting House Hill line there appears to be ample service. We have arranged to add extra service on this line from 7.16 to 8.11 a. m. and believe same will be satisfactory.

Very truly yours,

D. D. HALL,

Superintendent of Transportation.

Placed on file.

CAUSEWAY STREET ELEVATED AND DEWEY BEACH.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1935.
To the City Council.

Gentlemen:—I herewith transmit two letters from the Works Projects Board, relative to your orders of July 15, 1935, respectively, concerning:

1. Removal of elevated structure on Causeway street as a project.
2. New buildings at Dewey Beach, sanding of the beach, new showers, etc., as a project.

In accordance with the suggestion of the Board, I have referred the former matter to the Transit Department for consideration and report.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

July 19, 1935.

Mr. John F. Gilmore, Jr.,

Office of the Mayor.

Subject: Order of City Council, July 15, regarding removal of the elevated structure on Causeway street.

Dear Sir:—Referring to the above subject we advise that we have under consideration the matter of the removal of the elevated structures

and substitution of subways on the main line between Sullivan square and Forrest Hills, for which we have received cost estimates from the Transit Department. We have not included in this study that portion of the elevated structure between North Station and the Lechmere Square viaduct.

We suggest that this be referred to the Transit Department for study if it seems desirable that we give consideration to the removal of this part of the elevated structure. Obviously no recommendation can be made without information regarding the cost of suitable substitute rapid transit facilities.

Very truly yours,
WORKS PROJECTS BOARD,
by C. E. NICHOLS.

July 19, 1935.

Mr. John F. Gilmore, Jr.,

Office of the Mayor.

Subject: Order of City Council, July 15, regarding development of Dewey Beach.

Dear Sir:—In reply to your memorandum referring the subject matter to us for consideration and reports, we advise that we are now studying the recommendations of the Park Department relative to various beaches, and the improvement of Dewey Beach is included in this program.

Very truly yours,
WORKS PROJECTS BOARD,
by C. E. NICHOLS.

Placed on file.

TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1935.
To the City Council.

Gentlemen:—I herewith transmit three letters from the Boston Traffic Commission, relative to your orders of June 3 and June 15, 1935, respectively, concerning:

1. Automatic signal lights, Commonwealth avenue and Allston street.
2. Automatic signal lights, Commonwealth avenue and Warren street.
3. For traffic survey on Columbia road, from H to N street, South Boston.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Traffic Commission, July 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir:—I have the honor to acknowledge receipt of Council order dated June 3, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic signal lights at Commonwealth avenue and Allston street, Ward 21."

It is to be regretted that these traffic signal lights cannot be established at this point, as the financial condition of the city will not warrant the expenditure of money at this time for this purpose. This intersection is on a list of proposed installations when money becomes available.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,

Traffic Commission, July 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir:—I have the honor to acknowledge receipt of Council order dated June 3, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signal lights at Commonwealth avenue and Warren street, Ward 21."

It is to be regretted that these traffic signal lights cannot be established at this point, as the financial condition of the city will not warrant the expenditure at this time of money for this purpose. This intersection is on a list of proposed installations when money becomes available.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,

Traffic Commission, July 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir:—I have the honor to acknowledge receipt of Council order dated June 15, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a study of traffic conditions at

Columbia road, South Boston, from H to N street, and report to the City Council relative to same, for the purpose of relieving congestion due to the parking of automobiles along this area while the owners are bathing at the various beaches."

Each year temporary traffic regulations are in effect along the Strandway forbidding parking in certain portions of the roadway adjacent to dwelling houses in Columbia road, L street, Ticknor street and the Strandway.

These rules were adopted after observation of this area over several years and represent the consensus of the Park Department, Police Department and the Boston Traffic Commission.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

SANITARY CONDITIONS, DEWEY BEACH.

The following was received:

City of Boston,

Office of the Mayor, July 24, 1935.

To the City Council.

Gentlemen,—I transmit herewith a letter from the Health Department, relative to your order of July 15, concerning an inspection of the sanitary conditions at Dewey Beach and the condition of oil on the water.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Health Department, July 23, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—With respect to your transmission of July 17 for "consideration and report" on the order of the City Council of July 15, 1935: "That his Honor the Mayor request the State Board of Health, in conjunction with the city authorities, to make an inspection of the sanitary conditions at Dewey Beach, and also the condition of the water for oil, etc."

The Acting Health Commissioner of Boston assumes that by the order of the Council, his Honor the Mayor will make all necessary arrangements with the State Board of Health for this investigation.

For the information of his Honor the Mayor the Acting Health Commissioner submits the following:

The Boston Health Department is making weekly examinations of Dewey Beach as well as of all other regular bathing places within the city limits. Such examinations cover the physical condition of the beach, and of the water, and bacteriological examinations of samples of the water. Such examinations of bathing places are made by us every year during the bathing season. The results of these examinations are the subject of written reports and are matters of permanent record. The records of conditions at Dewey Beach go back many years, during which time the Boston Health Department has acquired an experience in sampling and examining water for the purposes of determining its safety for bathing purposes, not exceeded by any other health department, municipal, state or national. Furthermore, our laboratory has carried on investigations regarding the viability of pathogenic organisms in the water of our bathing beaches never undertaken, so far as known, by any other laboratory.

The condition at Dewey Beach this season, as usually in past years, is regarded by us as "satisfactory." The beach and the water have been physically clean. The last laboratory examination showed a bacteriological count of 80 per c.c., colon bacilli are included in the above. There will always be colon bacilli present in the water of bathing beaches about Boston. The last examination at the North End Park showed 3,000 per c.c., and at the Frog Pond in the Common 10,000 per c.c.

From time to time oil is to be seen on the water at Dewey Beach. This also is to be expected. There are several possible sources of oil from the shore in the vicinity as well as from shipping. Oil pollution of the water at Dewey Beach has, however, never been more than occasional and transitory.

Respectfully,

M. VICTOR SAFFORD,
Acting Health Commissioner.

Placed on file.

RESURFACING STREETS, WARD 19.

The following was received:

City of Boston,

Office of the Mayor, July 25, 1935.

To the City Council.

Gentlemen,—I transmit herewith a letter from Mr. C. J. Carven, Commissioner of Public

Works, relative to your orders of July 15, 1935, requesting resurfacing of Sycamore street and Paul Gore street, Ward 19.

Very truly yours,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, July 25, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your letter dated July 17, 1935, with attached City Council orders, dated July 15, and reading as follows:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Paul Gore street, Ward 19, and Sycamore street, Ward 19."

and to state that the cost of resurfacing Sycamore street, from Florence street to Poplar street, with smooth pavement on a concrete base with necessary regulating will cost approximately \$24,000.

The resurfacing of Paul Gore street, from Centre street to Lamartine street, with smooth pavement on concrete base and regulating will cost approximately \$19,100.

There is no money available for the resurfacing of either street at the present time.

Respectfully yours,

C. J. CARVEN,

Commissioner of Public Works.

Placed on file.

VARIOUS PARK IMPROVEMENTS.

The following was received:

City of Boston,

Office of the Mayor, July 23, 1935.

To the City Council.

Gentlemen,—I herewith transmit several letters from the Boston Park Commission, relative to your orders of July 15, 1935.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, July 20, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to arrange a project for the erection of a suitable locker building and shower facilities at American Legion Park, East Boston.

All playgrounds should have a locker building. In the present instance, no locker building can be erected while the Public Works stables are located on the playground in question. An appropriation of \$25,000 would be necessary if this building were to be erected by contract. An appropriation of \$16,000 for material would have to be made if the building was erected by W. P. A.

I regret exceedingly that this department has no funds available for the erection of such a building in the event that the Public Works Department should decide to remove their stables.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 22, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to include in one of its projects a sum sufficient for the making of necessary repairs and improvements at the Sullivan Square Playground, the installation of a new handball court of concrete construction, the building of concrete bleachers and the installation of showers (hot and cold). Also repairs and additions to the present inadequate building.

It will be a pleasure to draw up such a project, with certain reservations.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 22, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to install two volley ball courts at the Head House Beach, South Boston.

It will be a pleasure to install two volley ball courts at this location.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 22, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to provide for two additional lifeguards at Castle Island.

Additional lifeguards have been provided at Castle Island for the past ten days.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 20, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to furnish certain information as follows:

1. Number of lockers in the L Street Men's Bath House.....2,800
2. Number of lockers in the L Street Women's Bath House.....1,250
3. Number of lockers in the L Street Boys' Bath House.....1,000
4. Fenced in water frontage now provided for L Street Men's Bath House..... 650 feet.
Fenced in water frontage now provided for L Street Women's Bath House.....363 feet.
Fenced in water frontage now provided for L Street Boys' Bath House.....230 feet.

It is not feasible to enlarge the beach frontage for the Men's Bath House. The women and boys require all of the fenced in area now used by them. Furthermore, only on few occasions during the summer months is it necessary to have additional room. It would certainly detract from our waterfront to extend the present bath house, and, incidentally, there are no funds available for this purpose.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 20, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to make the necessary arrangements for the installation of amplifiers on the bandstand at Jamaica Pond.

I would be very pleased to comply with the councilor's request if the funds were available. From the number of complaints that have been received from the neighbors in the vicinity of Jamaica Pond, evidently the concerts are not enjoyed by everybody.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 20, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to make necessary arrangements for the installation of handball courts at the Healy Playground, Ward 19.

I regret exceedingly to inform you that this department has no funds available for this purpose. Furthermore, outside handball courts have been removed from various grounds on account of sanitary and moral conditions and the department is averse to erecting any more.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, July 22, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to repair the shelter at the east end of Columbus Park and to replace the swings and benches which were formerly there.

Arrangements will be made to restore this shelter at once.

The swings were removed at the request of the School Department, who have charge of all swings and teeter boards in the city,

and cannot be restored unless a request is received from them to that effect. Incidentally, the expense of restoring same will have to be borne by the School Department.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, July 22, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to install two tennis courts at Columbus Park, Ward 7.

The department is making arrangements at the present time to construct four tennis courts and fence in same.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, July 22, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to issue instructions for the modernization of the present building on the Barry Playground.

The present building was built in 1930. There are at the present time men's, women's and boys' sections, separated from one another. The building is considered a modern one. Some minor repairs are necessary and these will be taken care of just as soon as the Park Department forces can attend to same.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, July 22, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 18, with inclosure, order from the City Council that the Park Commission be requested to construct a roller skating track at Franklin Park.

I regret exceedingly to inform you that the department has no funds available for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

VETO OF NAMING SQUARE.

The following was received:

City of Boston,
Office of the Mayor, July 31, 1935.
To the City Council.

Gentlemen,—I return herewith, without my signature and disapproved, the order adopted by your Honorable Body on July 15, that the space running through from Old Colony Boulevard to Savin Hill avenue, Ward 13, be named Charles D. Anderson square. It appears that the proper name of the person sought to be honored by this order is Daniel F. Anderson and not Charles D. Anderson, and that since the City Clerk has entered the order in his records it cannot be returned for correction but must be vetoed. If the correction is made I shall be glad to approve the order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Placed on file.

TRAFFIC SIGNAL SURVEY.

The following was received:

City of Boston,
Office of the Mayor, August 2, 1935.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Boston Traffic Commission, relative to your order of May 27, 1935, concerning a project to install automatic traffic signals at various intersections throughout the city.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, August 1, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—On Thursday, July 25, I discussed with Mr. Gray, engineer and project examiner for the P. W. A., the submission of a project to install automatic traffic signal lights at one hundred and one (101) dangerous intersections throughout the city, which were selected after a survey requested by an order of the City Council dated May 27, 1935. Present at the conference were Mr. O'Connor, engineer of the Traffic Department, Mr. Kim-

ball, assistant supervisor of the Sales Department of the Edison Company, and Mr. Corney, engineer of the Edison Company.

The approximate cost of the project would be \$345,100, and we were informed by Mr. Gray that the City of Boston must pay 55 per cent of this amount, or approximately \$190,000, in the event the project should be finally accepted by the Federal authorities. This expense to the city seems to make the proposition impossible, as this department at the present time is operating along the strictest lines of a very necessary economy.

Furthermore, the cost of materials and equipment would amount to practically 75 per cent of the total cost of the project, and the proportion of labor which could be drawn from relief rolls, under P. W. A. regulations, would be very small. More favorable consideration is given to projects which involve a large percentage of unskilled labor. In view of the fact that the installation of these traffic signals require many skilled and experienced workmen, this particular project would not put to work a large number of the kind of laborers (i. e., unskilled laborers from relief rolls) that the Public Works Administration is intended to benefit.

Therefore, the conclusions which I draw after this conference are: 1. This project would have a very small chance of approval. 2. The submission of the project for approval is an expression of an offer by the City of Boston to pay \$190,000 of the total cost, an amount which seems prohibitive at the present time.

Respectfully yours,
OWEN A. GALLAGHER,
Acting Traffic Commissioner.

Placed on file.

MUSIC DIVISION, E. R. A.

The following was received:

City of Boston,
Office of the Mayor, July 25, 1935.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Federal Emergency Relief Administration, relative to your order of June 10, 1935, concerning a request for investigation of the classification of employees in the music and orchestra division of the E. R. A.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

July 24, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mayor Mansfield,—In compliance with the order of the City of Boston in City Council of June 10, 1935, which reads as follows: "Ordered, That the State E. R. A. Administrator be requested, through his Honor the Mayor, to investigate the classification of employees in the music and orchestra division of the E. R. A. to the end that applicants for employment in this division be treated fairly and equitably," Mr. Rotch asked us to make a thorough investigation and we have the following information to submit.

On July 16 Dr. Maurice Taylor, Director of the Social Service Division of the Emergency Relief Administration of Boston, submitted a report to this office showing that there was a total of 331 persons employed on the two music and orchestra projects then in operation, one X2235-F5-U17 and the other X2235-F5-U35.

Of these, 196 were classified as A-1 cases, namely, breadwinners with two or more dependents, without any resources or any income; 85 were A-2 cases, namely, breadwinners with one dependent; 35 were A-3 cases, namely, single men; 4 were A-2 cases, namely, single women living alone without dependents. Out of the total of 331 persons mentioned above only 11 were B cases, namely, breadwinners with some income or resources but without sufficient to give the family enough for the bare necessities of life.

When you consider that these musical projects are unusually difficult to administer we think you will agree that this is a very excellent record. In order to form a band or orchestra all the instruments have to be represented and so it is sometimes necessary to employ the player of a special instrument even though he may not be in the A-1 class.

We are inclosing for your consideration and for that of the City Council a complete list of all those employed on the two projects mentioned above. We would ask that the records of these persons be kept confidential, and that although they be placed at the disposal of the Council the names be not published or read in public. We feel that this is only fair toward the persons themselves, as they gave us in confidence the story of their financial condition.

If there is any further information bearing on this subject which you or the Council would like to have, please call on us and we will try and place it in your hands.

Very respectfully yours,
CONRAD HOBBS,

By direction of
HOWARD G. PHILLBROOK,
Director of Work Division.
Placed on file.

SALE OF LOT, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1935.
To the City Council.

Gentlemen,—I transmit herewith an order for the sale of a small piece of land abutting on Columbia road, South Boston, a more particular description of which appears in the order itself. I received an offer of \$300 from one Benjamin Ruplis whose land adjoins the parcel in question and I am informed by the Park Commissioner that in his opinion this will be a fair price for the land.

In order that there may be no criticism of the proposed sale, however, the order provides that the sale shall be at public auction with an upset price of \$300.

Respectfully submitted,
FREDERICK W. MANSFIELD, Mayor.

Whereas, By a deed dated November 1, 1894, and recorded with Suffolk Deeds, Book 2236, page 125, Thomas Hills of Boston et al., conveyed to the City of Boston for park purposes a parcel of land containing about 700 square feet of land situate on the northerly side of Columbia road in that part of Boston called South Boston; and

Whereas, The Board of Park Commissioners of the City of Boston has notified the City Council of the City of Boston that the land hereinafter described is no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at public auction at an upset price of three hundred dollars, subject to all of the ordinances of the City of Boston relating to and governing park frontages in said City of Boston, all its right, title and interest in and to the parcel of land hereinafter described and to execute and deliver for and in behalf of the City of Boston and in form satisfactory to the Law Department of the City of Boston to the purchaser of said parcel of land a written instrument conveying all the right, title and interest of the said City of Boston, subject to all ordinances governing park frontages in said City of Boston in and to the following described parcel of land, namely, a certain parcel of land situate in that part of Boston called South Boston, bounded and described as follows:

Southeasterly by Columbia road, thirty-three and 25-100 feet; easterly by Lot 390 on the plan hereinafter mentioned, fifteen feet; northerly by the southerly line of a private passageway shown on said plan, thirty-three feet; northeasterly by Lot 392 on said plan, twenty-seven and 39-100 feet; containing 700 square feet of land, more or less.

The above described premises are shown as Lot 391 on a plan marked "City of Boston, Park Department, Plan of Land no Longer Desired for Park Purposes on Columbia Road, near I Street, K Street and Marine Road, South Boston, Scale 1 inch=50 feet, January 9, 1935, John Murphy, Engineer."

Referred to the Committee on Public Lands.

SALE OF PIGS, DEER ISLAND.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1935.
To the City Council.

Gentlemen,—I am in receipt of the inclosed communication from the Pengl Institution, Commissioner requesting permission to sell 100 pigs now located at the House of Correction, Deer Island. These pigs weigh approximately 25-35 pounds, and in the opinion of the commissioner it would be for the best interests of the city to dispose of them at this time in order to take advantage of the present market prices. As the pigs are no longer required at Deer Island the commissioner's request has my approval, and I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Pengl Institution, Deer Island,
August 12, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.
Dear Sir:—Having just a small lot of young pigs at the House of Correction

rection, Deer Island, we are now in a position where it is desirable to sell 100 pigs. The Federal Agricultural Agencies are contemplating readjusting the price fixing program of the A. A. A. which would quite likely have an effect on live pork. Consideration of the Pork Tax is now in Committee in Washington.

This means that it is desirable for us to take advantage of the present market rather than be obliged to sell at the new price which may be much lower in the near future.

We have twenty-five hogs averaging 325 pounds and seventy-five averaging 250 pounds to dispose of. Total poundage approximately 26,875 pounds. As market price of live pork now is 7 to 9 cents a pound, sale should net approximately \$2,150.

In my opinion, the sale of the hogs at the present time would be for the best interests of the city.

The sale of hogs requires your approval and the authorization of the City Council under the City Ordinances.

Yours respectfully,
JOHN J. DOUGLASS,
Penal Institutions Commissioner.

Ordered, That the Penal Institutions Commissioner be authorized to sell at public or private sale, to the highest bidder, the surplus stock of pigs at the House of Correction, Deer Island, amounting approximately to 26,875 pounds.

Referred to the Executive Committee.

MAINTENANCE OF OVERPASS.

The following was received:

City of Boston,
Office of the Mayor, August 9, 1935.
To the City Council.

Gentlemen,—In connection with the construction by the Commonwealth of Massachusetts of an overpass over Huntington avenue at or near its intersection with the Riverway and Jamaica way, it is necessary before any construction of the said project be started that an agreement be filed with the United States Bureau of Roads and signed by the City and the Department of Public Works of the Commonwealth of Massachusetts, to the effect, among other things, that that portion of said road which will lie within the territory of the city shall be maintained after its completion by the city at its own expense, and in a manner satisfactory to the said Department of Public Works of the Commonwealth and the Secretary of Agriculture. I submit herewith an order authorizing the entering into by the city of such an agreement, together with a copy of the agreement.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Whereas, By chapter 380 of the Acts of the Commonwealth of Massachusetts for the year 1934, the Department of Public Works of the State of Massachusetts was authorized, among other things, to construct an overpass over Huntington avenue at or near its intersection with the Riverway and Jamaica way in Boston and Brookline, in accordance with the provisions and terms set forth in said act; and

Whereas, The Department of Public Works of the Commonwealth has advised the city that the United States Bureau of Public Roads, under section 204 of the National Recovery Act, by its rules and regulations required that before construction can be started there must be filed with said Bureau an agreement signed by the City of Boston and the Department of Public Works of the Commonwealth of Massachusetts that so much of said road as is within the territory of the city shall be maintained after its completion by the city at its own expense and in a manner satisfactory to the said Department of Public Works of the Commonwealth and to the Secretary of Agriculture; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sign for and in behalf of the City of Boston an agreement wherein the said Department of Public Works of the Commonwealth of Massachusetts agrees to submit a project for the improvement of the highway from Boston to Brookline, known as Huntington avenue, including a bridge over Huntington avenue, and the City of Boston agrees to maintain that portion of said project which is within the territory of the City of Boston at its own cost and expense as is fully set forth in a copy of said proposed agreement hereto attached.

Referred to the Executive Committee.

ADDITIONAL TAX TITLE LOAN.

The following was received:

City of Boston,
Office of the Mayor, August 8, 1935.
To the City Council.

Gentlemen,—I submit herewith an order authorizing the City Treasurer to secure the approval of the Emergency Finance Board for the borrowing of \$1,000,000 against the tax titles now in possession of the city. Under the provisions of the legislative act authorizing such borrowing, the proceeds of this loan will be allocated to the item for salaries of patrolmen in the budget of the Police Department.

Because of certain complications which developed during the adoption of the budget, it became necessary to transfer \$1,000,000 originally allocated to the patrolmen's item to appropriations for relief requirements in the Public Welfare Department. Approval of the attached order by your Honorable Body will permit the replacement of this amount.

According to the records of the Auditor's Office the appropriation already provided for patrolmen's salaries will be exhausted on or about the 22d of next September. Since the attached order will require two readings by the City Council and must then be forwarded for consideration by the Emergency Finance Board, I feel it desirable to submit the order to your Honorable Body now in order that there may be ample time for consideration by all parties concerned.

I respectfully recommend immediate consideration and early adoption of the accompanying order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under the provisions of section 2, chapter 49, of the Acts of 1933, as amended by section 1, chapter 221, of the Acts of 1935, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of \$1,000,000 in bonds or certificates of indebtedness of the city, said bonds or certificates to be sold at their face value to the Commonwealth and the proceeds to be used as provided in said chapter 49, as amended by chapter 221, for the ordinary maintenance expense listed below.

Police Department.
A-1 Permanent Employees, Patrolmen, 1,918 at \$1,600 to \$2,125 per year..... \$1,000,000
Referred to the Executive Committee.

APPROPRIATION FOR TRAFFIC SIGNALS.

The following was received:

To the City Council.

Gentlemen,—I have received a communication from the Traffic Commission in which it is stated that if funds were available the commission would proceed with the installation of traffic signal lights at the intersection of Columbus avenue and Dartmouth street, Back Bay district, and at the corner of Market, Sparhawk and Arlington streets, Brighton district. In connection with the first installation, there can be no question but what Columbus avenue today is one of the main arteries of traffic leading to and from the city proper, and that the crossings where Dartmouth street intersects are of such width as to expose pedestrians to considerable risk and danger. The Brighton location is in the center of a populous community, and the streets in question constitute thoroughfares to Cambridge, Watertown, the Newtons and Brookline. Automobile and truck traffic, especially at certain periods of the day and evening, is constant, and at such periods pedestrians are forced to exercise great diligence and care in using the street crossings. Immediately adjacent is the convent, parish school and church of St. Columbkille, one of the largest and most important parishes in the Boston diocese. According to the Transit Commission the proposed installations could be made for approximately \$8,000. I agree with the Traffic Commission in their recommendation that the installations be made, and submit an order providing that the necessary funds be secured by transfer from the special account "Sales of City Property." I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, August 12, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—It is the opinion of this commission that traffic signals should be immediately installed at each of the following two intersections, viz., Chandler street, Columbus avenue and Dartmouth street, and Arlington street, Market street and Sparhawk street, Brighton.

The intersection of Chandler street, Columbus avenue and Dartmouth street is one of the most dangerous in the city. There have been twenty-two major accidents at this intersection during the past four and one half years. Two of these resulted in fatalities. Further, this intersection carries a tremendously heavy volume of traffic.

St. Columbkille's Church is located at the intersection of Arlington, Market and Sparhawk streets. Market street, in front of the church, is a high-speed artery and is very heavily traveled.

An analysis of the ten accidents which have occurred at this intersection during the past four and one half years shows that six of them occurred at times when services were being conducted in the church.

It is our opinion that a signal at this location would materially reduce this accident hazard.

At present no funds are available to this commission for the installation of these signals. We estimate that the cost of the signals would be \$6,000 for Chandler street, Columbus avenue and Dartmouth street (this signal would be incorporated in the Back Bay signal system) and \$2,500 for the intersection of Arlington, Market and Sparhawk streets, a total of \$8,500.

We respectfully recommend that this amount be procured for this purpose by transfer from any funds that may be available to the city.

Respectfully,
WILLIAM P. HICKEY, Commissioner.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$8,000, to the appropriation for Automatic Traffic Control Signals, Back Bay and Brighton Districts, \$8,000.

Referred to the Executive Committee.

APPROPRIATION FOR TRAFFIC TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Commissioner of Public Works requesting an additional appropriation of \$9,000 be made from the income of the Sumner Traffic Tunnel in order to remedy and correct certain conditions which tend to interfere with the proper and efficient operation of the tunnel.

During the extremely cold weather of last winter the water supply system in the tunnel was damaged to such an extent that at the present time it is impossible to secure water within the tunnel. A fire which occurred in the tunnel last week clearly indicates the desirability of having a supply of water available at all times. The original water main was placed within the tunnel walls and because of this location it is not deemed feasible to repair the main, but instead it is proposed that a new line of water pipe be placed within the tunnel and along the walls, so that in case of a freeze-up or damage repairs may readily be made. It is estimated that the purchase of pipe for this main will cost approximately \$5,000.

Considerable criticism has been voiced against the type and location of the electrical system which registers the amount of tolls collected by the tollmen. It is proposed to purchase and install indicators, located so as to clearly indicate the particular tariff collected in each instance. The purchase price of this equipment is estimated to be \$4,000.

I submit herewith an appropriation order providing for the items recommended by the Commissioner of Public Works and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, August 9, 1935.
Mr. Charles J. Fox,
Budget Commissioner.

Dear Sir,—For the proper operation and maintenance of the Sumner Tunnel for the remainder of this year it will be necessary to make a transfer from the income of the Traffic Tunnel, Public Works Department, or from some other source, to cover the following items in the present budget, and I respectfully suggest that you lay this matter before the Mayor and the City Council in order that the necessary funds may be made available.

Item C-3, Electrical. Amount required \$4,000.

Installation of sidewalk indicators, to determine with accuracy the toll collections.

Item E-5, Sewer and Water. Amount required, \$5,000.

To replace water pipe frozen during the past winter.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Ordered, That to meet the current expense payable during the financial year beginning with the first day of January, 1935, an additional sum of \$9,000 be, and the same hereby is, appropriated from the income of the Public Works Department, Traffic Tunnel, for the following purposes:

C-3, Electrical.....\$4,000
E-5, Sewer and Water.....5,000

Referred to the Executive Committee.

TRANSFER FOR E. R. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, August 9, 1935.
To the City Council.

Gentlemen,—Whereas, it was a more or less common understanding a few months ago that with the termination of E. R. A. and the commencement of W. P. A. all project costs or expense, including materials and equipment as well labor, would be borne by the Federal Government, it now appears that all costs and expenses other than that of personnel must be borne by municipalities. This fact creates a problem for Boston at least in that budget appropriations for Emergency Relief projects were allocated so as to provide for project expenses up to approximately September 1. In some instances departmental expenditures have not been as rapid as expected; consequently, the balances remaining in the H appropriations of these departments are sufficient to carry on the projects beyond September 1. In other departments, however, original allowances are practically exhausted, and ways and means must be devised to provide the funds necessary to carry on for the balance of the year. The first department to feel the pinch is the Supply Department which is called upon to purchase order blanks, various forms, stationery, and postage used in the purchasing of E. R. A. project materials. In the opinion of the Superintendent of Supplies an additional \$500 will be required to meet the expenses of the E. R. A. purchasing unit for the balance of the year. I submit herewith an order providing for the transfer of this amount from the Reserve Fund, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$500, to the appropriation for Supply Department, H, Emergency Relief Projects, \$500.

Referred to the Executive Committee.

DEPARTMENTAL TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Record, Publication of:

From the appropriation for B-1, Printing and Binding, \$15.50, to the appropriation for C-10, Library, \$15.50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for A-4, Other Departmental Work, \$10,000, to the appropriation for B-39, General Repairs, \$10,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission:

From the appropriation for B-8, Light, Heat and Power, \$300, to the appropriation for B-14, Motor Vehicles Repair and Care, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Temporary Home:

From the appropriation for A-1, Permanent Employees, Matron, 1 at \$1,020 a year, \$300, to the appropriation for A-2, Temporary Employees, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Wayfarers' Lodge:

From the appropriation for C-7, Furniture and Furnishings, \$60, to the appropriation for D-5, Medical, Surgical, Laboratory, \$25; D-16, Miscellaneous Supplies \$35.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for B-39, General Repairs, \$2,110, to the appropriation for B-13, Communication, \$100; B-28, Expert, \$10; D-3, Fuel, \$2,000.

From the appropriation for C-17, Miscellaneous Equipment, \$131, to the appropriation for C-7, Furniture and Furnishings, \$50; C-9, Office, \$50; C-10, Library, \$31.

From the appropriation for D-11, Gasolene, Oil and Grease, \$1,025, to the appropriation for D-3, Fuel, \$1,000; D-8, Laundry, Cleaning, Toilet, \$25.

From the appropriation for E-13, Miscellaneous Materials, \$200, to the appropriation for E-1, Building, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for D-1, Office Supplies, \$120, to the appropriation for B-37, Photographic and Blueprinting, \$20; B-42, Miscellaneous Services, \$50; C-9, Office Equipment, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for D-1, Office, \$50, to the appropriation for C-10, Library, \$50.

From the appropriation for D-4, Forage and Animal, \$200, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$100; D-13, Chemicals and Disinfectants, \$100.

From the appropriation for E-13, Miscellaneous Materials, \$500, to the appropriation for E-1, Building, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Central Office:

Referred to the Executive Committee.

COUNTY CLASSIFICATION AMENDMENT.

The following was received:

City of Boston,
Office of the Mayor, August 8, 1935.
To the City Council.
Gentlemen,—I transmit for consideration by your Honorable Body the addition proposed by the Acting Budget Commissioner to the Compensation and Classification Plans for the Officers and Employees of Suffolk County.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Budget Department, August 8, 1935.
To the City Council.
Gentlemen,—Under the provisions of Rule 3 "Classification of New Positions" of the Compensation and Classification Plans for the Officers and Employees of Suffolk County, "whenever a new position is established . . . the appointing authority shall forthwith report this fact to the Budget Commissioner with a full statement of the circumstances and a description of the duties as changed." Under the provisions of this rule the Penal Institutions Commissioner has requested that the position of housekeeper be established at the House of Correction. After investigation of the actual and proposed duties and responsibilities, the following new position is proposed:

Title of Class: Housekeeper.

Duties: Under supervision to have charge of, and be responsible for, the proper care and maintenance of a residence at the House of Correction; to supervise the planning and cooking of meals; to attend to the replenishing of the necessary furniture and linens; to direct the inmates assigned to assist in household and kitchen work; and to perform other related work as required.

Range of Compensation: Annual, \$1,000—\$1,100—\$1,200—\$1,300.

Respectfully,
CHARLES J. FOX,
Acting Budget Commissioner.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as adopted by the City Council on April 13, 1931, and approved by the Mayor on April 15, 1931, be, and the same hereby are, amended to include the following new position:

Title of Class: Housekeeper.

Duties: Under supervision to have charge of, and be responsible for, the proper care and maintenance of a residence at the House of Correction; to supervise the planning and cooking of meals; to attend to the replenishing of the necessary furniture and linens; to direct the inmates assigned to assist in household and kitchen work; and to perform other related work as required.

Range of Compensation: Annual, \$1,000—\$1,100—\$1,200—\$1,300.

Referred to the Executive Committee.

PUBLIC WORKS PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, August 12, 1935.
To the Honorable the City Council.
Gentlemen,—I submit herewith an order that the City of Boston engage in the following P. W. A. projects, with the aid of Federal grants of 45 per cent of the cost of labor and materials:

1. New City Hall and demolition of present structure, at an estimated cost of.....\$2,500,000
2. New Chelsea Street and Eastern Avenue Bridge over Chelsea Creek, at an estimated cost of, 850,000
3. New school buildings and additions to existing school buildings, at an estimated cost of.... 3,600,000

Total estimated cost.....\$6,950,000

and, in addition, loan orders for each of said projects.

The new City Hall project contemplates the construction of a modern thirteen-story building, on the site of the present City Hall, which will be large enough not only to provide for the housing of departments now occupying space in the existing building but also of those departments which are at present located outside of the existing City Hall

and Annex and for the quarters of which the city is obliged to pay approximately \$75,000 annually for rentals.

The project for the new Chelsea Street and Eastern Avenue Bridge over Chelsea Creek is to replace the present antiquated and dangerous existing bridge and is made necessary because of notice from the Secretary of War that the existing bridge is an unreasonable obstruction to navigation and must be removed.

The school buildings project will remedy the present overcrowded condition of our schools in many parts of the city and will do away with the rental of a large number of temporary quarters. The project is made up of the following items with the following estimated costs:

New School Buildings:	
Intermediate, Phillips Brooks District	\$846,804 60
Special Class Center, Lucy Stone District	183,711 00
Intermediate, Dudley District.....	775,045 00
Additions to Existing School Buildings:	
Donald McKay.....	\$446,903 00
William Howard Taft.....	337,549 50
Boston Trade.....	114,950 12
High School of Practical Arts.....	125,994 92
English High.....	108,921 60
South Boston High.....	532,224 00
Joseph H. Barnes.....	99,389 35

In view of the limited amount of time which is available for the various steps which must be taken before the grant agreements with the United States of America can be executed, I respectfully recommend prompt consideration and adoption by your Honorable Body of the accompanying orders.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That in accordance with the provisions of section two of Part One of the Acts of 1933, and acts in amendment thereof or in addition thereto, the City of Boston shall engage in the following public works projects:

1. New City Hall and demolition of present structure, at an estimated cost of.....\$2,500,000
2. New Chelsea Street and Eastern Avenue Bridge over Chelsea Creek, at an estimated cost of 850,000
3. New school buildings and additions to existing school buildings, at an estimated cost of.... 3,600,000

\$6,950,000

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$2,500,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings, for a new City Hall and demolition of the present structure, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$850,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for a new Chelsea Street and Eastern Avenue Bridge over Chelsea Creek, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$3,600,000 be, and hereby is, appropriated, to be expended under the direction of the School Committee, for new school buildings and additions to existing school buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Richard A. Badger, for refund on unused refuse tickets.

William H. Bailey, for refund on repairing sewer at 89 Beacon street, Hyde Park.

Helen Barry, for compensation for damage to car caused by an alleged defect in Savin Hill avenue.

Lucia Brengola for compensation for injuries caused by an alleged defect on South Ferry.

Mary Candler, for compensation for injuries caused by defect in beach at City Point, South Boston.

Charlestown Furniture Company, for compensation for damage to car caused by city wagon.

Henry J. Colle, for compensation for damage to property at 145 La Grange street, caused by change of grade of street.

Margaret Davis, for compensation for injuries caused by an alleged defect at 500 Columbia road.

Henry Kenneth Fernald, for compensation for damage to car caused by ball thrown from Neponset Avenue Playground.

Catherine M. and John J. Fitzgerald, for compensation for damage to hot water boiler at 34A Monument square, while installing water meter.

James J. Flynn, for compensation for injuries to son caused by an alleged defect in Woodrow avenue.

Michael Gannon, for refund on soft drinks license.

James T. Gilligan, for compensation for damage to property at 109 Hemenway street, caused by ash truck.

Mollie Harris, for refund on second-hand license.

Mabel W. Gleason and Mary Grace Hale, for compensation for damage to property at 77 Ellington street, caused by defective catch-basin.

Margaret L. Healey, for compensation for damage to property at 23 Albright street, West Roxbury, caused by water from street.

Elizabeth Henry, for compensation for injuries caused by an alleged defect at 11 Kendall street, Roxbury.

Salvene A. Ianetta, for compensation for damage to car by dump cart.

Frank A. Kutz, for reimbursement for judgment issued against him on account of his acts as employee of Public Works Department.

Nathaniel M. Levenson, for compensation for damage to property at 156 La Grange street, West Roxbury, caused by change of grade of street.

Patrick J. Walsh, for compensation for damage to car caused by an alleged defect at 25 Ely road.

Eddie Yee, for refund on refuse tickets.

Daniel F. McCarthy, refund on liquor license.

Executive Committee.

Petition of the Boston American Baseball Company for a license for Sunday sports from October 15 to March 15.

Petition of Mchitable M. Patterson to be paid an annuity on account of the death of her husband, late a member of the Police Department.

CONSTABLES' BONDS APPROVED.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz., David Klayman, John Ruggiero.

MINORS' LICENSES.

Applications for minors' licenses were received from seventy-six newsboys and ten bootblacks, and it was voted that the licenses be granted on the usual conditions.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. DONOVAN, for the Committee on Public Lands, submitted the following, viz.:

1. Report on message of the Mayor and order (referred July 15, 1935) for the transfer of land at 458 Broadway to the Election Department—that the order ought to pass.

The report of the committee was accepted and the order was passed.

2. Report on message of the Mayor and order (referred July 15, 1935) for the releasing of sewer easement on certain land on Ufford street—recommending that the order ought to pass.

The report of the committee was accepted. The order was read once and passed, yeas 16, nays 0.

CLAIMS REPORTS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

1. Report on the several petitions of Thomas J. Murphy (referred July 15)—recommending the passage of the following orders:

Ordered, That the sum of one hundred and sixty-eight dollars and eighty cents be allowed and paid to Thomas J. Murphy, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, on February 28, 1934, said sum to be charged to the Reserve Fund.

Ordered, That the sum of ninety-six dollars and seventy-three cents be allowed and paid to Thomas J. Murphy, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, on February 28, 1934, said sum to be charged to the Reserve Fund.

Ordered, That the sum of one hundred and eighty-six dollars and seventy-three cents be allowed and paid to Thomas J. Murphy, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, on February 28, 1934, said sum to be charged to the Reserve Fund.

Report accepted; orders severally passed.

2. Report on the petition of Patrick F. McAuliffe (referred July 15)—recommending the passage of the following:

Ordered, That the sum of three hundred and thirteen dollars and twenty-five cents be allowed and paid to Patrick F. McAuliffe, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, on August 31, 1933, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

3. Report on the petition of Robert L. Cass (referred July 15)—recommending the passage of the following:

Ordered, That the sum of fifty-nine dollars and eight cents be allowed and paid to Robert L. Cass, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, on June 25, 1934, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

4. Report on the petition of John P. Nagle (referred August 12)—recommending the passage of the following:

Ordered, That the sum of seventy-six dollars and eight cents be allowed and paid to John P. Nagle, in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Park Department, on April 23, 1935, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

CONFIRMATION OF APPOINTMENTS.

Coun. BRACKMAN called up Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor July 15, 1935, of the following-named persons to be Constables, with authority to serve civil process, viz.: Edward J. Rockett, Jacob Goldberg, Emil H. Ober, John B. Blotto.

2. Action on appointments submitted by the Mayor July 15, 1935, of Francis P. Dooley and Lawrence C. Malo, to be Weighers of Goods; Harry Lloyd, Edward Novick and William Irwin, to be Weighers of Coal; and Paul W. Rycroft, to be a Weigher of Beef.

The appointments were confirmed, yeas 15, nays 0.

RELEASE OF EASEMENT.

Coun. DONOVAN called up No. 3 on the calendar, viz.:

3. Whereas, The Board of Street Commissioners of the City of Boston, by a resolve and order approved by the Mayor of Boston August 23, 1916, and recorded with Suffolk Deeds, Book 3979, page 628, took for sewerage works rights and easements in land situated in that part of Boston called Dorchester and more fully described in said instrument of taking; and

Whereas, The Commissioner of Public Works of the City of Boston, now having charge of the said rights and easements taken; has notified the City Council that a portion of the land taken as aforesaid for sewerage purposes is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the City of Boston and in form satisfactory to the Law Department of said City of Boston, to abandon the right and easement to maintain sewerage works in the parcel of land hereinafter described, which is a portion of the land wherein the City of Boston took rights and easements to maintain sewerage works by the above-mentioned resolve and order, and to execute and deliver, in the name and behalf of the said City of Boston and in form satisfactory to the Law Department of the City of Boston, to the owner or owners of the premises hereinafter described, a release wherein the said City of Boston releases the following-described premises from all rights and easements to take and maintain sewerage works set forth in the above-mentioned taking, namely, a certain parcel of land situated in that part of Boston called Dorchester, bounded and described as follows:

Northerly by the southerly line of Bowdoin street, seven and 2-10 feet; westerly by land supposed to belong in part to Patrick Tivnan and in part to the Newburyport Five Cents Savings Bank, one hundred forty-one and 51-100 feet; southerly by part of Delano street, so called, seven and 2-10 feet, more or less; easterly by other land supposed to belong in part to Patrick Tivnan and in part to the Newburyport Five Cents Savings Bank, one hundred forty-four and 81-100 feet, containing 859 square feet of land, more or less; and it is hereby further

Ordered, That as a part of the said consideration for the said abandonment of the said easements above set forth that the said owners of the above-described premises execute and deliver to the said City of Boston and its assigns a release in form satisfactory to the Law Department of the City of Boston of any and all damages in any way growing out of or caused by the said abandonment of the said easements.

On July 15, 1935, the foregoing order was read once and passed, yeas 16, nays 0.

The order was read a second time and again passed, yeas 16, nays 0.

COUNTY ACCOUNTS REPORTS.

Coun. ROBERTS, for the Committee on County Accounts, submitted the following:

1. Report on the message of the Mayor and order (referred July 15) to include officers of the Supreme Judicial Court in the County Classification System—that the order ought to pass.

Report accepted; order passed.

2. Report on communication from the Justice of the Chelsea District Court (referred July 15)—recommending the passage of the following:

Ordered, That the salaries of the probation officers of the District Court of Chelsea as determined by the Justice of said court to take effect July 1, 1935, be, and hereby are, approved as follows:

Chief probation officer.....\$3,000 a year.
One probation officer.....2,400 a year.
One probation officer.....2,000 a year.

Report accepted; order passed.

3. Report on the communication from the Justice of the Dorchester Municipal Court (referred July 15)—recommending the passage of the following:

Ordered, That the salary of the second assistant probation officer of the Municipal Court of the Dorchester District, determined by the Justice of said court at the rate of \$1,800 a year, to take effect July 1, 1935, be, and hereby is approved.

Report accepted; order passed.

4. Report on the communication from the Justice of the Brighton District Court (referred July 15)—recommending the passage of the following:

Ordered, That the salary of the female probation officer of the Municipal Court of the Brighton District, determined by the Justice of said court at the rate of \$1,500 a year, to take effect June 1, 1935, be, and hereby is, approved.

Report accepted; order passed.

5. Report on the communication from the Justices of the Municipal Court (referred July 15)—recommending the passage of the following:

Ordered, That the salaries of the probation officers of the Municipal Court as determined by the Justices of said court on a step-rate basis effective July 1, 1935, be, and hereby are, approved as follows:

Chief probation officer, \$5,000—\$5,300—\$5,600—\$5,900—\$6,200—\$6,500.

First assistant probation officer, \$3,300—\$3,600—\$3,900—\$4,200—\$4,500.

Second assistant probation officer, \$3,000—\$3,300—\$3,600—\$3,900—\$4,000.

One man deputy probation officer, \$3,100—\$3,400—\$3,700.

Two women deputy probation officers, \$2,600—\$2,900—\$3,200—\$3,500.

Sixteen men probation officers, \$2,700—\$3,000—\$3,300—\$3,500.

Eight women probation officers, \$2,500—\$2,800—\$3,100—\$3,300.

Coun. ROBERTS—Mr. President, the first of these reports is an amendment of the Compensation and Classification Plans and Rules, placing the Supreme Court officers in the same classification as those of Suffolk County. In reference to the other orders passed by the committee, I would like to say that they require, in general, an increase in the allowance of probation officers into entire agreement with the figures of similar officers in Suffolk County. In the case of the Dorchester Court it is a new appointment. The whole sum represented in the last order for the probation officers of the Municipal Court is \$10,000 and the committee was further given to understand that there were two serious questions, one, as to whether or not there was any money to take care of the increases at present, and, secondly, whether the Mayor will deem it advisable to do so at the present time. The committee felt that to go into this matter at any great length would probably be within the province of the Mayor. As a matter of fact, if the recommendations had been made with the approval of the Mayor originally they could have better governed themselves on the balance. To save time the committee voted to submit it to the Council at the present time and leave this matter up to the Mayor.

Report accepted; order passed.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted reports recommending the passage of order making allowances of aid to soldiers and sailors and their families for the months of July and August.

Reports accepted; orders passed.

SUNDAY SPORTS ORDINANCE.

Coun. DOWD offered the following:
An Ordinance concerning Sunday Sports.
Be it ordered by the City Council of Boston, as follows:

Chapter one of the Ordinances of 1935, concerning professional outdoor sports on the

Lord's Day, as most recently amended by chapter one of the Ordinances of 1935, is hereby amended by striking out clause 5 of section one and inserting in place thereof the following:

5. The license shall be for the term of one year beginning March 15, and the fee established herein shall be for a year or any portion thereof.

Referred to the Executive Committee.

DISTRIBUTION OF RELIEF FOOD.

Coun. DOWD offered the following:

Resolved, That his Honor the Mayor, be requested to request Mr. Arthur Rotch, Federal Administrator in Massachusetts, to see that the food that is sent to Massachusetts is properly distributed.

Coun. DOWD—Mr. President, it comes to my mind that some six or eight months ago when at least 3 per cent of the people in Boston were wondering where they were going to get their next meal, the Federal Government was kind enough to send into Massachusetts carloads of potatoes and cabbages and other eatables, and it was around the holiday season of Christmas, and several charitable organizations appealed to Mr. Rotch in order that they might get a fair share of the necessities of life to distribute to the people in their districts, and Mr. Rotch, in his usual socialistic, plutocratic and autocratic manner said, "It does not come under our rules to distinguish between who shall get the E. R. A. orders." And a month later we read that fifty carloads of food were dumped into the harbor, rotted to the core, due to the arbitrary manner in which Mr. Rotch handled the situation. The government has now seen fit to send twenty-five carloads of potatoes to Massachusetts. I want to know what Mr. Rotch is going to do with that? Is he going to allow them to be piled up in warehouses and finally rot and then be destroyed? I presume he will do the same thing with the thousands of dollars and hundreds of thousands of materials that is being made by the women in our sewing projects. Nobody knows where they are going or where the money goes and I am asking Mr. Rotch now to see that the twenty-five carloads of potatoes which are on the way to Massachusetts are given to the poor people and distributed, and not dumped into Boston Harbor.

The order was passed under a suspension of the rule.

REQUEST FOR REMOVAL OF MR. ROTCH.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to take under consideration the advisability of requesting the President of the United States to remove Mr. Arthur Rotch from the position as Federal Administrator of the State of Massachusetts.

Coun. DOWD—Mr. President, it is very seldom that I ask anybody even to consider removing any individual in public life. Some three weeks ago on the floor of this Council I made a statement in which I said that Mr. Rotch had on his pay roll plutocrats, autocrats and hard-boiled social service individuals who do not know the feelings of the common people and who have hounded and insulted the humble E. R. A. workers getting from \$12 to \$18 a week. These same social workers go into the homes of those who barely exist on \$12 a week and tell them what they should eat, and tell them how they should live their own lives. I say to Mr. Rotch, and I want it distinctly understood, that any remarks I make here today are simply presented to Mr. Rotch and his state administrators. I have the utmost respect for the Administrator in Boston, Col. Thomas F. Sullivan, who, I believe, so far as Boston is concerned, is doing the very best he possibly can. I am asking the Mayor of Boston and the President of the United States to remove Mr. Rotch, who recently sent a letter to the President of the United States to the effect that I was lying. Well, of course, I do not mind that, because I do not believe for a minute that Mr. Rotch would consider a Dowd or a Selvittella or a Brackman alongside of him at all. For instance, he says he wants to know who the plutocrats and autocrats and those receiving the salaries in his department that we know about, are. I sent Mr. Rotch a confidential reply, asking him to give me four or five things. They were simply these: The names and addresses of the executives in the state office, if their husbands or wives are working, how much money they had in the bank in their own name, how much property did they have in their own names, how much insurance did they carry; and Mr. Rotch's

only answer was a contemptible sneer, because he feels that I, as the descendant of an immigrant, the social blood of the rich does not flow in my veins that flows in theirs who work in his office. I say to Mr. Rotch, regardless of who they are, every man and woman getting \$12 a week are compelled to answer those questions, and these people working in the State Administrator's office do not have to do it. Mr. Rotch says he will not publish the names, and said I was lying, and when a man says that you are lying there is only one thing to do. It is to give him the names of the individuals that are working in the State Administrator's office who are not dependent on the Government for support and who should be discharged and replaced with men and women who have no means of support. I was very grateful to read an article from Congressman Grandfield from the western part of the state, in which he states he has gone to the President of the United States and asked him to remove Mr. Rotch, and if the conditions in the western part of the state are the same as they are here, then I say it is about time the President heeded the call of the common people who, after all, elected him to office, and not the Tugwells or the Moleys or the Hopkins or the Wallaces. It was the common people of America who elected him. The President of the United States is not to blame for these things, but his advisers are the ones who are tying a millstone around his neck. Now, I say to Mr. Rotch that he has told us, time and time again, that a man or woman with one dependent, and single women or single men, that they cannot work in the E. R. A. Those are the orders from Washington. And that only those with two dependents or more can work in the E. R. A. I challenge Mr. Rotch to prove that statement. I say that he is either deliberately evading or is telling a deliberate falsehood. We took the trouble to check up on that statement of Mr. Rotch's and sent for information throughout the country and I have in my hand here an extract from the replies we have gotten back from nineteen states in the Union, including many big states. I hesitate to take the time of the Council, but I think it is important. I say that it is about time we were recognized. Mr. Rotch has told every member of this Council that the orders from Washington were two dependents or more, or you could not work on the E. R. A. Let us see about that. The State of Ohio says: "Unattached persons, widows and persons with one dependent are cared for through our district offices who also care for families. They are never denied assistance because they are single and since our agency gives no service to anyone financially independent, the single persons, widows and persons with one dependent would, of course, be given preference over financially independent married women." Louisiana: "Unattached persons, widows, and persons with one dependent who apply to the Louisiana F. E. R. A. for relief are treated in exactly the same way as other individuals. Where, however, two applicants have equal qualifications and one is single or widowed in need of relief, she is given preference in employment." Virginia, Indiana, Illinois, Kentucky, Connecticut, Tennessee, Alabama, Pennsylvania, New York State, Delaware, New Hampshire, Maryland, Michigan, New Jersey, Minnesota, Arkansas and West Virginia. It is the same in all those states. Now, what do you say to that, Mr. Rotch? Do you think that the President of the United States, through his head national worker, Harry Hopkins, has said to these states, "Oh, you can put anybody you want to on the E. R. A., single or not"? Do you think for a minute that the President of the United States would say to Massachusetts, "Nobody can go to work in Massachusetts for the E. R. A. except those who have two dependents or more"? I challenge Mr. Rotch to find any state, of all the statements from these nineteen states, in the Union that says, "Unattached persons, widows, single or married people can go to work the same as any individual." And what in the name of humanity are they going to do? Are they going to take a gun and go out in the highways and byways? They are entitled to work the same as anybody else. That is not so far wrong. It is the hypocrisy of the social service man, Hopkins, and his State Administrator, Mr. Rotch. Did you ever visit the Social Service Bureau down there? If you did you would observe the conditions. 97 per cent of the employees are graduates of colleges throughout America, and I say "America" advisedly. It is not Boston or Massachusetts that have girls working there. They take them in there from every state. If they have the right protection of Lee Higginson or Stone & Webster, they can go on the E. R. A. Oh, I say to Mr. Rotch and I say to Mr. Hopkins, when, as Councilor McGrath said three weeks ago on the floor of the Council, "They are helping the college people of America," and he has done a pretty good job if

they will only allow it to continue as they have been. We have all been under the impression that the rest of the E. R. A. would permit only those having two dependents or more to go to work, but this is practically the only state in the entire Union where this unjust discrimination is made. And Mr. Rotch said, "We have not got anybody down here on those administrative jobs that can be supported and do not need to work." The time has not come, Mr. Rotch, in the life of America when a man or a woman, because they are poor and have not got certain advantages that it is to be assumed that they haven't the necessary brains to fill any position within your jurisdiction. You say, Mr. Rotch, that you refuse to give the names. Well, let us see. Probably, Mr. Rotch, you can tell us about the one in charge of the Women's Division of the E. R. A. in Massachusetts, Mrs. Alice B. Stritch, and she lives in Ware. Her husband is an eminent doctor and she owns an excellent home in Ware, elaborately furnished with antiques and reported to have a "model kitchen," with all that implies. She has two children and must employ help to care for them, for during the week she resides at 5 Walnut street, Beacon Hill, Boston, motoring in her own car to her Ware home periodically. Since your social workers are so efficient in unearthing worldly belongings of people praying for a \$9 a week job, have they perchance investigated whether Mrs. Stritch was left a trust fund by her mother? While the destitute applicant is denied relief if any of her family is employed, it is essential to know whether Mrs. Stritch's case history contains the fact that her father is retired and her two brothers are prominent eye, ear and throat specialists, the Doctors Burns. Does not Mrs. Stritch's recent subterfuge in being designated "Miss" in the press to imply a single status, on two recent occasions, reveal her fear and her guilt? Mrs. Stritch's appointment certainly cannot be justified from the standpoint of special qualifications as a result of previous experience as a high-pressure executive, for before her marriage several years ago she was a school teacher in Dedham and at the time of her first E. R. A. appointment she was a housewife. I wonder what Mr. Rotch says to that? The investigation shows that Mrs. Stritch receives a weekly salary of \$65 from the E. R. A. payroll, but she is incompetent to write her own speeches. She is compelled to have the E. R. A. employ a Miss Grimes of Wellesley as her secretary for that purpose. We are talking about people getting \$65 a week and look at the way they hound a man or woman getting \$9 to \$15 a week who they say are evading and grafting on the E. R. A. I suppose it would be a good idea, and I assume it would be a splendid one for the officials of the United States Government to go to the administrative office of Mr. Rotch and see that only executives go in there and walk around their desk and spend two or three minutes in the office and receive their pay. What else is there? Have you investigated why Miss Winifred Walsh of Everett, sister to Doctor Walsh, was appointed field supervisor of Norfolk County at \$30, although she lives in Everett in Middlesex County? Has your investigation revealed that Miss Walsh is a cousin to Mrs. Stritch? Did not lifelong friendship dictate Mrs. Stritch's appointment of Mrs. Viola Mahar in an administrative capacity in the E. R. A.? Do you justify Mrs. Stritch's removal of Miss Nora A. Walsh of Norwood from the position of field supervisor in Norfolk County because she objected, in line with her duty, to the appointment of a married woman, Mrs. John Riley, as director of the Women's Division of the E. R. A. in Norwood, on the ground of Mrs. Riley's marked inability to perform the duties assigned to her? Do you know that in your legal department Mrs. Marjorie Johnson has a husband who is employed steadily? That they own their own home in Dedham, have no children, and she drives to work in her own car? Likewise in your headquarters in the Women's Division is Mrs. Egan, whose husband is working, and they have no children? Is it true that Mrs. Barnes of Belmont in your headquarters has a beautiful home and that her husband holds a responsible position in the S. S. Pierce Company? Do you realize that in Pittsfield Mrs. Stritch has appointed Mrs. S. J. O'Herron as county director at \$35 a week? Does her case history reveal that her husband is employed as a banker; that he owns one third of the Yellow Cab Taxi Company of Pittsfield; that she keeps two maids to care for her two under-school-age children? That she lives in a \$25,000 home? That before her marriage she worked as a stenographer in an office of a furniture store in Norwich, Conn.,

and had no knowledge of women's projects whatsoever? Oh, no, Mr. Rotch, you have not discovered that at all, but your hard-boiled social workers do discover the poor laboring man and woman. I have in mind a pitiful case of a mechanic, twenty-three years of age, on the E. R. A. pay roll and the hard-boiled investigator went into his home and that boy's wife was within three weeks of becoming a mother, and yet he was discharged because he did not have two dependents which Mr. Rotch says the poor must have here to go on the E. R. A. rolls. How about Mrs. Blanche Fitzgerald of Oak street, Weymouth, whose husband is an insurance broker and who is employed on the E. R. A. in Weymouth at a salary of \$35 weekly? How about Mrs. Elsie Y. Woodsum of Braintree, in charge of the E. R. A., who has a husband in the real estate business and also a broker? She has a car of her own and her husband has another. They reside in a fine home in the wealthy part of Braintree. Do your files show that Mrs. Elizabeth Hodges of Lowell street, Cambridge, is employed on the E. R. A. at a salary of \$30 weekly? Does her case history reveal that she owns property from which she receives an income of \$125 to \$150 a month for rent, that she owns a summer home and that she breeds and sells pedigreed dogs? Relative to Fall River, it is a well known fact that Mrs. Joseph A. Wallace of that city is director of E. R. A. projects in that district, receiving a salary of at least \$80, while her husband has the highly remunerative position of a member of the state-paid Fall River Finance Board? Do you know that in this same city of Fall River Mrs. Ellis Gifford is supervisor of investigators, while her husband is in the insurance business; that Mrs. Adrien Posey is an E. R. A. investigator, while her husband owns an automobile repair shop; that Mrs. Spencer Cheeseman, another E. R. A. investigator, has a husband who is an employee of Firestone Rubber, at an estimated salary of \$3,000 annually? And so it is all along the line. Mr. President and members of the Council, I have in mind at least 150 names. I have given you some of the current cases. Let us see what else there is. Has your social service investigator reported that your newly appointed supervisor of commodities in Shrewsbury, Mrs. Margaret Lincoln Marcy, of the famous Lincoln family, is the sister of Mrs. George Sumner Barton, whose husband is head of Rice, Barton and Fales, one of Worcester's wealthiest citizens? That Mrs. Marcy's daughter is a member of the Junior League who had one of the largest "coming-out" parties of the season when she made her debut? That Mrs. Marcy is likewise chairman of one of the political town committees? Did your Shrewsbury social service workers report that the stenographer in the E. R. A. office there, Mrs. May Brigham, is the daughter of Selectman Walter Brigham, who in turn is manager of the community store, a call fireman, as well as special policeman, was formerly town auditor? That Mrs. Brigham has no dependents? Did their reports reveal that Mrs. Marshall, supervisor of sewing projects, has no dependents? And her husband is superintendent of apartment houses in Worcester, a job which he has held for many years, owns a tenement house of which Selectman Vivian Heath is one of her tenants, and that she owns a summer cottage and five-stall garage, all rented? And so it is, Mr. President and members of this Council, all along the line and Mr. Rotch still is uninformed. He tells me that nobody is working in the C. C. C. unless their people are on the welfare. I say to Mr. Hopkins and to Mr. Rotch to stop pauperizing the people of Massachusetts. It is amusing to find out that today on the welfare, despite the fact that thousands have been placed at work during the last year, that there were only 1,500 cases under what we had one year ago. Now what does that mean? It means only one thing. It means that in Boston, in order to get a job of any kind one must get on the welfare. I have a letter from each of our distinguished congressmen and one of our United States senators in which they say that it is absolutely impossible to do anything with the C. C. C. Well, I want to say for their advice, that I would be glad to give them the name of a gentleman living on Newbury street and who is going to college and who is now working on the C. C. C. for the summer at \$260 a month. I want to say to Mr. Rotch, I want to say to the President of the United States, that Mr. Rotch is unfair, arbitrary in his rulings, and has caused a hardship on the people of this city and on the people of this state. It is about time that we arose, as we should arise, in indignation against this man who says that only

you who have a college education, or you because of your social activities and background, can work in my office. I say that it is about time we said it to the social service workers who hound, not the large salaried persons, but the individuals getting \$12 to \$18 a week, "Let them alone, for God's sake; they have it hard enough to get along on the miserable pittance you give them through our Government." Now, Mr. Rotch, you say that I was not telling the truth. I have given the names here publicly. I have given the salaries publicly and if my statements here are not correct, I will be the first one to offer my apology, as I told Mr. Rotch in my letter to him. But if my statements are correct—as I know they are—there is only one thing for him to do, and that is to resign from the office, for after all he is the servant of the people, the same as we all are. Our acts can be criticized or praised by the people. Mr. Rotch absolutely refuses to divulge anything that is going on in his office, and I hope and trust that the Mayor of Boston will take action on what I say is the E. R. A. control office of Lee Higginson and Stone & Webster, who can put anybody they so desire to work. It is controlled solely for social service workers who are insulting the decent people of the City of Boston and the State of Massachusetts. I am not through with Mr. Rotch yet. I am going to ask Mr. Rotch a further question as to where all the material is going and the money that we are spending on Massachusetts? I wonder who is getting it? Why all the orders transferring these food articles and other items? They talk about graft in the city government. They criticize you and me for any little act that we might do that might bear a little suspicion, one way or another. There is a more likely place for graft and corruption, and that is in the State Administration under Mr. Rotch, and I certainly trust that the Mayor of Boston, to whom I will forward the names, if he so desires, will take the opportunity and write to the President of the United States to say, as Representative Grandfield has done, and ask for Mr. Rotch's immediate resignation.

Coun. SHATTUCK—Mr. President, I trust, sir, that no such order as this will be snapped along the way we snap along so many orders under suspension of the rules and without any debate. This is an order making a very sharp criticism on a public official, an *ex parte* statement, and before taking any action on it we should hear both sides and know thoroughly what we are talking about. So far as the case, as stated, against Mr. Rotch is concerned, I disagree with some of the things that have been said and some of the statements of policy that have been referred to. I think, so far as the operation of the office is concerned, the primary consideration is that it shall be operated efficiently, conscientiously and in accordance with such rules and regulations as are issued. It is not the primary question in the employment of persons in that office as to whether they are on the welfare rolls, or would be on the welfare rolls if they were not employed in that office. The main consideration is training and qualification for doing the particular work which they will be called upon to do. Now the extent to which that principle is carried out I do not know, because I am not familiar with the office, but we certainly should not condemn without a hearing. Most of the other criticisms, as I gathered from the statement, are criticisms of the policy which comes from Washington and which Mr. Rotch has got to carry out as long as he holds the position, and which any successor—should he either resign or be removed—which any successor must carry out. They must carry out the rules and regulations from Washington, from the office of Mr. Hopkins, who is head of the E. R. A. He is appointed by the President and is responsible to the President. The law is administered by the President through the hand of Mr. Hopkins and Mr. Hopkins, in turn, through the various state administrators. I remember that last winter when a question came up as to taking some single women on the rolls of the E. R. A., that Colonel Sullivan was here and Colonel Sullivan said that we had a waiting list of those with dependents and we must dispose of that waiting list before we could give relief to those who do not have any dependents. I assume that that is still the situation. At any rate if it is, it would seem to me that the logical thing to do is to take care of those with dependents first, and then if there is enough money to give to those who are in need and have no dependents, then they will be the next in line. It may be that in Ohio and Louisiana and some of the other states that have been referred to, it may be

that they have enough money to take care of both groups. That is quite possible. I think that Massachusetts has not done as well as some other states in the handing out of these moneys that come from Washington, but that is not Mr. Rotch's fault. The fault, if there is any failure to treat Massachusetts fairly, is the fault of those in Washington in control of those things. Primarily they are controlled by the President of the United States who appointed Mr. Hopkins and to whom Mr. Hopkins is responsible. Therefore if we are criticizing those rules and regulations we must lay our criticisms directly on the door of the administration in Washington, and not do the unfair thing of criticizing an official sworn to carry out those orders. I hope, sir, that this matter will be referred to the Executive Committee or to some other appropriate committee.

Coun. ROBERTS—Mr. President, I agree with many of the things said by the councilor from Ward 8. Time and time again we complain in this body and call the attention of the President to various conditions existing in the E. R. A. Not so very long ago on the floor of this Council, I told you that on the major projects were many people who were not even citizens of the country and had been here only a short while. Many of them were not citizens of Massachusetts and no care had been taken on those projects to determine whether or not there were others equally suitable to the employment on the projects who might be more dependent or live up better to the requirements of our rules and regulations. So far as I know nothing was ever done about it. No investigation was ever made to see if there was any merit in the complaint. The facts were laid before the administrative head of the E. R. A. here and nothing was done about it. Now in regard to what Councilor Dowd said about the administration. It has been a source of constant complaint that there are lots of people in the E. R. A. administration in Boston who, financially, are not dependent on their jobs. We can readily see, in the interests of efficient work that for a while it might be wise. While getting an operating force together, you cannot be so fussy; but after the E. R. A. has been in existence a considerable time, it is about time to discard those individuals and get others answering the general qualifications. It is not a very healthy condition for the E. R. A. Administrator of this state to say to John Jones, "You are married, but you have no other dependents and therefore you cannot have a job." And when Mr. Jones tells you, "Well, there is Miss Green or Miss Smith or Mr. Brown at the E. R. A. administration and he drives his own car and is not financially dependent on his job at all." I say it seems to me, knowing the criticisms of Mr. Rotch, that something should have been done to tone down the E. R. A. administration to give the single women a chance. There are plenty in Boston who have worked in positions of trust for years and they are dependent and can take care of the jobs there, and they have been left out in the cold. And again I agree with the councilor from Ward 5 in regard to Massachusetts' position in the E. R. A. In my opinion this is just another example of the failure of Washington in its attempt to control the state. You cannot run this every state with the conditions being different and give the people of one state the same consideration as another. In Massachusetts we particularly have gotten the wrong end of the deal. It has been a wrong deal instead of a new deal to us. So if Councilor Dowd's order does only one thing, it does call attention to the condition, in existence in Massachusetts and other places. I have personally not clashed with Mr. Rotch but I certainly think something should be done about this situation in executive ways.

Coun. GREEN—Mr. President, Councilor Dowd has made some charges and his committee from the Back Bay has made the statement that if the Council take any action on this matter it should hear the other side. So I think we should find out from the councilor from the Back Bay what he means by the other side and who we are to hear for.

Coun. SHATTUCK—Mr. President, I suppose that the Council there to do that is to go and hear those Mr. Rotch and Councilor Sullivan, and any others that have to do with the administration. If a committee would give an opportunity to hear what has been said to me, they may have with some of the things that have been said, and as to other matters, they would be able to decide. At any rate, we have heard Councilor Dowd's statement at present. But I am not sure that I do not believe we should act on this situation.

where we have not made any investigation as to whether or not there is anything to be said on the other side.

Coun. DOWD—Mr. President, I think my good friend the councilor from the Back Bay is injecting a little politics into this order. He wants to place the responsibility on the administration. We refuse to accept that responsibility. The responsibility has got to be placed in the man who has the discriminatory power, and that man is Arthur Rotch in Massachusetts. Now, it is unfair to assume that the President of the United States would say to great states like New York and Ohio and one or two others, that "you can put anyone to work in dire need." But when you come to Massachusetts, say, "Only those with two dependents or more can go to work on the E. R. A." The councilor from the Back Bay talks of the efficiency of Mr. Rotch's office. Well it was only the other day that Mr. Rotch forgot there were five pay days in August (laughter) and as a result thousands of workers are now going unpaid. If it was not for the efficient manner in which Colonel Sullivan has acted, millions of E. R. A. men in Boston would also be experiencing payless days several weeks each month. I wonder how they can talk about efficiency after the various riots that have broken out in every section of Boston, due to the fact that the officers under Mr. Rotch have not been able to get the pay rolls out on time. The councilor from the Back Bay knows only too well that Mr. Rotch will not appear before the City Council and say anything. He knows that Mr. Rotch was invited once before, but he sent Colonel Sullivan to represent him. I am again in sympathy with anything the Council wants. If they want Mr. Rotch in a public hearing, I am satisfied, where we can have the facts laid on the table; but I do not intend to have Mr. Rotch behind closed doors. This belongs to the public and I accordingly ask the members of this Council to act on the order.

Coun. SELVITELLA—Mr. President, the charges that have been alleged by Councilor Dowd are nothing new. They have been aired in the newspapers as well as on the public platform for the past three or four months. I recall several months ago that I was privileged to address the gathering of ladies of the Massachusetts Women's Club, of which Mrs. Florence Birmingham was president, and charges such as were made here this afternoon were aired out in the auditorium that evening. So that I honestly believe that Mr. Rotch has had a full opportunity to come before the members of this Council or before the Executive Committee and present his side of the case. There are many things that Mr. Rotch has not explained and one of the things that I would like, myself, to have him explain is, why it was necessary to appoint a conductor of music and dramatics in the E. R. A. by the E. R. A. in Massachusetts, a man who was ousted from Germany less than one year ago. Can you realize, or can you imagine, a man ousted from Germany—and that is a matter of public record—who comes here to the United States, and he is appointed by Mr. Rotch as the head of one of the largest departments in the E. R. A. in this state? We have plenty of men and women who are eminently qualified to take that position and conduct that office in an efficient manner; but while we are discussing social workers in the E. R. A., why not come nearer home in the Boston Welfare Department, where the social workers have been imported from our colleges in Massachusetts and, coming into the City of Boston, are investigating welfare cases here. We are paying their salaries. They are ignoring the qualified Boston men and women and taking these trained men and women from elsewhere and they are using them as social workers. I am in sympathy with that order, but I do hope, when we are considering social workers, that we have plenty to do right here in our own home in the Boston Welfare Department.

Coun. SHATTUCK—Mr. President, it has been quite easy to protest rulings on this subject. Some reference has been made to some ruling against making any payments to single persons. The question is: What is the ruling in Washington, and is that ruling being carried out? If it is being carried out, we can have no criticism for the local Administrator if he carries out that ruling. Colonel Sullivan, when he was here, did not say there was any ruling against making any payments to single persons; but he did say that until the waiting list of persons with dependents was disposed of, that they could not have any money which was available for single persons. That was probably the ruling throughout the United States. It is probably the ruling from Wash-

ington, and if it is the ruling from Washington we cannot possibly have any valid reason for criticizing Mr. Rotch in carrying it out. Let us find out what the ruling from Washington is, and whether it is being carried out.

Coun. FINLEY—Mr. President, I rise at this time to coincide, more or less, with the sentiments expressed by the councilor from Ward 5. We are called upon today to act upon a very important order. It would seem to me that we should give due deliberation before we cast our votes against the public officials of the E. R. A. at the present time. In spite of the eloquent appeal that has been made by the councilor from Ward 8, I think, in justice to the man against whom he has made those charges, that the Council should have that man appear before this body and hear his side of the case. I do not think we should be moved by any hysteria to condemn a man until we have heard both sides of the case, and I therefore suggest that this order be referred to the Executive Committee and Mr. Rotch and Colonel Tom Sullivan be asked to appear before this body and give their opinions as to just what the situation is in regard to the conditions existing under the E. R. A. at the present time.

The order was referred to the Executive Committee.

HONORING DOCTOR DOWLING.

Coun. MURRAY offered the following:
Ordered, That his Honor the Mayor be requested to consider the advisability of naming the new Surgical Building at the Boston City Hospital the John J. Dowling Pavilion, in honor of the memory of the late Superintendent of the Boston City Hospital, Dr. John J. Dowling.

Coun. MURRAY—Mr. President, I think it is only reasonable, in memory of the man who spent his lifetime making the Boston City Hospital what it is today—the greatest in the United States—that we should at least have one of the new buildings given his name, in honor of what he has done in the past. It is too bad that he did not live to see the completed building and I hope they will name it after him.

The order was passed under suspension of the rule.

DIFFERENT COLOR FOR FIRE BOXES.

Coun. MURRAY offered the following:
Ordered, That his Honor the Mayor request the Commissioner of the Fire Department to consider the advisability of using some other type of light than the present red light on the fire boxes, as at the present time these red lights are the cause of many accidents due to motorists stopping in congested traffic. I would suggest blue, purple, or any other color suitable.

Coun. MURRAY—Many of these lights on our fire boxes are placed where the traffic lights are. People stop their cars when travel is congested and accidents are caused thereby. I saw an accident on Gallivan Boulevard occasioned by that very thing. I think they should be changed to some other kind of light because people from out of town and also in our own city think the red lights on the fire boxes are traffic lights and stop there. I think they should be changed to some other color.

The order was passed under suspension of rule.

CHARLESBANK BEACH.

Coun. FITZGERALD offered the following:
Ordered, That his Honor the Mayor request the Boston Park Commission to sand and grade the beach of the Charlesbank gymnasium at Longfellow Bridge for a distance of 200 feet on the shore and 45 feet from the shore, the sum to be appropriated not to exceed \$700, as per inclosed Survey Plan.

Passed under a suspension of the rule.

INSCRIPTION ON TUNNEL.

Coun. McGRATH offered the following:
Ordered, That his Honor the Mayor immediately abrogate the contract he has just given to the Gorham Company of Providence, R. I., to inscribe in bronze in the East Boston Traffic Tunnel the name "Frederick W. Mansfield," at a cost to the taxpayers of two thousand dollars.

Coun. McGRATH—Mr. President, under an economy mayor I was rather surprised the other day to see where he had awarded a contract to a firm from Providence, Rhode Island, the Gorham Company, at a cost of \$2,000, to inscribe in bronze above the East Boston Traffic

Tunnel the name "Frederick W. Mansfield." I suppose there should be some monument other than the City Hall for a man who has served and rendered the character of service that this present Mayor has rendered to the City of Boston; but I cannot see how a man who wanted to take \$5,000 out of the budget which was to pay for ice on the drinking fountains at the Boston playgrounds and beaches in the summer, and a man who wanted to take \$7,500 out of the budget and close up the smallpox hospital and place the victims of smallpox where the victims of infantile paralysis and scarlet fever are placed—the afflicted children of our city—can justify the expenditure of \$2,000 of the taxpayers' money to have his own name go down to posterity. Here we find a traffic tie-up at the entrance to the East Boston Tunnel and while our citizens are patiently waiting there, they look up and see emblazoned on bronze above the opening of the tunnel, "Frederick W. Mansfield." What an inspiration it will be to the youth growing up in the land to know that if he studies hard and becomes educated and outstanding and a leader, that he, too, like the present Mayor, might one day have his name emblazoned in gold—if the taxpayers stand for it. I would like in fairness to the economy program that this man was pledged to when he came into office, if he is going to have his name emblazoned in bronze above the entrance to the tunnel at a cost of \$2,000, let him pay for it himself. (Laughter.)

Coun. SHATTUCK—I should like to ask, sir, to suggest from what appropriation this sum of \$2,000 is to be taken?

Coun. McGRATH—I think it comes from the appropriation for sport purposes. (Laughter.) The order was passed under suspension of rule.

ADDITIONAL FIREMEN.

Coun. SELVITELLA offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to appoint three hundred more firemen in the Boston Fire Department.

Coun. SELVITELLA—Mr. President, this same order has been introduced in the Council by other councilors who have been apprehensive of an existing danger that, unless something is done to correct it, will eventually result in a wholesale burning of men, women and children. This matter of the undermanning of the Boston Fire Department never became so apparent as it did about ten days ago on the occasion of a two-alarm fire in East Boston in the early evening. The apparatus was called and Ladder No. 21 from East Boston responded. It was one of the first to respond to the fire. Lo and behold! When that ladder company came to the scene of the fire there were only two men, the driver and one other man that came along with the truck company, and it was necessary for the citizens of the neighborhood who were willing to lend a hand and help the firemen in order to shove a ladder into the burning building. Men and women and children in the second and third stories of that building were almost on the verge of throwing themselves out for fear of being burned to death inside. It was only the volunteer service of the pedestrians on the street that prevented the wholesale burning of the occupants of that building. Never has there been such an undermanning of our department as there is at the present time. Only last week at the other recent fire near the South Ferry, the fireboat responded and it came, but on account of lack of men it was necessary to wait until additional men came from the fire apparatus on land. Now that is a serious condition. Are we going to wait until we have a wholesale burning of women and children before we are going to enforce the addition of these 300 men. There are competent men who are waiting to be called from the Civil Service list. Here is an opportunity to give employment to these men who are married and have worked for a position in the Boston Fire Department, and at the same time bring up to standard and to a point of full efficiency the entire complement of the Boston Fire Department.

Coun. MURRAY—Mr. President, some months ago I made the same statement in regard to the Fire Department. They have got to call two alarms now in order to get enough men to respond to one fire. The same conditions exist in my district. Some time you see one man riding on a hose wagon and one man on a ladder and I believe, as the councilor from East Boston said, that it is about time to put more men on the Fire Department to save human life.

Coun. SHATTUCK—Mr. President, here is another important matter. It involves the question whether 300 more men are needed in the Fire Department. I do not know why the gentleman selected the exact number of 300; why he might not have said 600 or 200; but at any rate it is an important

question, if the policy to be carried out involves a large appropriation. Sometimes we talk for hours about an appropriation for a few hundred dollars. Here is an appropriation involving hundreds of thousands of dollars. I believe before we adopt any such order that we should send for the head of the Fire Department and for the Boston Board of Fire Underwriters and we should hear from the Chamber of Commerce and from others who have studied this question, and find out whether or not more men are needed in the Fire Department; whether or not other things are needed perhaps, other than more men, and what changes might be made which would make the Fire Department more efficient, possibly without more men or possibly with more men. All of those questions are important and the matter is altogether too important to cross off in a few minutes without any study and without any opportunity to get the advice and the information of the men who know about the situation and who have given the matter study.

Coun. SELVITELLA—Mr. President, I am going to ask that the vote be taken here because, to me, the dollars involved are not so important as the lives concerned, and I for one believe that the chairman of the Appropriations Committee was told by Fire Commissioner McLaughlin at the time of the budget hearings, that the department at that time was undermanned to the extent of 289 men, and that is how I arrived at the figure of 300 additional men. I am not so much concerned with the Chamber of Commerce because we recall at the fire in East Boston about ten days ago, the Chamber of Commerce were not present, and aside from the Chamber of Commerce there is no question in the minds of the councilors here and in the minds of the men who have knowledge of the facts, that the fireboat that arrived at the East Boston fire last week was undermanned and it was necessary to wait until they got men to operate the pumps. Now if he has said it does not call for immediate action, then I want to know from the councilor from Ward 5 what he believes is an efficient program such as could be presented now?

Coun. DOWD—Mr. President, I do not believe the members of this Council should be stampeded into any speech making by the councilor from the Back Bay. If he had his way about it, the City of Boston would be operating with a skeleton crew in every department. I quite agree with the councilor from East Boston. We do need 300 more firemen and we do need 300 more policemen. The sole question arises: Where are we going to get the money? If we had a fire that destroyed 75 or 100 lives, we would get the money quickly enough. We can always find money for this or for that, that does not matter for anything but a raise in taxes, but when it comes to a question of putting men to work the councilor from the Back Bay always objects to it. I agree with the councilor from East Boston and I sincerely hope that the Council will act immediately, as we have acted in the past. Every time such an order as this has been introduced it has not been held up. Every member of this Council knows that we do need firemen and policemen and if the order is sent to the Mayor and if he is in favor of it, then of course the Chamber of Commerce or the Municipal Research Bureau or the defunct Good Government Association or the rest of those reform organizations, they are against putting anybody to work. Their motto through life has been to fire men and I say that the order should pass.

Chairman GALLAGHER—This order involves no expenditure of money. It is simply a request on his Honor the Mayor to appoint these men.

Coun. SHATTUCK—Mr. President, I did not say that 300 men were not needed in the Fire Department. I did say that I did not know how many men, if any, were needed. I did not know if it was 200 or 300 or 100 or 600 or none at all. I did not know what the most important things were that should be done to make the Fire Department efficient, if it is not efficient. I certainly consider that lives are more important than the money expenditure, but we do not know what is most needed. We cannot possibly know, simply on a statement, "Let us have 300 more men." That is very easy to say, but is that just what we need? And why was it that there were so few men as stated on these various occasions? What is the explanation of it? We have not heard anything in the way of explanations. It is an important question. There is no doubt about that. I do not ask anybody to be stampeded. I say let us not be stampeded. This is a deliberative body, or it ought to be. Let us be reasonable and understand the facts and, of course, we do not have to agree with the people that we ask for advice, but they may be able to tell us something of value. I mentioned the Board of Fire Underwriters. That was not men-

tioned by those who opposed; but I said they ought to know something about it. It is their business to follow the Fire Department, and do what they can to see that it is efficient. They ought to know something, and it is to their interest to stop fires and to minimize fire losses.

Coun. MURRAY—Mr. President, this is for immediate action to be taken by the Mayor. By the time they are able to round up the Board of Fire Underwriters and the Chamber of Commerce, who are now spending the summer at their country homes or traveling in Europe, all of the city could be burned up. I think the order should be given immediate action.

The order was passed under suspension of the rule.

TIME OFF, FIRE ALARM FORCE.

Coun. FISH offered the following:
Ordered, That the Fire Commissioner, through his Honor the Mayor, be requested to provide that each member of the fire alarm operating force shall be granted the equivalent of four Sundays and four Saturday half-holidays off duty in each month, this time, amounting to six days off duty in each month, to be allotted as follows:

Men on day duty, one day off duty in each five.

Men on night duty, the a. m. tour of duty and the p. m. tour of duty immediately following it, three times each month.

Men on day duty will receive a meal period. In case of emergency, any day off duty or part thereof withheld under these conditions, when regularly due, shall be allowed in equivalent time as soon as possible thereafter.

Passed under a suspension of the rule.

FIRE DEPARTMENT INFORMATION REQUESTED.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to inform the City Council as to what action he has taken or proposes to take on the subject matter of the letter to him of November 2, 1934, from Mr. George W. Booth, Chief Engineer of the National Board of Fire Underwriters, on the subject of the Boston Fire Department, in which Mr. Booth concludes: "We believe that the principles set forth above are sound, and that they suggest means whereby adequate protection can be furnished at less cost than at present."

Passed under suspension of the rule.

LEASE OF LAND, BRIGHTON.

Coun. GOLDMAN offered the following:
Ordered, That his Honor the Mayor be authorized to execute a lease to the Temple B'Nai Moshe, 96 Chestnut Hill avenue, Brighton, on a piece of land adjacent to the said temple, for the purpose of erecting a school for the teaching of religion and Bible, and other religious purposes, for a term of four years at a rental of five dollars monthly, said building to appear as per submitted drawing by J. Frederick Krokyn, architect, 120 Milk street, Boston, Mass.

Referred to the Executive Committee.

REMOVAL OF ELEVATED STRUCTURE.

Coun. McGRATH offered the following:
Ordered, That the City Council go on record to indorse the present legislation providing for the demolition of the elevated structure and the building of a subway to take its place.

Coun. McGRATH—Mr. President, legislation has been introduced in the Legislature again asking that they tear down that monstrosity known as the Boston Elevated Railway, and place a subway underground to replace it that would not be unsightly and would be far better for the patrons who are supposed to ride on the Elevated Railway rather than in their own automobiles. That bill was before the Legislature last week and it called for leadership and it called for action and naturally the citizens of Boston looked to the present Mayor to lead the fight. The Mayor went before a committee of the Legislature and presented the most horrible spectacle—

Chairman GALLAGHER—The Council will be in order.

Coun. McGRATH (Continuing)—that has ever been presented by a man holding high office. He said, "I favor the legislation. I oppose the legislation. I doubt whether I favor or oppose it." The men on the committee who live in Boston turned to this man for leadership and they said, "Are you with

it, Mr. Mayor?" And the Mayor said, "Well I am with it if there is such a thing as a public clamor for it, but I am in doubt that there is a public clamor for it and so I am against it; but in case I am wrong in the first stand, and again wrong in the second stand, I can still remain in the middle of the road." (Laughter.) Now, a man standing on that further side of School street, on that sidewalk, or the man on this sidewalk, does not run the same chance of getting killed as the man standing in the middle of the road who, to avoid being hit, darts first one way and then the other. The man who stands bewildered in the center of the street like a dummy, is apt to get run down. Now, his Honor the Mayor realized that he did not stand out as the great leader who had placarded this city with the sign, "A Big Man for a Big Place," and he realized how hopeless was the picture that he presented there to the Legislature. So he wrote a letter, after due deliberation and giving it the benefit of his entire brains and intelligence. He wrote a letter to a Boston newspaper and he set forth therein exactly where he stood, so that it would leave no doubt in the minds of the most humble citizen or to the least-educated citizen, and I am going to read his letter to a Boston morning newspaper, over his own signature, in order that it may appear in that record, verbatim, as a monument to just where this man stands on this Elevated demolition question. It apparently has been settled that on November first the Federal Government will no longer keep men on the dole. It will be necessary for thousands of men to be employed and I present to you, Mr. President, the situation that will take place early in November, just preceding the holiday season, with a New England winter about to set in, when men are thrown off the Federal pay rolls, and because of inability or lack of leadership, the city government has presented no concrete plans to take up these men in profitable employment. It takes planning and money wisely spent to keep men from starving, themselves and their families, and we have got to have some worth-while projects; and yet here is the letter, after due deliberation, that his Honor the Mayor wrote to show exactly where he stands (reads):

"You say that there is no public clamor demanding the removal of the elevated structure. That is mere assertion. I say that there is public clamor that the structure be removed. That also is assertion. It is merely an expression of opinion and either of us may be wrong—but I think I am right."

"If the messages, telegrams and letters which I receive, to say nothing of the efforts of some important newspapers, do not constitute public clamor, then I must confess that I am mistaken about it."

"And your editorial misinterprets my position entirely. I am not mistaking public clamor for the vote of the taxpayer. In fact, I am somewhat doubtful as to whether the clamor represents a majority of the taxpayers or only a small part of them."

"My attitude is this: If the majority of the taxpayers want this improvement, then I am for it. If they do not want it, then I am against it. And if I am convinced that the public clamor does not represent a substantial majority of the taxpayers then I will be against it anyway."

Imagine, sir, the Mayor of the city, after due deliberation saying: "Here is where I stand. I am for it. I am against it. I am in doubt." (Reads further)—

"In other words I want to know whether what you call 'the propaganda of a small percentage of the population' is really that or if it is a reflection of the desires of a substantial majority of the taxpayers."

"FREDERICK W. MANSEFIELD,
"Office of the Mayor, Aug. 9."

After due deliberation and sitting down with the mental giants that surround this man, they write a letter to a morning newspaper on a very vital issue that means the employment of 4,000 men for a period of two years; and it means that at a time when the Federal Government are about to throw them out on the highways, he appeared before the Legislature and I honestly submit that he was not prepared; but two days later, agreeing to the press saying that he did not lead, that he did not even follow, that he moved neither for nor against nor in the middle, he said down and said, "I will save the situation." That is a taxpayer's letter. That is the kind of letter that national lawmakers read. That is what is disgusting the public. These brilliant minds go into political crime and say, "Let us write a letter and to let it be that nobody will know what we mean. Then we can never be held responsible." By which a responsible chief executive officer has his signature, after due deliberation, say, "I favor the demolition of the elevated," and in the next breath says, "I oppose it," and then in the next breath, "Well, I am in doubt; there is where I stand and I ask the citizens

of Boston to follow me,"—is there any wonder that School street is no longer a one-way street, that people are thrown helter-skelter in every direction, waiting not for the demolition of the City Hall and the building of a new one, but only to get away when the old one falls of its own volition, this great structure of the City of Boston which is falling on the head of a Mayor who is merely the joke of her children. Why does not this man resign as Mayor of Boston and allow a competent man to take his place at a time when thousands are knocking at the door for an opportunity for honest work and to get off relief rolls and to get on to pay rolls? The most constructive program that has yet been presented is presented here, not the raking of leaves but the demolition of a monstrosity; it means an increase in the value of property along the lines and taking off the welfare rolls people who today are pushing refuse from the sidewalk into the street and tomorrow will push them back on to the sidewalk again. It means, sir, that with men on the welfare rolls asking for an honest chance for an honest day's work, 4,000 of them, sir, we can start within a short time giving them an honest day's work for an honest day's pay; and in the midst of this chaotic condition, when they cry out for leadership, the man who is at the helm, the present Mayor of Boston, does more to confuse the situation and confuse their minds than any other individual or even any other group of individuals. I say that the time has come for the City Council under you, Mr. President, to take the initiative and take the leadership and take it out of the hands of this incompetent man and the men he has brought in here from Cleveland and from St. Louis, and the others who talk about dollars and cents but who do not want to talk about pay rolls and an honest day's work. Let this Council go on record as indorsing a worth-while project, and if the present Mayor of Boston fails to lead let us, at least, make an honest attempt to lead those people out of this chaotic condition on to the high road of better times.

Coun. DOWD—Mr. President, we were all very hopeful when the Governor saw fit to send the message to the Legislature that we would at least be able to start on the demolition of the structure, a measure which has been indorsed so many times by this City Council. I was very thankful to see in this morning's press, the statement by his Excellency the Governor that he intended to send another message to the Senate asking them to accept his message and his report for the demolition of this elevated structure. As the matter stands now, nineteen members of the Senate who voted against the demolition of the elevated structure are left, and I say to the Governor of the Commonwealth that he should keep this session of the Legislature at work, if necessary, in order that some definite steps should be taken in this matter. Who are the men that voted against him? They are not interested in Boston. Oh, no. But if there is something of interest in Boston, any land grabs or anything else, they certainly would stay a week or two longer to clean it up. To the eighteen members that voted for it, all Boston senators with the exception of one, the citizens of Boston should be thankful and I say it is the duty of the Senate and the Legislature to stay in session all summer, if necessary. Their only reply is, "We want to adjourn so that we can go to our summer homes and get some time off" or "We want to travel," while the poor people of Boston must wait. The legislation has gone to the Governor and he has sent the message and the matter belongs where it stands at the present time, on the floor of the Senate. The Boston City Council has done everything it could. We have introduced order after order for five long years and the door of opportunity is opened to remove an unsightly structure from Charlestown to Forest Hills. The valuations are estimated at \$16,000,000 to \$18,000,000 and there would be, in their opinion, an increase of 20 per cent on property values along the line, or on the taxes an amount of \$125,000 to come to the people of Boston. The entire structure should be removed. I say to the Governor and the Legislature and the Mayor and to the members of this Council, that we want the entire structure removed. We do not want to do it piece-meal. It will cost \$34,000,000. The Federal Government will pay \$15,000,000 to \$17,000,000 and the city will pay something like \$18,000,000. There will never be another opportunity in our time to do it and if those gentlemen in the Senate want to go home, if they do not see fit to pass it, then we, in this jurisdiction, can say good-bye to the demolition of the elevated structure; and I hope and trust, and I state it here, that the Governor will send message after message until the Senate and the House of Representatives send it along to the City Council, where there is no question how we will act in the matter. As Councilor McGrath says, 4,000 men in the dead of winter. Do

they stop and take into consideration the money saved on the relief rolls and the soldiers' relief rolls and the Welfare Department. It is their one hope. And those senators are very lax in their duties. We can point to millions and millions of money in Boston that they have expended, but when they get a chance, a real opportunity to do something for the entire City of Boston, they want to go back to their palatial summer homes. I say to them that they should be ashamed of the way they are conducting themselves, in so far as the elevated demolition is concerned, and I say to all concerned, if there is going to be any building or any demolition of the Elevated Railway, let us have it from Charlestown to Forest Hills.

Coun. SHATTUCK—Mr. President, here is another very important matter on which we are asked to pass a snap judgment. We are asked to indorse pending legislation. I am not sure that there is any pending legislation. One bill was recently killed and another message is said to have come in, but we have not seen it and we do not know what it says. We know nothing whatever about it. I did gather from a newspaper account of the bill that was presented, that it was said to be a permissive bill. That is, you could do it if you wanted to, or do part of it. It actually sets out part of it, but they could do all of it, perhaps. No estimate whatever was made of the cost. Nothing was said that I noticed, as to what part the City of Boston must pay for out of bonds, nor how much. It was a very vague proposition; a sort of negative and blank check proposition. I do not believe that we want to indorse blank check propositions. I do not believe that we want to take that step for the City of Boston. I believe we want to know just what is to be done; what it will cost and how it is to be financed. When this question was first brought up, the Federal Government was going to pay for all of it, or practically all of it. Well, that is all right. It is at least as good a proposition as the 'Quoddy proposition and probably it will not cost nearly as much; but if the City of Boston is going to pay for the large part of it, the City of Boston which cannot pay its own operating bills but has to borrow millions of dollars with which to pay its operating bills, will load itself up with more debt. That is another proposition, and I do not believe it is a sound one. I do not believe, if we cannot pay our operating bills, when we are \$9,000,000 behind in one year in paying our operating bills, that we should sign a blank check for no millions or tens of millions of bonds of the City of Boston on which we may have to default later. Therefore, sir, I move that this matter be referred to the regular committee that considers such matters, to make an investigation of it, and I so move.

Coun. GREEN—The councilor from the Back Bay has said that a second message was sent to the Legislature. That is very true. And he said, "I do not know that favorable action will be taken on it." That is very true. I might say, as I have told people in the district that is affected chiefly by it, that I have already served notice on the powers that be, that is, the Board of Directors and the Public Trustees of the Boston Elevated Railway, that if favorable action is not taken on the bill in the Legislature this afternoon, that I intend to start a movement to demolish this structure by the power of public opinion. I claim, sir, that under the provisions of the 1918 Public Control Bill, that this structure constitutes a menace and a nuisance in the streets of Boston, and by condemnation that structure can be removed. Those fellows cannot have the pie and eat it, too, Mr. President. This is a worth-while proposition. Governor Curley has sent his message to the Legislature this afternoon. If they do not take favorable action on it, then I am going to start a movement in Charlestown that will be heard to Forest Hills. I am going to call on the different people in public life, both members of the City Council, the Legislature and Senate, along with the Governor of our Commonwealth and the Mayor of our city, to see to it that the officials, the duly elected or appointed officials of the City of Boston and of the State of Massachusetts, declare this structure a public nuisance, and as a public nuisance, Mr. President, it can be torn down and removed from the streets of Boston, and I intend to take that action if a favorable report is not given on the message sent in by the Governor of our Commonwealth.

Coun. MURRAY—Mr. President, I might say that we in Forest Hills will start the ball rolling the same as those in Charlestown. When the councilor from the Back Bay spoke about snap judgments, we have been talking about this for five or ten years, but I notice every time it is to put men to work and do it as soon as possible, why, the councilor from the Back Bay cannot see through

it at all. I want to say that this is the greatest improvement in our time and it will put thousands of men to work, and we in our district cannot see anything peculiar about it. Where he lives in the Back Bay they do not have any bother with noise or deterioration of property. Of course, they do not own property in our district, but that is no reason why the people in that district should at least like to get home comfortably. It is a health menace, as Councilor Green said, to people along the line. They cannot sleep at night, and I see nothing about it except to help people.

Coun. BRACKMAN—One of the most essential points to be considered now is that speed is necessary in trying to accomplish or trying to show that the Council pass this pending legislation. As long as the order has been introduced today, I believe we ought to pass it today. It is not a new matter, as several councilors have stated. It is an eyesore to the people in Roxbury, Charlestown and Forest Hills and the Egleston square region. People there have suffered for many years as regards their health and business and every other part of their lives because of this structure erected practically thirty-five years ago, and there is not anybody that is not in accordance with the fact that the structure should be torn down. Everybody agrees on that; but the only question is on the question of finances, and we have a greater opportunity today than ever before to have this matter financed in a manner favorable to us, more so than we will probably have again. Although the figure submitted is \$35,000,000, in my opinion it is entirely out of the way. We are familiar with the fact that years ago when the Legislature investigated the tearing down of the structure, hearings were held day after day, and at that time it was estimated that approximately \$20,000,000 would do the work. I do not know why it should have increased to \$35,000,000 today. I think, if the matter is gone into in detail, that it will be admitted it will not cost any more than \$20,000,000 to do this work. Then again we have the question of the Government contributing at least 45 per cent of the cost of the project. We will never have that opportunity again and this is the time to strike. The Legislature has a permissive bill before it giving the City of Boston the right, if they so desire, to tear down the elevated structure. That is, it only says if they have the desire. The question of financing it is up to the City of Boston and the members of the Council. I do not think the Legislature should be concerned with that question. This is purely a Boston measure. It affects only Boston and a certain section of Boston, at that. I do not know why members from the western part of the state in the Legislature should be concerned. And surely, by their actions in the past, they have not been concerned very much with what has gone on here. We in Boston get the tail end of everything. Although we paid 67 per cent of the expense in the past few years to run the Boston Elevated, when it comes to making an improvement here we do not get it. Now this is a matter that is very vital and important, and it is important that we act on this again. Let us do it without further delay so that we can communicate to the Legislature how we feel about this matter.

Coun. ENGLERT—Mr. President, I hope this order is passed here today. I do not know why the gentleman from the Back Bay wants to refer it to some other committee. Now, if the gentleman from the Back Bay would spend a few evenings in our rooms on Washington street, he would probably appreciate what the people in my district have advocated for some time, the removal of the structure from Forest Hills to Charlestown. Various improvement associations have gone on record time and time again to have the removal of the elevated structure take effect. One of the particularly congested regions in my district is at Egleston square. It is one of the most congested squares in Boston. Six different streets enter into that square. When the people get off the elevated trains there it means they are dropped in what we call the "Island" there in the center of the square. It is in the middle of the intersection, and those people have to stand there waiting sometimes for five or ten minutes to get from the island to the sidewalks or wherever they are going. I might say that along Washington street, especially from Montebello road, two poles hold up the structure, making it almost impossible for an automobile to leave Washington street to go into that road. At Forest Hills there is no question about it. You know how congested it is there; and in regard to putting men to work, I do not think there

is a proposition that has been presented better than this to put men to work. It means that thousands and thousands of men will go to work for two years or so, and I hope that the Council will take the time to pass this order.

Coun. SHATTUCK—Mr. President, we are not passing merely on the question of whether it would be desirable to remove the elevated structure. That is something, of course, that many people have thought about for a very long time and have very definite opinions on. But what we are asked to do is to approve some legislation we have never seen. I defy any member on the floor of this Council to explain what that legislation is, to say just what it does, what it will accomplish; what it will cost, who will pay for it, and what the other important terms of it are. I defy anyone on the floor of this Council to explain this legislation. Nobody has seen the bill and nobody has seen the Governor's message, so far as I know, and if they have, they have not told me about it. We are asked to pass on something that nobody has knowledge of or has seen, and that we do not know anything about. We do not know what it commits the City of Boston to. It may be the last opportunity we have to find out, because when they pass legislation of this sort, as a rule, they pass it without reference to the City Council, and beyond the jurisdiction of the City Council. They pass it without any referendum, with bonds to be issued with no choice in it and without any further reference to the City of Boston or to the City Council. I think we might consider, provided we had this \$40,000,000 or whatever the sum is, what other things we could do with it. I say, sir, for example, that we could accept and improve and pave every unaccepted street in the City of Boston; that we could provide all the parks and playgrounds the people want; that we could make enormous and permanent improvements in the City of Boston that would affect favorably every man, woman and child in the city, irrespective of the district or place. All those things should be considered, sir.

The motion to refer to the Executive Committee was lost.

Coun. McGRATH—Mr. President, on the passage of the order itself, might I just say that the gentleman from the Back Bay should rely on the wisdom of a Republican controlled Senate and a Republican controlled House to give us the very best possible for the citizens of Boston.

The order was passed under suspension of the rule.

RECESS TAKEN.

The Council voted at 4.50 p. m. to take a recess subject to the call of the Chair and reassembled at 5.30 p. m., Coun. GALLAGHER in the chair.

EXECUTIVE COMMITTEE REPORTS

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on the message of the Mayor and order (referred today) amending the county classification plan to include the housekeeper at the House of Correction—that the order ought to pass.

Report accepted; order passed.

2. Report on the message of the Mayor and order (referred today) authorizing the sale of surplus pigs at Deer Island—that the order ought to pass.

Report accepted; order passed.

3. Report on the message of the Mayor and order (referred today) authorizing an agreement to maintain a portion of the proposed overpass at Huntington avenue—that the order ought to pass.

Report accepted; order passed.

4. Report on the message of the Mayor and the several orders (referred today) for public works projects for a new City Hall, new bridge and new school buildings—recommending reference to the Committee on Finance.

Report accepted; said reference ordered.

5. Report on the ordinance (referred today) changing the term of Sunday sports licenses—recommending reference to the Committee on Ordinances.

Report accepted; said reference ordered.

6. Report on the message of the Mayor and orders (referred today) for departmental transfers—that the orders ought to pass.

The report of the Committee was accepted. The orders were severally passed, yeas 17, nays 0.

7. Report on the message of the Mayor and order (referred today) for the transfer of \$500 for expense of E. R. A. projects—that the order ought to pass.

Report accepted; order passed, yeas 17, nays 0.

8. Report on the message of the Mayor and order (referred today) appropriating \$8,000 for traffic control signals—that the order ought to pass.

The report of the committee was accepted.

Coun. ROBERTS—So that it may appear a matter of record, one of the transfers about to be voted on concerns traffic light signals at the intersection of Columbus avenue and Chandler street in Ward 4. This is said to be the third worst spot in the city in the matter of fatalities as a result of motor car accidents. For years I have voted to have this order passed and the lights installed, and I am very glad that the Mayor himself is advising the installation of the lights.

The order was passed, yeas 17, nays 0.

9. Report on the message of the Mayor and order (referred today) for a tax title loan of \$1,000,000 for pay of policemen—that the order ought to pass.

The report of the committee was accepted and the question came on the passage of the order.

Coun. WILSON—With reference to this million dollar order I am going to, perhaps, be inconsistent to that extent and vote reluctantly for this order because we are informed that it means the pay of the patrolmen of the Boston police force from September 22 to the close of the year; but I think is should appear as a matter of record, the manner in which the budget for the current year has obviously been juggled for public consumption; because this year we are not only borrowing money for welfare expenditures of 1935 but, so far as I am aware, we are for the first time in the history of the city borrowing money to pay the salaries of the patrolmen of the police force, a matter which I hope will not be repeated in another year, if the financial situation of the city stands it for this year.

Coun. SHATTUCK—Mr. President, I do not believe that a vote against this order will result in a failure of the patrolmen to get their pay. I am thoroughly opposed to the jugglery of the budget referred to by the last speaker. Therefore, I shall vote against the order with the expectation that a clear-cut statement will be forthcoming, and that we shall either pay this money out of the tax levy, as we should, or we shall have some clear explanation as to why this situation has occurred.

Coun. MURRAY—I am going to vote for this order irrespective of how the Mayor decided it, because I do not believe any member of departments in Boston should be let go and not get their pay.

The order was read once and passed, yeas 16, nays—Coun. Shattuck—1.

Assigned for fourteen days for final action.

10. Report on the message of the Mayor and order (referred today) appropriating \$9,000 from the income of the traffic tunnel for certain improvements—that the order ought to pass.

The report of the committee was accepted and the question came on the passage of the order.

Coun. TOBIN—Mr. President, this order covers two things. I have no objection to the \$5,000 item, but I have objection to the \$4,000 item for new electrical equipment and, for that reason, I am going to vote against both items in the order. If they could be divided I would vote for one and against the other. It seems to me it is a lot of money to pay, \$4,000, for lights, perhaps when they will be put to no good use. Either the present system has failed and the people who installed that system should be made to pay to the City of Boston the amount covered by the failure, or else the people working there are not handling the situation properly. If the latter situation is true, this new system will in no way help the present condition. It is proposed to place two lights over each end of the tunnel, 30 feet from where the automobiles enter, and after the money is paid and the driver starts his car a light will flash showing the amount paid. It is a light similar to that on the Mount Hope Bridge going into Newport. Obviously, when 15 or 25 cents is paid and an amount less than that is indicated by the light, after the driver of the car has started up his car he is certainly not going to stop his car and, with automobiles in line behind him, try to point out that somebody is not collecting or recording all the money taken in, and certainly there is nobody down there outside of the men who collect the money themselves to supervise this flashing signal. It seems to me that not only is it unnecessary to spend \$4,000 for this system but also it is unjust to take the money from the income of the tunnel when the general taxpayers of the city will be called upon to make up any deficiency caused

by the operation of the tunnel or the interest on the entire cost of it. It seems to me furthermore, to be bad practice to admit, before the thing is under way, or if they will do so, to admit openly and frankly that the present system has failed and the men operating it are to blame, or the men who constructed the tunnel or the approaches to it. I cannot see in the first place, how this \$4,000 will bring efficiency there. It is aimed to make the people who use the tunnel act as policemen after they have paid their fare to the men on the job at the tunnel, and that is a thing I do think is fair, either to the men working there or to the men who pay their money, and go into the tunnel and are expected, in a jam of traffic, if something goes wrong and the man does not indicate the proper amount on the flash, to tell him that he is wrong. Further than that, assuming you have an ideal public-spirited citizen who spots the wrong amount flashed on the board and stops his car and runs back to tell the man at the gate that he has made the error of indicating a higher or lower figure, by the time that has happened a succeeding car following this car of the ideal citizen will have gone through and that amount will be indicated and not the previous amount which had been indicated in error. For that reason I think that if these two items could be separated, that the first is a proper expenditure, but that expenditure of \$4,000 I feel is, first, improper because of the manner in which the payment is to be used, namely, from the revenue of the tunnel itself, and second, because it will not render it efficient, and third, because it condemns the people who work on the tunnel, and also the people who use it.

Coun. WILSON—Mr. President, can these amounts be separated?

Chairman GALLAGHER—Yes, sir.

Coun. WILSON—Then I move that they be divided and voted on separately.

The item of \$4,000 for electrical construction was passed, yeas 13; nays—Coun. Agnew, Goldman, Tobin, Wilson—4.

The question came on the passage of the item of \$5,000 for sewer and water construction.

Coun. WILSON—Mr. President, with reference to the item remaining to be voted upon, that calling for the installation, as I understand it, of a water main along the wall of the tunnel, I would urge that that matter be sent back to the Executive Committee for conference or for some conference with the Public Works Commissioner to ascertain in regard to the possibility of perhaps placing fire extinguishers in the tunnel. I do not understand that the tunnel itself is subject to burning up. The bad fire which occurred there last Saturday was on a vehicle passing through the tunnel. It is amazing, in view of the amount varying between \$19,000,000 and many times that sum that was spent on the tunnel, to find that this is the one tunnel in all of the United States that has the water pipes carried in the concrete along the walls. Even granting that that serious error was made, I question the advisability of a snap judgment, between last Saturday and this morning, to determine whether we should install water mains along the beautiful tiled walls of the tunnel. I suggest, being a practical man, the installation of fire extinguishers at much less cost and much more practical benefit even in the tunnel, rather than the installation of any water main for its entire length, and I move that the order be sent back to the Executive Committee.

Chairman GALLAGHER—The Chair rules that the motion is out of order due to the fact that the order has now been divided.

Coun. ROBERTS—I move that the second item be laid on the table.

The motion was declared carried.

Coun. WILSON—I doubt the vote, Mr. President.

Chairman GALLAGHER—Coun. Wilson doubts the vote.

Coun. WILSON—Pardon me, I misunderstood.

Coun. MURRAY—I doubt the vote and ask for a roll call.

Coun. GREEN—Mr. President, a point of information. Can anybody tell the Council whether this is for exclusively fire purposes, or is it a food?

Several VOICES—We do not know.

Chairman GALLAGHER—It is a water main, councilors.

Coun. GREEN—I know it is a water main. Chairman GALLAGHER—As there is no more of having the order on the table, I will lay it on the table.

Coun. GREEN—Mr. President, I do not think my question has been answered.

Chairman GALLAGHER—Just a moment and we will try to answer it. The only question here is to replace water pipes. The question comes on having the order on the table.

The motion to lay the item on the table was carried, yeas, Coun. Agnew, Donovan, Dowd, England, Fish, Goldman, Green, Roberts,

Shattuck, Tobin, Wilson—11; nays, Coun. Brackman, Doherty, Finley, Gallagher, Kerigan—5.

11. Report on the order (referred today) authorizing a lease of land on Chestnut Hill avenue to Temple B'Nai Moshe—that the order ought to pass.

Report accepted; order passed.

12. Report on the order (referred today) requesting consideration of the removal of Federal Administrator Rotch—that the order ought to pass.

The report of the committee was accepted and the question came on the passage of the order.

Coun. FINLEY—Mr. President, on this order I have made myself clear in Executive Committee. I believe that no action should be taken until Mr. Rotch is given an opportunity to be heard by the members of the Council. I move that this order be laid on the table until such time as Mr. Rotch can be brought before the members of the Council for the purpose of questioning him and hearing his side of the case.

The motion to lay on the table was declared lost.

Coun. FINLEY doubted the vote and asked for a roll call.

The motion to lay on the table was lost, yeas, Coun. Finley, Green, Murray, Roberts, Shattuck—5; nays—12.

The order was passed.

Coun. GREEN—Mr. President, I ask unanimous consent to make a statement?

Chairman GALLAGHER—Any objection? (No response.)

Coun. GREEN—J just want to qualify my vote by saying, Mr. President, that I was always a firm believer that every man is entitled to his day in Court.

INVITATION TO FATHER COUGHLIN.

Coun. FISH offered the following:
Ordered, That the President of the City Council invite the Rev. Charles E. Coughlin, apostle of social justice and social security, and who is now in Boston, to appear before the City Council at a specially called meeting as our distinguished guest.

Chairman GALLAGHER—The order will be referred to the Committee on Rules.

Coun. DOWD—Mr. President, I do not believe that if the Reverend Father Coughlin is in Boston that we should refer this matter to the Committee on Rules. As a matter of courtesy, if the reverend gentleman is in Boston, and the Council so desire, I should think we could call a special meeting and give up part of our day to listen to this distinguished gentleman, and I do not think it should be buried in the graveyard of the Committee on Rules.

Coun. GREEN—Mr. President, the Rev. Charles E. Coughlin was invited to the State House today, where he is now speaking, and I think he should be invited here to address the City Council.

Chairman GALLAGHER—For the information of the Council, Father Coughlin's appearance at the State House was at the invitation of the Governor.

Coun. DOWD—I move, Mr. President, that the rules be suspended and the order passed.
The order was passed under a suspension of the rule.

ACCEPTANCE OF PENRYTH STREET.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to accept and lay out Penryth street, Ward 11, as a public highway.

Passed under suspension of the rule.

FRAUDULENT TAX COLLECTIONS.

Coun. BRACKMAN offered the following:
Ordered, That his Honor the Mayor be requested to instruct the City Council to make the proper provisions for the abatement of penalties and interest in behalf of the taxpayers who were defrauded by a former agent of the collector's office, wherein they are required to pay their taxes for the second time.

Coun. BRACKMAN—Just a word in connection with this order. This refers to a situation where one of the clerks in the collector's office recently defrauded the taxpayers by collecting from them and converting these payments to his own pockets. I understand the taxpayers will have to repay the taxes and I ask that at least the penalties and interest be abated. I do not think these additional expenses should be placed upon these defrauded taxpayers.

Coun. MURRAY—Mr. President, I believe the people should not be forced to pay these taxes a second time. If they paid their taxes and the bills are receipted properly, I believe the city is liable. I have an amendment to offer.

Chairman GALLAGHER—The gentleman will please state his amendment.

Coun. MURRAY—That the City of Boston pay the taxes and not have the people pay them again.

Chairman GALLAGHER—The Chair will have to rule the amendment out of order.

The order was passed under suspension of the rule.

PAVING OF BURNEY STREET.

Coun. DOHERTY offered the following:
Ordered, That the Commissioner of the Public Works Department be requested, through his Honor the Mayor, to resurface with smooth paving Burney street, Ward 10, under the W. P. A. type of construction.

Passed under suspension of the rule.

SIDEWALK, HIGH STREET.

Coun. TOBIN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along High street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALKS, VERMONT STREET.

Coun. FINLEY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Vermont street, Potomac street to Mt. Vernon street (both sides), Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Vermont street, La Grange street to Potomac street (both sides), Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

ACCEPTANCE OF WADSWORTH STREET.

Coun. AGNEW offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to accept and lay out as a W. P. A. project Wadsworth street, Ward 21, under the W. P. A. type of construction.

Passed under suspension of the rule.

ACCEPTANCE OF WALBRIDGE STREET.

Coun. AGNEW offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to accept and lay out as a W. P. A. project Walbridge street, Ward 21, under the W. P. A. type of construction.

Passed under suspension of the rule.

NORTHERN AVENUE BRIDGE DELAY.

Coun. WILSON and Coun. DONOVAN offered the following:

Ordered, That his Honor the Mayor be requested to advise the City Council forthwith as to the reason for the continued delay in reopening the Northern Avenue Bridge which was closed as long ago as January, 1934, and a loan order for the repairing of which was passed by the City Council April 30, 1934.

Coun. WILSON—Mr. President, the Northern Avenue Bridge was closed as long ago as January 26 of last year. A million-dollar loan order for an entirely new bridge having been defeated by the Council, the order for

repairs in the sum of \$375,000 was given a second reading as long ago as April of last year. The city has now been well over a year and a half bungling around a repair job on a bridge over a channel that Councilor Gleason could throw a baseball across. You would think we were constructing the seven and a half mile double deck bridge across San Francisco Bay to Oakland, with six traffic lanes and two interwoven lines. Why, the Sumner Tunnel under the harbor was completed in just over three years, and I submit there is no valid excuse for the continued delay in the reopening of the Northern Avenue Bridge, which is crippling industrial, freight and steamship service in the dock area of the city.

The order was passed under suspension of the rule.

TRAFFIC TUNNEL TOLLS.

Coun. WILSON offered the following:
Ordered, That his Honor the Mayor be requested to consider the early advisability of such changes in traffic regulations through the Sumner Tunnel as will provide for a return to the original schedule of toll rates between the hours of 12.30 and 2.30 p. m., and between the hours of 6.30 and 8.30 p. m.

Coun. WILSON—On June 5, 1929, in this room a public hearing was held on the question of acceptance of the act passed by the Legislature authorizing the construction of a tunnel consisting of two or more lines for vehicular traffic at a cost not to exceed \$16,000,000, and at that time, those then comprising this body had a lot of expert advice. Both Colonel Sullivan of the Transit Commission and Mr. Harriman stated that the proposed tunnel could be built for less than \$16,000,000. Mr. Harriman said on that basis it could be 26 feet wide. It was generally agreed that it should not be less than 22 feet wide. The Planning Board asserted that the tunnel would easily carry itself from the start. Colonel Sullivan looked for a deficit for the first eight years at least. The Planning Board said that capacity traffic in the tunnel would be six million cars annually. On November 18, 1929, there was a further hearing by the Council on receipt of formal notice from the State Commissioner of Public Works with reference to the application by the Transit Commission for approval of plans for the tunnel. It was then brought out that it was proposed to build the tunnel only 20 feet wide. At that time the late Councilor Donovan of East Boston urged a width of 22 feet 10 inches, and I urged a minimum width of 22 feet, if only for emergency purposes, and having in mind the original assurances made to the Council in June of 1929. I said: "The widest approaches in the world will not help much if the tunnel itself is choked." They told us then that the plans could not be changed from 20 feet, even though Mr. Harriman had said in June that the estimates would permit a 26-foot width, but the tunnel was finally built with a 21-foot 6-inch roadway. And so the tunnel, conceived under Nichols, built under Curley, and formally opened with numerous speeches and a band concert under Mansfield, a few months after he took office, began doing business on June 30, 1934. We have been doing business over a year, therefore, and we should be able to tell how nearly we have reached that capacity load, estimated by the Planning Board in June, 1929, as six million vehicles annually. Try and find out any accurate figures on the rather important point of how many cars have passed through the tunnel! Instead of working out some systematic method of attracting and handling vehicular traffic through a tunnel that shows a deficit for the first year of operation, and instead of working out a system whereby daily receipts may accurately balance daily traffic volume, the mountain has labored and brought forth a mouse! \$2,000 of the taxpayers' money is to be used for artistic changes in the lettering at the entrances to the tunnel, so that future generations may be correctly informed that, although the construction work on the tunnel was commenced in March of 1931, and thereafter virtually completed under Curley, the band concert and the speeches occurred on June 30 of last year. We have \$3,000,000 approaches to the tunnel on the Boston end clogged with an open-air market on the busiest day of each week. We have eight and sometimes more separate lines of automobiles converging on two or three entrances to enter the tunnel in a single line. One exclusive entrance is reserved for "City-owned vehicles and ambulances," although it might well be used for additional exit facilities. No one can really

give any accurate figures for the first year of operation, and I was informed Saturday that trouble with the treadle counter has prevented a proper count of the vehicles. Under date of August 13, 1935, in a letter, I am informed that Mr. John J. Connolly, secretary of the chief clerk of the Public Works Department, has reported that 3,839,000 vehicles passed through the tunnel from February 13 to August 4, inclusive, of this year. This figure includes vehicles passing both ways. Mr. Connolly regrets that, because of trouble with the counter, it is impossible at this time to give any figures from the period from June 30, 1934, to February 13, 1935. So that, if the Public Works Department is short of help, one possible E. R. A. project, superior to shooting sparrows or playing pinocle on Boston Common, might well suggest stationing checkers at each end of the tunnel. Or would that procedure give too much information? Last Saturday there occurred both on the in-town and at the East Boston end of the tunnel, one of the worst traffic tie-ups in the history of the city. Such experiences will positively drive away patronage from the tunnel toll gates. I admit that racing seasons at Suffolk Downs and at the Wonderland Dog Track have concentrated traffic at certain hours. Any patron of either track certainly can afford the original rate of 25 cents through the tunnel, and would welcome the 10-cent increase if traffic could be lightened at that period of time when they use the tunnel. The rate was reduced to 15 cents to attract vehicles to a losing toll route. Even if proper figures are not available, a ten-year-old child could tell by observation that at certain periods of the day capacity has been reached, and the figures of the Public Works Department that I have just read, if they are accurate, show that capacity has been reached. Regulations with reference to the tunnel should be somewhat flexible and subject to reasonable experiment. Reduction of the price to 15 cents was itself an experiment. Slow trucks were barred during two peak hours, also as an experiment. I therefore urge the logic of a return to the 25-cent toll, between the hours of 12.30 and 2.30 p. m., and between the hours of 6.30 and 8.30 p. m. I feel such a rule would not only help to make the tunnel more nearly self-supporting on a year-round basis, but as a matter of convenience would be a factor in spreading out traffic into less congested periods. It is certainly preferable to the suggestion of all one-way traffic during certain periods of the day. And I call to the attention of the few members of the Council who are here now, that the order is not an order other than to request the Mayor at this time to take up the question of the advisability of reverting to the original toll charge of 25 cents a vehicle during those two specific, concentrated peak hours of the day.

Chairman GALLAGHER—The order will be referred to the Executive Committee.

FRAUDULENT COLLECTIONS.

Coun. MURRAY offered the following:
Ordered, That the City of Boston make good the losses of persons who paid in good faith and were allegedly swindled by an employee in the Collecting Department.
Passed under suspension of the rule.

CLEANING STREETS, WARD 7.

Coun. KERRIGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have the streets of Ward 7 cleaned and left in good condition.
Passed under suspension of the rule.

PAVING EAST SIXTH STREET.

Coun. DONOVAN and Coun. KERRIGAN offered the following:
Ordered, That the Commissioner of the Public Works Department, through his Honor the Mayor, be requested to repave with smooth paving East Sixth street, Ward 6.
Passed under suspension of the rule.

PAVING WEST FOURTH STREET.

Coun. DONOVAN offered the following:
Ordered, That the Commissioner of the Public Works Department, through his Honor

the Mayor, be requested to repave with smooth paving West Fourth street, Ward 6.
Passed under suspension of the rule.

NAMING CASTLE ISLAND PROMENADE.

Coun. DONOVAN offered the following:
Ordered, That his Honor the Mayor request the Commissioner of the Park Department to name the promenade around Castle Island in honor of the Rev. Timothy J. O'Connor, provided the War Department will grant such permission.
Passed under suspension of the rule.

ACCEPTANCE OF HUTCHINS AVENUE.

Coun. DOHERTY offered the following:
Ordered, That the Commissioner of the Public Works Department, through his Honor the Mayor, be requested to accept and lay out under the W. P. A. type of construction Hutchins avenue, Ward 10.
Passed under suspension of the rule.

NEXT MEETING.

On motion of Coun. BRACKMAN it was voted that when the Council adjourn it be to meet on September 9.

Adjourned, on motion of Coun. ROBERTS, at 6 p. m., to meet on Monday, September 9, 1935, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

DIETITIAN, MEDFIELD STATE HOSPITAL,
DEPARTMENT OF MENTAL DISEASES,
SEPTEMBER 21, 1935.

Last date for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,560 a year.

Duties: Under direction, to have charge of the kitchen service and the planning, preparation and serving of meals and to perform related work as required.

Credit will be given in the examination to applicants who are graduates of a domestic science course and have had some experience.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

LOCOMOTIVE INSPECTOR, DEPARTMENT OF PUBLIC UTILITIES, SEPTEMBER 21, 1935.

Last day for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under general supervision to make examination of locomotives and locomotive boilers in the enforcement of laws and regulations governing public utilities and to perform related work as required.

Applicants should have experience in mechanical engineering and the maintenance of locomotives and other railroad equipment.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness as determined by an oral interview, 3; total, 10.

Passing Requirement: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of New England is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

1934 PAVING BRICK SHIPMENTS DOUBLE 1933.

According to reports received in December by the National Paving Brick Association, Washington, D. C., the total shipments of paving brick used in 1934 were expected to attain a total of 125,000,000, at least double the quantity used in brick pavements in 1933. O. W. Renkert, of Canton, Ohio, president of the association, accounts for this 100 per cent increase over the previous year by citing several factors responsible for expanding the use of vitrified brick as a street and highway surfacing material. The construction of widened arteries of traffic in and through municipalities has been favorable to the heavy-duty type of pavement, such as brick. Relief to traffic is provided where there is the most congestion, and employment is afforded in populated districts where distress is the greatest.

DOUBLE TAXATION NOT THE WHOLE TAX CONFLICT.

Double taxation, which to most people means two taxes on the same thing from different sources.—Federal and State or two states,—is only a part of the problem of conflicting taxation, says James W. Martin, Research Director of the Interstate Commission on Conflicting Taxation. The commission, set up by the Interstate Assembly representing the various states, which was called together by the American Legislators' Association in 1933, will report results of its subsequent study of conflicting taxation early in 1935.

MAYOR MANSFIELD DESIGNATES "CLEAN-UP WEEK" FOR BOSTON.

Upon August 26 the Mayor issued the following statement:

The week of September 23 is hereby designated and set aside as "Clean-up Week" during which period all citizens are urged to clean up thoroughly all property owned or controlled by them not only as a health measure and fire preventative but for the beautification of our city. All citizens are urged to clean out from attics, cellars, garages, unused rooms, back yards and alley ways, all rubbish and waste material, and to place it upon or near the curb in front of their property so that it may be readily removed by the trucks of the Sanitary Department.

And all citizens are especially invited and earnestly exhorted to cooperate with city officials in an attempt to make the city clean and to keep it clean. To this end they are asked to observe the laws and ordinances applicable to the City of Boston and not only to refrain from casting sweepings into the streets from stores, houses and sidewalks, but in this spirit of cooperation to keep the streets in front of their premises free from paper and the accumulation of rubbish and waste. Some thoughtfulness and very little effort on the part of all citizens will make a wonderful improvement in our streets in a very short while.

The citizens are also informed that it is the intention of the Mayor to offer suitable prizes for the best appearing streets and neighborhoods in the city and that he is appealing to all improvement societies, boards of trade and neighborhood associations of every kind to help him to make and keep all neighborhoods clean. The Mayor wishes the names of all improvement and neighborhood societies in the city with the names and addresses of the presidents and secretaries, and such information is requested to be sent to Mayor's secretary, Arthur J. O'Keefe, Mayor's Office, City Hall.

I appeal to all citizens to make an effort to get rid of the rubbish and waste which now constitutes a health and fire menace and to make and keep the streets of the City of Boston clean.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ELECTRICAL MATERIAL TO THE PARK DEPARTMENT.

Proposals on blanks obtained at the office of the Supply Department, 801 City Hall Annex, for furnishing electrical material to the Park Department, signed by the bidder and left before 12 o'clock noon on Monday, September 9, 1935, at the office of the Supply Department, with a certified check for \$200, payable to and to be the property of the city if the proposal is not carried out, will then and there be publicly opened and read. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 31.) Superintendent of Supplies.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN WELD STREET, WARD 20, FROM CERDAN AVENUE AND MOREY ROAD TO WEST ROXBURY PARKWAY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Weld street, Ward 20, from Cerdan avenue and Morey road to West Roxbury Parkway. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope sealed, marked "Proposal for Sheet Asphalt Pavement in Weld Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 10, 1935, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Aug. 31.) Commissioner of Public Works.

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING TRUCKS FOR CARTAGE.

The Overseers of the Public Welfare of the City of Boston invite proposals for furnishing trucks according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. *There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out.* Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for one hundred (100) dollars payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, September 11, 1935, at which time and place they will be publicly opened and read. A duplicate proposal without check must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,
JAMES A. McMURRY,
(Aug. 31-Sept. 7.) Chairman.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FUEL OIL TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing fuel oil to the various city departments until September 30, 1936, inclusive. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of seventy cents (\$0.70) a set for each set of proposals taken out.* The bidder must leave his proposal, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Thursday, September 12, 1935. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 31.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FUEL OIL TO THE FIREBOAT AND THE INSTITUTIONS DEPARTMENT BOAT.

The Supply Department of the City of Boston invites proposals for furnishing fuel oil to the fireboat and the Institutions Department boat until September 30, 1936, inclusive. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801 City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Thursday, September 12, 1935. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 31.) Superintendent of Supplies.

CHANGE IN DATE FOR OPENING OF BIDS.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASSACHUSETTS, NATIONAL INDUSTRIAL RECOVERY PROJECT, P. W. A. DOCKET NO. 4217 W. R.

SPECIAL NOTICE TO GENERAL CONTRACTORS.

Contractors are hereby notified that the opening of sealed proposals to erect and complete an addition and alterations to the Robert Gould Shaw Intermediate School in the District of West Roxbury, Mass., is hereby deferred and the day for opening of bids is extended to 2 o'clock p. m. of Tuesday, September 3, 1935, and all of the terms and conditions contained in the notice of July 13, 1935, shall apply to this notice.

WM. W. DRUMMEY,
(Aug. 31.) Superintendent of Construction.

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (*viz.*, 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capitas are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (*i. e.*, 10.3 per cent) over 1920. Of said total, 2,940,335 (*i. e.*, 69.19 per cent) were in the cities and 1,309,279 (*i. e.*, 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

POPULATION OF UNITED STATES, 1930.

Total inhabitants of continental United States, 122,775,046, or 62,137,080 males and 60,637,966 females. Total native white, 95,497,800 or 48,010,145 males and 47,487,655 females; native white of native parentage 70,136,614 or 35,460,001 males and 34,676,613 females; native whites of foreign parentage, 16,999,221 (8,438,676 males and 8,560,545 females); native whites of mixed parentage, 8,361,965 (4,111,468 males and 4,250,497 females); foreign-born whites, 13,366,407, or 7,153,709 males and 6,212,698 females; total foreign white stock, 38,727,593, or 19,703,853 males and 19,023,740 females; Negroes, 11,891,143, or 5,855,669 males and 6,035,474 females; Mexicans, 1,422,533, or 758,674 males and 663,859 females; Indians, 332,397, or 170,350 males and 162,047 females; Japanese, 138,834, or 81,771 males and 57,063 females; Chinese, 74,954, or 59,802 males and 15,152 females; all others, 50,978, or 46,960 males and 4,018 females.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1816; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1817; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females); total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, SEPTEMBER 7, 1935.

NO. 36

MAYOR MANSFIELD ABANDONS EFFORTS TO SECURE THE REMOVAL OF THE BOSTON ELEVATED STRUCTURE AFTER STRENUOUS ATTEMPTS TO ADJUST THE SITUATION TO MEET CONDITIONS AS PROVIDED IN THE ENABLING ACT—FINDS THAT APPLICATION FOR FEDERAL FUNDS FOR THE PURPOSE WOULD BE BUT AN IDLE AND FUTILE GESTURE, AFTER CONFERENCES AND CONSULTATION WITH COLONEL PARKER.

Mayor Mansfield, on September 4, announced his attitude toward the proposed removal of the Boston Elevated structure in the following statement:

I do not intend to file with Colonel Parker an informal application for an allotment of Federal funds for the removal of the elevated structure and the substitution of a tunnel. Such an application would merely be an idle gesture, in view of the fact that the act itself cannot become operative until it is accepted by the directors and then by the stockholders of the Elevated. Colonel Parker has informed me that he does not see how he could accept such an application, although if one were made he would feel it his duty to forward it to Washington, but that because of the action of the railway company in refusing to accept the legislation he could see but little hope for allocation of funds.

And there is another point to be considered. The mere application for a Federal allotment of funds, even though informal and with little expectation that the allotment will be granted, might have an adverse effect upon the finances of the city, which are at present in excellent condition, as is shown by the bids received for our last sale of bonds. Such an application would have the same effect as an actual obligation of the city because prospective investors in order to protect themselves would have to allow for the possibility of the application being granted, in which case the city would be required to issue bonds to defray its share of the tremendous expense. That would make the investors cautious and would certainly be reflected in the price which Boston would have to pay for its necessary financing in anticipation of taxes. And all of this would have an adverse effect upon the tax rate as well, as any additional price which we have to pay for borrowed money must come out of the taxpayer's pocket.

Under these circumstances I do not propose to put the city in the position of having applied for a Federal grant, which in all probability never would be allowed but would have the same effect in a sensitive financial market as the actual incurring of a new and very heavy debt would have. An actual allotment of Federal funds with its consequent heavy addition to the debt of the city, which would have to be assumed by the taxpayers, would be serious enough, but to cause the same result with its consequent effect upon the credit of the city for no gain whatever by making an application for a loan which in all likelihood never would be granted, would be infinitely worse.

Trend of Correspondence.

The following is a copy of letter from Chairman of the Board of Directors, Boston Elevated Railway Company, to Mayor Mansfield:

Boston, September 3, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Responding to the request in your letter of August 27, 1935, that the Board of Directors advise you what terms they would consider adequate and fair in connection with the proposed removal of the elevated structures under chapter 492 of the Acts of 1935, there is inclosed herewith a memorandum of suggested amendments to that act which would make it acceptable to the Board and would justify them in recommending its acceptance to the stockholders.

The main objection to the act in its present form is that no provision is made for taking care of the company's investment in the elevated structures to be removed. The total cost of these structures is shown in figures furnished by the Public Trustees to be \$10,316,095, against which accrued depreciation of \$2,272,500 has been charged, leaving a balance of \$8,043,595 to be taken care of during the forty years of the proposed rent free lease.

The suggested amendments provide for taking care of this investment by paying the amount now being charged for depreciation on these structures into a fund to be invested in bonds of the company or other securities legal for savings banks and being eventually used to retire bonds of the company.

There is inclosed herewith a copy of a letter which is being sent to the Governor, accompanied by the same suggestions as to amendment of the act.

Yours truly,

JOSEPH P. MANNING,
*Chairman, Board of Directors,
Boston Elevated Railway Company.*

(Continued on page 1131.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, September 9, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 31, 1935:
Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 133; nonresidents, 40; total, 173.
Death rate per 1,000 of population: All deaths, 11.26; nonresidents deducted, 8.66.

Death rate per 1,000 of population:

Last week, 12.96; corresponding week last year, 12.16.

Deaths by age periods, sex, etc.: Under one year, 13; one year to four years, inclusive, 5; sixty years and over, 81. Total deaths: Male, 95; female, 78; deaths in hospitals and institutions, 115; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

REMOVAL OF BOSTON ELEVATED STRUCTURE.

(Continued from page 1129.)

AMENDMENTS TO CHAPTER 492 OF 1935 SUGGESTED BY BOARD OF DIRECTORS.

Insert after Section 10, two new sections, reading as follows:

"SECT. 10A. Upon commencement of the use of the premises by the company, it shall be the duty of the Board of Trustees, acting under chapter 159 of the Special Acts of 1918 as amended, to include in the cost of service under said chapter an amount in each year equal to the amount theretofore being charged for depreciation on account of the elevated structures conveyed to the city. The trustees shall set aside the amount so included in the cost of service as a separate fund which shall be invested in bonds of the company or other securities legal for Massachusetts savings banks until the expiration of forty years or until such earlier time as said fund shall have a liquidating value equal to the cost of the elevated structures so conveyed less the depreciation charged against such cost up to the time of such conveyance, and thereupon said fund shall be applied to the purchase and cancellation of bonds of the company. In the event public management and operation of the company shall terminate before the expiration of forty years from the beginning of said use, the company shall have the right, during the remainder of said forty years, to include in the cost of service the same amount which the trustees are required to include under the foregoing provisions, and the company shall likewise keep the amount so included in said separate fund to be invested in like manner and likewise applied to the purchase and cancellation of bonds of the company. If at any time the railway properties of the company shall be taken by the Commonwealth or any political subdivision thereof, the unexpired term of the contract for the use of the premises shall in determining the damages for such taking be allowed a value equal to the balance of the cost of said elevated structures after deducting the value of said separate fund.

"SECT. 10B. The conveyance by the company of any elevated structures to the city and the execution of a contract for the use of the premises and equipment pursuant to the provisions of this act shall not in any respect impair the rights of the company under the provisions of said chapter 159 of the Special Acts of 1918 or any acts in amendment or extension thereof, except that upon the transfer of title of said elevated structures to the city, the duty of the Board of Trustees to maintain the structures so transferred shall terminate."

LETTER TO GOVERNOR.

The following is a copy of letter sent to Governor Curley by Joseph P. Manning, Chairman, Board of Directors, Boston Elevated Railway Company:

BOSTON, September 3, 1935.

HON. JAMES M. CURLEY,
Governor of the Commonwealth of
Massachusetts.

YOUR EXCELLENCY,—Since the conference with your Excellency, the Mayor of Boston and the Public Trustees on August 29, the Board of Directors of this company have given further and careful consideration to the problem presented by the proposed removal of certain elevated structures under chapter 492 of 1935, and beg to submit the reasons for not accept-

ing the act in its present form and to suggest certain amendments which would make it acceptable.

The act contemplates that the company shall, upon completion of the tunnels authorized therein, convey to the City of Boston the elevated structures from Sullivan square to the north end of the Washington Street Tunnel and from the south end of the Washington Street Tunnel to the vicinity of Dudley street, and that the City of Boston shall give to the company a forty-year lease rent free of the new tunnels. The main objection to the acceptance of the act by the company in its present form is that no provision is made for taking care of the company's investment in the elevated structures to be removed.

Figures furnished by the trustees show that the cost of the elevated structures involved, including the Sullivan square and Dudley street terminals, is \$10,316,095, on account of which accrued depreciation has already been charged of \$2,272,500, leaving a balance of investment of \$8,043,595. The transfer of the elevated structures to the city would remove assets of this amount from the company's balance sheet, and in place of them would be the forty-year lease. At the expiration of the lease the company would have nothing in place of its present investment unless during the term of the lease provision is made to amortize the cost of the lease. This could be done if the trustees are authorized to continue to charge in the cost of operation the same amount now being charged for depreciation, and to keep the sum so charged in a fund to be invested in bonds of the company or other securities legal for savings banks, which fund at the end of forty years or at such earlier time as it is equivalent to the cost of the elevated structures conveyed to the city less depreciation charged thereon would be applied to the purchase and cancellation of bonds of the company. The amount now being charged for depreciation on these structures, we are informed by the trustees, is \$138,679 per year.

It has been suggested that the provisions of the Public Control Act of 1918 are a sufficient protection to the stockholders and bondholders. Under section 13 of that act it is the duty of the trustees "to maintain the property in good operating condition and to make such provision for depreciation, obsolescence and rehabilitation that, upon the expiration of the period of public management and operation, the property shall be in good operating condition." The transfer of the elevated structures to the City of Boston removes that property from the control of the trustees and substitutes for it the lease, and the Public Control Act does not make it the duty of the trustees to amortize the lease. It is true that under section 6 the cost of service is defined to include such allowance as the trustees may deem necessary or advisable for depreciation, obsolescence or losses in respect of property sold, destroyed or abandoned and other charges which may be properly chargeable against income or surplus. While under this section the trustees might be justified in charging amortization of the free lease into the annual cost of service, it would be discretionary on their part, and while the present trustees might exercise their discretion in favor of making such charges, future trustees might decide otherwise in the absence of a compelling statutory requirement.

There is inclosed herewith a draft of suggested amendments to chapter 492 of 1935. If these amendments or other acceptable amendments are made, the Board of Directors would be willing to accept the act and would recommend its acceptance to the stockholders. Until such amendments or other acceptable amendments are adopted the directors feel that they cannot recede from the position they have already taken.

Yours very truly,

JOSEPH P. MANNING,
Chairman, Board of Directors,
Boston Elevated Railway Company.

MAYOR'S LETTER TO CITY COUNCIL.

BOSTON, September 3, 1935.

To the City Council.

GENTLEMEN,—I am transmitting herewith for consideration and action by your Honorable Body, chapter 492 of the Acts of 1935 which, in brief, provides for the removal of the elevated structure and the substitution of a tunnel or subway. By its terms (excepting section 6, which authorizes preliminary surveys and the like), this act does not take effect until it is accepted by both the City Council approved by the Mayor, and by vote of the stockholders and Board of Directors of the Boston Elevated Railway Company.

The act is purely permissive and does not oblige the city to take any steps whatever under it, but if the city is to proceed under it acceptance by your Honorable Body is necessary.

In order that the city may be in a position to take advantage of the terms of the act if that shall be deemed advisable and the Federal requirements can be certified, I respectfully recommend the acceptance of this act by your Honorable Body.

FREDERICK W. MANSFIELD, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PENAL INSTITUTIONS DEPARTMENT.

Penal Institutions Department.

For the week ending Thursday, August 22:

House of Correction.

Andrew Para, engineer, 1 day, \$7.50.

Public Works Department (Sewer Service).

For the week ending Thursday, August 29:

Emanuel S. Clancy, Richard E. Dealey, oilers, 2 days, \$13.83 each.

Patrick J. Gleason, fireman, 1 day, \$6.92.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted February 20, 1935, and were effective March 4, 1935, for a trial period of three (3) months, and were extended for three (3) months from June 4, 1935, are hereby extended for a further trial period of three (3) months from September 4, 1935:

Parking of vehicles is prohibited in the following street:

Faulkner Street, Dorchester.

South side, from Dorchester avenue to the Boston Elevated Railway private roadway.

The following is a two-way street:

Ash Street.

From Oak street to Bennet street.

CIRCULAR LETTER NO. 28.

CITY OF BOSTON,

MAYOR'S OFFICE, August 29, 1935.

To All Heads of Departments.

In submitting W. P. A. projects to the Works Projects Board the Mayor would naturally favor those which provide the largest percentage for labor and the smallest percentage for materials. But this does not mean that the Mayor requires 100 per cent Federal grants. The object is to put as many men to work as possible and if this requires contribution by the city for materials the Mayor is ready to approve such projects. Even projects involving from 20 per cent to 50 per cent for materials should not be held back, but should be submitted for consideration by the Works Projects Board.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

MAYOR MANSFIELD MOURNS PASSING OF JOSEPH J. HURLEY.

Like every other citizen of Boston the Mayor was greatly shocked by the untimely death of Joseph J. Hurley. Although still a young man he had already achieved a position of high reputation and was such on the high road to greater things.

"Joe" Hurley was a man of naturally sweet character with a very happy family of a mother and seven young children. He will be missed by all who knew him and the City, State and Nation have sustained very grave loss.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 29 the Mayor approved a contract with John Bowen Company, Incorporated, for erecting and completing an intermediate school in the Washington Irving District, Cummins Highway, Hawthorne and Sycamore streets, West Roxbury district, P. W. A. Project, Docket No. 4217R. Bids, opened August 22, were as follows:

John Bowen Company, \$721,300 (deduct \$4,000 if salt-glazed brick tile is used in place of salt-glazed brick); M. S. Kelliher Company, \$724,483; George A. Fuller Company, \$724,999; Rugo Construction Company, \$727,000; Matthew Cummings Company, \$743,000; T. O'Connor Company, \$748,912; T. J. Cantwell & Son, \$764,369.

Upon August 29 the Mayor approved a contract with the Capital Plumbing and Heating Company for installing a new ventilating system for the toilets at the English High School. Bids, opened August 23, were as follows:

Capital Plumbing and Heating Company, \$1,348; Delbrook Ventilating Company, \$1,374.

Upon August 29 the Mayor approved a contract with Tuttle & Bailey, Incorporated, for furnishing and setting up steel lockers at the East Boston High School. Bids, opened August 23, were as follows:

Tuttle & Bailey, Incorporated, \$1,817.42; alternate No. 1, \$1,702.22; Thorp & Martin, \$1,984.32; alternate No. 1, \$1,869.12; Lyon Metal Products, Incorporated, \$1,984.32; alternate No. 1, \$1,869.12; Bergen Manufacturing Company, \$1,984.32; alternate No. 1, deduct, \$115.20; J. L. Hammett Company, \$1,984.32; alternate No. 1, \$1,869.12; All Steel Equipment Company, \$1,984.32; alternate No. 1, \$1,869.12; Art Metal Constructing Company, \$1,984.32; alternate No. 1, deduct, \$115.20; International Engineering Works, \$1,984.32; alternate No. 1, \$1,869.12; Electric Service Supplies, \$1,984.36.

Alternate No. 1, Dudley S-530 locks instead of Independent No. 4075 as called for in the specifications.

PENAL INSTITUTIONS DEPARTMENT.

Upon September 4 the Mayor approved a contract with A. Orlando, Incorporated, for repairing of wharves at the House of Correction, Deer Island. Bids, opened Tuesday, September 3, were as follows:

A. Orlando, Incorporated, \$5,730; Joseph N. Fish, \$6,477.50; Rendle Contracting and Dock Building Company, \$6,490; W. H. Ellis & Son Company, \$6,940; John F. Shea Company, Incorporated, \$7,061; Franklin A. Snow Company, \$8,315.

SUPPLY DEPARTMENT.

Upon August 29 the Mayor approved contracts with low bidders for furnishing meats to the various city departments during September. Bids opened August 22. The approximate totals of awards were as follows:

Armour & Co., \$14,047.42; Bornstein & Co., \$8,108.38; Batchelder & Snyder Company, Incorporated, \$3,672; Wald-

Baram Company, \$2,782.91; Swift & Co., \$1,368.52; Adolf Gobel, Incorporated, \$1,269.41; Wattendorf & Co., Incorporated, \$1,092; Albert Richards Company, Incorporated, \$1,037.20; Faneuil Beef Company, \$1,033; Fred W. Baldau Company, \$972.10; Parks Sausage and Provision Company, Incorporated, \$425. Total, \$35,807.94.

Contracts will be written where amounts involved exceed \$1,000. Bids were as follows:

Approximate Amounts on All Items. Per Hundredweight.

5,800 Pounds Corned Beef Briskets, 7 Ribs.—Wattendorf & Co., Incorporated, \$21.20; Bornstein & Co., \$20.62*; Armour & Co., \$25.87; Batchelder & Snyder Company, Incorporated, \$29.50; Wald-Baram Company, \$21.39; Faneuil Beef Company, \$22; Swift & Co., \$25.30.

*Contract awarded.

Upon August 30 the Mayor approved a contract with low bidders, as indicated, for chestnut coal for the Overseers of the Public Welfare and the Soldiers' Relief Department. Low bidders on the tonnages as shown, for delivery in the different districts in quarter-ton and half-ton lots, are as follows:

Welfare and Soldiers' Relief Departments.
Babcock Coal Company, Roxbury, 6,216 tons, \$2.64 per quarter ton, \$5.19 per half ton; South End, 5,200 tons, \$2.64 per quarter ton, \$5.19 per half ton; West End, 1,000 tons, \$2.64 per quarter ton, \$5.19 per half ton; Brighton, 596 tons, \$2.67 per quarter ton, \$5.29 per half ton; Dorchester, 3,078 tons, \$2.60 per quarter ton, \$5.19 per half ton; South Boston, 2,880 tons, \$2.60 per quarter ton, \$5.19 per half ton; West Roxbury, Hyde Park, Roslindale, 1,168 tons, \$2.67 per quarter

ton, \$5.29 per half ton; Mattapan, 36 tons, \$2.67 per quarter ton, \$5.29 per half ton; Boston, 246 tons, \$2.60 per quarter ton, \$5.19 per half ton; East Boston Coal Company, East Boston, 2,632 tons, \$2.65 per quarter ton, \$5.23 per half ton; Adams Coal and Wood Company, Charlestown, 1,614 tons, \$2.70 per quarter ton, \$5.30 per half ton; North End, 1,000 tons, \$2.70 per quarter ton, \$5.30 per half ton; Western Coal Company, Jamaica Plain, 1,502 tons, \$2.65 per quarter ton, \$5.23 per half ton. Total, 26,968 tons.

The Overseers of the Public Welfare stated that approximately 20 per cent of the tonnage will be delivered in quarter-ton lots and 80 per cent of the required tonnage in half-ton lots. Figured on this basis, the approximate amounts of awards to be made to the various contractors were as follows:

Babcock Coal Company, \$212,827.57; East Boston Coal Company, \$27,604.41; Adams Coal and Wood Company, \$27,812.96; Western Coal Company, \$23,655.38. Total, \$291,900.32.

Privilege of purchasing on same term, and conditions extended to May 1, 1936. Deliveries in 100-pound bags. Approximate amounts in all districts. One-quarter net ton for delivery in November and April. One-half net ton for delivery in December, January, February and March.

Bids, opened August 28, were as follows:

Overseers of the Public Welfare.

* Contract awarded.

† Massachusetts Wharf Coal Company, Supply Department bid unsigned; identified by certified check enclosed.

‡ Standard Coal Company, proposal bond deposited with bid instead of certified check.

§ William J. Keenan, personal check deposited with bid neither certified nor indorsed.

Upon September 4 the Mayor approved the action taken as made public by the following communication:

BOSTON, September 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In accordance with your approval, the Supply Department is advertising for new proposals covering 1,500,000 gallons of range oil for the Public Welfare Department, bids to be advertised in the *City Record* of Saturday, September 7, and to be opened at noon on Monday, September 16, 1935.

A new proposal form was used on the former advertising in an effort to protect the city's interest more than could be done under the N. E. A. code. Many of the bidders became confused in filling out these new forms, with the result that, out of nineteen bids received, seven bids were irregular and one bid was withdrawn because of an error in filling out the proposal.

Bids which are irregular and have been thrown out on the advice of the Law Department are marked on the summary with a star. The irregularity in these proposals consists of wording so ambiguous as to make it impossible to determine the price which the bidder really intended to file.

I therefore believe it to be for the best interests of the city to readvertise for new bids on this range oil.

The second summary attached lists the eleven bids which are not irregular.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids were as follows:

Privilege of purchasing on same terms and conditions extended to April 30, 1936. Approximately 1,500,000 gallons.

Brighton (40,000 Gallons, More or Less).

§ John A. Mathieson Oil Company, 3 per cent cash discount will be allowed if total gallonage is more than 400,000 gallons.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with several concerns and establishments for supplies, labor, etc. Communications from the heads of the various departments were as follows:

PUBLIC WORKS DEPARTMENT.

Boston, August 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On June 10, 1935, the City Council disapproved two proposed contracts submitted to it for consideration between the City and the Boston Consolidated Gas Company, one for furnishing illuminating gas for street lighting and the other for equipment and the lighting and extinguishing of gas lamps for street lighting in the city, each being for a term of five years beginning January 1, 1935.

At the present time the Boston Consolidated Gas Company is the only company that can furnish gas for the street lamps covered by said disapproved contracts, and to make any change in the lamps would require the lapse of a considerable length of time. In order that there may be no interruption in the service of lighting the city streets and in order

that I may have ample opportunity to negotiate with the Edison Electric Illuminating Company of Boston and the Boston Consolidated Gas Company with regard to new proposed contracts or rates and to study more completely the entire situation with regard to street lighting, I respectfully request your authority to award the following contracts without inviting proposals therefor by advertisement:

1. Contract for furnishing illuminating gas for street lighting to the Boston Consolidated Gas Company for a term of two months, beginning September 1, 1935, at the present rate of \$8.42 per lamp per year for single burner, 60-candle power lamps.

2. Contract for equipment and the lighting and extinguishing of gas lamps for the City of Boston to the Boston Consolidated Gas Company for a term of two months, beginning September 1, 1935, at the present rate of \$14.70 per lamp per year.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

Boston, August 15, 1935.

To the Honorable Mayor.

The contract for repairing and strengthening Chelsea Bridge North over the Mystic river as awarded to Coleman Brothers Corporation has not provided for pedestrian travel after work of repairing, etc., started.

After the bridge was closed to vehicular traffic at the request of the Chelsea and Revere officials, and to facilitate pedestrian traffic covering 1,200 persons daily using this bridge going to and from work either in Chelsea or on the Mystic Docks, it was and is deemed advisable to have a temporary footway maintained as long as possible. The estimated cost, labor cost plus 15 per cent, plus insurance and materials will cost approximately \$5,000.

I respectfully request permission to enter into a contract without advertising with the Coleman Brothers Corporation, the contractors having the bridge contract, to build and maintain a temporary footway at Chelsea North Bridge until such time as construction conditions render pedestrian travel dangerous.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, July 30, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The approval of your Honor is hereby respectfully requested to the expenditure of \$6,875.05 to Louis A. Roe, 1 Liberty square, Boston, for the insuring of the boilers in the public school-houses of the City of Boston for the period from June 8, 1935, to May 18, 1937.

I have checked up this matter and find that, due to the standardized rates used by the various companies, there would be no advantage in advertising this business.

The addition of the insurance to the policy of the City of Boston public buildings is recommended due to the smaller outlay of money involved, than in the purchase of a new three-year contract, also material savings would be realized due to a number of schools being adjacent to or contiguous with locations covered under the above-mentioned policy.

I believe this to be the most economical way to handle the matter and recommend

that your Honor approve the expenditure above mentioned in the sum of \$6,875.05.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

SUPPLY DEPARTMENT.

Boston, August 30, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Requisition No. 0492, Sewer Division, Public Works Department.

DEAR SIR,—The above requisition has been received in the Supply Department covering one Warford, 10-wheel, standard 5 cubic yard dump truck, with steel body, hydraulic hoist, dual drive and auxiliary transmission.

For reasons given in a letter received by me from Mr. George W. Dakin, Sewer Division Engineer, and quoted below, I recommend that a contract, amounting to \$2,813, covering this equipment, be awarded without advertising to the Baumis-Warford Company, Incorporated (the manufacturers), 363 Highland avenue, West Somerville, Mass.

"August 26, 1935.

WARREN W. LOOMIS, Superintendent, Supply Department.

DEAR SIR,—I am forwarding you a requisition herewith attached for the purchase, without advertising, of one Warford 10-wheel, standard, 5 cubic yard dump truck.

My reasons for recommending without advertising are as follows:

1. With limited funds for expenditure for larger than 1½-ton trucks, and the necessity of having the larger trucks to properly serve the catch-basin cleaning machines, I believe it to be advisable to purchase a Warford truck now, for trial for say a month or so, in actual service on the catch-basin cleaning work.

2. The Warford is capable of carrying 8-ton loads.

3. It has a light large body.

4. It is the cheapest large truck which can be purchased anywhere near \$2,800, and capable of hauling large heavy loads.

5. It is strongly built, fitted with Ford V-8 auto truck motor and mostly Ford parts with patent floating rear axles made by the Warford Company.

The sales agent for this vicinity is the Somerville Auto Sales Company, Highland avenue, Somerville, and they inform me that business can be done through any auto sales firm.

The price is slightly over \$2,800, complete with tight truck body and hydraulic hoist.

I contacted parties owning this make of truck as follows: C. E. Hall & Sons, Incorporated, Somerville, Mass., truckmen, owning a fleet of twenty-five; Salem & Beverly Water Service Board; Lynn Sand and Gravel Company, and have received recommendatory and favorable information relative to the Warford trucks which they own.

An early decision on the above ought to be made.

Very truly yours,

GEORGE W. DAKIN,
Division Engineer, Sewer Division.

I respectfully request your approval of this award.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Mrs. M. Zieman, 7 Segal street, Boston, in the sum of \$1.21, as refund on unused refuse tickets, which were returned to the Public Works Department.

Gilchrist Company, 417 Washington street, Boston, in the sum of \$4, as refund of money paid in error for ice cream licenses.

Cosmas Synadinos, 49 Cambridge street, in the sum of \$1, for refund of license fee paid twice in error.

Frieda Bielinki, 118 Howland street, Roxbury, in the sum of \$100, as compensation for personal injuries caused by hole in sidewalk in front of 86 Ruthven street, Roxbury, May 3, 1934.

Rose Freedman, 82 Ellington street, Dorchester, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk in front of 82 Ellington street, Dorchester, on March 1, 1934.

Marie L. Cunningham, 36 Delle avenue, Roxbury, in the sum of \$50, as compensation for damage to property at the above address due to the water being turned on from the street without notifying the occupants of the house on May 17, 1935.

The Bay State Belting Company, 234 Summer street, Boston, in the sum of \$3.41, as a refund on thirty-one ash tickets.

Harry A. Shank, 15 Grayson street, Dorchester, in the sum of \$16, as compensation for damage to automobile caused by depression in highway in front of 577 Washington street on April 14, 1935.

Thomas F. Bailey, 140 Essex street, Boston, in the sum of \$4.65, as refund on thirty-one ash tickets.

Patrick Loughran, 32 Boutwell street, Dorchester, in the sum of \$23.10, as compensation for damage to hot water boiler due to failure of Water Department to notify him that the water was to be shut off.

Patrick J. O'Connor, 31 Woodman street, Jamaica Plain, in the sum of \$1.21, as refund on eleven unused refuse tickets purchased for the Shamrock Lunch, 747 Centre street, Jamaica Plain, which were returned to the Public Works Department.

Mabel I. Findlay, 111 Warren avenue, in the sum of \$50, as compensation for personal injuries due to alleged defect in Haymarket square (Blackstone street), near the subway station.

BOSTON'S POPULATION 817,713.

The Board of Election Commissioners is in receipt of a communication from the Secretary of State informing the Board that the experts of the Secretary's office had examined the census returns as submitted by the Election Commissioners and in which the total population of Boston was set at \$20,190. According to the experts there were 2,477 duplications which should be deducted from this total amount. This leaves an official count of 817,713 as certified by the Secretary of State—a discrepancy of less than one-third of 1 per cent from the original returns. The percentage of error here, according to reliable information, is the smallest ever known in a census return of the City of Boston.

RETIREMENT BOARD REPORT.

BOSTON, August 31, 1935.

To the Auditor.

At a meeting of the Boston Retirement Board, held on August 15 and August 28, the retirement from active service of the following-named members of the Retirement System was approved to become effective at the close of business, August 31, 1935:

ASSESSING DEPARTMENT.

William H. Cuddy, deputy assessor, salary at time of retirement \$4,500 a year.

HOSPITAL DEPARTMENT.

Grace M. Lane, head bookkeeper, salary at time of retirement \$2,626 a year.

PENAL INSTITUTIONS DEPARTMENT.

Stephen Miles, officer and carpenter, salary at time of retirement \$1,900 a year.

Frederick A. Williams, officer and butcher, salary at time of retirement \$2,000 a year.

PUBLIC WORKS DEPARTMENT.

Coleman Durane, paver, salary at time of retirement \$1,872 a year.

Charles J. Hennrikus, yardman, salary at time of retirement \$1,560 a year.

Thomas A. Hogan, laborer, salary at time of retirement \$1,560 a year.

SCHOOL DEPARTMENT.

Mabel E. Adams, principal, salary at time of retirement \$4,896 a year.

Edwin I. Beal, submaster, salary at time of retirement \$3,888 a year.

William I. Corthell, master, salary at time of retirement \$4,464 a year.

Bertha F. Cudworth, master's assistant, salary at time of retirement \$3,072 a year.

Florence M. DeMeritt, assistant, salary at time of retirement \$2,304 a year.

Mary A. Higgins, assistant, salary at time of retirement \$2,304 a year.

Melzar H. Jackson, submaster, salary at time of retirement \$3,888 a year.

Mary A. Kimball, assistant, salary at time of retirement \$3,072 a year.

Hannah L. Manson, assistant, salary at time of retirement \$2,304 a year.

William K. Norton, master salary at time of retirement \$4,032 a year.

Blanche L. Ormsby, assistant, salary at time of retirement \$3,072 a year.

John A. O'Shea, director of music, salary at time of retirement \$5,040 a year.

Annie E. Pousland, first assistant, salary at time of retirement \$1,920 a year.

Milford S. Power, master, salary at time of retirement \$1,464 a year.

William B. Snow, assistant superintendent, salary at time of retirement \$7,500 a year.

Louella S. Sweeney, master's assistant, salary at time of retirement \$3,072 a year.

Laura F. Taylor, assistant, salary at time of retirement \$3,092 a year.

Angeline M. Weaver, cooking teacher, salary at time of retirement \$2,400 a year.

Daisy E. Welch, assistant, salary at time of retirement \$2,304 a year.

Myra E. Wilson, master's assistant, salary at time of retirement \$3,072 a year.

SUPERIOR COURT.

William N. Todd, official stenographer, salary at time of retirement \$3,500 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

POLICE SERVICE (MALE).

CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT, OCTOBER
5, 1935.Last date for filing applications, Sat-
urday, September 21, 1935, at 12 noon.BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1935.Last day for filing applications, Satur-
day, October 5, 1935, at 12 noon.This is the regular examination for
police service for state, all cities and
such towns as are classified under civil
service.Note.—Applicants for any city or
town police department who desire to
have their names placed on the eligible
list for Metropolitan police service must
so signify when filing application.

On October 5 the examination will be held in various centrally located cities. On October 19 the examination will be held in Boston and all persons who live within commuting distance will be notified for the examination on this day.

Chapter 153 of the Acts of 1935 provides that no person shall be appointed as an officer or member of the Boston police force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet eight inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; general information, 2; memory test, 1; practical questions, 4; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in general information and in memory test; at least 60 per cent in practical questions, and at least 70 per cent in training and experience, in the educational average, and the strength test, in order to become eligible.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book". This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

MAYOR VETOES INCREASE IN
SALARY FOR PROBATION OF-
FICERS OF CHELSEA COURT.

The following is a copy of communication sent by Mayor Mansfield to the City Council:

BOSTON, August 28, 1935.

To the City Council.

GENTLEMEN,—I return herewith without my signature and disapproved the order adopted by your Honorable Body on August 12, 1935, whereby the salaries of the probation officers of the District Court of the City of Chelsea were fixed at \$3,000 a year for the Chief Probation Officer and \$2,400 a year and \$2,000 a year, respectively, for two assistant probation officers.

No convincing facts have been brought to my attention which would appear to justify these increases, which would amount to \$300 a year for the Chief Probation Officer and \$200 a year for each of the assistants. The budget for the year 1935 is closed and the tax rate has already been declared, so that this additional sum could only be secured by transfers from unexpended balances, the number and amount of which are at the present time unknown and are wholly problematical.

In addition to this, such increases, small as they may be in this individual case, add to the burden of the taxpayer and help to increase the tax rate. I think these requests for increases may well be deferred until the taxpayers are better able to bear them.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Monday, August 26, 1935.

Special meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Norton and Wilson.

The meeting was held pursuant to the following call, which was read by the clerk:

Special meeting of the City Council, Monday, August 26, at 2 p. m., for the purpose of acting on the removal of the elevated structure and construction of subway, also to act on loan orders for W. P. A. projects and such other business as may legally come before the Council.

JOHN I. FITZGERALD.

Coun. SHATTUCK—Mr. President, a question of information. My question of information is as to whether the notice of this special meeting which has just been read was a notice in writing served in accordance with the provisions of the City Charter.

President FITZGERALD—The Chair will state that, while undoubtedly this is a legal meeting of the City Council, on account of the technicalities required by the Federal Government on public works projects and by the legal advisers of the financial houses who invest in City of Boston bonds, he is obliged to rule that no definite action can be taken by the City Council at this meeting on matters of that nature.

APPOINTMENTS BY THE MAYOR.

The following appointments by the Mayor were received, severally, for the term ending April 30, 1936, viz.:

Weighters of Coal: William T. Henderson, Hampton street, Burlington, Mass.; George F. Fitzgerald, 157 Oakley road, Belmont, Mass.; Henry W. Holland, Jr., 160 Washington street, Medford, Mass.

Constable: David Rudin, 12 Copeland street, Ward 12.

Laid over for one week under the law.

REMOVAL OF CAUSEWAY STREET ELEVATED.

The following was received:

City of Boston,

Office of the Mayor, August 26, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Transit Department, relative to your order of July 15, 1935, concerning the proposed removal of the elevated structure on Causeway street in front of the North Station, extending through to Lowell street.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Transit Department, August 22, 1935.

John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I return herewith order of City Council dated July 15, requesting that the removal of the elevated structure on Causeway street, extending through to Lowell street, be included in the P. W. A. program.

As the Legislature did not authorize a substitute structure, there is no way in which this could be taken up as a P. W. A. project.

Very truly yours,

THOMAS F. SULLIVAN, Chairman.

Placed on file.

TAX TITLE PROPERTY.

The following was received:

City of Boston,

Office of the Mayor, August 26, 1935.

To the City Council.

Gentlemen,—On May 20 last I sent to your Honorable Body certain proposed amendments to the ordinances of the City of Boston which, if adopted, would have provided a simpler and more satisfactory method of leasing, selling or maintaining property title to which has been acquired by the city. The order was referred to the Committee on Ordinances and apparently no action has been taken. May I call your attention to the inclosed letter which I have just received from the Corporation Counsel, in which he states that

the city is quite likely to lose large sums of money if effective administration of tax title properties is not undertaken at once. I also call your attention to Mr. Foley's statement that "it is desirable that definite action be taken in the Council at as early a date as possible."

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Law Department, August 24, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—Under date of May 13, 1935, I wrote you inclosing for submission to the City Council forms of changes in the present ordinances of the City of Boston, which changes if enacted would enable the city to administer more effectively property acquired through foreclosure of tax titles.

You submitted my letter and the proposed changes in the ordinances to the City Council at a meeting held on May 20. The Council referred the matter to the Committee on Ordinances. No report has yet been made by that committee. Councilor Fish is chairman.

The city is quite likely to lose large sums of money if effective administration of tax title properties is not undertaken at once. It is desirable that definite action be taken in the Council at as early a date as possible. Many of these properties can be sold and restored to the tax list as of January 1, 1936.

Respectfully yours,

HENRY E. FOLEY,

Corporation Counsel.

August 22, 1935.

From Mr. Dennis

To Mr. Foley.

Re: Management and Sale of Foreclosed Property.

I am very much disappointed to be informed by Mr. Doyle, the City Clerk, that the City Council has not yet acted on the proposed amendments to the municipal ordinances.

You will remember that you submitted these ordinances a letter urging their passage and giving the reasons why they should be passed. You will also remember that the Mayor subsequently sent a letter to the Council again urging that these ordinances be passed.

Apparently nothing has been done and there is still no one actively engaged in taking care of foreclosed property held by the city.

Is there not general authority whereby the Mayor might delegate someone (presumably the Superintendent of Public Buildings, the person named in the ordinances) to undertake the following:

1. Take possession in behalf of the city of all property acquired by it as a result of foreclosure proceedings. Collect rents from parties now occupying or using the same. Show the same to prospective purchasers.

2. Make recommendations to the Mayor regarding the sale of such properties as he thinks should be sold.

The city must be losing large sums of money in loss of rents. People are occupying these premises and paying nothing. Water bills are accumulating, which cannot be collected. Buildings are falling into disrepair and no revenue is being derived by the city.

I very much hope that these properties can be sold and restored to the taxable list so that on January 1 the city may be able to tax them.

Respectfully submitted,

SAMUEL S. DENNIS,

Assistant Corporation Counsel.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz.:

Claims.

William J. Bell, for compensation for damage to car by city truck.

Mrs. A. W. Benson, for compensation for injuries caused by an alleged defect in Matchett street, Brighton.

Arthur F. Carven, for compensation for damage to property at 17 Dixfield street, South Boston, caused by city truck.

Matilda Colity, for compensation for injuries caused by an alleged defect in Central square, East Boston.

Stanley Duda, for compensation for damage to car by city team.

Edward Eager, for refund on refuse tickets.

Santo Femino, for compensation for collapse of water boiler at 960 Saratoga street, caused by water being shut off.

John Gaitanis, for compensation for damage to property at 97 Circuit street, caused by water in cellar.

Mrs. Mary Greenwood, for compensation for injuries caused by an alleged defect in passageway at City Hospital.

Harold F. Hart, for compensation for damage to car caused by an alleged defect in Charlotte street.

Harry Isenberg, for compensation for damage to car by city car.

Rabbi J. M. Jacobson, for compensation for damage to property at 575 Warren street, caused by fire truck.

Helen Kontos, for compensation for damage to property at 233 Vermont street, West Roxbury, during construction of sidewalks.

Kenneth LaPlante, for compensation for injuries caused by an alleged defect at 829 South street, Rosindale.

Edward F. Mahoney, for compensation for loss of money while working at dump fire at pumping station.

Laurence J. McLaughlin, for compensation for damage to car by city truck.

Mary O'Donnell, for compensation for injuries caused by an alleged defect in Franklin Field.

Theresa A. Pratt, for compensation for injuries caused by an alleged defect at Kingston and Beach streets.

Scovill Manufacturing Company, for compensation for damage to car by car of Water Department.

Margaret Sorgi, for compensation for damage to property at 83 King street, caused by city truck.

Mrs. J. W. Sullivan, for compensation for damage to clothing at Norway street and Massachusetts avenue, caused by paint from traffic truck.

Jitney Licenses.

Petition of Boston Elevated Railway to run buses between Neponset Station and the Junction of Gallivan Boulevard and Adams street, Dorchester.

CONFIRMATION OF APPOINTMENTS.

On motion of Coun. BRACKMAN the Council took up the question of the confirmation of the following appointments submitted by the Mayor August 12, 1935, viz.:

Nathan Lightman, Thomas H. Glynn and Charles A. Woods, to be Constables.

Charles Jesso and Joseph F. Smith, to be Weighers of Goods.

The appointments were confirmed, yeas 13, nays 0.

HOUSING AUTHORITY.

President FITZGERALD offered the following:

Whereas, It is hereby declared that in certain portions of the City of Boston there exists unsanitary or sub-standard housing conditions; and

Whereas, There is not an adequate supply of modern, safe and sanitary dwelling accommodations for persons of modern incomes, and

Whereas, This situation tends to cause an increase and spread of disease and crime and constitutes a menace to the health safety, morals, welfare and comfort of the inhabitants of the City of Boston and is detrimental to proper values therein; and

Whereas, The City of Boston has no authority by law to remedy this unfortunate situation except through condemnation proceedings; and

Whereas, This situation cannot readily be remedied by ordinary operations of private enterprise; therefore, be it

Ordered, 1. That in accordance with chapter 449 of the Acts and Resolves of 1935 of the Commonwealth of Massachusetts, section 26-L, it is hereby declared that a housing authority is needed for the City of Boston for the purposes stated and designated in said act;

2. That a housing authority be appointed by the Mayor and the City Council with authority, rights and privileges and duties, as designated in chapter 449, Acts and Resolves of 1935.

Referred to the Executive Committee.

HOSPITAL WARD STATISTICS.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor procure from the Superintendent of the Boston City Hospital the number of patients in each

ward of the hospital and the number of nurses in attendance in said wards.

Passed under suspension of the rules.

REMOVAL OF ELEVATED STRUCTURE.

Coun. BRACKMAN offered the following:
Ordered, That his Honor the Mayor be requested to call a special meeting of the City Council within one week and arrange for the Board of Directors of the Elevated to attend the executive meeting relative to the removal of the elevated structure.

Ordered, That his Honor the Mayor request the Directors of the Boston Elevated Railway to hold a stockholders meeting to pass on the demolition of the elevated structure.

Coun. BRACKMAN—Mr. President, in view of the fact that through some technicality or omission we are precluded at this meeting from appropriating or sanctioning the appropriation of money, may I offer these two orders at this time, one calling for a meeting of the stockholders of the Boston Elevated Railway, and I am asking the Mayor to initiate the meeting, because under the bill passed by the Legislature the stockholders of the Boston Elevated must pass on the matter as well as the directors, of which directors' meeting I understand we have not had any information, and my belief is that they have had no meeting. My other order calls for a meeting of the Council within a week, giving an opportunity to notify the entire membership of the Council, so that they might invite the Elevated directors here to hear the story before we take any action.

Coun. DOWD—Mr. President, I hope that we are here today to take action in so far as the Boston Elevated is concerned. Never in the history of the city or the state has a group of arbitrary gentlemen living outside of Boston, meeting there as they did, say that, "You cannot have a new tunnel in the City of Boston." The Governor has done everything he possibly could and I believe the Mayor of Boston has signified his intention of signing this act. There is no question about the members of this Council being on record and voting for the construction of the tunnel and the demolition of the elevated structure; but here we have the Board of Directors, and on the Board of Directors must be the responsibility for refusing to give the citizens of Boston the right to place 4,000 men to work, because they know not what it is to be hungry. The Directors of the Elevated live out in their palatial homes, and who are they? Edward H. Bailey, Bartlett Harwood, James L. Richards, Frank L. Richardson, Joseph H. Soliday, Walter H. Trumbull and P. A. O'Connell, practically every one of them living outside of the City of Boston and they are telling the Mayor and the City Council what to do in so far as the Boston Elevated situation is concerned. Who is holding up this situation? Is the Governor or the Mayor or the City Council? Absolutely no! The thing is out of our hands entirely until the Board of Directors advise us that they will sanction it. Oh, when we find the largest stockholder of the Elevated, the Elmer H. Bright Company of 53 State street, and I have an order in my hand which I intend to offer requesting the Attorney-General to investigate the bucket shop transactions of the same gentlemen, Mr. Bright, who controls the Boston Elevated. And the largest paid official of the Elevated Railway, receiving \$25,000 a year, is a relative of the same Mr. Bright. One hears that the men in public life, they are the dishonest men. We hear nothing about the "Holier than thou," the hypocrites from State street who have cheated the banks. I wonder did Mr. Bright—and he is one of the large stockholders and we will get after the rest of them as time comes along—I wonder would he care to tell the press of Boston how he cheated the Central Bank in Cambridge, robbing thousands and thousands of poor people; and I wonder if they care to tell the people of Boston how many millions of dollars in deficiencies we have paid since 1918, in order that they might get their stock dividends. Oh, they say they are honest men. I disagree with them. I say that they are nothing but holdup men. We are giving them now more than they ever had in their lives before. We are telling them that we are going to build a tunnel and give them forty years free use of it. What good is that structure that has been a builder of slums more than any other element in the entire City of Boston? These gentlemen that live outside of Boston, every one of them, living in their palatial homes and coming into the city, tell us that we cannot

have a tunnel. Well, we are giving them this alternative. I see that Senator Langone gave out a statement Saturday saying that in his opinion the Legislature should come into special session at no expense to the Commonwealth; for there is only one thing to do and that is to return it to the owners and let them run it and it will be in bankruptcy in two years. It was in 1918 when their stock was down to \$25 a share and they were broke and they came to the Legislature pleading for help, and the state helped them and ever since then the taxpayers of Boston have been paying a large deficiency on the Boston Elevated Railroad in order that they might get their 8 per cent return, as they are getting it at the present time, for their dividends on the Boston Elevated Railway. I say to you, Mr. President, and I say to the rest of the highbrows that controlled the directors' meeting, that they are going to have their choice in this matter. If they insist and say, "We will not vote for the tunnel," then I say to the Governor and I say to the Legislature that their duty is very plain. They should repeal the act immediately and either turn back the Elevated Railway to these highbinders, and they are nothing else—men are being sentenced to jail today for doing less than some of them have done. Here is Bernard J. Rothwell. He says, because he is the head of the Chamber of Commerce and the head of the reform group in Boston, he says that the poor people of the slums cannot have a tunnel. They must put up with all that noise of the Elevated Railway. And he is the same Mr. Rothwell who is occupied in a political campaign and who is selling rotten flour to state institutions. That is the "Holier than thou" type, the blue-blooded hypocrite who is going to dictate to the people of Boston. I say that it is about time we had something to say in so far as the Boston Elevated is concerned. I say to Mr. Trumbull and to Paine and Webber, and the rest of the "high hats" that control the situation, that it is nothing but a deliberate holdup on their part to make the City of Boston pay them \$10,000,000 for the structure, which is today absolutely worthless. I say to you, Mr. President and members of the Council, that we should protect the homes of the people that live in our districts. For thirty-five years we have stood this situation and no relief has been in sight until this year when we have an opportunity of doing something about it. I say to those high-paid officials of the Boston Elevated Railroad that it is about time they worked for a few thousand dollars instead of the \$15,000, \$20,000 or \$25,000 that they receive a year. I say to those hypocrites who dare to say to the Governor of the Commonwealth and to the Mayor of the City and to the members of this City Council, "There shall be no tunnel unless you pay us millions and millions of dollars." They have been living on the cream of the land. There is not a racketeer in the country that will take care of their people as well as the state has taken care of them. There is not a state in the entire Union where such a situation exists so far as a street railway company is concerned. They are getting a ten-cent carfare and if the salaries of those high-hat, those hard-boiled officials, those high-brow officials, were cut, we would have a five-cent carfare in Boston and not a ten-cent carfare as there is a present. I say to the Boston Post that they deserve the heartfelt thanks of every citizen of the City of Boston for the fight they have made against this group of men. I say to the Governor of the State and to the Mayor of Boston that it is their bounden duty to call together the stockholders of the Boston Elevated Railway and see what they want to do about it. I see that Mr. O'Connell was very generous lately. He said, "The easiest way out of the situation is for the state to buy the Elevated and do what they want with it," and he quotes as a very reasonable figure, big-hearted Mr. O'Connell, that is, this big-hearted, benevolent gentleman that says he wants to help and to serve on all the executive committees of these great, public movements, but when there is a chance really to do something for the poor person, oh, he counts his God as the almighty dollar, and he says, "We must have our pound of flesh." He further says, "We will give the City of Boston the 238,794 outstanding shares of stock of the Boston Elevated Railway at a price of \$85 a share." That will be \$20,297,490. Why, Mr. President and members of this Council, if you or I wanted to buy one share of the Elevated stock today, we could go to any brokerage commission house and buy it for \$70 but Mr. O'Connell wants to overcharge the City of Boston \$4,000,000 on the Elevated stock. Oh, they know how they

got the 1918 Elevated steal through. They all know and we all know, those men who are familiar with the Elevated vote, who sold themselves out to the Boston Elevated. Will there be a repetition of that? I do not believe that there is going to be. I do not believe there is a member of this Council, with the possible exception of one, who will stand on the floor today and defend these highbinders who say that Boston will not get a tunnel because Mr. Richards and Mr. Richardson and Bernard Rothwell and the rest of the hypocrites say that we cannot get it. I say that the City Council of Boston has done everything possible. Five years ago we started this protest in the City Council. Councilors Green, Englert, Gleason and myself introduced an order into the Council. Five long years ago, and we have been keeping up the protest and now, coming up to the dead of winter when the Federal Government is crying, "Send us projects so that we can place men to work, and we will pay 45 per cent of your bill," and in the dead of winter these men—Rothwell, Richards, Richardson and the rest of the hypocrites and highbiding profiteers—say "No," that Boston men shall not go to work. I say that the Governor of this State will see to it that the Elevated is removed and that the tunnel is built up. We feel sure that we have got the word of the Mayor of Boston and you members of the Boston City Council, so that there will be no deviation from the procedure. Let it be further understood that the Mayor is not to blame, the Governor is not to blame and the City Council is not to blame. The only ones to blame are those eight gentlemen, most of them men that reside outside of Boston; most of them millionaires who know not what it is to be hungry, who do not know the calls of the human heart. They are the only ones that say we cannot have the tunnel in Boston; and I say that we can have it, and with the help of every man and every woman in Boston that is interested in the project, I know that the Governor of this Commonwealth will see to it that the stockholders of the Boston Elevated do their bit.

Coun. GALLAGHER in the chair.

Coun. FITZGERALD—Mr. President, I want to state publicly and for the benefit of the newspaper men here—and I hope they will report it correctly and do justice to it as justice should be done—that I received a request from one of the members of the Council to call a special meeting, and I went through the formalities that we have always gone through and notified the assistant clerk of committees. Now, apparently he neglected to notify the City Clerk in writing in order that the appropriations for the Federal projects might be made legally, through this City Council meeting today. When they asked for the elevated structure I also included some other loan orders, one for the P. W. A. projects, a new Courthouse and new City Hall, or anything that might be made within the allotment to Massachusetts, today, in order that we might get action and not lose the Federal money. I also included any other business that might legally come before the Council. It was quite a short notice. Everybody in Boston likes today, especially members of the City Council who have hundreds of residents of their communities after them daily, to get away for a change and many of them had left for a few days vacation in preparation for the fall campaign. It was then suggested that the best way to reach the members of the Council would be by telegrams, the assistant clerk having some of their addresses which they had left, and realizing that many had gone away for a week-end. They have families and responsibilities to them, for when a man accepts public office he does not surrender all of his community legal rights. He is entitled to a little of the enjoyments of life, when he is subject to call at any hour of day or night in the interest of his constituents; and especially at a time when the depression is over, as some people seem to think. There is no fault to be attached to me or to any member of the Council, but we cannot do things that are not legal. The law demands that the notices must be in writing, but I have pointed out the facts. I want it distinctly understood that it is through no fault of mine or any member of this Council that the provisions of the statute were not carried out. We had our attaches here and they are all subject to the demands of the members of the Council. It was a very short notice and everybody knows that many of the City Hall employees are away on Saturday. Had

I not come into City Hall probably you would not have gotten the notice on time. We have done our best on the matter and I sincerely hope that every member of the Council and also the press will be just and fair in the matter.

Coun. SHATTUCK—Mr. President, I hold no brief for the Directors of the Boston Elevated Railroad or for the Boston Elevated Railroad itself, but I do think we ought to be fair. I do think that we ought to avoid slander and vilification. This act which was passed by the Legislature was made effective subject to acceptance by the Boston Elevated Railway Company. I assume that the reason for that was that, had it not been subject to their acceptance it would, in the form in which it was drawn, have been unconstitutional because it would have been a taking of property without due process of law, since it proposed the taking and destruction of the property of the Boston Elevated Railway Company, offering them merely the right to use another property for a certain period of years. It would therefore have been clearly a taking of property without due process of law, and the act would have been unconstitutional and void without that acceptance. If you consider your own property, if somebody offered you, or took away what you had and offered you the use of something else for forty years, I think you would decline to accept it. You would feel that you ought to have something for your investment in order that, at the end of forty years, you might have something to show for it. A number of things were said. I shall not attempt to review them. I shall merely mention one or two of them. For instance, reference was made to the salaries. A statement was made, if I understood it correctly, that if it were not for excessive salaries that we could have a five-cent fare on the Elevated Railway today. Now, of course, anybody that looks at the figures knows that that statement is absolutely false. Anyone who looks at the figures knows that the operating expenses in the form of wages and payments to employees of the Elevated amount to nearly five cents. So that after you had paid those wages you would have nothing to pay for fuel and heat or nothing to pay for repairs, and you would have nothing to pay for the interest on your bonds, in most of which the City of Boston is interested, as you know; and a great many other expenses, all of which amounts come out and which, in fact, make up more than ten cents on the fare, in recent years. But the salary list is an exceedingly small amount of that. And that is perfectly evident to anyone who takes the trouble to look at the figures. It also has been said that the elevated structure which it is proposed to take away without compensation other than the use for a period of years of another facility, is worthless. Well, it is being used today and we know that it is being used and very effectively used today, and that it is carrying millions of people. Any statement that it is worthless, of course, is a statement not in accordance with the facts. It is used and useful for the purpose for which it was built. Now I think I said at the beginning that we should be fair in this matter. We should consider all sides of the question and we should certainly avoid slander and vilification and harmful and irresponsible statements about persons whose characters should not be so put in jeopardy.

Coun. GREEN—Mr. President, there is some question on the legality of this meeting here this afternoon, but in spite of that fact I hold in my hand seven or eight orders that I think will cover this situation pretty thoroughly. They are all joint orders presented by me and signed by every member of the Boston City Council whose district is affected by this so-called monstrosity. I listened with a great deal of attention, Mr. President, to the remarks of the gentleman on my left, Councilor Dowd. Councilor Dowd has always stood four-square on any piece of humane legislation that has ever been introduced in this body, and if, as the councilor from the Back Bay has stated, he has vilified and attacked the character of certain men in this city, then I think that the councilor knows, as well as I know, that these men can seek redress in the courts of our Commonwealth. We in Boston and especially in the district that I have the pleasure to represent, in Charlestown, Mr. President, have been harmed by this so-called monstrosity for over thirty-five years. For thirty-five years ago, Mr. Shattuck, and I am going to give you a little history of Charlestown this afternoon, a group of, I will call them highbinders, in 1894 and 1895 were responsible for this so-called monstrosity being placed on the Main street of Charlestown. Legislation was passed, Mr.

President, that called for this gigantic structure, this elevated railway, and it was proposed to go by way of Rutherford avenue in Charlestown. A certain group of real estate sharks and political highbinders of that period saw fit to buy and secure options on all the property from City square to Sullivan square. Some men were in and some men were out. The night before, and before the bill was passed in its final stage, they changed the bill to read by way of Main street. And over night, Mr. President, they wrecked a community of over 40,000 people, an unwise erection in a community where I first saw the light of day; a community that has given to me and to mine everything that I have ever had and everything that I ever expect to get. Over night a grasping group of public officials and real estate sharks ruined that district as a residential district, and today, Mr. President, 40,000 or 38,000 people, to be exact, within the confines of that district are harassed as they have never been before. Now, when a small group of men hand down a dictatorial decision against the President of these great United States, against both houses of Congress, against the Legislature in assembly and signed by the great Governor of this Commonwealth, and last but not the least, Mr. President, almost a united membership of the Boston City Council going on record in favor of the removal of this monstrosity, oh, no, they are not worrying about the poor and the down-trodden. They are not worrying about their less fortunate brothers and sisters who have suffered for thirty-five long years under this terrible monstrosity. Mr. President, I am serving warning here this afternoon that this fight has just started. I will take my chance with the people that are affected in the other wards of Boston. I will string along with Dowd and I will string along with Gleason and I will string along with Englert and Murray and with the other men who are affected, and after all, Mr. President, the last voice is the voice of the people. We are calling on the Mayor of Boston this afternoon and an order will be introduced declaring that this entire structure is obnoxious to the people of Boston and, under the terms of the Public Control Act of 1918, it can be taken from the streets of Boston by right of eminent domain. I ask you, Mr. Mayor, if you are a friend of the man that carries a dinner pail, if you are a friend of the man that walks out in the morning with his overall suit, going to a hard day's work, if you are interested in the poor children of Charlestown and of Roxbury and of the other districts that are affected by this so-called—and again I say—monstrosity, then you will stand with us for a show-down, and in concluding, Mr. President, let me say again that, although the legality of this meeting is questioned, I am going to ask you, sir, through the clerk, to read in these orders which I ask to be passed under a suspension of the rules.

President FITZGERALD (having resumed the chair)—We are now considering the two orders that have been read and we will get through with them first.

Coun. MURRAY—Mr. President, after listening to the previous speakers talk, the only one here that opposed it was a man who does not live in the confines of where the Elevated passes. He lives on a street where sunshine always reaches the homes. But where the Elevated travels along its course, I have been told by people who know that infantile paralysis is more prevalent than in any other part of the city. If the statement of the councilor from Ward 8 is correct, the members of the Board of Directors of the Boston Elevated live out in the country with plenty of God's air and sunshine. But we are fighting for a chance for the sunlight to come into the homes of the people that live along that line. In 1918 when they passed that Public Control Act we know why they did it. The soldiers were then on the other side fighting for their country. They did not know what was going on here and they could not do anything about it. It is the same way they passed the Prohibition Act, and if those boys were here then they would not have passed it. The Elevated was broke then. Now they are broke again and they are fighting for their lives in the Legislature and in the City. The Governor and the Mayor are trying to tear down this high horse running from Charlestown to Forest Hills. Now, Mr. President and members of the Council, those living outside never know what it is to give up a night's rest, where we along the line of this high horse, as I said before, never know what it is to get a night's rest in quiet.

Coun. BRACKMAN—Mr. President, I have refrained from making any unnecessary

remarks on these orders because of the number of opinions upon the main question at issue; but a few remarks have been made here today which I think I should comment upon. One of my colleagues here stated, "Let us be fair to the Directors of the Boston Elevated." Now, have the people of Boston ever been anything else but fair to the Directors of the Boston Elevated Railway? Have they not received fair treatment and even more than fair treatment from the Legislature of this Commonwealth when the Legislature guaranteed their dividends? When they gave them the Public Control Act they protected them at both ends and in the middle. Is it not about time for the Directors of the Elevated Railway to show a little fairness to the people of Boston? This is an opportunity—it has been said before on this floor today and it bears repetition—that we may never have again, 45 per cent of the cost of construction paid out of Federal Government funds. We have got to act quickly, Mr. President, and we expect a little fairness from those to whom we have shown a great deal of fairness. Why, Mr. President, I question the safety of the present structure that stands along the route in question. I question the fact of whether we will not, some time, have a terrible catastrophe happen on that structure that is now unsafe. It has been in existence for thirty-five years. The Elevated Railway has it on their books that the fair estimated life of the structure is approximately seventy-five years. When the Building Commissioner of Boston does not give any brick building with a steel structural frame more than thirty-five years of life, and that steel structure is not exposed to the elements, and then the Boston Elevated Railway carries their structure with a life expectancy of seventy-five years, they may carry it at that figure for their own convenience, but what are the facts? Here is a structure exposed to the elements, that is covered with snow and ice in the wintertime, and where there is a constant wear and tear with thousands of tons weight passing over it almost twenty-four hours a day, which requires constant maintenance and repair, and they tell us that the expected life of that structure is seventy-five years! Now is the time to tear down that structure before a single life is lost by the negligence and the carelessness of the Boston Elevated officials. And they have not paid five cents to the City of Boston for taxes for this structure. They have been getting away with that for years. Why is not this structure assessed and made taxable property like every other structure that clutters up the streets of Boston? And Messrs. Directors of the Boston Elevated Railway, if you do not give justice to the people of Boston, then we will demand that you pay the assessed valuation on that structure and pay it right away. Now, Mr. President, we have not all the powers that we would like to have here, but it is up to us to act in every way possible that we can act, to see that this matter is acted upon at the present time. I hope and trust that every member of the City Council will stand four-square on this important question.

Coun. ENGLERT—Mr. President, in regard to this order for the removal of the elevated structure from Forest Hills to Charlestown, let me say that the people in my district have an interest and are very much interested in the removal of the structure and have been for many, many years. Today in riding along the structure from Dudley street to Forest Hills, at places, I must say it is almost unsafe to ride on. It has been a nuisance and an eyesore to the people in my district for years, and I think it is a good time, at this time, if ever it will be taken down, to take it down now and all along the entire line. I might say to the trustees of the Boston Elevated that I would like to have them come out and stay a few days and nights at my particular home, which is a short distance from the structure itself, and let them know and realize how the people who have to live alongside of this structure, some within ten or twelve feet away from the structure, live. I have known of cases where people have had to stay off Washington street because of the fact that their children are not able to have an hour's sleep in the afternoon because of the noise from the Elevated trains. I might say, also, that one of the most congested points in the City of Boston is in the district. It is known as Webster square and when the people get off the Elevated train they are jammed there in the district, as we call it, close to the corner of the square, with six streets coming into it, making it almost impossible for people to get across the street and go to their homes. I think this is one project that would put more men to work

than any other in Boston. It means probably 4,000 to 5,000 men would go to work for two years, and I think today, and I know that all the members of the Council agree with me, that there are plenty of people willing to go to work regardless of how long or how hard the job is. They are willing to go to work. And I hope the Council will pass this order to remove the elevated structure from Forest Hills to Charlestown.

Coun. GLEASON—Mr. President, I say, tear this structure down before it falls down, killing many people. Almost every other person in my district has written to me to say a word in regard to this project, to tear it down. Every association and club and the business men, also, have asked me to say a word about it. I am interested in wages and work for the people of my district, and I say that I have fought for this bill for fifteen years in the Legislature and in the City Council, and I know that all the councilors are going through with this project; and I say that we want it done right away and now is the time, and do not wait as we have waited already for fifteen years. I am interested in work and wages for the people of my district, as I said.

President FITZGERALD—The question now comes on the suspension of the rules and the passage of Councilor Brackman's two orders.

The rules were suspended and the orders passed.

Coun. GREEN, for himself and Coun. Fitzgerald, Gleason, Dowd, Englert, Doherty, Brackman and Murray, offered the following orders:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to furnish the City Council with an itemized statement showing the amount of money spent annually by the Boston Elevated for rolling stock since the Public Control Act of 1918, also the amount of rolling stock scrapped annually during that period.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to inform the City Council as follows:

1. The estimated length of life of the elevated structure.
2. The present condition of same.
3. The amount spent annually for the repair and maintenance of same since the Public Control Act of 1918.

Ordered, That the Board of Assessors be requested, through his Honor the Mayor, to inform the City Council as to how much revenue has been lost to the City of Boston, through reduced assessments, for the past thirty-five years as a result of the Boston Elevated structure.

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to make a survey of health conditions along the entire route of the Boston Elevated structure and to report the result of his survey to the City Council, the same to be included as a P. W. A. project.

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to make a thorough inspection of the entire Boston Elevated structure for the purpose of safeguarding the lives of the car-riders, the same to be included as a P. W. A. project.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to furnish the City Council with the name and address of the contractor who was paid \$2,000 to take down the Castle street structure of the Boston Elevated and given the old steel without charge.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing for public ownership of the Boston Elevated Railway Company.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature providing for the repeal of the act extending public control of the Boston Elevated for twenty-eight years.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the incoming Legislature which would provide for the abolishing of the 6 per cent guaranteed dividend to Boston Elevated stockholders.

Ordered, That the trustees of the Boston Elevated Railway Company be requested,

through his Honor the Mayor, to furnish the City Council with the following information:

1. The price paid for the obsolete plant of the Charlestown Gas and Electric Company.
2. The number of generators in said plant.
3. The number of generators in use at the present time in said plant.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to furnish the City Council with a detailed statement as to what items constitute the seventy million dollars in outstanding bonds of the Boston Elevated, mentioned in the recent statement of the Board of Directors.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to furnish the City Council with the amount of the Boston Elevated deficit annually since the Public Control Act of 1918.

The orders were severally passed under a suspension of the rule.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Corporation Counsel to notify the Board of Directors of the Boston Elevated forthwith that their failure to accept the Legislative Act calling for the demolition of the Elevated and the construction of a subway will in no way interfere with the Law Department proceeding with an order, to take, by eminent domain or otherwise, and remove from the streets of Boston the menace known as the Boston elevated structure on the basis that it constitutes a common nuisance.

Coun. McGRATH—Mr. President, it appears to me that before getting too excited about the failure of these public servants, the Board of Trustees of the Elevated Railway, to act on a mandate from the Legislature and the Governor of the State and the City Council of Boston, that they remove this elevated structure, that at least we should follow through our hand and insist that the Board of Trustees be prevented from interfering with the removal of a menace that has caused the citizens of Boston millions of dollars. Might I say to you that in 1918, as a member of the Legislature, I well remember the fight for the Public Control Bill. I remember then how active were certain men in their selfish desire to lift, for the group of investors who owned the road, the responsibility for the conduct of the road, if it was to be conducted at a loss. And perhaps for the first time in the history of America, they succeeded in making responsible for the payment of a dividend on a defunct road the taxpayers and the small home owners of the City of Boston. There was a broken-down old road about to be abandoned. How well I remember the newspapers depicting the old street cars, the old wooden cars, the broken-down car barns about to collapse, many of them mysteriously burned down—perhaps some four or five of them; an old, dilapidated road, and the State of Massachusetts stepped in and took over that road and guaranteed the dividends to the private stockholders and then proceeded to make it the best road of its kind in America. They erected new plants. They erected new subways. They bought new equipment. They built the new rapid transit line, the best in the world, out through Dorchester, and all through a depression when other stockholders in other corporations were being penalized because of the depression, the homes of the people of this city were the stake that was put up to guarantee to these people a payment of profits on their dividends. They secured from the citizens of the City of Boston the right to use their streets. They used to pay between the car lines, but there, once again, they removed that obligation. How well do you remember, you members of the City Council, when, after a snowstorm, the Elevated would put on thousands of men and clear away the streets, and then they were relieved of that responsibility. And then they created this great Frankenstein, this rolling monster, known as an elevated road. We say they are highbinders. Let me remind you, Mr. President, how far they went with their subterfuge. Do you remember the day, Mr. President, when Henry I. Harriman as the head of the Board of Trustees, and also representing the Chamber of Commerce, came into the Executive Committee of this City Council and presented a program of improvements for you and the rest of us to vote on which called for the erection of a street by the city down across Cross street to Atlantic avenue? He pictured how it would add great width to the narrow streets of the market district of the city, and here was a great river, this wide Atlantic avenue, and if we could only open up an avenue

there for traffic to flow in there, how helpful it would be. But he failed, until we brought out the statement, to mention that the road he asked you and I to appropriate money for came out on the level with the Elevated tracks down on Atlantic avenue. Do you remember Frank A. Goodwin jumping up and asking this question: "Would you have anything to say to the members of this Council about the grade?" Oh, no, he had forgotten that part of it. The wide Atlantic avenue on which traffic was to run was forgotten and he, as a trustee of the Elevated and as a member of the Chamber of Commerce, was unloading on you and me there debating the matter that old road down there on Atlantic avenue, the most beastly thing I have seen in my years here in this Council. Do you realize that the Elevated stated before the Board of the Department of Public Utilities that the value of their property was \$50,000,000 and that, in all the years of private control, they had never written off one dollar for depreciation; but since public control has been in effect and we are paying as high as \$1,500,000 a year out of our real estate taxes in order to assure the interest on the investment to the private stockholders they have written off millions of dollars of depreciation? But you know and I know that within a few years we will have public ownership, no more public control; and the one thing that the private stockholders of the Elevated are interested in is to hold that old, decayed structure is of more value now than it was when it was built. And they are going to attempt, at a price of \$10,000,000, to sell that elevated structure to the taxpayers of the City of Boston, but they cannot sell any subways. Do you know that two years ago Rupert Carven—the former City Auditor, God bless him! fighting this as he fought other schemes, and how much we miss him!—went to the Legislature when the extension of this Public Control Act was before them and found that no provision whatever had been made for a rental to be paid to the citizens of Boston for the subway. The Elevated were cramming through the legislation for further protection of those men who had bled the home owners of the City of Boston white, a bill with no provision whatever for a rental to be paid to the City of Boston, and they could have taken over our subways at their own price until he stopped them. They have used subterfuge. They have been cowardly in the manner first by which they got public control and later in their operation of the road. And now, sir, knowing that the inevitable is going to happen, they have nothing much to sell unless they sell this elevated structure, this structure which the citizens of Boston have fought over and over again. There is not any business concern in America that would have kept that structure after thirty-five years on their books for more than one dollar; but they still hold it up to \$10,000,000, although the Department of Public Utilities said that, at the very top price, it was worth \$5,000,000, and they have said so in the statement filed there. But what happened here? Mr. Harriman was in Washington and very active there for a long time at the head of the United States Chamber of Commerce. The Mayor of Boston, Frederick W. Mansfield, stood four-square behind the removal of this elevated structure and building a subway, because it meant, sir, that the greatest drain that this city and its taxpayers had in its Public Welfare Department and the Soldiers' Relief Department would be relieved by taking these men who were on those relief rolls, for the building of this subway. And at this point might I interject this, sir? That if we were to search all over America for a man to supervise the building of subways we could not locate one better qualified than Col. Thomas F. Sullivan. Do you remember how, in Maverick square, East Boston, he took men off the Soldiers' Relief rolls, and for less money did a better job than any contractor in America? Colonel Sullivan was all set with the Transit Department to go ahead and to take 4,500 men, able-bodied men, and give them an honest chance to get a day's work instead of accepting the allowance that Soldiers' Relief or Welfare gave them; and then Mr. Harriman came back to Boston and visited the office of his Honor the Mayor, and what took place? The same hand that controlled in 1918 this ambitious scheme, when it was passed through the Legislature, that controlled the bill that was written, sir, which denied a rental to the citizens of Boston for the subway, put in an appearance and suddenly we find his Honor the Mayor in the position of saying, "Well, Henry I., how can I get out from under? I stand four-square for the demolition of this structure and the substituting of a subway and it means the employment of hundreds of men. It means a great reduction in the Welfare and Soldiers' Relief rolls. I cannot now

Coun. DOWD—Mr. President, I would like permission to read into the records of the City Council the deficiencies of the Boston Elevated Railway during 1932, 1933, 1934 and 1935, and the amounts that the taxpayers have paid to these gentlemen, whom the councillor from the Back Bay desires to be very fair with. I will reiterate my statement that if the road was conducted under public ownership and the salaries were lower than where they should be, and it is the first time since I have been in with the council from the Back Bay that he gave me the name of some operations that are really going on; he does not mean that any individual's salary is small except as it may be compared to what they have done in some extent. In 1932 the taxpayers have paid those who had received the sum of \$1,678,000, or the sum of \$1,678,000 cents in the 1932 tax year. The same placed in the 1933 tax year, and the total live in Roxbury and Newton, the sum of \$1,877,294. In 1934 we have the sum of \$242,48 and in 1935 we have the sum of \$242,48. As a matter of fact, the city has given them more money than they need for the tax year of 1935. If you want to know the tax year of 1935, it is the sum of the dollar amount of the tax year. They have no right to say that they are not and they are not. It is a matter of fact that the city has given them more money than they need for the tax year of 1935. If you want to know the tax year of 1935, it is the sum of the dollar amount of the tax year.

In 1932, Mr. President, the sum of \$1,678,000.

more than fair with these directors. We have given them their living for a good many years. And it is now about time that they gave the people of Boston some consideration.

Coun. MURRAY—Mr. President, I want at this time to congratulate our comrade, the councilor from Ward 5, on defending the people of his district, because I know they own 75 per cent of the stock of the Boston Elevated Railway. It is only right for him to get up and defend his constituents. (Laughter.)

Coun. SHATTUCK—Mr. President, the gentleman knows a great deal more than I do about it. So far as I know they do not own a single share. I have no knowledge of their owning a single share. Mr. Dowd said something to the effect that I had approved their salaries, but I did no such thing. I do not know what their salaries are. I simply said that the labor wages amounted to nearly five cents, and that it would not be possible, if their salaries were reduced, to reduce the fare to five cents. I have looked at the figures and I still stand upon that statement.

Coun. McGRATH—Mr. President, I do not usually like to speak a second time, but because of the impression left, there are two points the gentleman from Ward 5 made that I feel I should comment upon. One was that the owners of property along the road were paid damages when the road was built. That was over thirty-five years ago. If they have not suffered enough in that time to pay off that payment, then I am mistaken. That generation died off and a new generation are living there alongside the nuisance this great structure constitutes. In so far as wanting to enlighten his mind on how it would be a saving of \$5,000,000 to \$10,000,000 were we to take it by right of eminent domain, I am at a disadvantage, not being an attorney, but there are some things that I have learned from politics, and one was that I think the damages would be awarded after we took it by right of eminent domain and they would be determined by a Suffolk County jury, and God bless them. I will stand with the jury on what they state it is worth. (Laughter.)

President FITZGERALD—The question comes on suspension of the rule and passage of the order.

The order was passed under suspension of the rule.

NAMING OF SQUARE.

Coun. McGRATH offered the following:

Ordered, That the space running through from Old Colony Boulevard to Savin Hill avenue, Ward 13, be named Corporal Daniel F. Anderson square, in honor of said Anderson, a deceased veteran of the World War.

Passed under suspension of the rule.

The Council adjourned, on motion of Coun. TOBIN, at 3.45 p. m.

JOHN J. WALSH APPOINTED OVERSEER.

The Mayor has appointed John J. Walsh, of 19 Pond avenue, Jamaica Plain, to be a member of the Board of Overseers of the Public Welfare to take the place of Laurence M. Lombard who has resigned because of removal from the city. The appointment is for Mr. Lombard's unexpired term. Mr. Walsh is a lawyer with offices at 16 Court street, Boston.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 17 Adamson street, rear, Ward 22.
The building at 19 Lincoln street, Ward 22.
The building at 1 Wendell place, Ward 7.
The building at 100 D street, Ward 7.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 11, 1934, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Goodway road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Mary E. Mailman, \$50. That the amount \$50 be, and the same hereby is, awarded to Mary E. Mailman for the damages sustained by the making of the said improvement.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COFFEE.

The Supply Department of the City of Boston invites proposals for furnishing coffee to the various city departments according to specifications to be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, September 17, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Sept. 7.) Superintendent of Supplies.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING TRUCKS FOR CARTAGE.

The Overseers of the Public Welfare of the City of Boston invite proposals for furnishing trucks according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for one hundred (100) dollars payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, September 11, 1935, at which time and place they will be publicly opened and read. A duplicate proposal without check must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,
JAMES A. McMURRY,
(Aug. 31-Sept. 7.) Chairman.

EXTRA WORK UNDER CONTRACT.

The Marine Company has been directed to perform the following extra work under the contract for repairing hull, etc., of ferryboat "Charles C. Donoghue." Items ordered: Furnish and install two new 2-inch flange globe valves with monel metal seats and discs, special face to fit over all dimensions and with drilled flanges; furnish and install one new high pressure piston rod; machine seacock valve disc; remove, repair and replace four gates; remove coal, clean, scale and red lead coal bunkers and replace coal, etc. Estimated cost of extra work, \$600.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR GROCERIES AND CANNED GOODS.

The Supply Department of the City of Boston invites proposals for furnishing groceries and canned goods, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of forty-five cents (\$0.45) for each blank proposal taken out.* The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Wednesday, September 18, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor, prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Sept. 7.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Thursday, September 19, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder, must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

WARREN W. LOOMIS,
(Sept. 7.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Monday, September 23, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Sept. 7.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Glenburnie road, West Roxbury district, as a highway, from Cerdan avenue to Burnside avenue, bounded and described as follows:

A highway named Glenburnie road is hereby laid out, from Cerdan avenue to Burnside avenue, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Cerdan avenue, sixty-one and 88-100 feet; westerly by the westerly line of said Glenburnie road as hereby laid out, eighteen and 18-100 feet on a curve of ten feet radius; southwesterly by the southwesterly line of said Glenburnie road as hereby laid out, by three measurements, two hundred seventy-nine and 27-100 feet, two hundred six and 84-100 feet and three hundred forty-two and 33-100 feet; southerly by the southerly line of said Glenburnie road as hereby laid out, thirteen and 90-100 feet on a curve of ten feet radius; northwesterly by Burnside avenue, by two measurements, thirty and 21-100 feet and thirty-three and 87-100 feet; easterly by the easterly line of said Glenburnie road as hereby laid out, nineteen and 16-100 feet on a curve ten feet radius; northeasterly by the northeasterly line of said Glenburnie road as hereby laid out, by three measurements, three hundred twenty-six and 53-100 feet, two hundred and twelve feet and two hundred ninety-eight and 88-100 feet; northerly by the northerly line of said Glenburnie road as hereby laid out, thirteen and 24-100 feet on a curve of ten feet radius.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Glenburnie road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Mary A. Fallon, Cert. No. 26679, Book 129, page 79.

Johanna Carlson, Cert. No. 32360, Book 157, page 160.

Bernard Feneno *et al.*, Cert. No. 32762, Book 159, page 162.

Riverside Sand-Gravel Company, Cert. No. 25010, Book 121, page 10.

Medford Trust Company, Cert. No. 32783, Book 159, page 183.

Harry L. Wright, Cert. No. 28077, Book 136, page 77.

Mary A. Silk, Cert. No. 27722, Book 134, page 122.

Medford Trust Company, Cert. No. 31523, Book 153, page 123.

Joseph I. Whalen, Cert. No. 33491, Book 163, page 91.

Nora F. Crowley, 24471, Book 118, page 71.

Marie T. Feeney, Cert. No. 24625, Book 119, page 25.

Verdie A. Dodds *et al.*, Cert. No. 22284, Book 107, page 84.

Joseph D. Donovan *et al.*, Cert. No. 22456, Book 108, page 56.

Frances E. Samsel, Cert. No. 31718, Book 154, page 118.

Medford Trust Company, Cert. No. 30430, Book 148, page 30.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Glenburnie road, West Roxbury district, as a highway, from Cerdan avenue to Burnside avenue, under the order of the Board of September 3, 1935, and awards no damages therefor.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

D'Amore Construction Company has been ordered to add to the contract for East Boston High School the following: 78 cubic yards of fill for base of asphalt at 75 cents, \$58.50; tamping fill, \$50; 27 cubic yards of fill under loam at 75 cents, \$20.25; 60 cubic yards of loam at \$2, \$120; 3,500 square feet of loam to be seeded at 6 cents, \$210; 12 linear feet of new concrete curb, \$16; 9 cubic yards open excavation for ramp in drive at \$1.25, \$11.25; removal of old concrete curb, \$12; 252 square yards of asphalt paving, \$442—\$940; 10 per cent on asphalt work, \$44.20—\$984.20; credit for leaving present walk and all work connected therewith, \$295; this addition, \$689.20, and the amount of \$689.20 will be added therefor, making the account as follows: Contract price, \$128,740; total additions, \$1,708.60; total deductions, \$1,000; amount of contract, \$129,448.60.

The above work provides 12 feet of additional asphalt pavement across the rear of the drill yard and a paved connection to the present driveway at the rear of the school. The finished grading and seeding complete the lawn at the rear of the drill yard. In leaving the present walk to the south entrance, terraced, grading against the building, which is difficult of maintenance, is avoided.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to their contract the sum of \$2,408 for furnishing and installing built-in instrument cases in Room 828, as called for in letter of July 10 to Matthew Cummings, as shown on drawing No. 79. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1825, \$1,191,261.85; now added, \$2,408; corrected contract, \$1,193,669.85; total added, \$16,844.77; total deducted, \$5,633.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to correct the contract for relocation of certain steam mains; turning the 10-inch and 6-inch steam lines shown on drawing No. 40, up and across corridor on ceiling, the 10-inch main being located where the 6-inch is now shown and 6-inch main where 10-inch is now shown and also changing the 10-inch and 6-inch mains shown on drawing No. 39, bringing these pipes on ceiling of corridor where the 10-inch will drop on corridor side of wall, pass through the wall and connect to end of header. The 6-inch will pass through wall and connect with 6-inch header.

Original contract, \$182,458.08; corrected contract, as per order No. A-1835, \$1,191,261.85; corrected contract, \$1,191,261.85; total added, \$14,436.77; total deducted, \$5,633.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of New England is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payments must not exceed 6 per cent.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, SEPTEMBER 14, 1935.

No. 37

MAYOR MANSFIELD CHARGES FINANCE COMMISSION WITH SNIPING AT HIS ADMINISTRATION AND ADOPTING UNFAIR ATTITUDES IN EFFORT TO DISCOURAGE INVESTIGATION BEING CONDUCTED INTO AFFAIRS OF EDMUND L. DOLAN, FORMER CITY TREASURER—PROMISES THAT TACTICS WILL NOT AVAIL TO PREVENT PROSECUTION SHOULD THE LAW DEPARTMENT REPORT, AFTER INVESTIGATION IS COMPLETED, WARRANT SUCH ACTION—DECLARES HE IS NOT TO BE INTIMIDATED BY ANY ATTACKS THAT THE COMMISSION MAY MAKE ON PRESENT ADMINISTRATION.

The following is a communication addressed to the Finance Commission by Mayor Mansfield:

Boston, September 12, 1935.

THE FINANCE COMMISSION, 24 School Street, Boston, Mass.

GENTLEMEN,— Your report, dated September 10, 1935, relative to the purchase of a pump for the Calf Pasture pumping station and the purchase of electric lamps was delivered at the Mayor's office after usual business hours on September 11 and did not come to the Mayor's attention until 9.30 this morning. So that, as usual, it appears that the press had its copies before the report came to the attention of the Mayor.

And again, as usual, your commission sees fit to publish this report without first attempting to consult with the Mayor about its contents. But since I no longer expect fair and impartial treatment at the hands of your commission I pass over these small matters and come directly to the contents of the report itself.

1. You refer in your latest report to a former report of yours in which you say you protested against a growing practice by my administration aides to award contracts to other than low bidders, by informal private bidding and by no bidding at all.

The other report you refer to is dated August 5, in which you took occasion to state that there never was a time since your commission was created when the policy of advertising for bids and awarding contracts to the lowest bidder was so frequently violated as at the present time.

That was a deliberate misstatement and must have been known to the members of your commission to be a misstatement. I have been gathering data from various heads of departments and the reports which I have received, and which were equally available to your investigators, show very clearly that your criticism is without foundation.

Data Presented.

The data is as follows:

CITY OF BOSTON PUBLIC WORKS DEPARTMENT, AUGUST 15, 1935.

Summary of Contracts Awarded to Other Than Low Bidders.

YEAR.	Number of Contracts.	Total Amount of Low Bids.	Total Amount of Contracts as Awarded.	Excess Cost.
1930.....	83	\$1,472,702 95	\$1,561,742 57	\$89,039 62
1931.....	55	1,185,779 04	1,283,822 25	98,043 21
1932.....	41	681,223 77	735,965 26	54,741 49
1933.....	52	978,630 62	1,151,361 52	172,730 90
Total.....	231	\$4,318,336 38	\$4,732,891 60	\$414,555 22
1934.....	10	\$176,077 87	\$190,770 36	\$14,692 49
1935.....	2	31,470 00	32,027 00	557 00
Total.....	12	\$207,547 87	\$222,797 36	\$15,249 49

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, September 23, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending September 7, 1935:
Population as of July, 1935, Massachusetts State Census, 887,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 145; nonresidents, 50; total, 195.

Death rate per 1,000 of population:
All deaths, 12.70; nonresidents deducted, 9.44.

Death rate per 1,000 of population:

Last week, 11.26; corresponding week last year, 13.34.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 3; sixty years and over, 90; Total deaths: Male, 114; female, 81; deaths in hospitals and institutions, 119; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

**MAYOR MANSFIELD SECURES OBJECTIVES OF HIS TRIP TO WASHINGTON
—ANNOUNCES FEDERAL AID FOR CITY HALL AND COURTHOUSE
PROJECTS TO THE EXTENT OF \$5,000,000 WITH BOSTON TO CON-
TRIBUTE ABOUT \$7,000,000 — HE HOLDS SUCCESSFUL CONFERENCES
WITH OFFICIALS IN WASHINGTON AND RETURNS WELL PLEASED.**

Mayor Mansfield is pleased with the results of his trip to Washington in the interest of Federal funds with which to complete plans he has made for improvements in Boston, one of which is the construction of a new city hall. It is predicted as the result of the trip that the Federal Government will contribute for projects planned about \$5,000,000 and the city will be required to contribute about \$7,000,000.

The following statements were issued by the Mayor from Washington in connection with his errand:

The following is a telephone communication from Mayor Mansfield, at Washington, received by Assistant Secretary William C. S. Healey on September 10:

Yesterday's dispatches about Boston's projects prove to be very much exaggerated and the message that the cost per man year on Boston City Hall would have to be revised to \$800 and to 37.7 per cent Federal grant apparently erroneous. The misunderstanding is caused by different methods of computing employment man years used by P. W. A. and W. P. A. According to P. W. A. our computation well below limit fixed by Government but by W. P. A. computation certain adjustments must be made to reconcile the two methods. I am satisfied this can easily be accomplished by possible revision of the figures making up the total cost, by including P. W. A. with W. P. A. projects in obtaining average costs, and a possible slight reduction in Federal grant, but the latter I think will not be necessary.

The Mayor, accompanied by James E. McLaughlin of the Boston Works Projects Board, Ernest Albert Johnson of the Boston Building Trades Council, and Secretary Joseph F. Mellyn, had a most satisfactory interview with Harry L. Hopkins about all City of Boston projects, and a conference of about two hours with William M. Cotton, Director of Projects Control Division. Mr. Hopkins assured me that there would be a conference very shortly of Federal officials relative to allocation of Federal funds and he assured me that Boston would be treated fairly and I am satisfied that all Boston's projects will be found worthy and will be allowed. We are to continue the conference with Mr. Cotton this afternoon and I will probably have a definite message about the whole Boston program and as much about the Massachusetts program as I can ascertain by five o'clock.

The Mayor, James E. McLaughlin of the Work Projects Board, Ernest Albert Johnson of the Boston Building Trades Council, and the Mayor's secretary, Joseph F. Mellyn, conferred at length again in the afternoon with William M. Cotton and Andrew B. Lail, a representative of Colonel Hackett, who is the assistant administrator of P. W. A.

The entire Boston situation was re-canvassed, and as a result of the canvass it appears that Boston is entitled on the Court House Project to a Federal grant upon the whole amount of the sum expected to be expended — roughly about \$5,000,000, and that it was unnecessary to concede that the city would assume the entire expense of the land damages, architects' and engineers' fees, equipment, interest, administration costs and legal expenses. These items total one million dollars (\$1,000,000), upon which it was understood previously that there would be no Federal allotment. This ruling was reversed today so that Boston will be allotted 45 per cent on that million dollars or \$450,000—in addition to the \$1,800,000 already asked for as Federal aid on the courthouse.

An agreement was reached whereby a slight reduction might be necessary to be made in the Federal grant of 45 per cent on the entire original program submitted. Even if this should be necessary there will be a substantial gain for the city because the possible reduction of the Federal grant would be more than offset by the concession of \$450,000 added to the courthouse grant.

The Mayor has another engagement with the P. W. A. officials tomorrow morning and is to hand to them a letter authorizing the reduction of approximately 5 per cent on the Federal allotment to Boston if that shall be necessary in order to obtain the approval of the allotment Board for all projects.

COMMUNICATION FROM MAYOR.

(Continued from 1157.)

Of the ten contracts awarded to other than the low bidder in 1934 in the Public Works Department, the first year of my administration, and where the difference to the City was \$14,692.49, in one case involving a difference of \$4,975, the low bidder was rejected because he was unable to procure an approved surety bond from any insurance company. It was a P. W. A. project and the award as given was approved by P. W. A. authorities. In another case where the difference was \$1,506, the low bidder made a serious error in computing one of the items. In another, involving a difference of \$555.75, the low bidder was rejected because the bid contained unbalanced unit prices, and the award was approved by P. W. A. authorities. In another the difference was only \$73.12 and was

awarded to a contractor of long experience as against a new bidder who had never performed that work before. These four contracts total \$7,113.87 out of a total of \$14,692.49, and all of the remaining contracts which total \$7,578.62 were for snow removal, where some low bidders were rejected because they had no equipment whatever, some because they had contracts in other districts and were not equipped to handle more than one district.

In 1935 there were only two contracts awarded to other than the lowest bidder and the difference was \$557. One low bid involving a difference of \$122 was rejected because the low bidder had been unsatisfactory in previous contracts, and the other, amounting to \$435, was awarded to the second bidder as having greater experience and equipment and because the low bidder had had an unsatisfactory labor record.

SUPPLY DEPARTMENT.

Summary of Contracts Awarded to Other Than Low Bidders.

YEAR.	Number of Contracts.	Total Amount of Low Bids.	Total Amount of Contracts as Awarded.	Excess Cost.
1930.....	13	\$235,099 46	\$247,120 03	\$12,020 57
1931.....	14	126,380 95	136,209 32	9,828 37
1932.....	14	152,998 04	161,840 60	8,842 56
1933.....	7	59,699 15	64,186 00	4,486 85
Total.....	48	\$574,177 60	\$609,355 95	\$35,178 35
1934.....	5	\$204,505 82	\$208,722 55	\$4,216 73
1935.....	14	76,552 45	82,599 45	6,047 00
Total.....	19	\$281,058 27	\$291,322 00	\$10,263 73

As to the Supply Department contracts awarded to other than low bidders the above table shows five in 1934 involving a difference of \$4,216.73. The largest difference was in a fuel oil contract involving a difference of \$1,300, and the low bidder was rejected because of previous unsatisfactory service. In another, where the difference was \$44.17 (coffee), the coffee purchased was of better quality than that offered by the low bidder. In another case involving a difference of \$279.04 for edgestones the low bidder had never supplied edgestones to the city and keeping an inspector at the low bidder's plant would have cost more than the difference. In another case where the difference was \$17.55 (ice cream) the low bidder had the business the year before at a considerably higher price. In another case (medium fuel oil) involving a difference of \$73.50 on a \$30,000 contract, the low bidder had no local storage plant.

In 1935 there were fourteen instances involving a difference of \$6,047. The largest one was for loam involving a difference of \$3,750, but the low bid was rejected because the Park Department would not accept the quality offered.

In other cases cost of inspection at plants out of the city would more than offset the difference, and in others, low bidders were violating N. R. A. codes.

FURTHER EVIDENCE OF UNFAIRNESS.

If the above data is not enough to show how unfair and unjustified your

recent comment was, allow me to add that I have been informed by Judge Kaplan, a former member of your commission, that the report of August 5, 1935, which contained the above erroneous statement, was published without his knowledge or approval, and that he did not sign the report nor authorize his signature.

I talked with Mr. Wheeler about the same thing and, while he was very vague and indefinite in his statements, I am satisfied that he did not see the report of August 5 before it was published, and that he did not personally sign it.

This leads me to another observation which is that although I assume that the Mayor is entitled to an original report signed by the members of the Finance Commission I have never yet received one signed by the members of the commission. All I get are typewritten reports bearing typewritten names of the members of the commission, with the signature of the secretary. And I know from conversations with some members of the Finance Commission that many of the comments and observations contained in the reports do not represent the views of the Finance Commission. It ought to be unnecessary for me to say that the duty of the Finance Commission is to call attention to facts and to avoid comment and personal views.

2. You say in your report of September 10 that in the case of the Long Island kitchen equipment a particular firm was favored to the extent of being allowed to

draw the specifications. This remark is wholly uncalled for and unjustified by the facts. A particular firm drew the specifications, but the fact that it did draw them was one of the reasons why I personally refused to approve an award of the contract to that firm—a fact which the Finance Commission did not know until it had rushed into print with an unfair report about that subject.

3. You intimate in your latest report that the award of the contract for a pump for the Calf Pasture pumping station was unfair to the low bidder. The short answer to your criticism is that the Worthington Pump & Machinery Corporation, to whom the contract was awarded, was actually the lowest bidder who complied with all the conditions of the specifications. One of those conditions was that the pump should be tested at the place of manufacture in the presence of a representative of the Public Works Commissioner. The Starkweather Engineering Company, Incorporated, could not comply with this condition. You say in your report that this specification gave "embarrassment" to the alleged low bidder. Of course it gave him embarrassment, because he could not comply with it, and yet it was a specification of the highest importance and is always contained in contracts of this kind. The Public Works Commissioner in his report to me of July 20, 1935, stated that neither the first nor the second low bidder could test a 30-inch pump, which was the size called for, at their testing laboratories. They proposed to build a 20-inch model pump exactly to scale and then, after testing this sample model at the plant, to construct the pump required in the contract, from data obtained from this so-called test of the small model. It ought to be obvious to anybody that such a test would be wholly unsatisfactory and would in no way prove whether the larger pump would work satisfactorily. If we had had a test made from a small model and then purchased the larger pump and it failed in actual working conditions, where would the City of Boston have been then? The entire amount of the contract would have been lost.

BY CITY ENGINEER.

And the information which you say you have that the successful bidder dictated the specifications in this pump contract is wholly erroneous. The specifications were prepared in the Public Works Department without the aid of any bidder—a fact which was readily ascertainable.

I note what you say about the Finance Commission's consulting engineer, who thinks that a test at the plant of the manufacturer can be of little value, but the City of Boston's engineer thinks that such a test is of great value. As between these two opinions I prefer that of the City's engineer.

4. Purchase of electric lamps.

This is a very elaborate report about the purchase of electric lamps, but these facts remain. The Birdseye Company, for whom you are arguing, according to the admission of one of its officers, had not been making the lamp desired by the City until June of 1935. The National Bureau of Standards is the accepted laboratory for tests such as are here required. The Birdseye Company did not have its lamps tested in the National Bureau of Standards. It did have its lamps tested in the Electrical Testing Laboratories of New York City, which is a private concern, and, although of high reputation, certainly is no better than the National Bureau of Standards which is maintained

by the Government to give impartial reports to all applicants.

The Hygrade lamp which was the one finally purchased is a standard lamp, whereas the one offered by the Birdseye Company was wholly unknown, had never passed the Government laboratory test and did not pass a satisfactory test even in the laboratory of its own choice, namely, the Electrical Testing Laboratories in New York City.

The report from that laboratory contains the following statement:

"In appraising the values of incandescent electric lamps it is not only well established practice but it is also a requirement of the Federal Specifications for Incandescent Electric Lamps, that account shall be taken both of the values of the lamps when new and of their performance through life. A more detailed statement on this subject is printed on the reverse of this sheet. As the number of specimen lamps included in this test is small, nothing is known as to their representative character, and no life tests were made, this report may not be taken as an indication of the quality of the product represented."

Thus it will appear that the number of lamps in the specimen test was small, that nothing was known to the laboratory as to whether they were fairly representative in character, and no life tests were made, and therefore the whole report could not be taken as an indication of the quality of the Birdseye lamp.

It is plain that a test to be of any value must show the grade of the lamp when new and its performance through the life of the lamp, since upon this experiment is based the knowledge of how many lamps must be purchased and how long they are likely to last.

Apparently the Finance Commission would have the City of Boston award this contract to a company who had been making an unknown lamp for a short period of time, who had not submitted that lamp to a test by the Bureau of Standards, and whose own selected laboratory says that its report "may not be taken as an indication of quality" of the lamp rather than to a company with which the City had done business before for a standard product which had met all tests for an alleged saving of \$1,800 to the City of Boston. I am satisfied that the award was properly made and that if the contract had been given to the low bidder the City of Boston might have found, before the contract expired, that the new and unknown lamp while cheaper in price, had proved to be a very expensive bargain for the city.

SNIPING TACTICS.

The above facts relative to the pump were published in the *City Record* on July 27 and those relative to the electric lamps in the *City Record* of August 17. Ignoring that public record and suppression of the facts is merely indicative of the recent policy of your commission to attack me and my administration at every real or fancied opportunity. To all those who are familiar with current public affairs your recent activity against me is not surprising. But to the uninitiated there must seem to be a great deal of mystery in the whole dirty business. But the reason is obvious enough. Your whole campaign directed against me since I first asked for a copy of the testimony in the Edmund L. Dolan case, and which you refused to give me, has been directed at me in an endeavor to force

me to drop the Dolan case and to carry the investigation in that case no further. Chronologically the record is as follows:

February 20, 1935. Letter from me to your commission requesting the Edmund L. Dolan testimony.

February 25, 1935. Refusal by the Finance Commission to comply with my request (although as Chief Executive of the City of Boston it is hard to conceive of a good reason for the refusal).

March 11, 1935. Order adopted by the City Council requesting the Finance Commission through the Mayor to publish all unpublished reports in the Dolan case "and to follow up its investigation of land-takings and bond purchases through every available channel."

March 14, 1935. The above order of the City Council forwarded by the Mayor to the Finance Commission which failed to take any steps thereunder.

June 7, 1935. The appointment of Charles L. Mansur, a wholly discredited enemy of my administration, as investigator.

June 18, 1935. The date of a letter from George R. Farnum to the Mayor suggesting that the Law Department seek equitable relief in the Supreme Judicial Court on account of the Dolan matter. This letter was referred by the Mayor to the Law Department for investigation.

Then followed rapidly the attacks of the Finance Commission on me. They are dated June 1, July 6, July 19, July 20, July 22, July 27, August 5 and September 10.

This continued sniping of your commission will fail of the desired effect. The Dolan case has been under investigation by the City Law Department for about three months and when it is completed and I receive a report from the Corporation Counsel you may be very sure that past or future attacks on me or my administration will not prevent me from applying to the courts for such appropriate relief to the City as that report may suggest.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CIRCULAR LETTER NO. 29.

OFFICE OF THE MAYOR,

BOSTON, September 9, 1935.

To Heads of Departments:

DEAR SIR,—Before separating from the service any person in the classified service, each head of a department will notify the Department of Civil Service and Registration, State House, Boston, in order to ascertain whether or not such separation is in accordance with chapter 408 of the Acts of 1935, which reads as follows:

CHAPTER 408.

An Act Relative to Seniority Rights in Respect to the Suspension and Re-employment of Persons in the Classified Civil Service in Certain Cases.

Be it enacted, etc., as follows:

Chapter thirty-one of the General Laws is hereby amended by inserting after section forty-six F, inserted by chapter three hundred and thirty-seven of the acts of nineteen hundred and thirty-five, the following new section:

Section 46G. If the separation from service of persons in the classified service becomes necessary from lack of work because of the season, because of lack of appropriations, or from any other temporary cause, they shall be suspended and re-employed according to their seniority in the service so that the oldest employees in point of service shall be retained the longest, and re-employed first and before new names are certified.

—Approved July 12, 1935.

FREDERICK W. MANSFIELD, Mayor.

PLANNING FOR NEW ENGLAND.

Mayor Mansfield is deeply interested in a colorful exhibit showing interesting facts about New England which is being presented by the New England Regional Planning Commission in collaboration with the several State Planning Boards at the Eastern States Exposition in Springfield, Massachusetts, September 15 to 21, inclusive.

The New England Regional Planning Commission has as its objective a co-ordinated plan for New England's development, and realizes that this plan, to be effective, must be worked in cooperation with all New England agencies—official and unofficial. It is essential that the work of the commission be brought before the people, in order that they may have the opportunity to study it, understand it, and offer suggestions.

The commission's exhibit, divided into twelve sections, will include outstanding facts about population, agriculture, industry, recreation, flood control, water resources, aviation, highways, railroads, and grade crossings in New England.

An outstanding feature will be a model of the entire Connecticut River Valley from Canada to Long Island Sound. Maps will give similar information for the Merrimack and Blackstone River Valleys.

The display will include not only the work of the commission but also some of the outstanding work of the several New England States Planning Boards.

It is hoped that the exhibit will stimulate thought and discussion in regard to planning for New England's future.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 2, 1931, as amended September 20, 1932, determining damages caused by the making of the public improvement consisting of extension and construction of Montclair Avenue, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Mary J. Carr; that the amount \$40 be, and the same hereby is, awarded to Mary J. Carr for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 11, 1934, as amended November 6, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Lightbrink Road, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Mary J. and James W. McConnell; that the amount \$40 be, and the same hereby is, awarded to Mary J. and James W. McConnell for the damages so sustained.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Rutledge road, Hyde Park district, as a highway, from Wood avenue to Ralston road, with the name of Taunton avenue or some other distinctive name; bounded and described as follows:

A highway named Taunton avenue is hereby laid out, from Wood avenue to Ralston road, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Wood avenue and Blake street:

Westerly by Wood avenue, forty-one and 9-100 feet; northeasterly by the northeasterly line of said Taunton avenue as hereby laid out, by two measurements, eleven hundred five and 28-100 feet and three hundred forty-six and 95-100 feet; southeasterly by Blake street, forty and 20-100 feet; southwesterly by the southwesterly line of said Taunton avenue as hereby laid out, by two measurements, three hundred fifty-one and 8-100 feet and ten hundred ninety-six and 2-100 feet.

Part between Blake street and Ralston road:

Northwesterly by Blake street, forty and 19-100 feet; northeasterly by the northeasterly line of said Taunton avenue as hereby laid out, nine hundred forty-six and 35-100 feet; southeasterly by Ralston road, forty feet; and southwesterly by the southwesterly line of said Taunton avenue as hereby laid out, nine hundred forty-two and 53-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Taunton avenue (formerly Rutledge road), Hyde Park district, as a highway, from Wood avenue to Ralston road, under the order of the Board of September 5, 1935, and awards no damages therefor.

FIRE DEPARTMENT ORDERS.

General Orders No. 41.

I. FRANCIS P. KENNEDY.

It is with deep regret that the Fire Commissioner announces the death on August 27, 1935, of Ladderman Francis P. Kennedy of the Fire Prevention Division. Ladderman Kennedy was appointed to the Fire Department on September 27, 1906.

The funeral was held from his late residence, 897 East Fourth street, South Boston, at 8.15 a. m., August 30, 1935, followed by services at St. Brigid's Church at 9 a. m. A detail from the Fire Prevention Division under command of Capt. Michael Norton represented this department as a funeral escort.

II. JOSEPH S. FARLEY.

It is with deep regret that the Fire Commissioner announces the death of Joseph S. Farley, engineer in charge, motor Squad, on September 7, 1935,

Engineer Joseph S. Farley was appointed to the department on March 28, 1910, and was made engineer in charge of the motor Squad on December 31, 1925.

The funeral was held from his late residence, 15 Prospect street, West End, at 8.15 a. m., September 10, 1935, followed by services at St. Joseph's Church at 9 a. m. The Chief of Department made the customary detail from the Fire Department to act as funeral escort and members of the motor Squad were excused from duty in order to attend the funeral.

III. PROMOTIONS.

The following promotion is hereby announced, to take effect at 8 a. m., Friday, September 13, 1935:

Third engineer Arthur J. Landry of Engine Company 47 to second engineer.

The following-named men have been promoted to apparatus operator, to take effect at 8 a. m., Friday, September 13, 1935:

Thomas F. Ford, Engine Company 4.
Thomas E. Tierney, Engine Company 1.
James J. Flanagan, Engine Company 37.

John J. Lowney, Engine Company 38.
Chesar Espessi, Ladder Company 23.
Patrick J. Manning, Ladder Company 4.

IV. CHANGE IN RATING.

The rating of the following-named men will be changed from apparatus operator to engineer high pressure, to take effect at 8 a. m., Friday, September 13, 1935:

Joseph A. Fierling, William E. Dower.

V. TRANSFERS.

The following transfers are hereby announced, to take effect at 8 a. m., Friday, September 13, 1935:

Apparatus operator Thomas F. Ford, from Engine 4 to Engine 20.

Apparatus operator Thomas E. Tierney, from Engine 1 to Engine 24.

Apparatus operator James J. Flanagan, from Engine 37 to Engine 5.

Apparatus operator John J. Lowney, from Engine 38 to Engine 34.

Apparatus operator Chesar Espessi, from Ladder 23 to Engine 5.

Apparatus operator Patrick J. Manning, from Ladder 4 to Engine 12.

Apparatus operator Eugene F. O'Neil, from Engine 12 to Engine 28.

Third Engineer Henry Currie, from Engine 44 to Engine 47.

Ladderman Henry W. Shafer, from Ladder 8 to Engine 44.

VI. NEW FIRE ALARM BOX.

A new fire alarm box will shortly be established at the following location:

Box 3468, Neponset avenue and Taylor street. This box will be connected into circuit No. 38 and the assignments will be the same as for Box 3471.

VII. FIRE ALARM BOXES REMOVED FROM SERVICE.

The following fire alarm boxes have been removed from service:

12-1323,—American House, Hanover street, circuit No. 78.

13-1481,—Hollis Street Theatre, circuit No. 4.

13-5181,—Bennett School Annex, Digh-ton street, circuit No. 14.

VIII. BOSTON AUTOMATIC FIRE ALARM COMPANY.

A new assignment card for page 2 in the Boston Automatic Fire Alarm

Book, dated September 30, 1935, is being issued to the department today. Attention is called to the fact that signal No. 49 has been added to this card. Old assignment cards dated February 12, 1934, will be returned to Department Headquarters on or before Monday, September 16, 1935, in the envelopes provided.

Notice has been received that signal No. 547, Boston Automatic Fire Alarm has been discontinued.

IX. BOSTON FIREMEN'S RELIEF FUND.

A report has been received from the chairman of the Balloting Committee of the Boston Firemen's Relief Fund giving the following results of the election of members of the corporation held on September 10, 1935:

805, Capt. William Mahoney, E. 41.
805, John F. Horgan, E. 32.
786, Lieut. James McFadden, E. 15.
782, John F. H. Fox, E. 19.
42, Capt. M. J. Gleason, Protective 2.

X. SALVATION ARMY.

With this general order there is being distributed to each house of the department a subscription blank for the Salvation Army Annual Maintenance Appeal. Company commanders are requested to call the attention of the members of the department to these blanks and accept such donations as the members wish to give.

The attention of the members of the department is called to the services rendered by the Salvation Army in connection with multiple alarm fires of the City of Boston.

The blanks are to be returned to Department Headquarters, with the contributions of the members, on Tuesday, October 1, 1935.

XI. COMMENDATION.

Hoseman Howard W. Burns of Engine Company 38 is hereby commended for assisting Ladder Company 2 in its efforts to revive a man who had been taken out of the water of Boston Harbor on September 4, 1935. Hoseman Burns was off duty at the time.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

MAYOR MANSFIELD WIRES CONDOLENCES ON SENATOR LONG'S DEATH.

The following is a copy of telegram sent by Mayor Mansfield to Mrs. Huey P. Long:

Boston and its citizens in company with all Americans and with the sympathetic people of the whole world offer their sincere condolences for the untimely death of Senator Long.

FREDERICK W. MANSFIELD,
Mayor of Boston.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer be constructed of 10-inch pipe, a surface drain of 12-inch pipe and two catch-basins in Redgate road, between St. Theresa avenue and 111 feet northeasterly in the West Roxbury district, at an estimated cost of \$990.

MAYOR MANSFIELD TO PLAY LEADING PART IN JOINT PROGRAM TO BE PRESENTED IN COMMEMORATION OF ESTABLISHMENT OF BOSTON COMMON. BOSTON IN ENGLAND AND THIS CITY TO BE LINKED BY RADIO FOR EVENT ON SEPTEMBER 17, SIGNIFICANT AS DATE OF FOUNDING OF CITY AND THE ADOPTION OF THE CONSTITUTION.

On Tuesday, September 17, the world's two most famous Bostons will be linked in a simultaneous joint program as a feature of the three hundredth anniversary of Boston Common by means of the radio.

Announcement has been made from the Boston Common Tercentenary Committee by Vice Chairman Edward E. Whiting, acting in the absence of Chairman Andrew J. Peters, that by the aid of the National Broadcasting Company and of the British Broadcasting Company the joint event is made possible, with features to take place alternately in the two countries. At 3 o'clock Chairman Peters is scheduled to speak from the Parkman Bandstand to the audience assembled at Boston, England, when he presents Mayor Frederick W. Mansfield.

As soon as Mayor Mansfield has extended his greetings, the peal of bells in the tower of ancient St. Botolph's Church in Lincolnshire will sound across the ocean, to be followed by singing by the choir of the church. Then back to Boston Common, where a delegate from that city will be speaking to his own countrymen as well as to the audience on the Common. He will present a flag of his home city, sent us from the people of that community to the daughter city in America. Then the Worshipful Mayor of Boston, England, Councilor J. S. Towell, will speak to both audiences and the interchange will come to a conclusion with music by a band and chorus at the Parkman Bandstand; and finally our "America," whose tune is also that of "God Save the King," so that the people of each country can sing their own words to a common tune.

At Boston, Lincolnshire, a public meeting of the City Corporation will be held, at which a resolution will be made sending greetings to the Boston in New England, and these proceedings will be broadcast.

Following the international radio period the local program on Boston Common will continue for an hour longer with a dramatized recital of the story of the founding of Boston and of the establishment of the Common by the early Puritans of three hundred years ago.

The American-British part of the afternoon program will be heard over stations WBZ and WBZA from 3 to 3.30 o'clock and also through a number of stations in the United States and Canada.

Chairman of the Boston Common Tercentenary committee of arrangements for the Boston-Boston Day is Hon. Henry Parkman, Jr. Music for the afternoon out-of-doors on the Common will be by an E. R. A. band and chorus. The picturesque costumed tableaux and reenactments of history will be by actors from the E. R. A. Civic Theatre, with a narrator telling the story.

A feature of particular significance will be the presence here on that day of Canon A. Malcolm Cook, M. A., Vicar of St. Botolph's Church at old Boston, who will come with official sanction to represent the people of his city on this occasion.

Advance Draft of program for "Boston-Boston Day," in the observance of the 300th anniversary of Boston Common, Tuesday, September 17, 1935.

Arrangements by Boston Common Tercentenary Committee, 9 Park street, Hon. Andrew J. Peters, Chairman.

Preliminary—On Boston Common, at Parkman Memorial Bandstand, 2.45 p. m. Unveiling of the Tercentenary Knitted Flag—the Stars and Stripes that was knitted by 100 women on the Common in August; and "Star Spangled Banner." Hon. Henry Parkman, Jr., presiding.

3 O'Clock—International Program at Boston Common and at Boston, England. (From the Common.) Chairman Andrew J. Peters presents the Mayor of Boston, Massachusetts, Hon. Frederick W. Mansfield, who speaks to both audiences.

(From Boston, England) Peal of bells from St. Botolph's Church; followed by singing by the church choir, "Turn Back O Man," by Bax.

(From Boston Common) Address by Canon A. Malcolm Cook of St. Botolph's Church, Boston, England; and presentation of the flag of his city to the City of Boston, Massachusetts.

(From England) Response by the Worshipful Mayor of old Boston, Councilor J. S. Towell.

Concluding with music from Boston Common by band and chorus, "Unfold, Ye Portals"; and then as the finale "America," with its tune the same as "God Save the King," so that the people of the two cities can each sing their own national words in unison.

3.30 O'clock or immediately following conclusion of radio period with England:

Historical Tableaux. Visualization of the founding of Boston and the establishment of Boston Common by reenacted scenes, with Narrator, Heralds and Pikemen.

William Blackstone, the first settler, with Indians, 1625-30.

Coming of the first government and charter, with Governor John Winthrop and assistants, from Salem to Charlestown, 1630.

Blackstone hears of the new comers and sends messenger with invitation, August, 1630.

Winthrop receives messenger and returns thanks.

Meeting of Winthrop and Blackstone at Boston Common, August, 1630.

Boston is established and named: "Ordered that Trimountaine shall be called Boston"; September 17, 1630.

Governor and assistants arrange for the purchase of land for a "common training field and pasture," 1634.

Transaction with Blackstone, 1634.

Committee on division of the land, December 18, 1634.

The Common is Established, 1635.

Money raised by taxation is paid to Blackstone; and he departs for Rhode Island, 1635.

4 O'Clock—Group Tableaux with singing of "Old Hundred" and "Song of Thanksgiving" by chorus.

Band.

Address—"Boston Contributions to America."

Chorus.

Address—"Boston and the Nation's Constitution."

Final assembly of all participants.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, estimated to be two (2) weeks, the following temporary rules are effective September 11, 1935:

Vehicles are excluded from the following street:

Dore Street.

Between Dillaway street and Tremont street.

The following street is one-way in the direction indicated:

Dillaway Street.

From Dore street to Hollis street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track repairs by the Boston Elevated Railway, estimated to be ten (10) days, the following temporary rules are effective September 10, 1935:

The following street is one-way in the direction indicated:

Roxbury Street, Roxbury.

From Gardner street to John Eliot square.

Parking of vehicles is prohibited in the following street:

Roxbury Street, Roxbury.

South side, from Gardner street to John Eliot square.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, September 12:

FIRE DEPARTMENT.

Permission has been given to make application on the Department of Civil Service for names to fill one vacancy in the position of exterior inspector in the Wire Division, at \$1,600 a year; necessary to fill the vacancy caused by the retirement of Patrick F. McMahon.

Third engineer, Arthur J. Landry of Engine Company 47, has been promoted to second engineer, with an increase in salary from \$2,100 to \$2,200 a year.

Permission has been given to change the designation of the following-named men from apparatus operator to engineer, high pressure:

Joseph A. Fierling and William E. Dower, to fill vacancies at \$2,200 a year.

Arthur Finney blacksmith, in the Maintenance Division, has been promoted to leading blacksmith, with an increase in salary from \$6 to \$6.50 a day, six days a week.

Deputy chief Walter M. McLean has been retired, to take effect at 8 a. m. Sunday, September 29, at \$2,250 a year.

The following-named men have been promoted to apparatus operators to fill six existing vacancies with salaries increased from \$2,100 to \$2,200 a year.

These promotions are to fill vacancies which have been caused by deaths and retirements.

Thomas F. Ford, Engine Company 4; Thomas E. Tierney, Engine Company 1; James J. Flanagan, Engine Company 37; John J. Lowney, Engine Company 38; Chesar Aspesi, Ladder Company 23; Patrick J. Manning, Ladder Company 4.

HOSPITAL DEPARTMENT.

Permission has been given for the following changes in the South Department:

James Clear, ward porter, allowed to live out with a change in salary to \$24—\$20.50, present salary plus \$3.50, for living out, in place of Timothy Crowley, lately deceased.

James Logan, temporary housecleaner at \$17.50 to be transferred to permanent ward porter at \$20.50, in place of James Clear.

William Barbier, temporary orderly to permanent orderly, at the same salary.

Alfred J. Simone, temporary orderly to permanent orderly, at the same salary.

James Brennan, temporary housecleaner since January 1933 at \$17.50, to permanent house-cleaner at \$21.

INSTITUTIONS DEPARTMENT.

The following changes will be made in the personnel:

Steamers "Hibbard" and "O'Meara."

Appointment: Roy A. Wilson, oiler, temporary, \$1,900 a year, temporary during vacation period.

Employment Terminated: John F. O'Hare, deckhand, temporary, \$1,700 a year.

Long Island Hospital.

Appointments: Barbara Priola, institution employee, waitress, temporary, \$316 a year; Rev. James Collins, C. S. S. R., Chaplain, temporary, \$1,000 a year.

Resignations: Grace Cahill Dignam, assistant dietitian, \$1,300 a year, voluntary; Leo F. Fahey, institution employee, porter, temporary, \$526 a year; John Bradley, institution employee, helper in bakery, \$700 a year, voluntary.

Employment Terminated: Arthur J. Gardner, institution employee, porter, temporary, \$526 a year; Rev. John J. Shields, C. S. S. R., Chaplain, temporary, \$1,000 a year.

Course Completed: Constance E. Mason, student nurse, \$600 a year.

Resignation: Dorothy Barron, institution employee, attendant, \$600 a year, voluntary.

Discharge: William McDonald, institution employee, helper in paint shop, \$700 a year, unsatisfactory.

PARK DEPARTMENT.

Approval has been given for the extension of the temporary employment, for a period of ten days from September 4, of Anna Herbon as a laundress at \$22 a week.

Approval has been given for the emergency employment, for a period of twenty days from September 6, of Margaret M. Hall as a matron at \$22 a week.

WEIGHTS AND MEASURES DEPARTMENT.

Michael J. Flaherty has been appointed deputy sealer of weights and measures to fill a vacancy created by the death of William D. Fay, salary at \$1,600 a year.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon several dates, as indicated, the Mayor approved contracts with firms for services, supplies, etc. Communications received from the heads of departments concerned were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, August 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—By request of the P. W. A. authorities, I am extending the date of the closing of the bids on the Robert Gould Shaw School to 2 p. m. Tuesday, September 3, 1935.

Incorporated in this work is the moving of portables from their present positions to new positions during the time of construction, after which they will be removed. It will now not be possible to have a contract go through the necessary formalities, supposing that we get a satisfactory low bid on September 3, and have it in such shape that a contractor can go to work and remove the portables in time for September 11.

Therefore, I respectfully request the approval of your Honor in awarding, without advertising, a contract, not to exceed four thousand dollars (\$4,000), for the removal, relocation and repair of these two double and one single portables to M. S. Kelliher Company of 38 Chauncy street, Boston. I consider this an emergency and respectfully request an expression of your pleasure at your very first convenience.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

SUPPLY DEPARTMENT.

Boston, September 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—On August 30 you approved an award of several contracts covering chestnut coal for the Overseers of the Public Welfare and the Soldiers' Relief Department.

One of these contracts was awarded to the Western Coal Company, covering 1,302 net tons of coal, to be delivered in the Jamaica Plain district. In the letter of award referred to, the amount of the Western Coal Company's contract was given as \$23,655.38. This amount is in error, due to a mistake in addition and should be \$13,655.38, so that the Western Coal Company's contract will be written for this latter amount.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Martin street, West Roxbury district, as a highway, from Bellevue street to La Grange street; bounded and described as follows:

An extension of the highway named Martin street is hereby laid out, from Bellevue street to La Grange street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Bellevue street, forty-one and 42-100 feet; southeasterly by the southeasterly line of said extension of said Martin street as hereby laid out, six hundred twenty-five and 55-100 feet; southerly by La Grange street, fifty-two and 16-100 feet; and northwesterly by the northwesterly line of said extension of said Martin street as hereby laid out, six hundred forty-eight and 24-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Martin street, West Roxbury district, as a highway, from Bellevue street to La Grange street, under the order of the Board of September 9, 1935, and awards no damages therefor.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alley No. 719, Boston Proper district, as a public alley, from Harrison avenue to Alley No. 718, bounded and described as follows:

A public alley named Public Alley No. 719 is hereby laid out, from Harrison avenue to Alley No. 718, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Southeasterly by Harrison avenue, ten and 5-100 feet; southwesterly by the southwesterly line of said Public Alley No. 719 as hereby laid out, five hundred seven and 66-100 feet; westerly by Alley No. 718, seventeen and 92-100 feet; and northeasterly by the northeasterly line of said Public Alley No. 719 as hereby laid out, five hundred twenty-one and 55-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Public Alley No. 719, Boston Proper district, as a highway, from Harrison avenue to Alley No. 718, under the order of the Board of September 5, 1935, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted August 8, 1935, for a period commencing Saturday, August 10, 1935, and terminating Friday, August 23, 1935, both inclusive, and which was extended on August 23, 1935, for a period commencing Saturday, August 24, 1935, and terminating Friday, September 6, 1935, both inclusive, is hereby extended for the period commencing Saturday, September 7, 1935, and terminating Friday, September 20, 1935, both inclusive.

The operator of a vehicle shall not make the following left turn:

Sumner Tunnel.

Into Cross street.

The operation of the automatic traffic signal at the intersection of Cross street and Hanover street is suspended.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted on September 6, 1934, and was effective September 7, 1934, for a trial period of three (3) months, which was extended on December 4, 1934, for a period of three (3) months from December 7, 1934, and which was extended for a period of three (3) months from March 7, 1935, and which was extended for a period of three (3) months from June 7, 1935, is hereby extended for a further trial period of three (3) months from September 7, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in Blue Hill avenue, both sides, from Babson street to Mattapan square.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 4, 1935, and was effective June 10, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from September 10, 1935:

The following street is one-way in the direction indicated:

Emmet Street, South Boston.

From East Third street to East Second street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of gas main construction, estimated to be one (1) week, vehicles are excluded from Weld street, West Roxbury, between Morey road and Grotter road, effective September 9, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from Faneuil street, Brighton, between Montefern avenue and Bigelow street, effective September 5, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of two (2) weeks, the following temporary rules are effective September 13, 1935:

The operator of a vehicle shall not enter Cross street northwest bound, at North street, except to enter Sumner Tunnel.

Parking of vehicles is prohibited in the following streets:

Hanover Street.

Both sides, from Cross street to Richmond street.

North Street.

Both sides, from Cross street to Richmond street.

The following street is one-way in the direction indicated:

North Street.

From Cross street to Richmond street.

The following temporary rule, which was effective August 10, 1935, and was extended August 24, 1935, and September 7, 1935, to terminate December 20, 1935, is hereby suspended:

The operator of a vehicle shall not make the following left turn:

Summer Tunnel.

Into Cross street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) month, vehicles are excluded from Willow court, Dorchester, between Boston street and Massachusetts avenue, effective September 12, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of religious exercises of the Society of Maria S. S., vehicles are excluded from Fleet street, between Hanover street and North street, from 5 p. m., September 14, 1935, to 11 p. m., September 15, 1935.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alley No. 718, Boston Proper district, as a public alley, from East Springfield street to Worcester square, bounded and described as follows:

A public alley named Public Alley No. 718 is hereby laid out, from East Springfield street to Worcester square, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Southwesterly by East Springfield street, nineteen and 86-100 feet; northwesterly by the northwesterly line of said Public Alley No. 718 as hereby laid out, by two measurements, one hundred fifty-seven and 24-100 feet and twenty-five and 77-100 feet; easterly by Worcester square, six and 1-100 feet; southeasterly by the southeasterly line of said Public Alley No. 718 as hereby laid out, ninety-eight and 93-100 feet; easterly by Public Alley No. 719, seventeen and 92-100 feet; and southeasterly by the southeasterly line of said Public Alley No. 718 as hereby laid out, seventy feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Public Alley No. 718, Boston Proper district, from East Springfield street to Worcester square, under the order of the Board of September 4, 1935, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Allendale avenue, Dorchester district, as a highway, from Gallivan Boulevard to Hill Top street, with the name of Rockne avenue or some other distinctive name, bounded and described as follows:

A highway named Rockne avenue is hereby laid out, from Gallivan Boulevard to Hill Top street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Gallivan Boulevard and Milton street:

Northerly by Gallivan Boulevard, forty and 26-100 feet; easterly by the easterly

line of said Rockne avenue as hereby laid out, seven hundred eighteen and 53-100 feet; southerly by Milton street, forty feet; and westerly by the westerly line of said Rockne avenue as hereby laid out, seven hundred twenty-three and 3-100 feet.

Part between Milton street and Hill Top street:

Northerly by Milton street, forty feet; easterly by the easterly line of said Rockne avenue as hereby laid out, five hundred sixty-seven and 60-100 feet; southerly by Hill Top street, forty and 28-100 feet; and westerly by the westerly line of said Rockne avenue as hereby laid out, five hundred sixty-two and 99-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Rockne avenue (formerly Allendale avenue), Dorchester district, as a highway, from Gallivan Boulevard to Hill Top street, under the order of the Board of September 5, 1935, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 76.

Patrolman Harry E. Beatty of Division 9 is commended for efficient police duty performed on August 28, 1935, in accomplishing the arrest of five juveniles in connection with a series of breaks in the Roxbury District and the recovery of much of the stolen property.

The commissioner is pleased to recognize and commend the effective police duty performed by Patrolman Beatty on this occasion.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

TRAFFIC ENGINEER, BOSTON TRAFFIC COMMISSION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

Salary: \$4,000 a year.

Duties: To make surveys of street traffic; the designing and installation of automatic traffic lights and signs. To recommend necessary changes in the rules governing foot and vehicular traffic. To receive petitions for changes in parking or one-way streets. To report on same to the Traffic Commission, and to recommend such other improvements as may be necessary. To have charge of an engineering organization. To direct and supervise the designs of engineering structures or the reporting on or planning of engineering projects. To supervise the preparation of contracts and specifications. To have direct charge of engineering construction of automatic traffic signals, surveys and investigations. To direct the work of engineering assistants and inspectors engaged in construction work, and perform related work as required.

The Boston Traffic Commission requests that applicants have education equivalent to graduation from a technical school of recognized standing. Credit will be given in the examination for this qualification.

Entrance Requirements: Applicants must have six years' active experience as an engineer.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Tuesday, September 3, 1935.

Special meeting of the City Council, held in the City Council Chamber, City Hall, at 2 p. m., President FITZGERALD presiding. Absent, Coun. Norton and McGrath.

The meeting was held pursuant to the following call:

City of Boston,

In City Council, August 30, 1935.

To the Members of the City Council.

Gentlemen,—You are hereby requested to assemble in the City Council Chamber on Tuesday, September 3, 1935, at two o'clock p. m., for the purpose of taking action on the acceptance of chapter 492 of the Acts of 1935 for the construction of tunnels or subways in the City of Boston and the removal of the elevated structure, and to act on P. W. A. projects and loans.

Respectfully,

JOHN I. FITZGERALD, President.

Placed on file.

REMOVAL OF "EL" STRUCTURE.

The following was received:

City of Boston,

Office of the Mayor, September 3, 1935.

To the City Council.

Gentlemen,—I am transmitting herewith for consideration and action by your Honorable Body chapter 492 of the Acts of 1935, which, in brief, provides for the removal of the elevated structure and the substitution of a tunnel or subway. By its terms (excepting section 4, which authorizes preliminary surveys and the like) this act does not take effect until it is accepted by both the City Council, approved by the Mayor, and by vote of the stockholders and Board of Directors of the Boston Elevated Railway Company.

The act is purely permissive and does not obligate the city to take any steps whatever under it, but if the city is to proceed under it acceptance by your Honorable Body is necessary.

In order that the city may be in a position to take advantage of the terms of the act if that shall be deemed advisable and the Federal requirements can be satisfied, I respectfully recommend the acceptance of this act by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

Coun. GREEN offered the following:

Ordered, That the provisions of chapter 492 of the Acts of 1935, entitled "An Act to Provide for the Construction of Tunnels or Subways in the City of Boston and the Purchase and Removal of Certain Elevated Structures in said City, with the Aid of Federal Funds," be, and hereby are, accepted.

The question came on the suspension of the rules and the passage of the order.

Coun. GREEN—Mr. President, I stand indicted this afternoon on the testimony of a man who at the present time is occupying a seat in this chamber. I do not mean a member of this body. I mean a member of the press; and I want to inform the members of this body, and they know it,—I do not have to make any explanation to them,—that my life and especially my public life has always been an open book. I have been carrying on this contest for the removal of this monstrosity not for one, two or three years, but for the last twenty-five years; and after the bill that was supposed to have been presented by a young man of Charlestown was relegated to the ash heap in the Legislature, and the Mayor of Boston sent his message to the Legislature that was also defeated, I went to the Governor of this Commonwealth and suggested that he send in a second message, and it was through his efforts that that matter is before us here this afternoon for our acceptance. Only a few years ago, Mr. President, I was called down to the third floor by a gentleman representing a Boston newspaper and he tried to put into my mouth words, he tried to get me to issue a statement condemning a man that twenty-two months of this Council voted for only a few short months ago at a unanimous election, sir, the first time in the history of this city—a testimonial to his stewardship and a testimonial to his devotion to the Democratic party. I said, "No; you will never use me as a tool." He said, "All right." And then he said, "We will corral you in with the rest of them and make an example of you all." It is pretty funny, but in the headlines of this same newspaper for the last two or three weeks all you could read was that Tom Green is doing this and Tom Green is doing that, and Tom Green introduced this order and Tom Green introduced that order, and over night, Mr. President, they turned their guns on me. They turned their guns on me because I refused to be a part or parcel to destroying this gentleman who is sitting in this seat indicating President Fitzgerald, who had turned the chair over to Coun. Gallagher, the President of our body. Now, there is more than the Elevated removal behind this little play. They might gather in the Gov-

ernor of the Commonwealth before they are through. They might gather in the President of these great United States of America before they are through, but for the last fifty years, Mr. President, and I am going to repeat this statement on the floor of the Council, some member of my family has been representing that district in some branch of the City or of the State Government, and this is the first time in fifty years that any newspaper man—if I can call him such—or any other man ever pointed his finger at me and questioned my sincerity. I supported men in this body when I was the only one to stand out. I supported men in this body before I served with them. I never dealt from the bottom of the pack to any member of this Honorable Body. There is a young man in Charlestown now that they are trying to build up. They are trying to do that by a good many methods. You will find his name on the office door at 40 Court street, a relative of Colbert's. That is very significant. You will find a Colbert representing this same newspaper that I have got reference to, in the City Hall. That is also very significant, but you cannot build Kiley up, Mr. Colbert. You will never build him up at the expense of Councilor Tom Green. For the last eight or nine years I have sat in my seat at home in Charlestown without getting out a single card, or without making a single speech, because I have delivered the goods in Charlestown. I do not have to make any speeches to the people there. I do not have to get out any cards. They know me. As I said before—and I repeat it again—my life is an open book, and I will produce my records for the last fifty years and nobody will deny that I have not stood on my feet, Mr. President, sir, stood on my feet and defended every piece of humane legislation that ever came before this body. Mr. Kiley releases statements that he does not know anything about! I have sent statements to the press repeatedly that were going to be used for newspaper publicity, and it was going to help bring about the removal of this great monstrosity, and after I refused to attack Fitzgerald, lo and behold! everything I said either at my office or at the City Hall was turned over to little Jimmie Kiley, the peanut politician from Charlestown, that came out from the woods and will blow out the same way. We have been pretty charitable with Jimmy, but for the last twenty-five or thirty years Fitzgerald and I—and I supported him and I supported him in the open, and I fought with him in the open and I am wearing scars this afternoon to prove those battles and so is he, but when the polls were closed and the ballots counted, the contest was all over. Kiley and the man behind Kiley attacked Fitzgerald, but Fitzgerald is outside of Kiley's district and I do not know why he attacked him. Mr. President, I will never be elected by the votes of the nigger pool collectors. I will never be elected by the votes of the racketeers. I am going to tear the lid off Charlestown and I am going to point my finger, for the first time—and I never wore a badge—at the men that are sitting around taking two, three or four cents from the little school children and writing up nigger pool. That money has been used before to try to beat Green and to try to defeat Fitzgerald, but this fight has just started. I am putting on the gloves. There will be no more shadow boxing and I am going to carry the fight on because I think, Mr. Colbert, that you have been unfair. I think, Mr. Colbert, that you have been dealing from the bottom of the pack on every member of this Council. This probably will bring the wrath of the gods down on my head because I stand four-square and ask for a fair deal. But before I take your advice or before I take your abuse, before I stand for your innuendo and your slander, I want to be retired to private life. I do not think that you are on the level. I am not taking advantage of this Chair, sir, in telling you so, but I am telling you direct that the contest is on. The war is on and it is going to be a war of extermination and I want you to come into Charlestown. I want you to try to lick Tom Green. I want you to try to lick Tom Green with your lies and your innuendo and your slander. I could not get any copy. I could not get a statement in your paper defending me. It was all Kiley. It was what Kiley said about Green. Kiley said that Green was not fit to serve the people of Charlestown in the City Council. And I could not get a line in rebuttal unless I paid for it. And in closing, Mr. President, just let me say that I am thankful to you, Mr. Chairman, and to the members of this body. I feel that you have got confidence in me. I do not think that there is a member of this Honorable Body that believes a line that was run in that paper. There is not a man in this body, I know, that will question my sincerity as far as the removal of the elevated road is concerned, because it is in the records of the Council, and because my life is an open book. And now I am going to turn the guns over to another man, a red-blooded he-man, that can take care of himself and that has been taking care of himself for the last twenty-five years. (Applause.)

Coun. GALLAGHER presiding: The Chair will remind the gallery that there is to be no demonstration. A repetition of the applause will mean your removal from the gallery. It will be very painful for me to do it, but I must ask you to comply with our rules, as you are the guests of this body.

President FITZGERALD—Mr. Chairman, there has been a good deal of controversy over this

elevated structure, and feeling that my relations had always been cordial with the Council and that I was on friendly terms with all the members of the Council, I could not see any reason why any member should give out a statement to the papers criticising me on my action in the elevated matter. At the opening I want to say that I have spent a good deal of time in the City Hall the last month. I have been here, I might say, morning, noon and night. I have spent a good deal of time here because of the pressure of business as President of the Council and in the absence of the Mayor, as acting Mayor, and at no time did any member of the Boston Post, or any representative of the Boston Post, ever ask me to call a meeting of the Council. I do not know why. I was available at all times, and I was here at all times. The only time that I ever knew that there would be any meeting of the Council called or that I was the one that was instructed to call meetings, was when I read of it in the morning paper. No member of this body ever consulted me about it. Nobody ever asked me by telephone or in person to call any meeting and my first notice of it would be when I was reading in the morning paper that a special meeting had been ordered called by the President. That was a very unfair procedure. At least the members of the Council who are so anxious to have these meetings called ought to try to consult me, or find out if I was in the city or absent from the city; but they did not see fit to do so. However, I want to state that in my twenty-five years in public office, I have always been against the Elevated and all its interests, and I think the records will prove that the only representatives that ever fought the Elevated, and fought them to the finish, were the representatives from the ward which I now have the honor to represent. We went so far as to bring them before the Supreme Court for the last piece of Elevated construction, the only one that went through the West End, and I think everybody remembers the old headquarters of the Hendricks Club on Lowell street were taken and Martin Lomasney fought it and I think every representative from our ward has fought it, and he finally succeeded in putting through a bill that was before the Legislature, which has never been done before or since—taking the right away even from the courts to settle with the property owners direct. And, finally, when they did pass this monstrosity of a bill over his protest that it should not go through the West End, he put a bill through the Legislature that no person owning property would have that property taken unless the owner agreed. There were no court proceedings or anything like that and if a person saw fit to let their property go, they did so, and the Elevated had to deal with them and pay them their price for it. What is the history of this structure? We might as well get a little idea about it. The Boston Post was one of the first papers of its day who advocated building the elevated structure. The people of Charlestown, on a referendum vote, voted to have the elevated structure go through Charlestown. It was a vote of the people of Charlestown and the people of Roxbury voted to put the elevated structure through the streets of Roxbury. The representatives from Jamaica Plain and Roslindale and West Roxbury who were in the Legislature and in the City Council at the time, not only did they speak but they voted in favor of it, and the records of the City Council will prove that. They wanted it and so that has been the history and the record. Now, the people by a referendum vote, placed upon the ballots at a special election, voted for it. True it was called in the summer-time. That was through the manipulation of those in the Legislature and the speakers that demanded it. Even the conservative Boston Globe was in favor of it. I am going to ask that these things all be incorporated in the record. They urged it upon the people and the newspapers hounded the members of the City Council. The newspapers of that day hounded them the same as they have hounded some of us today, demanding that the people vote for it, vote for putting the elevated structure through the streets of Boston. Then as now they demanded it and the members of the City Council, after what they saw happen in New York, they were threatened and blackmailed and cajoled then as now. The Boston members of this City Council and the Board of Aldermen of that day in 1897—and that is not so very many years ago were forced to pass it. I, as a member of the House of Representatives, I fought against the elevated—sent out sermons and how many of the representatives were independent? In 1918 I was one of the few that opposed it and even when the United Fruit Company threatened the members of the Massachusetts Senate, and many other men were shown up—after men who had bought or sold their votes, trading them like barrels in the market place—they did not find one scrap of conscience upon me. I was one of the few that were clean in that matter. Now all the newspapers that in this matter. On the 14th of August, Mr. My name appears there in the Boston Herald. I said that I was of the opinion that it was known that some men were bought and loaded. I said, "I fought every member of it and they could never get me because the ship was moved the water and of my district. Now all the newspapers and their editors in this country and I wonder if you have read the Mayor's message and the Department of the Elevated structure set down in the City of Charlestown was constructed. They spent over three or four millions of dollars and they would like it

down piece-meal, and part of it affected part of my district. I wanted to take it down in front of the North Station to Lowell street. The Boston & Maine Railroad and the Hotel Manger wanted to take it down, but the hue and cry was raised. "The whole or nothing," and when it was agreed upon the directors of the Elevated agreed upon it, this hullabaloo was started, and any sane man would know that once they started to take a part of it down they would have to take the whole of it down. Now, why has this thing started? They have abused people here. I know who has been against the elevated structure. Councilor Green has been against it. It is for the interest of his people that it be taken down, and any man in public life today would agree to fight to take it down, because the people of the city are fair-minded. But it is absolutely unfair if men are forced to hire newspaper advertisements and have to go on the radio to tell their side of the story. That is absolutely unfair. Now, it is well known that if the newspapers of this city want to do a public duty, why did they not publish the names of the persons owning stock in the Elevated Railway, those who are now planning to protect their interests. Oh, they would not dare to do it. Any why? Because it would reach too many of these distinguished people who have connected themselves with the public press and who are the owners of the stock of the Boston Elevated Railway. Now, it is absolutely unfair. And in calling the meetings of the Council I have done everything that was right. A week ago Saturday, at ten o'clock, I received word from Councilor McGrath, not by telephone or in person, but by letter. Now, everybody knows that City Hall on Saturday in the summertime only works on a skeleton crew and many people do not come in on that day, and all the attachés were not here. I sent out the notice, as has been customary in the past, and, as I said, handed down from the beginning of the history of the revised City Charter relating to this body, and I sent this notice to the Assistant Clerk of Committees to send out and he said, "The time is very short to get the members together for Monday and I will have to send a telegram." I have consulted every legal person possible about it. A telegram is a written notice, but it appears that certain appropriations under the P. W. A. could not be made unless it was certified by the City Clerk to the officials in Washington, which is the new procedure. While it is true that I am the President of the Council, I am not the Corporation Counsel nor am I the legislative counsel. The City Clerk is here to render an opinion and I daresay, outside of the City Clerk and the Corporation Counsel, there is nobody here that can tell what this P. W. A. or W. P. A. even stands for. Now, we held a meeting on that day and we transacted all the business necessary, but the City Clerk maintained that on P. W. A. projects he would have to sign a certificate that written notices were mailed to each member twenty-four hours before the meeting. He was here at his post of duty and so was the assistant clerk. All the attachés of the Council were here and every member of the body was here whom it was possible to reach. Councilor Wilson was sick and Councilor Norton was in Europe, but twenty members were here. The Mayor sent in his communications to take over the property by the city which was to be sold for unpaid taxes. So that we transacted all possible business. One councilor, according to the newspapers, said that the meeting was called by a subterfuge. Now the next call I got was from Mr. Green. I did receive a card for a meeting but not until the next day, Thursday. He left a card in my office and that is the card (producing card). I did not get it until eleven o'clock, because I was not in when it was left, and in it he asked me to call a meeting and to notify the City Clerk. That is the request I got on that occasion. I showed that to the representatives of the papers and asked them to be fair in these matters. I could not possibly call the meeting for Saturday when I knew well that the members of the Council had left the city. They were away for the week end and in order to find the members of the Council, if I could find them, and knowing that we had until the 16th of September, as I was informed, to take action on these government proposals, I said, "What is the need of haste?" And so I called it for Wednesday because I thought that on Tuesday every member of the Council would be busy filing their preliminary papers. Well, I then called up Tom Sullivan of the Transit Commission on Federal allotments and asked him what he knew of the situation. He said that it was very doubtful whether it was the 4th or the 16th when the applications closed. He said, "We do not know. We have no definite information; but I would suggest, to be on the safe side, that you call the meeting prior to the 4th." And I then changed the day to Tuesday and I advised Mr. O'Neil, the Assistant Clerk of Committees and arranged with the City Clerk for this meeting today. I received a letter from Councilor Dowd, which was on City Hall paper, and I asked the messenger, "Where did you get it?" This is right here in City Hall without any stamp on it. I suspended business and opened it and saw that it was a letter from Councilor Dowd. I dispatched messengers to find him but I could not find him anywhere in the building. And then I called upon Mr. O'Neil and said, "Where did you get this information from?" And it was information that had been relayed to the newspaper room and to him, and he said

that Dowd was at his summer home, and I had just sent out the notice for Tuesday on the advice of Commissioner Sullivan of the Transit Commission. A little later in the day a conference was held by the Governor of the Commonwealth, and the Board of Directors of the Elevated were there and Councilor Green and I went up to see his Excellency the Governor and had a very pleasant interview with him and certain matters pertaining to the Elevated were talked over. We told him about the special meeting. He said that was quite right, that as the telegram that was sent out he thought was perfectly legal, but he suggested that the City Council confirm the action that he had taken on the elevated. And I said, "We will bring it before the meeting which is now going to be held." I said, "What information have you on the dead line for Federal projects? Is it the 4th or the 16th?" He said, "It is very indefinite and nobody really knows whether the last day is the 4th or the 16th." Now, I talked with the Governor and then I talked with the Mayor and the Mayor did not know. Now I said, I have already called the meeting for Tuesday; and I did so before I received any communication from Councilor Dowd. Now it is all very well. I have no fears of the opinion of the people in my section. They are fair and I know that they understand, and I know that the people of Boston are fair and I know that the members of this City Council are fair. Why the attacks upon me, I cannot quite understand. There are only four papers that have been entirely fair in this matter all the way through, the *Traveler*, the *Herald*, the *Transcript* and the *Christian Science Monitor*. The *Boston American* printed a vicious article and here was the headline: "After rebuking two city councilors for calling in question this particular meeting, the Governor said, 'That he expected the Elevated acceptance of it would be certified before tomorrow by the Elevated directors and trustees.' Well, tomorrow has not come yet and that is a long time ago. We all might be dead since that statement was issued, which, of course, was a contemptible lie. A little later it goes down the line and it states that he said other things in reference to the two councilors which, of course, again was a contemptible lie and printed in malice aforethought with the one purpose in mind to injure me. But there is one paper I am surprised at, that for generations and generations was the one paper that was always welcomed into the home, that people always called 'The old Boston Globe there she stands,' and General Taylor was a wonderful man. But when the *Boston Globe* stooped to enter into this controversy and say that Councilors Dowd and Fitzgerald had this controversy when Dowd and I never met or spoke to each other since he was here at the last meeting, that was another contemptible lie. I remember once before when a man representing that paper in this Hall, undertook to do things to a representative from the district which I come from, and I well remember going there to see old General Taylor and he did not last long. General Taylor said, 'I will not stand for that.' And only a short time ago another gentleman was taken out, because the *Boston Globe* has always been fair and it always has been honorable, and the Taylors had that reputation and old General Taylor was an old Civil War veteran and his sons that have gone over there in connection with the paper have always been fair, because people from my district have come to me and said that when they were struggling—many a time—he was a great help to them when they could not get help elsewhere, and the Taylors always had great respect for the people living in my district. That paper did not need to enter into this controversy and all I hope is that before the meeting adjourns today that, in reply to that article in the *Boston Globe*, that Councilor Dowd will at least give me the benefit of saying that he never had any controversy with me, nor have I any controversy with Councilor Dowd. Our relations have been of the best, and I suppose they will probably continue to be so. We have no controversy. We never talked a minute since the Council adjourned on the last Monday. Now I could argue all the afternoon. I have numerous pieces of evidence here that all of my activities whether in the Council or the General Court, or anywhere else, were always against the Elevated. But my experience in politics with the press has been a little more than some members of the Council and I am sorry to say that they allow themselves to be led around too much by representatives of the press. Men with whom I have associated in politics in my twenty-five years in the Senate and in the House and here in the Council—and I have associated, of course, with many of the oldtimers, and they played politics a little differently from the way it is played today. When the press stoops so low as to try to injure you when you have not a chance in the world to come back and answer the slander, it is decidedly unfair. We have had a lot of hullabaloo about this Elevated, and at this very minute nobody in the wide world, the Governor or the Mayor or anybody else, up to two o'clock could know what the Elevated Directors had done, or what they intend to do. Nobody can tell whether the dead line on the United States allotment is the 4th or the 16th. To show how vicious and unfair the newspapers have been and how contemptible, the Legislature passed an act authorizing the building of a new Court House in which they said that the commission should not be appointed until the money had been appro-

riated by the Federal Government. What did the Governor do? He proceeded to appoint the former Commissioner of Public Works of Boston, Mr. Rourke, and he proceeded to function immediately, and then the Governor said, "Go ahead." The Mayor called in Mr. Parker, who represents the United States Government here in Boston, and he said, "All right; we will approve that with the understanding"—and mind you, the City Council has got to pass upon this appropriation, and is there any trouble about that? Why can they not do the same thing on the Elevated matter? What is the difference? I want that question answered. The law passed by the Legislature states that a commission cannot be appointed until the money is allotted by the Federal Government, and yet they have gone ahead with a tentative plan to save their rights in Washington. Why can they not save their rights in the elevated matter? Well, as a matter of fact the Emergency Finance Board in charge of Mr. Foy had already approved taking down the Elevated in Charlestown. They have power to take down the elevated structure from a point near the North Station to Sullivan square, approved by the Mayor and Directors of the Elevated. So let the people of Boston know now that this is nothing but a smoke screen. They have all the power and all the rights and they can proceed now, and under that very act they have already approved, and if they can approve the building of a court house, which says they must come to this body to appropriate that money, for which they are going to take a million dollars worth of real estate, but not one word has been said in the newspapers about that, and it affects my district, too, and I only wish I owned some of the property, but I do not. Not a word was said about that. But they start in on certain members of this Council. It is absolutely unfair and I ask that this be incorporated in the record, which shows the votes at all times (indicating paper). It shows how the newspapers of that time stood, with their editorials and everything else. It shows the votes of the members from Boston who were in favor of this proposition. It shows the City Council who voted to put up the Elevated. The papers did not say very much about that, but they seemed to pick out Councilor Green and myself. I think we can stand it. All our acts have been open and above board. All my acts are, I know. I know how I feel toward members of the Council. People have a right to go away. It was a holiday week-end. As a matter of fact, I wanted the Council to meet on last Wednesday. The Council definitely voted on the order of Councilor Brackman requesting the Mayor to call a special meeting last Wednesday, which he did not do. The members of this Council, with all their eyes open, voted on Councilor Brackman's order requesting the Mayor to call the meeting, and now when it comes down to a legal point, it is a question whether the President has any right to call a meeting at all where bond issues and land-takings are involved. Experts on the charter say it is the duty of the Mayor. Of course we have made rules here governing all those things. We have made rules that the President can call a meeting of the Council, but technically and legally the matter is in question and if land is to be taken or bonds issued, any citizen can go to the Supreme Court and question the legality of the President calling a meeting because the Mayor stands in the same category as the Governor of the Commonwealth. The Speaker of the House cannot call a special session of the Legislature. That is the duty of the Governor. It is an unfair thing to try to crucify me upon the altar of public opinion. That question can be raised. Now, is there any criticism of that? The members knew it. I said last Monday to several members that the meeting should be on Wednesday and that we should get rid of the proposition once for all. They said, "No; we will put it up to the Mayor who had already expressed his opinion upon it." The newspaper men knew how it was brought up and how we voted, but, of course, they were out to make as much trouble as possible. I have no apology to make for my actions. I did the best I could in the matter and I was entitled to some consideration and, as I said, the meeting voted to adjourn over the summer vacation season until September 9, and this continual harassing of the members of the Council and perpetually bringing them in for special meetings on matters of this kind was absolutely wrong; and I say to the citizens of Boston—and I want them to know it—that at no time was I ever requested by the *Boston Post* or its representatives to call a meeting, but they did request other members of the Council, whom they could not find but whom they contacted—and they have told me so—and asked them to have a meeting called, and I was in the building at all times and could be reached; and I was never asked. Now, I would like to know why? Why was I not to be considered? Why was it necessary to contact other members of the Council who had no authority to call a meeting. They did not stop to find out—and I now refer to the *Boston Post*—if I was in town or whether or not they could reach me; but they said, "Go ahead; let us get Fitzgerald and crucify him." Crucify him." And the purpose of that I do not know, but the public record speaks for itself. It is on record at the State House in records that cannot be destroyed except by fire. They are there for all time and it shows my stand on the Elevated. I think the people

In 1931, continuing until June 1933, the Council had two presidents. I personally feel that the President of the Council is unduly afraid over something that does not exist or never has existed. I am deeply honored and grateful to the President of the Council for pointing out to the people of Boston that Dowd was away at his summer home. Well, let me say to him that I am not reputed to be worth half a million dollars, and if I was worth that amount I probably would have a summer home. Let

me say to him that if he spends as much time on City Council affairs as Dowd has spent since he has been a member of this body, that he would be serving his constituents as well as he would serve them. It is very unfortunate that the President of the Council should bring any personalities into his remarks. I understand he is a little steamed up about an article that appeared in the *Boston Globe* and for his benefit and for the benefit of anybody else, and the benefit of the *Boston Globe* let me say that I have not talked to the President of this Council nor have I talked with the *Boston Globe* since last Monday, and that in the article that they have—and they are a little alarmed over what it says—Dowd does not make the statement at all: "Yesterday some members of the Council, including Thomas H. Green, were called obstructionists by other members of the Council." What has that got to do with Dowd? I am just one member of the Council; and it goes on further to say that I requested the President of the Council to call the meeting for Tuesday instead of Wednesday, and I plead guilty to that charge, and as a member of this Council I have got the right, at any time, to call upon the President whether it is in person or in writing, to call a meeting of the City Council if I think that some of our plans which we have voted for five years or more, are in jeopardy. Let me say to the President of the Council that so far as me calling Green or yourself obstructionists, according to that *Boston Globe* article, it is absolutely false. The only communication that I ever sent to you I just handed to Mr. O'Neil and that record says that the President called the meeting for Tuesday instead of Wednesday. I looked up the P. W. A. law. I have talked to Colonel Parker and I have talked to Colonel Sullivan. They both advised me that the dead line was tomorrow night at five o'clock. I introduced an order some five years ago, a joint order with Councilor Green and myself, five long years ago and we have fought for it ever since; and I did not want to see any legal technicality stand in our way, and so I requested the President of the Council to call the meeting for today instead of tomorrow. Does any member here think I went outside my legal position in doing so? I do not think so and I owe no apology to the President of the Council or to any other member for the step which I took. We came here today to accept the Elevated act and to lay it on the shoulders of the directors of the Boston Elevated Railway. I absolutely concur with what Tom Green says. I am absolutely sincere and so is Fitzgerald, but he is unduly alarmed over something that does not exist whatsoever. And let me say to the President of the Council, suppose we did not meet until tomorrow afternoon and the act was not accepted until late in the afternoon. That act had to be signed by the Mayor, by the Emergency Finance Board and by the Governor and be down at the P. W. A. headquarters tomorrow at five o'clock, and it was impossible to do all that; and then who would be to blame for it. The Boston City Council, every one of us, would be open to blame if any legal technicality stepped in their way, and if there was the remotest possibility of that, why should we not call the meeting for Tuesday? I was not aware of the fact that the President had already changed the date. I read in the newspapers that the meeting was called for Wednesday afternoon and I saw no real logical reason why we should not meet today and accordingly I called the stenographer; and the President said my letter was on City Hall paper. Well, I wonder what kind of paper he thought I was going to send the request on. The request was absolutely legal. Every member of this Council has a right at any time he sees fit to send a communication to the President asking him to call a special meeting. I say again that he is unduly alarmed over nothing. I say this, that if we did meet tomorrow we are all aware of the fact that those high in command of the P. W. A. projects, and probably those in authority, might be raising the technicality that the application was not received in time and therefore it would be useless to enter it. I was thinking of the 4,000 men that were going to work on the elevated project. I have thought many a week and many a month that the members directly interested in the project have put in an immense amount of work, in an effort to pass it, and now when we are on the very threshold of success, the President is of the opinion that a member of the Council was unfair to him. I say it was not unfair. You are the only man that was unfair and he stood in the Council and accused me of not being here. When I spend more time in the City Hall morning, noon and night, than anybody else, and you know it, I have no apology to offer for being out of Boston for two or three days. When sometimes are called I am on the job and I say I am unfair to Fitzgerald or to anybody else and I criticize me because he could not get up on the telephone. Does he know that I tried three different times that morning to contact him by telephone and finally I had to write him. I say it to him that he is unduly alarmed over nothing that exists. He has been in politics long enough to realize how newspaper stories can be garbled and it he is upset about the *Boston Globe*, I say to the *Boston Globe* and to Councilor Green and Councilor Fitzgerald that I never said they were obstructionists, and when, as a matter of fact, the newspapers themselves did nobody that Dowd said it. They say that other members of the Council said it, so that

[illegible]

elevated structure might be included. This question has been studied a number of times and estimates have been made of the cost. It was estimated in a report which appears in House Document 19 of 1924, that the cost of a removal of the entire elevated structure and a substitution of a subway, and not considering any payment for the structure to the Elevated Railway Company, would be about \$54,000,000. Other estimates have been made as to what a partial removal of various sections of the structure would amount to, but the total and the total which might be poured out under this open-ended bond issue act would amount to about \$54,000,000. And as those bonds come out, we have no authority, if we once accept this act, to say whether they shall be issued or not. In other words, we are giving a blank check. Now, what is our financial condition at the present time? I shall not go into it in detail. I did so only a few months ago, when the budget was before us. I wish to point out again that this year, by reason of the failure to receive sufficient revenues, we have had to borrow \$9,000,000 to meet operating expenses of the city, and we may have to borrow some more because we do not yet know the total amount of the welfare costs. We have before us, with every indication of acceptance, we have already passed one vote approving the act which was sent to the Legislature, and we have on its way to acceptance, you might say, a court house act which will cost the city about \$3,500,000. We have had already several small issues for sewerage and for street improvements and we have almost surely before us another one for snow-removal equipment, for which a borrowing was asked last winter, but it was postponed for further study. There is a total, not including any of this blank check authorization, of about \$13,500,000 of borrowing in a single year, of which \$9,000,000 is for operating expenses. I pointed out, when the budget was before us, that the unpaid taxes in 1929, on May 1 were about \$5,000,000 and this year they were \$18,000,000, and I am giving simply round figures. I pointed out also that on May 1, 1929, the outstanding tax titles were \$175,000, whereas on the corresponding date of this year they were \$4915,000. I pointed out that in 1924 in the annual appropriation required for interest, sinking fund and serial payments on the public debt, were \$6,247,000, whereas this year, not counting any interest on the debts that are now under discussion, it will be \$11,259,000. That has nearly doubled what it was ten years ago and that is an annual cost for interest and sinking fund and serial payments on debt already incurred. I also pointed out that on May 1, 1929, the outstanding notes of the City of Boston were \$4,500,000, whereas at the same date in 1935 they were \$32,000,000. Now all of those are danger signals. They are signals that we must stop and look and see where we are, and see what we can afford, whether we without going into bankruptcy can go on with this year after year of borrowing for outstanding expenses and year after year of piling debt on debt. If we do not have revenue to pay for our operating expenses, how can we have revenue to pay for our debt? Therefore, sir, it must be obvious that our financial situation as to debt is a very serious one. It is true that this work and any other public work will put men to work, but how long can we keep them at work unless by borrowed money? How long can we continue this scheme of putting people to work on borrowed money which, unless we are to repudiate our debts, must be repaid, principal and interest? Where is that principal and interest to come from? It cannot come from any source except taxation and taxation is insufficient to meet even our operating expenses, let alone the added cost of this new debt. Therefore, sir, I am opposed to the acceptance of this act, and I believe that we should look not only to today, but that we should look to tomorrow and to next year and to the years to come, and if we do that we must quit this piling up debt upon debt, because we are making a situation which will give enormous trouble to us in the future, and the creation of debt now is a mere palliative and a mere temporizing with a situation which cannot be temporized with, but a situation which must be faced.

Coun. MURRAY—Mr. President, might I say in regard to the Elevated, that I am going to vote for it with the understanding that it is to be taken down from Sullivan square to Forest Hills. It has been the greatest nuisance during the thirty-five years it has been up. One of the greatest disasters of the city was the molasses tank explosion. What stopped the men from being saved that time but the Elevated? Then, take the Arcadia fire, when many men were lost. The firemen could not raise their ladders and the elevated structure was the cause. Take Forest Hills when the escalator broke and the people were hurt. It was caused by the Elevated. It will bring a little sunshine to the homes of people who for thirty-five years have lived along the confines of the road, and I say myself that the Boston Post should be praised for its continuous fight, if for nothing else, that the removal might save a catastrophe in the future, when some other fire alarm is given. Firemen cannot put up their ladders. Within a few years, when the elevated car tipped over on Beach street, nothing was said. The iron horse is about ready to fall down and it is only right that the City Council should vote to remove it before it falls down.

Coun. BRACKMAN—Mr. President, some of the arguments advanced here today by my colleague from the Back Bay might be considered

were it not for the fact that we will have an opportunity this year which we will probably not have again or for very many years to come. I think we must more or less accept the fact that conditions are not as bad as they seem because we will have offsetting benefits which will more than overshadow the liability of this project. My colleague has not mentioned the fact that assessed valuations on property along the entire line of this elevated structure will result in an increase in assessed valuations of at least 20 per cent all along the line of the structure. He did not mention the fact that a great many men would be taken immediately off the relief rolls probably amounting to \$3,000,000 a year—more than would cover the cost of the interest charges on the bonds it is proposed to issue. He probably overlooks the fact that the life of this structure is gradually coming to a close, and that the City of Boston probably in the very near future will be faced with the problem of building a subway, and then, of course, we cannot look around to the Federal Government and ask them to give us what they now offer, 45 per cent of the cost of construction material and labor. We have got to take advantage of it now if we are going to at all. It is as broad as it is long. The liability of today will be the liability of tomorrow and we will always have some reasons why this bill cannot be put through. In the day when it will have to be replaced, if we give up this opportunity, the city will have to bear 100 per cent of the cost. I have been very active in this fight for the removal of this structure, and there have been some very personal arguments made on the floor today. I was in hopes that element would not enter into this discussion, because I know how heated up everybody has been. I know that there have been difficulties about it. I do not know on whom to place the blame, but once a suggestion has been made and reference has been made of the fact that the press has told certain members what to say, and as far as I am concerned I want to say that never entered into the picture. The Boston Post has been perfectly fair in any statements that I have made, in printing them practically verbatim. It might seem that I am being a little bit undiplomatic, but I believe that credit ought to go where it is due. The members of the press that I have talked to in the Council Chamber have been more than liberal to the members. I believe we have received more publicity than some of the people sitting in Congress or some of the men occupying seats in the United States Senate. Personally, I have never been misquoted on the floor of the Council. I am not trying to place the blame on any member of the Council because I know personally that the two men who were indicated have given me every cooperation that I have sought, and I am impressed with their sincerity in the matter we have in hand. As I say, I want to give the credit where it is due. The press has been very fair in this matter as far as I am concerned and has given every aid and comfort in trying to rid the city of something they believe is a detriment, and a drawback to the City of Boston. That is the opinion of most of the right thinking people of Boston. Now we have got this problem here today, and the quicker we pass it and get it into the hands of the Federal authorities, the quicker we will know the fate of the measure. Let us not play around with it any further. I think it ought to be passed. Let us push it ahead and put our shoulders together and pull the thing through, because it is one of the most important things that we will have to act upon for a long time.

Coun. GOLDMAN—Mr. President, I came down to this special meeting assuming that the only business before us was the acceptance of the so-called act, chapter 492 of the Acts of 1935, but I came in and listen to a discussion going on that is entirely irrelevant to what the meeting was called for. There is no doubt in my mind or in that of any citizen of Suffolk County that our President and Councilor Green and every councilor except one has exerted every bit of effort to put this act over. Now section 13 of this act provides in substance that the act must be accepted by the directors and stockholders of the Elevated Railway. Councilor Dowd informs us that this act must be accepted by Wednesday at five o'clock. For the purposes of our case, it would make no difference whether we have this meeting today or tomorrow because it still needs the acceptance of the stockholders of the Elevated, so that the issue as to whether or not our President called the meeting for Tuesday or Wednesday or Saturday is all irrelevant. It has no bearing here at all. Nobody knows more than I do that Councilor Dowd wants this act accepted and put through. No one knows any more than I do that Councilor Green fought for it and Councilor Fitzgerald, our President, and, of course, we want it; but there is just one way to get it. Do not allow any enemies to exist here. Let us act on it. It is here before us now. Whether it is held today or tomorrow, this is a legal meeting today and there is no question but what tomorrow would have been legal. When we have accomplished our purposes here it goes for acceptance by the stockholders, and that is where I have my doubts as to whether or not it will pass. They may change the directors, but I have my doubts as to whether or not the stockholders will give up that right. They are familiar with the recent case that came down in which Judge Cardozo on April 29, 1935, in *Manhattan Railroad v. New York*, said that the franchise was

not worth a penny. They know it and this is their only way to force out the situation. I am going to ask that this case be incorporated in the record, but may I suggest now, Mr. President, and I suggest to whoever is interested, nobody can say that you have not fought hard right along to tear it down, and every single member, with the exception of one councilor, have been right on the line close behind; and I now move, Mr. President, that we consider the adoption of this act without further debate.

Coun. SELVITELLA—Mr. President, the particular situation that Councilor Goldman has referred to and cited is, of course, unfamiliar to the rest of the body, and I do not think it is fair that we should include that in the proceedings of this Council meeting, not knowing what the decision says, but from what I guess it favors the Elevated, and I do not believe that Councilor Goldman wants that included. And I do not think we ought to include that.

Coun. GOLDMAN—It will be against the Elevated. It says the franchise has no value, but if you do not want it in the record, I am perfectly willing to withdraw it.

Coun. WILSON—Mr. President, if the councilor from Ward 14 has no objection and having been absent from the last meeting on account of illness, I would like to state my position on this bill. I realize, of course, the truth and the importance of many of the points raised by the financial expert from the Back Bay and I have voted my intention with him on most occasions during the past two years, agreeing with him that the city is close to the danger point and that the continued borrowing of money by the city can have only one result. On this particular issue, however, I believe that the destruction of the elevated structure and the construction of a tunnel stands on a substantially different footing. I cannot close my eyes to the fact that eliminating practically all of the other Government projects where we were borrowing from the Government instead of the unfortunate purchase of bonds from us, the money we will receive from the Government for practically half of the expenditure is in the form of a grant and not a loan. I cannot forget that this particular project, unlike perhaps the construction of a large building like the school on Blue Hill avenue, Dorchester, where there were perhaps forty or fifty men at work at a time, that a construction job of this nature means upward of 4,000 men at work for upwards of two years with a consequent relief of the burdens upon the Welfare Department. I am impressed by the argument and I trust that the people in the districts most affected by it will remember the argument when the time comes. I am impressed by the argument that when the elevated structure went through there were damage awards all the way from 10 to 50 per cent and we have therefore the reasonable right to assume that, on the demolition of this monstrosity—as it has so well been called,—there will be, of course, an increase in valuation in the districts helpfully affected long years after the original structure was put up. I do not believe that whatever action the Elevated Trustees or the Elevated Directors will take will call for any thanks on the part of the people of the City of Boston. As I understand the proposition made last week, we are still indirectly going to pay for the Elevated steal of 1918, because, of course, if that depreciation item they speak about is to be spread over forty years, it means that, with the Elevated system losing money every year as it has for years, each year for forty years, we are going to put the Elevated steal in the form of a depreciation item on the printed report of the Elevated. I believe with the Governor of the Commonwealth that forty years from now, we will not see the Elevated under the present Control Bill steal. I believe that the Elevated should be returned to the company, subject to coddling in their own helpless way, and then perhaps take it, but not to acquire the stock today or force a trade under its present stock market value. Now so far as this present bill is concerned, as I understand it, there are only two copies of this bill which may run all the way from \$10,000,000 to \$50,000,000. There is a photostatic copy in the office of the Governor and the Mayor has found or obtained a photostatic copy in his office. I believe that, generously, the Council who are asked to vote on it at the meeting today, actually have a copy of the act of the Legislature which they are asked to accept. I believe for the sake of the record that this elevated demolition and the building of the tunnel is primarily the result of the activities of the members of the Council year after year, because without disparagement to other members of the Council, and having sat here for eight out of the last ten years, I picture the councilor from Charlestown as being in the van of that battle every year since I have been a member of the Council. I picture the Boston Post as being primarily, from a publicity viewpoint, responsible for the present stage to which the demolition of the structure has reached, and for that reason I hate to see—through misunderstanding and I sincerely believe that it is misunderstanding—any dissension between the Boston Post and the gentleman from Charlestown, two of the chief factors in bringing about the demolition of the structure, if it is to be demolished. I am sorry there was any misunderstanding in so far as the President of the Council was concerned. I do not believe that he should have been carrying the burden. If it was a ques-

tion of the approval of the appointment of two or three of these constables, a special meeting would have been called by the Mayor, and we would have been called by the Mayor, and we would have been in session morning or afternoon of any day but Sunday. (Laughter.) After the passage of this bill by the Legislature any live wire who was on the level, the Chief Executive of the city—if he wanted to see it go through—would have called a meeting of the Council, and we would have been in here days ago to settle it. I believe that the responsibility is primarily with the Mayor of the city. I saw with interest his "darning with faint praise" this proposition when he went up to the legislative hearing. I watched, not wholly understandingly, his public refusal to take the issue and act on it one way or the other; and then I saw—while the Chief Executive of the City of Boston continued to sulk in his tent—the Boston Post take up the challenge and crystallize public opinion and the Governor of the Commonwealth, with whom I have differed politically more than once, act as he usually acts, take up the fight and through the representatives make it possible for something to be done. So I say, bearing in mind the activity of the President of the Council during the years and with Councilor Green of Charlestown well in the van, the two things that have brought this matter to the issue more than anything are, first, the crystallizing of public opinion by the Boston Post with its immense circulation, and, secondly, the activity of the man who is no longer the mayor, but who still has kept and keeps the interests of the City of Boston at heart. And I say that if the Mayor—and I cannot understand his attitude—really wanted this thing accepted, and put through, why was there all this delay. And I do not understand, Mr. President, why you have not got on your desk now an appropriation order which we can indorse for \$20,000 under section 4 of the bill which became effective the day that the Governor signed the bill, on August 14, 1935. Section 4 of the bill provides that the Transit Department may expend such sums not exceeding \$20,000 for such preliminary measurements, surveys and plans as it may deem necessary, and that no taking shall be made or no work of construction shall be started unless and until the plans for such construction shall be approved by the Mayor of the City of Boston. And so I say I do not understand why you do not find on your desk today, among other notes,—and I trust it will come in before we adjourn today,—an appropriation order from the Mayor's office for some part or all of the \$20,000 permitted under section 4 of the bill that has been effective since August 14, and as to which we have nothing to say until the Mayor acts. I cannot wholly agree with Councilor Goldman of Dorchester that it is wholly incumbent upon the Public Works authorities or on the directors of the Elevated Railway, as to what shall be done. I personally believe that the meeting should have been held today or even last week and called by the Mayor of the City of Boston, because I bear in mind the specific provisions of section 13 of the bill: "The general provisions of this act shall take effect upon its acceptance by vote of the City Council of the City of Boston approved by the Mayor and by the Boston Elevated Railway Company by vote of its stockholders and directors and upon the filing of certificates of such acceptance with the Secretary of the Commonwealth of Massachusetts at the State House." And so, of course, the initial step, which should have been taken at the behest of the Mayor of Boston is the action of the City Council. I trust that action will be taken today, and I feel that it will be favorable, and then we will leave the proposition right where it belongs, on the shoulders of the directors of the Elevated and the stockholders of the Elevated, after the vote which we pass is filed where it ought to be filed, in the office of the secretary of the Commonwealth before five o'clock tomorrow night.

President FITZGERALD—The question comes on the acceptance of the act, and the clerk will call the roll.

The order accepting the act was passed under a suspension of the rule, yeas 19, nays—Coun. Shattuck—1.

FINANCE COMMITTEE REPORT.

Coun. GREEN, for the Committee on Finance, submitted a report on the message of the Mayor and orders (opened August 12) for public works projects consisting of a new City Hall, new bridge and new school buildings—recommending reference to the Executive Committee.

Report accepted; said reference ordered.

RECESS TAKEN.

The Council voted at 3.40 p. m. to take a recess subject to the call of the Chair and reassembled at 4.45 p. m., President FITZGERALD in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted a report on the message of the Mayor and orders (referred today) recommending that the order approving the grant for public works projects ought to pass as follows:

Ordered, That in accordance with the provisions of section 2 of Part 1 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the City of Boston shall engage in the following public works projects:

1. New City Hall and demolition of present structure, at an estimated cost of, \$2,500,000
2. New Chelsea Street and Eastern Avenue Bridge over Chelsea Creek, at an estimated cost of, .. 850,000
3. New school buildings and additions to existing school buildings, at an estimated cost of 3,600,000

\$6,950,000

The report of the committee was accepted and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, this order before us now as I understand it is to accept or approve these projects totaling just short of \$7,000,000. It would seem to me that if we accept or approve them we, in effect, commit ourselves to borrowing that amount of money because it is proposed, if they go through, that the money should be borrowed. There is \$7,000,000 approximately in addition to the \$9,000,000 that we have already borrowed or authorized, for running expenses, and in addition to the unknown number of millions that will be paid to the Elevated Railway and in addition to the \$4,500,000 that we are more or less committed to for the Court House; all that, not counting the Elevated project, which is a wholly unknown quantity, except that we do know it is many millions of dollars, and that is \$19,500,000 this year in borrowing. I am not going to repeat what I have already said this afternoon regarding the condition of the City of Boston. Obviously it would be helpful for the immediate present to expend this money or to borrow this money. We would all feel better and we would have more money in circulation, but we must consider not only the present, but the future, and unless we go on the philosophy of "Eat, drink and be merry, tomorrow we die," or unless we go on the philosophy of "After me the deluge," necessarily we must decline to approve these orders to borrow this money. I shall vote against it.

Coun. ROBERTS—Mr. President, we have no indication as to how many men this will employ. If our past experience in the construction of public buildings and schoolhouses is any criterion, there will be few jobs in these particular projects. Only the other day we were talking in the Council about the number of schoolhouses constructed by the city and the small number of men that were employed. And secondly, we have tried in this Council, time and time again, to have a rule made of Boston men for Boston projects, but judging from our previous experience, a very small number of them will obtain employment, and I think that we ought to refuse approval on any project until we have a definite assurance that a considerable number of people will be employed. I agree with many of the things that my colleague from Ward 5 has said about the city being unable to stand any further borrowing, but let us take both matters into consideration. If we are going to spend some money let us have an assurance that we will put the most men to work for the most worthy project.

President FITZGERALD—The Council are in error on this matter. We are not voting any money at the present time. We are simply getting ready to appropriate money in this order.

Coun. ROBERTS—Mr. President, I appreciate that fact and in reply to the Chair would say that unless I have some assurance that these projects are going to put men to work I am going to vote against them.

Coun. MURRAY—Mr. President, there are three or four million dollars involved there for new schools and additions to present schools which have been approved, after request by the School Department. We are spending a lot of money for the soldiers and the unemployed, and I believe that we shall pass this project for more schools for the children of Boston.

Coun. BRACKMAN—Mr. President, I move the previous question.

The order was passed, yeas 16, nays Coun. Roberts, Shattuck, Wilson—3.

Report on the several loan orders accompanying the public works program, recommending that the same be recommended to the Committee on Finance. Report accepted; said reference ordered.

The meeting adjourned at 4.35 p. m., to meet on Monday, September 9, 1935, at 2 p. m.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Coleman Brothers Corporation have been granted an extension of the time of completion of the contract for repairing and strengthening the Chelsea Bridge North over Mystic river, from September 21, 1935, to October 21, 1935. This extension is requested on account of the destruction of about 40,000 feet of piling, approximately one-third of all, by fire, which had to be replaced.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 175 and 177 Cabot street, Ward 9, is in an unsafe and dangerous condition. The owner, Back Bay Co-operative Bank, of 53 State street, Room 309, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 18 Adams place, Ward 9, the windows and doors missing, premises falling apart, open to trespass, a general nuisance. The owner, Margaret C. Woodman of 8 Perkins street, Wakefield, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 5 Leedsville court, Ward 15, is dilapidated and windows and doors, out; a fire menace. The owner, William Spritz of 1160 Commonwealth avenue, Brookline, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation discloses that the owner is financially unable to pay for the razing of this building.

The building at 198-202 Cabot street, Ward 9, the windows and doors smashed, store partition broken through. A menace to the neighborhood and should be boarded up securely or permanently repaired. The owner, Carl O. Gunter of 37 Mountfort street, Brighton, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner states that he is financially unable to pay for the razing of this building.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING THE SUMMER STREET DRAW OVER THE RESERVED CHANNEL, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing the Summer Street Draw over the Reserved Channel, Boston, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Bid for Repairing the Summer Street Draw over the Reserved Channel, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Wednesday, September 25, 1935, with a certified check for eight hundred (\$800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city and to do.

C. J. CARVER.

(Seal, U.) Commissioner of Public Works.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex, on Court Street in said City of Boston, on Monday, September 30, 1935, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

WARD ONE.

Agata Accone—Land, with buildings thereon, on the southwesterly side of Webster street, numbered 205, between an estate of Carmelo Tringale and an estate of Mary A. Dowd, and supposed to contain 6,720 feet, registered in the Suffolk Registry District of Land Court, certificate number 13967, tax for 1933..... \$226 32

Michael C. Bellucci, set off to Christy Jannini Land, with buildings thereon, on the westerly side of Bayswater street, numbered 11, adjoining an estate of Nicholas Bellucci, and supposed to contain 4,500 feet, being lot A, G. P. Falabella plan, dated July, 1935, recorded with Suffolk Deeds, at end of Book 5532, tax for 1933..... 190 24

Michael C. Bellucci, set off to Nicholas Bellucci—About 500 feet of land on the southerly side of Butler avenue, being lot B, G. P. Falabella plan, dated July, 1925, recorded with Suffolk Deeds, at end of Book 5532, tax for 1933..... 6 56

Vincent and Elizabeth Caputo (supposed present owner Rocco Caputo and another)—Land, with buildings thereon, on the southeasterly side of London street, numbered 217 and 219, between an estate of Bertha Milder and an estate of Luigi Adreani and another, and supposed to contain 6,250 feet, tax for 1933..... 721 60

Maria Corcorocchio (supposed present owner Rose G. McLaughlin)—Land, with buildings thereon, on the easterly side of Meridian street, numbered 421, between an estate of Margherita Marcuccilli and an estate of LeBaron H. Jenkins, and supposed to contain 3,280 feet, tax for 1933..... 288 64

Raimondo Fiordaleso and Maria Albanese (supposed present owner Maria Albanese)—Land, with buildings thereon, on the southeasterly side of Chelsea street, numbered 259, between an estate of Michele Fiore and another and an estate of Conicaco G. Severino, and supposed to contain 2,000 feet, moth assessment for 1933..... 1 00

Crescenzo and Sebastiano Guerriero, reassessed from Crescenzo Guerriero and others—Land, with buildings thereon, on the northeasterly side of Sumner street, numbered 304, between an estate of Paolo Salerno and another and an estate of Francesca Pirroni, and supposed to contain 2,082 feet, registered in the Suffolk Registry District of Land Court, certificate number 6777, tax for 1933..... 98 40

Francesco and Madeline Leoriore—Land, with buildings thereon, on the southeasterly side of London street, numbered 75, between an estate of Roman Catholic Archbishop of Boston and an estate of Guiseppina Carrotta and another, and supposed to contain 1,546 feet, tax for 1933..... 108 24

Eugenio and Maria Mazzone—Land, with buildings thereon, on the northerly side of East Eagle street, numbered 256, between an estate of Anna Milano and another and an estate of Manuel Cunha and another, and supposed to contain 5,600 feet, tax for 1933..... 186 96

Gaetano Pascucci—Land, with buildings thereon, on the northwesterly side of Paris street, numbered 170, between an estate of Giuseppe Costa and an estate of Filippo Pascucci, and supposed to contain 2,500 feet, moth assessment for 1933..... 1 00

Frank Ruzo—Land, with buildings thereon, on the southwesterly side of Leyden street, numbered 87, between an estate of Andrea Rossi and another and an estate of Caroline G. Murphy, and supposed to contain 6,535 feet, moth assessment for 1933..... 1 00

WARD TWO.

Daniel Hurley Heirs—Land, with buildings thereon, on the northeasterly side of North Short Street place numbered 7, between an estate of Annie Cantania and an estate of Sarah V. McNulty, and supposed to contain 527 feet, tax for 1933..... \$16 40

Nora A. Madden—About 1,077 square feet of land on the northeasterly side of Howe place, making the northerly corner of St. Martin street, bounded and described as follows: Southwest-erly by Howe place, southeasterly by St. Martin street, northeasterly by an estate of Daniel Hurley, northwesterly by an estate of William J. McNally, registered in the Suffolk Registry District of Land Court, certificate number 5031, tax for 1931..... \$12 60
Paid on account..... 3 00

Balance due..... 9 60
Tax for 1932..... 10 65
Tax for 1933..... 9 84

Also about 540 square feet of land on the northeasterly side of Howe place, bounded and described as follows: Southwest-erly by Howe place, southeasterly by an estate of William J. McNally, northeasterly by an estate of Daniel Hurley, northwesterly by another estate of Nora A. Madden, tax for 1931..... \$3 15
Paid on account..... 2 00

Balance due..... 1 15
Tax for 1932..... 3 55
Tax for 1933..... 3 28

Also about 540 square feet of land on the northeasterly side of Howe place, bounded and described as follows: Southwest-erly by Howe place, southeasterly by another estate of Nora A. Madden, northeasterly by an estate of Daniel Hurley, northwesterly by an estate of Jan Saugailo, tax for 1931..... \$3 15
Paid on account..... 2 00

Balance due..... 1 15
Tax for 1932..... 3 55
Tax for 1933..... 3 28

WARD THREE.

Bowdoin Garage Building, Incorporated—Land, with buildings thereon, on the northerly side of Cambridge street, numbered 81, 83, 85, 87, 89 and 91, extending through to and numbered 6-12 Stamford place and 12-30 Green street, between an estate of Walter E. DeLorey and an estate of Ingersoll Bowditch et al., trustees, and supposed to contain 26,414 feet, registered in the Suffolk Registry District of Land Court, certificate number 18958, tax for 1933..... \$24,600 00
Paid on account..... 22,600 00

Balance due..... \$2,000 00

Demetrio and Maria L. Camelio Heirs (supposed present owner Realty, Incorporated)—Land, with buildings thereon, on the westerly side of North street, numbered 342 and 344, between an estate of Pasquale Bono and another and an estate of Clementino Leo, and supposed to contain 2,036 feet, registered in the Suffolk Registry District of Land Court, certificate number 32289, tax for 1933..... 459 20

Harry P. Chadwick (supposed present owner Joseph Ferris)—Land, with buildings thereon, on the northeasterly side of Waltham street, numbered

11C, between an estate of Martha Rizk and an estate of Reuben Freedman, and supposed to contain 990 feet, tax for 1933..... 147 60

Michele Dell Orfano—Land, with buildings thereon, on the northerly side of Wiget street, numbered 11 and 11A, between an estate of Giuseppe Baliro and another and an estate of Paul Andolino, and supposed to contain 900 feet, tax for 1933..... \$147 60
Paid on account..... 123 75

Balance due..... 23 85

Ida O. Folsom (supposed present owner Massachusetts Hospital Life Insurance Company)—Land, with buildings thereon, on the southeasterly side of Milk street, numbered 167-169, between an estate of Home Savings Bank and an estate of Francis W. Hunnewell et al., trustee, and supposed to contain 1,507 feet, tax for 1933..... \$1,230 00
Paid on account..... 713 40

Balance due..... 516 60

Max and Hyman Lurensky—Land, with buildings thereon, on the northeasterly side of Union Park street, numbered 124, between an estate of Max Lurensky and an estate of Isaac Lurensky, and supposed to contain 1,650 feet, tax for 1933..... 167 28

Nicola and Carmela Martori—Land, with buildings thereon, on the northeasterly side of Tileston street, numbered 23, between an estate of John Lento and an estate of Angelina Polcari and others, and supposed to contain 617 feet, tax for 1933..... \$164 00
Paid on account..... 82 00

Balance due..... 82 00

David McCarthy Heirs—Land, with buildings thereon, on the southwesterly side of Rochester street, numbered 42, between an estate of Julius Hyman and an estate of Israel Katz and another, and supposed to contain 900 feet, tax for 1933..... \$75 44
Paid on account..... 15 00

Balance due..... 60 44

Also land, with buildings thereon, on the northwesterly side of Albany street, numbered 247-251, making the northerly corner of Rochester street, adjoining an estate of Maurice Silverstein, and supposed to contain 2,700 feet, tax for 1933..... \$272 24
Paid on account..... 135 00

JOHN F. DOHERTY,
Collector of Taxes of the City of Boston.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

POLICE SERVICE (MALE).

CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, OCTOBER 5, 1935.

Last date for filing applications, Saturday, September 21, 1935, at 12 noon.

BOSTON AND METROPOLITAN DISTRICT, OCTOBER 19, 1935.

Last day for filing applications, Saturday, October 5, 1935, at 12 noon.

This is the regular examination for police service for state, all cities and such towns as are classified under civil service.

NOTE.—Applicants for any city or town police department who desire to have their names placed on the eligible list for Metropolitan police service must so signify when filing application.

On October 5 the examination will be held in various centrally located cities. On October 19 the examination will be held in Boston and all persons who live within commuting distance will be notified for the examination on this day.

Chapter 153 of the Acts of 1935 provides that no person shall be appointed as an officer or member of the Boston police force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet eight inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the

time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; general information, 2; memory test, 1; practical questions, 4; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in general information and in memory test; at least 60 per cent in practical questions, and at least 70 per cent in training and experience, in the educational average, and the strength test, in order to become eligible.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book". This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered, by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE POLICE DETECTIVE, DEPARTMENT OF PUBLIC SAFETY, OCTOBER 26, 1935.

Last date for filing applications, Monday, October 14, 1935, at 5 p. m. This examination is open to males only.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under direction, to make investigations of major crimes and criminal activity; to effect the detection and arrest of criminals; to collect evidence and to assist in the preparation and prosecution of cases in the courts; when assigned to the Division of Fire Prevention to investigate fires and their causes and fire hazards, and to assist in the promotion of fire prevention; and to perform related work as required.

Item 616 of chapter 249 of the Acts of 1935 provides that the additional detectives, for which provision is hereby made, when appointed, shall not be under twenty-five years of age or over fifty years of age, notwithstanding the provisions of any other law to the contrary.

Applications of persons not less than 23 nor more than 50 years of age on the date of filing application will be accepted.

A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must be not less than 5 feet 7 inches in height and weigh not less than one hundred and thirty-five pounds, in accordance with Rule 8, class 13a.

Subjects and Weights: Training and experience (3); general information (4); practical questions (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF TRAINING SCHOOLS FOR NURSES, DIVISION OF REGISTRATION OF NURSES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Duties: To visit schools of nursing and to make a factual determination of the respects in which each school does and does not meet these requirements. To present to the Board a detailed written report on the conditions found in each school of nursing. Applicants should be familiar with the requirements of the Board of Registration of Nurses for approved schools of nursing.

Applicants must be registered nurses under the State Division of Registration of Nurses.

The following qualifications are requested by the Division of Registration of Nurses, and credit will be given in the examination for such experience:

"Applicants to be graduates of an approved School of Nursing in Massachusetts with at least ten years' experience; and that they be registered nurses; and that they be identified with groups interested in Nursing and Nursing Education; hold membership in the various associations; be college graduates with an A.B. or B.S. degree in education; that they be qualified as public speakers and that they have a license to operate an automobile."

Subjects and Weights: Training and experience (3); practical questions (4);

personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR INDUSTRIAL SANITARY ENGINEER, OCCUPATIONAL HYGIENE DIVISION, DEPARTMENT OF LABOR AND INDUSTRIES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,160 a year; the maximum salary is \$2,760 a year.

Duties: To collect samples of industrial dusts and industrial fumes and gases. To make quantitative measurements of same and evaluate results. To investigate and advise as to the control of heat, humidity, and air motion in industrial establishments. To investigate and advise concerning protective devices against fumes and gases. To investigate and advise as to means of protection against oxy-acetylene and electric welding. To substitute for the chemist in his absence.

It is desirable that applicants have a working knowledge of industrial chemistry.

Subjects and Weights: Training and experience (2); practical questions (3); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL SHOP MANAGER, STATE PRISON, DEPARTMENT OF CORRECTION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To have charge of the brush shop and the manufacture of the different types of brushes produced at this institution.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon. (Requisition is for a female and the examination is open to females only.)

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time there are two vacancies, one at the Worcester State Hospital at \$1,680 a year; one at the Boston Psychopathic at \$1,320 a year with maintenance.

Duties: The duties include social case work; investigation; history taking; supervision of out-patients; clinic service, educational work, and such related duties as may be assigned.

The department requests the following qualifications: "College education, graduation from a school of social work, plus one year's experience in psychiatric social service in a mental hospital or a psy-

chiatric clinic." They also state that previous experience in social work is desirable but not required of graduates of schools of social work.

Credit will be given to applicants who possess these qualifications.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, SEPTEMBER 21, 1935.

No. 38

MAYOR MANSFIELD, IN RADIO BROADCAST, DENOUNCES GOVERNOR CURLEY AND ANNOUNCES INAUGURATION OF CAMPAIGN TO END ASPIRATIONS TO SERVE STATE OR NATION IN FUTURE—WOULD LIKE PEACE AND HARMONY BUT THAT HAS BECOME IMPOSSIBLE—CHARGES VINDICTIVE CRUELTY AND RUTHLESSNESS AS WELL AS UNRELIABILITY AND UNSCRUPULOUSNESS—CITES RECORD OF ACTIONS SINCE BECOMING GOVERNOR.

The following is the radio address of Mayor Frederick W. Mansfield, Station WNAC, September 17, 1935, in reply to Governor Curley:

Good evening, Radio Friends:

Governor Curley said the other day that my remarks about him were merely the beginning of my campaign to become either United States Senator or Governor. Let me dispose of that notion at once. I am not at the present time a candidate for anything. I was elected to be Mayor of Boston and I am trying to do that job as well as I can. I think any impartial observer will say that I have done fairly well. But I know better than anyone else that I could have done far better were it not for the disgraceful condition in which Governor Curley left the city when I took it over. But you are not interested in that. I said that this is not a campaign to forward my political ambitions. That is true. But it is a campaign to terminate forever, if that can be accomplished by the good people of Massachusetts, Mr. Curley's aspirations to be United States Senator or to be elected again as Governor of this Commonwealth.

This is not a pleasant task for me. I would like very much to live in peace and harmony with the Governor of the Commonwealth whoever he might be. I thought that for the best interests of the people of Boston it was my duty to try to maintain friendly relations with the Governor. But that has become impossible. Things have gradually gone from bad to worse, so that, finally, in order to maintain my own self-respect, I had to denounce the Governor and am now appealing to the people of Massachusetts to save—not me—but the Commonwealth itself from utter ruin. I have said that for the first time in its long and honorable history Massachusetts is governed by a man who is not only vindictively cruel and absolutely ruthless but wholly unreliable and unscrupulous. This is a severe indictment. But it is justified by Mr. Curley's record since he has been Governor. Let us look at that record.

Summary of Record.

Governor Curley was inaugurated on January 3d.

On January 4 he appointed E. Mark Sullivan to the Finance Commission and designated him as chairman in the place of Judge Kaplan.

On January 5 he moved to oust five judges and one court clerk.

On the same day he started his first attempt to oust Eugene C. Hultman as chairman of the Metropolitan District Commission.

Two days later, on January 7, Attorney General Warner declined to yield to the request of the Governor to oust Hultman.

On January 9 the Governor started his campaign to remove Charles Moorfield Storey and Joseph Joyce Donahue from the Finance Commission.

On January 14, only ten days after the inauguration of Governor Curley, former Governor Fuller warned the people that Massachusetts had sunk to the very depths of infamy.

On January 17 Charles Moorfield Storey, an honorable and decent man, was removed from his position on the Finance Commission.

On January 19 Edward D. Hassan, who had been appointed to the Finance Commission, declined to serve as a result of a public protest that he had served as counsel for Edmund L. Dolan.

On January 25 the investigation of Edmund L. Dolan, which was being conducted by the Finance Commission under George R. Farnum, was ordered dropped by the Governor and the investigation ceased.

On January 26 the Governor started his fight to remove Registrar of Motor Vehicles Morgan T. Ryan and threatened to remove Public Works Commissioner Callahan if the latter did not discharge Ryan. Ryan was removed.

On January 28 the Governor ordered Thomas M. Ray, confidential secretary to Commissioner of Agriculture Edgar H. Gillett, discharged. And he was discharged.

On January 30 he named Frank Goodwin as Registrar of Motor Vehicles in place of Morgan Ryan.

On February 12 he asked Joseph Leonard to resign as Police Commissioner, and on February 16 announced that Hultman would be his next victim. On February 18 Leonard was compelled to resign and the Governor appointed Eugene M. McSweeney as Police Commissioner.

(Continued on page 118.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 23, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending September 14, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 132; nonresidents, 34; total, 166.

Death rate per 1,000 of population:
All deaths, 10.81; nonresidents deducted, 8.59.

Death rate per 1,000 of population:

Last week, 12.70; corresponding week last year, 12.03.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 2; sixty years and over, 77; Total deaths: Male, 90; female, 76; deaths in hospitals and institutions, 106; deaths of colored, 7.

MAYOR MANSFIELD WELCOMES CANON A. MALCOLM COOK OF BOSTON, ENGLAND, AND GREETES MOTHER CITY OF BOSTON IN INTERNATIONAL EXCHANGE OF GREETINGS ON OCCASION OF EXERCISES AT PARKMAN BANDSTAND, COMMEMORATING 305TH ANNIVERSARY OF FOUNDING OF CITY AND 300TH ANNIVERSARY OF ESTABLISHMENT OF BOSTON COMMON—EXPRESSES WISH FOR MORE BINDING FRIENDSHIP BETWEEN CITIES AND TWO NATIONS AS YEARS INCREASE—RECEIVES FLAG FROM OLDER CITY.

The following is the address of Mayor Frederick W. Mansfield, at Boston Common, Tuesday afternoon September 17, 1935, during exercises in commemoration of the 300th anniversary of the founding of Boston Common and the 305th anniversary of the founding of Boston, Mass.

In any commemoration of events connected with Boston on the Charles river, Boston on the banks of the Witham river is earnestly and fittingly interested.

This day not only commemorates the tercentenary of Boston Common but also the birthday of Boston as a city. It marks the organization of civil government, the establishment of the Great and General Court, the adoption of the Constitution by which these United States are linked eternally together as one nation. It is also significant of the beginning of the spiritual and educational forces inherited from, and which has for so long a time enriched, Boston, England.

Boston, in Massachusetts, the offspring of that older and more sedate mother, Boston in England, was the starting point for New England and the United States. And since that memorable date in 1630, when Boston, Massachusetts, became a fact, Boston, England, has watched with a benevolently parental interest the growth and development of this New World child.

MORE BINDING FRIENDSHIP.

Now, in these later years, mother and daughter have grown, if possible, more closely together. Friendship has linked the two in a more lively and more binding tie. There have been many interchanges of greetings and manifestations of friendship and interest.

One of the most significant of these was the presentation of a set of six seals of old Boston which now hang in an honored place in the Committee Room of the City Council in new Boston. These were a gift from Hon. Meaburn Staniland, mayor of the old town, to Mayor John B. Bigelow, in 1851. The seals are of wood from one of the original timbers of St. Botolph's Church, "The Stump," where Rev. John Cotton was vicar for twenty-one years.

In 1919, the Hon. Andrew J. Peters, as Mayor of Boston, the presiding officer of to-day's meeting on Boston Common, here in Massachusetts, was the recipient of a box made from the railings that formed part of the dock in the old guild

hall, in Boston, England, where the Pilgrim Fathers were tried in 1607. This was presented by his Worshipful A. Cooke Yarborough, then mayor of Old Boston.

In 1930, upon the occasion of the 300th Anniversary of the Founding of Boston, the mother city sent her Lord Mayor, Reuben Salter, and a group of her distinguished citizens, across the ocean to share in the festivities of that event, and to manifest her deep interest in the daughter city and her progress.

Grateful for her interest in us here, a group of our leading citizens, under the guidance of Mr. Allan Forbes of the State Street Trust Company, contributed a fund of \$50,000 with which the spire of "The Stump" in Boston, England, has been restored.

I believe I can truthfully say no other city or town in Great Britain has played a more profound or important part in the establishment and development of Boston, Massachusetts, and of America, than has the town on the banks of the Witham. I am sure that no other city

or town has left a more lasting religious or political impression on a community. Old Boston has sometimes been described as the mother of the British Empire. She also may be said to be the mother of the pioneer builders of the United States.

With relationships so closely interwoven as those between our Boston and Old Boston, it is more than a simple delight to share in these joint proceedings, and to extend, as Mayor of Boston, Massachusetts, to Boston, England, the greetings of her daughter city; to welcome her distinguished representative at these exercises, Rev. A. Malcolm Cook, vicar of "The Stump," to hope his stay shall be most pleasant, and that he return to the arms of his neighbors with the warmest possible glow of friendship in his heart for us in Boston.

I close with the wish that as the years go by; as they extend into centuries and cycles, the friendship engendered and fostered by such anniversaries as these shall bind us more and more closely together, not only as cities but as nations.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted December 4, 1934, and were effective December 17, 1934, for a trial period of six (6) months, and were extended for a trial period of three (3) months from June 17, 1935, are hereby extended for a further trial period of three (3) months from September 16, 1935:

Parking of vehicles is prohibited in the following streets:

Broadway:

West side, from Eliot street to Park square.

Columbus Avenue:

Southeast side, from Eliot street to Park square.

Eliot Street:

North side, from Broadway to Columbus avenue.

Voted, That as urgently required by consideration of public safety and con-

venience, during the period of sewerage construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective September 13, 1935:

Hulbert Street, Roxbury:

Between Fenwick street and Washington street.

Ray Street, Roxbury:

Between Hulbert street and Regent street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 4, 1935, and was effective June 10, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from September 10, 1935:

The following street is one-way in the direction indicated:

School Street, Dorchester:

From Washington street to Harvard street.

Voted, That as urgently required by consideration of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from the following street, effective September 13, 1935:

Dorchester Street, South Boston:

Between West First street and West Second street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of three (3) months, and was extended for three (3) months from June 13, 1935, is hereby extended for a further trial period of three (3) months from September 13, 1935:

Parking of vehicles is prohibited in the following street:

Camden Street, Roxbury:

Southeast side, from Washington street to Shawmut square.

BROADCAST BY MAYOR.

(Continued from page 1181.)

On February 20 he forced the resignation of Lewis J. Bresnahan, assistant secretary to the Racing Commission. General Cole, who had been a candidate against Governor Curley for Governor, and who was a member of the Racing Commission, resigned as a protest against the Governor's order to discharge Bresnahan.

On April 7 the Governor ordered the Commissioner of Correction, Arthur T. Lyman, to discharge five employees in his department, and when the latter refused to obey, attempted to drive him out of the public service—without success. On April 12 the Senate overruled Governor Curley by putting five employees in the Department of Correction under Civil Service.

On May 7, Frank Loveland, Jr., a crime expert from Harvard College, resigned from the Department of Correction as a protest against Curley and Curley methods. The Governor's Council refused to confirm the successor appointed by Curley to Commissioner Lyman and that gentleman still holds his position.

This is only a partial story of the honorable and decent men in Massachusetts who have been sacrificed and thrown beneath the wheels of his Juggernaut in order that he might attain his own selfish purposes.

The recent activities of Governor Curley in his drive to obtain entire control of the Governor's Council are so well known that it is hardly necessary for me to recall them to your mind. Governor Curley recommended in his inaugural address that the Finance Commission ought to be abolished. He has abolished it in actual effect. He has reconstructed it so that it has become an instrument of oppression and persecution acting in the interests of Governor Curley and no decent man can now retain membership in that organization.

He has driven his Juggernaut ruthlessly forward to accomplish his ultimate end and that was, and is, to be the dictator of Massachusetts. Glance back over the road along which he has so ruthlessly plowed his way. The bleeding and maimed forms of his victims are scattered everywhere, and if we glance forward we see women and men in the service of the Commonwealth cowering in fear and trembling lest they too will fall victims to his cruelty and oppression.

He was elected upon a platform of work and wages. He was to take every man off the welfare rolls and put them on the payrolls. But the facts are that the welfare rolls contain more names now than they did when he was elected. He has put no one to work except in jobs manufactured by himself and at the expense of the taxpayer. He has been loud in his boasts of what he would do and in his statements as to what he had done, but boasts and statements alike have proved to be unreliable. You cannot put men on the pay roll by building phantom battleships with imaginary money. He has accomplished absolutely nothing as Governor of the Commonwealth excepting to achieve his own personal end. Massachusetts is held up as a spectacle to the entire nation. Years ago, Webster, in his well known speech, had no apologies for Massachusetts. "There she is," said Webster. Yes, there she is, was then, but where is she now? Disgraced, her proud traditions trailed in the dust, and her sons and

daughters compelled to apologize for the kind of men we have in the Governor's chair.

THE MAN CURLEY.

Everybody knows the kind of man that James M. Curley was when he was elected Governor. They knew his record as Mayor of Boston. And if the election had depended upon his personal record he never would have been Governor of the Commonwealth. But it was a Roosevelt election. People voted for him and helped to elect him because they were in favor of the Roosevelt policies at the time. Many women and men who personally disliked Governor Curley voted for him with the hope that he would make a good Governor. And he could have made an excellent Governor, because he has the ability. But alas! The leopard cannot change his spots. He is the same man in the Governor's chair that he was in the Mayor's chair. He is a lavish spender—of other people's money. He care nothing whatever for the people or for anything but himself and his own selfish ends. He is carrying on in the Governor's chair exactly as he did in the Mayor's chair, and unless he is checked by an indignant public he will ruin the state as he has well-nigh ruined the City of Boston.

I am calling upon every citizen in Massachusetts, regardless of party or political creed, to get behind me in this campaign to drive him out of political life. Someone must stand up against this modern Nero. Someone must let him know that all men in public life are not craven cowards. Someone must teach him the lesson that regardless of any possible personal consequences to themselves they are ready to sacrifice themselves if need be to save the Commonwealth and its fair name.

What this man has done in the last few months he can do again. The law has no restrictions for him. He can remove women and men who have devoted their lives to the service of the Commonwealth. If they do not obey his mandates they will be victims of his vengeance. They know it and they are cowering in fear and trembling. Men who are appointed to public office and who have given impartial and expert advice to the best interests of Massachusetts, no longer give that advice. When the boss snaps his whip they give the advice he expects them to give, and Massachusetts finances and Massachusetts policies and Massachusetts traditions are all cast to the winds. The only thing that is considered is whether or not this boss will be pleased and satisfied. After all, I suppose it is too much to expect that women and men shall stand up in their boots and be independent when they know that the sure result will be ignominious discharge from their positions at a time of life when they cannot possibly find others.

Governor Curley made a self-accusing admission when he said, "People have been retiring me for the past thirty years. But I am still doing business at the same old stand and shall continue to do so." What an amazing admission for a Chief Magistrate of our Commonwealth to make! He says, at least by fair inference, that he has been under such a cloud of suspicion while holding public office for more than a generation that the people want to retire him. That suspicion arises because of his reprehensible conduct while in public office. He says he is doing business at the same old stand and that he shall continue to do so. Yes, he is doing business in the State House where he has erected his stand. He tried to do business with me when he wanted

me to stop the City Law Department from investigating the peculiar doings of his friend and associate, Edmund Dolan, while holding the office of City Treasurer. He failed in his attempt. That investigation will continue, and if the report of the Law Department warrants, the actions of Mr. Dolan as City Treasurer will be taken to the courts of the Commonwealth for appropriate action.

This brazen admission by the Governor recalls that of Richard Croker who said, "I am working for my own pocket all the time. What are you going to do about it?" The people of New York accepted Mr. Croker's challenge, and as a result, Croker fled to Europe. The people of Massachusetts will accept Curley's challenge and they will retire him to private life. It will be recalled that when he attempted to go to Congress after his first term as Mayor of Boston that the people of the congressional district administered a stinging rebuke. They elected a better man in the person of the late Congressman Gallivan. It will also be recalled that Mr. Curley was defeated by former Mayor Peters when he was a candidate for the Mayor of Boston. History will repeat itself next year whether he is a candidate for the office of Governor or for United States Senator.

The signs of the times show that the people of the Commonwealth are aroused. The other day we received word from Washington. It came from Mrs. Grace Hartley Howe, the wife of President Roosevelt's chief secretary and chief adviser. She said that the Governor has employed the Fall River Finance Commission as an instrument to pay political debts. I quote just one paragraph from her scathing indictment of the Governor. She said, "I can't see now why Mr. Curley should try to have all his people in things. When an agency is functioning as it should function, above politics and entirely nonpartisan for the benefit of the City of Fall River, it should not be disturbed simply as a pay-off for a political debt." Mrs. Howe is just one more to show Mr. Curley's political reputation just as Mr. Curley himself reveals it.

To be in on the "pay-off" you must be a Curley "yes" man or a crooked Republican. Yes, because of these things, Curley is on the way out. Everyone knows it except Curley. The man riding to a fall never knows it until he hits the ground.

Mrs. Howe called the Governor her "white swan." The Governor has been called many things in his long and stormy career and has been referred to by epithets that I could not and would not repeat but I dare say that he has never been referred to by any term whatever that displeases him so much as to be called a "white swan."

What a white swan he is! To what a disgraceful depth has Massachusetts sunk.

Citizens, it is your concern. It is your contest. You elected this man hoping that he would be a good Governor. He has turned out to be a bad Governor. His continuation in that high office or his election to the United States Senate will be a calamity to the people of Massachusetts. But if you want him that is your affair. I am confident that you do not. I am sure that you do not want a Governor who goes shrieking through the streets of the Commonwealth ignoring all rules and regulations and endangering human lives. I am sure you do not want a hit-and-run Governor and I am equally sure that you do not want such a man to represent you in the United States Senate. It is perfectly obvious that I cannot keep talking about this man continually. But

I shall talk about him on every possible occasion and I am asking you to keep this campaign alive, to keep the ball in the air and to organize a drive to crystallize this revulsion of feeling and to drive this man forever from public life.

And, finally, in closing, I wish you to know that I personally am bearing all the expenses of this radio broadcast, notwithstanding the bitter remarks that the Governor made about it.

I shall have more to say to you soon. Watch for the advertisement of the time and radio stations.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 3 Cottage court, rear of 17 Gayland street, Ward 13.

The building at 175-177 Cabot street, Ward 9.

The building at 37 Melrose street, Ward 3, the wooden ell, rear, in a dilapidated condition. Sill and posts rotten, clapboards falling off, building out of plumb. The owner, estate of Berthe Land, Louisa Saloman, trustee, of 37 Melrose street, Boston, has been notified of the unsafe condition of the ell, but nothing has been done to remove the cause of complaint. The trustee states that she is financially unable to pay for the razing of this ell.

The building at 65 Kendall street, Ward 9, the front wall bulged and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is unable to pay for the razing of this building.

The building at 31 Smith street, Ward 22, the building is dilapidated and falling, doors and windows removed. The owner, John McGinn *et al* of 158 North Harvard street, Allston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that the estate is unable to pay for the razing of this building.

The building at 3 Cottage court, rear of 17 Gayland street, Ward 13, is in an unsafe and dangerous condition. We have been unable to locate the owner of record, but a notice of the unsafe condition has been posted on the external wall of the building.

MAYOR MANSFIELD ASKS PRESIDENT LOWELL TO HEAD COMMITTEE TO INVESTIGATE CHARGES MADE BY FINANCE COMMISSION — CALLS ATTENTION IN STATEMENT TO VITRIOLIC TONE OF CHAIRMAN IN ATTACKS.

Mayor Mansfield, in the following communications and statements, has made reply to the Finance Commission's charges, and has invited Dr. A. Lawrence Lowell to head a committee to investigate the charges made by the chairman of the commission. The communications were as follows:

BOSTON, September 16, 1935.

DR. A. LAWRENCE LOWELL,
Cotuit, Massachusetts.

Have written your Boston home inviting you to name a committee of Boston citizens to investigate allegations of chairman of Finance Commission of alleged corruption and favoritism in awarding contracts. Present Finance Commission cannot, I think, act impartially and yet people are entitled to know facts. They would have complete confidence in report after investigation of committee chosen by you. Earnestly urge your acceptance.

FREDERICK W. MANSFIELD,
Mayor of Boston.

BOSTON, September 16, 1935.

DR. A. LAWRENCE LOWELL,
171 Marlboro Street, Boston, Mass.

DEAR DR. LOWELL,—In the present exchange of charges and counter charges between the Boston Finance Commission and the public is likely to become confused and to be unable to determine whether there is any justification for the allegations of the Finance Commission of apparent corruption in the various departments of the City of Boston. I think that a fair and impartial investigation cannot be undertaken by the Finance Commission as at present constituted, and yet the public are entitled to be informed as to the alleged favoritism of contractors who are supposedly friendly to the administration.

In this emergency I am asking you, as a leading citizen of Boston, to name a committee of Boston citizens whom you may choose to select to examine into these matters and to make a report as soon as

may be, in which I am very sure the citizens of Boston would have complete confidence.

Yours very truly,

FREDERICK W. MANSFIELD,
Mayor.

The statement of Mayor Mansfield in reply to the charges was as follows:

If the people of Boston had any doubt whatever about the personal and vindictive character of the Finance Commission's attack upon me they can find it in the remarks of its chairman, E. Mark Sullivan, in the papers of yesterday. He was so coarse in his language and so personal in his references that even he must see that he is disqualified to be an impartial investigator. I demand that he resign as Finance Commissioner, and if he refuses that Governor Curley remove him at once. Here is a chance for the Governor to show whether he really is fair in this matter or not.

If he is fair he will recognize the fact that a man who is so prejudiced against me as the chairman of the Finance Commission has shown himself to be in his recent communications to the press ought to be instantly removed, if he has not the grace to resign.

It must be equally plain that the citizens of Boston may become confused with charges and counter-charges relative to alleged corruption in various departments of the City of Boston. And it is obvious, I think, that a fair and impartial examination cannot be made by the present Finance Commission. Yet the people are entitled to know the truth and the facts. In order that they may have the truth and the facts I am inviting Dr. A. Lawrence Lowell, President Emeritus of Harvard University, to name a citizens' committee of any persons whom he may choose to select, to examine into these matters and to make a report in which the citizens of Boston could have complete confidence.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Violante street, Dorchester district, as a highway, from River street to Rockdale street, bounded and described as follows:

A highway named Violante street is hereby laid out, from River street to Rockdale street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by River street, by two measurements, fifteen and 80-100 feet and forty-seven and 39 100 feet; westerly by the westerly line of said Violante street as hereby laid out, by four measurements, eighteen and 68-100 feet on a

curve of twenty feet radius, ninety and 65-100 feet, one hundred thirty-six and 73-100 feet and twenty-five and 61-100 feet on a curve of twenty feet radius; southerly by the southerly line of said Violante street as hereby laid out, one hundred eleven and 50-100 feet; westerly by Rockdale street, thirty feet; northerly by the northerly line of said Violante street as hereby laid out, one hundred forty-eight and 74-100 feet; easterly by the easterly line of said Violante street as hereby laid out, by two measurements, one hundred sixty-seven and 84-100 feet and fifty-six and 61 100 feet; and northerly by the northerly line of said Violante street as hereby laid out, twenty and 13 100 feet on a curve of ten feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Violante street, Dorchester district, as a highway, from River street to Rockdale street, under the order of the Board of September 17, 1935, and awards no damages therefor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

Total, \$352.36.

Penal Institutions Department.

For the week ending Monday, September 16:

House of Correction.

John W. Allen, engineer (temporary), 1 day, \$7.50; David J. Tobin, fireman, 2 days, \$13.84. Total, \$21.34.

Public Works Department (Sewer Service).

For the week ending Monday, September 9:

James Conlon, fireman, 1 day, \$6.92.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon September 17 the Mayor approved a contract with the Standard Contracting Company for laying sheet asphalt pavement in Weld street, Ward 20, from Cerdan avenue and Morey road to West Roxbury Parkway. The following bids were received September 10:

Standard Contracting Company, \$18,136.10; Charles Capone, \$19,420.10; M. DeMatteo, \$19,926.30; Edward M. Matz, \$20,157.10; A. R. Doyle, Incorporated, \$20,516.60; Dooley Brothers, Incorporated, \$20,541; Appel & O'Toole, Incorporated, \$20,672.40; A. Singarella, \$20,722.40; National Engineering and Contracting Company, \$21,154.40; S. J. Tomasello Corporation, \$21,761.60; Warren Brothers Roads Company, \$22,743.40; M. F. Gaddis, \$23,072.90; M. McGinnis Company, \$26,140.20.

SUPPLY DEPARTMENT.

Upon September 19 the Mayor approved a contract, as indicated, for approximately 10,000 barrels of fuel oil to be used on the fire boat "Matthew J. Boyle," and the Institutions Department boat "Stephen J. O'Meara," during the period October 1, 1935, to September 30, 1936.

The only bid received, as shown on the attached summary, was that filed by the Socony Vacuum Oil Company, who bid a posted price of \$1.25 per barrel of 42 U. S. gallons, for oil delivered, as required, into the bunkers of these boats alongside the contractor's dock. This bid is 20 cents lower per barrel than last year's bid.

As far as can be learned this bidder is the only one who can supply the particular oil specified for these boats in the manner required. Permission has been given to award this contract, amounting to approximately \$12,500, to the Socony Vacuum Oil Company, without further advertising.

Bid, opened September 12, was as follows:

Socony Vacuum Oil Company, Incorporated, location, East Boston; B. T. U. per U. S. gallons, 147,000; contractor's posted price per barrel, \$1.25.

Socony Vacuum Oil Company, Incorporated, trade brand, Socony No. 5 Oil; maximum price per barrel (exclusive of discounts) at any time, \$1.45.

Section B crossed out of proposal. Bid based on Standard Oil Company posted price only. Will not guarantee gravity limits.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with firms and contractors for labor, supplies, etc. Communications from the heads of the several departments were as follows:

ART COMMISSION.

BOSTON, September 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The granite base of the Copenhagen fountain in Richardson park, Dorchester, has been considerably stained recently with oil, colored chalk, pitch, etc.

We have obtained from John Evans & Co., stone carvers, a price of \$110 for cleaning this memorial, which price is satisfactory to this commission.

Fortunately there is a "Copenhagen Fund," the income only to be expended in keeping said fountain in order and preservation and necessary renewal and the remainder for other specified purposes.

We respectfully request that \$110 from the Copenhagen Fund be appropriated for the cleaning of the Copenhagen fountain under the direction of the Art Commission.

Respectfully yours,

ROBERT P. BELLOWES,
Chairman, Boston Art Commission.

Above quotations include safety glass throughout, Planar front wheel suspension, two windshield wipers, two sun visors, two bumpers, one extra tire, tube and metal cover, Department red finish and lettering as specified by City of Boston officials.

After placing the order with us, it will take approximately from two to three weeks to deliver the cars to you.

We wish to assure you that the entire facilities of this company are at your disposal to aid you in making a proper decision in this purchase.

We trust that you will call upon us for any desired information and hope for the privilege of serving you in the delivery of these cars.

Thanking you for the inquiry, we are

Yours very truly,

STUDEBAKER SALES COMPANY
OF NEW ENGLAND,
DOMINICK MORLEY,
Sales Manager.

Inasmuch as the above quotation is made by the manufacturer's direct representative, I believe there is no advantage to be gained by publicly advertising for bids.

I, therefore, respectfully request your permission to award this contract, amounting to \$9,829.05, to the Studebaker Sales Company, without advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

SUPPLY DEPARTMENT.

BOSTON, September 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Requisition No. 746, dated September 14, 1935, has been received from the Fire Department, covering the purchase of ten Studebaker automobiles to replace the same number of Buick cars.

The cost of cars covered by this requisition is shown in the quotation dated September 16, 1935, received from the Studebaker Sales Company, quoted below, as is also the total allowance for cars to be turned in:

September 16, 1935.

WARREN W. LOOMIS, *Superintendent of Supplies, Boston.*

DEAR MR. LOOMIS,—In compliance with your request, we take pleasure in submitting the following bid on new Studebaker automobiles for use in the Fire Department of the City of Boston:

TRAFFIC COMMISSION.

BOSTON, September 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—This Commission has voted, subject to your approval, to award a contract, without advertising, to the Edison Electric Illuminating Company of Boston, to construct underground conduit and supply cable for service to an automatic traffic signal at the intersection of Chandler street, Columbus avenue and Dartmouth street, at a cost not to exceed three thousand four hundred and sixty-four (3,464) dollars.

Since the Edison Electric Illuminating Company of Boston is the only person or corporation having facilities available for supplying electric energy no benefit would accrue from publicly advertising.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

D'Amore Construction Company has been allowed to add to the contract for the Joseph H. Barnes District East Boston High School Addition, as follows: Wash off walls, ceiling, and woodwork of custodian's room off boiler room and repaint the same. This work is necessary to make a complete job of the finishing in the boiler room section which was not

included in the original contract. It is understood and agreed that for this additional work the contract price will be increased by the amount of forty-four dollars (\$44), and the amount of \$44 will be added thereto, making the account as follows: Contract price, \$128,740; total additions, \$1,752.60; total deductions, \$1,000; amount of contract, \$129,492.60.

R. J. Connolly, Incorporated, has been ordered to add to the contract for the Roxbury Memorial High School for Boys as follows: Deductions, (1) Omit mastic floor over lunch room area as shown on plans, \$1,341; (2) Brick corridor end at room 218 to remain as at present \$50; (3) Omit new double doors to rifle range as called for on account of pipe interference and keep opening as at present, \$100; total, \$1,491. Additions: (1) Lay asphalt tile with aluminum binding strip over new concrete floor over pool; patch terrazzo floor throughout new lunch room area with terrazzo to match present terrazzo floor; lay new terrazzo floor in new faculty lunch room; patch mastic floor where partitions were removed, \$1,290; (2) Build new concrete steps at new opening to rifle range entering main corridor beyond rifle range level, \$125; (3) Change new partition between rooms 220-222 from metal to terra cotta and plaster, \$25; (4) Raise present manhole in yard to yard grade and furnish new iron manhole cover and frame, \$110; total, \$1,550, total additions, \$1,550; total deductions, \$1,491; this addition, \$59, and the amount of \$59 will be added thereto, making the account as follows: Contract price, \$30,200; total additions, \$59; amount of contract, \$30,259.

M. Salimando has been allowed to add to the contract for the Dorchester High School for Boys as follows: 1. Furnishing and erecting 1 18-inch 54.7 I beam, 28 feet 8 inches long, 2 anchors at east end, 2 bearing plates at each end, 1 8 by 8 by 2½ iron filler plates fastened to present beams and new beam covering beam with material to match existing finish in gymnasium; cutting double angle hanger, \$275; 2. Paint plaster concrete surface around I beams in lunch room two coats to match present work, \$20; 3. Burning present 28-inch B. I. where same interferes with installing new I beams; taking down 8 Lally columns, \$50; total, \$345, and the amount of \$345 will be added thereto, making the account as follows: contract price, \$7,263; total additions, \$345; amount of contract, \$7,608.

R. J. Connolly, Incorporated, has been allowed to add to the contract for the Roxbury Memorial High School for Boys as follows: Build 4-inch thick reinforced concrete ramp with a brick wall, and 2 high 1½ iron pipe rail from lunch room corridor to boiler room corridor. All in accordance with drawing No. 9 and as per estimate, \$335; deduct as follows: Omit concrete steps between these corridors as first contended in order of change August 21, 1935, and allow the sum of \$125; total addition, \$210, and the amount of \$210 will be added thereto, making the account as follows: contract price, \$30,200; total additions, \$269; amount of contract, \$30,469.

Henry C. Sheils has been allowed to add to the contract for the Oliver Holden School as follows: Remove 10 feet of slate blackboard in corridor entering room No. 4; replaster same, furnishing all necessary grounds with metal trim and burlap to match present work; paint two coats best lead and oil to match present work, \$20; provide all

extra hardware to complete the hardware on wardrobe poles in room No. 4, \$15; all as per estimate approved; total, \$104, and the amount of \$104 will be added thereto, making the account as follows: Contract price, \$1,942; total additions, \$104; amount of contract, \$2,046.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to deduct from the contract the sum of \$688 for adjusting under the general contract the sum due after determination of cost chargeable to Lighting Fixture Allowance: Amount of allowance item for lighting fixtures \$16,000; cost of lighting fixtures as per award to Quinn Brothers, 239 A street, South Boston, \$15,312; deduction from contract price, \$688, original contract \$1,182,458.08; corrected contract, as per Order No. A-1828, \$1,193,726.68; now deducted, \$688; corrected contract, \$1,193,038.68; total added \$16,901.60; total deducted \$6,321.

MAYOR MANSFIELD AIDS INFANTILE PARALYSIS VICTIM.

Mayor Mansfield, as the following correspondence indicates, was enabled to meet the request of the daughter of one of the citizens of Boston and to enable her to become a patient at the Warm Springs, Georgia, Hospital for Infantile Paralysis victims, established by President Roosevelt. The communications were as follows:

37 BRENT STREET, DORCHESTER, MASS.
MAYOR MANSFIELD.

DEAR SIR,—Received a letter today from National Committee Headquarters in which Mr. Muhl states Mrs. Roosevelt tells him that I'm to be considered in going to Warm Springs and to get in touch with you at once.

I am one of eight children and have been operated on in eight places which they claim will help me if I get good care and exercise. I have lost a lot of weight.

My father has lost everything due to depression. Our home he has worked hard for 12 years, business, etc., he feels bad to think he has no money to help me. He has quite a struggle now. We've had no aid and have never asked for any till now, but everyone thinks I should get a little aid to help me along. My mother is not very strong.

I will be the happiest girl in the world if I can go. We all know that you will do your best for me and I hope God will be good to me and I will pray until I get a reply from you.

Sincerely yours,

HELEN KELLEY.
(12 years).

The Mayor's letter was as follows:

BOSTON, September 12, 1935

MISS HELEN KELLEY, 37 Brent Street,
Dorchester, Mass.

MY DEAR HELEN, I hasten to acknowledge the receipt of your letter which has just come to my attention upon my return from Washington.

You may be very sure that I shall do all in my power to see that your wish to go to Warm Springs is carried out. I have instructed my assistant secretary, Mr. Arthur J. O'Keefe, to communicate with the committee and see that you get the help that you need. Yours is a very deserving case, as I can plainly see from your touching letter.

I wish I could do something for your father, and if you will ask him to come to my office to see me I shall be glad to talk with him. I am only sorry that I cannot give relief and assistance to all of the people who need it so badly and while I cannot say until I talk with your father what may be done in his case you can be sure that everything that can be done for him and you will be done.

With every good wish for a speedy recovery and happy time at Warm Springs.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

EXTENSION OF CONTRACTS.

CITY HOSPITAL.

John Bowen Company have been granted a further extension of time for completion of contract, made August 2, for erection and completion of Kitchen Building, Boston City Hospital, from September 2, 1935, to November 2.

PUBLIC WORKS DEPARTMENT.

M. F. Gaddis has been granted an extension of the time of completion of contract for furnishing and laying and relaying water pipes in Forest Hills street, Glen road, Sigourney street and Walnut avenue, West Roxbury and Roxbury, October 5, 1935, to December 31, 1935.

M. F. Gaddis has been granted a further extension of the time of completion of the contract for repairing Northern Avenue Bridge, from September 27, 1935, to October 27, 1935. This extension is requested because when the fabricated steel was delivered it was found faulty in length and new steel members had to be fabricated.

MAYOR NAMES COMMITTEE TO IMPROVE CITY AMBULANCE SERVICE.

For some time there has been a feeling among some interested persons that Boston has not adequate ambulance service and I have been in correspondence for some time with Dr. Frederic J. Cotton about it. A committee was appointed by the Boston Metropolitan Chapter of the Red Cross to investigate and that report seems to indicate that the service can be much improved. To that end I am appointing the following committee:

Dr. Frederic J. Cotton, 520 Commonwealth avenue, *Chairman*; Dr. James W. Manary, Superintendent, Boston City Hospital; Edward F. McLaughlin, Fire Commissioner; Eugene M. McSweeney, Police Commissioner; Dr. Francis X. Mahoney, Health Commissioner; Father Thomas J. Brennan of St. Elizabeth's Hospital.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole make clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be two (2) months, vehicles are excluded from the following streets, effective September 18, 1935:

New Way, Dorchester:

Between Freeport street and Freeport street.

Popes Hill Street, Dorchester:

Between Houghton street and new way.

Voted, That as urgently required by consideration of public safety and convenience, during the period of roadway resurfacing, estimated to be three (3) weeks, vehicles are excluded from Templeton street, Dorchester, between Adams street and Florida street, effective September 12, 1935.

Voted, That as urgently required by consideration of public safety and convenience, the following temporary rule, which was adopted March 7, 1935 and was effective March 13, 1935, for a trial period of six (6) months is hereby extended for a further trial period of three (3) months from September 13, 1935:

Subject to sections 16 and 17 of the Traffic Regulations, and between the hours of 7 a. m. and 1 a. m., vehicles may be parked without time limit in the following place, and in the manner specified:

Northern Avenue, South Boston:

Northeast side, from Sleeper street to a point fifteen hundred (1,500) feet southeast of Sleeper street; the vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 18, 1935, and was effective June 19, 1935 for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from September 19, 1935:

Parking of vehicles is prohibited in the following street during the hours indicated:

Dorchester Avenue:

West side, from Congress street to Dorchester Avenue Bridge over Fort Point channel, twenty-four hours; east side, from Congress street to Summer street, twenty-four hours; east side, from Summer street to Dorchester Avenue Bridge, over Fort Point channel, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted June 14, 1935, and were effective June 20, 1935, for a trial period of three (3) months, are hereby expended for a further trial period of three months (3) from September 20, 1935:

Parking of vehicles is prohibited in the following streets:

Bromfield Street:

Both sides, from Washington street to Tremont street.

Gridley Street:

Both sides, from High street to Purchase street.

CONTRACTS AMENDED.

R. J. Connolly, Incorporated, have been allowed to amend the contract for alterations at the Jeremiah E. Burke High School for Girls by striking out the word and figures "September 7, 1935," on page 2, Article 4, and substituting therefor, the word and figures "October 1, 1935," so that said Article 4, on page 2, shall read: "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before October 1, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

FIRE DEPARTMENT ORDERS.

General Order No. 42.

I. SAFETY DRIVE.

The Fire Commissioner has given his unqualified indorsement of the campaign being conducted by the Boston *Traveler* in the interest of accident prevention and safer conditions on the highways through more careful driving by the operators of motor vehicles.

It is the commissioner's desire that all members of the department cooperate with this splendid movement. Pledge cards and stickers are being distributed to the department today. The commissioner directs that these stickers be placed on all the motor vehicles of the Fire Department and those owned privately by members of the department, and that members of the department holding licenses to drive automobiles sign the pledge cards. The signed pledge cards are to be returned to the office of the Fire Commissioner on or before Friday, September 20, 1935.

II. RETIREMENTS.

The following retirement is hereby announced to take effect at 8 a. m., Sunday, September 29, 1935:

Deputy chief Walter M. McLean, Division 3.

Deputy Chief McLean was appointed to the department on September 12, 1888. His promotions were as follows: To engineer, June 16, 1896; to lieutenant, September 25, 1896; to captain, June 3, 1904; to district chief, January 31, 1914; to deputy chief, May 1, 1922.

The following retirement is hereby announced to take effect at 8 a. m., October 1, 1935:

Michael F. Hurley, Ladder Company 13.

Ladderman Hurley was appointed to the department February 1, 1924.

Both these men leave the department with the best wishes of their associates.

III. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Wednesday, September 18, 1935:

James F. Mahoney, from Ladder 9 to Engine 8.

Alonzo P. Brooks, from Engine 8 to Ladder 9.

John J. M. Breslin, from Ladder 12 to Engine 45.

Herbert F. Ryan, from Engine 3 to Ladder 13.

IV. ASSIGNMENT CARDS.

Assignment cards for the following new boxes are being distributed to the department today:

1591	2738	3775	5194
1235	3386	5128	5249
2329	3551	5149	5276
2359	3766	5187	6221

V. COMMENDATIONS.

Hosemen John H. McCarthy and George H. Stewart of Engine Company 15 are hereby commended for the efficient and effective manner in which they rescued a boy from a tree on Walter street, opposite Bussey street, September 13, 1935. The work performed by these men was done most safely and skilfully and reflected great credit on the Fire Department.

The commissioner is pleased to publish, for the information of the department, a letter received from Dr. James V. May, Superintendent of the Boston State Hospital, concerning a fire at that institution on Sunday, September 15, 1935:

September 16, 1935.

HON. EDWARD F. McLAUGHLIN,

Fire Commissioner.

DEAR SIR: On behalf of the trustees and the superintendent of the Boston State Hospital, I wish to express to you our thorough appreciation of the wonderful work done by the Boston Fire Department in handling the serious fire which occurred in the East T. Building at this institution last night. The quick and efficient work done by the fire companies made it possible for us to get all the patients out of the building without any loss of life. If you will convey our appreciation to everyone concerned, it will be deemed a favor.

Very sincerely yours,

JAMES V. MAY,
Superintendent.By order of Fire Commissioner EDWARD
F. McLAUGHLIN.HENRY A. FOX,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 77.

Sergeants John V. Miller and Benjamin R. Beers, and Patrolmen Frank J. Henderson, Hugh Koton, Joseph L. Ferreira, Thomas J. Holmes and Daniel A. Phillips, all of Division 15, are commended for efficient police duty performed on September 1, 1935, in connection with the arrest of two persons who had broken into a building and attempted to rifle a safe.

The commissioner is pleased to recognize and commend these officers for the prompt and effective action taken by them in accomplishing the arrest of these dangerous characters.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 78.

Patrolmen William J. O'Connell of Division 7 (detailed to Division 19) and Thomas Coyne of Division 19, are commended and each is granted two days' additional vacation for efficient police duty performed on August 28, 1935, in connection with the apprehension of the operator and the recovery of a truck containing a valuable load of wool, which had been stolen.

The commissioner is pleased to recognize and commend these officers for their keen observation and vigilance in effecting this important arrest.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 79.

A trial heard consisting of Captains Fallon, Flannery and O'Shea, hearing heard by reference a complaint against Patrolman Orville F. Kenerson of Division 1, charging him with causing fire becoming an officer, he is reported to the commissioner as being of bad quality and charged. In the volume with which it is hereby ordered that the complaint against the said Patrolman Orville F. Kenerson be dismissed.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Willowdean avenue, West Roxbury district, as a highway, from Weld street to Veterans of Foreign Wars Parkway, bounded and described as follows:

An extension of the highway named Willowdean avenue is hereby laid out, from Weld street to Veterans of Foreign Wars Parkway, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Weld street, by two measurements, twenty-three and 76-100 feet and sixteen and 80-100 feet; easterly by the easterly line of said extension of said Willowdean avenue as hereby laid out, by two measurements, three hundred ninety-two and 62-100 feet and one hundred forty-three and 17-100 feet on a curve of ten hundred eighty-four and 90-100 feet radius; southerly by the southerly line of said extension of said Willowdean avenue as hereby laid out, thirty-four and 68-100 feet on a curve of twenty-nine and 96-100 feet radius; southeasterly by the southeasterly line of said extension of said Willowdean avenue as hereby laid out, forty-nine and 44-100 feet; easterly by the easterly line of said extension of said Willowdean avenue as hereby laid out, thirty-nine and 36-100 feet on a curve of twenty feet radius; southeasterly by the southeasterly line of said extension of said Willowdean avenue as hereby laid out, two hundred eighty and 93-100 feet; northerly by Veterans of Foreign Wars Parkway, forty-one and 41-100 feet; northwesterly by the northwesterly line of said extension of said Willowdean avenue as hereby laid out, forty and 26-100 feet; northerly by the northerly line of said extension of said Willowdean avenue as hereby laid out, twenty-one and 98-100 feet on a curve of twenty feet radius; northwesterly by the northwesterly line of said extension of said Willowdean avenue as hereby laid out, fifty-seven and 16-100 feet; southerly by the southerly line of said extension of said Willowdean avenue as hereby laid out, forty and 85-100 feet on a curve of twenty feet radius; northwesterly by the northwesterly line of said extension of said Willowdean avenue as hereby laid out, forty-eight and 91-100 feet; southerly by the southerly line of said extension of said Willowdean avenue as hereby laid out, thirty-nine and 18-100 feet on a curve of twenty feet radius; and westerly by the westerly line of said extension of said Willowdean avenue as hereby laid out, by two measurements, one hundred twenty and 56-100 feet on a curve of eleven hundred twenty-four and 90-100 feet radius and three hundred ninety-nine and 33-100 feet.

Voted, That this Board determines that no person sustains damages in his estate

by the making of the public improvement, consisting of the laying out and construction of an extension of Willowdean avenue, West Roxbury district, as a highway, from Weld street to Veterans of Foreign Wars Parkway, under the order of the Board of September 10, 1935, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Pond circle, West Roxbury district, as a highway, from Pond street to Pond street, with the name of Pondred circle or some other distinctive name, bounded and described as follows:

A highway named Pondred circle is hereby laid out, from Pond street to Pond street, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Pond street, sixty and 14-100 feet; northerly by the northerly line of said Pondred circle as hereby laid out, sixteen and 16-100 feet on a curve of ten and 86-100 feet radius; northeasterly by the northeasterly line of said Pondred circle as hereby laid out, two hundred ninety-three and 47-100 feet; northerly by the northerly line of said Pondred circle as hereby laid out, one hundred forty-one and 37-100 feet on a curve of ninety feet radius; northwesterly by the northwesterly line of said Pondred circle as hereby laid out, forty-six feet; westerly by the westerly line of said Pondred circle as hereby laid out, one hundred forty-one and 37-100 feet on a curve of ninety feet radius; southwestwesterly by the southwestwesterly line of said Pondred circle as hereby laid out, two hundred eighty-three and 79-100 feet; westerly by the westerly line of said Pondred circle as hereby laid out, fourteen and 26-100 feet on a curve of nine and 50-100 feet radius; southeasterly by Pond street, sixty feet; northerly by the northerly line of said Pondred circle as hereby laid out, seven-teen and 50-100 feet on a curve of eleven and 18-100 feet radius; northeasterly by the northeasterly line of said Pondred circle as hereby laid out, two hundred eighty and 17-100 feet; easterly by the easterly line of said Pondred circle as hereby laid out, seventy-eight and 54-100 feet on a curve of fifty feet radius; south-easterly by the southeasterly line of said Pondred circle as hereby laid out, forty-six feet; southerly by the southerly line of said Pondred circle as hereby laid out, seventy-eight and 54-100 feet on a curve of fifty feet radius; southwestwesterly by the southwestwesterly line of said Pondred circle as hereby laid out, two hundred ninety and 15-100 feet; and westerly by the westerly line of said Pondred circle as hereby laid out, fifteen and 23-100 feet on a curve of nine and 21-100 feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Pondred circle (formerly Pond circle), West Roxbury district, as a highway, from Pond street to Pond street, under the order of the Board of September 9, 1935, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intentions to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Hyde Park, and are bounded as follows:

A parcel of land, supposed to belong to Annie M. Kelley, bounded:

Southerly by Frazer street, ten feet; westerly by other land supposed to belong to said Kelley, by two measurements, one hundred thirty-six and 17 100 feet and thirty-eight and 46 100 feet; northerly by land hereinbefore described as taken from owners unknown (Lewis street), sixteen and 45 100 feet; and

easterly by other land supposed to belong to said Kelley, twenty-six and 1-100 feet and one hundred forty-six and 18-100 feet, containing eighteen hundred and sixty-six square feet, more or less.

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Lewis street and part of the private way known as Edwards street, bounded:

Southerly by land hereinbefore described as taken from Kelley, sixteen and 45-100 feet; westerly by another part of Lewis street, and by another part of Edwards street, by two measurements, three and 34 100 feet and one hundred sixty-three and 8 100 feet; northerly by the same, one hundred twenty-three and 21 100 feet; easterly by another part of Edwards street, six feet; southerly by another part of Edwards street and by another part of Lewis street, one hundred eight and 80 100 feet; and easterly by the same, by two measurements, one hundred fifty-three and 35 100 feet and nine and 15 100 feet, containing twenty-nine hundred and ninety-eight square feet, more or less.

The sewerage works to be constructed are as follows: In Edwards street, one hundred and ten feet ten-inch pipe sanitary sewer; in Lewis street, one hundred and sixty-four feet eighteen inch pipe sanitary sewer; and in private land between Lewis street and Frazer street, one hundred sixty-eight feet eighteen-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Lewis street, southerly from Edwards street, and the abutting lots of land on the northerly side of Edwards street for a distance of approximately one hundred and five feet easterly from Lewis street, will receive benefit or advantage, beyond the general advantage to the community, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1146, Sewerage Works, Edwards Street, Lewis Street, Frazer Street, Hyde Park, August 29, 1935, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

\$716 28

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the taking of an easement for sewerage purposes in private land, between Lewis street and Frazer street, Hyde Park district, under the order of the Board of September 16, 1935, in the amount hereinafter mentioned, and awards said amount therefor.

Annie M. Kelley, 1,866 square feet, \$1.

Owners unknown (Lewis and Edwards streets), 2,998 square feet, nothing.

MAYOR NAMES COMMITTEE ON SNOW REMOVAL.

The Mayor today appointed the following committee on snow removal to consider the condition of our present equipment and to advise him as to the requirements of the city in order to be properly equipped for the prompt clearing of our streets in the coming winter season:

Chairman, Joshua Atwood, 3d, Acting Public Works Commissioner; William T. Morrissey, Chief Engineer, Highway Division, Public Works Department; Col. Thomas F. Sullivan, of the Transit Department; Park Commissioner William P. Long; Fire Commissioner Edward F. McLaughlin; Howard F. Fritch, President of the Boston & Maine Transportation Company, in charge of snow removal for that company, with Worcester Polytechnical Institute training; Harry M. Steward of the Boston Elevated Railway Company, Superintendent of Maintenance; Herbert I. Sullivan, in charge of maintenance and snow removal for the Eastern Massachusetts Street Railway.

This committee is to meet at once, and report at the earliest possible moment. There is an order calling for an expenditure of about \$800,000 at present pending before the City Council. I shall ask this committee to examine the details of the suggestions in that report and to revise or extend them in any way that commends itself to them. When their report comes in I shall immediately send a new order to the City Council or recommend the passage of the old one if that shall seem to be the proper course to be pursued.

PROCEEDINGS OF CITY COUNCIL.

Monday, September, 9, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2.25 p. m., Coun. GALLAGHER in the chair, and all the members present.

JURORS DRAWN.

Jurors were drawn in the manner prescribed by law, the Mayor absent, Coun. ROBERTS presiding at the box, as follows:

Sixty-four traverse jurors, Superior Criminal Court, to appear October 7, 1935:

John L. Crawford, Ward 1; John Harkins, Ward 1; William Martell, Ward 1; James P. Trainor, Ward 1; Timothy L. Casey, Ward 2; Harry A. Connors, Ward 2; Joseph M. O'Donnell, Ward 2; Albert Dello Russo, Ward 3; John B. McGrath, Ward 3; James W. McNabb, Jr., Ward 3; John Moretti, Ward 3; Jacob Rubenstein, Ward 3; Edward M. Drew, Ward 4; George W. Macdonald, Ward 4; John J. McCarthy, Ward 4; Frank E. Proctor, Ward 5; Thomas B. Steer, Ward 5; William G. Bryant, Ward 7; John J. Connolly, Ward 7; John Galvin, Ward 7; Thomas J. Kyle, Ward 7; Walter Dvorak, Ward 8; John J. Connor, Ward 9; Jeremiah A. Crowley, Ward 10; Frank D. Mellon, Ward 12; Frank J. Dinneen, Ward 13; Bernard Goldberg, Ward 14; Joseph A. Bergen, Ward 15; Arthur W. Hammett, Ward 15; John W. O'Neil, Ward 15; James W. Mahar, Ward 16; Robert McCartney, Ward 16; George Pearson, Ward 16; Roy C. Totman, Ward 16; George H. Cox, Ward 17; William L. Glavin, Ward 17; Ralph A. Mills, Ward 17; Henry L. Nutting, Ward 17; John F. Walsh, Ward 17; William E. Wynne, Ward 17; John E. Crawford, Ward 18; Eugene C. Lauriat, Ward 18; Grant S. Redden, Ward 18; Adolph M. Kohler, Ward 19; Harry F. Brennan, Ward 20; George W. Bunker, Ward 20; Donald Cameron, Ward 20; Gilbert W. Dick, Ward 20; Earl S. Ginn, Ward 20; George W. McGooch, Ward 20; John A. Murphy, Ward 20; George Robertson, Ward 20; George R. Rogers, Ward 20; George Sawyer, Ward 20; Percy H. Titus, Ward 20; David T. Kelley, Ward 21; Edward A. Angle, Ward 21; Wendell H. Small, Ward 21; John E. Brady, Ward 22; Edward A. Dragan, Ward 22; Timothy T. Murphy, Ward 22; James F. Phillips, Ward 22; Harold Small, Ward 22; John Henry Sullivan, Jr., Ward 22.

Six traverse jurors, Superior Criminal Court, to appear October 7, 1935:

William F. O'Connor, Ward 2; Paul P. Bird, Ward 5; John P. Flaherty, Ward 7; John J. Henry, Ward 11; Eugene Beaupre, Ward 18; Peter A. Blanchard, Ward 20.

Eighty traverse jurors, Superior Civil Court, October Sitting, to appear October 7, 1935:

David Babis, Ward 1; Joseph P. Fitzgerald, Ward 1; Allan B. McElman, Ward 1; Joseph A. Williams, Ward 1; Louis O. Burns, Ward 2; Dennis M. Murray, Ward 2; George A. Murray, Ward 2; Timothy F. Ryan, Ward 2; Michael J. Comperchio, Ward 3; Arrilio A. Fopiano, Ward 3; Robert Kramer, Ward 3; John J. Krigel, Ward 3; Patrick D. Moriarty, Ward 3; John Parnagian, Ward 3; William E. Bickford, Ward 4; Fred A. Goddard, Ward 4; Frederick G. Harrison, Ward 4; John C. Dunlin, Ward 5; Conrad Bailey, Ward 6; Joseph E. Feeney, Ward 6; Thomas Hagerty, Ward 6; Thomas A. Kenney, Ward 6; John E. Murphy, Ward 7; Ralph A. McNally, Ward 8; Augustus Worcester, Ward 8; Richard C. Lamb, Ward 9; Arnold J. Washington, Ward 9; James Lee Abercrombie, Ward 10; Bernard S. Kenny, Ward 10; William F. Ryan, Ward 10; Edward N. Boure, Ward 11; Frank J. Gately, Ward 11; Walter Knecht, Ward 11; Albert Barg, Ward 12; Walter J. Collins, Ward 12; Jacob Kaufman, Ward 12; Albert E. Harris, Ward 13; Walter Kaplan, Ward 14; Emil M. Larsen, Ward 14; Charles McCall, Ward 15; William B. McPherson, Ward 15; Thomas J. Murphy, Ward 15; Archibald Gomer, Ward 16; Alton E. Ware, Ward 16; Orrin L. Whitecher, Ward 16; Roger D. Mackay, Ward 17; William H. Morrissey, Ward 17; Frank A. Murphy, Ward 17; Louis Bieber, Ward 18; Chester L. Carpenter, Ward 18; Raymond Hamilton, Ward 18; William T. Hubbard, Ward 18; Arthur R. Johnson, Ward 18; Jacob MacLay, Ward 18; Frederick P. Scribner, Ward 18; Peter S. Anderson, Ward 19; Paul H. Dyer, Ward 19; Edward D. Farley, Ward 19; Martin A. Fay, Ward 19; William J. Newman, Ward 19; William C. Albrecht, Ward 20; Nils O. Carlson, Ward 20; Lawrence E. Clark, Ward 20; Duncan A. Gillis, Ward 20; John P. Hasson, Ward 20; William M. Mahoney, Ward 20; David C. Maier, Ward 20; James Paul, Ward 20; Carl J. W. Winkvist, Ward 20; Walter H. Bangs, Ward 21; Carleton K. Berger, Ward 21; Andrew L. Hansen, Ward 21; John B. Reid, Ward 21; Frederick H. Wentworth, Ward 21; Ralph H. Barron, Ward 22; Owen J. Donnelly, Ward 22; Albert P. Kellar, Ward 22; Paul A. McCarthy, Ward 22; Frederick C. Prussman, Ward 22; Henry J. Thresher, Ward 22.

PROBATION OFFICERS' SALARIES—VETOES.

The following was received:

City of Boston,
Office of the Mayor, August 28, 1935.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the order adopted by your Honorable Body on August 12, 1935, whereby the salaries of the probation officers of the District Court of the City of Chelsea were fixed at \$3,000 a year for the chief probation officer and \$2,400 a year and \$2,000 a year respectively for two assistant probation officers.

No convincing facts have been brought to my attention which would appear to justify these increases which would amount to \$300 a year for the chief probation officer and \$200 a year for each of the assistants.

The budget for the year 1935 is closed and the tax rate has already been declared so that this additional sum could only be secured by transfers from unexpended balances the number and amount of which are at the present time unknown and are wholly problematical.

In addition to this, such increases, small as they may be in this individual case, add to the burden of the taxpayer and help to increase the tax rate. I think these requests for increases may well be deferred until the taxpayers are better able to bear them.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

City of Boston,
Office of the Mayor, August 28, 1935.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the order adopted by your Honorable Body on August 12, 1935, whereby the salaries of the probation officers of the Municipal Court for the City of Boston are substantially increased.

By the terms of this order the chief probation officer receives a yearly increase of \$300, beginning with a basic salary of \$5,000 until the maximum of \$6,500 per year is reached. A similar yearly increase is given to the first assistant probation officer, beginning with a basic salary of \$3,300 until the maximum of \$4,500 is reached. The second assistant probation officer, beginning with the basic salary of \$3,000 is increased \$300 yearly for the first three years and \$100 for the next year until the maximum of \$4,000 is reached. In the remaining cases one male deputy probation officer, two women deputy probation officers, sixteen men probation officers and eight women probation officers are each given yearly increases of \$300.

I have no doubt that the probation officers of the Boston Municipal Court are doing excellent work and it may be at some later time when the taxpayers can better afford it these salaries ought to be increased, but at the present time there is no allowance for them in the budget for 1935 and the increases can only be made out of unexpended balances. The number and the amount of such balances are unknown at the present time and are wholly problematical so that there is no assurance that there will be enough money in them to make these increases.

It would mean an additional expenditure of about \$4,500 for the year 1935 and approximately twice that amount in succeeding years until the maximum is reached in each case.

It is urged that other clerks and officers connected with the judicial system have been advanced so that now their salaries are disproportionate to those of the probation officers. I do not question the correctness of this statement, but to urge that one man ought to receive more money because someone else in a comparable position receives more is not necessarily a convincing argument.

Under all the circumstances I think that these requests for increases ought to be deferred until the taxpayers are in a better condition to pay them.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

SIDEWALK, HIGH STREET—VETO.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1935.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature an order adopted by your Honorable Body on August 12, 1935, for the making of a granite sidewalk with granite edgestones on High street, Ward 15. I am informed by the Commissioner of Public Works that the estimated cost of this sidewalk construction is \$1,500, and that there are no funds available for this work at the present time. Under these circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

FINANCIAL STATISTICS—ELEVATED.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, Public Trustees, relative to your orders of August 26, 1935, concerning information requested, regarding the operations of that company.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway (Public Trustees).
Park Square Building.

Boston, September 5, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I am inclosing herewith data in answer to the various orders of the City Council received with your letters of August 30 and 31, 1935.

1. What items constitute the \$70,000,000 in outstanding bonds of the Boston Elevated mentioned in the recent statement of the Board of Directors?

Printed statement is inclosed showing in detail all of the outstanding capital issues of the Boston Elevated Railway.

2. The amount of the Boston Elevated deficit annually since the Public Control Act of 1918.

Statement is inclosed showing the result of the financial operations during the period of public control from July 1, 1918, to March 31, 1935, the end of the trustees' last fiscal period.

As you are aware, the original loan assessment of \$3,980,151.67 covering the deficit in operations during the first year of public control has been entirely repaid to the cities and towns. The deficit now outstanding covering the years 1932, 1933, 1934 and 1935 together with the basis of apportionment to the various municipalities served are shown on the inclosed printed tabulation.

3. An itemized statement showing the amount of money spent annually by the Boston Elevated for rolling stock since the Public Control Act of 1918; also the amount of rolling stock scrapped annually during that period.

We have assumed that this inquiry has reference to the equipment of the rapid transit lines, and I am inclosing statements showing in detail the amount expended for new rolling stock for the rapid transit lines since July 1, 1918, and also a statement showing the value of rapid transit lines rolling stock scrapped or disposed of since July 1, 1918.

4. A. The estimated life of the elevated structures.

B. The present condition of the same.

C. The amount spent annually for the repair and maintenance of same since the Public Control Act of 1918.

A. For the purpose of computing depreciation and obsolescence upon the elevated structures as required by the terms of the Public Control Act the Board of Trustees have assumed an estimated useful life of seventy-five years. With proper maintenance and repair it is impossible to say definitely just what the actual life of the elevated structure will be, but the Board of Trustees have felt that having in mind the progress that must inevitably be made in the art of transportation and also the question of obsolescence, an estimated useful life of seventy-five years was as long as they would be justified in assuming to the elevated structures.

B. The elevated structure is and has been kept in good operating condition.

C. Statement is inclosed showing by years since the beginning of public control the amount expended for maintenance of the elevated structures.

Very truly yours,

H. T. HARRIMAN.

Chairman, Board of Trustees.

(Appended was the information referred to.)
Ordered printed and placed on file.

CASTLE STREET ELEVATED.

The following was received:

City of Boston,
Office of the Mayor, September 5, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of August 26, 1935, concerning the contractor who was doing the Castle Street structure of the Boston Elevated.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston, September 4, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.
Dear Sir:—I am in receipt of your letter of August 31, 1935, regarding the Castle Street structure and the alleged removal of the structure and was in the office of the Mayor removed under contract with the Boston Elevated Company, 384 Devonport Avenue, South Boston.

They submitted the lowest bid for razing the structure and hauling the material to the Charlestown yard of the railway, and offered for the material more than our estimate of its net scrap value.

The cost of removing this section of elevated structure was relatively high because it crossed the right-of-ways of the Boston & Albany and New York, New Haven & Hartford Railroad Companies, and it was necessary to remove it in cooperation with the steam railroads in a manner to minimize the possibility of accidents with respect to trains being operated under the structure.

Very truly yours,

EDWARD DANA,

Executive Vice-President and General Manager.

Placed on file.

WARD STATISTICS, CITY HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, September 5, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston City Hospital, relative to your order of August 26, 1935, concerning the number of patients in each ward of the Hospital and the number of nurses in attendance in said wards.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston City Hospital,

Boston, September 3, 1935.

Mr. Joseph F. Mellyn, Secretary,

Mayor's Office.

Dear Mr. Mellyn,—Last week, his Honor the Mayor requested me to prepare a statement showing the number of nurses assigned to each ward, also the number of patients on each ward.

Inclosed herewith you will find this list, which I believe is what he desires.

Yours sincerely,

JAMES W. MANARY,

Superintendent.

(Appended was the statement referred to.)

Placed on file.

PURCHASE OF PLANT.

The following was received:

City of Boston,

Office of the Mayor, September 7, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of August 26, 1935, concerning the purchase and operation of the obsolete plant of the Charlestown Gas & Electric Company.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway (Public Trustees),

Park Square Building,

Boston, September 5, 1935.

Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—Replying to your letter of September 3, the property of the Charlestown Gas Company, with a useful area of 343,078 square feet, bounded by Mystic River on the north, Boston Elevated property on the west, Arlington avenue on the south, and Boston Elevated property on the east, was purchased on October 23, 1931, for \$200,000. The entire property when purchased was assessed for \$701,900.

There were no electric generators on the property at the time of its purchase and there are none on it now. The property had previously been used as a gas plant.

Acquisition of the property permitted the railway to consolidate several divisions of its Maintenance Department at this location, thereby effecting substantial economies in operation. A large truck garage is now being erected at this location and a portion of the property has been leased.

Very truly yours,

EDWARD DANA,

Executive Vice-President and General Manager.

Placed on file.

LIGHTS ON FIRE BOXES.

The following was received:

City of Boston,

Office of the Mayor, September 9, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Fire Commissioner, relative to your order of August 12, 1935, concerning the advisability of replacing the present red light on fire boxes with some other type of light.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Fire Department, September 9, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I am returning herewith the following order which was referred to me for a report:

"Ordered, That his Honor the Mayor request the Commissioner of the Fire Department to consider the advisability of using some other type of light than the present red light on the fire

boxes, as at the present time these red lights are the cause of many accidents due to motorist stopping in congested traffic. I would suggest blue, purple, or any other color suitable.

In City Council, August 12, 1935. Passed.

Attest:

W. J. DOYLE,

City Clerk."

I inclose herewith a copy of a report from Superintendent George L. Fickett of the Fire Alarm Division, in answer to this order, which has my approval.

Yours very truly,

EDWARD F. McLAUGHLIN,

Fire Commissioner.

[Copy.]

Boston Fire Department,

August 29, 1935.

From: The Fire Alarm Division.

To: The Fire Commissioner.

Subject: Light Over Fire Alarm Boxes.

Regarding order of City Council dated August 12, 1935, "On the advisability of replacing red as a color on the light over fire alarm boxes, for traffic reasons," I submit this report.

I, personally, have heard very few complaints due to the red fire alarm lights confusing automobilists with traffic lights. It seems to me that because the fire alarm light is so different from a traffic signal light that it is not confusing. However, it is quite probable that I am mistaken and that complaints are more general than I am aware, but I wonder if the necessity of changing to some other color is worth the expense involved.

At the present time there are approximately 945 red lights over fire alarm boxes—730 electric and 215 gas. To replace the globes and domes it would cost approximately \$3,200. The members of the City Council undoubtedly appreciate the importance of designating fire alarm box locations at night. Delays in sounding alarms are practically eliminated where boxes are lighted. As a suggestion I offer for consideration the proposition of providing money for more fire alarm lights instead of spending money as suggested. There are approximately 450 boxes on streets without lights.

GEO. L. FICKETT, Superintendent.

Placed on file.

TIME OFF FOR FIRE ALARM OPERATORS.

The following was received:

City of Boston,

Office of the Mayor, September 9, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Fire Commissioner, relative to your order of August 12, 1935, concerning additional time off duty for the fire alarm operating force.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Fire Department, September 9, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—I am returning herewith the following order of the City Council which was referred to me for a report:

"Ordered, That the Fire Commissioner, through his Honor the Mayor, be requested to provide that each member of the fire alarm operating force be granted the equivalent of four Sundays and four Saturday half-holidays off duty in each month. This time amounting to six days off duty in each month to be allotted as follows:

Men on day duty: One day off duty in each five.

Men on night duty: The a. m. tour of duty, and the p. m. tour of duty immediately following it, three times each month.

Men on day duty will receive a meal period.

In case of emergency, any day off duty, or part thereof, withheld under these conditions, when regularly due, to be allowed in equivalent time as soon as possible thereafter.

In City Council, August 12, 1935. Passed.

Attest:

W. J. DOYLE,

City Clerk."

I am inclosing herewith a copy of a report from Superintendent Fickett which gives information, in detail, concerning the working conditions at the fire alarm office.

I have also made an effort to get information concerning fire alarm offices in other cities of the country and I am inclosing herewith, for your Honor's information, a copy of a letter received from the city of St. Louis.

The only other city which replied to my letter was the city of Milwaukee and the chief of the Milwaukee Fire Department has informed me that they have eight operators in the fire alarm office, as compared with nineteen in Boston.

Yours very truly,

EDWARD F. McLAUGHLIN,

Fire Commissioner.

Boston Fire Department,

September 7, 1935.

From: The Fire Alarm Division.

To: The Fire Commissioner.

Subject: Days off—Operating force.

I submit this report regarding the order of the City Council, dated August 20, 1935, "To give

firemen (fire alarm operating force) the equivalent of four Sundays and four Saturday half-holidays off duty each month."

There are nineteen men in the operating force which consists of one chief operator, three principal operators, six operators and nine assistant operators. This force is divided into three shifts—a day watch from 8 to 5, and two night shifts from 5 to 12 and 12 to 8. Each watch serves for one month on day duty and two months nights. One group is on duty two watches (12 to 8 and 5 to 12) on even dates and the other on odd dates, with a twenty-four hour leave every other day. The chief operator is on day duty with Saturday afternoon and Sunday off but, like the superintendent, is subject to call at all times.

While serving on a day watch each member is allowed six days off a month and one hour is allowed daily for a meal period. Church leave is granted on Sundays when possible. One man on night duty serves as a covering operator so that each night there is one man off. These night leaves are applicable about seven months during the year—from the middle of November to the middle of June. During the vacation period no time off is allowed for those on nights.

Under this schedule an operator gets twenty-four days off when working days and about twelve days off when on night duty during the year. In event of protracted illness of a member, however, operators on night duty lose their time off, but time is made up when possible. During the vacation period two men are always off duty, and if a member is absent because of illness it at times happens that those on day duty lose their meal period.

To compare working conditions of this force with those of members of the fire fighting force and the average city employee, I offer the following approximate figures for a year—8,760 hours.

Hours of Duty Served.

Operators.....	2,520
Firemen.....	4,100
Other city employees.....	2,112

As already stated an operator may lose some of the time to which he is entitled when on night duty due to absence of a member. For the average city employee Sundays, holidays and Saturday afternoons have been eliminated and eight hours has been called a day. Members of the fire fighting force are on duty eighty-two hours a week with one meal period only.

Working conditions have been gradually improved. In the old days operators worked every day, no regular leaves being granted. Until 1926 no leaves were granted to those on night duty, then, by authority of the Fire Commissioner, about three leaves on a two-month night period were granted to each member. This has been gradually improved so that except in vacation time, about five leaves in a two-month period are allowed to those on night duty.

For one to better comprehend this subject, the functions performed by the fire alarm operating force should be clearly understood. All the circuits and the apparatus in the fire alarm headquarters must be tested at the beginning of each watch. Alarms and telegraph messages are received and transmitted. (There were more than 10,000 alarms received last year.) The department telephone system centers here. This force is responsible at all times for dispatching a proper complement of apparatus to all fires. If conditions are such that the running card cannot be followed the operating force immediately acts. All district chiefs and company commanders are under orders to respond as directed by this force. Prompt action is of course necessary.

To perform all these duties in an efficient manner the department rules require that five men shall be on duty. If a vacancy occurs, however, permission is given to operate a watch with four men in order to avoid the loss of time off to which a member is entitled. I wish to emphasize the fact that four men are absolutely essential for a watch. It would not be possible to perform the duties with less men.

With the number of men now in the force all time off possible is allowed. In order to give the members "the equivalent of four Sundays and four Saturday half-holidays off duty each month" it would be necessary to appoint two more men to the force at an eventual cost of \$4,200 yearly.

It must be borne in mind that this is an emergency service just as much as the fire fighting force or the police force. It is not possible as in some lines to give individuals more duties to perform in order to allow for more time off. A certain number of men must be employed and we have the minimum number now. Service must be given twenty-four hours a day every day.

It is not possible to give more time off with the present number employed. It is unfortunate that a member must lose a day off occasionally when serving on night duty or a meal period in the day time, because of the absence of a member, but it is essential that there be at least four men on duty at all times. Men are appointed to the fire alarm operating force with a full understanding as to the duties to be performed and the hours to serve. I believe that they have no just complaint. As a matter of fact the majority of the members have no complaint.

GEO. L. FICKETT,
Superintendent.

Department of Public Safety,
City of St. Louis,
Division of Fire and Police Telegraph,
September 5, 1935.

Attention Mr. Edward F. McLaughlin, Fire Commissioner, City of Boston, Fire Department, Boston, Mass.

My dear Sir,—Your letter has been referred to me by our chief, John J. O'Boyle. Our fire alarm office at the present time is being operated by four shifts of men of two each. Our hours run as follows: Midnight watch 12 o'clock midnight to 8 a. m. Day watch 8 a. m. to 4 p. m. Evening watch from 4 p. m. to 12 midnight. The fourth watch is a relief watch allowing an average of one and one-half days off per week for each shift. However, we find that during emergencies two men are hardly enough and on occasions the chief operator or my assistant have come down at night to help out. Our assistant operators receive \$145 per month and our operators receive \$170.

Our average on box and telephone alarms are about 50 per cent each, with a gradual pick-up in the average of telephone alarms every year. I trust this answers your request and ask at your leisure to give me the same information concerning your fire alarm office.

Very truly yours,

T. R. FOWLER,
Chief Electrical Engineer.

Placed on file.

APPROPRIATION FOR TRAFFIC TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1935.
To the City Council.

Gentlemen,—I have been advised by the Commissioner of Public Works that in order to provide for the proper operation and maintenance of the Sumner Traffic Tunnel for the remainder of the current year, it will be necessary to appropriate from tunnel revenues additional sums totaling approximately \$9,500. In the main, these amounts will be used for repairs and changes to the approaches and plazas on both ends of the tunnel. These changes were recommended by officials of the Holland Tube in New York, who recently made an investigation of traffic through the tunnel, and are intended to facilitate the movement of vehicles entering and leaving the tunnel during rush periods of traffic. I submit herewith an appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston, September 5, 1935.

Mr. Charles J. Fox,
Budget Commissioner.

Dear Sir,—For the proper operation and maintenance of the Sumner Tunnel for the remainder of this year, it will be necessary to make a transfer from the income of the Traffic Tunnel, Public Works Department, or from some other source, to cover the following items in the present budget, and I respectfully suggest that you lay this matter before the Mayor and the City Council in order that the necessary funds may be made available.

B-14, Motor Vehicle Repair and Care, \$500.
Repairs to machines more costly than anticipated.

B-37, Photographic and Blueprinting, \$25.

No money allowed in budget for photographs.

B-39, General Repairs, \$7,500. For general repairs and changes.

C-10, Library, \$15.50. For City Directory.

C-13, Tools and instruments, \$500. Additional tools and instruments needed.

H, Emergency Relief Projects, \$1,000. For materials for Relief Project work.

Respectfully yours,

C. J. CARVEN,

Commissioner of Public Works.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, an additional sum of \$9,540.50 be, and the same hereby is, appropriated from the income of the Public Works Department, Traffic Tunnel, for the following purposes:

B-14, Motor Vehicles Repair and Care, \$500.

B-37, Photographic and Blueprinting, \$25.

B-39, Miscellaneous Services, \$7,500.

C-10, Library, \$15.50.

C-13, Tools and Instruments, \$500.

H, Emergency Relief Projects, \$1,000.

Referred to the Executive Committee.

APPROPRIATION FOR TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1935.
To the City Council.

Gentlemen,—I have accepted recommendations received from the Traffic Commission that installation of traffic signal control lights be made at the following intersections:

Allston street and Commonwealth avenue.
Commonwealth avenue and Warren street.

Beacon and Berkeley streets.
Beacon and Clarendon streets.
Beacon and Dartmouth streets.

The first two installations proposed will afford protection to pedestrians and will regulate the movement of motor vehicles at two of the most dangerous intersections in the Allston-Brighton District. The remaining installations will afford protection to pedestrians on a street which according to investigations conducted by the Traffic Commission is the most difficult one in the city for pedestrians to cross. The estimated cost of the installation in each instance is \$4,000, and I submit herewith an order providing for the transfer from the special account "Sales of City Property" of \$20,000 to cover the estimated cost of the five installations proposed. I respectfully recommend adoption of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$20,000, to the appropriation for Automatic Traffic Control Signals, Back Bay and Brighton Districts, \$20,000.

Referred to the Executive Committee.

RESCISSION OF LOAN.

The following was received:

City of Boston,
Office of the Mayor, September 6, 1935.
To the City Council.

Gentlemen,—I submit herewith an order providing for the rescission of the right to borrow \$75,000 for Police Radio System authorized by your Honorable Body under a loan order passed March 13, 1933. The authority granted under this loan has never been used, and the work originally contemplated has been taken care of under a P. W. A. project for which project a loan of \$350,000 was authorized by your Honorable Body on March 2, 1934.

Under the financial procedure of the city loans authorized but not issued can not be used for any purpose other than that in the original authorization. Since the work originally contemplated under the loan in question has been provided for under another project, there no longer exists any necessity for the use of the authorization voted by the City Council under date of March 13, 1933. In view of this fact I recommend that the original authorization be rescinded so that there may be removed from the financial records of the city an item which is no longer required for the purpose for which originally established.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the order passed by the City Council March 13, 1933, and approved by the Mayor March 14, 1933, authorizing the borrowing of \$75,000 for Police Radio System, be, and hereby is, rescinded.

Referred to the Executive Committee.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, August 29, 1935.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$40,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, August 26, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$40,000, which is now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of \$40,000. When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$40,000 be, and hereby is, appropriated, from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of \$40,000. Referred to the Executive Committee.

DEPARTMENT TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, September 6, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission Department:

From the appropriation for B-8, Light, Heat and Power, \$1,344.96, to the appropriation for A-1, Permanent Employees, \$1,334.96; B-12, Bond and Insurance Premiums, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Health Department:

From the appropriation for B-17, Care of Persons, \$500, to the appropriation for B-14, Motor Vehicles Repair and Care, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Library Department:

From the appropriation for B-1, Building, \$1,000, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Licensing Board Department:

From the appropriation for D-1, Office, \$50, to the appropriation for D-16, Miscellaneous Supplies, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Paving Service:

From the appropriation for C-13, Tools and Instruments, \$20, to the appropriation for C-16, Wearing Apparel, \$20.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Soldiers' Relief Department:

From the appropriation for D-1, Office, \$17.50, to the appropriation for C-10, Library, \$17.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for East Boston District Court:

From the appropriation for A-2, Temporary Employees, \$11, to the appropriation for B-10, Rent, Taxes and Water, \$4; B-39, General Repairs, \$7.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, West Roxbury District:

From the appropriation for C-9, Office, \$14; D-1, Office, \$5, to the appropriation for C-10, Library, \$19.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department, Water Division:

From the appropriation for D-1, Office, \$50, to the appropriation for B-1, Printing and Binding, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penitentiary Department, House of Correction:

From the appropriation for B-14, Miscellaneous Services, \$3,000, to the appropriation for C-1, Machinery, \$100; D-3, Fuel, \$1,000; D-3, Medical, Surgical, Laboratory, \$1,000.

From the appropriation for C-14, Live Stock, \$715; to the appropriation for B-1, Printing and Binding, \$400; B-10, Rent, Taxes and Water, \$15; B-16, Care of Animals, \$300.

Ordered, That under authority of chapter 260 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, South Boston District:

From the appropriation for A-1, Permanent Employees, Clerk, 1 at \$1,000 per year, \$56.30; to the appropriation for C-9, Office, \$10; C-10, Library, \$15; B-1, Printing and Binding, \$22.50; B-39, General Repairs, \$8.80.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Brighton District:

From the appropriation for A-1, Permanent Employees, Clerk, 1 (0) at \$1,500-\$1,600 per year, \$912.50; to the appropriation for A-1, Permanent Employees, Probation Officer (Female), 1 at \$1,500 per year, \$875; A-2, Temporary Employees, \$37.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Division:

From the appropriation for B-39, General Repairs, \$2,000; to the appropriation for B-18, Cleaning, \$2,000.

From the appropriation for D-11, Gasolene, Oil and Grease, \$200; to the appropriation for D-16, Miscellaneous Supplies, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Retirement Board:

From the appropriation for D-1, Office, \$20.48; to the appropriation for C-9, Office, \$4.80; C-10, Library, \$15.50; D-16, Miscellaneous Supplies, \$0.18.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission:

From the appropriation for C-17, Miscellaneous Equipment, \$800; to the appropriation for B-4, Transportation of Persons, \$300; C-13, Tools and Instruments, \$300; E-1, Building, \$200.

From the appropriation for B-8, Light, Heat and Power, \$400; to the appropriation for E-10, Electrical, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for B-39, General Repairs, \$70; to the appropriation for B-28, Expert, \$70.

From the appropriation for C-7, Furniture and Furnishings, \$183.75; to the appropriation for C-9, Office, \$183.75.

From the appropriation for D-1, Office, \$46.50; to the appropriation for C-10, Library, \$46.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Law Department:

From the appropriation for A-2, Temporary Employees, \$650; to the appropriation for C-7, Furniture and Furnishings, \$16; D-1, Office, \$600; D-16, Miscellaneous Supplies, \$34.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Bridge Service:

From the appropriation for B-39, General Repairs, \$290.50; to the appropriation for B-4, Transportation of Persons, \$275; C-10, Library, \$15.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Ferry Service:

From the appropriation for E-1, Building, \$165.50; to the appropriation for C-7, Furniture and Furnishings, \$100; C-10, Library, \$15.50; D-13, Chemicals and Disinfectants, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Paving Service:

From the appropriation for D-11, Gasolene, Oil and Grease, \$7,000; to the appropriation for H-Emergency Relief Projects, \$7,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for B-39, General Repairs, \$2,510; to the appropriation for B-6,

Hire of Teams and Auto Trucks, \$2,500; B-37, Photographing and Blueprinting, \$10.

From the appropriation for C-15, Tires, Tubes and Accessories, \$1,000; to the appropriation for E-10, Electrical, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Street Laying-Out Department:

From the appropriation for D-1, Office, \$20.95; to the appropriation for C-9, Office, \$20.95.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supply Department:

From the appropriation for A-1, Permanent Employees, Assistant to Superintendent of Supplies, 1 at \$2,400 per year, \$100; to the appropriation for A-2, Temporary Employees, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Suffolk County Courthouse, Custodian:

From the appropriation for A-2, Temporary Employees, \$151.33; C-13, Tools and Instruments, \$300; D-16, Miscellaneous Supplies, \$280; to the appropriation for F-7, Pensions and Annuities, \$741.33.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supreme Judicial Court:

From the appropriation for B-35, Fees, Services of Venires, etc., \$200; to the appropriation for B-13, Communication, \$150; C-10, Library, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Insanity Cases:

From the appropriation for B-35, Fees, Services of Venires, etc., \$25; to the appropriation for D-1, Office, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Associate Medical Examiner, Northern Division:

From the appropriation for D-1, Office, \$5; to the appropriation for B-39, General Repairs, \$5.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Josephine and Lawrence Alibrandi, for compensation for damage to property at 35 Woodcliff street, caused by backing up of sewage.

Frederick J. Bennett, for compensation for injuries caused by an alleged defect in Spring street, West Roxbury.

Dorothy and Charles Bouchard, for compensation for expenses incurred in digging water pipes at 1 Juniper terrace.

Mary Cassidy, for compensation for injuries caused by an alleged defect at 612 Hyde Park avenue.

Philip F. Cunniff, for compensation for damage to car caused by an alleged defect at 165 Green street, Jamaica Plain.

Patrick J. Dillon, for compensation for loss of clothing at Long Island Hospital.

W. C. Dorrelly, for compensation for damage to property at 24 Rowell street, Dorchester, caused by leak in water pipe.

Felton Turner Heating Company, for refund on refuse tickets.

Nickola Ferrovio, for compensation for damage to property at 103 C street, South Boston, caused by bursting of water pipes.

Anna F. Gill, for compensation for services rendered excavating drain at 494 Adams street, Dorchester.

George Goldman, for compensation for damage to property at 81 Devon street, caused by overflow of sewage.

Louis Gordon, for compensation for injuries caused by city cart.

Frank J. Kelley, for compensation for damage to property at 15 Bainbridge street, caused by backing up of sewage.

Sadie Kelly Spa, for refund on refuse tickets.

Jacob Klevansky, for compensation for damage

to property at 230 Columbia road, caused by defective sewer.

Hyman Pike, for refund on refuse tickets.

Abe S. Quint, for compensation for injuries caused by an alleged defect in Spring street, West Roxbury.

Rebecca Quint, for compensation for injuries caused by an alleged defect in Spring street, West Roxbury.

F. M. Rooney, for compensation for damage to property at 17 Bainbridge street, caused by defective sewerage.

Miriam Schwartz, for compensation for injuries caused by city cart.

Van D. Sheldon, for compensation for damage to car by city truck.

James A. Sullivan, to be reimbursed for judgment issued against him on account of his acts as operator of car of Paving Division.

U-Dryvit Auto Rental Company, Inc., for compensation for damage to car by city cart.

Bertie Ware, for compensation for damage to property at 67 and 69 Summer street, Hyde Park, caused by backing up of sewage.

Harry Couris, for compensation for damage to car by city cart.

Executive Committee.

Petition of Catherine E. Parker to be paid an annuity on account of the death of her husband, Frank J. Parker (Fire Department).

Jitneys.

Petition for license to operate busses by Boston Elevated Railway, between the junction of Columbus avenue and Warren avenue (Columbus square) and the junction of Washington street and Northampton street, over Columbus avenue, West Newton and Washington streets.

CONSTABLE'S BOND APPROVED.

The Constables bond of Edward J. Rockett, having been duly approved by the City Treasurer, was received and approved.

NOTICE OF APPOINTMENT.

The appointment by the Mayor of John J. Walsh, 19 Pond avenue, Jamaica Plain, as a member of the Board of Overseers of the Public Welfare vice Laurence M. Lombard, resigned, was received and placed on file.

NEW DIVISIONS OF VOTING PRECINCTS.

A communication was received from the Board of Election Commissioners dated September 4, 1935, transmitting a new division of the city into voting precincts and making an increase of twenty-one voting precincts in the city, such increase to make a total number of 385 voting precincts.

Ordered printed and placed on file.

PRINTING LIST OF STREETS.

In connection with the foregoing communication, Coun. GALLAGHER offered the following:

Ordered, That the Board of Street Commissioners be authorized to prepare and have printed twenty-five hundred copies of a list of streets, giving the wards and precincts, as determined by the Election Commissioners on September 4, 1935; five hundred copies to be bound in cloth and the remainder in boards; said copies to be distributed under the direction of the Committee on Printing; the expense of preparation and printing to be charged to the Reserve Fund.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted reports recommending the passage of order making allowances of aid to soldiers and sailors and their families for the month of September.

Report accepted; order passed.

SPECTACLE ISLAND RENDERING PLANT.

Couns. KERRIGAN and DONOVAN jointly offered the following three orders:

Ordered, That his Honor the Mayor be requested to direct the Health Commissioner to defer the granting of any further permits for rendering plants, either at Spectacle Island, or any other place in the city, until the Corporation Counsel renders an opinion concerning chapter 111, section 151, of the General Laws, which provides that such consent must be given by the Mayor and the City Council.

Ordered, That his Honor the Mayor be requested to instruct the Building Commissioner not to issue any permits for new buildings on Spectacle Island, which are to be used in connection with the rendering plant at this location.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council under what authority the Health Commissioner has issued, or may issue, a permit for the enlargement of the rendering plant at Spectacle Island, in view of the provisions of chapter 111, section 151, of the General Laws, which requires that such consent must be given by the Mayor and the City Council.

Coun. ROBERTS—Mr. President, in regard to that order, I was informed the other day that there are several rendering plants in Boston, none of which have been licensed by the Mayor and the City Council. I do not think an amendment of this is necessary now until the Corporation Counsel furnished the City Council with an opinion regarding whether or not authority must be had from the Mayor and the City Council; but as I understand the situation, there is no question about it. In every city and town in the entire country there is considerable trouble in getting such licenses, but in this city I understand at the present time, there are three rendering plants being operated without any licenses whatever.

Orders passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Coun. BRACKMAN called up Nos. 2 and 3 on the calendar, viz.:

2. Action on appointment submitted by the Mayor August 26, 1935, of David Rudin, to be a Constable, with authority to serve civil process.

3. Action on appointments submitted by the Mayor August 26, 1935, of William T. Henderson, George F. Fitzgerald and Henry W. Holland, Jr., to be Weighers of Coal.

The appointments were confirmed, yes 13, no 2.

TAX TITLE LOAN.

Chairman GALLAGHER called up No. 4 on the calendar, viz.:

4. Ordered, That under the provisions of section 2, chapter 49, of the Acts of 1933, as amended by section 1, chapter 221, of the Acts of 1935, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of \$1,000,000 in bonds or certificates of indebtedness of the city, said bonds or certificates to be sold at their face value to the Commonwealth and the proceeds to be used as provided in said chapter 49, as amended by chapter 221, for the ordinary maintenance expense listed below.

Police Department.

A-1, Permanent Employees, Patrolmen, 1,918 at \$1,600 to \$2,125 per year, \$1,000,000.

On August 12, 1935, the foregoing order was read once and passed, yeas 16, nays 1.

The order was read a second time, and again passed, yeas 17, nays—Coun. Shattuck—1.

HIGH COST OF FOODSTUFFS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request his Excellency the Governor of Massachusetts to request the Commissioner of the necessities of Life to make an immediate and rigid investigation into the present high cost of foodstuffs.

Coun. DOWD—Mr. President, I think it is about time that these profiteers who are taking advantage of the economic situation now existing, that a halt be called upon them. We are informed by statistical bureaus and government agencies that the cost of living has increased but a slight percentage, but if one goes to the grocery store and buys any article, whether it be meat or canned goods or any food products whatsoever—particularly in meat—he will find at least an increase of 60 to 75 per cent. The men and women of Boston, about 30 per cent of them, are working today for wages of \$12 a week, and it is utterly impossible for a family of any size to buy the proper food at these prices, and exist. We have at the State House a Commission on the Necessities of Life, and I say that it is about time that some stop was put to the chain store racket, and to the other individuals who are taking advantage of the times and charging prices for food that are far in excess of what they should charge. I cannot remember, and I think that there are very few councilors here that can remember, anybody having to pay 28 cents for shoulder in any store in the City of Boston. This order calls upon the Mayor to request the Governor to request the Commissioner on the Necessities of Life at the State House to make a rigid investigation of these prices of foodstuffs.

Coun. SHATTUCK—Mr. President, I think that is a very desirable investigation, but I would suggest that the Commissioner on the Necessities of Life, when he makes the investigation called for in this order, find out what hogs and cattle and other food products were selling for at the time they began destroying all of those things, or at the time they began killing off the hogs and the cattle and plowing under the wheat and the other food crops. What were the prices then? And how much wheat and corn and so forth did they plow under? And how many hogs did they

destroy? And how many cattle did they slaughter and destroy and take away from the food supply of the people? All of that must be gone into, and I think it would make an exceedingly illuminating and interesting report.

Coun. NORTON—Mr. President, for the purposes of the record, a very interesting question of economics has now been brought on the floor. It is true that we did plow under wheat and other crops, but we did it to give 6,000,000-odd people a living. We did slaughter cattle and hogs, but the food that was obtained thereby was put into cans and then it was distributed among the poor people who might have had nothing to eat were it not for that source of supply. We tried to hold up the price situation so that the 30,000,000 or more people who live on our farms and who depend on agriculture for their livelihood could at least get a living.

The order was passed.

CLEANING OUT SEWERS AND CATCH-BASINS.

Coun. BRACKMAN offered the following:
Ordered, That his Honor the Mayor be requested to make an immediate appropriation for the Public Works Department for the cleaning out of sewers and catch-basins.

Coun. BRACKMAN—Mr. President, before the last year or two the sum of \$40,000 was appropriated for the purpose of cleaning out sewers and catch-basins in the City of Boston. In the past two years an amount of only \$6,000 was appropriated for that purpose. As a result very few of the catch-basins and sewers have been cleaned out at all, and the result is that today they are clogged up so that in a rain storm they flood into the cellars of houses and stores and destroy property of the abutting owners. Something should be done about this situation. I think that with the present epidemic of infantile paralysis we should not take any chances of germs being around in this filth and waste remaining in the catch-basins. I am very serious about this matter, and I trust his Honor the Mayor will make an appropriation.

Coun. McGRATH—Mr. President, just this word. In case the question is asked what specific catch-basin has not been cleaned out for a period of over one year, I wish to submit the name of Mr. Charles Johnquist at Savin Hill avenue and the railroad bridge, who furnishes a twenty-four-hour service there, and who says that since the beginning of the present administration there has never been an effort to clean out that particular catch-basin. As a result of the condition that arose there, it forms a sort of pocket. The water rushes over the sidewalk and into the basement of Mr. Johnquist's store and the basement of the A. and P. store. I have contacted the Public Works Department on several occasions only to be told that they were waiting for the purchase of certain equipment, the purpose of which was to clean out sewers. They had no idea when the equipment would be bought and, for some reason, they will have to wait until this equipment—that nobody knows when it will be bought—is bought before they will clean out the sewers and the catch-basins that overflow at every storm. This condition, Mr. President, is extremely bad. Never in the history of our city have our sewers been in worse shape than they are today, nor our catch-basins, nor our streets dirtier. Three or four weeks ago I took the floor of this Council and talked about the cleaning of our streets and sewers, and a few days later I noticed in the papers where the Mayor said that the streets of the City of Boston were in a deplorable condition, and he was registering a complaint. I do not know who he is going to complain to. I thought that he was the man to receive complaints, and I say this to you: That in Precinct 14, Dorchester, surrounding St. William's Church, that the condition there is the most scandalous condition that I have ever witnessed in all my years in political life. There is rubbish there in the street and on the sidewalks. It has gathered and accumulated until those trenches that run along by the edgestone, that are supposed to carry the water into the catch-basins, are all plugged up and are level with the edgestone, where the water has to work its way along over them. And the catch-basins there are so filled up with dirt and filth that you can look into them and see the top of the sediment with which they are plugged up. We are indeed fortunate that we have not had any severe rain storms, or the property damage resulting along there would have been tremendous; and I say to the Mayor of the City of Boston that he better contact the Public Works Commissioner and tell him that he must assume the responsibility for clearing up a situation that certainly demands immediate attention because it tends toward causing epidemics of contagious disease, and from the standpoint of being an eyesore, it is an eyesore worse than I ever witnessed. Somebody in this city is responsible for that condition. Now, I have named specific, particular cases that have not been cleaned up nor a hand had on them since the start of the present administration, and it is time for the administration to investigate them and at least clean the streets where those streets now constitute a menace to the public health.

The order was passed.

NORTH BENNET STREET GYMNASIUM.

Coun. FITZGERALD offered the two following orders:

Ordered, That his Honor the Mayor direct the Park Commission to place the North Bennet Street Gymnasium and Bath House in proper condition for the use of the people of that section.

Ordered, That his Honor the Mayor direct the Board of Park Commissioners to rebuild the Convenience Station, situated outside of the North Bennet Street Gymnasium, which was destroyed by fire.

Passed under a suspension of the rule.

LETTER IN THE BOSTON HERALD.

Coun. WILSON—Mr. President, on a question of personal privilege, I would like to have carried on the *City Record* both sides of the correspondence which occurred with the *Boston Herald*. We have in Boston, of course, an official organ which peals forth the praise of whoever may be Mayor for the time being, which is a necessary thing to have, and I notice in the *City Record* a letter of the Mayor of the City of Boston to the *Boston Herald* under date of August 13, which was copied at some length in heavy black type headlines. For the purpose of the record, I would like to have both letters put in the record and ordered to appear.

Coun. GALLAGHER—The Chair will state that he has heard no reference to a question of personal privilege. Do you ask unanimous consent?

Coun. WILSON—Yes, Mr. President, I ask unanimous consent, but I still claim that it is a question of personal privilege. Inasmuch as this refers to a letter by the Mayor of Boston to the *Herald* in response to my personal letter to the *Herald*, I contend it is a question of personal privilege.

Coun. GALLAGHER—The correspondence will be placed on the record. The letters referred to are as follows:

The following letter on August 13 was addressed to the *Boston Herald* by Mayor Mansfield: To the Editor of the *Herald*.

According to my understanding of the meaning of words in common use, the term "juggling" when applied to the handling of funds is associated with deception, trickery, cheating and underhand practice. Because of this understanding I feel I must question the use of a headline which appeared on the front page of this morning's issue of the *Herald* to the effect "Juggling Bared in Police Funds." While undoubtedly the term in question was included in the headline because of certain remarks made by Councilors Wilson and Shattuck during the meeting of the City Council yesterday afternoon, the official records of the city clearly indicate that the use of the term was totally unwarranted. The record is as follows:

Documentary Support.

City Document No. 56, 1935, containing the message of the Mayor recommending budget appropriations to the City Council for the current financial year indicates on page 2 that of the total of budget recommendations submitted, \$8,000,000 was to be financed by loans; this sum to consist of \$2,000,000 from tax titles, and \$6,000,000 from borrowings under chapter 188 of the Acts of 1935. On page 3 the possibility of the necessity for an additional loan of \$1,000,000 for public welfare purposes before the end of the year was clearly pointed out. On page 83 a notation at the bottom of the page indicates that the \$2,000,000 tax title loan had been allocated entirely to meet the salaries of patrolmen, such an allocation being in accordance with chapter 49 of the Acts of 1933 allowing tax title borrowings to be used for "ordinary maintenance purposes."

The tax title loan was authorized by the City Council on April 15, 1934, and a first reading was given to the \$6,000,000 loan on May 13, 1935, but two weeks later, namely May 27, 1935, this loan did not secure a sufficient number of votes to assure its passage, and consequently was defeated. This action by the Council created the following serious complication. Under the financial procedure of the city, no expenses can be charged against a loan until the loan has received a second reading by the City Council, and has been approved by the Mayor. Five million two hundred thousand dollars of the \$6,000,000 loan in question had been allocated for public welfare purposes. Because of the loan therefore, money that the appropriation recommended in the budget for welfare departments, namely \$3,000,000, was apparently totally reduced to \$3,000,000. Since the actual expenditures of the Welfare Department up to the end of May were \$1,000,000, this latter figure if included as a necessary economy, if payment of welfare work was not to be totally suspended, that left a balance of \$2,000,000 for the balance of the welfare department, originally recommended.

In a letter dated May 15, 1935, to the City Council, under date of May 15, 1935, the Mayor stated that he was "convinced that the City Council committee on appropriations, in its examination of certain recommendations of the Mayor, had not fully considered the effect of the welfare department's original recommendation."

adjustments was a transfer from the item of patrolmen's salaries to the Welfare Department of \$1,000,000, or one half of the contemplated proceeds of the tax title loan. This transfer or change in allocation was explained at length by the City Auditor to the Committee on Appropriations, of which committee Councilor Shattuck was chairman. The transfer or change in allocation was possible because the tax title loan had already been approved by the Council. Councilor Shattuck's committee accepted my adjustment recommendations, and the budget adopted by the Council under date of June 3 (City Document 62, 1935) clearly reflected the change in allocation.

Appropriations Reduced.

The temporary reallocation of the \$1,000,000 reduced the appropriation for patrolmen's salaries so that it now appears that on or about September 22 said appropriation will be completely exhausted. No one will question, I believe, the necessity for taking steps at this time to make certain that compensation of these guardians of public safety will be assured during the balance of the year. The \$1,000,000 which it is now proposed shall be borrowed upon tax titles represents the ninth million to be borrowed for maintenance purposes in 1935. Thus the possibility pointed out by me in my original budget recommendations has actually become fact.

In my budget message to the Council, I stated that this large program of borrowing was necessary "in order to avoid the necessity for the declaration of a confiscatory tax rate, and in the absence of any other alternative." Since the reason for this borrowing program was specifically outlined in the early part of this year the charge that this so-called "juggling" resulted in a 60 cent decrease in the 1935 tax rate is pure moonshine, the official record clearly indicating that there is not the slightest justification for any such charge. As I have stated, the official record is clear and distinct on this whole matter. It is unfortunate that loss of memory on the part of two councilors should lead to the use of a term which is not only totally unwarranted, but which also tends to create an erroneous impression to the readers of your own newspaper.

FREDERICK W. MANSFIELD, Mayor.

REPLY OF COUNCILMAN TO HIS HONOR ON "JUGGLING."

To the Editor of The Herald.

I read with interest in The Herald Mail Bag of August 14 Mayor Mansfield's long and detailed explanation of the present financial procedure of the city incident to borrowing not only for such current emergency expenses as welfare but also for such routine operating expenses as the police pay roll. He prefers the phrase "temporary reallocation" to that of "juggling." He also refers to "some loss of memory" on the part of Councilor Shattuck and myself. My memory is good enough to recall the words of Mayor Mansfield himself on January 1, 1934, when he said in his inaugural address: "In 1932 the tax rate was \$35.50. A reduction to \$32.80 was effected in 1933 but this figure did not represent a true state of affairs. The reduction of \$2.70 was far more than accounted for by two loans and a grant. By means of these special financing methods a temporary tax rate reduction was obtained. An additional phase of the tax rate problem is the stern necessity facing this administration of halting the pyramiding of our deficit. In recent years our expenditures have been exceeding our cash income by increasing amounts. This increasing cash deficit has been met by borrowing against delinquent taxes. Such a pyramiding is the chief defect in the city's credit structure." Yet nine million in loans have been already asked by Mayor Mansfield during 1935, with at least another million to come. Despite the Mayor's financial lecture of January 1, 1934, the city has been borrowing unprecedented amounts not only for welfare but also for such a current operating expense as police pay rolls. The average man on the street only sees his tax bill. For 1935 he reads the rate, \$37 per \$1,000. He thinks the word "budget" means budget. He doesn't realize that through following in 1935 the very methods he criticized in January, 1934, the Mayor, by putting off the evil day and borrowing \$10,000,000 for current expenses, has actually evaded a true rate of \$43 per thousand. That's not "pure moonshine," although there certainly is a financial headache ahead of the taxpayers. "Passing the buck" rather than "juggling" might better characterize the Mayor's present financial policies because after an accomplished juggler has thrown something in the air he at least plans to be there and himself try to catch it when it comes down.

ROBERT GARDINER WILSON, JR.,
City Councilor.

RECESS TAKEN.

Upon motion of Coun. NORTON, the Council voted at 2:02 p. m. to take a recess subject to the call of the Chair and reassembled at 5:30 p. m., Coun. GALLAGHER in the Chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on the message of the Mayor and orders (referred today) relative to requests for transfers within departmental appropriations—that the orders ought to pass.

Coun. WILSON—Mr. President does that include the \$9,500 item?

Coun. GALLAGHER—No, sir.

Coun. WILSON—Does that include the item of \$3,000 for the hiring of twenty trucks at \$150 for street cleaning work rather than using available city trucks?

Coun. GALLAGHER—Yes, sir. The question comes on the passage of the orders and the Clerk will call the roll.

Report accepted; orders passed, yeas 17, nays—Coun. Wilson—1.

2. Report on the message of the Mayor and order (referred today) for transfer of \$40,000 from the income of the George F. Parkman Fund—that the order ought to pass.

Report accepted; order passed, yeas 19, nays none.

3. Report on the message of the Mayor and order (referred today) for rescission of right to borrow \$75,000 for Police Radio System authorized under loan order passed March 13, 1933,—that the order ought to pass.

Report accepted; order passed, yeas 20, nays none.

4. Report on the message of the Mayor and order (referred today) for installation of traffic signal lights at points in the Allston-Brighton district and the Back Bay district—that the order ought to pass.

Report accepted; order passed, yeas 20, nays none.

5. Report on the message of the Mayor and order (referred today) for appropriation of \$9,500 from Sumner Tunnel revenues to be used for repairs and changes to the approaches and plazas on both ends of the tunnel—that the order ought to pass.

Coun. WILSON—Mr. President, I want to protest here on the Council floor, as I did in the Executive Committee hearing, with reference to these proposed expenditures. I rise in the quest of some more information. With a financially unstable city, \$9,540 is a lot of money and so is the \$2,000 that was considered when it was proposed recently to change the lettering at the two ends of the Sumner Tunnel. As I understand this item of \$9,450, we are doing it, following a report made by two experts—if they were experts—that were brought over from New York to tell us why the East Boston tunnel that was built at a cost of some \$20,000,000 does not work out as well as they anticipated. They do not give us any light as to why the Sumner Tunnel was the only tunnel in the country with the water pipes carried through it buried in the solid concrete; but they did make two outstanding suggestions, as I gather it. One and all they could do was, on the Boston end, to remove that safety island of concrete which now separates the cars going in and the cars coming out of the tunnel, at a cost of some \$2,000. This they tell us will mean also the digging out of three or four feet of surplus concrete and the creation of danger in the street at that point. As one who has used the tunnel both ways a number of times this summer and endured the delays there, I do not believe that we should, in our present financial condition, spend this amount of money for this purpose. I strongly urge that if, by the removal of that sentry box, or whatever it is, on the Boston end of the tunnel, instead of improving the situation, it will mean the creation of a traffic hazard that will cause many accidents on the Boston end. The other suggestion of the experts has to do with the East Boston end, and we are advised that, at a cost of some \$7,000 or more, they are going to fan them out wider on Porter street. Now, I do not know anything about the Holland Tube, and certainly they did not need to be imported from New York to tell us this, but I question the present necessity for it. One cause of the congestion on the East Boston side of the tunnel is the fact that the cars coming out of the tunnel come into Porter street, swing right and then come up against a solid dam on Chelsea street, and the spending of this \$7,000 or \$8,000 to tear out a concrete wall, and which I say is only a first step in some more land-takings there, will only dam up the traffic more on Chelsea street; and I object, Mr. President, to the proposed expenditure of \$9,540 on the Sumner Tunnel in the autumn of this year as absolutely uncalled for at the present time and, if anything, it will cause a traffic hazard and increase the danger of accidents at both ends of the tunnel.

Report accepted; order passed, yeas 15, nays—Coun. Goldman, Norton, Wilson—3.

REPAVING WILLOW COURT, WARD AND OLD HARBOR STREETS, WARD 7.

Coun. KERRIGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Willow court, Ward 7.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Ward street, Ward 7.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Old Harbor street, Ward 7.

Severally passed under a suspension of the rule.

WHITE WAY, COLUMBIA ROAD.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a white way on Columbia road, between Edward Everett square and Uphams Corner, Ward 7.

Passed under the suspension of the rule.

ACCEPTANCE OF GREENHALGE STREET.

Coun. KERRIGAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Greenhalge street, Ward 7, as a public highway.

Passed under a suspension of the rule.

TRAFFIC LIGHT, HYDE PARK AVENUE.

Coun. NORTON offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, consider the advisability of placing some sort of a traffic light at the corner of Hyde Park avenue and Cummins Highway.

Passed under a suspension of the rule.

REINSTATEMENT OF EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of putting back on the City payroll at the first opportunity, of giving preference in re-employment to those employees let go during the first few months of the present administration.

Passed under a suspension of the rule.

WORK OF CONSTABLES.

Coun. NORTON offered the following:

Ordered, That the Mayor be requested to consider the advisability of informing the Council just what specific work each of the constables appointed during the month of August, 1935, is assigned to.

Passed under a suspension of the rule.

UNNECESSARY NOISES.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor consider the advisability of having a study made of the matter of eliminating noise to some extent in the city.

Coun. NORTON—Mr. President, that order was introduced a few months ago and apparently it was thought that I was a light sleeper and objected to the noise of the automobiles at night. However, it is the hotel men of Boston that have interested me in the subject. They claim that they have had many complaints from their guests about the blowing of automobile horns after midnight in our streets, and as this suggestion has worked out elsewhere it may work well here in the elimination of the blowing of automobile horns and other noises in the night.

Passed under suspension of the rule.

PRINTING LIST OF DOCUMENTS.

Coun. NORTON offered the following:

Ordered, That the City Messenger be requested to consider the advisability of publishing in the City Record, from time to time, a list of city reports received by his department for distribution.

Passed under a suspension of the rule.

INVESTIGATION OF COURT HOUSE.

Coun. NORTON offered the following:

Ordered, That the Boston Finance Commission be requested to consider the advisability of examining into statements made relative to waste, extravagance and graft, in connection with the building of the proposed new courthouse.

Passed under a suspension of the rule.

INVESTIGATION OF ELECTRIC RATES.

Coun. NORTON—Mr. President, I will ask unanimous consent to ask if Mr. Shattuck has completed a poll of the members of the committee as to the appropriation of money for investigating rates for lighting.

Coun. SHATTUCK—Mr. President, I was in process of polling the committee, but I have not yet completed the poll. I have also had a suggestion from one member of the committee that the state is conducting an investigation for which they have an appropriation, and this proposed investigation may possibly duplicate the one that the state is conducting. Therefore, it might be well to find out what the state is doing before we take up the question of the appropriation.

Coun. NORTON—Mr. President, in regard to this order, I have asked unanimous consent to make this statement.

Coun. GALLAGHER—Any objection? (No response.) Councilor Norton.

Coun. NORTON—The Mayor of Boston after a number of meetings when I stood on the floor here and called attention to the fact that we are paying here higher rates than in other cities, appealed to the Governor and to the Federal Power Commission, finally, but the papers came out yesterday and said that there was an allowance to fight against it. Our order has laid here for a number of months now. I trust that by this time next week, the chairman will have an opportunity for ascertaining just what it is that the state is doing on this matter.

Coun. SHATTUCK—Mr. President, I expect at the next meeting that I shall have inquired into that question, and will have completed a poll of the committee on the subject.

RECORDING OF VOTE ON REMOVAL OF ELEVATED STRUCTURE.

Coun. NORTON—Mr. President, I would like to ask unanimous consent to be recorded in the negative, in regard to a vote taken here last week on the proposition, in the form submitted, for the removal of a portion of the Boston Elevated Railway upper structure.

Coun. GALLAGHER—The Chair will rule that the request is out of order.

Coun. NORTON—May I respectfully ask the chairman if the request that I have made here will be printed in the minutes?

Coun. GALLAGHER—Yes sir.

HOURS OF FERRY EMPLOYEES.

Coun. SELVITELLA offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reconsider the restoration of a forty-four hour week, without reduction of pay, for all employees in the Ferry Service.

Passed under a suspension of the rule.

EAST BOSTON FIRE STATIONS.

Coun. SELVITELLA offered the following:
Ordered, That the Fire Commissioner, through his Honor the Mayor, consider the advisability of relocating certain fire stations in East Boston in order to provide for a fire station in the Orient Heights section of East Boston.

Passed under a suspension of the rule.

BRANCH LIBRARY, EAST BOSTON.

Coun. SELVITELLA offered the following:
Ordered, That his Honor the Mayor confer with the Library Trustees with reference to securing a branch library, to be located in the Fourth Section of East Boston.

Passed under a suspension of the rule.

TRAFFIC SIGNALS, CHARLESTOWN.

Coun. GREEN offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the junction of Cambridge, Parker, Hadley and Stark streets, Charlestown.

Passed under a suspension of the rule.

INFORMATION ON SNOW REMOVAL LOAN.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to furnish the City Council with a report upon the need for additional snow removal equipment, and the minimum expenditure required and the ways and means proposed for raising the money, to the end that sufficient time before another emergency arises may be given for a thorough consideration of the question by the Council.

Passed under a suspension of the rule.

GILLETTE PARK.

Coun. DONOVAN offered the following:
Ordered, That his Honor the Mayor be requested to communicate with the directors of the Gillette Safety Razor Company with reference to having the park, which is owned by this company, at the corner of Dorchester avenue and First street, South Boston, open for public use.

Coun. DONOVAN—Mr. President, several years ago the Gillette Safety Razor Company purchased and demolished some old buildings located on Dorchester avenue at the corner of First street, South Boston. They performed a public service in doing this and then they made the space into a beautiful park. Now it seems to me that, as that park has been closed to the public for several years, it is too bad the people in that congested area could not have the benefit of the beautiful shrubbery and the trees that the Gillette Safety Razor Company planted there. Not only would it benefit the people in that particular section of the city, but Dorchester avenue is really an entrance to the city from the south of Boston, and this park is a beauty spot at that important point, and I believe if the Mayor interested himself in the idea, and talked it over with the directors of the Gillette Company, that we would have a park there that would be a great benefit to the City of Boston.

Passed under suspension of the rule.

ARC LIGHT, EMERSON STREET.

Coun. DONOVAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Emerson and East Fourth streets, Ward 6, to replace the present gas lamp.

Passed under a suspension of the rule.

RENDERING PLANT, MT. WASHINGTON AVENUE.

Coun. DONOVAN offered the following:
Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to make an immediate investigation of conditions at the fish rendering plant on Mt. Washington avenue, Ward 6, for the purpose of safeguarding the public health.

Coun. DONOVAN—Mr. President, I hope that the Health Commissioner will send one of his men down there to Mt. Washington avenue to investigate and find out for himself the conditions existing there. It is a disgrace to the City of Boston to have the air filled with an odor of decayed fish. I understand that this plant is now operating illegally and they have no right to be there at all, and I hope the Health Commissioner will take the step mentioned in this order.

Passed under suspension of the rule.

REJECTION OF APPOINTMENT.

Coun. BRACKMAN called up No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor July 15, 1935, of Abraham M. Hecht, to be a constable, with authority to serve civil process.

Coun. BRACKMAN—Mr. President, last week the name of Mr. Hecht was withdrawn by the Mayor and I now ask indefinite postponement of No. 1 on the calendar.

Action on the appointment was indefinitely postponed.

ACCEPTANCE OF JUNIPER TERRACE.

Coun. DOWD, for Coun. GLEASON, offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Juniper terrace, Ward 9, as a public highway.

Passed under a suspension of the rule.

TRAFFIC SIGNALS, PERKINS STREET.

Coun. MURRAY and DOHERTY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the junction of South Huntington avenue and Perkins street, also the Jamaica way and Perkins street.

Passed under a suspension of the rule.

RESURFACING OF MALLET STREET.

Coun. FISH offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Mallet street, from Adams street to Florida street.

Passed under a suspension of the rule.

RESURFACING OF TEMPLETON STREET.

Coun. FISH offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Templeton street, from Adams street to Florida street.

Passed under a suspension of the rule.

ACCEPTANCE OF STREETS, WARD 20.

Coun. FINLEY offered the four following orders:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out under the W. P. A. type of construction Cedar street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out under the W. P. A. type of construction Dunwell street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out under the W. P. A. type of construction Heldun street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out under the W. P. A. type of construction, Schirmer road, Ward 20, as a public highway.

Severally passed under a suspension of the rule.

RESURFACING OF UNION STREET.

Coun. AGNEW and GALLAGHER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Union street, in Wards 21 and 22.

Passed under a suspension of the rule.

TRAFFIC LIGHT, SOUTH HUNTINGTON AVENUE.

Coun. MURRAY offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the junction of South Huntington avenue, Moraine street and Boylston street, Ward 19.

Passed under a suspension of the rule.

ACCEPTANCE OF ST. MARK STREET.

Coun. ENGLERT offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out St. Mark street, Ward 11, as a public highway.

Passed under a suspension of the rule.

ACCEPTANCE OF PERCY STREET.

Coun. ENGLERT offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Percy street, Ward 11, as a public highway.

Passed under a suspension of the rule.

DATE OF NEXT MEETING.

Coun. AGNEW—Mr. President, I move that when we adjourn today we adjourn to meet two weeks from today.

Passed.

Adjourned, on motion of Coun. TORIN, at 4:28 p. m., to meet on Monday, September 23, 1935, at 2 p. m.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING KITCHEN AND CAFETERIA EQUIPMENT AT THE NEW CENTRE KITCHEN BUILDING, BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and installing at the New Centre Kitchen Building, Boston City Hospital, kitchen and cafeteria equipment as per plans and specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, Boston, Mass. A deposit of one hundred and fifty dollars (\$150) will be required for a complete set of plans and specifications, and payable to the City of Boston. This amount will be returned to all, excepting the successful bidder, who return said plans and specifications in *good condition only*. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond of a surety company satisfactory to the City in the full amount of the contract, covering all work and guaranteeing the same against inherent defects in workmanship, material, and operation for the period of one year. Bids, with a certified check for \$2,500, payable to and to become the property of the City of Boston if the proposal is not carried out, must be deposited with the proposal at the office of the Superintendent of Supplies, Room 801, City Hall Annex, Boston, Mass., before 12 o'clock noon, Tuesday, October 8, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Trustees of the Boston City Hospital reserve the right to accept or reject any proposal submitted.

WARREN W. LOOMIS,
(Sept. 21.) *Superintendent of Supplies.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING TRANSPORTATION OF PUPILS IN THE BOSTON PUBLIC SCHOOLS TO DENTAL INFIRMARIES.

The School Committee of the City of Boston invites bids for furnishing transportation of pupils to dental infirmaries. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed, and plainly marked "Proposal for Furnishing Transportation of Pupils to Dental Infirmaries." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for one hundred dollars (\$100) payable to the City of Boston, must be left at the office of the Business Manager on or before twelve o'clock m., on Monday, September 30, 1935. Copies filed with the Business Manager will be publicly opened and read at twelve o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Massachusetts, previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEDIUM AND HEAVY FUEL OIL TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing medium and heavy fuel oil to the various city departments until September 30, 1936, inclusive. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of seventy cents (\$0.70) a set for each set of proposals taken out.* The bidder must leave his proposal, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Monday, September 30, 1935. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performances of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Sept. 21.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FIRE HOSE TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing fire hose to the Fire Department. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each proposal taken out.* The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The bid with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Thursday, October 3, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Sept. 21.) *Superintendent of Supplies.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR LEASE OF BOAT YARD PRIVILEGE AT MALLOCH'S WHARF, DORCHESTER.

The Board of Park Commissioners invites proposals for leasing for a term of five years the boat yard privilege at Malloch's Wharf, off Freeport street, Dorchester. All proposals must be submitted on the form obtained at the office of the Park Commissioners, 33 Beacon street, Boston. Proposals must be left before two o'clock p. m., on Friday, October 4, 1935, at the said office, with a certified check for \$50, payable to and to be the property of the city if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the proposals. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,
(Sept. 21-28.) *Commissioners.*

CITY OF BOSTON.

TRUSTEES OF THE GEORGE ROBERT WHITE FUND.

To GENERAL CONTRACTORS.

The City of Boston Trustees of the George Robert White Fund invite sealed proposals for the construction of a wading pool, together with grading, etc., on lot adjacent to the George Robert White Fund Health Unit No. 7, bounded by Whittier, Downing, Vernon and Hampshire streets, Roxbury, and giving bond of a surety company, therefor, in the sum of forty-five (45) per cent of the estimate. Only proposals obtained at the office of the Manager of Real Estate of the George Robert White Fund, Room 1005, City Hall Annex, Boston, Mass., signed by the bidder placed in an envelope, properly sealed and marked, "Proposal for Whittier Street Wading Pool," and left before 2 o'clock p. m. of October 4, 1935, at the office of the Manager of Real Estate with certified check for \$2,500 payable to the trustees if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other without check, to be filed with the City Auditor, City Hall, Boston, before 2 p. m. of the date given above for receiving proposals. Trustees reserve the right to reject any and all proposals or to accept any proposal which in the opinion of the trustees they may deem best to their interest. Plans and specifications can be obtained at the office of the Manager of Real Estate of the George Robert White Fund, 1005 City Hall Annex, Boston, on and after 12 o'clock m., September 27, 1935. All plans and specifications must be returned in good condition to Room 1005, City Hall Annex, at the time of filing bids. Contractors desiring to bid must notify the Manager of Real Estate in writing four days in advance of September 27, 1935, so that one set of plans and specifications may be ready for them. A deposit of \$25 will be required for each set of plans and specifications taken out for estimating, same to be refunded on return of plans in good condition.

(Sept. 21-28.)

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR FIRE ALARM UNDERGROUND CONSTRUCTION.

The Fire Commissioner of the City of Boston, hereinafter designated as Commissioner, 60 Bristol street, invites proposals from citizens of the United States and corporations and other legal associations wherein the controlling interest to the extent of at least over one half is owned by a citizen or citizens of the United States, for doing the following stated work in connection with the fire alarm service of the Fire Department of the City of Boston: The laying of about 1,160 feet single ducts, the setting of four box posts and the building of two manholes and one handhole. The work to be done in accordance with plans and specifications which may be obtained at Fire Alarm Headquarters, 59 Fenway. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, where the same will be publicly opened and read at 12 o'clock noon, September 30, 1935. Proposals must be made in duplicate, sealed, and marked "Proposals for Fire Alarm Work," one of which is to be deposited at the office of the Fire Commissioner, and contain a certified check, made payable to the City of Boston, for two hundred (200) dollars, said check to be forfeited if the bidder fails to carry out his proposal; the other proposal is to be deposited at the office of the City Auditor previous to the time stated for the opening of the bids. The successful bidder will be required to furnish a bond in the full amount of the contract price, of an approved surety company doing business in the State of Massachusetts. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any or all bids or to award the contract as he deems best.

EDWARD F. McLAUGHLIN,
(Sept. 21.) *Fire Commissioner.*

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE POLICE DETECTIVE, DEPARTMENT OF PUBLIC SAFETY, OCTOBER 26, 1935.

Last date for filing applications, Monday, October 14, 1935, at 5 p. m. This examination is open to males only.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under direction, to make investigations of major crimes and criminal activity; to effect the detection and arrest of criminals; to collect evidence and to assist in the preparation and prosecution of cases in the courts; when assigned to the Division of Fire Prevention to investigate fires and their causes and fire hazards, and to assist in the promotion of fire prevention; and to perform related work as required.

Item 616 of chapter 249 of the Acts of 1935 provides that the additional detectives, for which provision is hereby made, when appointed, shall not be under twenty-five years of age or over fifty years of age, notwithstanding the provisions of any other law to the contrary.

Applications of persons not less than 23 nor more than 50 years of age on the date of filing application will be accepted.

A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must be not less than 5 feet 7 inches in height and weigh not less than one hundred and thirty-five pounds, in accordance with Rule 8, class 13a.

Subjects and Weights: Training and experience (3); general information (4); practical questions (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF TRAINING SCHOOLS FOR NURSES, DIVISION OF REGISTRATION OF NURSES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,760 a year.

Duties: To visit schools of nursing and to make a factual determination of the respects in which each school does and does not meet these requirements. To present to the Board a detailed written report on the conditions found in each school of nursing. Applicants should be familiar with the requirements of the Board of Registration of Nurses for approved schools of nursing.

Applicants must be registered nurses under the State Division of Registration of Nurses.

The following qualifications are requested by the Division of Registration of Nurses, and credit will be given in the examination for such experience:

"Applicants to be graduates of an approved School of Nursing in Massachusetts with at least ten years' experience; and that they be registered nurses; and that they be identified with groups interested in Nursing and Nursing Education; hold membership in the various associations; be college graduates with an A.B. or B.S. degree in education; that they be qualified as public speakers and that they have a license to operate an automobile."

Subjects and Weights: Training and experience (3); practical questions (4);

personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR INDUSTRIAL SANITARY ENGINEER, OCCUPATIONAL HYGIENE DIVISION, DEPARTMENT OF LABOR AND INDUSTRIES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,160 a year; the maximum salary is \$2,760 a year.

Duties: To collect samples of industrial dusts and industrial fumes and gases. To make quantitative measurements of same and evaluate results. To investigate and advise as to the control of heat, humidity, and air motion in industrial establishments. To investigate and advise concerning protective devices against fumes and gases. To investigate and advise as to means of protection against oxy-acetylene and electric welding. To substitute for the chemist in his absence.

It is desirable that applicants have a working knowledge of industrial chemistry.

Subjects and Weights: Training and experience (2); practical questions (3); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL SHOP MANAGER, STATE PRISON, DEPARTMENT OF CORRECTION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To have charge of the brush shop and the manufacture of the different types of brushes produced at this institution.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon. (Requisition is for a female and the examination is open to females only.)

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time there are two vacancies, one at the Worcester State Hospital at \$1,680 a year; one at the Boston Psychopathic at \$1,320 a year with maintenance.

Duties: The duties include social case work; investigation; history taking; supervision of out-patients; clinic service, educational work, and such related duties as may be assigned.

The department requests the following qualifications: "College education, graduation from a school of social work, plus one year's experience in psychiatric social service in a mental hospital or a psy-

chiatric clinic." They also state that previous experience in social work is desirable but not required of graduates of schools of social work.

Credit will be given to applicants who possess these qualifications.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

No. 39

MAYOR MANSFIELD IN RADIO ADDRESS CALLS ON ALL CITIZENS TO JOIN IN MOVE TO MAKE BOSTON ONCE MORE THE CLEANEST AND HEALTHIEST CITY IN THE WORLD—MAKES APPEAL IN BROADCAST INAUGURATING "CLEAN-UP WEEK" AND ANNOUNCES THAT ALL OF CITY'S DEPARTMENTS, AS WELL AS SOCIAL AND CIVIC ORGANIZATIONS, HAVE UNITED IN MOVE TO RESTORE BOSTON TO LEADERSHIP IN HEALTH SANITATION SHE FORMERLY HELD.

The following is the radio address of Mayor Frederick W. Mansfield over Station WNAC September 24, at the inauguration of "Clean-up Week":

Good Morning, Radio Friends.

I suppose there is nothing in the world that more affects the appearance of a great city than the degree of cleanliness of its streets. The most beautiful and palatial city in the world, notwithstanding the possession of magnificent boulevards and park systems, would cease to be an attractive city if its streets were habitually in an untidy condition.

And, on the other hand, a very ordinary city can be made to look very attractive if its streets are kept clean. And it is such an easy matter for any city to keep its streets clean that it seems almost unnecessary for the Mayor of a city like Boston to be compelled to appeal to the citizens in order to bring about a much needed improvement in the appearance of the streets of our city.

Of course, I do not pretend to know about the condition of the streets of all of the large cities of the world, but I have been in a great many of them in this country and in Europe, and from what I myself have observed, and from what I have heard from other persons, I am satisfied that Boston has the dirtiest streets of any large city in the civilized world.

Does this make any impression upon you? I have been making this statement over and over again and have been appealing to the citizens to correct conditions here ever since I became Mayor of Boston, but apparently without the slightest effect. I have had appeals read in all of the schools, both public and parochial, in the City of Boston. I have had requests for police cooperation read at every police station in the city. I have asked for the cooperation of every citizen and of every citizens' association in the community. And now, during this week, I have planned a special drive for the purpose not only of cleaning our streets of rubbish and waste but to remove from cellars, attics, closets, back yards and alleyways all accumulated material which not only makes a neighborhood untidy and unattractive but contributes most dangerously to the fire and health hazards of the city.

Acts of Thoughtlessness.

I do not think that people intentionally litter up the streets, and I think the condition is largely brought about by thoughtlessness. But whether it is by intent or by carelessness I know what the fact is—that is, that our streets and public and private alleyways are in a disgracefully cluttered and untidy condition. It is against the law to throw papers and refuse into the streets. It is against the law to sweep such material into the streets there to be blown about by every gust of wind.

I am satisfied that if every citizen, and that includes every man, woman and child in the community, will cooperate with the authorities that we can attain and retain clean streets. If each person who hears my voice today will do his or her part toward keeping just that little portion of the street in front of his or her home free from papers, litter and other rubbish, the change will be magical.

The task is a huge one if every citizen leaves it to be accomplished by our Public Works Department which has not enough men to devote entirely to this work. But it is a simple and easy task if every one of you would do your share. Get the children interested. Try to get them to have pride in a clean street in front of their homes and in clean surroundings to their house and to the places where you and they live.

There was a time, up to very recent years, when Boston was the exemplar of cleanliness, in health sanitation methods and work. In fact her leadership in such matters was undisputed the country over. It is my ambition, and the ambition of our larger civic and public-spirited organizations, to retrieve and regain for ourselves this honor. Conceiving this to be our urgent civic duty, I have asked the citizens of Boston, young and old, rich and poor, to unite in this work. With this determination in mind this week is set aside for a special effort on the part of us all to achieve this end.

I have arranged that every means at the hand of the city be placed at the disposal of the citizens for this accomplishment. Not only shall you find the several divisions of the Public Works Department at the service of all citizens, but also we shall find that the police, the fire and other departments have joined in the effort and all will willingly cooperate with our citizens immediately upon notice that aid is needed. (Continued on page 128S.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly under legislative act by the City of Boston, Massachusetts.

STREET AGENCIES

Old South News-stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 30, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

Death rate per 1,000 of population:

Last week, 10.81; corresponding week last year, 10.72.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 5; sixty years and over, 97; Total deaths: Male, 107; female, 84; deaths in hospitals and institutions, 115; deaths of colored, 8.

BROADCAST BY MAYOR.*(Continued from page 1205.)***SANITARY DISTRICTS.**

Citizens of Boston may not generally understand that we have a Sanitary Division of the Public Works Department, with eleven districts located in eleven convenient sections of the city for the purpose of serving the citizens and their sanitary needs. These branches or divisions are placed adjacent to and within sections found to have been, by experience and scientific study, most convenient for the districts most needing them.

Thus we have a yard at 36 H street, South Boston, for the residents of the South Boston section of the city. All a citizen of South Boston needs to do is to call at the office of that yard and his needs will be attended to. District 2 yard is at East Eagle street, East Boston; District 3, on Rutherford avenue, Charlestown; District 4, Western avenue, Brighton; District 5, 1932 Centre street, West Roxbury; District 6, Gibson street, Dorchester; District 7, Highland street, Roxbury; District 8, 650 Albany street; District 9, 650 Albany street; District 10, 36 North Grove street, and District 11, Dana avenue, Hyde Park.

In addition to these there are the general offices, at City Hall Annex, and a special office for the receiving of complaints. All these have been arranged for the special convenience of the citizens of Boston.

I am calling special attention to these facts today at the start of this campaign so that all citizens may know that to aid in this work need be no occasion for inconvenience to them. Having gathered refuse and rubbish from cellars and yards, all that is necessary after that is to make a telephone call to the yard nearest a home and response will be as speedy and immediate as possible. If use of the telephone is not possible then a notice to the nearest fire station, or policeman, will bring quick results.

With this knowledge and these facts foremost in mind, perhaps it will not be amiss to remind our citizens of the laws that have been provided for the preservation of cleanliness and the sanitary safety of our city. The Public Works Department has prepared, and I have caused to be distributed to various civic and social organizations, a consensus of the laws by which persons who are wilfully negligent or determinedly careless can be punished for laxity of observation.

This résumé of the laws, ordinances and regulations sets forth timely hints as to the cleaning of the streets and the removal of municipal waste. Under these ordinances all persons are forbidden to throw rubbish or like matter into the street, whether it be sweepings or garbage. Persons are forbidden, unless consent of the Mayor has been obtained, to print upon, write upon or paint advertisements upon street or curb or sidewalks, telegraph poles or fences. In other words, we are prevented by law from defacing walls, fences, houses or sidewalks. We are prevented by law from cluttering our alleys with rubbish, garbage, ashes and the like. In fact, legally we are not permitted to have material in our yards.

LAWS FOR PREVENTION OF FILTH.

There are many don'ts already on the statute books of the city in the way of laws and ordinances that, when and if observed, will regain for Boston her place

as the cleanest city in the land. These folders containing the gist of these laws which I have had prepared by the Public Works Department are available for all who desire to study them and to learn how and when a law is being broken. Every citizen of Boston should secure and keep one of these at hand. For the sake of his family, and for the preservation of their health, he should have the contents of this booklet well in mind so as to know not only when the law is being broken but when anyone has infringed upon his rights to healthy conditions and cleanliness. These folders are available for all who wish for them. They may be obtained at the various district headquarters, or from the general offices of the Public Works Department at City Hall upon request.

In other years it has been the plan to inaugurate a clean-up week in the spring. I have undertaken to start the campaign at the end of the summer when citizens are returning from their summer homes, vacations and camps and are reopening their houses, since at these home-coming times much rubbish can be easily gathered for disposal. At this season, also, it is easier than it will be later in the year to get rid of rubbish and refuse that has accumulated, so that when winter comes and snow makes work more difficult such material shall not accumulate and thus make for illness and disease in the spring, or the removal of the debris more difficult because of its having been frozen in during the winter.

Now, my fellow citizens, this movement for a clean-up of the city is not a spasmodic outburst or impulse inaugurated as a publicity stunt. I hope that this movement will be the inspiration and the start of an all-year round permanent movement. I hope the response will be unanimous and hearty, and I ask for the generous cooperation of all in order that Boston may once more stand out as the banner health city of the country; so that, as the great conventions from other sections of the country assemble here for their deliberations, their delegates will be compelled to admit that Boston has no equal in the observation of sanitary laws.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

FIRE DEPARTMENT.

Advertises for proposals for fire alarm underground construction. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Fire Alarm Headquarters, 59 Fenway. Bids, accompanied by certified check in the sum of \$200, to be filed at the office of the Commissioner, 60 Bristol street. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, September 30, at 12 m.

PUBLIC WELFARE DEPARTMENT.

Advertises for proposals for furnishing trucks for cartage. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Board of Overseers of Public Welfare, 43 Hawkins street, Boston. Bids, accompanied by certified check in the

sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 9, at 12 m.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Advertises for proposals for sprinkler systems for the ferryboats. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 4, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing transportation of pupils in the Boston public schools to dental infirmaries. Blank forms for proposals may be obtained at the office of the Business Manager, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, September 30, at 12 m.

Advertises for proposals for furnishing semi-bituminous nut and slack coal for the Boston public schools. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$25 for each district or \$75 for the whole, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 7, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing medium and heavy fuel oil to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, September 30, at 12 m.

Advertises for proposals for furnishing fire hose to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 3, at 12 m.

Advertises for proposals for furnishing and installing kitchen and cafeteria equipment at the New Centre Kitchen Building, City Hospital. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$2,500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 8, at 12 m.

(Continued on page 1210.)

MOVES MADE TO SECURE ERECTION OF NEW SUFFOLK COUNTY COURT HOUSE — MAYOR MANSFIELD REPLIES TO GOVERNOR CURLEY — COMMISSION WRITES TO WASHINGTON.

The following is the correspondence between the Mayor, the Governor and the Federal Emergency Administration of Public Works relative to the proposed new court house:

The Governor's letter was as follows:

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT,
STATE HOUSE, BOSTON,
September 23, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

My dear Mr. Mayor,—You will be most pleased to learn that the chief justices of the courts have agreed upon a commissioner to represent the courts in the erection of the Suffolk County Court House. In the communication received by me and a copy of which I assume you have received they inform me that they have selected Henry Wyman.

It is desirable that the commission meet at the earliest possible date so that the necessary overtures may be made to Washington authorities and the work in question be undertaken with the least possible delay. Under the circumstances I trust you will select your appointee to represent the City of Boston upon the commission, and upon receipt of his name I shall communicate with the three appointed under the law and request that they meet, organize and proceed to carry out the purposes for which this commission has been created, namely, the erection of a court house.

With every good wish,

Sincerely,

JAMES M. CURLEY.

The following is a copy of letter sent to Governor Curley by Mayor Mansfield:

September 24, 1935.

HON. JAMES M. CURLEY, Governor,
State House, Boston.

Your Excellency,—I acknowledge the receipt of your letter of yesterday in which you say that the chief justices of the courts have agreed upon Henry A. Wyman, Esquire, as a commissioner to represent the courts in the erection of the Suffolk County Court House.

Although I did not receive a copy of the letter which the chief justices sent to you, I think there must be a misunderstanding here. I have been informed that the justices were of the unanimous opinion that the act would not become operative until the provisions in the last section were fulfilled, and that, therefore, they declined to name a commissioner because the act had not taken effect.

My understanding was that the chief justices, while declining for these reasons to appoint a commissioner, had no objection to designating a man whom they would appoint as commissioner if and when the act became operative, and accordingly they designated Henry A. Wyman, Esquire. Reference to the letter received by you from the chief justices will clear up this point.

Mr. Wyman is not expected home from Europe until Thursday of this week, and if the facts are as I understand them I shall immediately designate a man whom I shall appoint as a commissioner when the act becomes effective and who will be ready to confer with Mr. Wyman and the representative of the Commonwealth upon Mr. Wyman's return.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

The letter to the Federal Emergency Administration was as follows:

BOSTON, September 24, 1935.
FEDERAL EMERGENCY ADMINISTRATION
OF PUBLIC WORKS, Washington, D. C.
Re New Building for Suffolk County
Court House, Boston, Mass.

Gentlemen, Under the terms of Massachusetts Statutes of 1935, chapter 474, a copy of which is hereto annexed, present appointment of commissioners cannot be made. But the need for a new court house is urgent, and as soon as the conditions of section 7 of the act are met the undersigned are prepared to make appointments as follows:

By the Governor, Joseph A. Rourke.

By the Mayor, A. Emmet Logue.

By the three chief justices, Henry A. Wyman.

They will be appointed and fully authorized to prepare the detailed plans, and take all other action described in the act.

We earnestly request an allocation of federal funds for the above purpose upon such conditions as the Federal Government may prescribe.

COMMONWEALTH OF MASSACHUSETTS,
by JAMES M. CURLEY, Governor.

CITY OF BOSTON,

by FREDERICK W. MANSFIELD, Mayor.

ARTHUR P. RUGG,

Chief Justice, Supreme Judicial Court.

WALTER PERLEY HALL,

Chief Justice, Superior Court.

WILFRED J. BOLSTER,

Chief Justice, Municipal Court.

Highland street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Milton avenue, forty feet; northwesterly by the northwesterly line of said Springhill road as hereby laid out, one hundred and ninety-eight

feet; westerly by the westerly line of said Springhill road as hereby laid out, forty-seven and 16-100 feet on a curve of thirty and 7-100 feet radius; southwesterly by the southwesterly line of said Springhill road as hereby laid out, three hundred and seventy-one feet; northwesterly by Highland street, forty feet; northeasterly by the northeasterly line of said Springhill road as hereby laid out, four hundred and forty-one feet; and southeasterly by the southeasterly line of said Springhill road as hereby laid out, two hundred and sixty-eight feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Springhill road (formerly Milton square), Hyde Park district, as a highway, from Milton avenue to Highland street, under the order of the Board of September 20, 1935, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, supposed to belong to Frank Sgotto, bounded:

Westerly by Hyde Park avenue, three feet; northerly by land herein-after described as taken from Dora Lightman, one hundred fifty-seven and 12-100 feet; easterly by land of owners unknown, three and 8-100 feet; and southerly by other land supposed to belong to said Sgotto, one hundred fifty-seven and 84-100 feet, containing four hundred and seventy-two square feet, more or less.

A parcel of land, supposed to belong to Dora Lightman, bounded:

Westerly by Hyde Park avenue, three feet; northerly by other land supposed to belong to said Lightman, one hundred fifty-six and 40-100 feet; easterly by land of owners unknown, three and 8-100 feet; and southerly by land hereinbefore described as taken from Frank Sgotto, one hundred fifty-seven and 12-100 feet, containing four hundred and seventy square feet, more or less.

The sewerage works to be constructed are as follows: One hundred and twenty-six linear feet of twenty-four inch pipe surface drain.

No betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Milton square, Hyde Park district, as a highway, from Milton avenue to Highland street, with the name of Milbury street or some other distinctive name, bounded and described as follows:

A highway named Springhill road is hereby laid out, from Milton avenue to

Approval has been given to transfer William C. Fleming, East Boston, from the Institutions Department, Long Island, to the East Boston paving district as laborer at \$5 a day to fill a permanent vacancy, and to take effect on September 27, 1935.

Approval has been given to change the rating of Thomas E. Barry of the sewer division, from bracer at \$5 a day to working foreman, without change in wages, to take effect on September 27, 1935.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

POLICE SERVICE (MALE).

BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1935.

Last day for filing applications, Saturday, October 5, 1935, at 12 noon.

This is the regular examination for police service for state, all cities and such towns as are classified under civil service.

NOTE.—Applicants for any city or town police department who desire to have their names placed on the eligible list for Metropolitan police service must so signify when filing application.

On October 19 the examination will be held in Boston and all persons who live within commuting distance will be notified for the examination on this day.

Chapter 153 of the Acts of 1935 provides that no person shall be appointed as an officer or member of the Boston police force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; general information, 2; memory test, 1; practical questions, 4; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in general information and in memory test; at least 60 per cent in practical questions, and at least 70 per cent in training and experience, in the educational average, and the strength test, in order to become eligible.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book". This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Stefano Memmolo, 524 Bennington street, East Boston, in the sum of \$15, for damage to hot water boiler at the above premises caused through the failure of the Water Service to notify him that they were changing the water meter, June 9, 1935.

Patrick Mulkerin, of 871 Washington street, Dorchester, in the sum of \$50, as compensation for damage to property at 95 Fuller street, Dorchester, by collapse of boiler and water damage when employees of the Water Division were plugging an abandoned service pipe, June 15, 1933.

Strathmore Woolen Company (Harold Cadish), 25 Kneeland street, Boston, in the sum of \$5.50, as refund on forty-six unused refuse tickets purchased on October 24, 1934, and returned to the Public Works Department July 30, 1935.

John T. Caulfield, 272 Havre street, East Boston, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk in front of 195 Havre street, East Boston, May 31, 1935.

Hyman Shapiro, 226 Humboldt avenue, Roxbury, in the sum of \$3.33, as a refund of fee which was paid twice for a common victualler's license, No. 643, April 24, 1934.

REPLY TO FINANCE COMMISSION ON SNOW REMOVAL.

On September 23 the following communication was sent to the Finance Commission from the Mayor's office:

The Finance Commission, 24 School Street, Boston.

GENTLEMEN,—His Honor the Mayor instructs me to acknowledge receipt of your report of September 21 relative to snow removal and the purchase of snow equipment and to say that he has referred it to the committee which he has appointed to consider and report upon these matters.

He wishes me to say, however, that that part of your report in which it is suggested that no action be taken upon the loan order which has been pending before the City Council since January 30, 1935, was wholly unnecessary because when the present committee was appointed his Honor the Mayor stated in effect that action upon a loan order for the purchase of snow equipment would be deferred until the committee made its report.

Yours truly,

JOSEPH MEEHAN,
Secretary to the Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 80.

The resignation of Patrolman Charles L. O'Connor of Division 17, having been presented while charges against him are pending, it is hereby accepted to take effect Friday, September 20, 1935, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 81.

A trial board, consisting of Captains Fallon, Flaherty and Casey, having heard by reference a complaint made by Joseph McKinnon, captain, Division 4, against William J. Dooley, patrolman, Division 4, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer

Specification: In that on the twenty-second day of August, 1935, the said Patrolman William J. Dooley, while not on duty and not in uniform, was under the influence of intoxicating liquor to such an extent that he was unfit and would be unable to perform police duty if called upon to do so,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented accepts the plea of guilty of the said Patrolman William J. Dooley. In recommending punishment in this case, the Board has taken into consideration the fact that Patrolman Dooley was off duty and not in uniform at the time this offense was committed; the fact that Patrolman Dooley has an excellent record in the department, having received many commendations for exceptional police duty; the fact that this is the first time this officer has been before a trial board for a violation of the rules, and that he has promised to abstain from the use of intoxicating liquors in the future. Therefore, the Board respectfully recommends that the said Patrolman William J. Dooley be suspended from duty for a period of thirty days, effective as of August 23, 1935, at 7.45 o'clock a. m."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman William J. Dooley be suspended from duty for a period of thirty days, effective as of August 23, 1935, at 7.45 o'clock a. m.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 82.

A trial board, consisting of Captains Fallon, Flaherty and Casey, having heard by reference a complaint made by Mathew Killen, captain, Division 15, against George L. Huntoon, patrolman, Division 17, detailed to Division 15, for alleged violation of the rules and regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the sixth day of September, 1935, the said Patrolman George L. Huntoon failed to pull his "on duty" call from 8.57 p. m. to 10.15 p. m., a period of one hour and eighteen minutes, he being obliged to signal the station every forty minutes in compliance with the Rules of the Police Department.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the sixth day of September, 1935, when requested by Sergt. William Owen for an explanation why he failed to signal the station at 9.30 p. m., he, Huntoon, replied in a loud, boisterous tone,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented finds the said Patrolman George L. Huntoon guilty as charged. The Board realizes the seriousness of these charges and, coupled with the past record of this officer, the Board believes this offense warrants dismissal. However, the Board is inclined to be lenient and believes that this man with a change of attitude (which he has promised the Board) could be a valuable member of the department. Therefore, the Board respectfully recommends that the said Patrolman George L. Huntoon be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman George L. Huntoon perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

ADDITIONS TO CONTRACTS.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been allowed to add to the contract the sum of \$56.83 for installing wrought-iron hook with plates to extend from below plaster ceiling in Room 728 up through furred space and through concrete slab of the eighth floor. This hook to be strong enough to sustain 250 pounds. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1826, \$1,193,669.85; now added, \$56.83; corrected contract, \$1,193,726.68; total added, \$16,901.60; total deducted, \$5,633.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been allowed to add the following changes to contract with no change in contract price: Revision of plastering specifications, giving in detail the names of the materials and mixes to be used for different backing coats on ceilings and walls. A representative of the U. S. Gypsum Company is to supervise the mixing of the materials on the job without charge. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1827, \$1,193,726.68; corrected contract, \$1,193,726.68; total added, \$16,901.60; total deducted, \$5,633.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 24-inch pipe in private land, between Hyde Park avenue, east side (550 feet south of Metropolitan avenue), and 126 feet easterly, in the Hyde Park district, at an estimated cost of \$995.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 69 Bartlett street, Ward 2, the building is in a dilapidated condition and out of repairs. Ell on rear and side unsafe and dangerous. The owner, Sophia Tomfohrde of 19 Fenwick

street, Somerville, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports after investigation, that he is of the opinion that the owner is unable to pay for the razing of the building.

The building at 4 Marble street, Ward 9, the rear wall is bulged at second floor line; unsafe and dangerous. The owner, Charles H. Johnson of 4 Marble street, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 16 Rockland avenue, Ward 12.

The building at 20 Heath avenue, Ward 10, the front door of this vacant building is open to trespass and constitutes a fire menace. The owner, Elizabeth O. Foster of 741 Andover street, Lowell, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The building is in an unsafe condition.

The building at 8 Decatur street, Ward 2, the rear door and windows are open; iron vent stack falling down; board and clapboards gone in rear, fire menace, open to public. This building is now owned by the City of Boston under Land Court Tax Case No. 2689. The building is in a very unsafe condition.

The building at 4 Decatur street, Ward 2.

The building at 37 Melrose street, Ward 3.

The building at 31 Smith street, Ward 22.

The building at 65 Kendall street, Ward 9.

The building at 16 Rockland street, Ward 12, is in a very dilapidated and defective condition; foundation badly broken, rear piazza defective, windows and doors broken. A fire menace. The owner, William L. Bowlby of 167 Magnolia street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that as far as he has been able to ascertain the owner is unable to finance repairs or take down the building.

The building at 127 Gerard street, Ward 8, is in an unsafe and dangerous condition; dilapidated and a fire hazard. The owner, Helen K. Travers of 21 Algonquin street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that as far as he has been able to ascertain the owner is unable to finance repairs or take down the building.

The building at 29 Rochester street, Ward 3, the west party wall exposed by the razing of No. 27, is of wooden construction, 2-inch by 4-inch stick, wood lath and plaster both sides, from the second floor level up to the roof. Rear wall bulged at top story. Fire escape balconies at rear unsafe, soon to be cut off at No. 27 end. Metal gutter at front broken. Loose slate at front mansard. Unsafe and dangerous. The owner of record, John Bille of 6 Gloucester street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, after investigation, that the owner of record is financially unable to raze the building.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 20 the Mayor approved contracts with the White Fuel Corporation for approximately 700,000 gallons of light fuel oil, required by the various city departments, for twelve months ending September 30. The eleven bids received have been submitted to the city's fuel engineer, Arthur D. Little, Incorporated, for analysis and recommendations. An analysis of the bids by Arthur D. Little, Incorporated (a copy of whose report follows), shows that the bid of the White Fuel Corporation, of 900 East First street, South Boston, is the lowest per million B. t. u.

Privilege of purchasing on same terms and conditions extended to September 30, 1936.

Bids, opened September 12, were as follows:

Approximately 689,500 Gallons.

Quantity Discount.—Lincoln Oil Company, 1 cent in excess of 600,000 gallons; Lipson's Oil Company, .5 cent; Pennsylvania Oil Company, 1.15 cent in excess of 300,000 gallons; The Quincy Oil Company, .5 cent in excess of 50,000 gallons; Superior Petroleum Products Company, 1 cent in excess of 1 gallon; Hanley Oil Company, Incorporated, .25 cent in excess of 10,000 gallons; .5 cent in excess of 50,000 gallons; .75 cent in excess of 200,000 gallons; East Boston Coal Company, .75 cent in excess of 300,000 gallons; American Oil Products Company, .5 cent

in excess of 50,000 gallons; White Fuel Corporation, 1.27 cent in excess of 250,000 gallons; Shell Eastern Petroleum Products, Incorporated, .5 cent in excess of 50,000 gallons; Socony-Vacuum Oil Company, Incorporated, .5 cent in excess of 50,000 gallons.

Cash Discount.—Lipson's Oil Company, 5 per cent; Pennsylvania Oil Company, 2 per cent; Superior Petroleum Products Company, 1 per cent; Hanley Oil Company, Incorporated, 1 per cent; East Boston Coal Company, 1 per cent; White Fuel Corporation, half of 1 per cent.

Contractor's Posted Price Per Gallon, September 12, 1935.—Lincoln Oil Company, 5 cents; Lipson's Oil Company, 6 cents; Pennsylvania Oil Company, 6 cents; The Quincy Oil Company, 6 cents; Superior Petroleum Products Company, 6 cents; Hanley Oil Company, Incorporated, 6 cents; East Boston Coal Company, 5.75 cents; American Oil Products Company, 6 cents; White Fuel Corporation, 6 cents; Shell Eastern Petroleum Products, Incorporated, 6 cents; Socony-Vacuum Oil Company, Incorporated, 6 cents.

Trade Name or Brand.—Lincoln Oil Company, Lincoln; Lipson's Oil Company, Socony-Vacuum products; Pennsylvania Oil Company, Penn Quaker fuel oil; The Quincy Oil Company, Quincy fuel oil; Hanley Oil Company, Incorporated, Electrofuel; East Boston Coal Company, Hartol; American Oil Products Company, Amproco domestic fuel oil; White Fuel Corporation, Sinclair Refining Company; Shell Eastern Petroleum Products, Incorporated, Shell light fuel oil; Socony-Vacuum Oil Company, Incorporated, Socony.

Maximum Price Per Gallon (Exclusive of Discounts) at Any Time. Lincoln Oil Company, 7.5 cents maximum price, not

including State or Federal taxes stated in contractor's supplement to this contract; see tax clause; 5 cents minimum price, not including said taxes; Lipson's Oil Company, 7 cents; Pennsylvania Oil Company, 6.5 cents; The Quincy Oil Company 7 cents; Superior Petroleum Products Company, 7 cents; Hanley Oil Company, Incorporated, 7 cents; East Boston Coal Company, 6.25 cents; American Oil Products Company, 7 cents; White Fuel Corporation, 6.49 cents; Shell Eastern Petroleum Products, Incorporated, 7 cents; Socony-Vacuum Oil Company, Incorporated, 7 cents. Section B crossed out.

B. T. U. Per Gallon.—Lincoln Oil Company, 139,500; Pennsylvania Oil Company, 140,875; The Quincy Oil Company, 139,000; Hanley Oil Company, Incorporated, not less than 139,000; East Boston Coal Company, 140,000; American Oil Products Company, 139,000, bid based on Shell Eastern Petroleum Products posted price only; White Fuel Corporation, 140,050; Shell Eastern Petroleum Products, Incorporated, 139,000, bid based on Shell Eastern Petroleum Products posted price only; Socony-Vacuum Oil Company, Incorporated, 137,200, bid based on Standard Oil Company's posted prices only.

ARTHUR D. LITTLE, INC.,
CHEMISTS—ENGINEERS,
CAMBRIDGE, MASS.

September 16, 1935.

CITY OF BOSTON SUPPLY DEPARTMENT,
801 City Hall Annex, Boston, Mass.

Attention Mr. Warren W. Loomis,
Reference Case 51381.

GENTLEMEN,—In accordance with your request we have examined various bids on light fuel oil for the various city departments, these bids having been opened on September 12, and extending from October 1, 1935, to September 30, 1936, inclusive.

Following is a tabulation showing the posted prices, the net prices after deducting quantity and cash discounts, the B. t. u. per gallon guaranteed by each bidder and the relative cost per million B. t. u.

Posted Price.—White Fuel Corporation, 6 cents; Pennsylvania Oil Company, 6 cents; East Boston Coal Company, 5.75 cents; Lincoln Oil Company, 6 cents; Hanley Oil Company, Incorporated, 6 cents; The Quincy Oil Company, 6 cents; American Oil Products Company, 6 cents; Shell Eastern Petroleum Products, Incorporated, 6 cents; Socony-Vacuum Oil Company, Incorporated, 6 cents; Lipson's Oil Company, 6 cents; Superior Petroleum Products Company, 6 cents.

Net Price With Discounts.—White Fuel Corporation, 4.7064 cents; Pennsylvania Oil Company, 4.753 cents; East Boston Coal Company, 4.950 cents; Lincoln Oil Company, 5 cents; Hanley Oil Company, Incorporated, 5.1975 cents; The Quincy Oil Company, 5.50 cents; American Oil Products Company, 5.50 cents; Shell Eastern Petroleum Products, Incorporated, 5.50 cents; Socony-Vacuum Oil Company, Incorporated, 5.50 cents; Lipson's Oil Company, 5.225 cents; Superior Petroleum Products Company, 4.950 cents.

B. T. U. Per Gallon.—White Fuel Corporation, 140,050; Pennsylvania Oil Company, 140,875; East Boston Coal Company, 140,000; Lincoln Oil Company, 139,500; Hanley Oil Company, Incorporated, 139,000; The Quincy Oil Company, 139,000; American Oil Products Company, 139,000; Shell Eastern Petroleum

Products Incorporated, 139,000; Socony-Vacuum Oil Company, Incorporated, 137,200.

Cost Per Million B. T. U.—White Fuel Corporation, 33.6052 cents; Pennsylvania Oil Company, 33.7392 cents; East Boston Coal Company, 35.3572 cents; Lincoln Oil Company, 35.8423 cents; Hanley Oil Company, Incorporated, 37.3921 cents; The Quincy Oil Company, 39.5685 cents; American Oil Products Company, 39.5683 cents; Shell Eastern Petroleum Products, Incorporated, 39.5683 cents; Socony-Vacuum Oil Company, Incorporated, 40.0875 cents.

Inasmuch as the Lipson's Oil Company and the Superior Petroleum Products Company gave no B. t. u. figure it has, of course, been impossible to calculate the cost per million B. t. u. in these two cases.

In the case of the bid of the Hanley Oil Company, Incorporated, we have used the quantity discount of .75 cents per gallon, as the amount of oil delivered to the city will undoubtedly exceed 200,000 gallons.

In the above tabulation the various companies are arranged in the order of the bid based on the cost per million B. t. u. The White Fuel Corporation is the lowest bidder, the Pennsylvania Oil Company the second lowest bidder, and so on. On the basis of these figures we recommend acceptance of the bid of the White Fuel Corporation, the lowest bidder.

Yours very truly,

ARTHUR D. LITTLE, INC.

Upon September 24 the Mayor approved a contract with lowest bidders for furnishing electrical material to the Airport, Park Department. The totals of the awards were as follows:

Wetmore-Savage Division, \$492.74; Graybar Electric Company, Incorporated, \$161.42; Massachusetts Gas and Electric Light Supply Company, \$108.87; General Electric Supply Corporation, \$62.28; Eagle Electric Supply Company, Incorporated, \$20.40. Total, \$845.71.

Bids, opened September 9, were as follows:

Approximate Amounts on All Items.

Item 1.

1 200-Ampere, 250-Volt, 4-Pole Fused Safety Switch, Trumble No. 40424, Each.—Graybar Electric Company, Incorporated, \$26.40; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$24; 2 per cent, 10 days; General Electric Supply Corporation, \$26.40; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, Sq. D No. 46454, black safety switch, \$24.40; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, Noark 8242, \$24; 2 per cent, 10 days.

Item 2.

40 100-Ampere, 250-Volt, 1-Pole Porcelain Cutouts, Barrier Type D. & W. or G. E. Type, Each.—Graybar Electric Company, Incorporated, 70 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 64 cents; General Electric Supply Corporation, 70 cents, No. 34964; Eagle Electric Supply Company, Incorporated, Chase-Shawmut, No. 20695, 61.5 cents; Massachusetts Gas and Electric Light Supply Company, 58.9 cents.*

Total, Item 2.—Graybar Electric Company, Incorporated, \$28; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$25.60; 2 per cent, 10 days; General

Electric Supply Corporation, \$28; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$24.60; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$23.56; 2 per cent, 10 days.

Item 3.

4 Type A Surface Cabinets, Galvanized, 24-Inch by 18-Inch by 4-Inch, "Columbia" Make, Each.—Graybar Electric Company, Incorporated, \$6.05; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3.10; General Electric Supply Corporation, \$6; Eagle Electric Supply Company, Incorporated, \$3.50; Massachusetts Gas and Electric Light Supply Company, \$1.45.*

Total, Item 3.—Graybar Electric Company, Incorporated, \$24.20; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$12.40; 2 per cent, 10 days; General Electric Supply Corporation, \$24; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$14; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$5.80; 2 per cent, 10 days.

Item 4.

20 2-Inch Chase Nipples, Each.—Graybar Electric Company, Incorporated, \$18.44 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 17 cents; General Electric Supply Corporation, 18.4 cents; Eagle Electric Supply Company, Incorporated, 16.6 cents; Massachusetts Gas and Electric Light Supply Company, 13.25 cents.*

20 One and One Quarter-Inch Chase Nipples, Each.—Graybar Electric Company, Incorporated, \$9.38 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 9 cents; General Electric Supply Corporation, 9.3 cents; Eagle Electric Supply Company, Incorporated, 8.44 cents; Massachusetts Gas and Electric Light Supply Company, 6 cents.*

10 Two and One Half-Inch Conduit Locknuts, Each.—Graybar Electric Company, Incorporated, \$78.13 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 7 cents; General Electric Supply Corporation, 7.8 cents; Eagle Electric Supply Company, Incorporated, 6.25 cents; Massachusetts Gas and Electric Light Supply Company, 5 cents.*

30 2-Inch Conduit Locknuts, Each.—Graybar Electric Company, Incorporated, \$45.63 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 3.5 cents; General Electric Supply Corporation, 3.6 cents; Eagle Electric Supply Company, Incorporated, 3.65 cents; Massachusetts Gas and Electric Light Supply Company, 2.9 cents.*

50 One and One Quarter-Inch Conduit Locknuts, Each.—Graybar Electric Company, Incorporated, \$20.63 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 1.5 cents; General Electric Supply Corporation, 1.6 cents; Eagle Electric Supply Company, Incorporated, 1.65 cents; Massachusetts Gas and Electric Light Supply Company, 1.32 cents.*

10 Two and One Half-Inch Conduit Bushings, Each.—Graybar Electric Company, Incorporated, \$112.50 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 10 cents; General Electric Supply Corporation, 11 cents; Eagle Electric Supply Company, Incorporated, 9 cents; Massachusetts Gas and Electric Light Supply Company, 7.2 cents.*

20 2-Inch Conduit Bushings, Each.—Graybar Electric Company, Incorporated, \$63.13 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 5 cents; General Electric Supply Corporation, 5 cents; Eagle Electric Supply Company, Incorporated, 5.05 cents; Massachusetts Gas and Electric Light Supply Company, 4.04 cents.*

50 One and One Quarter-Inch Conduit Bushings, Each.—Graybar Electric Company, Incorporated, \$34.06 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 2 cents; General Electric Supply Corporation, 2.7 cents; Eagle Electric Supply Company, Incorporated, 2.72 cents; Massachusetts Gas and Electric Light Supply Company, 2.18 cents.*

8 2-Inch Sheradized Conduit Ells, Each.—Graybar Electric Company, Incorporated, \$66 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 88 cents; General Electric Supply Corporation, 80 cents; Eagle Electric Supply Company, Incorporated, 70.32 cents; Massachusetts Gas and Electric Light Supply Company, 70.3 cents.*

2 2-Inch Service Entrance Condulets, Crouse-Hinds No. F663, Plus 3-Hole Covers, Each.—Graybar Electric Company, Incorporated, \$157.50 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.26; General Electric Supply Corporation, \$1.969; Eagle Electric Supply Company, Incorporated, Gee Vee No. 6002 2-inch service cap, \$1.575; Massachusetts Gas and Electric Light Supply Company, \$1.05.*

Total, Item 4. Graybar Electric Company, Incorporated, \$21.27; 5 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$20.26; 2 per cent, 10 days; General Electric Supply Corporation, \$21.99; 5 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$19.59; 5 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$16.22; 5 per cent, 10 days.

Item 5.

20 Feet Two and One Half-Inch Sheraduct, Per C. Feet.—Graybar Electric Company, Incorporated, \$341 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$41.47; General Electric Supply Corporation, \$44; Eagle Electric Supply Company, Incorporated, \$38.77, galvanized conduit; Massachusetts Gas and Electric Light Supply Company, \$38.

100 Feet Two-Inch Sheraduct, Per C. Feet.—Graybar Electric Company, Incorporated, \$216 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$30.64; General Electric Supply Corporation, \$27.84; Eagle Electric Supply Company, Incorporated, \$24.53, galvanized conduit; Massachusetts Gas and Electric Light Supply Company, \$24.

200 Feet One and One Quarter-Inch Sheraduct, Per C. Feet.—Graybar Electric Company, Incorporated, \$134 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$19; General Electric Supply Corporation, \$17.27; Eagle Electric Supply Company, Incorporated, \$15.22, galvanized conduit; Massachusetts Gas and Electric Light Supply Company, \$15.

Total, Item 5.—Graybar Electric Company, Incorporated, \$55.22; 5 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$76.93; 2 per cent, 10 days; General

Electric Supply Corporation, \$71.18; 5 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$62.72; 5 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$61.60; 5 per cent, 10 days.

Item 6.

100 65-Ampere 250-Volt Cartridge Fuses, Each.—Graybar Electric Company, Incorporated, 27 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 22.5 cents; General Electric Supply Corporation, 27.6 cents, 70-ampere G. E. 1474; Eagle Electric Supply Company, Incorporated, \$24.30 per C.; Massachusetts Gas and Electric Light Supply Company, 18 cents,* 70 amperes.

10 175-Ampere 250-Volt Cartridge Fuses, Each.—Graybar Electric Company, Incorporated, 62 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 46 cents; General Electric Supply Corporation, 61.5 cents, G. E. 2629; Eagle Electric Supply Company, Incorporated, 54 cents; Massachusetts Gas and Electric Light Supply Company, 40 cents.*

Total Item 6.—Graybar Electric Company, Incorporated, \$33.20; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$27.10; 2 per cent, 10 days; General Electric Supply Corporation, \$33.75; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$29.70; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$22*; 2 per cent, 10 days.

Item 7.

Insulated Copper Wire, Simplex, 30 Per Cent B. C., 600-Volts, Operating Voltage, 1 Min. Test.

100 Feet 250,000 C. M., Three Thirty-Seconds Inch, 30 Per Cent Rubber, Braided, 9,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$217.38 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$217.38 per M. feet*, Simplex; General Electric Supply Corporation, \$217.38 per M. feet; Eagle Electric Supply Company, Incorporated, \$217.38 per M. feet, Simplex; Massachusetts Gas and Electric Light Supply Company, \$21.73.

350 Feet No. 000 A. W. G., Five Sixty-Fourths Inch, 30 Per Cent Rubber, Braided, 8,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$144.94 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$14.49*, Simplex; General Electric Supply Corporation, \$144.94 per M. feet; Eagle Electric Supply Company, Incorporated, \$144.94 per M. feet, Simplex; Massachusetts Gas and Electric Light Supply Company, \$14.49.

100 Feet No. 00 A. W. G., Five Sixty-Fourths Inch, 30 Per Cent Rubber, Braided, 8,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$123.91 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$10.39*, Simplex; General Electric Supply Corporation, \$123.91 per M. feet; Eagle Electric Supply Company, Incorporated, \$123.91 per M. feet, Simplex; Massachusetts Gas and Electric Light Supply Company, \$12.39.

60 Feet No. 0 A. W. G., Five Sixty-Fourths Inch, 30 Per Cent Rubber, Braided, 8,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$106.12 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$10.61*, Simplex; General Electric Supply Corporation, \$106.12 per M. feet; Eagle Electric Supply Company,

Incorporated, \$106.12 per M. feet, Simplex; Massachusetts Gas and Electric Light Supply Company, \$10.61.

1,000 Feet No. 6 A. W. G., One-Sixteenth Inch, 30 Per Cent Rubber, Braided, 5,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$36.31 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3.63*, Simplex; General Electric Supply Corporation, \$36.31 per M. feet; Eagle Electric Supply Company, Incorporated, \$3.631, Simplex; Massachusetts Gas and Electric Light Supply Company, \$36.31 per M. feet.

1,000 Feet No. 8 A. W. G., Three Sixty-Fourths Inch, 30 Per Cent Rubber, Braided, 3,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$22.03 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2.20*, Simplex; General Electric Supply Corporation, \$22.03 per M. feet; Eagle Electric Supply Company, Incorporated, \$2.203, 4/64 inch, Simplex; \$30.60 per M. feet, 5/64 inch, Simplex, Massachusetts Gas and Electric Light Supply Company, \$22.03 per M. feet, single braid.

10,000 Feet No. 12 A. W. G., Three Sixty-Fourths Inch, 30 Per Cent Rubber, Braided, 3,000-Volts, 5,000 Feet of White and 5,000 Feet of Black, Per C. Feet.—Graybar Electric Company, Incorporated, \$10.17 per M. feet; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.01*, Simplex; General Electric Supply Corporation, \$10.17 per M. feet; Eagle Electric Supply Company, Incorporated, \$1.017, Simplex; Massachusetts Gas and Electric Light Supply Company, \$10.17 per M. feet.

Insulated Copper Wire, Simplex, 30 Per Cent B. C., 1,500 Volts, Operating Voltage, 1 Min. Test.

1,000 Feet No. 8 A. W. G., Three Thirty-Seconds Inch, 30 Per Cent Rubber, Braided, 9,000 Volts, Per C. Feet.—Graybar Electric Company, Incorporated, \$29.60 per M. feet; one half of 1 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2.96*, Simplex; General Electric Supply Corporation, \$29.60 per M. feet, one half of 1 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$2.96, Simplex; one half of 1 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$2.96; one half of 1 per cent, 10 days.

Total, Item 7.—Graybar Electric Company, Incorporated, \$280.87; 2 per cent, 10 days, except last item; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$278.12*; 2 per cent, 10 days; General Electric Supply Corporation, \$280.87; 2 per cent, 10 days, except last item; Eagle Electric Supply Company, Incorporated, \$280.85; 2 per cent, 15th proximo, except last item; \$289.42 alternate; Massachusetts Gas and Electric Light Supply Company, \$280.85; 2 per cent, 10 days, except last item; alternate on 5/64 insulation, \$27.40 per M.

Item 8.

Split, Tinned Copper "Sherman" Connectors.

6 500,000 C. M., Catalogue No. 355, Each.—Graybar Electric Company, Incorporated, \$542.75 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 54 cents; General Electric Supply Corporation, 60 cents, No. 24; Eagle Electric Supply Company, Incorporated, \$54.28 per C.

3 700,000 C. M., Catalogue No. 355, Each.—Graybar Electric Company, Incorporated, \$478.10 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 48 cents*; General Electric Supply Corporation, 55 cents, No. 22; Eagle Electric Supply Company, Incorporated, \$47.81 per C.

3 600,000 C. M., Catalogue No. 351, Each.—Graybar Electric Company, Incorporated, \$422.70 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 42 cents*; General Electric Supply Corporation, 50 cents, No. 20; Eagle Electric Supply Company, Incorporated, \$42.27 per C.

Total, Item 8.—Graybar Electric Company, Incorporated, \$5.96; 1 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$5.94*; 2 per cent, 10 days; General Electric Supply Corporation, \$6.75; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$5.94; 2 per cent, 10 days.

Item 9.

Porcelain Cleats, 2 Pieces, 1 Wire.

50 No. 2 (2 to 0), Each.—Graybar Electric Company, Incorporated, \$60.50 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 5 cents; General Electric Supply Corporation, \$7 per C. pairs; Eagle Electric Supply Company, Incorporated, 4.32 cents; Massachusetts Gas and Electric Light Supply Company, 3.95 cents.*

50 No. Two and One-Half (0 to 000), Each.—Graybar Electric Company, Incorporated, \$77 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 6 cents; General Electric Supply Corporation, \$8.60 per C. pairs; Eagle Electric Supply Company, Incorporated, 5.46 cents; Massachusetts Gas and Electric Light Supply Company, 5.15 cents.*

50 No. 3 (000 to 200,000), Each.—Graybar Electric Company, Incorporated, \$99 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 7.5 cents; General Electric Supply Corporation, \$10.60 per C. pairs; Eagle Electric Supply Company, Incorporated, 7.03 cents; Massachusetts Gas and Electric Light Supply Company, 6.32 cents.*

20 Five Eighths-Inch by 000 175-Ampere 2-hole Soldering Lugs, "Sherman" Pattern, Each.—Graybar Electric Company, Incorporated, \$117 per M.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 11 cents; General Electric Supply Corporation, 15 cents; Eagle Electric Supply Company, Incorporated, 11.25 cents; Massachusetts Gas and Electric Light Supply Company, 10 cents.*

Total, Item, 9.—Graybar Electric Company, Incorporated, \$14.17; 2 per cent, 10 days, except last item, 1 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$11.15; 2 per cent, 10 days; General Electric Supply Corporation \$16.10; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$10.65; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$9.72; 2 per cent, 10 days.

Item 10.

1 G. E. Recording Voltmeter C-R 28-1, 8-Day Clock, 7-day Dial, 115-Volt, 60-Cycle A. C., Each.—Graybar Electric Company, Incorporated, \$94.50, net; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$46.62; 2 per cent, 10 days; General Electric Supply Corporation, \$81.90; net.

Item 12.

"Dunco" Relays.

4 Type C. S. B. T., 8 Contacts for 115-Volt, 60-Cycle, 8-Ampere, 3-Way Control Circuit, Each.—Graybar Electric Company, Incorporated, \$8*; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$8.80; Eagle Electric Supply Company, Incorporated, \$8.80.

4 Type ADBT8-D. P., S. B., 115-Volt, 60-Cycle, 30-Ampere, Front Contacts, Each.—Graybar Electric Company, Incorporated, \$8*; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$8.80; Eagle Electric Supply Company, Incorporated, \$8.80.

4 Type H3, Hinged Covers for ADBT8, Each.—Graybar Electric Company, Incorporated, \$1.75*; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.65; Eagle Electric Supply Company, Incorporated, \$1.65.

Total, Item 12.—Graybar Electric Company, Incorporated, \$71*; 1 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$77; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$77; 1 per cent, 10 days.

Item 13.

200 Feet One-Inch by One-Eighth Inch Flat Copper, Per C. Feet.—Graybar Electric Company, Incorporated, 22 cents a pound, 97 pounds; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$10; Massachusetts Gas and Electric Light Supply Company, \$10.*

100 One-Half Inch by One-Quarter Inch, 20 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$2.12 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.85 a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 60 cents.*

100 Three-Quarter Inch by One-Quarter Inch, 20 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$2.52 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2.15 a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 70 cents.*

100 One and One-Quarter Inch by One-Quarter Inch, 20 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$3.48 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3.10 a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 93 cents.*

100 One-Quarter Inch 20 Brass Hex Nuts, Per C.—Graybar Electric Company, Incorporated, \$1.69 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.50 a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 48 cents.*

100 Three-Quarter Inch No. 8 32 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$1.04 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, 90 cents a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 34 cents.*

100 One and One-Quarter Inch No. 8 32 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$1.52 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.40 a lot, one gross to

be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 46 cents.*

100 2-Inch No. 8 32 Brass R. H. Machine Screws, Per C.—Graybar Electric Company, Incorporated, \$2.20 a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2 a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 62 cents.*

100 No. 8 32 Brass Hex Nuts, Per C.—Graybar Electric Company, Incorporated, 78 cents a gross in gross lots; Wetmore-Savage Division of Westinghouse Electric Supply Company, 65 cents a lot, one gross to be supplied on each item; Massachusetts Gas and Electric Light Supply Company, 27 cents.*

Total, Item 13.—Graybar Electric Company, Incorporated, \$32; 2 per cent, 10 days, except first item 1 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$33.55; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$24.40*; 2 per cent, 10 days.

Item 14.

50 No. 2020 National Flush Devise Boxes, Each.—Graybar Electric Company, Incorporated, \$8.25 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 7.5 cents*; General Electric Supply Corporation, \$8.30 per C., SP5800; Eagle Electric Supply Company, Incorporated, \$8.38 per C., 10 per cent; Massachusetts Gas and Electric Light Supply Company, 7.5 cents.

20 No. 2701 National Octagon Outlet Boxes, Sherardized, and Knockouts all Three-Quarter Inch, 2-Bottom Plus 4 Sides, Each.—Graybar Electric Company, Incorporated, \$8 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 7 cents; General Electric Supply Corporation, 8 cents*, SP54151; Eagle Electric Supply Company, Incorporated, \$8.13 per C.; 10 per cent; Massachusetts Gas and Electric Light Supply Company, 9 cents.

10 No. 457 "Hubble" Weather-proof Outlet Box Receptacles, Mounted in 4-Inch Round Cover, Each.—Graybar Electric Company, Incorporated, \$14.70 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 11.5 cents; General Electric Supply Corporation, 14.7 cents*; Eagle Electric Supply Company, Incorporated, \$12.60 per C.; Massachusetts Gas and Electric Light Supply Company, 11.5 cents.

10 No. 9575 "Hubble" Bakelite Convenience Outlets, Each.—Graybar Electric Company, Incorporated, \$17.40 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 16 cents; General Electric Supply Corporation, 18 cents*, G. E. 2679; Eagle Electric Supply Company, Incorporated, 18 cents; Massachusetts Gas and Electric Light Supply Company, 16 cents.

10 No. 7703 "Hubble" Flush Toggle Switch, Each.—Graybar Electric Company, Incorporated, \$60.90 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 57 cents; General Electric Supply Corporation, 32 cents*, G. E. 2514; Eagle Electric Supply Company, Incorporated, 73.5 cents; Massachusetts Gas and Electric Light Supply Company, 57 cents.

20 No. 2020 National Steel Box Covers, 10 Each of No. 20C and 10 Each of 20E, Each.—Graybar Electric Company, Incorporated, \$5.75 per C.; Wetmore-Savage Division of Westinghouse Electric Supply Company, 7 cents; General

Electric Supply Corporation, 5.9 cents*; Eagle Electric Supply Company, Incorporated, \$5.94, 10 per cent; Massachusetts Gas and Electric Light Supply Company, 3.5 cents.

Total, Item 14.—Graybar Electric Company, Incorporated, \$16.18; National items, 5 per cent, 10 days, Hubble items, 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$15; 2 per cent, 10 days; General Electric Supply Corporation, \$13.40*; National items, 5 per cent, 10 days, Hubble items, 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$16.71; National items, 5 per cent, 10 days, Hubble items, 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$14.70; National items, 5 per cent, 10 days, Hubbell items, 2 per cent, 10 days.

Item 15.

1 Faraday Signal Buzzer, Catalogue No. 99TD, Inclosed, 115-Volt, 60-Cycle, Each.—Graybar Electric Company, Incorporated, \$2; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2*; General Electric Supply Corporation, \$2; Eagle Electric Supply Company, Incorporated, \$2.40, 110-volt; Massachusetts Gas and Electric Light Supply Company, \$2.

2 Lungen Buzzers, No. 1 Size, Each.—Graybar Electric Company, Incorporated, \$1.08; Wetmore-Savage Division of Westinghouse Electric Supply Company, 90 cents*; General Electric Supply Corporation, 90 cents; Eagle Electric Supply Company, Incorporated, \$1.08; Massachusetts Gas and Electric Light Supply Company, 90 cents.

Total, Item 15.—Graybar Electric Company, Incorporated, \$4.16; 5 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3.80*; 2 per cent, 10 days; General Electric Supply Corporation, \$3.80; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$4.56; 5 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$3.80; 2 per cent, 10 days.

Item 16.

2 No. 39411 "Square D" 4-Circuit Fuse Cabinets, Surface Mounting, Each.—Graybar Electric Company, Incorporated, \$1.45; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.37; General Electric Supply Corporation, No. 2904 Trumble, \$1.60; Eagle Electric Supply Company, Incorporated, \$2.90, 5 per cent; Massachusetts Gas and Electric Light Supply Company, \$1.35.*

Total, Item 16.—Graybar Electric Company, Incorporated, \$2.90; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2.74; 2 per cent, 10 days; General Electric Supply Corporation, \$3.20; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$3.19; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$2.70*; 2 per cent, 10 days.

Item 17.

2 G. E. Type C. R. Magnetic Switches, Catalogue CR. 7006-D30B, Each.—Graybar Electric Company, Incorporated, \$26.88; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$25.56; General Electric Supply Corporation, \$24.44*; Eagle Electric Supply Company, Incorporated, \$30.80, 16 per cent, Cutler-Hammer H740, No. 9586.

Total, Item 17.—Graybar Electric Company, Incorporated, \$53.76; net; Wetmore-Savage Division of Westinghouse

Electric Supply Company, \$51.12; 2 per cent, 10 days; General Electric Supply Corporation, \$48.88*; net; Eagle Electric Supply Company, Incorporated, \$51.74; net.

Item 18.

1 Mercoid No. 46 Lever Arm Control, Graybar Company or Wetmore-Savage, Each.—Graybar Electric Company, Incorporated, \$6.05*; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$10; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$8.80; 2 per cent, 10 days.

Item 19.

1 Mercoid No. 71 Pressure and Low Water Control, Graybar Company or Wetmore-Savage, Each.—Graybar Electric Company, Incorporated, \$21.45; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$20; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$18*; 2 per cent, 10 days.

Item 20.

24 Enameled Metal Signs, To Read: "Danger," Each.—Graybar Electric Company, Incorporated, \$1.65; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.50*.

Total, Item 20.—Graybar Electric Company, Incorporated, \$39.60; net; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$36*; 2 per cent, 10 days.

Item 21.

12 No. 702 Sargent Cast Brass Padlocks, Self-Locking, Quarter-Turn Shackle, Each.—Wetmore-Savage Division of Westinghouse Electric Supply Company, 25 cents.*

Total, Item 21.—Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3*; 2 per cent, 10 days.

Item 22.

100 One and One-Half Inch by One-Quarter Inch Round-Head Iron Stove Bolts, Per C.—Graybar Electric Company, Incorporated, 82 cents a gross*; Wetmore-Savage Division of Westinghouse Electric Supply Company, 66 cents; Massachusetts Gas and Electric Light Supply Company, 82 cents.

100 One Inch by One-Quarter Inch Round-Head Iron Stove Bolts, Per C.—Graybar Electric Company, Incorporated, 69 cents a gross*; Wetmore-Savage Division of Westinghouse Electric Supply Company, 56 cents; Massachusetts Gas and Electric Light Supply Company, 70 cents.

100 One and One-Half by Three Sixteenths Inch Round-Head Iron Stove Bolts, Per C.—Graybar Electric Company, Incorporated, 50 cents a gross*; Wetmore-Savage Division of Westinghouse Electric Supply Company, 40 cents; Massachusetts Gas and Electric Light Supply Company, 50 cents.

100 One Inch by Three Sixteenths Inch Round-Head Iron Stove Bolts, Per C.—Graybar Electric Company, Incorporated, 41 cents a gross*; Wetmore-Savage Division of Westinghouse Electric Supply Company, 33 cents; Massachusetts Gas and Electric Light Supply Company, 40 cents.

Total, Item 22.—Graybar Electric Company, Incorporated, \$1.65*; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.95; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$2.42; 2 per cent, 10 days.

Item 23.

2 Pounds Three-Quarter Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 10 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 8 cents.*

4 Pounds Five-Eighths Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 10 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 8 cents.*

4 Pounds One-Half Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 10 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 8 cents.*

2 Pounds Three-Eighths Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 11 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 10 cents.*

2 Pounds Five-Sixteenths Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 12 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 10 cents.*

2 Pounds One-Quarter Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 13 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 11 cents.*

2 Pounds Three-Sixteenths Inch Flat Iron Washers, Per Pound.—Graybar Electric Company, Incorporated, 14 cents; Wetmore-Savage Division of Westinghouse Electric Supply Company, 27 cents.*

Total, Item 23.—Graybar Electric Company, Incorporated, \$2; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$1.96*; 2 per cent, 10 days.

Item 24.

200 One-Quarter Inch 20-Lead Expansion Machine Screw Anchors, Per C.—Graybar Electric Company, Incorporated, \$2.16; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$2; General Electric Supply Corporation, \$3.60; Eagle Electric Supply Company, Incorporated, \$2.265; Massachusetts Gas and Electric Light Supply Company, \$1.80*.

Total, Item 24.—Graybar Electric Company, Incorporated, \$4.32; 5 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$4; 2 per cent, 10 days; General Electric Supply Corporation, \$7.20; 2 per cent, 10 days; Eagle Electric Supply Company, Incorporated, \$4.53; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$3.60; 2 per cent, 10 days.

Item 25.

4 No. 2 Standard Square Taper Shank Drills.

1 Eleven-Sixteenths Inch No. 2 Shank, 1 Seven-Sixteenths Inch No. 2 Shank, 1 Three-Eighths Inch No. 2 Shank, 1 Five-Sixteenths Inch No. 2 Shank.—Graybar Electric Company, Incorporated, \$3.50 for lot*; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$3.60 for lot, 2 per cent, 10 days.

Item 26.

1 No. 41 Beaver Die Stock, Two and One-Half Inches to Four Inches Geared.—Graybar Electric Company, Incorporated, \$47.50; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$15; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, \$50; 2 per cent, 10 days.

Item 27.

1 Black and Decker 6-Inch Ball Bearing Bench Grinder, 115-V., A. C., 36 R. P. M., Each.—Graybar Electric Company, Incorporated, \$24*; 2 per cent, 10 days; Wetmore-Savage Division of Westinghouse Electric Supply Company, 3,600 R. P. M., \$33.60; 2 per cent, 10 days; General Electric Supply Corporation, \$42, Type G; 2 per cent, 10 days; Massachusetts Gas and Electric Light Supply Company, Dichl, 3450, \$14; 2 per cent, 10 days.

Total, Item 32.—Graybar Electric Company, Incorporated, \$16.40; net; Wetmore-Savage Division of Westinghouse Electric Supply Company, \$11.50*; 2 per cent, 10 days.

* Contract awarded.

Upon September 24 the Mayor approved a contract with Francis L. Cronin Company for 750 cords of wood for the Overseers of the Public Welfare. Bids, opened August 19, were as follows:

Privilege of purchasing on same terms and conditions extended to August 15, 1936. Prices f. o. b. Boston. Wood to be delivered in carload lots, as required.

Approximately 325 Cords Hard Wood, Per Cord.—Charles H. Emerson, \$10.75; Francis L. Cronin Company, \$10.70.

Approximately 425 Cords Soft Pine Wood, Per Cord.—Charles H. Emerson, \$6.25; Francis L. Cronin Company, \$6.20.

Total.—Charles H. Emerson, \$6,150; Francis L. Cronin Company, \$6,112.50.

Upon September 25 the Mayor approved a contract with Dwinell-Wright Company for six months' supply of coffee for the various city institutions. On the requirements at the Boston City Hospital, Long Island Hospital, and Mattapan Sanatorium, the Dwinell-Wright Company of Boston is the low bidder. On the 9,000 pounds of coffee required at Deer Island, the bid of the Dwinell-Wright Company is .69 cent per pound higher than that submitted by the Globe Grocery Company. This difference in price amounts to a total of \$62.10. Samples of coffee submitted by the several bidders have been examined and tested by a coffee expert, and based upon his report the following recommendations were made:

That a contract be placed with Dwinell-Wright Company, Boston, for six months' supply of coffee for the Boston City Hospital, the Long Island Hospital and the Mattapan Sanatorium, because this firm is the low bidder. That a contract also be placed with Dwinell-Wright Company, Boston, for six months' supply of coffee for Deer Island, because the better quality represented by the Dwinell-Wright Company sample, in the opinion of the coffee expert, more than compensates for the slight difference in price of .69 cent per pound in this item.

Privilege of purchasing to March 31, 1936. Approximate amounts on all items. Approximate requirements for six months: 9,000 pounds, Deer Island; 16,200 pounds, City Hospital, 100-pound bags. 17,600 pounds, Long Island Hospital, 100-pound bags. Sanatorium Division, 1,000 3-pound bags ground coffee, paraffin lined; 1,000 1-pound bags ground coffee, paraffin lined. Three months delivery approximately one half above amounts.

Bids, opened September 17, were as follows:

Price Per Pound.

Deer Island.—Shapleigh Coffee Company, three months, 12.25 cents; Dwinell-Wright Company, six months, 12.59 cents; three months, 12.59 cents; The Globe Grocery Company, six months, 11.9 cents, Santos; three months, 11.9 cents, Santos.

City Hospital.—Shapleigh Coffee Company, three months, 14.25 cents; Dwinell-Wright Company, six months, 13.81 cents; three months, 13.81 cents; The Globe Grocery Company, six months, 13.95 cents; three months, 13.95 cents.

Long Island.—Shapleigh Coffee Company, three months, 14.25 cents; Dwinell-Wright Company, six months, 13.81 cents; three months, 13.18 cents; The Globe Grocery Company, six months, 13.95 cents; three months, 13.95 cents.

Sanatorium Division.—Shapleigh Coffee Company, in three-pound bags, three months, 15.25 cents; Dwinell-Wright Company, in three-pound bags, six months, 14.21 cents; in three-pound bags, three months, 14.21 cents; The Globe Grocery Company, in three-pound bags, six months, 14.95 cents; in three-pound bags, three months, 14.95 cents.

Sanatorium Division.—Shapleigh Coffee Company, in one-pound bags, three

months, 15.75 cents; Dwinell-Wright Company, in one-pound bags, six months, 14.28 cents; in one-pound bags, three months, 14.28 cents; The Globe Grocery Company, in one-pound bags, six months, 14.95 cents; in one-pound bags, three months, 14.95 cents.

Cash Discount.—Shapleigh Coffee Company, 2 per cent in auditor's copy; Dwinell-Wright Company, 2 per cent; The Globe Grocery Company, 1 per cent.

Upon September 25 the Mayor approved contracts with low bidders as indicated for furnishing hay, grain and straw to the various city departments during October, 1935. The approximate totals of awards were as follows:

William Culkeen and Sons Company, \$1,400.10; The Whittemore Company, \$837.60; John J. White Company, \$138.90. Total, \$2,376.60.

Bids, opened September 19, were as follows:

Approximate Amounts on All Items. Per Hundredweight.

90,000 Pounds Hay (Large Bales).—Brennan Grain Company, \$1.011; John J. White, 97.5 cents; William Culkeen and Sons Company, 97 cents.*

30,000 Pounds Hay (Small Bales).—Brennan Grain Company, \$1.011; John J. White, 97.5 cents; William Culkeen and Sons Company, 97 cents.*

55,000 Pounds No. 2 White Oats.—Brennan Grain Company, \$1.53; John J. White, \$1.49; The Whittemore Company, \$1.47.*

3,000 Pounds Straw.—Brennan Grain Company, 99.5 cents; John J. White, \$1; The Whittemore Company, 97 cents*; William Culkeen and Sons Company, 97 cents.

6,000 Pounds Bran.—John J. White, \$1.285*; The Whittemore Company, \$1.30; William Culkeen and Sons Company, \$1.35.

2,000 Pounds Cottonseed Meal.—John J. White, \$1.64*; The Whittemore Company, \$1.70; William Culkeen and Sons Company, \$1.65.

2,000 Pounds Linseed Meal.—John J. White, \$1.74; The Whittemore Company, \$1.75; William Culkeen and Sons Company, \$1.70.*

2,000 Pounds Gluten Meal.—The Whittemore Company, \$1.68; William Culkeen and Sons Company, \$1.65.*

2,000 Pounds Cornmeal.—John J. White, \$1.99; The Whittemore Company, \$1.84; William Culkeen and Sons Company, \$1.84.*

1,500 Pounds Cracked Corn.—John J. White Company, \$1.99; The Whittemore Company, \$1.84; William Culkeen & Sons Company, \$1.84.*

500 Pounds Whole Corn.—John J. White Company, \$1.99; The Whittemore Company, \$1.88; William Culkeen & Sons Company, \$1.84.*

500 Pounds Kaffir Corn.—John J. White Company, \$2.25; William Culkeen & Sons Company, \$2.12.*

500 Pounds Wheat.—John J. White Company, \$1.99; The Whittemore Company, \$2; William Culkeen & Sons Company, \$1.88.*

500 Pounds Buckwheat.—John J. White Company, \$2.25; William Culkeen & Sons Company, \$2.05.*

300 Pounds Sunflower Seed.—John J. White Company, \$4.45*; The Whittemore Company, \$5.75; William Culkeen & Sons Company, \$4.50.

100 Pounds White French Millet.—John J. White Company, \$9.45*; William Culkeen & Sons Company, \$9.75.

200 Pounds Hempseed.—John J. White Company, \$3.10*; The Whittemore Company, \$3.75; William Culkeen & Sons Company, \$3.25.

4,000 Pounds Crushed Oats.—John J. White Company, \$1.64; The Whittemore Company, \$1.56; William Culkeen & Sons Company, \$1.50.*

100 Pounds Canary Seed.—John J. White Company, \$5.40; The Whittemore Company, \$6; William Culkeen & Sons Company, \$5.25.*

Cash Discount.—Brennan Grain Company, half of 1 per cent; John J. White Company, half of 1 per cent; The Whittemore Company, half of 1 per cent; William Culkeen & Sons Company, half of 1 per cent.

* Contract awarded.

Upon September 26 the Mayor approved contracts with low bidders for furnishing butter, eggs, etc., to the various city departments during October, 1935. The approximate totals of awards were as follows:

Lewis-Mears Company, \$9,328.92; Armour & Co., \$3,543.98; Doe-Sullivan & Co., Incorporated, \$162; Bolton-Smart Company, Incorporated, \$25.55. Total, \$13,060.45.

Bids, opened September 19, were as follows:

Approximate Amounts on All Items.

694 Cases, 20,820 Dozen Nearby Fresh Henny Eggs, Per Dozen.—Lewis-Mears Company, 40.2 cents*; Doe-Sullivan & Co., Incorporated, 41 cents; Swift & Co., 40.89 cents; Batchelder & Snyder Company, 41.4 cents; Bolton-Smart Company, Incorporated, 43.11 cents.

34 Cases, 1,020 Dozen, Boston First Eggs, Per Dozen.—Lewis-Mears Company, 28.3 cents*; Doe-Sullivan & Co., Incorporated, 30.5 cents; Swift & Co., 29.80 cents; Batchelder & Snyder Company, 34 cents; Bolton-Smart Company, Incorporated, 29.11 cents.

213 Tubs, 13,632 Pounds, 90-Score Butter, Per Pound.—The Borden Sales Company, 27.25 cents; Lewis-Mears Company, 25.9 cents; Doe-Sullivan & Co., Incorporated, 27.5 cents; Armour & Co., 25.87 cents*; Swift & Co., 26.73 cents; Batchelder & Snyder Company, 26.25 cents; Bolton-Smart Company, Incorporated, 27.10 cents.

40 Tubs, 2,560 Pounds, 88-Score Butter, Per Pound.—The Borden Sales Company, 25.75 cents; Lewis-Mears Company, 25.2 cents*; Doe-Sullivan & Co., Incorporated, 26.5 cents; Armour & Co., 25.30 cents; Swift & Co., 25.73 cents; Batchelder & Snyder Company, 25.75 cents; Bolton-Smart Company, Incorporated, 25.68 cents.

35 Boxes Philadelphia Cream Cheese, 12 3-Ounce Packages to Box, Per Box.—Lewis-Mears Company, 80 cents; Doe-Sullivan & Co., Incorporated, 82 cents; Armour & Co., 87 cents; Batchelder & Snyder Company, 79 cents; Bolton-Smart Company, Incorporated, 73 cents.*

1 5-Pound Cake Roquefort Cheese, Per Pound.—Doe-Sullivan & Co., Incorporated, 65 cents; Armour & Co., 60 cents*; Batchelder & Snyder Company, 70 cents; Bolton-Smart Company, Incorporated, 63 cents.

150 Pounds Young America Cheese, Per Pound.—Lewis-Mears Company, 17 cents*; Doe-Sullivan & Co., Incorporated, 18.5 cents; Armour & Co., 17.96 cents; Swift & Co., 19 cents; Batchelder & Snyder Company, 18.75 cents; Bolton-Smart Company, Incorporated, 20 cents.

60 Pounds Pimento Cheese, Per Pound.—Lewis-Mears Company, 24.5 cents; Doe-Sullivan & Co., Incorporated, 25.5 cents; Armour & Co., 23.97 cents*; Swift & Co., 25 cents; Batchelder & Snyder Company, 27 cents; Bolton-Smart Company, Incorporated, 26 cents.

Cash Discount.—Doe-Sullivan & Co., Incorporated, 1 per cent.

Remarks.—Armour & Co., quantities delivered not to exceed 25 per cent of estimates except with bidder's permission; Swift & Co., processing tax clause; Batchelder & Snyder Company, quantities delivered not to exceed 25 per cent of estimates except with written permission of bidder; Bolton-Smart Company, Incorporated, prices not filled out in Supply Department proposal.

* Contract awarded.

CIRCULAR LETTER NO. 30.

CITY OF BOSTON,
MAYOR'S OFFICE, September 18, 1935.

To the Heads of Departments, Including County Officials.

GENTLEMEN,—The forms to be used in the preparation of departmental budget estimates for the year 1936 are now available and may be obtained at the Budget Department, 47 City Hall. These forms should be secured at once and preparation of budget estimates for the new fiscal year started immediately.

Departmental estimates are to be returned to the Budget Department in accordance with the provisions of section 23, chapter 3, of the Revised Ordinances, namely, "on or before the first day of November." This Ordinance provision must be strictly observed by department heads. Because of the change in the tax year from April 1 to January 1, and the accompanying advance in the date of the declaration of the tax rate, it is essential that the work of reviewing departmental budget estimates be completed before the beginning of the new fiscal year. Since this review involves the study and examination of 100 divisional and departmental estimates and the holding of conferences with department heads and officials, it must be evident that an early start is absolutely necessary if the work is to be completed on time. In order to permit this early start it will be necessary to insist on submission of budget estimates by department heads not later than November 1. The cooperation of department heads is urgently requested in this respect.

In view of the probability of increased commodity prices in 1936, it is suggested that department heads and officials confer with the Superintendent of Supplies and ascertain the estimated trend of prices in advance of the preparation of their estimates.

Estimates covering Personal Service should not contain recommendations for new positions or salary increases, with the exception of sliding scale increases. These latter are to be computed as of January 1, 1936, except in the Fire and Police Departments, where sliding scale increases for privates and patrolmen will be computed from the anniversary dates. Increases are to be recommended only for those groups and positions where sliding scales have been definitely recognized and provided for in the budgets of the last two years. Only those below the maximum of the different groups may be recommended for sliding scale increases.

In view of existing conditions it is hardly necessary for me to point out to department heads the necessity for using the utmost care in the preparation of departmental estimates. These estimates when finally compiled for submission to the City Council will represent approximately 50 per cent of the total amount to be raised by taxation during 1936 for the maintenance of municipal activities. Because of the important influence, therefore, that the budget when finally adopted will have upon the tax rate for 1936, it is desirable that budget estimates as submitted by department officials should represent the irreducible minimum required for the rendition of efficient service to the public.

Attention is expressly directed to the specific instructions for filling out estimate sheets listed on the following pages.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

FEINBERG NAMED TO WELFARE BOARD BY MAYOR MANSFIELD.

The Mayor has appointed Philip J. Feinberg of 18 Tremont street, living at 2025 Commonwealth avenue, Brighton, to be a member of the Board of Overseers of the Public Welfare, to fill the unexpired term of Felix Vorenberg who has resigned. Mr. Feinberg is a practising attorney, prominent in many civic organizations, and was one of the original directors of the Jewish Welfare Center of the West End for many years.

CITY OF BOSTON BONDS.

Bids were asked today upon \$7,000,000, divided as follows: \$4,000,000 dated September 30, 1935, and due July 10, 1936, and \$3,000,000 dated September 30, 1935, and due September 28, 1936. Both lots have been sold to a syndicate represented by Brown Harriman & Co., Incorporated, made up of the following companies: First Boston Corporation, Kidder Peabody & Co., Stone Webster & Blodgett, R. W. Pressprich & Co., and Northern Trust Company.

The first lot of \$4,000,000 was sold at the annual rate of 1.08 per cent plus \$66 and the second lot of \$3,000,000 for 1.22 per cent plus \$66.

This is considered a very favorable figure. It averages 1.145 as against 1.17 for a similar borrowing one year ago.

Another syndicate, headed by Halsey Stuart & Co., Incorporated, and composed of the following companies, Bancamerica-Blair Corporation, Hemphill Noyes & Co., Stranahan Harris & Co., Incorporated, and G. M. P. Murphy & Co., bid 1.52 plus \$45 for the first lot and 1.79 plus \$45 for the second lot.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Cranston road, West Roxbury district, as a highway, from Church street to Parklawn road, with the name of Courtney road or some other distinctive name, bounded and described as follows:

A highway named Courtney road is hereby laid out, from Church street to Parklawn road, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Church street and Willowdean avenue: Westerly by Church street, forty and 6-100 feet; northerly by the northerly line of said Courtney road as hereby laid out, seven hundred eighty-one and 57-100 feet; easterly by Willowdean avenue, forty-eight and 91-100 feet; and southerly by the southerly line of said Courtney road as hereby laid out, seven hundred fifty-one and 32-100 feet.

Part between Willowdean avenue and Parklawn road: Westerly by Willowdean avenue, forty-nine and 44-100 feet; northerly by the northerly line of said Courtney road as hereby laid out, one hundred fifty-six and 65-100 feet on a curve of four hundred and ten feet radius; northwesterly by the northwesterly line of said Courtney road as hereby laid out, thirty and 80-100 feet on a curve of twenty feet radius; easterly by Parklawn road, seventy-eight and 45-100 feet on a curve of nine hundred ninety-five and 37-100 feet radius; southwesterly by the south, westerly line of said Courtney road as hereby laid out, thirty and 41-100 feet on a curve of twenty feet radius; and southerly by the southerly line of said Courtney road as hereby laid out, one hundred sixty-nine and 71-100 feet on a curve of three hundred and seventy feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Courtney road (formerly Cranston road), West Roxbury district, as a highway, from Church street to Parklawn road, under the order of the Board of September 18, 1935, and awards no damages therefor.

AUDITOR'S REPORT READY.

Copies of the Auditor's Report for the financial year 1934 are now available. This report varies considerably in material and makeup from similar reports issued in former years. The more important changes and new material reflected in the report are as follows:

1. The complete financial transactions of the city for the year have been brought together in a consolidated and condensed statement which exhibits on one page balances in the treasury at the beginning of the year, receipts and expenditures during the year, and balances remaining in the treasury at the close of the year, all grouped under headings reflecting major activities. This state-

ment is supplemented by a detailed itemization of the balances remaining in the various groups at the close of the year.

2. Presentation for the first time in any financial report of the city of balance sheets as at the beginning and close of the financial year. These balance sheets have been prepared in accordance with the system of accounting set up by the Division of Accounts of the Commonwealth.

3. The report is approximately sixty pages smaller than the report issued for 1933. This reduction has been secured by the elimination of the cumbersome detail presented in connection with City Debt in previous reports. In place of this mass of detail a consolidated statement is incorporated in the report which shows on one page by objects for which debt is issued, the status of debt at the beginning of the year, the amount of debt issued and the amount paid off during the year, and the debt status at the close of the year. The elimination of the detail carried in previous years was deemed advisable, since a survey of the financial reports of the other large cities of the country clearly indicates that no other city has deemed it necessary to show in complete detail the character of each issue of debt. The detail omitted is carried on the records of the Auditing Department, and may be readily secured by anyone interested in a detailed study of the character of Boston's debt.

4. The material in the report has been arranged under eight divisional headings, and by carrying in the respective divisions statistics and information of a closely allied nature, it has been possible to simplify in a material degree the index appearing at the end of the report.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted March 14, 1935, and were effective March 23, 1935, for a trial period of three (3) months, and were extended for three (3) months from June 23, 1935, are hereby extended for a further trial period of three (3) months from September 23, 1935:

On Saturdays and the day immediately preceding a public holiday, parking of vehicles is prohibited in the following streets during the hours indicated:

Faneuil Hall Square.

North side, southerly arm, 5 p. m. to 12 p. m.

South side, northerly arm, 5 p. m. to 12 p. m.

North Street.

South side, from Cross street to Dock square, 2 p. m. to 12 p. m.

North Market Street.

South side, from Commercial street to Merchants row, 5 p. m. to 12 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of emergency resulting from building collapse, estimated to be four (4) days, vehicles are excluded from Hollis street, between Tremont street and Washington street, effective September 19, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of building moving, estimated to be four (4) days, vehicles are excluded from Walnut

street, Dorchester, between Old Colony Boulevard and Redfield street, effective September 20, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 24, 1935, and was effective June 26, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from September 26, 1935:

The operator of a vehicle shall not make the following left turn:

Cross Street.

Into Hanover street, southwesterly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Jewish holidays, vehicles are excluded from the following streets:

Ashton Street.

Between Balsam street and Livingston street.

Woodrow Avenue.

Between Blue Hill avenue and Lucerne street.

The above rules are effective on the following days:

From 6 p. m. September 27, 1935, to 6 p. m. September 29, 1935.

From 6 p. m. October 7, 1935, to 6 p. m. October 8, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 24, 1935, and was effective June 25, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from September 25, 1935:

Parking of vehicles is prohibited in the following street:

Cross Street.

Northeast side, from Hanover street to Haymarket square.

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING TRUCKS FOR CARTAGE.

The Overseers of the Public Welfare of the City of Boston invite proposals for furnishing trucks according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for one hundred (100) dollars payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, October 9, 1935, at which time and place they will be publicly opened and read. A duplicate proposal without check must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,

(Sept. 28.) JAMES A. McMURRY,
Chairman.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER,
TENTH FLOOR.

PROPOSALS FOR SEMI-BITUMINOUS NUT AND SLACK COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing semi-bituminous nut and slack coal required for certain school buildings from June 16, 1935, to December 31, 1935, deliveries to be continued until June 15, 1936, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked, "Proposal for Furnishing Semi-Bituminous Nut and Slack Coal for Certain Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for twenty-five dollars (\$25) for each district bid for, seventy-five dollars (\$75) for the three districts, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, October 7, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows:

District.	Semi-Bituminous Nut and Slack Coal.
5. Dorchester.....	300 tons.
6. Charlestown.....	235 tons.
7. Brighton.....	130 tons.
Total.....	665 tons.

(Sept. 28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FORD CARS.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department and the Public Works Department, Water Division, Ford cars as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, October 10, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.
(Sept. 28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING RELAY PANELS AND PARTS.

The Supply Department of the City of Boston invites proposals for furnishing relay panels and parts to the Public Works Department, Summer Traffic Tunnel. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m. on Friday, October 11, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.
(Sept. 28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MILK, CREAM, ETC.

The Supply Department of the City of Boston invites proposals for furnishing milk, cream, etc., to the various city departments, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., Tuesday, October 8, 1935, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.
(Sept. 28.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR LEASE OF BOAT YARD PRIVILEGE AT MALLOCH'S WHARF, DORCHESTER.

The Board of Park Commissioners invites proposals for leasing for a term of five years the boat yard privilege at Malloch's Wharf, off Freeport street, Dorchester. All proposals must be submitted on the form obtained at the office of the Park Commissioners, 33 Beacon street, Boston. Proposals must be left before two o'clock p. m., on Friday, October 4, 1935, at the said office, with a certified check for \$50, payable to and to be the property of the city if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the proposals. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENKREFFER,
JOHN J. MARTIN,
Commissioners.
(Sept. 21-28.)

REVISED ADVERTISEMENT.

CITY OF BOSTON.

TRUSTEES OF THE GEORGE ROBERT WHITE FUND.

PROPOSALS FOR WADING POOL.

The City of Boston Trustees of the George Robert White Fund invite sealed proposals for the construction of a wading pool, together with grading, etc., on lot adjacent to the George Robert White Fund Health Unit No. 7, bounded by Whittier, Downing, Vernon and Hampshire streets, Roxbury, and giving bond of a surety company therefor in the sum of forty-five (45) per cent of the estimate. Only proposals obtained at the office of the Manager of Real Estate of the George Robert White Fund, Room 1005, City Hall Annex, Boston, Mass., signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Whittier Street Wading Pool," and left before 2 o'clock p. m. of October 11, 1935, at the office of the Manager of Real Estate, with certified check for \$2,500, payable to the trustees if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other, without check, to be filed with the City Auditor, City Hall, Boston, before 2 p. m. of the date given above for receiving proposals. Trustees reserve the right to reject any and all proposals or to accept any proposal which in the opinion of the trustees they may deem best to their interest. Plans and specifications may be obtained at the office of the Manager of Real Estate of the George Robert White Fund, 1005 City Hall Annex, on and after 12 o'clock m. September 30, 1935. All plans and specifications must be returned in good condition to Room 1005, City Hall Annex, at the time of filing bids. Contractors desiring to bid must notify the Manager of Real Estate in writing on or before October 5, 1935, so that one set of plans and specifications may be ready for them. A deposit of \$25 will be required for each set of plans and specifications taken out for estimating, same to be refunded on return of plans in good condition. No plans or specifications will be available after October 5, 1935.

(Sept. 28—Oct. 5.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SPRINKLER SYSTEMS FOR FERRYBOATS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing sprinkler systems on four ferryboats. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sprinkler Systems for Ferryboats," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, October 4, 1935, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (\$2) dollars for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSHUA WOOD,
Acting Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, OCTOBER 5, 1935.

No. 40

OPPORTUNITIES FOR SECURING BARGAINS IN REAL ESTATE NEVER BETTER THAN THEY ARE TODAY — MAYOR MANSFIELD BROADCASTS INFORMATION AND ADVICE TO CITIZENS, ESPECIALLY WOMEN WHO SEEK TO SAFEGUARD THEIR FAMILIES AND WHO BUDGET EARNINGS OF HUSBANDS AND THOSE OF HOUSEHOLD WHO LABOR — MARKET IS LOW AND TIME FOR INVESTMENTS VERY PROPITIOUS, HE WARNS.

The following is the radio address of Mayor Mansfield over station WNAC, October 1, on the matter of bargains in real estate:

With the return to standard time, the abandonment of daylight saving, the smell of burning leaves in the air, the putting of the old straw hat on the shelf, and the resurrection of the good old woolen blanket— the people know that summer is over and that it will not be long before winter comes. And with the coming of this winter season of 1935-1936 it is natural for all of us, and especially those of us who are charged with official responsibilities and duties, to compare our present condition and our immediate future prospects with those that confronted us only one short year ago.

On the 1st of October in 1934 the outlook for the fall and winter was far from bright. Indeed, it was most discouraging and disheartening. We were then in the fifth year of a depression which the political leaders of the times had told us only a few years before was merely a temporary phase, and would last only a few months. But the country had learned to its sorrow that instead of lasting only three months the depression, after three years, was still gaining in impetus and momentum and that instead of waning it was waxing strong, growing worse, and the suffering becoming far more general and more keenly felt.

Thus, only one year ago the forebodings were dark and we entered upon the fall and winter season with grave misgivings. But the past year has shown a remarkable change. Everywhere there are evidences that we have touched the very bottom of the depression and that we are on the climb upward. Of course we are by no means out of the woods and there will probably be a period of from three to five years before we are back to normal again and enjoying the same prosperity that we enjoyed before the disastrous fall of 1929. But, nevertheless, the improvement is not only apparent but real, and reports not only from all parts of the United States but from most of the leading industrial centers of the world, seem to indicate that the progress upward, like the depression, is world-wide, general in its scope, and not confined to any one nation or continent.

Depression Days Passing.

At a recent convention of men vitally interested in distribution of commodities and wealth, almost every speaker referred to the evidences multiplying on every hand that the blackest days of the depression were over. A well-known financier from London who has been in this country for some months studying the conditions here saw unmistakable signs of an improvement which, in his opinion, was to be permanent and not merely a temporary condition. In his judgment it would take about two and one-half years more for the full effect of the rising tide of prosperity to be felt in this country, but, based upon his observations in England during the worst of the depression there, he was sure that the lowest point had been passed and that the pendulum was swinging gradually upward toward prosperity and better times.

Business reports generally are to the same effect. In some lines of industry the volume of business has been the greatest ever known and in some particular firms the best records of all past years have been exceeded. This does not mean, necessarily, that the profits have been greater. Indeed, in some cases, although the volume has been tremendously increased, there have been no profits, but this is the result of other forces and is in no way traceable to the effects of the industrial depression through which we have passed and from which it now appears we are emerging.

I do not pretend to be an industrial prophet. My views as to what the next few years have in store for the people in this country would probably prove very uninteresting. But, nevertheless, for what they are worth, I have an opinion about these things. Thus, for example, I am absolutely certain in my own mind that business is on the upgrade, that times are easier now than they were a year ago, and that they will grow progressively better as the months roll by. I know, too, that I face the coming fall and winter with far more confidence than I did the winter of 1934-1935. And I know that we will not have such a hard struggle to supply every needy person with food, shelter and clothing this winter as we had one year ago. The outlook is much brighter. The financial position of the city, notwithstanding all we have been through and the increase in our taxes, is probably better now than it ever has been in its history, if we are to judge by the bids received from bankers and investment houses for City of Boston obligations.

(Continued on page 122)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 7, 1935, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, October 7, 1935, at 7.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending September 28, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 143; nonresidents, 38; total, 181.

Death rate per 1,000 of population: All deaths, 11.79; nonresidents deducted, 9.31.

Death rate per 1,000 of population:

Last week, 12.44; corresponding week last year, 10.13.

Deaths by age periods, sex, etc.: Under one year, 9; one year to four years, inclusive, 2; sixty years and over, 88; Total deaths: Male, 100; female, 81; deaths in hospitals and institutions, 118; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

BROADCAST BY MAYOR.*(Continued from page 1225.)*

But all of this talk is merely general. It is to provide background for the real message which I have to deliver to you today. And I am addressing myself to all of the people of Boston, but particularly to the women of the city and to the women city employees. There are hundreds of faithful women city workers who have given years of loyal service to the City of Boston. There are many more hundreds of faithful loyal women who are citizens of Boston who have faith in the city and in its future. I am addressing the women particularly, because, regardless of how men may think, they are the bosses of the household; the women usually manage affairs and to a large extent control the purse-strings of their homes. They are the ones who worry most about the future. They are the ones who lay aside the proverbial dollar for the well-known rainy day that is bound to come to all of us. They are the faithful souls who by their thrift and wise management have been able to lay by a little money for an emergency or possibly for a good investment.

GOOD INVESTMENTS.

And that is what I am coming to — a good investment. For now there is an opportunity for the women of Boston to make excellent investments which I think will be absolutely sound and which will grow with the growth and prosperity of our beloved city. I refer particularly to the opportunities that are now at hand to invest in real estate. At the present time the real estate market is very low. Properties have been sacrificed by persons who could no longer hold them, and the city is full of bargains which will rapidly disappear. Because, if I am right in my views that we are on the road to better times and to comparative prosperity within a few years, then it is inevitable that real estate will follow the general trend and that it will rise in value. Let me urge upon all of the women, then, the advisability of considering very seriously the investment of some of their funds in Boston real estate. Such an investment would not only, in my opinion, be sound for them, but it would be of tremendous help to the city. It would mean that many vacant properties would be occupied again. It would stimulate building and it would help the building trades. It would give work to thousands of citizens now unemployed and relying in a large part upon public welfare funds for the necessities of life. It would mean a general increase in the prosperity of our city and would be, in my opinion, as reasonable as any investment could be at the present time. And it would make for better citizenship. After all, the best citizen is one who has a stake in the government. And the best citizen of a city is one who has a stake in the city government—who has some property which he owns and calls his own. It would increase patriotism and would stimulate a healthy interest on the part of all of our citizens in the government of the city. It would mean a gradual reduction in taxes and would be just one more element tending to bring back once more the prosperous days that we knew before 1929.

I think it was Calvin Coolidge who said that no man would take up arms in defence of a boarding house. Probably that is true. But if a man owns his own home and lives there comfortably and quietly among domestic surroundings

which he has grown to love, it would not take much for him to go to the defence of his home. That was the rallying cry at Concord Bridge—that the foreign soldiers stood between the embattled farmers and their homes.

If we could all be home owners instead of merely boarders or lodgers, what a wonderful improvement we would see in our city. Indifference to unclean streets would disappear. Civic pride would take the place of careless disregard for public appearances. It has been said that only about 25 per cent of the residents of Boston own their own homes, whereas in Philadelphia and similar cities the percentage is double that. It is probably true that Boston has the smallest percentage of home owners of all the large cities in the country. There are, of course, many reasons for this. High taxes is one of them. But if we can get our people not only to live here but to own homes here, I think one of the direct results would be a substantial improvement in the tax situation.

This is not intended as a political speech and has no politics in it. It is merely the opinion of the Chief Executive of your city, given to you for what it may be worth, but with the hope that it may stimulate thought which may ripen into action, to the end that more of our citizens will live in their own homes.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 91-93-95 B street, Ward 6, is in an unsafe and dangerous condition; dilapidated and a fire hazard. The tax title held by the city on this property has been foreclosed, and the building is now the property of the City of Boston.

The building at 20 Heath avenue, Ward 10.

The building at 29 Rochester street, Ward 3.

The building at 8 Decatur street, Ward 2.

The building at 22½ Chambers street, Ward 3, is in a dilapidated condition, windows broken, clapboards falling off and boarding exposed, building vacant. The owner, Alice Pendleton of 71 Joy street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner states that she is financially unable to pay for the razing of this building.

The building at 127 Gerard street, Ward 8.

The building at 40-52 Warren avenue, Ward 2, badly damaged by fire, unsafe and dangerous. The owner, Amy P. Wild *et al.*, care of Prescott Wild of 500 Columbia street, Somerville, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner informs us that there are no funds in the estate to pay for the razing of this building.

The building at 317 Athens street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owners, Joseph S. and Sarah Balaban of 392 West Broadway, South Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports, that after investigation, he found that the owners were unable to pay for the razing of this building.

The building at 11 Armory street, Ward 2, the windows broken and missing, open to trespass. Fire in this building on September 12, 1935, burned through the outside wall. Fire hazard. The owner, Harcastle C. Allison of 543 Main street, Malden, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. A representative of the owner states that he is unable to pay for the razing of this building.

The building at 77 Clapp street, Ward 7, is in an unsafe and dangerous condition; dilapidated and a fire hazard. The owner, George V. Wottendorf of 701 Columbia road, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 6 Decatur street, Ward 2, open to trespass; a fire menace; rear wall bad; clapboards off; door open; window broken. The building was owned by Ellen Grimes, now deceased, and a notice of the unsafe condition was posted on the external wall of the building. On October 1, 1935, at 2.30 p. m., the inspector visited the premises and found the building to be in such a dangerous condition that it was necessary to move a wrecking crew, that was working on the building at 8 Decatur street, to start work at once to demolish the building at 6 Decatur street, Ward 2.

RETIREMENT BOARD REPORT.

September 30, 1935.

To the Auditor.

At meetings of the Boston Retirement Board held on September 16, 25 and 27, the retirement from active service of the following-named members of the Retirement System, was approved, to become effective at the close of business September 30, 1935:

FIRE DEPARTMENT.

Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 18, at 12 m.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Madison avenue, Dorchester district, as a highway, from Willowwood street westerly, with the name of Marden street or some other distinctive name, bounded and described as follows:

A highway named Marden avenue is hereby laid out, from Willowwood street westerly for a distance of approximately two hundred and seventy feet and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Willowwood street, forty and 4-100 feet; southerly by the southerly line of said Marden avenue as hereby laid out, one hundred and 10-100 feet; westerly by the westerly line of said Marden avenue as hereby laid out, eight and 67-100 feet; again southerly by the southerly line of said Marden avenue as hereby laid out, one hundred sixty-nine and 90-100 feet; again westerly by the westerly line of said Marden avenue as hereby laid out, twenty-five and 92-100 feet; and northerly by the northerly line of said Marden avenue as hereby laid out, two hundred seventy-one and 36-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Marden avenue (formerly Madison avenue), Dorchester district, as a highway, from Willowwood street westerly for a distance of approximately two hundred and seventy feet, under the order of the Board of September 26, 1935, and awards no damages therefor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 3:

AUDITING DEPARTMENT.

City Auditor Charles J. Fox has been granted permission to attend the annual conference of the Municipal Finance Officers' Association of the United States and Canada in Knoxville, Tenn., on October 21, 22, 23 and 24, where he will deliver an address on the subject, "The Relation of the Municipal Finance Officer to his City and its Citizens."

DEPARTMENT OF SCHOOL BUILDINGS.

Joseph L. Quinn has been appointed for ninety days as an architectural draftsman at \$40 a week.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, September 26:

Permanent.—Margaret F. Donovan, head nurse, \$1,080 a year.

Temporary.—Florence Painter, cleaner, \$15 a week; John Gustafson, orderly, \$16.50 a week.

The following change has occurred:

Helen E. Sullivan, head nurse at \$1,560 to \$1,680 a year.

Approval has been given for the transfer of Edward Roberts from temporary house porter at \$15.50 a week to permanent storeroom porter at \$21 a week.

Approval has been given for the employment of two nurses in the South Department, as follows:

Etta M. Walker, night supervisor in the Third Pavilion, at \$85 a month; Mary E. Sheehan, temporary floor duty nurse, at \$23.01 a week.

South Department.

Temporary.—Mary Sheehan, floor nurse, \$23.01 a week.

Haymarket Square Relief Station.

Temporary.—Dr. Charles Boyajian, assistant resident surgeon, \$2,000 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, September 26:

Helen Turley, substitute telephone operator, \$3 a day; Arthur Powell, waiter, \$14 a week; Granberry Lewis, maid (patient), \$240 a year; Daniel O'Donnell, male nurse (patient), \$480 a year; Catherine Fowler, Edward Hulen, maids (patients), \$240 a year.

The following persons have ceased to be employed:

James Kelley, waiter, \$14 a week; Bridget Moore, substitute ward maid, \$10.50 a week; Daniel Dennehy, maid (patient), \$240 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, September 26:

Long Island Hospital.

Appointments: Beatrice Boyle, Nellie J. Cole, institution employees, waitresses, \$316 a year; Michael J. Doran, institution employee, helper in laundry, \$526 a year, to succeed John O'Meara.

Transfers: Beatrice Duffy, institution employee, attendant, \$600 a year, from waitress at \$316 a year; John M. Monahan, institution employee, attendant, \$600 a year, from porter at \$526 a year; John O'Meara, institution employee, helper in laundry, \$700 a year, to Public Works Department.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Morrissey, fireman, temporary, \$1,800 a year.

Employment Terminated: John J. Columbo, deckhand, temporary, \$1,700 a year; John F. Kenneally, mate and captain, temporary, \$2,600 a year; John J. Morrissey, fireman, temporary, \$1,800 a year.

HEALTH DEPARTMENT.

Approval has been given for a further leave of absence, without pay, for Josephine Regan, nurse, for one year from October 1, because of continued illness.

LAW DEPARTMENT.

George R. Farnum has been appointed as special assistant corporation counsel at a salary of \$200 a week, effective October 1.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of the following persons as stenographers, for a period of three months, at \$900 a year:

Cecilia E. Batchelder, Marie J. Bertsch, Frances V. Clarke, Lillian I. Coulton, Gertrude E. Doherty, Camilla C. Gibbons, Mary B. McGowan, Frances J. Montello, Marguerite Rooney, Esther Taranto, Rose G. Waters.

Approval has been given for the continued temporary employment of the following persons as assistant paymasters, for a period of one month from October 6, at \$1,500 a year: John V. Condon, Samuel Elman, Maurice Gertlin, Morris Katz.

Approval has been given for the continued temporary employment of the following persons as clerks, for a period of three months, at \$900 a year:

Mary M. Cauley, John N. Chagaris, Thomas J. Connaughton, William P. Cox, Mary E. Cronin, Russell E. Culivan, Helen A. Curley, Mary E. Dillon, Timothy H. Donohue, Anna M. Doyle, Helen T. Fadden, Anne Halligan, Thomas P. Keeley, Stanislaw Kiwaxzynska, Margaret M. Leahy, William J. Miller, Edward P. Murphy, William V. McCarthy, Hazel L. McCoy, Julius Neidleman, Thomas W. Quigley, Michael J. Rizzo, Eben Rosenfield, Lillian Russes, John T. Scanlon, Lazard H. Seiff, Helen T. Severance, Helen G. Skapinsky, George Stuart, Mario E. Tarallo, Mary A. Tatro, Alfred C. Troy, Ruth H. Walker.

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made:

House of Correction and Industries.

George H. Donovan, shoe supervisor, \$1,800 a year and maintenance, new position.

PUBLIC BUILDINGS DEPARTMENT.

Annie C. Barry, cleaner in the Public Buildings Department, has been retired on account of accidental disability. Mrs. Barry was the victim of an accident on November 30, 1934, when she fell down the stairs in Faneuil Hall while in the

performance of her duties as cleaner. She has never been able to return to work since that date. Her name has been carried on the pay roll each week with the exception of the weeks ending March 21 and April 4, 11 and 18. Mr. Harty, Workingmen's Compensation Agent for the City of Boston, has advised that Mrs. Barry is entitled to the above-mentioned four weeks' salary at \$72.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to appoint the following, now temporary deckhands to permanent deckhands at \$5.25 a day to fill vacancies in that service, effective September 27: John J. Mullen, William F. Hooley.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to increase the wages of Edward W. Timlage, chauffeur-laborer, from \$5 a day to \$5.50 a day, effective August 30.

Approval has been given to appoint Frank G. Stein as auto mechanic at \$6 a day, to fill vacancy of James H. Hardiman, resigned, at the Albany street garage, effective October 1.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to transfer Harold T. Hurley from the Boston City Hospital Department to the Sewer Division, to fill a vacancy in the position of laborer at \$5 a day, effective October 4.

Approval has been given to transfer the following from the Boston City Hospital to the Sewer Division as laborers at \$5 a day to fill permanent vacancies, effective October 4: John F. Burke, James Kiley.

Approval has been given to increase the wages of William H. Synnott, brickmason, from \$6 to \$7 a day, effective August 30. Since 1933, Mr. Synnott has been filling the vacancy caused by the retirement of Joseph Timilty, mason, at \$7 a day, without change in wages, and this increase is an adjustment to place his wages on the same basis as others in the department doing similar work.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to appoint Herman A. Tigges as temporary water meter reader at \$1,700 a year, for three months from October 4, in the Water Income Division.

RETIREMENT BOARD.

Change of rating of the following-named persons from clerk to actuarial clerk, without change in salary, has been approved:

Daniel F. Moynihan, John J. Vaughan, Paul L. Carty, Joseph B. Carroll.

SOLDIERS' RELIEF DEPARTMENT.

The employment of William J. Murphy as visitor at an annual salary of \$1,700 for a period of three months beginning Saturday, September 28, has been approved.

TREASURY DEPARTMENT.

Arthur F. Swan has been designated to act as Acting City Treasurer at such times as the treasurer may be absent during the four weeks commencing October 3.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Bellaire road, West Roxbury district, as a highway, from Cerdan avenue to Burnside avenue, bounded and described as follows:

A highway named Bellaire road is hereby laid out, from Cerdan avenue to Burnside avenue, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Southeasterly by Cerdan avenue, forty-one and 93-100 feet; southwesterly by the southwesterly line of said Bellaire road as hereby laid out, by three measurements, three hundred eighty-nine and 39-100 feet, three hundred thirty-eight and 92-100 feet, and thirteen and 90-100 feet on a curve of ten feet radius; northwesterly by Burnside avenue, sixty and 99-100 feet; and northeasterly by the northeasterly line of said Bellaire road as hereby laid out, by three measurements, seventeen and 52-100 feet on a curve of ten feet radius, three hundred thirty-three and 95-100 feet and four hundred seven and 94-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvements, consisting of the laying out and construction of Bellaire road, West Roxbury district, as a highway, from Cerdan avenue to Burnside avenue, under the order of the Board of October 1, 1935, and awards no damages therefor.

PERMISSION TO READVERTISE.

The Mayor has approved the following request of the Public Works Department:

BOSTON, September 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—For the furnishing of illuminating gas for street lighting and the equipment and the lighting and extinguishing of gas lamps for street lighting, bids were received on December 5, 1934, said bids covering a contract period of five years beginning January 1, 1935. In said bids the Boston Consolidated Gas Company bid \$20.50 per lamp per year for both furnishing and maintenance as against \$23.12 per lamp per year, the contract price of the previous ten-year contract. The contracts were forwarded to the City Council for approval as required by Section 6 of the City Charter Amendments and was rejected by said City Council on June 10, 1935.

At the present time monthly extensions of the ten-year contract at a price of \$23.12 per lamp per year is operative. Provided the five-year contract had been accepted by the City Council the city would now be saving \$2.62 per lamp per year, or \$24,992 yearly, as against the present price paid. Any reduction ordered or approved by the Department of Public Utilities in the price of gas, as a result of present hearings, cannot affect the price bid by the Boston Consolidated Gas Company. The contract called for the furnishing of 3½ cubic feet of gas per hour for 4,000 hours yearly, or a delivery of 14,000 cubic feet per year, for the price bid for furnishing gas, namely, \$7.40 per lamp per year, which is equivalent to the price of only 52 cents per 1,000 cubic feet of gas, and this price is away below

their other commercial rates. In order to cease paying at the rate of \$25,000 per year over the price submitted and rejected and also to avoid additional monthly extensions, I respectfully suggest that permission be given to allow the Public Works Department to readvertise and bid for a contract for furnishing illuminating gas and for the equipment and lighting and extinguishing of gas lamps for street lighting, asking for alternative bids for either a three-year or a five-year contract.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Penniman street, Brighton district, as a highway, from Braintree street to Hano street, bounded and described as follows:

A highway named Penniman street is hereby laid out, from Braintree street to Hano street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Braintree street, forty-one and 52-100 feet; southeasterly by the southeasterly line of said Penniman street as hereby laid out, six hundred twenty-two and 13-100 feet; easterly by the easterly line of said Penniman street as hereby laid out, eighteen and 36-100 feet on a curve of fifteen feet radius; westerly by Hano street, seventy-four and 42-100 feet; northerly by the northerly line of said Penniman street as hereby laid out, twenty-eight and 76-100 feet on a curve of fifteen feet radius, and northwesterly by the northwesterly line of said Penniman street as hereby laid out, five hundred eighty-five and 71-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Penniman street, Brighton district, as a highway, from Braintree street to Hano street, under the order of the Board of September 27, 1935, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

LABORATORY ASSISTANT, BOSTON CITY HOSPITAL, NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to females only.

Salary: \$1,500 per year.

Duties: To assist with research in bacteriology and infectious diseases. To follow accurately technical procedures in preparations of bacteriologic media; preparation of biologic stains; cultural methods for common human pathogens;

particular knowledge regarding pneumococcus, typing, etc.; serologic methods—agglutinins, precipitins, complement fixation, protection tests; autopsy of animals to determine bacterial invaders; quantitative bacteriology—vaccines, etc.; chemical analysis—chemical microscopy. To consult English, French and German literature to evaluate methods and results.

The Boston City Hospital requests that applicants be college graduates, and have had experience in a research laboratory in carrying out work with reputable investigators.

Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9. Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

SUPERVISOR OF EMPLOYMENT, BOSTON PUBLIC WELFARE DEPARTMENT,
NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to males only.

Salary: \$40.00 per week.

Duties: To register, diagnose and offer a remedy to those seeking employment aid. To cooperate with other departments of the public welfare. To organize the Employment Division according to the best practices in the fields of social work and employment management. To select, train and supervise the subordinates in the department. To keep records, collect statistics and make reports on the work of the department.

The Boston Public Welfare Department requests that applicants be graduates of a school of social work: graduates of a college and specializing in economics, social science and employment management; five years' experience in the fields of social work, and five years' experience in personnel or employment work may be accepted in lieu of the training specified above.

Credit will be given in the examination for the above qualifications.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PENAL INSTITUTIONS DEPARTMENT.

Upon September 26 the Mayor approved a contract with the Columbia Cornice Company for repairing roof, gutters, cornices, conductors, etc., at the Hill Prison, Deer Island. The following bids were received:

Columbia Cornice Company, Cambridge, \$1,664; John J. Hourihan, Jamaica Plain, \$1,847; Cavanaugh & Earley, Incorporated, Cambridge, \$2,050; Atlantic Roofing and Skylight Works, Roxbury, \$2,175; Burgess & Blacher Company, Roxbury, \$2,347; Eagle Cornice and Skylight Works, Boston, \$3,162.

PUBLIC WORKS DEPARTMENT.

Upon October 2 the Mayor approved a contract with John F. Shea Company, Incorporated, for repairing the Summer Street Draw over the reserved channel. The following bids were received September 25:

John F. Shea Company, Incorporated; \$11,908; A. Orlando, Incorporated, \$12,545; Coleman Brothers Corporation, \$13,890; Rendle Contracting and Dock Building Company, \$13,245; W. H. Ellis & Son Company, \$13,565.

SUPPLY DEPARTMENT.

Upon September 25 the Mayor approved a contract with Reardon & Woodward, filling requisition No. 143 from the Health Department and approved by the department head, Dr. F. X. Mahoney,

authorizing the purchase of a Ford coupe. Bids were received from the following:

Hayward Motors, \$599; allowance on 1933 Ford, \$200; net cost, \$399; Reardon & Woodward, \$599; allowance on 1933 Ford, \$281; net cost, \$318; Coombs & McBeath, \$599; allowance on 1933 Ford, \$260; net cost, \$339.

Upon September 26 the Mayor approved a contract with the Signal Service Corporation for traffic signal equipment for the Boston Traffic Commission. All bids are uniform, at a net total figure of \$2,023.09.

There is already a considerable amount of traffic signal equipment in service in the City of Boston which has been supplied by the Signal Service Corporation of Charlestown, Mass.

As it is an advantage to the city to keep its traffic signal equipment uniform, and as there is no saving to be made in this case by purchasing equipment of a different make, this contract, amounting to \$2,023.09, was awarded to the Signal Service Corporation. Bids, opened September 4, were as follows:

Lot Prices.

Intersection of Chandler Street, Columbus Avenue and Dartmouth Street.

5 Traffic Signal Posts, No. 1.—Eagle Signal Corporation, \$157.50; Signal Service Corporation of Massachusetts, \$157.50; Graybar Electric Company, Incorporated, \$157.50; Voye Electric Supply Company, \$157.50; Crouse-Hinds Company, \$157.50; Municipal Signal and Supply Company, \$157.50; Tokheim Oil Tank and Pump Company, \$157.50; General Electric Supply Corporation, \$157.50.

* Contract awarded.

Upon September 30 the Mayor approved a contract with J. A. Flanagan for the purchase of an incinerator, to be installed at the Long Island Hospital.

The following bids have been received for furnishing and installing equipment according to specifications:

J. A. Flanagan, Arlington, \$978; Lambert-Sawyer Company, Boston, \$984; Jarvis Engineering Company, South Boston, \$985.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with firms and contractors for supplies and labor, etc. Communications from the several heads of departments were as follows:

ELECTION DEPARTMENT.

BOSTON, September 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Board of Election Commissioners respectfully requests that permission be given them to award the contract for printing the city election ballots to the firm of Wright & Potter Printing Company of 32 Derne street, Boston, without advertising for bids, at a price of three thousand fifty-two dollars (\$3,052), for supplying 370,000 ballots and the usual quantity of specimen ballots for the respective three hundred and sixty-seven precincts, the price being approximately eight dollars and twenty-five cents (\$8.25) per thousand for the ballots. In the event that additional ballots are necessary, in excess of the 370,000, ballots will be supplied at the rate of seven dollars (\$7) per thousand.

The ballots for the city election will contain three hundred sixty-seven (367) precinct changes, twenty-two (22) ward changes, and twenty-two (22) changes for Council candidates in the make-up.

Great care will be required on the part of the printer, as the time for printing such ballots and making a delivery to this office is but seven week-days. Sample ballots for posting must also be delivered at this office three days after receipt of copy.

The Wright & Potter Printing Company is the only printing concern especially equipped to do this work, having printed the State and City of Boston ballots for a long period of years.

For the reasons as stated above, and to safeguard the voters of the city as far as possible against error, this request is made.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS,
DAVID B. SHAW, Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, July 15, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Huntington Avenue Bridge over the Boston & Albany Railroad tracks consists of sixteen steel plate girders, approximately 90 feet in length with 5 feet depth of girder; these main girders carrying the roadway. The bridge was built in 1909 and the girders were covered with concrete either poured on or sprayed on by means of a gun, in order to prevent corrosion of the metal.

The continuous heavy blasts of the locomotives have destroyed or loosened the concrete covering and we have trouble in keeping the steel members covered and protected from corrosion. The condition of the understructure at the present time is such that steps must be taken either to strengthen and place new structural steel plates welded or patched to the sixteen plate girders or protect the present steel members from further deterioration. It seems to be inadvisable to consider continuing the use of concrete as it will not stay put on the steel girders.

The attention of this office was called, last fall, to a process of spraying on a coating of metallic alloy consisting of percentages of zinc, cadmium and aluminum. I am of the opinion that this metallic alloy process is worth considering for use at this point and I respectfully request permission to enter into a contract with the Metalcoat Corporation of New England, without advertising, for the sum of \$5,000. This process being patented, no advantage to the city would be obtained by advertising.

The Metalcoat Corporation proposes to thoroughly clean, by means of sand and steel abrasive, all the surfaces proposed to be treated. To apply by means of a patented spray gun equipment several coats of an alloy specially prepared for use in such operations for the purpose of preventing deterioration of the structure through corrosive action, resulting from atmospheric conditions and chemical action resulting from fumes of smoke from passing locomotives. This coating which we will place, if given the contract, will be guaranteed for one year; any repairs or defects to be repaired without further cost to the city.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Park Department Project
No. 2235-B15-251.

BOSTON, September 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisition No. A-972, dated September 5, 1935, and signed by William P. Long, chairman of the Park Department, covers 2,000 Norway maple trees for planting along various city streets.

I have received from Mr. Long the following letter, requesting that, for reasons given, the contract for these trees be placed with W. & T. Smith Company, Geneva, New York:

September 5, 1935.

WARREN W. LOOMIS, Superintendent Supply Department, Boston.

DEAR MR. LOOMIS,—I am enclosing an order for 2,000 Norway maples for fall planting under our E. R. A. Street Tree Planting Project.

I respectfully request that you obtain permission from his Honor the Mayor to award this contract without advertising. Nothing can be gained by so doing, and the trees cannot be purchased anywhere in this country for such a reasonable price and such good stock.

Very truly yours,

WILLIAM P. LONG, Chairman.

I, therefore, respectfully request that you approve the award, without advertising, of a contract to W. & T. Smith Company, in the amount of approximately \$1,980, covering these trees.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, September 28, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisition No. A-991, dated September 16, 1935, has been received from the Park Department, covering the following list of trees for planting, under Project No. 2235-B15-251:

100 only Red oaks, 10 to 12 feet 1½ inch cal., \$2 each, \$200; 400 only Tilia vulgaris, 10 to 12 feet, 1½ to 2 inch cal., \$1.50 each, \$600; 700 only Tilia vulgaris, 2 to 3 feet, 12 to 14 inches, \$2 each, \$1,400; 100 only

Ailanthus, 10 to 12 feet, $1\frac{1}{2}$ to 2 inches, 75 cents each, \$75; 300 only Lombardy poplars, 12 to 14 feet, $1\frac{1}{2}$ to 2 inches, 60 cents each, \$180—total estimated cost, \$2,455.

For reasons given in the letter from the chairman of the Park Department, quoted below, I respectfully request your permission to award this contract, amounting to approximately \$2,455, to the W. & T. Smith Company, Geneva, New York, without advertising:

Boston, September 16, 1935.

E. R. A.
WARREN W. LOOMIS, *Superintendent Supply Department, Boston.*

DEAR MR. LOOMIS,—Enclosed, please find requisition for Red oaks, *Tilia vulgaris*, Ailanthus, Lombardy poplars,—amounting to \$2,455.

Please obtain permission from his Honor the Mayor to purchase the same from the W. & T. Smith Company, Geneva, New York, for the reason that these prices are far below market prices. This company's material is exceptionally good, is guaranteed, and nothing can be gained by advertising.

I desire this material for fall planting.

Very truly yours,
W. P. LONG, *Chairman.*

Respectfully yours,
WARREN W. LOOMIS,
Superintendent of Supplies.

Boston, September 25, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—With reference to your recent approval on August 9, 1935, of an award of an order to the J. P. O'Connell Company for the delivery of 214 cubic yards of ready mixed concrete, at \$6.50 a cubic yard, for a total of \$1,391, to Park Department Project No. 225-B15-338, Franklin Field Locker Building, it has been found that the point of delivery, as noted, is in error.

Park Department Project No. 2235-B15-388, Boston Airport, East Boston, is the required point of delivery.

I respectfully request that you approve this change in point of delivery, in order that work may proceed without further delay.

Respectfully yours,
WARREN W. LOOMIS,
Superintendent of Supplies.

DAMAGES ASSESSED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in the matter of Eugene Stapleton *et al.*, petitioners for damages for the taking in fee for school purposes of 1,326 square feet of land on West Seventh street, South Boston district, under the order of the Street Commissioners and Mayor of August 23, 1935, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$3,300, without interest and without costs, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September

7, 1933, determining damages caused by the making of the public improvement, consisting of the laying out and construction of McKone street, formerly Bertram street, be, and the same hereby is, amended, by striking from said order the amount \$45 awarded to Gunnard S. Landberg in said order and inserting in place thereof the amount of \$125; that the amount \$125 be, and the same hereby is, awarded to Gunnard S. Landberg, John A. Landberg, E. Harry Landberg and Hilda J. Holander for the damages so sustained.

FIRE DEPARTMENT ORDERS.

General Order No. 44.

I. CHANGE OF TIME.

Under the daylight saving law time will be retarded at 2 a. m., Sunday, September 29, 1935. At that time clocks in department houses will be set back one hour. All tower clocks without striking mechanism will be set back one hour at 6.30 a. m. All tower clocks with striking mechanism will be stopped at 6.30 a. m., for one hour and then started. Only the men who are regularly assigned to wind clocks should be detailed to change tower clocks.

II. NEW ASSIGNMENT CARD.

A new assignment card for fire alarm Box 3468, as announced in General Orders, under date of September 11, 1935, is being issued to the department today.

III. NEW FIRE ALARM BOX.

The following new fire alarm box will shortly be established:

Box 2255, Highland and Millmont streets, Roxbury. This box will be connected into circuit No. 66 and assignments will be the same as for Box 2253.

IV. FIRE ALARM BOXES RELOCATED.

The following changes in locations of fire alarm boxes is hereby announced:

Box 2177, from William Lloyd Garrison School, Hutchings street, to Hutchings street, auxiliaryized to William Lloyd Garrison School.

Box 6214, from Pope and Moore streets, auxiliaryized to John Cheverus School, to Chaucer and Moore streets, auxiliaryized to John Cheverus School.

V. CHANGES IN NAMES OF STREETS.

The following changes in names of streets became effective on September 24, 1935:

Cranston road, West Roxbury, from Church street to Parklawn road, changed to Courtney street.

Milton square, Hyde Park, from Milton avenue to Highland street, changed to Springhill road.

VI. COMMENDATIONS.

Hoseman Melville G. Moore of Engine Company 29, Ladderman John F. Gallagher of Ladder Company 11 and Ladderman John R. Skeffington of Ladder Company 26 are hereby commended for responding to and working at fire, Box 4112, four alarms, September 24, 1935, while off duty.

The commissioner desires at this time to commend most highly the splendid and efficient work rendered by several members of the department at the fire in building No. 34 at the Navy Yard, Box 4123, three alarms, September 24, 1935. During the progress of the fire in the cellar of the building the smoke,

heat and flames became so intense that it was necessary for the members of Rescue Company 3, who were operating a water line, to retreat. The members were equipped with gas masks, but conditions became so severe that they were unbearable. It was soon discovered that two members of Rescue Company 3, namely, Hoseman Hugh W. Lynch and Hoseman Robert E. Keane (detailed), were missing. The following-named members of the department immediately instituted and participated in a search for these men:

District Chief Michael J. Aylward and District Chief James F. Sheehan, Aide to Deputy Chief Daniel J. Denehy, Ladder-men John J. Brown, Mark A. Skiffington, John C. Murphy, William F. Linehan, William A. Moore, of Ladder Company 24.

All the above-named men performed heroic and valuable service under the most trying conditions and the commissioner is happy to make this acknowledgment in General Orders. This commendable service is to be referred to the Board of Merit for further consideration.

The Fire Commissioner is in receipt of a letter from Parke Snow, Incorporated, expressing their appreciation of the services rendered by the members of the Boston Fire Department at a fire in the store of Parke Snow, Incorporated, 744 South street, Roslindale, September 11, 1935, which he is pleased to publish herewith:

September 24, 1935.

EDWARD L. McLAUGHLIN, *Fire Commissioner, Bristol Street, Boston.*

DEAR MR. McLAUGHLIN,—May I extend to you a word of praise for the efficiency with which your department handled the recent fire at our store on South street in Roslindale. They got to it in short order and, with a minimum of damage to the property, extinguished the blaze quickly, using water instead of chemicals under these particular circumstances, and reducing the amount of damage to our stock in the immediate vicinity.

As a result of their quick work our loss was substantially confined to the basement and affected but a small portion of our large merchandise investment in the store. We were able, as a result, to open our main store for business at the regular time the following morning, which would not have been possible but for the cooperation of your men in getting the smoke cleared out quickly and the water removed.

Merely as a practical token of our appreciation, we are inclosing a check, which I would appreciate your giving to the proper officer of the Relief Association. It is but a small part of what we feel their splendid work has saved us.

Very truly yours,

PARKE SNOW, INC.,
C. A. WHIPPLE,
President.

This letter was accompanied by a check for \$25, which has been turned over to the Boston Firemen's Relief Fund.

Apparatus Operators Chesar Aspesi of Engine Company 5 and John F. Fox of Engine Company 19 are hereby commended for responding to and working at fire, Box 3539, 3.45 p. m., September 25, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

THOMAS H. DOWNEY,
Acting Chief of Department.

General Order No. 45.

I. FIRE PREVENTION WEEK.

Fire Prevention Week will be observed in Boston and the nation during the week of October 6, 1935. The Fire Department will participate in the observance of this week in the following manner:

Fire stations will be open to the public between the hours of 12 m. and 9 p. m. for inspection and information as to how the department functions and on fire prevention matters, in addition to instructions as to the proper method of sending in an alarm of fire. During the period that houses are open to inspection they should be in good order, no gatherings or loitering on the main floor, and the man on patrol should wear his full uniform, including blouse, cap and badge. If visitors come he should summon the commanding officer who will either show the visitors around or assign someone to do it. Children under twelve should not be allowed in the house unless accompanied by an adult.

All schools will be visited by a district chief and such officers as they may assign to assist them in so doing; fire drills are to be held and permission requested to address the pupils on the subject of fire and fire prevention, the pupils to be assembled for that purpose.

In the presentation of facts concerning Fire Prevention Week, members and officers of the department in quarters and in public should emphasize to hearers and guests that 60 per cent of all fires occur in homes and a home goes up in smoke somewhere every four minutes—a home that ought not to have burned. Home fires are responsible for the greater proportion of the 10,000 lives annually taken by fire, approximately 6,000 of which are women and children, the loved ones and the helpless ones who contribute so much to the real happiness of a good home. It is the mission of firemen to impress upon the public the cause for home fires and how the exercise of a little care will eliminate them. It is a well-known fact that the careless use of matches and smokers' articles is one of the responsible causes of our enormous national fire loss. Heating equipment is another frequent cause of home fires. Frequent inspections of heating equipment, chimneys and flues will show any weakness that may exist. For example, the customary defects are cracks in chimneys, sooty or clogged flues and chimneys, stoves, stovepipes and other hot pipes too near woodwork. The remedies for such defects are known to all. Defective and amateur electric installations present a serious hazard. It hardly seems possible that anyone in these days of the twentieth century would attempt to increase or quicken a slow fire by the use of gasoline or kerosene. Nevertheless, such unexplainable methods are followed occasionally with the customary tragic results. Home fires frequently start in kitchens, which condition can be quickly corrected by the application of good housekeeping rules.

Next to fires in the homes fires in industry should be of great concern to the homemaker and wage earner of the family. Fires in industry cause unemployment, deprive the laborer of his wages, and the owner of his profits. Fire destroys the foundation of wealth.

There are nine principal causes of fires listed by the Actuarial Bureau of the National Board of Fire Underwriters, namely:

- Exposure from other buildings.
- Matches, smoking, etc.
- Defective chimneys and flues.

Stoves, furnaces and pipes.
Misuse of electricity.
Spontaneous ignition.
Sparks on roofs.
Petroleum and its products.
Unknown (suspicious).

There are many other causes but the foregoing are the principal reasons for our terrible loss.

The facts outlined herein should be borne in mind by all officers and members when discussing fire prevention with teachers, school children and citizens in the fire stations, so that the public may be properly impressed with the principal causes of fire and the remedies which should be applied. There will be distributed to the department an address to be used in whole or as part of a talk by the officers of the department who are selected to speak to the pupils of the schools.

II. A. D. T. ASSIGNMENTS.

The following addition is to be made to the assignment card of the American District Telegraph Company:

Signal No. 81 — 60 State street, Massachusetts Building Trust. Apparatus to respond: Engine 25, Ladder 8, Chief of District 4. Nearest city box 1281.

III. COMMENDATIONS.

Ladderman Thomas F. Mellyn, Ladder Company 8, is hereby commended for assisting in extinguishing a fire at 136 Summer street, September 29, 1935, while off duty.

Hoseman Dennis J. McLaughlin, Engine Company 23, is hereby commended for extinguishing a fire in a bus of the Eastern Massachusetts Street Railway, Box 1214, on September 28, 1935, while off duty.

Hoseman David F. Harrison of Engine Company 22 is hereby commended for responding to and working at fire, Box 1621, on September 28, 1935, while off duty.

Captain John A. Morrissey of Engine Company 8 is hereby commended for responding to and working at fire, Box 4112, four alarms, on September 24, 1935, while off duty.

The Fire Commissioner is pleased to publish the following letter which he has received from Rear Admiral W. R. Gherardi, U. S. N., Commandant, First Naval District, in which he expresses his appreciation of the services rendered by the members of this department at a fire in Building 34, Navy Yard, Boston, on September 24, 1935:

U. S. NAVY YARD, BOSTON,
September 27, 1935.

COMMISSIONER EDWARD F. McLAUGHLIN,
Fire Department, Boston.

MY DEAR COMMISSIONER,—It is again my pleasure to express to you my appreciation and thanks for the prompt and efficient service rendered by the Boston Fire Department in extinguishing the fire in the basement of Building 34 on Tuesday, September 24.

Particularly, I wish to express my concern and regret that five members of the department suffered injury. We are all very pleased to hear of the recovery of these men.

I am told that in response to the first alarm, District Chief Aylward took charge of the situation and promptly reinforced and replaced the Navy Yard men who were endeavoring to fight the fire, and remained in charge until the arrival of Deputy Chiefs John J. Kenney and Thomas H. Downey (who was acting as Chief of the Fire Department) in

response to the second and third alarms. They appeared to have the situation well in hand at all times, and cooperated instantly in suggestions or requests made by the Navy Yard authorities.

In conclusion it appears to me that the work of the Fire Department may be classed as a thorough job, well done. I feel that any delay in the arrival of the department or false move at the start might well have caused the loss of the entire building. As a matter of fact, the loss was kept at a minimum. I feel that the officers of the Fire Department in charge and all the personnel are deserving of great credit, and I hope that the appreciation of the Navy Yard will be conveyed to them.

Very sincerely yours,

W. R. GHERARDI,

Rear Admiral, U. S. Navy, Commandant.

By order of Fire Commissioner EDWARD F. McLAUGHLIN,

THOMAS H. DOWNEY,
Acting Chief of Department.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Friday, October 18, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 5.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING WEED CHAINS, ETC., TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, Weed chains, etc., as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. Delivery to be made as required. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty cents (\$0.20) for each proposal taken out. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, October 15, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

REVISED ADVERTISEMENT.

CITY OF BOSTON.

TRUSTEES OF THE GEORGE ROBERT WHITE FUND.

PROPOSALS FOR WADING POOL.

The City of Boston Trustees of the George Robert White Fund invite sealed proposals for the construction of a wading pool, together with grading, etc., on lot adjacent to the George Robert White Fund Health Unit No. 7, bounded by Whittier, Downing, Vernon and Hampshire streets, Roxbury, and giving bond of a surety company therefor in the sum of forty-five (45) per cent of the estimate. Only proposals obtained at the office of the Manager of Real Estate of the George Robert White Fund, Room 1005, City Hall Annex, Boston, Mass., signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Whittier Street Wading Pool," and left before 2 o'clock p. m. of October 11, 1935, at the office of the Manager of Real Estate, with certified check for \$2,500, payable to the trustees if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other, without check, to be filed with the City Auditor, City Hall, Boston, before 2 p. m. of the date given above for receiving proposals. Trustees reserve the right to reject any and all proposals or to accept any proposal which in the opinion of the trustees they may deem best to their interest. Plans and specifications may be obtained at the office of the Manager of Real Estate of the George Robert White Fund, 1005 City Hall Annex, on and after 12 o'clock in September 30, 1935. All plans and specifications must be returned in good condition to Room 1005, City Hall Annex, at the time of filing bids. Contractors desiring to bid must notify the Manager of Real Estate in writing on or before October 5, 1935, so that one set of plans and specifications may be ready for them. A deposit of \$25 will be required for each set of plans and specifications taken out for estimating, same to be refunded on return of plans in good condition. No plans or specifications will be available after October 5, 1935.

POLICE DEPARTMENT ORDERS.

General Order No. 83.

Sergt. William J. Harrow of Division 4, detailed to the Superintendent's Office, is commended and granted three days' additional vacation for efficient police duty performed on August 15, 1935. While he was on vacation in New York City he read a story in a New York newspaper regarding the apprehension of a person whose description and method of operation during a holdup in New York resembled similar holdups in Boston on May 16, 1935, when the Eastern Steamship Ticket Office, Little Building, Whitcomb Travel Agency, the Postal Telegraph Office on Stuart street and the Florsheim Shoe Store on School street were the victims of holdups. In each of these cases the victims were robbed and made to disrobe.

As a result of Sergeant Harrow's alertness Boston witnesses were taken to New York City and positively identified one of the bandits who committed the above-mentioned robberies.

This was fine police work, and the commissioner is pleased to recognize Sergeant Harrow's alertness and efficient action in this important case.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 84.

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Thomas F. Coyne, patrolman, Division 1, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer. Specification: In that on the twelfth day of September, 1935, the said Patrolman Thomas F. Coyne, while not in uniform and not on duty, was under the influence of intoxicating liquor to such an extent that he was unable to perform the duty of a police officer if called upon so to do and by so doing he was guilty of an act contrary to good order and discipline and therefore tended to bring into disrepute his associates on the force and the Police Department as a whole,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Thomas F. Coyne guilty as charged and respectfully recommends that the said Patrolman Thomas F. Coyne be suspended from duty for a period of thirty days, effective as of September 13, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Thomas F. Coyne be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Thomas F. Coyne be suspended from duty for a period of thirty days, effective as of September 13, 1935, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension the said Patrolman Thomas F. Coyne perform 210 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 85.

Patrolman Frank E. McKelligan of Division 16 is commended for efficient police duty performed on June 1, 1935, in connection with the capture of one of two hand-bag snatchers who had stolen a bag from a woman in Brighton containing a large sum of money and were attempting to escape in a stolen automobile.

The commissioner is pleased to recognize and commend the splendid police duty performed by Patrolman McKelligan in the pursuit, apprehension and successful prosecution of this felon upon whom the money was found when captured.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 86.

Sergt. John J. Devine and Sergt. Martin J. Shannon and Patrolmen Patrick Davin and Robert J. Dalton, all of Division 6, are commended for efficient police duty performed in connection with the arrest of the hit-and-run operator of an automobile wherein a person was killed in Worcester, Mass., on September 1, 1935.

The commissioner is pleased to recognize and commend these officers for the splendid police duty performed and their thorough and painstaking efforts in the investigation of this case which finally brought an admission from the man arrested that he was the operator and that he had abandoned the car after the accident and then reported it stolen.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 87.

Patrolman Thomas J. Sullivan of Division 9 is commended and granted three days' additional vacation for efficient police duty performed on August 24, 1935, in solving two breaks on his route in the nighttime.

On August 26, 1935, while trying doors on his route, he heard a noise in a store. He went to the rear door and succeeded in apprehending one of the thieves. Patrolman Sullivan holds a warrant for the other thief.

On September 4, 1935, while off duty, on his way home, he witnessed a hit-and-run accident. He pursued and apprehended the offender who was later convicted.

The commissioner is pleased to recognize and commend Patrolman Sullivan for his zeal and the interest shown by him in the performance of police duty.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 88.

The resignation of Patrolman Thomas P. Gallagher of Division 16, having been presented while charges against him are pending, is hereby accepted to take effect Tuesday, October 1, 1935, at 5:45 p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of two (2) weeks, the following temporary rules are effective October 3, 1935:

The following streets are one way in the direction indicated:

Harrison Avenue.

From Hayward place to Bedford street.

Exeter Place.

From Harrison avenue to Chauncy street.

The permanent rule in section 40, Part 1, of the Traffic Regulations which makes Exeter place one-way from Chauncy street to Harrison avenue is suspended.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe construction, the following temporary rules are effective from 7 p. m. September 28, 1935, to 7 a. m. September 30, 1935:

Vehicles are excluded from the following street:

Summer Street.

Between Chauncy street and Hawley street.

The following street is one way in the direction indicated:

Summer Street.

From Hawley street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, for the period commencing Saturday, October 5, 1935, and terminating Saturday, October 19, 1935, both inclusive, no operator of a truck which is incapable of making a speed of at least twenty miles an hour throughout the Summer Traffic Tunnel shall proceed through said tunnel between the hours of 12.30 p. m. and 2.30 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted June 28, 1935, and were effective July 2, 1935, for a trial period of three (3) months, are hereby extended for a further trial period of three (3) months, from October 2, 1935.

The traffic regulations are amended as follows:

Section 40, Part 1, is amended by striking out the following:

Cedar Lane Way.

From Chestnut street to Pinckney street.

Marshall Street.

From Union street to Hanover street.

Section 40, Part 1, is amended by adding the following:

Cedar Lane Way.

From Pinckney street to Chestnut street.

Marshall Street.

From Hanover street to Union street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of professional football games at Fenway Park, parking of vehicles is prohibited in Jersey street, both sides, from Brookline avenue to Boylston street; and Jersey street is a one-way street, from Boylston street to Brookline avenue, between the hours of 1 p. m. and 6 p. m. on the following days: October 6, October 13, November 3, November 10, November 24 and December 1, 1935.

PROCEEDINGS OF CITY COUNCIL.

Boston, September 23, 1935.

Regular meeting of City Council in the Council Chamber at 2 p. m., President FITZGERALD presiding, and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:
Weigher of Goods: J. Joseph Sheehan, 33 Champney street, Boston.

Weigher of Coal: Street M. Inman, 180 West-ville street, Dorchester.

Severally laid over a week under the law.

TRANSFERS WITHIN SUFFOLK COUNTY APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1935.
To the City Council.

Gentlemen,—I submit herewith two transfer orders providing for adjustments in the original budget allowances of three county departments, namely, Suffolk County Courthouse, Custodian, Superior Criminal Court and Land Court.

At the courthouse the original budget allotment for the E. R. A. project is practically exhausted, owing to the fact that when originally made this allotment was intended to cover the expenses for supplies and materials on the project up to approximately the first of the current month. In order to assure continuance of the project during the present uncertainty concerning the commencement of W. P. A., it is estimated that an additional \$3,000 will be required. In the Land Court an extraordinary increase in the number of petitions filed in municipalities in connection with the foreclosure of tax titles has practically exhausted the original budget allowance for stationery, official forms and postage. In the opinion of the recorder of the court an additional \$1,000 will be required to cover expenditures for these necessary supplies during the balance of the year. The \$4,000 additional involved in these two departments is being transferred from the item of jurors in the Superior Criminal Court. Changes in the method of drawing jurors in this court has resulted in reduced expenditures for jurors' compensation, and at the present time there appears to be a sufficient unexpended balance in the jurors item to permit the transfers proposed in the accompanying orders. I respectfully recommend adoption of these orders.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Superior Court, Criminal Session, B-34, Jurors, \$3,000, to the appropriation for Suffolk County Courthouse, Custodian, H, Emergency Relief Projects, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Superior Court, Criminal Session, B-34, Jurors, \$1,000, to the appropriation for Land Court, D-1, Office, \$1,000.

Referred to the Executive Committee.

TRANSFER TO H, EMERGENCY RELIEF PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1935.
To the City Council.

Gentlemen,—I submit herewith an order providing for the transfer of \$33,000 from the Reserve Fund to the H, Emergency Relief Projects item in the budgets of six city departments. This transfer is made necessary owing to the fact that the original allotments to these departments for expenditures in connection with E. R. A. work are exhausted, and it is necessary to make funds available immediately in order to carry on the projects until work under W. P. A. projects has officially started. The major allotments in the amount being transferred are \$10,000 to the Park Department to cover the purchase of trees and loam for the completion of the tree-planting project started in the spring, and \$20,000 to the Paving Division of the Public Works Department to cover the purchase of crushed stone, cement, sand and oil needed in various street projects now under way. Because the continuance of the projects in these various departments depends on money being made available to cover the city's contribution of supplies and materials, I respectfully recommend immediate consideration and adoption of the accompanying transfer order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$33,000, to the appropriation for Library Department, H, Emergency Relief Projects, \$1,500; Park Department, H, Emergency Relief Projects, \$10,000; Public Works Department, Paving Service, H, Emergency Relief Projects, \$20,000; Registry Department, H, Emergency Relief Projects, \$1,000; Statistics Department, H, Emergency Relief Projects, \$300; Treasury Department, H, Emergency Relief Projects, \$200.

Referred to the Executive Committee.

SEVEN P. W. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, September 23, 1935.
To the City Council.

Gentlemen,—I submit herewith an order providing authority for the city to engage in seven P. W. A. projects with the aid of Federal grants of 45 per cent of the cost of labor and materials, together with the necessary loan orders covering the several projects. These projects are in addition to those already submitted to your Honorable Body and represent the balance of the list already submitted by the city to the Federal authorities in Washington for approval. One of the requirements laid down by the authorities in Washington is that work on all P. W. A. projects must be ready to start not later than December 16 of the current year, and that unless this requirement is lived up to any approval of grant agreement by the Federal Government will be rescinded. Because of the fact only two and one half months intervene between now and the "dead line" date established by the Federal Government, it is necessary to make certain that all requirements on the part of the city shall be taken care of without delay. Since under the provisions of chapter 366 of the Acts of 1933 it is necessary for the City Council, first, to approve the program of Public Works, and, second, to authorize loan orders for the various projects, I am submitting the balance of the city's proposed P. W. A. program for consideration by the Council. In view of the limited amount of time which is available for the various steps which must be taken before the grant agreements with the Federal Government can be executed, I respectfully recommend prompt consideration and adoption by your Honorable Body of the accompanying orders.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That in accordance with the provisions of section 2, Part 1, of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the City of Boston shall engage in the following Public Works Projects:

1. New garage for Public works Department, North Grove street,	\$205,000
2. New garage for Public Works Department, Atkinson street,	520,000
3. New District Headquarters Buildings, Public Welfare Department,	60,000
4. Quincy Market Building, foundation, improvements, etc.,	460,000
5. Water pipe trestle Chelsea North Bridge,	35,000
	<u>\$1,280,000</u>

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$725,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for departmental garages, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$60,000 be, and hereby is, appropriated, to be expended under the direction of the Overseers of Public Welfare for New District Headquarters Buildings, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$460,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Public Buildings for Quincy Market Building, foundation, improvements, etc., and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of \$45,000

be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for water pipe trestle, Chelsea North Bridge, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Executive Committee.

NAMING OF CASTLE ISLAND PROMENADE.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Park Department, relative to your order of August 12, 1935, concerning a proposal to name a promenade around Castle Island in honor of the late Rev. Timothy J. O'Connor.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, August 23, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of August 20, with enclosure, order from the City Council, requesting the Park Department to name the promenade around Castle Island in honor of the late Rev. Timothy J. O'Connor.

The so-called promenade is a granolithic walk, and due to the fact that the War Department will not give any assurance that the name will be perpetuated, I do not think it is advisable to recommend that the area selected be called after the Rev. Father O'Connor.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption by your Honorable Body of the accompanying orders.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Port Authority:

From the appropriation for A-1, Permanent Employees, Clerk, 1 at \$1,660 per year, \$700, to the appropriation for B-3, Advertising and Posting, \$150; B-4, Transportation of Persons, \$350; D-1, Office, \$150; D-2, Food and Ice, \$25; D-16, Miscellaneous Supplies, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Building Department:

From the appropriation for B-1, Printing and Binding, \$100; C-10, Library, \$70, to the appropriation for D-1, Office, \$170.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for D-1, Office, \$150, to the appropriation for B-1, Printing and Binding, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department, Wire Division:

From the appropriation for D-1, Office, \$31, to the appropriation for C-10, Library, \$31.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Health Department:

From the appropriation for B-4, Transportation of Persons, \$318, to the appropriation for C-4, Motor Vehicles, \$318.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Central Office:

From the appropriation for B-35, Fees, Services of Venues, etc., \$15, to the appropriation for C-10, Library, \$15.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Paving Division:

hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Child Welfare Division:

From the appropriation for B-17, Care of Persons, \$70, to the appropriation for B-5, Express Charges, \$15; D-13, Chemicals and Disinfectants, \$5; E-13, Miscellaneous Materials, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for B-39, General Repairs, \$3,975, to the appropriation for B-10, Rent, Taxes and Water, \$75; D-11, Gasolene, Oil and Grease, \$100; D-16, Miscellaneous Supplies, \$800; E-13, Miscellaneous Equipment, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for B-2, Highway, \$2,950, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$1,500; B-15, Motorless Vehicle Repairs, \$100; C-13, Tools and Instruments, \$600; C-17, Miscellaneous Equipment, \$150; D-13, Chemicals and Disinfectants, \$200; D-15, Miscellaneous Supplies, \$200; E-10, Electrical, \$200.

From the appropriation for E-13, Miscellaneous Materials, \$300, to the appropriation for C-5, Motorless Vehicles, \$50; C-6, Stable, \$100; C-17, Miscellaneous Equipment, \$50; F-11, Workmen's Compensation, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Lighting Service:

From the appropriation for B-42, Miscellaneous Services, \$50, to the appropriation for B-14, Motor Vehicles Repair and Care, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Paving Service:

From the appropriation for C-15, Tires, Tubes and Accessories, \$1,000, to the appropriation for B-14, Motor Vehicles, Repair and Care, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supply Department:

From the appropriation for B-28, Expert, \$123.50, to the appropriation for D-2, Food and Ice, \$30; E-13, Miscellaneous Materials, \$93.50.

From the appropriation for D-1, Office, \$23.50, to the appropriation for C-9, Office, \$8; C-10, Library, \$15.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Treasury Department:

From the appropriation for D-1, Office, \$19.50, to the appropriation for C-10, Library, \$19.50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry of Deeds:

From the appropriation for C-10, Library, \$50, to the appropriation for B-39, General Repairs, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Medical Examiner Service, Northern Division:

From the appropriation for B-4, Transportation of Persons, \$70, to the appropriation for C-7, Furniture and Furnishings, \$35; C-10, Library, \$35.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriation for Miscellaneous Expenses, Budget Department:

From the appropriation for A-2, Temporary Employees, Clerks, 2 at \$1,000 per year, \$350, to the appropriation for A-2, Temporary Employees \$325; B-39, General Repairs, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for D-3, Advertising and Posting, \$5,000, to the appropriation for B-35, Fees, Services of Venires, etc., \$5,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Steamers "Hibbard" and "O'Meara," Institutions Department:

From the appropriation for D-3, Fuel, \$500, to the appropriation for B-39, General Repairs, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and

hereby is, authorized to make the following transfer in the appropriations for Public Buildings Department:

From the appropriation for C-9, Office, \$316; C-15, Tires, tubes and accessories, \$200, to the appropriation for B-12, Bond and Insurance Premiums, \$50; C-10, Library, \$16; D-11, Gasolene, Oil and Grease, \$250; C-3, Electrical, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Central Office:

From the appropriation for A-1, Permanent Employees, Social Workers, 184 at \$1,300 to \$2,300 per year, \$12,000, to the appropriation for A-2, Temporary Employees, \$12,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for County Buildings:

From the appropriation for D-3, Fuel, \$50, to the appropriation for C-17, Miscellaneous Equipment, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Brighton District:

From the appropriation for D-1, Office, \$464.37, to the appropriation for A-2, Temporary Employees, \$464.37.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Dorchester:

From the appropriation for D-Office, \$3, to the appropriation for C-9, Office, \$3.
Referred to the Executive Committee.

FINANCE COMMISSION REPORT IN RE NEW COURTHOUSE.

The following was received:

City of Boston,
Finance Commission, September 16, 1935.
To the Honorable the City Council.

Gentlemen,—The Finance Commission has received a copy of an order adopted by the City Council on September 9, reading as follows:

"Ordered, That the Boston Finance Commission be requested to consider the advisability of examining into statements made relative to waste, extravagance and graft in connection with the building of the proposed new courthouse."

In City Council September 9, 1935. Passed.

Attest: (signed) W. J. DOYLE,
City Clerk.

Inasmuch as no appropriation has yet been made for a new courthouse and therefore no money expended, the Finance Commission cannot understand in what manner there has been "waste, extravagance and graft."

The Commission, however, will be glad to receive any such information as has come to the attention of the Council and has prompted the adoption of the order.

Respectfully submitted,
E. MARK SULLIVAN, Chairman,
ALEXANDER WHEELER,
W. ARTHUR REILLY,
PHILIP A. CHAPMAN,
WILLIAM W. SAXE,
THE FINANCE COMMISSION.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John J. Barry, for compensation for damage to property at 335 Savin Hill avenue, caused by broken water pipe.

Harry V. Byrne, for compensation for damage to car by city car.

Mary C. Churchill, for compensation for damage to property at 21 Leroy street, Dorchester, caused by overflow of catch-basin.

Virginia D'Agostino, for compensation for damage to property at 1 Emmons street, caused by broken water main.

Bertha A. Garra, for compensation for damage to car and injuries, caused by an alleged defect in Greenbrier street, Dorchester.

Estate of Ellen L. Hemmer, for compensation for collapse of water boiler at 24 Chestnut avenue, caused while installing water meter.

Mary A. Lamond, for compensation for damage to property at 7 Luteman place, caused by excessive air in hydrant.

Edna Maguire, for compensation for damage to car by ash truck.

Mahoney Transfer Company, for compensation for damage to truck by city truck.

Agnese Marini, for compensation for damage to property at 63 Dover street, by city truck.

Clare G. Mills, for refund on second-hand dealer's license.

Brewer Morse, for compensation for damage to car by city tractor.

Nicholas Najjar, for compensation for injuries caused by city truck.

George C. Osgood, for compensation for damage to property at 111 Dale street, caused by stoppage of sewer.

Florilla H. Shaw, for compensation for damage to car by city cart.

Antoinette Sico, for compensation for damage to car by Suffolk County van.

Benjamin E. Van Ness, for compensation for damage to property at 234 Vermont street, West Roxbury, caused by change of grade of street.

Richard L. Villard, for compensation for injuries caused by city car.

Sally Vollor, for compensation for injuries caused by an alleged defect at 12 Columbus square.

Agnes T. Wall, for compensation for injuries caused by an alleged defect in Bennington street.

Frank L. White, for compensation for damage to property at 21 Leroy street, caused by overflow of catch-basin.

Estate of A. Wolff, for compensation for damage to property at 287 Talbot avenue, caused by leaking catch-basin.

Economy Grocery Stores Corporation, for compensation for damage to property at 119 Harvard avenue, caused by overflow of sewers.

Ruth F. Goldman, for refund on ash tickets.

Realty, Incorporated, to be reimbursed for expenses incurred in opening and replacing sidewalks at 157 Hampden street.

Pasquale Stanziani, for compensation for damage to property at 2993 Washington street, caused by bursting of pipe.

APPROVAL OF MINORS' LICENSES.

Applications were received for minors' licenses from 42 newsboys, and it was voted that the licenses be granted under the usual conditions.

APPOINTMENT OF MICHAEL J. FLAHERTY.

Notice was received of appointment of Michael J. Flaherty of 182 Leyden street, Boston, as Deputy Sealer of Weights and Measures.
Placed on file.

FINANCE COMMISSION REPORT ON FIRE DEPARTMENT.

The following was received:

City of Boston,
Finance Commission, September 14, 1935.
Hon. Frederick W. Mansfield, Mayor.

Sir,—There has been considerable controversy for the past few years between city officers and outside civic agencies on the question whether the personnel of the Fire Department could be increased or decreased consistently with adequate fire protection for the city.

You now have before you a demand by the City Council that 300 men be added to the fire fighting force. This demand translated into pay roll figures would mean an addition to the annual pay roll of approximately \$500,000. On the other hand, you have before you a demand by the Boston Municipal Research Bureau that the force be reduced immediately by disbanding two engine companies and four ladder companies, and that an effort be made by such other means as are possible and logical to reduce the force still further. Translated into pay roll figures this suggested saving would mean a reduction in the annual pay roll of approximately \$200,000. The Fire Department officials have not specifically asked for more men, though on several occasions they publicly stated that their man power is not up to standard numbers. They have claimed that there is need for all the men they now have, but they have studiously refrained from committing themselves as to suggestions made by qualified experts that the same protection now given can be furnished with less men at an annual saving of approximately \$100,000.

The question whether the Fire Department is overmanned or undermanned, as is variously claimed, is one that vitally affects the city and its people and property. If, as the City Council claims, the department is undermanned to the extent of 300 men, then the city is woefully lacking in adequate fire protection. If it is overmanned as the civic agencies claim, then the city is needlessly spending annually \$200,000 on its Fire Department.

The claim has been made by civic agencies that the City Council's demand is political, and is made to save men now on the pay roll and to add more. On the other hand, the claim has been made by the City Councilors that the civic agencies are not expert in the matter and that they speak from lack of adequate knowledge and appreciation of the real needs and conditions. The Finance Commission for several years has been among those who questioned the need for so large a force as is the present Fire Department. The commission repeatedly has asked why, with the department 100 per cent motorized and all horse-drawn apparatus eliminated, there have been no reductions in the number of fire-fighting units.

It is well known that motor-driven apparatus can cover a wider territory than horse-drawn apparatus. It should also be noted that during the time when the change from horse-drawn apparatus to motor-driven apparatus was taking place, the building code was very materially changed so as to require in building construction a great use of sprinkler systems and of fire repelling or resisting materials. Private protection from fire perils has therefore been greatly increased within this city; fire-fighting apparatus has been greatly improved; and a single fire-fighting unit of the type now used by the city can efficiently cover a much larger area. Yet the number of fire-fighting units has increased rather than decreased. Meanwhile, also, the conditions under which firemen work have been greatly improved. The city now has the two-platoon system. A fireman is on duty only on a day shift or a night shift where formerly he was on duty for twenty-four hours with an occasional day off. The amount of non-fire-fighting duties has been decreased with the elimination of stable work. The pay has been increased. The men are supplied at city expense with uniforms where formerly each had to buy his own; and living conditions in fire stations have been improved. On top of all this there is a growing demand that a three-platoon system replace the two-platoons.

It is obvious, therefore, that the time is overdue for a determined effort to take account of stock and to adopt such changes as the present conditions of the city as a whole demand.

In June, 1934, the Bureau of Municipal Research submitted to the City Government a report containing a definite basis for reducing the size of the force. Prefacing specific recommendations, the Bureau compared Boston in fire protection costs with many other cities.

The Finance Commission believes little stress should be laid on these comparisons. Boston, admittedly, and particularly in the opinion of fire protection experts, is unlike any other large city. Its topography, its congested sections, its great fire risks, its narrow winding streets in the high value and greatest fire risk sections, the remoteness of large sections like Brighton and Allston from other sections, and the separation by water from the city proper of East Boston and Charlestown, all combine to present a situation in relation to fire protection needs in Boston that are matched nowhere else in the country.

The Fire Department authorities quite properly cited these unusual conditions as the reasons why the specific recommendations of the Bureau report were questionable. The Bureau based its specific recommendations on the standards of the "Grading Schedule of the National Board of Fire Underwriters for cities of 200,000 or over." The Bureau explained these standards in its report as follows:

"These standards call for the location of one engine company within one and one half miles of any point in ordinary districts and within three-fourths of a mile in what the Board classifies as 'high value' districts. Similarly one ladder company is required within two miles of any point in an ordinary district, and within one mile of any point in districts classified as 'high value.' The foregoing distances relate to measurement by the most direct street routes."

When the Fire Department authorities attacked the Bureau's report as unsound and as showing a lack of appreciation of conditions, the issue raised by the Bureau remained unsatisfactorily settled. The Finance Commission sided with the Bureau to the extent that the commission questioned the necessity for a force as large as the Fire Department then maintained. It sided with the Fire Department authorities to the extent that it did not believe a standard "for cities of 200,000 or over" applied to Boston. The commission believed that a standard that would fit conditions in Springfield and Worcester would not be adequate for Boston.

In this situation the Finance Commission made the proposal to your Honor, which you accepted, that your Honor join with the commission in requesting the National Board of Fire Underwriters to make a survey of the Boston Fire Department and say whether it should be reduced or increased in size, or remain as it existed at the time.

The Finance Commission admitted its own inexperience in the matter and believed the public could and should be satisfied only by the opinion of qualified and accepted experts, made after a thorough survey of local conditions.

The National Board of Fire Underwriters are accepted experts. They maintain a staff of engineers who, by constant observation and study, determine whether or not a municipality's fire protection is adequate. On their reports depend the fire insurance rates that property owners must pay. Naturally, such a board leans more to the side of generously ample fire protection than a bare sufficiency.

The National Board made a report to your Honor on November 2 last. In answer to the method followed by the Bureau of Municipal Research in arriving at its conclusions, the report pointed to a section of the Grading Schedule of the National Board of Fire Underwriters, which was not quoted by the Bureau, viz.:

"For cities having a population in excess of 200,000, the number of engine or hose companies depends upon distribution, as covered by Item 10 (of the Grading Schedule of the National Board of Fire Underwriters) and on the ability to handle

two simultaneous large fires without leaving all other sections of the city unprotected."

The report of the National Board, moreover, contained this further opinion:

"These features must be determined from an actual survey of the city in which consideration is given to the class of occupancies, values, construction and heights of buildings, layout of streets, location and congestion of manufacturing and minor mercantile groups and the general topography as it affects the concentration of fire apparatus in these high value districts."

The city's fire authorities used this portion of the National Board's report as expert corroboration of their claim that the Municipal Research Bureau and any others who held opinions similar to that of the Bureau were wrong. They did not, however, answer at that time, nor have they at any time since then, this conclusion of the National Board, appearing in the same report:

"The probability of two or more serious fires and of a multiplicity of additional alarms, when viewed in the light of topographic conditions and congestion of values, indicates that the present number of engine companies should be maintained except as noted in the next paragraph."

"Life safety, in the opinion of those responsible for it, requires a large number of ladder companies, as quickness of response is a vital factor; therefore it would be unwise to reduce the number of companies equipped to render ladder service. However, the ladder companies left in quarters are in preponderance at time of simultaneous multiple alarm fires, and the men assigned to some of them might well be equipped so that they can extinguish fire as well as perform ladder work."

To accomplish this, extra pumping engines and hose could be located at certain existing stations, with provisions for designated ladder companies to man and respond with this equipment and their ladder equipment, at such times as the territory is left unprotected because of the demands of multiple alarms. The provision of additional engine equipment on the above basis in four stations would permit the discontinuance of two of the existing engine companies.

"Another function which some of the ladder companies might well perform is that now cared for by the rescue companies. If a suitable number of the ladder companies are properly equipped and trained they will be able to render at least as good service as is now provided by the separate rescue companies, which may then be discontinued."

In other words, the National Board states that some ladder companies can be equipped and trained to serve as engine companies in reserve, which will permit the elimination of two engine companies; and that other ladder companies can absorb the members of the present rescue companies, and with equipment and training can "render at least as good service as is now provided by the separate rescue companies." This would mean that three rescue companies can be eliminated.

The Finance Commission was informed by the engineers of the National Board of Fire Underwriters that these changes can be made without hardship to the men. They pointed out that Boston has among its fire fighters many who have already reached the age at which the pension is operable, and who really are too old to be expected to perform all the tasks that an active fireman might be expected to perform. If such men were retired on pensions, the surplus engine and rescue company men could be used in replacement.

Thus, it appears that by following the advice given almost a year ago by the experts whom your Honor and the Finance Commission asked to find out who was right—those advocating a larger Fire Department or those claiming a smaller Fire Department—would be ample—the city can be saved more than \$100,000 per year.

The Finance Commission recommends that this saving at least should start as soon as possible.

Respectfully submitted,

E. MARK SULLIVAN, Chairman.

Placed on file.

FINANCE COMMISSION REPORT ON SNOW REMOVAL.

The following was received:

City of Boston,

Finance Commission, September 21, 1935.

Hon. Frederick W. Mansfield, Mayor.

Sir,—The Finance Commission desires to acknowledge the cooperation of your Public Works Commissioner, Mr. Christopher J. Carven, with the Finance Commission in the efforts of both to accomplish an efficient and economical organization of city forces to undertake the snow removal work of next winter. The commission had found that both the equipment and organization of last winter were so lacking in efficiency that the city undoubtedly paid much more for snow removal than it properly should. Therefore, the efforts being made now by the Public Works Commissioner to improve the organization and the equipment have a particular bearing on the question of whether or not the City Council should adopt the \$800,000 loan

order now before the Council for snow removal equipment. His efforts should have the approval and support of those seeking efficiency and economy in public administration.

The commission has noted that following a recent conference of Mr. Carven with the Finance Commission, your Honor has finally decided to adopt the recommendation made by the commission in a report to you on February 18, 1935, in which it said:

"The Finance Commission believes, therefore, that without further delay there should be organized a board of experts in this line of work, such experts as might be obtained from the large transportation companies that meet similar problems, to be added to experienced city officials to whom all the emergency powers vested in the Mayor and his departments should be delegated when a storm appears; that this board should be directed to work out first of all a method of removing the snow and keeping the streets open; and that it should arrange for a force of men and equipment that can be called out on short notice much like a fire department to a fire when the emergency arises."

Notwithstanding the rejection by your Honor of this recommendation in a letter in reply to the commission on February 19, 1935, the Finance Commission has continued to believe in the soundness of its recommendation. The commission, therefore, does not believe the loan order for \$800,000 for the purchase of snow removal equipment should be adopted until after the board of experts has made its report.

The commission agrees with Commissioner Carven that the city is in great need of replacement of the fleet of ninety trucks purchased eight or nine years ago for the Public Works Department. The expenditures for the repair of these have become a great drain on the city treasury. In dollars spent for repair amounting to well over \$1,000 per truck per year over a long period and in usage lost while the trucks are out of commission, they are a positive liability. The head of the Public Works Department informed the Finance Commission that he is very desirous of obtaining the new equipment as soon as possible, but that there seems to be some holdup in the City Council on the loan order. Charges have been freely made that some not ordinarily in the business of selling motor vehicles are mixed up in the deliberations over the authorization of this large purchase. How many and what kind of trucks should be purchased, and from whom, and what additional snow removal equipment should be added should not be dependent on what salesman or special representative will get the commission for sale.

The Finance Commission, therefore, urges your Honor to give the board of survey a free hand to act on its own experience and that it be instructed by you to disregard the political connections of the prospective salesman and consider only the merits of the equipment when the board makes its report.

The Finance Commission has attempted to find out why the removal of snow last winter cost more than in most previous winters. The commission in undertaking the task recognized that it is difficult to get money back into the city treasury that has once been paid out, whether it was paid properly or improperly. Therefore, it undertook this investigation solely in the hope that it might be able to reveal to you and the public the methods by which some contractors took advantage of the city last winter.

It has been reliably estimated that the snow removal work cost more than \$2,000,000 last winter. Yet there was only a moderate snowfall and there was much complaint from citizens and business firms of the slowness of the work and of the failure in many places to remove the snow. Under the circumstances the Finance Commission believes this cost was much too great and that effort should be made to prevent a repetition of it.

The commission believes also that the start to prepare for next winter's snow has been too long delayed. Winter is only a short time away, and the city departments, particularly the Public Works, will soon be taxed to their utmost in the spending of many millions for projects recently approved and financed by the Federal authorities. It is likely, therefore, that in such a pressure of work, preparation for handling the snow will be delayed until it arrives unless, appreciating the necessity for drastic effort to prevent a repetition of last winter's excessive cost and poor results, adequate plans and purchases are made very soon.

To check carefully all the records of snow removal work performed has not seemed feasible. The details of it are most voluminous and scattered. There are records relating to the work of contractors to whom were awarded the contracts for removal by districts twelve in all. Also records relating to the work of other contractors who were called in by the city officers as to assist in several districts when the designated contractors proved unable to do all the work required, and other records relating to the work of city employees. The work of contractors whose trucks were used to cart away the snow removed by the city and other contractors whose trucks were used to cart away the snow removed by the city, and to the work of contractors from whom various kinds of snow clearing

equipment were hired. In addition, a new system for counting yardage of snow removed, which was most elaborate in detail, was in operation for the first time in parts of designated districts, while in other parts of some of these districts the time-worn and often found wanting "ticket system" was used.

It may easily be understood, therefore, why it has not seemed feasible to the commission to check carefully all the records. To determine definitely how much the city was overcharged for snow removal and who was responsible for it and who got the money would require a larger staff and consequently, a larger expenditure than the Finance Commission can afford with its limited funds. Furthermore, it would require so much time it is doubtful if any good could come of it before the coming winter's snow removal work begins.

Since the Public Works Commissioner had announced that he believed the new system for payment is "tamper proof," the commission elected to make a test of this system in the Charlestown district, which is one of the smallest and therefore was believed to be the easiest in which to make a check. It happened to be one of the districts which was most frequently mentioned as one in which the cost of snow removal was not justified by the amount of work done.

The Finance Commission found abundant evidence that the so-called tamper proof system, as it was in operation last winter, was wide open to fraud and dishonesty.

According to the requirements of this system, an inspector at the loading point gave to the contractor a token or disk as evidence that he had picked up a truckload of snow. The token or disk was taken up and record made of a load removed by another inspector at the dumping point. The dumping inspector had so much clerical work to perform that he seldom or ever saw the load. He had to depend sometimes on another city employee, and sometimes on the contractor or one of his employees, for the word that a load had been dumped.

The loading inspector was required as part of the system to make record of the time of the loading; the dumping inspector was required to make record of the time of the dumping. In some cases inspectors admitted they met at lunch or supper and adjusted records so that they would not appear at variance. An engineer in charge admitted that, contrary to the directions of the system, he took tokens and records to his home before turning them into City Hall "to see if they checked."

According to the instructions given, the locked metal box in which the tokens were deposited when received was not to be opened until presented at City Hall by the engineer and there opened by a clerk. Notwithstanding this requirement, the engineer admitted that he opened the box at his home each evening to compare the number of tokens with the records that were to be turned in with them.

It was agreed among the representatives of the Finance Commission who made the investigation and the representatives of the city whom your Honor insisted should be present when the commission's representatives were examining the records, that the reports of the loading inspector and of the dumping inspector were largely useless.

The trucks hauling the snow for the contractor in the Charlestown district carried the snow various distances, from a few feet up to 1,600 or 1,800 feet. The number of men loading the trucks was constantly changing. According to the testimony of inspectors, it ranged from twenty-five to fifty men. After the truck was loaded it was necessary to drive the truck over slippery streets through traffic and around the many obstructions in City square, Charlestown, to a point near the center of the bridge over the Charles river, then to back the truck over a small opening not much larger than the width of an average man's body, dump the load some of which would often stick on the sides of the truck and would require shoveling, and then drive back for another load.

The records on which the city based its payment to the contractor show payment for an average of six loads an hour continuously throughout a day of ten or twelve hours. In some cases it appeared in the records that a particular load was loaded and dumped at the same minute. Sometimes, according to the record, a load was dumped five minutes before another record certified the same load was put on the truck.

Inspectors examined by the commission disagreed as to who actually supervised the unloading and the collection of the tokens or disks, one inspector having testified that it was the contractor or a contractor's employee and another inspector having testified that it was a city employee. A very large percentage of the men assigned by the city to this inspection and supervisory work were not regular employees, but were E. K. A. help engaged temporarily. The commission found it difficult to trace these men.

To make a test of the practice of loading a truck with snow, carting it to a dump and unloading it for the purpose of obtaining a correct idea of the amount of time required obviously cannot be done now when there is no snow on the ground and when conditions as they existed at the time of removal last winter cannot be even approximately duplicated. It was necessary, therefore, for the representatives of the commission to seek the opinion of persons expert in snow removal

work on the question of whether or not loads of snow could have been picked up and dumped in such a short space of time with clock-like regularity throughout a ten to twelve hour day.

Though many contractors and engineers were consulted, none would admit that under the conditions that existed at the time this work was done, it was possible to pick up and load and dump it every ten minutes throughout the day, except the engineers of the city who were in charge of the work and the contractor who was paid for it.

Charges have been freely made about City Hall that persons of prominence whose names do not appear on the public records as having financial interest in the contractor participated in the disbursement of the money received for this work. In Charlestown the contractor was the Capitol Contracting Company of No. 30 Shelby street, East Boston. The officers of this corporation are Vincent Zeto, president, and Joseph A. Dunn, treasurer. These two officers were subpoenaed to appear before the commission on July 11 for examination and ordered to bring with them the books and papers and records of the corporation. On that day only Dunn responded.

Dunn had neither books nor papers of any description relating to the corporation with him. He stated that they consisted only of a ledger and bank stubs and bills paid, and that they were in the possession of an auditor, H. B. Klane of No. 18 Tremont street who was auditing them at that time. He explained Zeto's failure to appear by stating that Zeto was out of the city and he informed the commission that he, too, was going out of the city himself within a few days.

The hearing was adjourned and Dunn was ordered to appear a week later with the books. On July 22 Dunn and Zeto appeared before the commission bringing with them the auditor above mentioned and an attorney, but without any books or records of the corporation. They informed the commission that none of them had in his possession a paper of any description relating to the business of the Capitol Contracting Company. They explained that on July 12, which was the day following Dunn's first appearance before the commission, the books, bank statements, check-book stubs and all other papers relating to the corporation had been stolen from Klane's automobile while it was parked on a street in the Back Bay section of the city.

Klane stated that the automobile was not stolen, but that the door was broken open and the papers taken. He offered as the reason for their being in the automobile that he had taken them to his office a month previously where he was in the habit of doing the bookkeeping of the Capitol Contracting Company. He exhibited a clipping from a newspaper which reported that the police had received complaints from a number of persons among them Klane, that their cars had been broken into and articles stolen. At tempt has been made to verify the filing of this complaint at police headquarters where record is kept of all complaints made by citizens. The officers in charge of the records have informed the Finance Commission that they can find no record in the Police Department of any complaint having been made as alleged by Klane.

The Finance Commission does not believe it is warranted in pressing this inquiry further. As above stated, the commission's finances are not sufficient to permit complete investigation and there is little hope that the city could get any money back; and there is the further consideration that it is now more important to be at work in preparation for next winter's snow than to be trying to locate books that might reveal where some of last year's expenditure went.

The commission has gone far enough to warrant the opinion that it undoubtedly cost too much to remove what snow was removed; that the system of payment was open to abuse and needed tightening; that efficient organization of city forces was lacking; and that revision of the contracts to ensure snow removal by capable contractors is necessary.

The Public Works Commissioner has recently arranged for an addition of time clocks to the mechanical device which records a load removed by which the inspector's work is relieved of clerical detail. Without this device it was necessary for an inspector, in order to comply with the system to keep a watch in one hand and write out records on a block of paper with the other, meanwhile pass out the metal tokens and supervise adequate loading and complete emptying of trucks.

There is, however, another striking need. Too many contractors with little or no equipment of their own, correspondingly lacking in experience, and financially unable to become properly prepared, have obtained contracts to remove snow.

One such firm last year was investigated by the commission's engineer when it offered the lowest bid in one district. The apparent operator of the company was found to be more or less regularly employed previously as an agent for a carpet company and for other cloth goods companies. Nevertheless, this company was recommended by the Public Works Commissioner for a contract which was later revoked after conference with the Finance Commission.

In the work required, experience and substantial financial backing is necessary if the work is to be done speedily and efficiently. Giving the contracts to persons or firms who have not had experience in the work, or who cannot finance the

sudden necessity for much equipment and labor only makes the cost greater and the progress of removal slower. Extra contractors usually must be called in to supply the deficiency; then it becomes a matter of the city's paying the price which the emergency contractors demand, rather than a price that they might have offered if they had sufficient time within which to prepare for it.

The bond that is required of each contractor amounts to nothing more than the payment of a premium to a bonding company from which some local agent obtains a commission. The Public Works Commissioner admitted to the Finance Commission that he never heard of a snow removal contractor being prosecuted under his bond for failure to carry out the requirements of his contract. Yet, in almost every snowstorm, one or more contractors prove unable to do all that the contract requires.

It seems, therefore, that by the inclusion in the contracts of a penalty clause under which it will be possible for the city to penalize a contractor who is unable to have on the job within a certain specified number of hours after receiving notice sufficient men and equipment for the work he has contracted to do, only responsible and reliable contractors will compete in the bidding. The city then will have a means of recovering the excess cost of payment of emergency prices to an emergency contractor.

The commission urges speedy action on the making of proper plans for snow removal, including the purchase of new equipment, and favors the adoption of a loan order after the report of the board of experts.

Respectfully submitted,

E. MARK SULLIVAN, Chairman,
ALEXANDER WHEELER,
W. ARTHUR REILLY,
PHILLIP A. CHAPMAN,
WILLIAM W. SAXE,
THE FINANCE COMMISSION.

Placed on file.

APPOINTMENT OF RAILWAY POLICE.

Notice was received from the City of Cambridge of appointment of Ralph C. Harper to be a railway police officer on Boston Elevated Railway.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of John B. Blotto, having been duly approved by the City Treasurer, was received and approved.

ABSENCE OF MAYOR FROM CITY.

Notice was received from his Honor the Mayor of absence from city from Monday, September 9, at 9 p. m., to and including Wednesday, September 11, at 9 p. m.

Placed on file.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers, Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of September, 1935.

Report accepted; said order passed under suspension of the rule.

RECESS.

The Council voted to take a recess, subject to the call of the Chair, at 2.40 p. m. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders for transfers within departmental appropriations (referred today)—recommending that same be passed.

Report accepted and said orders passed, yeas 21, nays 0.

2. Report on message of Mayor and orders for transfers in Suffolk County appropriations—recommending that same be passed.

Report accepted; orders passed, yeas 21, nays 0.

3. Report on message of Mayor and order for transfer of \$33,000 from reserve fund to H-Emergency Relief Project items—that same ought to pass.

Report accepted; order passed, yeas 21, nays 0.

4. Report on message of Mayor and order to engage in Public Works Projects (new garages, Public Works Department, \$725,000; new district Headquarters building, Public Welfare Department, \$60,000; Quincy Market building, foundation, \$460,000; Water pipe trestle, Chelsea North Bridge, \$35,000)—that same ought to pass.

Coun. BRACKMAN—Mr. President, on a point of information, may I request whether these matters were before the Committee on Finance?

President FITZGERALD—The loan orders will be referred. This particular order is so the city will have the right to engage in these projects.

Coun. BRACKMAN—The orders will then be sent to the Finance Committee?

President FITZGERALD—The loan orders will be.

Coun. DOWD—I want it distinctly understood for myself, and I believe for a majority of the members of the Council, that we are giving our approval on this, but not our final sanction until such time as we invite various department heads. Until that time we reserve our rights. This is not in any way tying us up on the transaction.

Coun. ROBERTS—I wonder if the clerk will read the orders again; not the full order, but the amount of the money for each project?

President FITZGERALD—The clerk will read the order.

[Order read by the clerk.]

Coun. GREEN—I might say for the information of the members of the committee, that I have been instructed to call a meeting of the Finance Committee on Friday, and we are going to have all the department heads here before the committee.

Coun. SHATTUCK—May I ask how it is proposed to pay for these projects?

Coun. NORTON—We are not supposed to ask that question. We are going to take it right out of the air.

Coun. TOBIN—I hope that the members of the Council today will give their approval at least as a matter of form to this order that is now before us. We have before given such approval to projects which do not affect our local district. In this particular order here there is provided a welfare office for Dorchester district and without knowing much about the other items, I think on that ground alone I am going to vote for at least a preliminary approval of this order.

President FITZGERALD—The government agreed to pay 45 per cent.

Coun. WILSON—Let there be any misunderstanding and whatever the advices from the Mayor's office may be, I personally consider when the Council, or a majority or two-thirds vote says that the city shall with the help of the government engage in certain projects including the building of a half-million dollar garage, when we need in Dorchester a White Fund Unit and things much more important, assuming we have the money to spend for it, as a practical proposition we are on record whether you vote yes and close your eyes and cross your fingers as you do it or not, and for that reason to be logical I propose to vote against the order, whether the loan orders go to the Finance Committee or not.

Coun. SHATTUCK—Reference was made to getting 45 per cent from the Federal Government. At the hearing before the Finance Committee on the proposed bond issues for the new City Hall and schools and bridge, it was stated to us by Mr. Fox that we would bond the city for 100 per cent of the cost because we didn't know what the Federal Government would contribute; we didn't know how much they would contribute; that it might be 30 per cent or might be some other figure; and they didn't know when they would get the money. Therefore the city would have to bond itself for the full amount of the cost.

Coun. TOBIN—I cannot see the argument of the gentleman from Ward 17. As I look at these P. W. A. projects, I think so far as Boston is concerned, they are much better off to submit a number of projects and get at least a temporary agreement with the Federal Government for a number of projects and then when we have that agreement, when it comes down to the final issue, we will have enough before us to pick out the best projects and in that way get some money for the City of Boston for the very best projects. If we limit ourselves in the beginning to two or three projects and then come back and decide we do not want them, it may then be too late for anything else, so I think the arrangement of a preliminary approval with the understanding that later on we are going to have a final vote on each and every item, is the most logical arrangement to bring before the City Council.

Coun. SELVITELLA—Mr. President, a point of information? Is it possible to read each item and vote separately on each one?

President FITZGERALD—Will you state the question again?

Coun. SELVITELLA—My point of information is whether or not it is permissible to read each item separately and take their vote because as much as I would like to vote for the welfare units, I am going to oppose the construction of a \$500,000 garage, so if the entire matter is put in one vote, I am afraid I am going to vote against it.

President FITZGERALD—The Chair will state this is the only opportunity you will have. The loan orders you can vote on separately but you have to vote on the proposition here as a whole to get it back to Washington.

Coun. SELVITELLA—I have that very thing in mind and if we should go on record at least by our vote indorsing these projects, we might later on be placed in the position that they might be too late and I would rather be placed on record as opposing these now and giving the Mayor opportunity to put in more favorable projects so he will have plenty of time and later if the door is closed on him, he cannot come back and say we voted for this. At least we give him to understand and he went ahead with his plans, and I

think we ought to take some affirmative step here rather than encourage the Mayor in these projects that are going to do nobody any good when there are more worthy projects for the city. There are so many garages in the City of Boston foreclosed, that can be bought in the vicinity of \$25,000 or \$50,000 that will answer the purpose and for the city to undertake to spend \$500,000 for a garage is beyond my reasoning.

Coun. ROBERTS—Mr. President I am opposed to these projects until we can find out whether they are going to put a reasonable number of men to work for my principal reason. These projects are open to the same objection that the schoolhouse contracts and the City Hall contracts were on the last vote taken on P. W. A. projects in this Council. Experience has taught us in the Council that the construction of these buildings places a minimum amount of men to work with a maximum expenditure and it is also open to the objection that we do not know how much money we are going to get from the Federal Government.

Coun. BRACKMAN—Mr. President, in view of the fact that we have had practically no information at all submitted on any of these projects, I move that the matters be laid on the table.

President FITZGERALD—You heard the motion of Councilor Brackman. He moves that the matter be laid on the table. No debate.

Coun. DOWD—I ask unanimous consent to make a statement.

President FITZGERALD—Is there any objection?

Coun. DOWD—Mr. Chairman and Mr. President, the only thing is I think the question involved today is whether or not the City of Boston is going to engage in any public works program that will put men and women to work. Every day we take up the papers and read of thousands and millions of dollars to be expended. We read of 30,000 or 40,000 men to be put to work and yet conditions in Boston are far worse than they ever have been, and I assume the same thing applies to every other city and town in America. The only ones I see who are getting any direct benefit from the E. R. A. or P. W. A. or the rest of the alphabet is the gentlemen who grab those \$5,000 or \$6,000 or \$10,000 a year salaries, when the poor of Boston still remain walking the streets unable to get any work. I agree with the members of the Council that there are some items there that I will not vote for unless I am shown where they are going to put men and women to work. I agree with Councilor Roberts that the building of buildings does not put a lot of men and women to work. I am interested in how many people will be put to work. If we say to the government that we do not approve today of the Mayor's list of projects as submitted, then the government can truthfully say to the Mayor, "Your City Council did not favor the projects. Therefore, we will abandon them." I don't see any reason why we cannot give our approval of these projects today. I don't know if they are in Washington or not, or awaiting for our approval to go to Washington, but I know that every man in the Council is not binding himself and I am not binding myself to vote for these specific loan orders, but it will bring the matter to a head and allow us to sit with the Finance Committee next Friday and decide whether or not, and I think it is a serious mistake to let the matter lay on the table for one week. What will we gain by it? What information will we get in that time that we haven't got now? We are asking the Council to give the approval and when the loan orders come to us we can act and vote as our conscience dictates. I think it is retarding the public works program. You are saying to the citizens, "We will have no program that will place men and women to work." I don't know of any information that will aid them in voting on this matter. Today we are asking you to give your approval. I am willing to approve it, but I am not going to state now whether or not I will vote for those projects unless I find out what they are going to be and how many men they will employ.

Coun. AGNEW—I ask unanimous consent to make a statement. I agree with what the last speaker had to say. I see no reason why we are getting hysterical over this communication. The merit or the merits of each and every one of these projects are not before us at the present time. I agree with Councilor Dowd that we have got to take some step forward in some program or projects to employ individuals and the merit of every one of these projects we are not considering today and I hope that this order or motion to lay on the table will not pass.

The motion to lay on the table was lost.

President FITZGERALD—The question now is on the passage of the order.

Coun. NORTON—I am convinced after listening to the argument that I should vote for this order at the present time. I mean that.

The order to engage in the Public Works program was passed, yeas 17, nays 3, viz.:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, Murray, Norton, Tobin—17.

Nays—Coun. Roberts, Shattuck, Wilson—3.

5. Report on the several loan orders submitted with the Public Works Project program (referred today) recommending reference to the Committee on Finance.

Report accepted; said reference ordered.

SUNDAY SPORTS ORDINANCE.

Coun. FISH, for the Committee on Ordinances submitted the following:

1. Report on ordinance (referred August 12) amending the Sunday Sports ordinance, as follows:

"The license shall be for the term of one year beginning March 15, and the fee established herein shall be for a year or any portion thereof," recommending that same ought to pass.

Coun. WILSON—I move that that be sent to the Executive Committee.

President FITZGERALD—The question is on the report of the committee.

Report accepted.

President FITZGERALD—The question now comes on the passage of the order, and Councilor WILSON moves reference to the Executive Committee.

Coun. ROBERTS—Is there some provision for the payment of licenses; any additional sum?

President FITZGERALD—It is all provided in the ordinance.

Coun. ROBERTS—No increase?

President FITZGERALD—It is just its term.

Coun. ROBERTS—When we decreased the sum which the clubs paid for their Sunday licenses, the license was limited from March 15 to October 10. My point of information is as to whether any additional fee is provided for having that in mind?

President FITZGERALD—I understand there is no additional fee charged. Did the Committee on Ordinance take that up in consideration?

Coun. FISH—No, we did not, Mr. Chairman.

The report of the committee was accepted. The ordinance was referred to the Executive Committee.

FINANCE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Committee on Finance, submitted the following:

1. Report on three loan orders (referred September 3) for appropriation of \$2,500,000 for new City Hall and demolition of present structure, for \$850,000 for new Chelsea street and Eastern Avenue Bridge over Chelsea Creek, and for \$3,600,000 for new school buildings and additions to existing school buildings—that same ought to pass.

Coun. SHATTUCK—Mr. President, the Committee on Finance held a hearing on those three loan orders last week. At that hearing I was acting as chairman and have been asked to report on the measures, although a dissenter. The three projects are as follows: \$850,000 for a new bridge at Chelsea street and Eastern avenue, crossing Chelsea creek, near where those oil tanks are. Mr. Reilly, head of the Bridge Department of the Department of Public Works, came before the committee and made a report stating that the present bridge was in a dangerous condition and must be replaced and might be condemned if not replaced. He also said,—and I shall offer an amendment reducing the loan order,—he also said upon a restudy of the project it had been found that the cost would be \$740,530, which is a little over \$100,000 less than the amount asked for. At the hearing, so far as I could determine from what Mr. Reilly said, and he appeared to be a competent man, the bridge is needed and his cost is a definite figure, and I see no further question on the bond issue except one of policy, but on the question of policy I shall vote against it. The second item was \$3,600,000, being additions and alterations in certain schoolhouses. On that matter we had Mr. Drummey, Superintendent of Construction of the School Building Department, and we also had Mr. Campbell, the Superintendent of Schools. Mr. Drummey stated or described various schools and stated that the figures had been carefully gone over. When asked as to the needs of that particular construction, he said that was not within his province. We therefore sent for Mr. Campbell and he endorsed the projects and said they had been before the School Committee and had been endorsed by the School Committee. He said that it would enable the taking out of certain intermediate classes from the high schools, thus relieving the congestion in the high schools and I think in the English High School the project was for better lunch facilities. The last item is \$2,500,000 for a new City Hall. Mr. Hall, the Superintendent of Buildings, appeared before the committee, and was unable to give us any satisfactory information as to what extent it would meet the requirements of the city; to what extent it would enable the city to withdraw from certain leased premises. I think there was a general feeling on the part of the committee that we had insufficient information on the subject of a new City Hall regardless of the question of policy. At these continued bond issues, the committee as a whole in making the report makes it a reserve of rights as to how each member will vote on final reading and particularly by reason of the fact that the construction of the City Hall was believed to be quite inadequate. That in very brief and in substance is the report of the hearing which we had. I might at this time state the reasons for my dissent and those reasons are reasons which I have discussed on a number of occasions in this body, namely, the fact that we are unable to

unwilling to raise the revenue to pay our operating expenses; that we have already authorized borrowings of \$9,000,000 for that purpose and it is believed that the welfare costs will show that another borrowing of at least \$1,000,000 will be necessary; making \$10,000,000 or ten and one-half million in all for current expenses; that almost week after week we are presented with new projects for borrowing money; that we never have been told what the total program is. We have never had any budget program as to these borrowings. They "dribble in week after week. Each one we say 'This isn't in itself a terrific burden and perhaps we had better vote for it.' The next week another one comes in and we say the same thing. We have not really added up what commitments we have already made and we don't know what commitments we will be asked to make in the future. Only today there have been a new crop of projects and other enterprises on which we will soon be asked to borrow money; and next week there may be still another crop. Obviously we cannot, if our promise to pay means anything and if we intend it to mean anything, we cannot go on doing that forever. I have been criticized for talking about dollars. Well, we are promising to pay dollars. We are promising to pay principal and interest and I regard that as a sacred obligation. I regard it as a sacred obligation and I do not want to incur debts when I feel doubtful whether we can pay them. Therefore, sir, for reasons which I have now stated, and which I have gone into on many occasions, I shall vote against all these matters and at the present time I can see no merit from any point of view without further information on the City Hall item.

President FITZGERALD—We first have to accept the report of the committee and these orders shall be given a separate vote and you will have another opportunity to vote on them on October 7,—a final vote.

Coun. SHATTUCK—If there are no further remarks before the matter is taken up, I wish to move that the bridge item be reduced from \$850,000 to \$742,000, which is \$470 more than the figure which Mr. Reilly says was necessary.

President FITZGERALD—When that item is reached, the Chair will accept that motion. The question now is on the acceptance of the report of the committee.

Report accepted.

Coun. GOLDMAN—Mr. President, I move that these present loan orders be laid over so that they may be acted upon at the same time with the previous loans when they come before us. We have until October 11, Mr. President, in which to act on the matter and we have approximately two weeks. If the matter is pressed at this time, I shall vote against them.

President FITZGERALD—The Chair will state for Councilor Goldman's benefit to that suggestion you have made, they will become automatically law on October 11 and we won't have the opportunity to vote on them and the members want an opportunity to vote on October 7.

Coun. GOLDMAN—We can wait until next week—

President FITZGERALD—Too late. You will have an opportunity on October 7, on the second reading.

Coun. NORTON—If the Council does nothing before October 11, the orders are automatically accepted?

President FITZGERALD—Yes.

Coun. NORTON—And two weeks between the two readings?

President FITZGERALD—That is correct. It is best to let it go as the committee have reported it.

The order for a loan of \$3,600,000 for schoolhouses was read once and passed, yeas 16, nays 5.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Selvitella, Tobin—16.

Nays—Coun. Goldman, Norton, Roberts, Shattuck, Wilson—5.

President FITZGERALD—Now comes the East Boston project.

Coun. SELVITELLA—For the purpose of the record, it is not an East Boston project. It happens to be Chelsea.

Coun. NORTON—For the purpose of the record on the schoolhouse loan, Boston has three hundred school buildings at the present time on 44 square miles, with an investment of \$70,000,000.

President FITZGERALD—The question is now on the amendment offered by Councilor Shattuck reducing the proposed loan for Chelsea Street Bridge from \$850,000 to \$750,000.

Coun. SHATTUCK—\$742,000.

President FITZGERALD—Well, we will make it \$750,000.

Coun. WILSON—Do I understand the councilor from the Back Bay stands that last raise?

Coun. SHATTUCK—I do not stand any of them because I shall vote against the whole thing, but I do say that Mr. Reilly who is a competent bridge engineer said that \$741,530 was sufficient.

Coun. DOWD—I would like to ask the councilman from the Back Bay a question through the Chair? Do I understand if we accept this amendment that the councilor will vote against it?

Coun. SHATTUCK—Mr. President, that is correct.

Coun. DOWD—I don't see any reason why we should accept an amendment from a member of the Council who is going to vote against it himself.

President FITZGERALD—The question is on Councilman Shattuck's amendment of reducing \$850,000 to \$750,000.

Coun. BRACKMAN—The bridge engineer himself said that would be sufficient to do the work. I don't see any need of appropriating any more money.

President FITZGERALD—The question now is on the amendment.

The amendment was adopted.

President FITZGERALD—Now the question is on the passage of the order as amended.

Coun. AGNEW—I ask a point of information. What are we voting on,—the amount of \$750,000?

President FITZGERALD—\$750,000.

The order for a loan of \$750,000 for Chelsea Street Bridge was read once and passed, yeas 16, nays 5.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Selvitella, Tobin—16.

Nays—Coun. Goldman, Norton, Roberts, Shattuck, Wilson—5.

President FITZGERALD—The question now is on passage of the order for a loan of \$2,500,000 for a new City Hall.

Coun. BRACKMAN—I want to make this remark, as a member of the committee I agree with Councilor Shattuck that the committee has hardly been provided with adequate information regarding the new City Hall, or a breakdown of the expenditures, but in view of the limited time we have to approve, I am going to vote reserving the right to vote against this on a second reading.

The order was read once and passed.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Tobin—15.

Nays—Coun. Goldman, Norton, Roberts, Selvitella, Shattuck, Wilson—6.

POLICE RADIO SYSTEM.

President FITZGERALD called up No. 1 on the calendar, viz.:

Ordered, That the order passed by the City Council, March 13, 1935, and approved by the Mayor March 14, 1935, authorizing the borrowing of \$75,000 for Police Radio System, be, and hereby is, rescinded.

On September 9, 1935, the foregoing order was read once and passed, yeas 20, nays 0.

The order was given its second passage and reading, yeas 19, nays 0.

ABANDONMENT OF SEWER EASEMENT.

On motion of Coun. DONOVAN it was voted to take No. 2 from the calendar, viz.:

2. Whereas, The City of Boston, by a resolve and order of the Board of Street Commissioners, approved by the Mayor of Boston under date of December 1, 1910, took for its sewerage works a right and easement in land situated in that part of Boston called Dorchester and more fully described in the instrument of taking, recorded with Suffolk Deeds, Book 3500, page 373; and

Whereas, The Commissioner of Public Works of the City of Boston, now having charge of said right and easement taken, has notified the City Council that said right and easement in a portion of the premises described in said instrument of taking and hereinafter referred to is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to abandon said right and sewer easement in the premises hereinafter described and to execute and cause to be recorded in the Registry of Deeds for Suffolk County, in the name and on behalf of the City of Boston and in form satisfactory to the Law Department of the City of Boston, upon payment to the City of Boston by the owner or owners of said premises of the sum of one dollar and upon the execution and delivery to the City of Boston by said owners of a release of any and all damages in any way growing out of or caused by said abandonment and by the abandonment of the sewerage works and pipes located within the limits of said described premises, a declaration that said right and easement in the following-described premises is abandoned, namely, a certain parcel of land situated in that part of Boston called Dorchester, bounded and described as follows: Northwesterly by Ufford street, so called, ten feet; northeasterly by a portion of the said Ufford street supposed to belong to the Roman Catholic Archbishop of Boston, forty-eight feet; southeasterly by said Ufford street, ten feet; southwesterly by that portion of said Ufford street supposed to belong now or formerly to Mary E. Ufford, containing four hundred and eighty square feet of land, more or less, being a portion of the above-mentioned land taken for sewerage purposes which taking is shown on a plan marked "City of Boston, Plan Number 241, Sewerage Works, Dyer Avenue and Ufford Street, Dorchester, November 23, 1910, F. A. McInnes, Acting City Engineer."

On August 12, 1935, the foregoing order was read once and passed, yeas 16, nays 9.

The question came on the passage of the order and the order was passed, yeas 20, nays 0.

SALE OF EASTERN MASSACHUSETTS RAILWAY COMPANY.

Coun. DOWD offered the following:

Ordered, That the Boston City Council request his Honor the Mayor to consider the advisability of rejecting the proposed sale of the Eastern Massachusetts Railway Company to the Boston Elevated.

Coun. DOWD—Mr. President, all I know about the alleged sale is what I read in the Boston newspapers that the Boston Elevated Railroad, which at the present time if it was not for the state control would be a defunct body, are considering the purchase of the Eastern Massachusetts, which I assume is a defunct body also, for the price of \$1,500,000. The only thing that sale will do is add on to the deficit to be paid by the taxpayers of Boston. While we are interested in transportation to all parts of suburban Boston, I cannot understand how the directors in view of their attitude in tearing down the Elevated which would not cost them anything can saddle on to the taxpayers of Boston another \$1,500,000.

Passed under suspension of the rule.

PURCHASE OF SNOW REMOVAL EQUIPMENT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of halting the loan order for the purchase of snow removal equipment until after the newly appointed Board of experts has reported as per the request of the Boston Finance Commission.

Passed under suspension of the rule.

CONSTRUCTION OF MORE NON-MAJOR STREETS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Commissioner of Public Works relative to the constructing with E. R. A. money of more non-major streets in Boston.

Coun. NORTON—This order is to construct non-major streets now with E. R. A. help where we are able to build streets very cheaply.

The order was passed under suspension of the rule.

FAIRNESS OF FINANCE COMMISSION REPORTS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of requesting the President of Harvard University or the President of Boston College or the President of Tech to assign a suitable committee of their experts on economics or municipal government to advise the Mayor and citizens of Boston whether or not, in their opinion, the reports of the Boston Finance Commission, as issued since Mr. E. Mark Sullivan assumed the chairmanship, have been fair.

Coun. NORTON—Mr. President, this is an order requesting the Mayor to consider requesting the President of one of these institutions to allow their Department of Economics to examine into the Finance Commission reports made since E. Mark Sullivan was made chairman. Answering the question that the Mayor proposed to the President-Emeritus of Harvard College, whether the reports issued since E. Mark Sullivan took charge were fair, I believe when I was over there at Technology with Professor Miller on a boiler problem he informed me that Technology had agreed to assist the city in certain matters, and perhaps this is one of them where the president would assist if he were asked to appoint his department to look into the controversy that has been going on.

The order was referred to the Committee on Rules.

PROBLEMS OF PORT OF BOSTON.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Boston School Committee relative to having all teachers of economics and other commercial courses in the Boston Schools kept informed, and possibly teach certain courses, regarding the problems that now face the Port of Boston and along what lines attempts are being made by the Boston Port Authority to save the business of the port.

Passed under suspension of the rule.

RE-EMPLOYMENT OF DISCHARGED EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in employment to those employees let go during the first part of the administration who had performed faithful work for the city for years and were then let go.

Coun. NORTON—This order refers to those who have been with the city ten, twenty or thirty years and were let go and were forgotten about in the first few months of the administration.

The order was passed under suspension of the rule.

SALARIES OF AMBULANCE DRIVERS.

Coun. NORTON offered the following:

Ordered, That the Trustees of the Boston City Hospital, through his Honor the Mayor, be requested to advise the Council as to whether or not in their opinion the salaries of ambulance drivers working at points other than the City Hospital should be equalized.

Passed under suspension of the rule.

CLOTHING OF SCHOOL CHILDREN.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Welfare and School authorities relative to seeing to it that no child in Boston is unable to attend school the opening day because of insufficient or improper clothing.

Coun. NORTON—Mr. President, I understand there is some question regarding the matter as to whether or not Boston will not have 400 or 500 children unable to attend school at the opening session on account of improper clothing. This is the time to look into it. We desire that no child be kept from school because his clothing is improper. New York has over 5,000 children, and admits it, and is taking steps to see that the children are allowed to go to school the first day. I have checked up with certain officials of civic and welfare organizations and it is thought that we have 500 children who will be unable to attend school unless provision is made.

The order was passed under suspension of the rule.

NOISE ABATEMENT PROGRAM.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the matter of enthusiastically pushing the so-called noise abatement program.

Coun. NORTON—Mr. President, when I first introduced that order the Mayor thought I liked to sleep in the morning, but this is of national and international importance. Other great cities have eliminated automobile horns between 11.30 and 7. My interest was brought about not because I liked to sleep, because unlike my brother from Roxbury, for instance, I am up early, but by the Hotel Men's Association of Boston, the Hotel Men's Association that was interested in this anti-noise move. They have complaints from their guests and are losing business and if anything can be done to hold business here, Boston, at least, should try to do it.

Coun. FISH—I understand the councilor from Ward 18 has a sound wagon that makes a lot of noise.

Coun. NORTON—Not between the hours of 11.30 p. m. and 7 a. m.

Coun. MURRAY—I wonder why the councilor voted against the abolition of the elevated, which makes the greatest noise of anything in the city.

Coun. NORTON—Because the Elevated was not to be touched between Dudley street and Forest Hills.

The order was passed under suspension of the rule.

CONSOLIDATION OF MEDICAL DISTRICTS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of recommending that the office of Medical Examiner of the Northern District be consolidated with that of the Medical Examiner of the Southern District.

Coun. NORTON—Mr. President, Boston is the only large city in America with two medical examiners and there is no reason for it any more than we should have two City Halls in Boston. New York City has laid great stress on the importance of the Medical Examiner. They obtain Medical Examiners of national importance to come to New York. Mayor La Guardia said last Thursday, referring to the position of Medical Examiner in New York City since Dr. Charles Norris died three weeks ago:

"This office provides more material and opportunities for pathological research than can be found anywhere else in the country," the Mayor said. "It would be of great value to science and to medicine if a model, fully equipped, laboratory could be provided for autopsies. Such a laboratory should be constructed like an operating amphitheatre, so that scientists could gather and watch the work being done."

New York wants to get the best in America. We have no reason to be disturbed in Boston. We have one of America's greatest pathologists in charge of our Southern District Mortuary. I would like to see the Medical Examiner's headquarters at the City Hospital made about three or four times its present size and made into a unit such as New York City has made theirs.

The order was passed under suspension of the rule.

HIGH COSTS OF FOODS.

Coun. SHATTUCK offered the following:

Ordered, That in connection with the study of the high cost of food which his Honor the Mayor was requested, through his Excellency the Governor, to request the Director of the Division on Necessaries of Life to undertake, his Honor the Mayor be further requested to suggest that the study include an inquiry into the effect on the prices of bacon and other pork products of paying hog-raisers not to raise hogs; the effect on the price of beef of the slaughtering of cattle and the reduction of herds; the effect on the price of bread and of corn and other agricultural products of the plowing under or withdrawal of acreage from production; and in general of the loss to the consumer through these policies, including a report on the prices of staple food products such as have been indicated which prevailed at the time these policies were inaugurated and the prices of these same products today.

Passed under suspension of the rule.

CONDITIONS AT 1620 TREMONT STREET.

Coun. DOHERTY offered the following:

Ordered, That the Commissioner of the Health Department, the Public Works Commissioner and the Building Commissioner be requested, through his Honor the Mayor, to investigate the unsightly conditions existing at 1620 Tremont street, Ward 10, and cooperate toward the end of having this condition remedied immediately.

Coun. DOHERTY—Mr. President, my purpose in introducing that order is to call attention to the three department heads to get together and go out to 1620 Tremont street—a stone's throw from the Mission Church,—and notice the unsightly conditions out there. People in that district are complaining and as it is on the main highway certain people are going in there and dumping all sorts of refuse. It seems at one time there were billboards located in this section and when the billboards came down the refuse stayed there and there doesn't seem to be any way of having it cleaned up, and as this is clean-up week I believe the Public Works Department should get together and clean up this mess.

Passed under suspension of the rule.

IMPROVEMENT OF LAMONT STREET.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Lamont street, Ward 9.

Ordered, That the Commissioner of Public Works make a sidewalk along Lamont street, both sides, entire length, Ward 9, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

OLD AGE ASSISTANCE.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to intercede with the Old Age Division of the Public Welfare Department for the purpose of urging speedier action on applications for old age assistance.

Coun. BRACKMAN—Mr. President, in connection with the order, it has come to my attention that in some cases applications have been held up as long as nine months.—it has taken nine months to investigate these applications and people have practically starved while waiting for this department to investigate. Something should be done to speed up this machinery.

Coun. ROBERTS—I would like to add my word to Councilor Brackman's. This year the Legislature considered a bill which would force the Welfare to give persons aid who established a prima facie case with the Welfare authorities for receiving aid. That bill was referred to the next annual session and conditions have gotten in the old-age division in Boston in a worse state than they were a year ago. The other day it was called to my attention that a recipient of old-age assistance had been taken to a private hospital as a result of an illness and without any investigation whatever the old-age pension division struck his name from the rolls of the old-age pension. He was over two months getting back on the rolls again and in the meantime was forced to rely on the charity of his friends. This is exactly parallel without the bad results or the fatal results in the case that Councilor Norton called to your attention about a year ago; and I think something ought to be done. Either that division of the Welfare is undermanned or something is the matter with the management of it. There is no other city or town that has the same condition.

The order was passed under suspension of the rule.

WARD 12 IMPROVEMENTS.

Coun. BRACKMAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Irwin avenue, Ward 12, as a public highway

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Cheney street, Ward 12.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Hartwell street, Ward 12.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Edgewood street Ward 12.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Dunreath street, Ward 12.

Severally passed under suspension of the rule.

UNEMPLOYMENT IN PRIVATE ENTERPRISE.

Coun. BRACKMAN offered the following:

Resolved, That the Boston City Council go on record as favoring a plan to relieve unemployment in private enterprise as proposed by Representative Thomas Dorgan of Boston, whereas, said plan would tend to take men and women from the relief rolls and place them on permanent industrial pay rolls. Said plan, which calls for the appointment of unpaid Emergency Employment Boards throughout the cities and towns of Massachusetts, said appointments to be made by the Governor of the Commonwealth, and to be leading business men representing employers and labor leaders representing the employees.

Coun. BRACKMAN—Mr. President, may I say a few words about this resolve. This is a plan proposed by Representative Dorgan which some of the leading writers of the American dailies endorse, and in my opinion the present relief rolls have been highly inadequate towards promoting private enterprise stimulating business to any extent. We have to do something to stimulate private business. This plan would call for the appointment of an emergency board of private employers comprised of leading merchants and labor leaders, representing the employees, and would be highly publicized. As each business organization took on men for permanent private employment it would be publicized in the Boston papers and the papers throughout the state. It would encourage the hiring by private employers. We have to do everything we can to promote private business. Mr. John Bantry, whom we all know, a leading editorial writer in this country, says of that idea: "We know that the idea formerly held that the expenditure of huge amounts of money on the public works and direct relief would so stimulate business as to bring about speedy recovery is wrong. The effect of this large spending on different business has been slight in its effect in reducing unemployment. We have learned by bitter experience that there is no substitute for regular employment and relief work, as necessary and valuable as it is, can hardly be considered as much more than a dole and an irregular one. The Governor will do well to act on Representative Dorgan's suggestion which is sensible and constructive. It will tend to focus public attention on the real problem which faces us."

I trust the members of this Council will go on record as favoring this plan.

Referred to the Committee on Rules.

GOAL POSTS, VICTORY ROAD PLAYGROUND.

Coun. FISH offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect goal posts at Victory Road Playground, Ward 16.

Passed under suspension of the rule.

MEETING OF COMMITTEE ON PUBLIC WELFARE.

Coun. AGNEW—The Committee on Public Welfare will meet tomorrow with Mr. Dowling at 4 p. m. I would like to have that committee meet in Mr. Baldwin's office at 3.30 and I invite any member of the Council who may be interested in that particular matter.

INFORMATION IN RE WELFARE RECIPIENTS.

Coun. WILSON offered the following:

Ordered, That the Statutes Trustees be requested, through his Honor the Mayor, to advise

the City Council as to the number of welfare recipients in each of the twenty-two wards of the city finally found not to be included in police listings of 1932, 1933 or 1934.

Ordered, That the Director of Public Welfare be requested, through his Honor the Mayor, to promptly inform the City Council as follows:

1. The date on which each one of the ten local welfare units, contemplated in May, 1934, were actually opened.

2. The date on which re-registration of welfare cases was completed in each of the twenty-two wards of the city, as per original Council request of April 16, 1934.

3. The total number of welfare recipients now no longer carried on the welfare rolls since the beginning of the re-registration of all welfare cases commencing early in 1934 and which were dropped or disappeared following the beginning of such re-registration.

4. The date following April 16, 1934, on which re-registration of all welfare cases was commenced by the Public Welfare Department and the date on which final re-registration throughout the entire city was completed.

5. Whether or not the signature and present address of every welfare recipient in the City of Boston is now in the possession of the Public Welfare Department.

Coun. WILSON—Mr. President, I do not believe any member of the Council will disagree with the request contained in these orders, nor disagree with the advisability of checking up periodically with the Welfare Department, expending as that department does more perhaps than any other department in the City of Boston, except the School Department, and probably checked up the least of any department. As it has been well stated the work in that department has been away behindhand in the cases of the old age pension which have been requested; and that in itself is surprising when we bear in mind in 1934 the overhead cost, salaries and the window boxes and the trees and the furniture down there in the Welfare Department was \$646,162.79, up \$3,105 from the previous year of 1933; although the total money distribution was \$12,870,723.73, down \$526,000—odd from 1933; and bearing in mind that for the year 1935 the budget appropriations for overhead in the Welfare Department was \$1,826,000.90, up another \$354,644; although the total money appropriated for distribution was \$9,700,000—or down over \$3,000,000. Of course, the money actually spent this year by the Welfare Department to the first of this month amounted to \$639,000.33 for overhead, or within \$7,000 of all the money spent last year for the entire year. I think that perhaps in view of the suggestion of the Budget Commissioner that he thought the checking up of the Welfare Department and the fraudulent cases had stopped, it might better be shown that the investigation by the Council has by no means stopped and I think it was a shock to more than one member of the City Council when they learned today, or the past few weeks for the first time, despite that terrific overhead in the Welfare Department, it has increased 50 per cent over last year in the face of lower distribution, when they found for the first time the welfare division employees are the only employees in the entire county of Suffolk and in the City of Boston that did not receive the step-rate increases. I think without unnecessary criticism of the department that they would not present a periodical check up of the work done at that location.

Coun. NORTON—I would like to agree with the councilor from Ward 17. The amount of money spent in the Welfare Department two years ago or three years ago was, I felt, small for the job they had to do. I doubt if we have enough visitors there at the present time. I feel we ought to have more visitors on old age pensions. We have decentralized in the various sections. I feel so far as my ward is concerned, the unfortunates on Welfare are receiving prompter attention than ever. I feel we could stand more help up there. While on the books we may spend thousands of dollars, still at the present time the case load each visitor is handling is far above that of other cities in America. While we may spend a million dollars as a result of the better check on the money we are spending, we will save that money at the end of the year. In other words, I am encouraged at the way this Welfare Department has been run under the present set-up.

Coun. WILSON—I do not believe the Council members followed the purpose of this order, or the wording of these two orders. I do not say that the Welfare Department is necessarily overmanned, but I have asked in these orders for the Welfare Department to tell us whether the re-registration, which Mr. McMurry said over a year ago was the most important item he could think of to keep down the expense, has in accordance with the order of Councilor Agnew been completed. Advice as late as the latter part of last year was to the effect that they were still working on it. I don't know whether the contemplated ten subdivisions or substations of the Welfare Department are open and working, and I have endeavored to ascertain whether the ten contemplated substations have been opened, and whether the re-registration has been completed and if it has been it may be that the additional temporary help which were needed to complete such a large job may not now be needed.

The orders were passed under suspension of the rule.

WEST ROXBURY GARBAGE CONTRACT.

Coun. FINLEY offered the following:
Ordered, That his Honor the Mayor be requested to break the existing contract for ash and garbage removal in the West Roxbury district unless the present contractor fully complies with the conditions of the contract.

Coun. FINLEY—In view of the fact that the city-wide campaign for clean-up is now being conducted, I believe this order is particularly timely. We are having a rather unusual experience in Roslindale and West Roxbury at the present time. In most of the sections of the city the taxpayers get the full ash removal service for which they pay. This is not the case in the West Roxbury and Roslindale districts. The terms of the contract in our district state that the contractor must remove the ash barrels from any easily accessible place. It also states the contractor must return the barrels to the place from which he received them. Now, that has not been done and is not being done. Unless a resident of our district places his barrels on the edge of the sidewalk, the contractor will not remove them. Last week this matter was brought to the attention of the Public Works Department. It was then stated that the contractor would move all the barrels and notices to this effect were in the daily press. As a result, many residents of the district did not place their ash barrels on the sidewalk. They were left in the backyard and the contractor failed to remove them as expected. Now, despite the fact that a clean-up campaign is under way West Roxbury and Roslindale have refuse in the backyards which will remain there for another week. Unless the contractor lives up to the full terms of the contract, I believe the Mayor should take immediate steps to break the contract and hire men who will do the work under the contract.

Coun. WILSON—I believe the gentleman from West Roxbury and Roslindale is to be congratulated on the step he has taken against this situation which has gone on through the years, despite the fights that have been made. The contract is similar in the Dorchester district and we, of course, would have had good reason to assume under a reform administration that the old racket would have finally disappeared because the reason for the breach of the rule is obvious. The average, honest contractor, assuming the number of hours necessary to go in and get the barrels from accessible places in the backyard naturally bids higher than the insider who knows he is going to get the contract at a lower figure because he insists on picking up only such barrels as are placed on the front walk. So I say under a reform administration, I trust the efforts of the councilor from Roxbury and Roslindale will be successful against these low bidders who obtained their contracts on the strength of getting their barrels from the sidewalk as against the man who would do the job as it should be done.

Coun. MURRAY—This contractor goes into Jamaica Plain as well. Now, they remove the garbage on Monday. People have to put the barrels out Sunday night and they dirty their best clothes; also the barrels are not put back when through with them. The young fellows coming home kick the barrels off the sidewalk and with automobiles coming along it is a menace to the automobiles. This man hires aliens and pays them not the prevailing wage, but a certain amount of money. I think if these men were made to live up to the contract they would have bid higher and I think in the future the Public Works Department and the Mayor should see that they take the barrels out and in the same as is done by the city forces. The city forces come and take your barrels from the back of the house and put them back there again, but it is not so with the contractors.

The order was passed under suspension of the rule.

TREES ON ELY ROAD.

Coun. FISH offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to include Ely road, Ward 16, in the tree planting project of the Park Department.

Passed under suspension of the rule.

The Council voted at 5 p. m., on motion of Coun. NORTON, to adjourn to meet on Monday, September 30, 1935, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

TRAFFIC ENGINEER, BOSTON TRAFFIC COMMISSION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

Salary: \$4,000 a year.

Duties: To make surveys of street

traffic; the designing and installation of automatic traffic lights and signs. To recommend necessary changes in the rules governing foot and vehicular traffic. To receive petitions for changes in parking or one-way streets. To report on same to the Traffic Commission, and to recommend such other improvements as may be necessary. To have charge of an engineering organization. To direct and supervise the designs of engineering structures or the reporting on or planning of engineering projects. To supervise the preparation of contracts and specifications. To have direct charge of engineering construction of automatic traffic signals, surveys and investigations. To direct the work of engineering assistants and inspectors engaged in construction work, and perform related work as required.

The Boston Traffic Commission requests that applicants have education equivalent to graduation from a technical school of recognized standing. Credit will be given in the examination for this qualification.

Entrance Requirements: Applicants must have six years' active experience as an engineer.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction, estimated to be two (2) weeks, vehicles are excluded from Weld street, West Roxbury, between Morey road and Ravenna road, effective September 23, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted March 25, 1935, and were effective March 26, 1935, for a trial period of three (3) months, and were extended for three (3) months from June 26, 1935, are hereby extended for a further trial period of three (3) months from September 26, 1935:

The following streets are hereby declared to constitute "Stop" streets:

Arborway, east drive, West Roxbury.

At Centre street.

Pond Street, West Roxbury.

At Prince street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Ashland street, Dorchester, between Park street and Elm street, effective September 25, 1935.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 30, 1935.

Regular meeting of City Council held in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all the members present.

APPOINTMENT OF WEAIGHER OF COAL.

Subject to confirmation by the Council, the Mayor submitted the following appointment for Weigher of Coal:

R. M. Edgett, 50 Chester road, Belmont, Mass.

Laid over a week under the law.

VETO OF SIDEWALK, LAMONT STREET.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1935.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature the order adopted by your Honorable Body on September 23 in which the Commissioner of Public Works has been ordered to make a granolithic sidewalk with granite edgestones along both sides of Lamont street, Ward 9, through its entire length. I am informed by the Acting Commissioner of Public Works that this street is now complete with granolithic sidewalks and edgestones, the work having been completed in 1931, and that recent inspection shows that the sidewalks and street are in good condition at the present time. Under these circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

ORDINANCE IN RE NOISE ABATEMENT.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1935.
To the City Council.

Gentlemen,—I submit herewith a draft of an amendment to the City Ordinances to ensure some measure of noise abatement.

The City of New York has adopted a similar ordinance and many of the large cities of the world have gone much further in an attempt to eliminate unnecessary noise by automobile drivers.

The inclosed ordinance merely prohibits the unnecessary sounding of automobile horns between the hours of 11 p. m. and 7 a. m.

Of course there may be occasions when it is absolutely necessary to sound a horn. Such cases would be exempt under the proposed amendment as drawn.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That section 92 of chapter 39 of the Ordinances of the City of Boston is hereby amended by adding thereto the following:

The sounding of automobile horns between the hours of 11 p. m. and 7 a. m. anywhere in the City of Boston is hereby prohibited except in cases of extreme emergency, so that said section shall read as follows:

The commissioner of public works shall, at the request of the hospital authorities, place and maintain a sign or signs displaying the words, "Warning! Hospital—Make No Noise," at such points as he may determine on public streets and places in the vicinity of hospitals accommodating more than fifty patients. No foot traveller, driver of a vehicle, motorman of a street car or operator of a motor vehicle shall make any unnecessary noise in the vicinity of such hospitals so as to unreasonably disturb patients therein.

The sounding of automobile horns between the hours of 11 p. m. and 7 a. m. anywhere in the City of Boston is hereby prohibited except in cases of extreme emergency.

Referred to the Committee on Ordinances.

INCLUSION OF ELY ROAD IN TREE PLANTING.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative

to your order of September 23, 1935, concerning the inclusion of Ely road, Ward 16, in the tree planting project.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, September 27, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 26, with inclosure, order from the City Council that the Park Department include Ely road, Ward 16, in tree planting project.

At the present time the tree planting project is closed down. I have forwarded another project of this type to W. P. A. headquarters, and if it is accepted, every consideration will be given to the councilor's request.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

TRANSFER TO PORT AUTHORITY BUDGET.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1935.
To the City Council.

Gentlemen,—I am advised that the appropriation allowed in the budget of the Boston Port Authority for incidental expenses in connection with hearings and investigations affecting the interests of the Port of Boston is completely exhausted and that unless an additional allowance is made at this time it will be necessary to completely suspend this major activity of the Board.

At the present time the Board is actively engaged in the following cases: Columbian Coffee; Southern Ports; Inter-coastal Steamship Lines investigation, with particular reference to lumber handling; Pier Storage; and Albany. There is also the possibility of the reopening of the Lighterage Case, the investigation of the Trunk Line Association, and further consideration of the Pennsylvania Penn-road matter. It is essential and desirable, if the interests of the Port are to be protected and advanced, that the city be represented and take an active interest in all these cases.

I therefore feel that additional funds should be furnished the Boston Port Authority at this time and to this end I recommend adoption of the accompanying order which provides for the transfer of \$5,000 from the Reserve Fund to the Port Authority budget.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$5,000, to the appropriation for Boston Port Authority, G, Incidentals, \$5,000.

Referred to Executive Committee.

NEW LOAN ORDERS FOR P. W. A. PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1935.
To the Honorable the City Council.

Gentlemen,—I transmit herewith letters from Henry E. Foley, Corporation Counsel, and Charles J. Fox, City Auditor, respecting loan orders (1) for the construction of school buildings and additions to existing school buildings, and (2) for the construction of district buildings for the Public Welfare Department, under the provisions of chapter 366 of the Acts of 1933, as amended.

In accordance with the suggestions of the Corporation Counsel and the City Auditor, I transmit herewith new orders for the above P. W. A. projects. In view of the limited time within which construction must be commenced, I request prompt passage of said orders by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, September 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—On September 23, 1935, the City Council gave its first reading to a loan order in the sum of \$3,600,000 for new

school buildings and additions to existing school buildings under the provisions of chapter 366 of the Acts of 1933, as amended. Said loan order did not set forth the specific school buildings for which the loan was authorized.

The Federal Emergency Administration of Public Works has adopted the procedure of treating the construction of each new school building and of each addition to an existing school building as a separate project, departing from its prior procedure of treating the construction of several school buildings as a single project. Whether the project is a single school building or a group of school buildings becomes material in view of language in said chapter 366 authorizing borrowing "for the purpose only of carrying out such project." To avoid any possible doubt, because of said change of procedure, as to the validity of bonds issued under such a loan order, and after consultation with counsel who will probably represent the purchasers of bonds issued under such an order, I have prepared a new form of loan order which I submit herewith, listing separately each school building and addition to existing school building; and I respectfully suggest that said new form of order be transmitted by you to the City Council for action thereon.

It is my opinion that the order given its first reading on September 23, 1935, may not properly be amended prior to its second and final reading to the form herewith submitted under the provisions of section 2 of chapter 486 of the Acts of 1909, as amended, but that the order submitted herewith should be treated as a new loan order and given two readings.

Respectfully yours,

HENRY E. FOLEY,
Corporation Counsel.

City of Boston,
Auditing Department, September 30, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The program of P. W. A. projects submitted for approval of the City Council on the 23d instant included an item for new district headquarters buildings for the Public Welfare Department. Both in the program and the loan order submitted in connection with this item the amount recommended was \$60,000. This amount represents the estimated cost of constructing one building, consequently the program and the loan order submitted should have provided for this particular project the sum of \$180,000.

In order to provide the necessary authorization to cover this project I suggest an order providing for the inclusion in the original program of an additional \$120,000 for these buildings and a new draft of the loan order providing for the entire sum, namely, \$180,000, be submitted to the City Council. I recommend that the Council be requested to approve the additional program order as submitted and since no action has yet been taken on the original loan order I suggest substitution of an order in the form inclosed herewith.

Respectfully,

CHARLES J. FOX,
City Auditor.

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the following sums be, and hereby are, appropriated, to be expended under the direction of the School Committee, for the following new school buildings and additions to existing school buildings:

Addition to Joseph H. Barnes Intermediate School, East Boston.....	\$100,000
(P. W. A. Docket Mass. 1087)	
New Intermediate School, Eliot Square, Roxbury.....	\$780,000
(P. W. A. Docket Mass. 1088)	
New Lucy Stone School in John Marshall District, Dorchester.....	\$185,000
(P. W. A. Docket Mass. 1089)	
New Intermediate School, Phillips Brooks District, Dorchester.....	\$850,000
(P. W. A. Docket Mass. 1090)	
Addition to South Boston High School.....	\$535,000
(P. W. A. Docket Mass. 1091)	
Alterations for New Cafeteria, English High School.....	\$110,000
(P. W. A. Docket Mass. 1092)	
Alterations and Addition to High School of Practical Arts.....	\$130,000
(P. W. A. Docket Mass. 1093)	
Addition to Boston Trade School, Roxbury.....	\$90,000
(P. W. A. Docket Mass. 1094)	
Addition to William Howard Taft School, Brighton.....	\$440,000
(P. W. A. Docket Mass. 1095)	

Alterations and Addition to Donald McKay School, East Boston..... \$450,000
(P. W. A. Docket Mass. 1096)
and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amounts.

Ordered, That in accordance with the provisions of section 2, part 1, of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the City of Boston shall engage in the following Public Works Projects:

New District Headquarters Buildings,
Public Welfare Department..... \$120,000

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the following sums be, and hereby are, appropriated, to be expended under the direction of the Overseers of Public Welfare, for the following New District Headquarters Buildings:
New Dorchester District Building..... \$60,000
(P. W. A. Docket Mass. 1279)

New East Boston District Building..... \$60,000
(P. W. A. Docket Mass. 1314)

New District Building—Northampton Street..... \$60,000
(P. W. A. Docket Mass. 1315)

and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amounts.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1935.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Lighting Service:
From the appropriation for B-42, Miscellaneous Services, \$54, to the appropriation for B-29, Stenographic and Copying, \$54.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Division:
From the appropriation for A-3, Overtime, \$95.90, to the appropriation for A-2, Temporary Employees, \$95.90.

From the appropriation for B-8, Light, Heat and Power, \$3,000, to the appropriation for D-3, Fuel, \$3,000.

From the appropriation for C-17, Miscellaneous Equipment, \$300, to the appropriation for C-15, Tires, Tubes and Accessories, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Police Department:

From the appropriation for C-17, Miscellaneous Equipment, \$1,150, to the appropriation for C-12, Medical, Surgical, Laboratory, \$150; E-1, Building, \$1,000.

From the appropriation for D-1, Office, \$500, to the appropriation for C-10, Library, \$500.
From the appropriation for D-11, Gasoline, Oil and Grease, \$4,000, to the appropriation for C-15, Tires, Tubes and Accessories, \$4,000.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supreme Judicial Court:

From the appropriation for B-35, Fees, Services of Venires, etc., \$50, to the appropriation for C-9, Office, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, City of Boston:

From the appropriation for D-5, Medical, Surgical, Laboratory, \$1.10, to the appropriation for D-16, Miscellaneous Supplies \$0.20; C-17, Miscellaneous Equipment, \$0.90.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, Office Expenses:

From the appropriation for B-14, Motor Vehicles, Repair and Care, \$85, to the appropriation for B-12, Bond and Insurance Premiums, \$10; C-9, Office, \$25; C-15, Tires, Tubes and Accessories, \$40; D-16, Miscellaneous Supplies, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriation for Penal Institutions Department, Steamer "Michael J. Perkins":

From the appropriation for B-39, General Repairs, \$1,000 to the appropriation for A-2, Temporary Employees, \$500; D-1, Office, \$100; E-1, Building, \$200; E-13, Miscellaneous Materials, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to make the following transfer in the appropriation for Public Works Department, Paving Service:

From the appropriation for C-13, Tools and Instruments, \$700, to the appropriation for C-4, Motor Vehicles, \$700.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Theresa Albani, for compensation for expenses incurred in digging for sewer pipes at 51 Stuart street.

Property of Boston Pier or Long Wharf, for compensation for damage to property at 97 Commerce street, caused by broken sewer pipe.

Annie E. Brooks, for compensation for damage to property at 238 Vermont street, West Roxbury, caused by construction of street.

H. L. Burke, for compensation for damage to property at 2 and 4 Rock street, Roxbury, caused by breaking of water main.

John A. Carlson, for compensation for injuries caused by city truck.

Abraham Cohen, for compensation for damage to property at 98 West Cedar street, caused by city truck.

Mrs. Mary Fallon, for compensation for injuries caused by an alleged defect in elevator, Suffolk County Courthouse.

J. H. Fraulkingham, for refund on pool room license.

Maurice L. Gordon, for compensation for damage to property at 98 West Cedar street, caused by city truck.

Peter Kaminski, for compensation for damage to property at 35 Leroy street, Dorchester, caused by bursting of water main.

Louis Klayman, for compensation for damage to property at 155A Harold street, Roxbury, caused by backing up of sewage.

Anthony J. Lavallo, for compensation for damage to property at 92 Clarkson street, caused by water from street.

Henry W. Roberts, for compensation for damage to clothing caused by an alleged defect at J. L. Cronin Playground.

Allen Payson Saul, for compensation for damage to property at 302 Beacon street, caused by garbage collector.

E. M. Treworgy, for compensation for loss of ash cans taken from the premises at 23 Milford street.

Charles W. Walden, for compensation for damage to property at 61-59 Ottawa street, Roxbury, caused by blasting.

Executive.

Petition of Mary M. Hughes, to be paid an annuity on account of death of her husband, James D. Hughes, late member of Police Department.

Petition of Marie L. A. Murphy, to be paid an annuity on account of death of her husband Walter P. Murphy, late member of Police Department.

Petition of Margaret M. Farley, to be paid an annuity on account of death of her husband, Joseph S. Farley, late member of Fire Department.

BAKERY BOOTH, BOSTON ELEVATED RAILWAY.

Notice was received of approval by Public Utilities Department of bakery booth in Washington station lobby of Dorchester Tunnel.

Placed on file.

TRACK LOCATION, BOSTON ELEVATED RAILWAY.

Notice was received from the Public Utilities Department of approval of change in track location of Boston Elevated Railway Company at Washington street at Arborway.

APPOINTMENT OF PHILIP J. FEINBERG.

Notice was received of the appointment by the Mayor of Philip J. Feinberg of 2025 Commonwealth avenue, Brighton, to be member of Board of Overseers of Public Welfare, to fill unexpired term of Felix Vorenberg, resigned.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Emil H. Ober, having been duly approved by the City Treasurer, was received and approved.

NOISE ORDINANCE.

Coun. AGNEW offered the following:

Ordered, That the Committee on Ordinances be requested to confer with the Corporation Counsel and submit to the City Council a comprehensive ordinance to prohibit noises made by automobile horns, sound wagons, sirens on bicycles, iron-tired vehicles, milk bottle containers, and such other noises as may appear to be unnecessary.

Coun. AGNEW—Mr. President, not being aware that the Mayor was sending in to the Council today a similar order, I have prepared and introduced this order in good faith, although the Mayor's order is also before us. I have in mind particularly at this time the campaign going on for the diminution of unnecessary noises, especially between the hours of 11 p. m. and 7 a. m., while during the other hours of the day, particularly at this season of the year, there are many unnecessary noises created throughout the entire city. My district is not different from any other similar district of Boston with respect to certain noises from which we suffer, particularly where people advertising some product go through the streets with trucks playing lively strains of one sort or another to attract the attention of the public to their wares or the things in which they are interested; other noisy devices also being used for this purpose. In my district there is, however, an unusual number of both public and private hospitals, at least five, and the passage of such an order would benefit those who are in the hospitals or who are in their homes ill, unable to be about the same as the rest of us. I think it is about time that something should be done to alleviate these noises, particularly those coming from trucks going throughout the city. Therefore, I ask the chairman of the Committee on Ordinances to call a meeting of the committee, to sit down with the Corporation Counsel, with a view to drafting an ordinance that will cover the particular things mentioned.

The order was passed.

WAITRESSES AT LONG ISLAND.

Coun. DOWD offered the following:

Ordered, that his Honor the Mayor instruct the Institutions Commissioner to pay the waitresses employed at Long Island \$600 per year.

Coun. DOWD—Mr. President, ever since I can remember, and I believe during the history of the city for many years, the recognized lowest wage paid to any person in the city's employ has been \$12 a week. We were recently informed by the Auditor and Budget Commissioner that the wages to be received by the waitresses at Long Island were to be \$12 a week. But, lo and behold, under the administration of the modern slave driver operating Long Island, I am informed that waitresses there during the last year have received but \$312 for the year, or \$6 a week. That is certainly far out of line with what is paid in other institutions. Waitresses at the City Hospital are receiving a just wage of \$15.50, and they get their meals also. The girls at Long Island, of course, get their meals and rooms. They get up, however, at five o'clock in the morning and are on duty until six o'clock, and they get but 88 or 89 cents a day. I am convinced that the Mayor of Boston knows nothing about this condition, and that it was unknown to the Budget Commissioner, who is one of our best city officials. But it is due, I am convinced, to the hard-boiled commissioner we have at Long Island. I say that the Mayor of Boston and the City Council have acted in good faith in this matter, with the understanding that these waitresses

were to be paid \$600 a year, and I believe we should now demand that the commissioner should give to them that proper wage, making it retroactive as far as possible, and that the slave-driving wages of \$312 a year should be stopped.

Coun. MURRAY—Mr. President, I would like to ask that this matter be referred to the Executive Committee.

Coun. DOWD—That will be entirely agreeable to me, Mr. President, except that I do think prompt action should be taken.

The order was referred to the Executive Committee.

ADDITIONAL SALARIES, CITY HOSPITAL.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the trustees of the Boston City Hospital to look into the advisability of paying all employees of the Boston City Hospital \$3 per week in addition to their salary in lieu of food.

Coun. DOWD—Mr. President, the trustees of the City Hospital have declared that the food allowance to any employee in the hospital is at the rate of \$4.50 a week. In other words, girls working there receive \$15.50 a week, and the trustees figure the salary at \$20, deducting \$4.50 a week for the food. The food at the City Hospital is good, without any question. I have always stated that the food there is the best that money can possibly buy, but it is cooked in a way that makes it impossible for the employees to eat it. There are 1,800 employees living there. The food bills this year have been \$520,000. I have in my hand a petition from one set of forty-eight men, in which they say: "We wish to express our desire to have the food which is now being served us discontinued. We have given this food a fair trial, and instead of it improving, as it should, it now has become very bad. Therefore, we would like to have the money that is allowed for said food." There are now 1,800 employees and 1,400 to 1,500 patients in the City Hospital. With these employees desirous of having an allowance, say, of \$3 a week in addition to their salaries and furnishing their own food, instead of the allowance of \$4.50 a week for food made by the hospital, I believe that wish should be recognized, under the circumstances. It would mean a saving of at least \$300,000 on the food budget, and would also mean that those for whom the hospital was built, the patients, the sick and afflicted, would get a much better quality of food if it were only prepared and cooked for the patients. It would very much simplify the kitchen arrangements, and the work of the help, also. It would mean, therefore, not alone a large saving in expense, but great simplification in the preparation and providing of the food. If the city should give these employees an extra \$3 a week instead of the food, the city at the end of the year would be a long way ahead. This, of course, would apply to such classes of employees as clerks, mechanics and others, apart from the waitresses, nurses and doctors who would have to eat there, anyway. I believe the trustees would have better results and that everything would be better in the institution with these employees satisfied.

The order was passed under suspension of the rule.

RAISE TO HOSPITAL TELEPHONE OPERATORS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor direct the trustees of the Boston City Hospital to grant the \$2 raise to the telephone operators at the City Hospital and the Boston Sanatorium.

Coun. DOWD—Mr. President, this is simply another little item, evidently overlooked. It is, of course, desirable that these wages at the City Hospital be placed on the same basis as those at City Hall. We placed their salaries last year on the basis of \$1,500. There was, however, an oversight. We brought it to the attention of the Mayor and he has brought it to the attention of the trustees. The situation is the same as that down in the Welfare Department. We are only asking for those girls that to which they are rightly entitled, giving them the same pay as others doing a similar kind of work, and trusting that it may be made retroactive.

The order was passed under suspension of the rule.

RESURFACING OF WARD 1 STREETS.

Coun. SELVITELLA offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be re-

quested to resurface the following-named streets in Ward 1: Cottage street, between Maverick and Porter streets; Saratoga street, between Meridian and Day square; Bennington street, from Central square to Day square; Maverick street, from Maverick square to Boston Airport.

Passed under suspension of the rule.

NOTICE OF CITY ELECTION.

Coun. SELVITELLA offered the following: Ordered, That meetings of the citizens of this city qualified to vote for city officers be held, at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the fifth day of November, 1935, to give in their votes for three members of the School Committee, and for one member of the City Council in each ward. The polls at said meetings shall be opened at eight o'clock a. m. and closed at eight o'clock p. m.

Ordered, That the City Clerk be directed to give notice of said meetings by publishing the same as required by law.

Referred to Executive Committee.

INFORMATION FROM CITY AUDITOR.

Coun. McGRATH offered the following: Ordered, That the City Auditor, through his Honor the Mayor, specify which 65 cents of each tax dollar in the segregated expenditures just issued by the Auditor's Office goes for waste, graft and corruption, as alleged by his Honor the Mayor during the recent contest for the office of Mayor of Boston.

Coun. McGRATH—Mr. President, I took out of one of the Boston morning newspapers last week a very highly segregated itemized list showing that out of the taxes paid into the treasury of the City of Boston by the taxpayers this City Council, for instance, cost the taxpayers five cents, the Mayor's office five cents, and the Welfare over \$2 out of the amount paid on each thousand. It is a very highly segregated list; it was issued by the City Auditor's Office. It is the first concrete division of the expenses of the City of Boston that I have seen issued by the present administration. It was issued by the Auditor of the City of Boston, a very competent man, who has been Budget Commissioner for many years and auditor for the last couple of years. It is the first answer we have had from the present administration as to how the taxes paid by the taxpayers of this city were spent. So it brings up the point that at last we can have pointed out the specific items that represent the 65 cents out of every dollar in the expenditure of this city that goes for "waste, graft and corruption." His Honor the Mayor has as yet failed to retract the statement he made in every section of Boston in the campaign by which he was elected Mayor of this city, that he would take from the budget in the first year, and in every year, items representing 65 cents of every dollar that went for waste, for graft and for corruption. This year, with a budget higher than in any year in the history of the city, we have the thing figured down so as to show the expenditure of every cent, and I now wish to have the auditor, in whom I have the fullest confidence, as I believe he has the confidence of every member of this body, show the specific 65 cents still retained in the budget which the Mayor in his campaign charged went for waste, for graft and for corruption.

The order was passed under suspension of the rule.

PAYMENT TO SOUTH BOSTON PROPERTY OWNERS.

Coun. KERRIGAN offered the following:

Ordered, That his Honor the Mayor request the President of the United States to order that adequate compensation be paid to those residents and property owners of South Boston who have suffered a material loss by reason of the abandonment by the Government of the original site for the housing project; such compensation to cover losses sustained because of vacated apartments and houses; damage to vacated buildings; transportation of furniture and belongings; and other similar costs, which, under the circumstances, should properly and equitably be borne by the United States Government.

Coun. McGRATH—Mr. President, while that order is under discussion, let me say that I saw something in the paper to the effect that his Honor the Mayor said it was the delinquency of the City Council failing to

pass an order that was before this body that resulted in the failure of appointment of a local housing board authority, which resulted in the delay that has resulted in the South Boston project. I ask you, therefore, Mr. President, to send for Corporation Counsel Foley, at our executive meeting today, to show just what authority the Mayor has in the matter of appointing these men.

President FITZGERALD—The City Messenger will be instructed to request the presence of Corporation Counsel Foley in our executive session.

The order was passed under suspension of the rule.

RECESS.

A recess subject to the call of the Chair, was taken, on motion of Coun. SELVITELLA, at 2.40 p. m. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on order (referred today) that meetings be held Tuesday, November 5, for election of members of School Committee and City Council—that same ought to pass.

Report accepted; said order passed.

2. Report on message of Mayor and order (referred today) transferring \$5,000 from Reserve Fund to Port Authority budget—that same ought to pass.

Report accepted; said order passed, yeas 21, nays 0.

3. Report on message of Mayor and orders (referred today) recommending transfers within departmental appropriations—recommending that same ought to pass.

Report accepted; said orders passed, yeas 20, nays 0.

4. Report on message of Mayor and order (referred today) that \$120,000 be allotted to New District Headquarters Buildings, Public Welfare Department, Public Works Project—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, I realize that it is a dangerous procedure politically to utter even a whisper concerning anything that has to do with the Welfare Department. But, as I understand it, this order covers up the errors made a week or so ago, at which time the Mayor thought the three new welfare units would cost a total of \$60,000. He has now discovered that they will cost \$180,000, and this order is to take up the slack. I have favored, with Councilor Norton, who led the fight for that particular move, the decentralization of the Welfare Department. I believe and have strongly supported the idea, which Councilor Norton suggested long ago, that the Welfare Department should be decentralized, which idea is now being worked out in the ten local stations which at the present time are actually operating. But the thing I object to in this particular order is the suggestion made that, instead of using local city-owned buildings in different sections of the city, we are being put on record as favoring, even with Government aid, three public welfare buildings each to cost the sum of \$60,000. We are asked to do this at the very time when, as I understand, the Mayor, through newspaper publicity and radio talks, is predicting a business boom in the City of Boston, advising people to buy real estate, telling them that better conditions are here at the present time; and yet in the same breath, when the Mayor is telling us that according to the best authorities we are now emerging from the depression, for the first time in the history of the city we are planning to build three \$60,000 buildings in various sections of the city for the one thousand or five hundred cases in the particular section concerned, for visits once a week. For this reason, and not that I am against the decentralization idea for the handling of public welfare for the worthy unfortunate who should receive it, enabling them to go to a local station instead of going down to the central building in the heart of the city, I am opposing spending \$60,000 a chunk for local welfare headquarters in certain sections, when the Dorchester district which I represent has been successfully handling local relief on the local building. And I say to those members who are looking for local health and welfare, that when we vote for such expenditures as this, spending \$60,000 in this section and \$60,000 in other sections for this purpose, the people in the different parts of the city

can kiss goodbye to the idea of local health units or any other such units in their sections for years to come.

Coun. SHATTUCK—Mr. President, when this matter was up before the Finance Committee of the Council last week, it was a \$60,000 order that was proposed, which we were told would provide three welfare buildings at \$20,000 apiece. We are now told that that was an error, and that it is proposed to provide three buildings at \$60,000 apiece, this order providing the additional \$120,000, although the order does not say whether it is proposed to erect one, two or three buildings. The \$60,000 order is still before the Finance Committee of the Council. There is to be another session of that committee next Friday afternoon, at which this and other loan orders are to be considered, and that will give an opportunity to obtain further information as to the necessity of three additional separate and independent buildings for this particular activity. I believe wherever possible the city's activities in a given district should be assembled in one building, so as not to have so many different units, each one of which has to have its own separate heating plant and separate organization. We have not been told what survey has been made that indicates the necessity, if any, of these independent buildings at these three locations. We have been given to understand, for instance, that there are many schoolhouses not being used, or at least only partially used. Why not in this emergency—and we hope that it is an emergency, that it will not last forever—use some of the school space that is vacant at the present time? I certainly shall vote against this order until we have further light on the question, and I believe the proper action is to have it considered by the Finance Committee on Friday, after which the committee will undoubtedly be prepared to report upon these loan orders, which will then come up for action next Monday.

President FITZGERALD—I have no desire to talk, but I will merely say that we are not voting on the loan at the time, but only upon the question of engaging in these public works with the Government. We will vote on the loans later.

Coun. DOWD—Mr. President, I am not objecting to the attitude of the gentleman from the Back Bay in so far as he wishes to take care of the interests of the district he comes from, because, fortunately for him, the district he serves has no poor, or few, on welfare. I can recall, however, when people stood around Hawkins street from nine o'clock in the morning until six at night, and were then told to come around the next day. This order, providing \$180,000 for this purpose, means that the City of Boston spends \$79,000 on three buildings. I understand that when this is done every section of Boston will be taken care of through decentralization, although in some cases perhaps in a small way. I say, however, that we do not want to go back to centralization. I feel that the time is not near when we are going to see welfare cut down to any extent. I believe that the different districts are entitled to the benefits of decentralization, that all sections of the city are entitled to the same consideration that is extended to Dorchester, to Hyde Park and other sections, and that those sections are entitled to greater consideration in that respect than they even now receive; that Roxbury, East Boston, all parts of the city are entitled to consideration in this respect. Decentralization has come to stay, and it is in the interest of the people of this city. The sections to be now provided for are only asking for what other sections of the city now have and what every section should have. I am certain that I don't want my people, or the people of the South End, going down to Hawkins street when it is not absolutely necessary. The poor people of Boston are being given service today that they never had before. Under the old welfare system they were treated like abominable dogs, both by the visitors and by the men at 43 Hawkins street. We are now getting away from that sort of thing, and we should keep away from it. We are only asking the city to spend \$79,000 under this order, to take care properly of handling the welfare. I think it would be a crime for the Council not to pass this order today. It is not a loan order; this is merely a preliminary step. Our approval is necessary to get the thing started, and it will then go to the Finance Committee. They will study into it and find out whether it is necessary or not. We have read in the newspapers—I don't know whether it is true or not—that the Public Works Authority in Washington have condemned three of our projects. These are the only ones that

apparently have a chance to go through. Consequently, I propose to vote in behalf of the people of Roxbury, the South End and other sections. We are told by one of the councilors that we can use schoolhouses. What a horrible thing to have these people brought in contact with hundreds and thousands of children who are trying to study, to think of their lessons, to have continually brought to their attention people who are obliged to seek welfare. It would not be a very gratifying thing to the youth of America to see what so many people today are forced to do in Boston. It would not be encouraging to the youth of the city. The councilor from Dorchester, (Coun. Wilson who is always very liberal and democratic, says that this activity ought to be carried on in city buildings. The only objection he has to the order is that separate buildings are to be built for this purpose. I can assure the councilor that, so far as Roxbury and the South End are concerned, we have not a single building that can be so used. I certainly trust that the members of the Council who have decentralization in their own districts will give the same consideration to the people of the districts that this order proposes to cover, so that they will not be obliged to go down to Hawkins street, but will be given the same consideration that is already extended to people in certain other sections of the city.

Coun. NORTON—Mr. President, I believe there is an opportunity, certainly in some parts of the city, to utilize public buildings that will answer this purpose. We did not have to build buildings for this service in Hyde Park. There were a number of locations considered, and the one at present used was acted upon favorably by the Welfare Board, and it serves the purpose very well. I understand that in Boston we have schoolhouses a part of which may be used for this purpose. I see nothing wrong in having the Welfare Department take a part of such buildings and use them for this worthy purpose. There is no stigma attached to welfare today. The old idea of pauperism has been abolished. Some of the finest people in Boston are on aid at this time. It seems to me that, instead of voting for this order, there should be a survey made to see whether or not in particular sections there are possibly libraries or other buildings a portion of which could be used for this purpose. Perhaps abandoned firehouses or a part of municipal buildings in certain sections could be used. In Hyde Park we are handling welfare in a part of the municipal building. It does seem that in the forty-four square miles of Boston there might be found some buildings in which there would be room for this sort of thing, and that this proposed expenditure is unnecessary. I would like to take these \$60,000 items and spend them along hospital lines, to do something that would help the health of the community. There are a number of ways in which we could at the present time spend this money, instead of erecting separate welfare units, and I trust that this expenditure will not be made unless it can be shown that there are no available buildings for the purpose.

Coun. SELVITELLA—Mr. President, I don't know what condition prevails in other parts of Boston, but, speaking for East Boston, with the conditions of which I am intimate, I don't know of a single place where the purpose for which it is proposed to erect these welfare units could be otherwise served. The place at present used by the Welfare Department is the basement of the health unit, without any ventilation, and in the winter-time, with inclement weather, people are obliged to wait out in a long line. Many times I have seen old men and women who had to wait outside the health unit until such time as they were able to get inside the building. We have no schoolhouse that is empty; there are no libraries that can be used for welfare purposes. Neither do we have any firehouses that can be so used. A survey was made, at least for my district, and as a result of that survey the executive director of the Public Welfare decided that East Boston needed a unit of this kind. I feel strongly that we should vote for this order. Here is a real opportunity, with the contribution we are going to receive from the Federal government, to have a building that is worthwhile for this purpose. As far as the schoolhouses are concerned, I am going to agree with Councilor Dowd that the children of today, at least those that can go to school, should not witness the spectacle that they would be obliged to witness at each welfare unit.

The order was passed, yeas 17, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, McGrath, Murray, Selvittella, Tobin—17.

Nays—Coun. Norton, Roberts, Shattuck, Wilson—4.

5. Report on message of Mayor and order (referred today) for appropriation for new

district headquarters buildings, recommending passage of accompanying order:

Ordered, that under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the following sums be, and hereby are, appropriated to be expended under the direction of the Overseers of Public Welfare, for the following new district headquarters buildings:

New Dorchester District Building....	\$60,000
(P. W. A. Docket Mass. 1279)	
New East Boston District Building,	\$60,000
P. W. A. Docket Mass. 1314)	
New District Building, Northampton street.....	\$60,000
(P. W. A. Docket Mass. 1315)	

and that to meet said appropriations the city treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amounts.

Report accepted; said order read once and passed, yeas 17, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, McGrath, Murray, Selvittella, Tobin—17.

Nays—Coun. Norton, Roberts, Shattuck, Wilson—4.

6. Report on message of Mayor and order (referred today) for sums to be appropriated for new school buildings and additions to existing school buildings—recommending reference to Committee on Finance.

Report accepted; said reference ordered.

7. Report on order (referred today) with reference to the pay of waitresses employed at Long Island, recommending the passage of accompanying new draft, viz.:

Ordered, That his Honor the Mayor instruct the Institutions Commissioner to pay the waitresses and porters employed at Long Island \$600 per year.

Report accepted; said order passed.

8. Report on order (referred August 26) with reference to appointment of a Boston Housing Authority, recommending the passage of accompanying new draft, viz.:

Ordered, That in accordance with chapter 449 of the Acts and Resolves of 1935 of the Commonwealth of Massachusetts, section 26-L, it is hereby declared that a housing authority is needed and is hereby established for the City of Boston for the purposes stated and designated in said act; and be it further

Ordered, That the Boston Housing Authority be appointed by the Mayor and the City Council with authority, rights and privileges and duties, as designated in chapter 449, Acts and Resolves of 1935.

The report was accepted, and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, this order, as I understand it, is an order accepting a certain act passed at the last session of the Legislature, "Further enlarging powers of the State Board of Housing and of certain limited dividend corporations, and authorizing the establishment of local housing authorities and defining their powers and duties," as designated in the act. I think most of us, at any rate, have never seen the act. I doubt if anyone here can state what the powers and duties stated in the act are. It seems to me if we are accepting the act and establishing such a commission, with all its attendant powers and duties, we ought to know something about what the powers and duties are. There is another thing also that has occurred to me in this connection, and that is, What is the situation of the City of Boston with respect to the lands taken by this housing commission under the authority of the Federal Government? May the city continue to collect taxes on these lands or do they become exempt from taxation, the city thereby losing a large amount of taxes and the whole thing resulting in unfair competition with private owners who have houses many of which are vacant at the present time? It would seem to me, sir, that before we pass this order we ought to have some idea of what it is all about, and I move, therefore, that the subject be postponed for one week.

Coun. GREEN—Mr. President, I rise to a point of information. If we take favorable action on this order today, do the appointees come back for confirmation by this body?

President FITZGERALD—They do. The question now comes on the motion to postpone until next Monday.

The motion to postpone to next Monday was declared carried. Coun. KERRIGAN doubted the vote and asked for a show of hands. The motion to postpone was lost, 6 to 11.

The question came on the passage of the order.

Coun. SELVITELLA—Mr. President, I would like to know if there is any member here present who can explain that bill? I want to vote for the creation of the Board, but I am inclined to believe with Councilor Shattuck that we don't know what we are voting for. Reference is made to a particular statute, but I don't know what the statute is, or what it means. If a member here can explain it to us, I shall be glad to vote in favor of the order; if not, I shall vote against it.

Coun. WILSON—Mr. President, I will not undertake for one moment to try to explain the provisions in detail of this act of ten or twelve pages, which I have just had a chance to read for the last five or ten minutes. I welcome, however, the opportunity to make these few observations. I realize that the two very able young men representing the South Boston district feel that we should accept this today, because there has been some—what I feel to be incorrect—newspaper comment, quoting somebody incorrectly, to the effect that any delay in acting upon the South Boston housing situation is the fault of the Mayor or the City Council. As I read the act, if one favors the housing project—which some do not—the delay, if any, is not the fault of the members of the City Council. While I look with favor on the efforts of the two South Boston members, Coun. Kerrigan and Donovan, to do everything possible for their district, I do reserve the right to differ from them, because of the fact that I feel that even the people in South Boston, if they understood the provisions of the act, would not be wholly unanimous in favor of the Acts of 1935, approved July 26, 1935, and entitled "An act further enlarging the powers of the State Board of Housing and of certain limited dividend corporations, and authorizing the establishment of local housing authorities and defining their powers and duties."

Section 26a of the act says:

"It is hereby declared that in certain portions of the Commonwealth there exist unsanitary or sub-standard housing conditions, and that there is not in the Commonwealth, within a reasonable distance of the principal centers of employment, an adequate supply of decent, safe and sanitary dwelling accommodations for persons of low income; that this situation tends to cause an increase and spread of disease and crime and constitutes a menace to the health, safety, morals, welfare and comfort of the inhabitants of the Commonwealth and is detrimental to property values therein; and this situation cannot readily be remedied by the ordinary operations of private enterprise."

And it says in section 26Q (b) of the act that this housing authority "shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions" of various sections "to determine what areas within its jurisdiction are unsanitary or sub-standard and to prepare plans or projects in such areas or elsewhere to the extent designated in section 26J; to take by eminent domain under Chapter 79 or Chapter 80A of the General Laws, or to purchase or lease, or to acquire by gift, bequest or grant, and hold, sell, exchange, transfer, assign or mortgage, any property in such areas, real or personal, or any interest therein, found by it to be necessary or reasonably required to carry out the purposes of sections 26J to 26AA, inclusive, or any of such sections."

Then it says under section 26Q:

"The rentals for the housing facilities therein shall not exceed the maximum rentals fixed by the housing board for projects in the locality by regulations made pursuant to section 26Y unless higher rentals are authorized by the housing board in any particular case."

In other words, Mr. President, detailed as this particular act is, I don't feel that I can vote on it intelligently today. Certainly, it would appear that any such housing board would have powers beyond what I would like to see given to any such commission. Anybody voting to accept this act, it seems to me, impliedly agrees that there are within our jurisdiction unsanitary and sub-standard sections of the city in our wards and that there are no tenements now empty, for example, in South Boston or the section I represent, Dorchester, furnishing decent, safe and sanitary accommodations for persons of low income, in existing houses now owned by people who have to pay taxes upon them. This is an all-inclusive act, and, as far as I am concerned, for one I should not be prepared to vote for it without reading it or knowing more about it. Taking the paragraphs which I have quoted, I would not

wish for one minute to go on record as admitting that there are unsanitary or sub-standard sections in the ward I represent, which should be destroyed because they are not fit places for people to live, and that there are not any other vacant places in Dorchester to which people now in such unsanitary houses could move. I certainly believe, as far as the Dorchester section is concerned, that before we start tearing down tenement houses and erecting in their place tenements at cheaper rents than are at present charged, we ought to give the men who have been owning in the district, for thirty or forty years, houses which have been vacant for two or three years, a chance to rent them.

President FITZGERALD—For Councilor Wilson's benefit let me say that this does not become operative until the Council approves the commission which is to serve as this board. They cannot operate until they are appointed.

Coun. WILSON—I appreciate that suggestion, Mr. President, and, knowing you, know that you mean it in good faith; but, unfortunately, the last two years I have been in the minority in votes in this Council, and I do not flatter myself that I would have one word to say or even a whisper directly or indirectly, as to the individuals who would be appointed, with the great powers that this act gives them, to fix rents and walk in and tear down buildings in different sections of this city.

President FITZGERALD—You would have the same vote on the appropriation as any other member.

Coun. WILSON—Well, I am thoroughly aware, Mr. President, that the votes of twelve members of this body will approve the nominations that are made.

Coun. BRACKMAN—Can the City Clerk inform me whether the state Board supercedes the city Board, or whether they have to approve the acts of the Board of the City of Boston?

President FITZGERALD—There is one member of the local Board of five appointed by the state Board to act with the local Board, but all the representatives on the local body vote as a local body and know what they are doing.

Coun. ROBERTS—Mr. President, there is one thing further in addition to what has been said in reference to the provisions of the act. Reading section 26K of the act quoted by Councilor Wilson in detail, it would appear that the Board as created, if we accept the act, has power to commit the city to the expenditure of large sums of money, such sums as we might not care to give such a board power to expend at the present time. I think, therefore, that the act should not be accepted until we have had a legal opinion from somebody who has had an opportunity to study it. As a matter of fact, in executive committee our Corporation Counsel was questioned by Councilor Wilson as to who would have the authority to appoint the members, also, and he declined to give an opinion, said that he would have to have more time to study the matter. If the Corporation Counsel wants more time, we should have more time.

Coun. DOWD—Mr. President, I assume that much of the discussion we have had today is because of what appeared in the morning newspapers. As a matter of fact, this matter was brought to our attention and to general public attention several months ago, through the South Boston project. Considerable time and effort were spent upon that matter, and people moved away. Then overnight somebody changed his mind. The blame should be placed somewhere. The housing authority was not created until July 26, and the government had been working on the project for some time. I say to you now that if the city or state authorities had done the same thing that the Federal authorities did, changing overnight and paying three times what the property was worth, there would be a wide and thorough investigation in the City of Boston. We have a situation here confronting the two South Boston councilors. They have done everything that they possibly could. The act is very plain. I am not going to argue with my learned legal brothers here, but I will say this much, regardless of any authority of the City of Boston, that if the Federal authority is going to step in and build a project, your housing commission does not amount to a damn. The Federal authorities will have their way, no matter what we say. We are asked today to establish this housing commission. I assume that what is proposed here will be the same as what has been done in other places. Of course, they must be given certain powers to carry out the idea

of the act, but I don't think that they will have the right to take by eminent domain. I believe in that case they would have to come back to the city and get an eminent domain recommendation. I do not believe, either, that they will have the power to decide rentals of any house. The act says that the Mayor and the City Council have the right to appoint four men, which means that Councilor Wilson as councilor will have one vote, and that Mayor Mansfield will have one vote. It says "the Mayor and City Council," and that means that there are twenty-three votes. I believe that we should establish this housing commission today! The act will not be operative until such time as the members are appointed. If the Mayor should take it upon himself to send the four names up here the Council has a right to reject them. The Council has the right to ballot for two men, if it sees fit, or to vote for none of the names submitted by the Mayor. I believe we should do what every city and town has done. We should at least establish this commission, and we will then have plenty of time to find out what the law is before it is operative.

Coun. GREEN—Mr. President, I believe that the Council should act either to lay the matter on the table or pass it along. I think it is rather embarrassing for the Council to hand down a snap judgment or opinion on matters that nobody knows anything about. I do think, however, that we should take some action—either lay the matter on the table or pass it along.

Coun. KERRIGAN—Mr. President, I agree heartily with the sentiments expressed by Councilor Dowd. I fail to see any serious objections to this act, and I hope that the body will vote for it today.

Coun. DONOVAN—Mr. President, about two years ago the Federal government started the Federal housing program, and the first site that they selected was the area bordering C street and Dorchester avenue. Overnight, that was thrown out the window and they selected the Old Harbor site. The Government spent considerable money surveying and getting information about the tax rate and assessed valuations on the various pieces of property located in the area between Dorchester avenue and I street, and then overnight that project was thrown out the window. Last week they selected property located the other side of Dorchester avenue. The whole thing seems strange to me, that, overnight, projects involving so much work should be simply disregarded. They now intend to build on a site that was built up by the New York, New Haven & Hartford Railroad and the rapid transit system. The counsel in connection with the newly acquired land is Robert J. Bottomly. I certainly hope that something will now be done along the line proposed in this act. I am anxious to see a housing project for South Boston go through, and I hope that the Council will give this matter due consideration and vote today for this order.

Coun. NORTON—Mr. President, I believe this act is similar to acts passed in other states. I may be in error, but under the Federal Constitution I question whether the Federal government, under what is known as the general welfare clause of the Constitution, can interfere to too great an extent in our local affairs. In other words, there is a serious question today whether the Government has the power to condemn that building across the street. The Supreme Court said in the Brooklyn Schlechter case that the Federal government had no right to authorize the killing of a chicken! So now the Federal government says, "We will do nothing until the local government does something to take cognizance of this question of housing." I have asked for years that something be done in the matter of slum clearance. Certainly, in America, in the interest of thousands of children who are being brought up under bad conditions, money and effort can well be expended in this direction. So far as this act is concerned, I do not assume to understand it in the least. But planning over it hurriedly, we are giving the housing authority complete power under this particular act to condemn, take over and operate a housing unit, taking under the authority of eminent domain. That being so, I am inclined to favor this. If it will do here the same things it has done in other large cities of the country, why should we hesitate? Why are we the last to act? Certainly, work of this sort is as important in Boston as in any other large city.

Coun. SELVITELLA—If the members recording themselves for or against it?

Coun. NORTON—I thought I had made myself clear.

Coun. SHATTUCK—Mr. President, I understood the councilor to say that he did not understand the act in the least, but that, nevertheless, he was going to vote for it!

Coun. NORTON—I repeat that. I don't understand this particular act in the least, in that I have just looked at it for the first time. I did go to the State House and favor an act of this sort, before the committee, and I believe I was the only member of the Council who so appeared. But, looking over the act casually, it is very clear that it aims at slum clearance, which I consider extremely important, and I am willing to take a chance. I am going to vote for slum clearance in Boston, although I don't know in detail what this act may be.

Coun. SHATTUCK—Don't know anything about it?

Coun. NORTON—I don't know the details of the bill. The councilor from Dorchester (Coun. Wilson) says that it would take him two or three weeks to study it. Well, if it would take him two or three weeks, it would take me two or three years to understand it.

Coun. BRACKMAN—Mr. President, I think most of the members are unduly alarmed in regard to the possibilities of the act. I think it is subject to review by the Federal government. It is an adjunct to slum clearance. We must establish a local Board, and I don't believe under this act or any other act that the Federal Board is going to have everything to say about the matter.

Coun. NORTON—Mr. President, I would like to add just a word. In regard to any bill before the United States Congress or before a body of any kind, we must place confidence in some leader. I wonder how many members of Congress understood the so-called Federal Reserve Bill or the so-called Housing Bill? We must place confidence in some of our leaders, in men who are leading in Congress or in the Legislature, and I have confidence in men who took the initiative in this matter.

The order was passed.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

By direction of the President, the Council took up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor September 23, 1935, of J. Joseph Sheehan, to be a Weigher of Goods; and Street M. Inman, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Agnew and Selvittella. Whole number of ballots 17, yeas 17, and the appointments were confirmed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

1. Report on petition of James A. Sullivan (referred September 9) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Paving Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of ninety-five dollars be allowed and paid to James A. Sullivan in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

AMENDMENT OF SUNDAY SPORTS ORDINANCE.

Coun. WILSON offered the following: Be it ordained, etc.:

Chapter one of the Ordinances of 1929, as most recently amended by chapter 1 of the Ordinances of 1935, is hereby further amended by adding the two following clauses, viz.:

7. A license may also be granted for a term commencing October 11 and ending with March 15.

8. The fee for such license shall be one half the fee prescribed for the term set forth in Clause 5.

Coun. WILSON—Mr. President, I might say in reference to this order that it was suggested in executive meeting, bearing in mind the fact that the Sunday baseball ordinance did not provide for Sunday sports beyond October 10. This proposed action, suggested in executive committee, cures the defect.

The ordinance was passed.

BURIAL OF SPANISH WAR VETERANS.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the trustees of the Mount Hope Cemetery with reference to allocating two parcels of vacant land in the said cemetery, adjoining lot No. 2102 and in the rear bordering Pine avenue, approximately 74 feet by 70 feet; also the strip of vacant land bordering lot No. 2102 and lot No. 1969 on Highland avenue, approximately 100 feet by 24 feet, to be used for the burial of Spanish War Veterans and members of their families.

Coun. FINLEY—Mr. President, in offering this order to transfer two parcels of vacant land in Mount Hope Cemetery adjoining Lot 2102 to the United Spanish War Veterans, I would say that I offer the order because the present site, Lot 2102, which was allotted to the United Spanish War Veterans, is nearly filled, and these two vacant parcels of land adjoin that lot. There is no expense entailed, as the lots could not be sold to an individual. The ranks of the men who answered our country's call in 1898 are rapidly thinning, and more graves are needed. That spot out in Mount Hope is a lesson in patriotism, an inspiration for the youths, and a tribute to those who offered their all for their flag. I hope the order will pass.

The order was passed under suspension of the rule.

APPOINTMENT OF ADDITIONAL FIREMEN.

Coun. MURRAY offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to appoint one hundred additional firemen in order to bring the department up to its full fire-fighting strength.

Coun. MURRAY—Mr. President, we all know that many more men are needed in the Fire Department. One of our biggest fire fighters, who has recently passed on, said that in West Roxbury the department was very much undermanned. For the benefit of my district, as well as for other parts of the city, I ask that the Mayor take steps to put on one hundred more men in the Fire Department.

The order was passed under suspension of the rule.

ACCEPTANCE OF EASTBOURNE ROAD.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Eastbourne road, Ward 19, as a public highway.

Passed under suspension of the rule.

VACANCIES IN POLICE AND FIRE DEPARTMENTS.

Coun. FISH offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to fill the vacancies which now exist in the Police Department.

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to fill the vacancies which now exist in the Fire Department.

Severally passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 16.

Coun. FISH offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately install automatic traffic signals at the junction of Victory road and Neponset avenue, Ward 16.

Passed under suspension of the rule.

RESURFACING OF WARD 16 STREETS.

Coun. FISH offered the following:

Ordered, That the Public Works Commissioner be requested by his Honor the Mayor to resurface the following streets: King street, Adams street to Neponset avenue; Edwin street, Dix street, Minot street, from Adams street to Neponset avenue; Parkman street, Park street, from Freeport street to Dorchester avenue; Rozella street, Ashland street, Faulkner street, Rosemont street, Paisley park, Norwood street, Newhall street, Milton street, from Adams street to Granite avenue; Frederika street, Bushnell street.

Passed under suspension of the rule.

PRICES IN RE SOUTH BOSTON HOUSING PROJECT.

Coun. NORTON offered the following:

Ordered, That Secretary of the Interior Harold L. Ickes be requested to consider the advisability of informing the Boston City Council regarding the reasons for the Government paying the prices it did for the land involved in the South Boston housing project.

Passed under suspension of the rule.

FURTHER APPROPRIATIONS FOR W. P. A. PROJECT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of appropriating more money for materials and supplies on Federal Government W. P. A. projects in Boston.

Coun. NORTON—Mr. President, there are innumerable streets in the City of Boston which seriously need attention at this time. The Government says that under the Federal W. P. A. they will pay for the labor. Here is your chance, boys. Harry L. Hopkins says that there are to be more men put at work on these street projects than anywhere else.

The order was passed under suspension of the rule.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of showing preference in employment to old city employees let go during the first part of his administration.

Passed under suspension of the rule.

CONSIDERATION FOR THRIFTY PEOPLE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of vigorously leading the movement to have the National Government give consideration, in the line of work, to thrifty people who own their own homes and have to date stayed off the Welfare rolls.

Passed under suspension of the rule.

EMPLOYMENT OF UNEMPLOYED YOUTH.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of vigorously pursuing the matter of taking up with the Director of the National Youth Movement in Boston, Mr. Edward Casey, the employment of Boston's unemployed youth in the fixing up of playgrounds and other work that the Federal Government allows to be done under this new set-up.

Coun. NORTON—Mr. President, New York City is building over two hundred playgrounds with the aid of the Federal government. Boston has seventy-odd major playgrounds, and we need many more. The new director of the National Youth Movement, Mr. Edward Casey, informs me this morning that his division will put boys at work helping to repair tennis courts on playgrounds, baseball diamonds, and so forth. Boston should go after this matter with zest. Over thirty children are killed in Boston yearly by autos, and over 2,400 more are injured. Play centers will keep the children off the streets and prevent many accidents. I would remind you that Eddie Casey is here, conducting an office in the Park Square Building, and here is an opportunity to get in contact with him in connection with such work in your particular ward.

The order was passed under suspension of the rule.

WHEELS OF MILK WAGONS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with a committee representing the milk dealers of Boston relative to having consideration given to the equipping of milk wagons with non-noise producing wagon-wheels.

Passed under suspension of the rule.

REVOKED AUTOMOBILE REGISTRATIONS.

Coun. ROBERTS offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to furnish the City Council with information

as to the number of automobile owners resident in Boston whose registration has been revoked, and insurance cancelled but whose plates have not been picked up by the Boston Police Department, as of September 3, 1935.

Coun. ROBERTS—Mr. President, I would like to say just a word in regard to that order. As the result of an accident happening in my ward, involving serious injuries, I found two plates being used on cars, although they had been cancelled for nonpayment of insurance on July 15 this year. Nevertheless, during all this time the Police Department or the Registry had failed to take up the plates. To my mind such cars on the streets of Boston constitute as great a menace as stolen cars. Such plates should certainly be taken up. I don't know exactly where the fault lies. I realize that the Police Department has many duties to perform and that this is simply adding another duty to multitudinous others, such as those arising under our compulsory insurance law. But it does seem to me that these plates should be taken up more quickly than is being done at the present time.

The order was passed under suspension of the rule.

PERCENTAGE OF DRUNKEN DRIVING ARRESTS.

Coun. NORTON offered the following:

Ordered, That the Police Commissioner, through his Honor the Mayor, be requested to consider the advisability of informing the Council why, in his opinion, Boston, for the year 1934, had a far higher percentage of persons arrested for drunken driving than any other large city in America.

Coun. NORTON—Mr. President, it is rather a startling fact that Boston arrested more persons for drunken driving last year than any large city of the land in proportion to population. 672 were arrested in Boston. In New York, with over eight times Boston's population, 887 were arrested; in Chicago 695, and in Cleveland 146. I am now asking the Police Commissioner why this is. One member says that they drink more here! I don't think they do. I believe we have in Boston a sober, industrious people. Another member says that perhaps the police are more efficient in acting in these matters in Boston! Well, that may be so. Perhaps the liquor here is more potent!

The order was passed under suspension of the rule.

TAX EXEMPTIONS TO INDUSTRIES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of offering tax-exemptions for a certain period of time to industries in Boston employing a number of people that are now closed down or on part time and that could employ more people if given certain tax-exemptions, a "breathing period." That the same inducements be offered to any new industry seeking to locate in Boston that would employ a considerable number of Boston's people.

Coun. NORTON—Mr. President, this order asks that the Mayor consider tax-exempting any industry that will employ a considerable number of people in Boston, if such an offer will be an inducement to the industry to locate here. 508 buildings were torn down in Boston last year, and more than ever will be torn down this year. There are over 90,000 people walking the streets, unemployed, in Boston today. Anything that helps employment should be tried. Anything that would stop owners from tearing down buildings to avoid taxes that will tend to give value to property should be tried. Getting the unemployed to work is the only solution.

Coun. WILSON—Mr. President, I would move to send this order to the Committee on Rules. It seems to me that the measure contemplated by the order, subsidizing some new firms to come into our city to locate, with the inducement of freedom from taxation for a limited period of time, might be unfair to some of the older concerns in the city, who would still have to dig down into their pockets at times when business was not good, and pay the taxes from which these new concerns would be exempt. I think it might perhaps be a dangerous thing, which would mean direct or indirect favoritism as among our Boston business concerns, offering free taxes or free use of property without taxes to newcomers and still expecting payment from the old concerns that have been here for years.

Coun. NORTON—Mr. President, I will admit that it is a highly argumentative question, with two sides. However, I think it is at

least worthy of consideration. Many, many years ago I learned to qualify statements that I made in connection with orders I introduced, and I now merely ask for consideration of this matter so far as present or prospective local industries are concerned. For instance, I have in mind one concern which, with abatement of taxes, could perhaps put on fifty men for the winter. I am told that concerns can go to Bridgeport and pay no taxes for five years, and that a similar rule is applied in other cities. I am not going to argue the question of whether it is right or not. I don't know. I merely ask that it be looked into. We are losing business. 508 buildings were torn down in Boston last year, and this year it will be a record number, and 90,000 people are walking our streets, unemployed. What are we going to do? We are depending on commerce and industry. I don't know. Perhaps we should sit still and bear it.

The order was passed under suspension of the rule.

SMOKE NUISANCE IN SOUTH BOSTON.

Coun. DONOVAN and KERRIGAN offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to investigate conditions resulting from smoke and coal dust issuing from the plants of public service corporations in the City Point section of South Boston, with a view to abating this nuisance.

Coun. DONOVAN—Mr. President, this is a matter in which people of South Boston, especially in the City Point district, are very much concerned. There should be some legislation to do away with the smoke and coal dust nuisance from which they are suffering. Last week my colleague from Ward 7 (Coun. Kerrigan) and myself appeared at a hearing before the Public Utilities Commission with regard to this matter, and I am convinced, from their attitude, that they will take no action. We wish to call the matter to the attention of his Honor the Mayor and to have the Health Commissioner investigate these conditions. It is impossible to walk along the streets bordering the two power plants—that of the Edison company and of the Boston Elevated, on East First street—without suffering from the nuisance caused by the coal dust and cinders coming from their smokestacks. I have in mind a building at L and Second streets that was painted two months ago, and today it is covered with ashes, cinders and coal dust, thus discouraging any people who live there from trying to improve their property. Women cannot put their laundry on the line because of the dirty conditions. That sort of thing is driving people out of the district. They cannot open their windows at night because the coal dust, smoke and soot come in so that it is difficult to breathe there at times. We are, therefore, calling on his Honor the Mayor to ask the Health Commissioner to investigate conditions and, if possible, have something put into the chimneys similar to what they have at the Harvard Medical School on Longwood avenue, or the Edison's chief generating plant on Stuart street, that eliminates the soot and cinders.

Coun. KERRIGAN—Mr. President, it is my opinion and the opinion of my colleague that this nuisance can be eradicated in the City Point zone. I think that all the Health Commissioner has to do is to notify the Edison and the Boston Elevated companies to make some arrangement so that this smoke and dust can be done away with, so that people can be relieved from the nuisance and children can play in South Boston without being subjected to this sort of thing. The City of Boston has spent millions in building up one of the finest strandways in the country, and yet real estate values are decreasing down in the City Point section, mostly on account of this nuisance. It is not only those who go there to bathe, but also a serious menace to the children of the district, who breathe this coal dust into their lungs. I am, therefore, calling on Doctor Mahoney at this time to do everything in his power to eradicate this trouble.

The order was passed under suspension of the rule.

SOUTH BOSTON MARKERS.

Coun. DONOVAN and KERRIGAN offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to provide and erect two suitable

temporary markers on the lawn of the South Boston Municipal Building, one to commemorate the foundation of the numismatic history of the United States of America by the awarding of the Evacuation Medal to General George Washington by the American Congress, and the perpetuation of that history by the awarding of medals to the following distinguished and heroic sons of South Boston, namely, George H. Nee, Michael J. Perkins, Paul H. Hines, John Messina, Joseph F. Sullivan, and Albert F. Hegenberger, and the other to commemorate the scientific and philanthropic services of a distinguished citizen of South Boston, Dr. Samuel Howe, as superintendent of the Perkins Institution for (Gridley) the Blind, and the patriotic and literary contributions of his devoted wife, Julia Ward Howe, a true model of womanly achievement.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide and erect a suitable temporary marker at Broadway and B street, to commemorate the activities of the Patriot Army at Nook Hill, South Boston, the successful fortification of which, by order of General George Washington, compelled the decision of Lord Howe to evacuate the Town of Boston, on Sunday morning, March 17, 1776.

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to provide and erect a suitable temporary marker at "Powwow Point," near K street and Columbia road, on the Strandway, to commemorate the landing of the Puritans at Mattapanock, now South Boston, in 1630.

Severally passed under suspension of the rule.

SIDEWALK ON BOYNTON STREET.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Boynton street, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of Chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

APPOINTMENTS ON HOUSING BOARD.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor be notified that before any appointments are made by the Mayor to the Housing Board, when the time comes for appointment, that the City Council be consulted with in reference to the membership of the Board before the names are formally submitted to the City Council for approval.

Referred, on motion of Coun. DOWD, to the Committee on Rules.

WITHDRAWAL OF CERTAIN LOAN ORDERS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to withdraw all loan orders now before the Council, as to which the Mayor concedes Federal appropriations will not be approved.

Passed under suspension of the rule.

STEP-RATE INCREASE, PUBLIC WELFARE DEPARTMENT.

Ordered, That his Honor the Mayor be requested to approve the 1935 step-rate increases for employees of the Public Welfare Department.

Coun. AGNEW—Mr. President, last Tuesday, in company with Councillor Wilson, we visited the Welfare Department and went into conference with Mr. Dowling, who assured us that he would take steps to get the approval of the Board and submit the same to the Mayor, allowing the step-rate increases for those in his department who were denied such increase as of January 3 of this year.

The order was passed under suspension of the rule.

Adjourned at 5.45 p. m., on motion of Coun. SELVITELLA, to meet on Monday, October 7, at 2 p. m.

MAYOR MANSFIELD CALLS A SPECIAL MEETING OF CITY COUNCIL TO SPEED UP ACTION ON P. W. A. PROJECTS.

The Mayor called a special meeting of the City Council for Thursday, October 3, for the purpose of considering and giving a first reading to loan orders for P. W. A. projects for which loan orders have not been voted or to which first readings have not been given.

The Federal Government is pressing for immediate information as to the passing of the loan orders and if they were allowed to take a usual course at regular meetings, the time required for a first and second reading would defer the matter until such a late date that it is possible that the Federal Government might reject the projects. For this reason the special meeting was called so that the first reading might be given to these orders and the second reading disposed of in time to satisfy the Federal Government.

Projects under discussion and proposed by Mayor Mansfield as follows:

Docket No.	Project.	Amount of Grant.
1086	Bridge.....	\$340,200
1087	School.....	45,000
1088	School in Roxbury.....	323,100
1089	School in Dorchester.....	76,815
1090	School in Roxbury.....	352,800
1091	High School.....	239,400
1093	High School Addition in Roxbury.....	56,700
1094	School Addition.....	40,185
1095	School Addition.....	152,100
1096	School in East Boston.....	188,865
1279	Welfare.....	25,200
1280	Market.....	202,950
1314	Welfare.....	24,750
1315	Welfare.....	24,660
Total.....		\$2,092,725

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted June 28, 1935, and were effective July 2, 1935, for a trial period of three (3) months, are hereby extended for a further trial period of three (3) months from October 2, 1935.

Parking of vehicles is prohibited in the following streets:

Edgerly Road, Roxbury.

West side, from Astor street to Haviland street.

Green Street, West Roxbury.

South side, from Union avenue to Washington street.

North side, from Greenley place to Washington street.

State Street.

North side, from a point twenty (20) feet west of Broad street to Commercial street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of races at Suffolk Downs Track, the following temporary rules are effective from October 2, 1935, to October 19, 1935, inclusive.

Parking of vehicles is prohibited in the following streets:

Faywood Avenue, East Boston.

Both sides, from Orient avenue to Tower street.

Orient Avenue, East Boston.

Both sides, from Walley street to Faywood avenue.

Waldemar Avenue, East Boston.

Both sides, from Walley street to McClellan Highway.

ADDITIONS TO CONTRACT.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$150 for furnishing and installing additional type BA lavatory, as specified for other locations, complete, with all necessary plumbing connections to waste and vent stacks and hot and cold water risers in Room 621. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1831, \$1,193,804.65; now added, \$150; corrected contract, \$1,193,954.65; total added, \$17,817.57; total deducted, \$6,321.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Tuttle & Bailey, Incorporated, have been allowed to amend the contract for installing steel lockers at Continuation School, by striking out the words "in four weeks' time after the signing of the contract by his Honor the Mayor," on page 1, and substituting therefor the words and figures "on or before August 24, 1935," so that page 1 of specifications shall read: "The Contractor will start work on award of contract and complete the contract on or before August 24, 1935."

Federal Contracting Company, Incorporated, has been allowed to amend the contract for erecting and completing fire escapes at the William Wirt Warren School, by striking out the word and figures "September 7, 1935," on page 12, Article E, and substituting therefor the word and figures "December 7, 1935," so that said Article E on page 12 shall read: "The work is to be commenced on or about the date of approval by his Honor the Mayor, and is to be completed on or before December 7, 1935."

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Matthew Cummings Company has been granted an extension of time for completion of contract for erection and completion of Surgical Operating and Ward Building, Boston City Hospital, from October 1, 1935, to February 1, 1936.

PARK DEPARTMENT.

John McCourt Company has been granted an extension of time until December 1, for the completion of the contract for repairing bituminous pavement on any roadway in the Boston Park System upon which the maintenance guaranty has expired.

PUBLIC WORKS DEPARTMENT (Water Division).

McCulloch Manufacturing Company has been granted an extension of the time of completion of contract for furnishing labor to assemble about one hundred post hydrants, from October 1 to December 31, 1935.

CIVIL SERVICE EXAMINATIONS. (STATE.)

JUNIOR INDUSTRIAL SANITARY ENGINEER, OCCUPATIONAL HYGIENE DIVISION, DEPARTMENT OF LABOR AND INDUSTRIES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,160 a year; the maximum salary is \$2,760 a year.

Duties: To collect samples of industrial dusts and industrial fumes and gases. To make quantitative measurements of same and evaluate results. To investigate and advise as to the control of heat, humidity, and air motion in industrial establishments. To investigate and advise concerning protective devices against fumes and gases. To investigate and advise as to means of protection against oxy-acetylene and electric welding. To substitute for the chemist in his absence.

It is desirable that applicants have a working knowledge of industrial chemistry.

Subjects and Weights: Training and experience (2); practical questions (3); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL SHOP MANAGER, STATE PRISON, DEPARTMENT OF CORRECTION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To have charge of the brush shop and the manufacture of the different types of brushes produced at this institution.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon. (Requisition is for a female and the examination is open to females only.)

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time there are two vacancies, one at the Worcester State Hospital at \$1,680 a year; one at the Boston Psychopathic at \$1,320 a year with maintenance.

Duties: The duties include social case work; investigation; history taking; supervision of out-patients; clinic service, educational work, and such related duties as may be assigned.

The department requests the following qualifications: "College education, graduation from a school of social work, plus one year's experience in psychiatric social service in a mental hospital or a psychiatric clinic." They also state that previous experience in social work is desirable but not required of graduates of schools of social work.

Credit will be given to applicants who possess these qualifications.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, OCTOBER 12, 1935.

No. 41

MAYOR MANSFIELD'S COMMITTEE ON SNOW REMOVAL PROPOSES SCRAP-PING OF OBSOLETE APPARATUS AND PURCHASING NEW MACHINERY AT A COST OF \$673,660 — MAYOR SUBMITS ORDER TO CITY COUNCIL CALLING FOR PURCHASES AS RECOMMENDED — NEEDS PROVE TO BE URGENT SINCE NO NEW MACHINERY HAS BEEN PURCHASED BY CITY IN RECENT YEARS.

In a communication sent to the City Council calling for action on the matter of preparing the city for battling the winter's snows, Mayor Mansfield submitted the following report from the Committee on Snow Removal, which had been appointed by him to consider the question of means. In its report the committee recommended that the city purchase snow-fighting equipment to the amount of \$673,660. The communication from the committee reads as follows:

BOSTON, October 2, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your committee has considered the question of purchase of snow-removal equipment and begs to report as follows:

The problem appears to divide itself into two parts,—first, the purchase of equipment which is utilized only for the removal of snow; second, improving the transportation equipment used all the year round by the Public Works Department and the Park Department of the City of Boston so that it may be used efficiently when needed for snow removal.

The problem of snow removal is divided between the Public Works Department and the Park Department. The Public Works Department has under its supervision approximately 680 miles of streets and highways. The Park Department has approximately 60 miles of boulevards and park roads under its supervision, together with the Boston Airport, 22 cemeteries, the Common and Public Garden, many miles of walks, skating areas on 56 playgrounds and 77 small parks throughout the city.

It is obvious that the problem of snow removal is never the same in any two years. The aggregate amount of snow which falls is never uniform and the difficulties involved in removal are greatly influenced by the type of snowstorm which has to be dealt with. As an example, the severe snowfalls of last winter offered a problem far more difficult to deal with than any which had occurred for several years before.

It is evident that no exact specifications can be laid down as to the amount of snow equipment and motor transport which the city should own.

The committee finds that some of the snow-removal equipment and a large part of the trucking equipment is out of date, expensive to maintain, and cannot be operated under heavy duty conditions. We are informed that while the trucking equipment can be operated in good weather, for the ordinary work of the two departments continuous repairing is required and operating costs are excessive.

The experience of last winter when this trucking equipment was used in snow removal was most unsatisfactory, as a large proportion of the trucks are too old to stand up when operated through heavy snow, both for propelling snowplows and carrying snow.

The attached schedule shows the present equipment, our recommendation as to what should be disposed of, the balance to be retained, and the replacements and additional equipment which the committee considers necessary for the two departments, with estimated costs.

It will be noted that as regards snow-removal equipment, the committee recommends some increase, but as regards trucking equipment the committee's recommendation is substantially all for replacement of worn-out equipment now in service.

With the increased efficiency of the new trucking equipment it will be possible for the Public Works Department to dispense with eight horse-drawn vehicles now in use in the Paving Service, thus completing the motorization of that branch of the department.

In 1932 the Paving Service of the Public Works Department lost five trucks in a fire in its Brighton yard. These trucks were never replaced. The department has since that time found it necessary to hire trucks for constant service, which involves a considerable expense. The proposed purchase of new trucks for the Public Works Department will increase the number of trucks available and remove the necessity for any further renting of trucks in that district.

(Continued on page 1252.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending October 5, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 151; nonresidents, 33; total, 184.

Death rate per 1,000 of population:
All deaths, 11.98; nonresidents deducted, 9.83.

Death rate per 1,000 of population:

Last week, 11.79; corresponding week last year, 14.06.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 2; sixty years and over, 109; Total deaths: Male, 103; female, 81; deaths in hospitals and institutions, 119; deaths of colored, 4.

CITY AUDITOR CHARLES J. FOX SENDS COMMUNICATION TO HEADS OF DEPARTMENTS URGING THAT ACCOUNTS FOR FISCAL YEAR BE LIQUIDATED AND RECORDS COMPLETED AS NEAR END OF YEAR AS POSSIBLE IN ORDER TO IMPROVE CITY'S FINANCIAL SYSTEM.

The fiscal year 1935 is rapidly drawing to an end. The close of any fiscal year places considerable pressure on this department, since all outstanding obligations chargeable to the year must be liquidated and all records and accounts consolidated so as to ascertain and determine the complete financial record of the year. In past years, because of the large amount of work involved and because of lack of centralization of records, the closing of the accounts has taken from four to six weeks. I am very desirous of shortening materially the period to be devoted to the closing of the accounts for 1935. I feel that with the new disbursement system, where the records of obligations incurred by departments have been centralized, it should be possible in a space of not more than three weeks to wind up the accounts and records pertaining to 1935. I realize, however, that this goal cannot be achieved without cooperation on the part of department heads and officials. To this end I respectfully request that within the next seven weeks departments anticipate their expenditure requirements for the balance of the year and issue, on or before December 1st, purchase and service orders to cover such requirements.

I appreciate that in the case of certain requirements, such as purchase of foodstuffs and medicines and providing for emergency repairs, it will not be possible to fully anticipate these needs by December 1st. Aside from these, however, it should be possible, by planning the issuance of orders during the remaining weeks of October and November, to cut down to a minimum the number of orders to be issued during December. In this way all of the ordinary obligations and charges could be submitted for payment in the regular December 31st draft, leaving only a relatively small amount of invoices to be handled in the supplementary draft. An early closing of the financial records of the city will be a distinct achievement. With the cooperation of department heads and officials I am certain this worth-while accomplishment can be attained.

LEAP YEAR PAY ROLL PROVISIONS.

From a compensation standpoint, employees of the city and county may be divided into two groups: The first comprising those who are employed for a full year's work and whose compensation is stated on an annual basis, and the second those who work by the day or week and whose compensation is stated as so much per diem or per week. For the latter group, the fact that 1936 is a leap year and therefore contains one more working day than the ordinary year, will mean that one extra day's compensation must be provided in the budget. For the first group, however, since their compensation is fixed to cover a year's work, the fact that 1936 includes an extra day will have no effect on their total compensation for the year. A large group of such employees, however, are paid weekly and if the same weekly rates are maintained for 1936 as in the ordinary year the natural result is that during some pay roll week the compensation must be paid on a six rather than a seven day basis. In 1932, annual salaried employees, paid weekly, suffered the loss of one day's pay on the final pay roll in December. This loss, occurring immediately after Christmas, when pocketbooks are naturally depleted, was felt keenly in a number of instances.

In the belief that employees would much prefer uniform and standard compensation throughout the weeks of 1936, a weekly rate card has been prepared for use in 1936 and subsequent leap years. This rate card has been prepared on a 366-day basis as against a 365-day basis for the rate card now in existence. While the leap year rate card shows small reductions in the weekly rates to be paid during 1936, the result at the end of the

year will be the same as in all other years, namely, that every employee will receive at the end of 1936 the full amount of his or her annual compensation. These rate cards will apply only to annual salaried employees who elect to receive their compensation in weekly installments. Employees paid monthly or semi-monthly will not be affected. The leap year rate cards are now ready for distribution by the Printing Department and all departments affected are requested to requisition the Printing Department for a supply of these cards.

EMPLOYEES BONDS.

Under the provisions of section 1, chapter 6, of the Revised Ordinances, the Auditing Department is authorized to serve as the custodian of all bonds, including surety bonds, covering the services to the city of all employees handling cash. I feel it necessary to bring this provision to the attention of department heads and officials because it has recently come to my attention that, in one instance at least, surety bonds had been retained in the department where the bonded employees were working. Department heads and officials are requested in the future to forward immediately to this department all bonds of any character in which the city is a party or has an interest.

CANCELLATION OR ALTERATION OF ORDERS.

Under the new disbursement system this department is holding up all orders chargeable to budget items in which our records indicate an over-encumbered balance. Ordinarily, following such action, departments may either request that the order be withdrawn or provide for a transfer of funds within their original budget appropriations. In several instances lately, however, it has developed that over-encumbrance within budget items has resulted because an order originally issued and charged as an encumbrance has been canceled or altered by the department without notification of such change being forwarded to this office. Naturally in such instances the original charge remains on our records as an encumbrance, thus

reducing without reason the authorization of the department to expend against the budget item involved. Such a condition would not arise if this office was properly notified at the time of the cancellation or alteration. It is to the interest of departments, therefore, especially near the close of a fiscal year, to make certain that all encumbrances outstanding on the records of this office are supported by outstanding orders. I respectfully suggest that departments promptly advise the Disbursement Section of this office whenever any cancellations or alterations occur in purchase or service orders already set up as encumbrances.

CHARLES J. FOX,
City Auditor.

CIRCULAR LETTER NO. 31.

CITY OF BOSTON,
MAYOR'S OFFICE, October 1, 1935.

To the Heads of Departments.

GENTLEMEN,—You are requested to submit to me, on or before October 31, suggestions for legislation pertaining to your respective departments which you deem advisable to have submitted for enactment by the next session of the Legislature.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

Henry C. Sheils has been allowed to amend the contract for teachers' and nurses' room, Oliver Holden School, by striking out the word and figure "September 7" on page 2, "Completion," and substituting therefor the word and figures "October 15, 1935," so that said article "Completion," on page 2, shall read: "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before October 15, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

REPORT OF SNOW-REMOVAL COMMITTEE.

(Continued from page 1257.)

If the committee's recommendation is accepted the total equipment owned by the city available for snow removal and regular department work will be increased as follows:

	Public Works Department.	Park Department.
Trucks.....	10	4
Tractors.....	No increase.*	No increase.*
Snow loaders.....	7	—
Sand spreaders.....	15	2
Snowplows.....	20	No increase.
Fuel truck.....	1	1

* Decrease of one.

The committee begs to point out that the trucking equipment of both the Public Works Department and Park Department is used all the year round in the regular work of these departments.

In dealing with a heavy snowstorm it has been necessary to hire from contractors a large number of trucks. In the great storm of last winter, approximately 75 per

cent of the trucks in operation were hired. As the number of trucks to be used in any snowstorm is never the same, the committee has not recommended the purchase of more trucks than can be used all the year round in the regular work of the departments.

The committee's recommendation is as follows:

PUBLIC WORKS DEPARTMENT.

Trucks:		Estimated Cost.
Dispose of 97 trucks purchased in various years from 1926 on.		
Purchase:		
6 7 to 10 ton dump trucks, 4-wheel drive, including full plowing equipment. .	\$67,200	
44 3½ to 5 ton dump trucks.....	220,000	
5 3½ to 5 ton dump trucks, 4-wheel drive, including full plowing equipment. .	31,500	
52 2½ to 3½ ton dump trucks.....	182,000	
Total, 107.....		\$500,700
Tractors:		
Dispose of 6 tractors purchased in 1925-26.		
Purchase:		
5 5-ton tractors, including bulldozer and hydraulic hoist.....		25,000
Snow Loaders:		
Dispose of 5 loaders purchased in 1926.		
Purchase:		
12 snow loaders.....		51,600
Sand Spreaders:		
Purchase:		
15 sand spreaders.....		7,500
Snowplows:		
Dispose of 20 snowplows purchased in 1926.		
Purchase:		
10 V-shaped snowplows.....	\$4,900	
30 high mould blade snowplows with hydraulic hoist.....	9,000	
Total, 40.....		13,900
Fuel Truck:		
Purchase:		
1 fuel truck to supply gasoline and oil to equipment while in service on the street.....		2,000
		\$600,700
Estimated turn-in value, old equipment.....		12,000
Estimated cost for Public Works Department.....		\$588,700

PARK DEPARTMENT.

Trucks:		
Dispose of 14 trucks purchased in 1927-28-29.		
Purchase:		
4 3½ to 5 ton dump trucks, 4-wheel drive, including full plowing equipment....	\$25,200	
5 3½-ton dump trucks.....	25,000	
1 3-ton dump trucks.....	3,500	
3 1½-ton dump trucks.....	3,900	
5 1½-ton dump trucks.....	5,500	
Total, 18.....		\$63,100
Tractors:		
Dispose of 4 tractors purchased in 1926-29.		
Purchase:		
3 5-ton tractors, including bulldozer and hydraulic hoist.....		15,000
Sand Spreaders:		
Purchase:		
2 sand spreaders.....		1,000
Snowplows:		
Dispose of 12 snowplows purchased in 1926.		
Purchase:		
4 V-shaped snowplows.....	\$1,960	
12 high mould blade snowplows with hydraulic hoist.....	3,600	
Total, 16.....		5,560
Fuel Truck:		
Purchase:		
1 fuel truck to supply gasoline and oil to equipment while in service on the street.....		2,000
		\$86,660
Estimated turn-in value, old equipment.....		2,000
Estimated cost for Park Department.....		\$84,660
Grand total.....		\$673,660

NOTE.—It will be noted that the committee recommends the purchase of six 7 to 10 ton four-wheel drive trucks and nine 3½ to 5 ton four-wheel drive trucks. These trucks are primarily for heavy snow-plowing work, but can be used for other purposes all the year round. The committee considered that additional expense was advisable for trucks as against tractors on account of this double use.

The considerable expenditure which the committee finds it necessary to recommend, to a large extent represents deferred depreciation which should have been taken care of in previous years.

On the attached schedule it will be noted that the Public Works Department is operating 44 trucks purchased in 1926, 9 purchased between 1927 and 1929, and 37 purchased in 1930. The Park Department trucks range in age from 1927 to 1931. As these trucks have been in continuous operation since they were purchased, in the interest of economy and efficiency many of them should have been replaced before this.

The committee recommends that future budget appropriations contain each year provision for the replacing of the motor equipment of these departments as such equipment becomes worn out or unfit for economical operation.

Respectfully submitted,

JOSHUA ATWOOD, *Chairman.*
 WILLIAM T. MORRISSEY.
 CHARLES E. FULLER.
 HERBERT I. SULLIVAN.
 H. M. STEWARD.
 ELIOT WADSWORTH.
 EDWARD F. McLAUGHLIN.
 THOMAS F. SULLIVAN.
 WILLIAM T. DOYLE.
 WILLIAM P. LONG.
 H. F. FRITCH.

(Detailed statement of trucks and snow removal equipment on page 1261.)

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for repairing high platform at Albany street disposal station. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

SUPPLY DEPARTMENT.

Readvertises for proposals for furnishing automobile motor oil to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 14, at 12 m.

Bids close Friday, October 18, at 12 m.

Advertisers for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 18, at 12 m.

Advertisers for proposals for furnishing asphalt emulsion, quick-setting type, for surface treatment and penetration to the Paving Division of the Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in

the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

Advertisers for proposals for furnishing flour to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

Advertisers for proposals for furnishing one Ford one and one-half ton heavy duty express truck to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 23, at 12 m.

Advertisers for proposals for furnishing traffic signal equipment to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 24, at 12 m.

Advertisers for proposals for furnishing three catch-basin cleaning machines to the Sewer Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 25, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 10:

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, October 3:

Temporary.—Mary Gullivan, Elizabeth Berger, Marjorie Kilbane, clerks, \$16 a week; Mary Gloddy, laundress, \$17 a week; Charles Toye, male nurse, \$32 a week; Joseph Williams, porter, \$17.50 a week.

The following changes have occurred:

Anne C. Sullivan, head nurse at \$1,200 to \$1,680 a year; Mary Lynch, technician, name is now Mary Murphy; Catherine Kelley, ward assistant, name is now Catherine D'Eramo; Kathleen Sullivan, floor nurse at \$1,500 to \$1,560 a year; Mary C. Crowley, Margaret Madden, Anna C. Murphy, Catherine Sullivan, head nurses at \$1,560 to \$1,680 a year; Helen C. Nolan, head nurse at \$1,430 to \$1,540 a year; Blanche Kenney, floor nurse at \$1,500 to \$1,560 a year; Alfred C. Dolan, temporary kitchenman at \$17.50 to permanent sculleryman at \$20 a week; Edward Fitzgerald, sculleryman at \$20.50 to kitchenman at \$21 a week; William Prescott, temporary kitchenman at \$17.50 to permanent kitchenman at \$21 a week; Alfred Torpey, kitchenman at \$17.50 to sculleryman at \$20.50 a week; James O'Neil, John Wall, house porters at \$16.50 to house cleaners at \$21 a week; Francis McKeever, orderly at \$16.50 to brass polisher at \$21 a week; John Fitzgerald, orderly at \$16.50 to orthopedic assistant at \$21 a week.

Approval has been given for the following transfers:

Joseph Williams, temporary diet kitchen porter at \$17.50 to permanent diet kitchen porter at \$17.50.

James H. O'Donnell from kitchenman at \$17.50 to sculleryman at \$20.50, permanent.

South Department.

Helen Collins, temporary wardmaid, \$15 a week; Etta Walker, permanent head nurse, \$19.50 a week; James Logan, temporary housecleaner at \$17.50 to permanent ward porter at \$20.50 a week.

Monthly nurses, probationers, no pay: Anna Allen, Ruth Anderson, Elinor Bailey, Anna Baltis, Ruth Barry, Margaret Broadie, Frances Brousseau, Carmela Calosi, Barbara Connolly, Katherine Connors, Auriel Dell, Helen DeSimone, Anna Doherty, Loretta DuBois, Adelaide Duncan, Marjory Ellis, Mildred Feeney, Marjorie Galvin, Isabel Gilroy, Pearl Gorman, Margaret Huse, Marguerite Lawrence, Malvina Gagel, Anna Langley, Marjorie Lanigan, Ruth Larkin, Elizabeth Lorden, Elinor Mahn, Sally Makie, Hazel Manning, Barbara Moore, Lucille Morin, Margaret Morrison, Marguerite McCarthy, Veronica McLaughlin, Katherine O'Connell, Rosemary O'Connor, Louise Prentiss, Doris Price, Mary Revnoff, Frances Robinson, Bessie Shopnick, Mary Souther, Emily Sylvia, Mary Welch, Agnes Whelan, Sophie Plekovich, Margaret MacDonald, Alice Prout, Ann McPhillip, Margaret Sullivan.

Nurses at \$12.50 to \$16.67 a month: Rose Connolly, Margaret Dalton, Marguerite McDonough, Rosina Mathews, Louise Sullivan, Mary Sullivan.

Nurse at \$10 to \$12.50 a month: Mary Regan.

Nurses at \$16.67 a month: Dorothy Cross, Mary Donohue.

Nurses at \$11.20 to \$16.67 a month: Irene Butt, Gertrude Gallagher, Lucy Kalajian, Marion Murray, Virginia Shafner, Ethel Simmonds.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 3:

Helen E. Ryan, Mary Ellis, nurses, \$1,020 a year; Samuel H. Cohn, M. D., resident medical officer, fourth assistant, \$1,800 a year; John H. Warner, M. D., interne, \$1,200 a year; Henry J. Dawson, working foreman, \$5.50 a day; Dana F. Kaiser, waiter, \$14 a week; Daniel Dennehy, Edward Hulen, Catherine Fowler, Clara Williams, maids (patients), \$240 a year; Daniel O'Donnell, Joseph Mercante, male nurses (patients), \$480 a year.

Louis Clark, engineer, assistant, 1½ days, \$13.13.

POLICE DEPARTMENT ORDERS.**General Order No. 89.**

Patrolman Timothy F. Collins of Division 19 is commended and granted three days additional vacation for efficient police duty performed on September 17, 1935, in connection with the arrest of four persons responsible for a series of breaking and entering cases committed in the Dorchester and Mattapan districts.

The commissioner is pleased to recognize and commend Patrolman Collins for his diligence and devotion to duty in accomplishing the arrest and successful prosecution of these felons.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 90.

A trial board consisting of Captains Fallon, Kavanagh and Mulvey, having heard by reference a complaint against Patrolman Roland G. Reid of Division 4, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of not guilty as charged. In accordance with which it is hereby ordered that the complaint against the said Patrolman Roland G. Reid be dismissed.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

MAYOR ACTS TO PROVIDE FOR
HANDLING CITY TAX TITLE
PROPERTY.

The following is a copy of letter sent by Mayor Mansfield to the City Council:

To the City Council.

GENTLEMEN,—On May 15 last I sent to your Honorable Body for consideration a proposed amendment to the ordinances of the City of Boston providing simpler and more satisfactory methods of leasing, selling or maintaining property which has come into the possession of the city in the form of tax titles. That order was referred to the Committee on Ordinances and there it still remains.

On July 15 I sent another letter suggesting that the ordinance be taken up and passed but that communication was placed on file.

I am now in receipt of a letter from the Commissioner of Corporations and Taxes, the Hon. Henry F. Long, in which practically the same thing is suggested and I am forwarding it herewith.

May I again urge upon you the pressing necessity and importance of the passage of this ordinance. The city has been compelled to take over a great many properties for non-payment of taxes and because there is no officially designated department or person to have charge thereof, tenants and lessees are refusing to pay rent and are practically defying the city to collect rents from them. In addition to that, much of the property requires repairs and supervision by some person who may be held responsible for the condition of the property.

It is also imperative that this property be sold so that it should become revenue-producing at the earliest possible time. In order for such property to become tax-

paying in 1936 it must be sold by January 1, but without the ordinance which is now before you for consideration such sale will be difficult, if not impossible.

May I most earnestly urge upon you the necessity of the passage of the ordinance in question in order that the city may not only collect revenues due to it but in order that such property may be converted into tax-paying holdings before January 1, 1936.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Copy of letter received by Mayor Mansfield from Hon. Henry F. Long, Commissioner of Corporations and Taxation for Commonwealth of Massachusetts:

BOSTON, October 2, 1935.

To the Mayor or Board of Selectmen.

Some cities and towns find an increasing Tax Title Account despite substantial redemptions. At the expiration of the period for redemption city and town treasurers must proceed to foreclose. Municipally held tax titles are now being foreclosed through the Land Court and cities and towns will soon have title to numerous parcels of real estate. This real estate represents what has not over a period of years been collected in cash, so every effort should be made to obtain from the property early financial benefit to the municipality.

Municipal possession of real estate other than that used for strictly public purposes is for most cities and towns a new experience. Unless the property is fully protected, made income-producing or sold, it may become a fire hazard, a burden or otherwise changed from an asset to a liability. The law provides ample author-

ity to the municipality in protecting property held in a Tax Title Account, and after title is obtained to convert it into financial benefit. Your municipality may have established a thorough plan for care, rental and sale of property held through foreclosure, but if not so, the suggestion is made that some efficiently established municipal department be empowered to designate a capable person whose sole municipal duty, so long as the need exists, shall be to care for real estate taken under tax titles, see that it is rented or kept in repair and at the earliest possible moment sold so that the municipality will have cash and not real estate, which will have passed to persons with taxpaying ability.

Cordially yours,

HENRY F. LONG,
Commissioner of Corporations
and Taxation.

EXTRA WORK UNDER
CONTRACT.

C. & R. Construction Company has been directed to perform the following extra work under the contract for furnishing, laying and relaying water pipe in Brookline avenue, P. W. A. Docket No. 4514. Items ordered: Relay 4-inch, 6-inch, 10-inch and 12-inch water pipe in Brookline avenue, in the way of 48-inch steel pipe. Actual cost of extra work, \$373.28.

C. & R. Construction Company has been directed to perform the following extra work under the contract for furnishing, laying and relaying water pipes in Brookline avenue, P. W. A. Docket No. 4214. MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

TRAFFIC ENGINEER, BOSTON TRAFFIC COMMISSION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

Salary: \$4,000 a year.

Duties: To make surveys of street traffic; the designing and installation of automatic traffic lights and signs. To recommend necessary changes in the rules governing foot and vehicular traffic. To receive petitions for changes in parking or one-way streets. To report on same to the Traffic Commission, and to recommend such other improvements as may be necessary. To have charge of an engineering organization. To direct and supervise the designs of engineering structures or the reporting on or planning of engineering projects. To supervise the preparation of contracts and specifications. To have direct charge of engineering construction of automatic traffic signals, surveys and investigations. To direct the work of engineering assistants and inspectors engaged in construction work, and perform related work as required.

The Boston Traffic Commission requests that applicants have education equivalent to graduation from a technical school of recognized standing. Credit will be given in the examination for this qualification.

Entrance Requirements: Applicants must have six years' active experience as an engineer.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

LABORATORY ASSISTANT, BOSTON CITY HOSPITAL, NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to females only.

Salary: \$1,500 per year.

Duties: To assist with research in bacteriology and infectious diseases. To follow accurately technical procedures in preparations of bacteriologic media; preparation of biologic stains; cultural methods for common human pathogens; particular knowledge regarding pneumococcus, typing, etc.; serologic methods—agglutinins, precipitins, complement fixation, protection tests; autopsy of animals to determine bacterial invaders; quantitative bacteriology—vaccines, etc.; chemical analysis—chemical microscopy. To consult English, French and German literature to evaluate methods and results.

The Boston City Hospital requests that applicants be college graduates, and have had experience in a research laboratory in carrying out work with reputable investigators.

Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9. Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

SUPERVISOR OF EMPLOYMENT, BOSTON PUBLIC WELFARE DEPARTMENT, NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to males only.

Salary: \$40.00 per week.

Duties: To register, diagnose and offer a remedy to those seeking employment aid. To cooperate with other departments of the public welfare. To organize the Employment Division according to the best practices in the fields of social work and employment management. To select, train and supervise the subordinates in the department. To keep records, collect statistics and make reports on the work of the department.

The Boston Public Welfare Department requests that applicants be graduates of a school of social work: graduates of a college and specializing in economics, social science and employment management; five years' experience in the fields of social work, and five years' experience in personnel or employment work may be accepted in lieu of the training specified above.

Credit will be given in the examination for the above qualifications.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Carroll street, West Roxbury district, as a highway, over and including a part of the private way known as Dent street, from Vermont street to Lasell street, bounded and described as follows:

A highway named Carroll street is hereby laid out, from Vermont street to Lasell street, and ordered constructed, over and including a part of the private way known as Dent street, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Vermont street and Keith street: Southeasterly by Vermont street,

forty feet; southwesterly by the southwesterly line of said Carroll street as hereby laid out, three hundred fifty-nine and 49-100 feet; northwesterly by Keith street, forty and 6-100 feet; and northeasterly by the northeasterly line of said Carroll street as hereby laid out, three hundred sixty-one and 28-100 feet.

Part between Keith street and Lasell street: Southeasterly by Keith street, forty and 6-100 feet; southwesterly by the southwesterly line of said Carroll street as hereby laid out, by two measurements, eighty-six and 86-100 feet and one hundred thirteen and 30-100 feet; northwesterly by Lasell street, forty feet; and northeasterly by the northeasterly line of said Carroll street as hereby laid out, by two measurements, one hundred fourteen and 46-100 feet and eighty-five and 69-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the laying out and construction of Carroll street, West Roxbury district, as a highway, from Vermont street to Lasell street, under the order of the Board of October 4, 1935, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Durland street, Brighton district, as a highway, from Hardwick street northeasterly, bounded and described as follows:

A highway named Durland street is hereby laid out, from Hardwick street northeasterly, for a distance of two hundred feet, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Hardwick street, forty feet; westerly by the westerly line of said Durland street as hereby laid out, two hundred feet; northerly by the northerly line of said Durland street as hereby laid out, forty feet; and easterly by the easterly line of said Durland street as hereby laid out, two hundred feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Durland street, Brighton district, as a highway, from Hardwick street northeasterly, for a distance of two hundred feet, under the order of the Street Commissioners and Mayor of October 4, 1935, and awards no damages therefor.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASSACHUSETTS, FOR OCTOBER 1, 1934.

STATE OF MASSACHUSETTS.
COUNTY OF SUFFOLK, SS.

Before me, a Justice of the Peace, in and for the state and county aforesaid, personally appeared Frank H. Cushman, who, having been duly sworn according to law, deposes and says that he is the Editor of the *City Record* and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publishers, editor, managing editor and business managers are:

Publisher, City of Boston.
Editor, FRANK H. CUSHMAN, 73 City Hall, Boston.

Associate Editor, JOSHUA H. JONES, 73 City Hall, Boston.

Managing Editor, none.

(Business Managers, none.)

EDWARD F. O'DOWD, Business Agent, 76 City Hall, Boston.

2. The owners are:

City of Boston.
FREDERICK W. MANSFIELD, Mayor.

JOHN I. FITZGERALD, President of City Council.

WILFRED J. DOYLE, City Clerk.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are:

None.

FRANK H. CUSHMAN, Editor.

Sworn to and subscribed before me this third day of October, 1935.

HORACE R. KEAY.
(My commission expires December 18, 1936.)
(Oct. 12.)

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Thursday October 3, 1935.

Special meeting of the City Council, held in the Council Chamber, City Hall, at twelve o'clock noon, pursuant to the following call:

City of Boston,
Office of the Mayor, October 1, 1935.
To the Members of the City Council.

You are hereby requested to assemble in the City Council Chamber, City Hall, on Thursday, October 3, 1935, at twelve o'clock noon, to take action on any pending or proposed loan orders for public works projects.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

President FITZGERALD in the chair. Absent, Coun. Fish and Goldman.
The call was placed on file.

PROPOSED WITHDRAWAL OF CERTAIN LOAN ORDERS.

The following was received:

City of Boston,
Office of the Mayor, October 2, 1935.
To the City Council.

Gentlemen,—I have before me the order adopted by your Honorable Body on September 30 in which the Mayor is requested to withdraw all loan orders now before the Council as to which he concedes that Federal appropriations will not be approved.

For the information of the Council I beg to say that I am not yet ready to concede that any of the P. W. A. projects which have been submitted by the City of Boston will not receive Federal approval, because I have reason to believe that a secondary list of projects may be formed which, although apparently rejected now, may receive approval later. The reason for this is that some of the allotments already made by the Federal Government may not be taken up by the cities and states to whom those allotments were made, and in that event a large sum of money might accumulate in the hands of the P. W. A. officials in Washington which would have to be re-allotted. If that should happen it is entirely possible that Boston projects which now appear to be rejected may be approved if there is a secondary distribution of this accumulation of rejected funds.

In order to be prepared to accept such a secondary allotment if it should be made it is necessary for the loan orders to be passed. Of course the mere passing of the loan order entails no obligation upon the city and just as soon as it is definitely known that there will be no further allotments I shall ask the Council to rescind all loan orders which then appear to be definitely rejected.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

P. W. A. LOAN ORDERS.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the Honorable the City Council.

Gentlemen,—I have been advised by Colonel T. B. Parker, Acting State Director, P. W. A., that immediate action on all P. W. A. projects is imperative to meet the schedule set by the President of the United States of America requiring all contracts to be awarded on or before December 15, 1935. Theodore N. Waddell, Secretary of the Emergency Finance Board of the Commonwealth, has advised the city that the Board will not give approval to any Boston P. W. A. projects until loan orders have been passed by the City Council and approved by me. In view of the foregoing, it is necessary, if the city is to engage in the new program of Public Works projects, that your Honorable Body take prompt action upon pending P. W. A. loan orders.

I urgently recommend that at the special meeting of your Honorable Body called by me for this day, you give the following loan orders their first reading:

1. Revised loan order for the construction of school buildings and additions to school buildings submitted by me to your Honorable Body on September 30, 1935, with letter of transmittal from the Corporation Counsel;

2. Loan order for the Quincy Market Building, foundations, improvements, etc., submitted by me to your Honorable Body on September 23, 1935; and

3. Loan order for water pipe trestle, Chelsea North Bridge, submitted by me to your Honorable Body on September 23, 1935.

I also urgently recommend that at your next regular meeting on October 7, 1935, you give your second and final reading to the following loan orders to which your Honorable Body gave its first reading on September 23, 1935:

1. Loan order for new City Hall and demolition of present structure; and

2. Loan order for new Chelsea Street and Eastern Avenue Bridge.

While the Federal authorities have not yet approved the new city hall or water pipe trestle projects, there is still a substantial possibility that these projects will be subsequently approved. Accordingly, it is desirable that all action on the part of the city be promptly completed so that the city may be fully prepared to proceed with these projects in the event that such Federal approval is obtained.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

REPORT OF FINANCE COMMITTEE.

President FITZGERALD—Reports of committees. The Chair understands that Councilor Green is prepared to present a report of the Committee on Finance.

Coun. GREEN—Mr. President, I rise to a point of information. I would like to find out from the President whether what I have been told is true. As I understand it, the Mayor today is in conference with the Corporation Counsel and with Mr. Ickes.

President FITZGERALD—I understand that there is a meeting in progress now in the Mayor's office, called for 12.30 o'clock, not with Mr. Ickes, but with his representative.

Coun. GREEN presented the following:

Report on message of Mayor and order (referred September 30) appropriating \$3,570,000 for new school buildings and additions to existing school buildings—that same ought to pass.

Report on message of Mayor and order (referred September 23) appropriating \$460,000 for Quincy Market Building, Foundation—that same ought to pass.

Report on message of Mayor and order (referred September 23) appropriating \$35,000 for water pipe trestle, Chelsea North Bridge—that same ought to pass.

Coun. GREEN—Mr. President, I would like to have the committee report referred to executive session. In the absence of members of the committee and some members of the Council, I think in justice that it should be so referred. Therefore, I make that as a motion.

Coun. WILSON—Mr. President, do I understand in effect that, in order to accommodate the Mayor's office, we are to postpone the meeting until these absentees have arrived?

President FITZGERALD—I don't understand that there will be any delay. I understand that some of the members are in the building now and that their presence can be very readily obtained. The question now comes on Councilor Green's motion to refer to the Executive Committee.

Coun. Green's motion to refer the Finance Committee's report to the Executive Committee was declared carried.

Coun. WILSON doubted the vote and asked for a roll call.

The Council voted to refer the Finance Committee report to the Executive Committee, yeas 15, nays 1.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Fitzgerald, Gallagher, Green, Kerrigan, McGrath, Murray, Selvittella, Shattuck, Tobin—15.

Nays—Coun. Wilson—1.

RECESS.

Coun. SELVITELLA—Mr. President, I move that we take a recess subject to the call of the Chair.

Coun. WILSON—Mr. President, I move as an amendment that the recess be for ten minutes.

Coun. DOWD—Mr. President, I would move to amend Councilor Wilson's motion that it be for not more than thirty minutes.

Coun. MURRAY—And I would move, Mr. President, that we stay out until we get through with our business.

President FITZGERALD—That is rather indefinite.

Coun. MURRAY—I would say an hour, Mr. President, if we have not got through our business before then.

Coun. Murray's motion, that the recess last for not more than an hour, prevailed.

The body voted to go into recess at 12.40 p. m. and reassembled in the Council Chamber at 1.07 p. m.

EXECUTIVE COMMITTEE REPORT.

Coun. GALLAGHER, for the Executive Committee, submitted a report, as follows:

Report on message of Mayor and order (referred today) appropriating \$3,570,000 for new school buildings and additions to existing school buildings—that same ought to pass.

Report on order (referred today) appropriating \$460,000 for Quincy Market Building, Foundation—that same ought to pass.

Report on order (referred today) appropriating \$35,000 for water pipe trestle, Chelsea North Bridge—that same ought to pass.

The report was accepted, and the question first came on the passage of the \$3,570,000 item for schools.

Coun. WILSON—Mr. President, as I gather, this emergency meeting at high noon to save three or four days between now and Monday has been called to drive the Council into line on loan orders aggregating \$4,065,000 on top of the earlier Public Works loan orders, and on top of \$9,000,000 that the Council has already voted for the current expenses of the year, with at least another million to come, and possibly \$2,000,000. I remember the words of the Mayor on the first day of January, in which he pointed out that if he borrowed during 1934 the sums that Mayor Curley had borrowed in 1933 the city was headed for sure bankruptcy, and showed how the borrowing of over \$7,000,000 in 1933 to pay 1933 bills automatically increased the expenses of 1934, as he said, by \$900,000. Well, what we have already borrowed this year, on the same basis, will automatically add to next year's budget at least a million dollars, and on top of that will come the amounts for these P. W. A. projects. Now, I am in favor of putting men to work, and I have tried to be consistent. It was for that reason that I voted for the project to demolish the Elevated structure, because it meant a lot of money for labor, as well as a great improvement in our city, and I felt that, although it would not benefit the Dorchester district, which I represent, it would benefit 50 per cent of the area of the city, besides placing about 5,000 men at work for two years, along with an improvement in assessable property valuations in at least 50 per cent of the city. As I say, I am not against public improvements that are really public improvements of a lasting nature and that will put men at work. One of these orders that we are asked to vote upon is an order advocated by the present Mayor borrowing \$2,500,000 for a new City Hall,—which last year was to cost \$1,800,000, but was pulled back. A year ago Mr. Hall came in here and submitted two pages of items showing how much available space there would be in the new building and giving a tabular view of all the city departments now paying rent. He told how much more space we needed, providing in the plan plenty of leeway and plenty of space, and asked for a building that was going to cost \$1,800,000. I would like to have any member of the Council explain today when we get to that item why it has now jumped \$700,000.

President FITZGERALD—Pardon me, but we are not now taking up the City Hall item.

Coun. WILSON—Well, pardon me. I am talking on the loan orders and I will try to make what I have to say short, because I know the members will not care to have me repeat what I have to say on each loan order as we go along. They say when you vote against a budget or against a loan order to build high schools or other buildings, you are voting against the city employee and the laborer, and voting against placing your constituents back at work. A few people may believe that, but I don't think the thinking city employees, the poor man who thinks for a minute, believe it, because the man who even owns very little property is beginning to get tax-conscious. And those of us who have seen school buildings go up in Dorchester and elsewhere, know this, that their erection does not put many people at work. On the million-dollar building which went up in Dorchester, if there were one hundred men working upon it they were lucky. By the addition, of course, you are increasing on every such project. And I say if this sort of thing goes on, and it has gone on, it will not be long before the City of Boston will go bankrupt. We are headed for the same sort of thing as Las Vegas, and that city is only headed by the tourist trade and destruction of each other in the City Hall and the possible destruction later of a \$500,000

garage, centering garaging of the city at one spot; and such a time is certainly hastened when the boys come trooping in here week after week voting for all these things that are proposed, involving the tearing down of buildings and wiping out of existing property. If this sort of thing is to continue the time is rapidly approaching when we can well say, "God help the poor fellow who is looking for wages from the City of Boston." And so I say that when men on this floor vote for such orders as are before us today, involving the expenditure of seven and a half millions, to say nothing of orders which we will still be expected to pass, with each such vote they are simply driving a nail into the city's coffin. I will admit that perhaps I am a little stirred up today, because there have been meetings held in my ward, inspired by sources I will not quote, favoring the passage of these items. But my general attitude on such orders is not changed. I am going to vote against the seven and a half millions on top of the nine million and more that the body has voted for this year. I am not against a new City Hall, but I think we should not consider it at a time like this. The boys should think of the future and not be influenced in their action because there is to be an election thirty-four days from today. Mr. President, you probably cannot afford a nice new Rolls-Royce limousine, and just because some kind loving uncle may say he will pay 45 per cent of the cost of a new Rolls-Royce limousine for you, I say that you still cannot afford to pay 55 per cent of the cost of it, with the cost of maintenance which you would have to meet after it was bought. But that is exactly the argument that is being used in favor of the passage of these loan orders. I urge the members of the Council to vote against them. If they were segregated, there are some of the smaller items here in the order before us that I would like to vote for, but I cannot do so in the way they are lumped. Councilor Norton has said that there are 5,000 empty seats in the schools of the City of Boston. I am inclined to believe that he is correct, because I have found that the figures that he has submitted to us from time to time after research have been pretty nearly correct. And so I say to you, never mind if there is an election day coming shortly, if you vote against such orders the thinking citizens of Boston, the thinking city employees, will know that you have voted as you thought you should vote; as you honestly believed was right; and I say to the members of the Council who are coming back—and it is conceivable that I will!—that if the body continues to vote as it has been voting, we will have front seats at a wake.

Coun. SHATTUCK—Mr. President, I recall that when his Honor the Mayor sent in his budget he included in it his program for the year, both the part to be met from revenue and the part to be met from borrowed money. He recommended an issue, as I recall, \$8,000,000 with a possible additional \$1,000,000, making \$9,000,000 in all for current expenses, to be raised by borrowed money, and he stated in substance that that amount would not increase the net debt of the city because an approximately equal amount would be paid off during the year. That might have been so if he had stuck to that program, but ever since then, from week to week, we have had new projects for borrowing many millions, as recited by the councilor from Dorchester (Coun. Wilson), millions for new projects. Those proposed borrowings, added to the current expense borrowings, will, of course, enormously add to the net debt of the City of Boston, because the amounts to be paid off this year will be very much less than what it is now proposed to borrow under this ever-expanding program, and we don't know to what extent further borrowings will be asked for. One of the arguments used for this sort of thing is that the Federal Government is going to contribute 45 per cent. In the first place, we now know that we have to borrow every nickel of the money and then take what the Federal Government will contribute. There is talk that it might be 30 per cent and not 45 per cent, and the Federal Government, also, is rather slow pay. We have had some prior projects on which the indication is that the pay is very slow! We may find that we have to borrow 100 per cent on these projects and have a debt of 100 per cent on them. Without going further and repeating what I have said on previous occasions, I strongly indorse what the Councilor from Dorchester (Coun. Wilson) has said. It has been well said, and it is timely.

Coun. ROBERTS—Mr. President, just a word about these orders. They have been gone over very well, and the need for these buildings has been discussed. I think we would all agree that we would like a new City Hall and that Boston needs a new City Hall, but the question is, whether we can at this time afford the luxury of a two and a half million dollar building. There is also the question whether we can afford the luxury of new schoolhouses costing several millions, at the present time; and when it comes to employing men upon such buildings, our experience in the various schoolhouses that have been erected in the last few years, with labor-saving devices in various lines, shows that even on very expensive buildings there are not usually more than fifty to seventy-five men employed. So we cannot say that that is helping in the unemployment situation, where only a handful of men is placed at work. If we are to have P. W. A. projects, it seems to me we should have some that should put more men at work. We all have large numbers of our constituents applying to us for a chance to get employment. It seems to me that Massachusetts has never got a square deal with the P. W. A. In other states they go ahead on projects for which the Government supplies the entire amount of money. Here in Massachusetts we have to underwrite the whole thing ourselves and don't know just how much we will get back from the Federal Government. So it seems to me under the circumstances justifiable to refuse the P. W. A. money.

Coun. BRACKMAN—Mr. President, I was a member of the Committee on Finance which heard the story of the proposed expenditures for school purposes that we are now discussing. Superintendent Campbell, whose judgment as an expert on school matters no one will challenge, came in and described to the committee the deplorable conditions in some of the schools. He showed that some were firetraps, and so on. So there is no question of the necessity of appropriation for these school buildings. There is no question that the time is near when they will have to be built. We feel that now is the time to do it, when we will at least have some assistance, whether to the extent of 30, 35 or 40 per cent, or more. We think this is the time when it should be done. There are some vacancies in schools in Boston, but, as described, those vacancies have occurred in some of the in-town sections where people have moved away. But you can go into Dorchester, East Boston, or other parts of this city, and find that there is nothing like the proper accommodation for the children. Naturally, we have the problem of a shifting population, to a certain extent, in different parts of the city.

Coun. AGNEW—Mr. President, I would like to ask if we are voting separately on these orders or are voting on the entire amount reported.

President FITZGERALD—We are now voting on the \$3,570,000 for the schools.

Coun. NORTON—Mr. President, the members all seem to be very comfortably seated, and I feel in the mood for a good talk. I am going to vote against this order, with the tremendous amount of money involved, carrying out the policy I have adopted since I entered the Council some years ago. I think it is a terrible thing that we should be driving industry and our people out of Boston at the rate we now are. I have been unable to find out why they tax the building across the street here for double the amount it would be taxed in Chicago, Philadelphia, Los Angeles, or other large cities of this country, apart from the attempt to raise money for these unnecessary expenditures. Out in the Hyde Park area at the present time our people are very much worried at living conditions. Our cotton mill has closed down. It was built out in that beautiful Hyde Park area seventy years ago, in a place where people could then build a cotton mill with some hope of its successful operation. It was out there that English and Irish workers congregated, who had no use for the West or the South. So it was built there, at a time when they did not have to consider proximity to the southern cotton fields; at a time when they had no difficulty in reaching a comfortable market, and when a difference of one or two cents in the manufacture of the product did not raise the obstacle that it does today. Who is the expert in Boston who can say, "Tomorrow that mill will reopen." And so our cotton mills are going. The same is true with the families of the district, and I don't know where they are going. There are plenty of ways in which whatever money we can properly raise can be well spent in the activities of our city. For example, there are not

enough beds in the Sanatorium in my ward. It is in a fine location, on River street, Ward 18, but we haven't enough beds to take care of the Bostonians who would like to go there. If we have money to spend, it is for purposes of that sort that we should spend it. I would also like to see air-conditioning in certain parts of our City Hospital. We have certain times in the year when hot weather conditions are worse here than even in St. Louis or Chicago; when the red brick walls of our hospital buildings make the hospital like a furnace. We have seen people die in our hospitals in the hot weather, because of the excessive heat. So I would gladly vote for an order to air-condition, not the whole hospital, as that would be too expensive, but a floor or two where those who suffer particularly from the heat might be made more comfortable. The Mayor has suggested a loan of \$2,500,000 for the City Hall, with the suggestion that the new City Hall be air-conditioned, and also providing a private elevator and a broadcasting room. Well, perhaps this City Hall should be air-conditioned, but I claim that the first place in Boston to be air-conditioned should be the Boston City Hospital, where those unfortunates are suffering from fever, affording them some surcease from the terrific heat during certain periods. Boston is suffering terribly from over-taxation. Over the Hyde Park-line, in Milton, you can buy a home, easily accessible to people from Boston, for \$6,500, which would cost you \$10,000 in Boston. Any one of you men who is interested can come out there and make an investigation of the situation, and see why Boston is losing population. Families are moving from this city to Watertown and other such cities and towns near us, where they can live much more cheaply and where they can be just as accessible to the center of our city as most of our own inhabitants. And when you say that we are being helped out in these matters by the Federal Government to the extent of 45 per cent, and that we have to pay but 55 per cent, as a matter of fact we will be spending 65 or 70 per cent before we are through, because the Federal expenditures are of such a nature, calling for expenditures beyond what Boston would spend, under the regulations of the Federal Government, that we will be paying a much larger proportion than appears upon the surface. This all means that we are going to increase our net debt, Boston's net debt at the present time is over \$130,000,000, and we are paying on that debt \$11,000,000 a year, in interest and everything. This is going to push our debt up still higher. No city in the country comparable with Boston has any such debt today. Boston is an old and established city. In the ten years from 1920 to 1930 it increased its population only 10 to 12 per cent. Philadelphia increased 30 per cent, Los Angeles over 100 per cent, and most of the other comparable cities of the country much more than Boston. And yet the net debt of those cities comparable with Boston's population is less than ours today. We have over 310 school buildings in Boston. I have been using the figure 300, but I find that it is over 310. The expenditure for those buildings has been over \$69,000,000. I challenge any friend of the Boston School System—and I have asked the Superintendent of Schools—to show me any other city in America or in the world, with 44 square miles of area and with a million people—not 800,000 or less, as we have in Boston—that for 300 school buildings has expended \$69,000,000. You may ask why I bring in these other cities. Why do I wash my face? Because somebody else did it first. All the progress we have made, all we have learned from the mud up, is by seeing what somebody else did. Voting for this order will only place a heavier burden on the taxpayers of Boston. I cannot understand why anybody representing a ward which is a predominantly home-owning section can vote for this expenditure. Over 50 per cent of the people in my ward are home owners. Get that fact! They are interested in the tax bills. I wish we could all have right in front of us all the time one of those pink slips, indicating that property is going to be sold for taxes. If we had, perhaps we could get some idea of what this good fellowship in passing all these orders that come along really means, what it means to the people of this city. If we are to spend millions, let us do it for the most worthy causes, something that will be in the interest of every man, woman and child in Boston. Boston should do far more than it has done along the lines of what is known as the work project administration. There are many things that can be done in the interest of the people that will not cost much money. Drive out to Hyde Park some night and see one of the finest things you can

imagine, a wading pool. You will see there thousands of children, with their mothers alongside, and it is being used. That cost the City of Boston less than \$3,500 in cash. We have an E. R. A. labor project for Boston, where the Government pays for the labor and the City pays for the material and supplies. Why can't such pools be put in everywhere? They are the finest possible things to prevent children being killed or injured by automobiles on the streets. That sort of thing will go far to prevent the automobile accidents on the streets that are piling up each year. The children, instead of being on the streets, will be in the wading pools. New York has built 200 playgrounds, which is one way to get children off the streets and to stop the slaughter on our highways. Another thing is to encourage baseball games. Two years ago I tried to have a much larger amount spent in this city, through the Park Department and otherwise, for the encouragement of baseball games in which our youngsters could participate, perhaps \$100,000 instead of the \$2,500 that has been asked for by the department. The reason why I made that request is because of the thousands of young men and women in the crowded areas of this city, who are being educated for a world that no longer exists, with no place to which to go and who should at least be afforded some proper opportunity for outdoor recreation, which will occupy their minds in a healthy and sane way, instead of simply wandering about our streets and along our railroads, the police shoving them along and keeping them going. The children's department of the United States Department of Labor says that there are over a half million on the road today. I have in mind one striking case of a boy in my district. Two years ago he played ball, was interested in that sort of thing. Last year he was not playing and was not coming home nights. Some nights he would stay out, and his folks were very much worried. Well, he finally landed in a prison in Rhode Island. I saw him and I said, "Bill, what has happened to you?" I knew that he was going wrong, because he was not playing ball. He was a good, healthy youngster, like hundreds of others in this city today. Well, this is what happened. He got to wandering around, discontented and dissatisfied, and he met a man down on Washington street one day. What I am telling is the absolute truth. This fellow came along and they got to talking, and the fellow seemed to have plenty of money. So he got going around with him, and it finally came out that the money that was being spent was counterfeit money. They were arrested by government Department of Justice men, who testified in the Providence court that this youngster never spent a dollar of the money. It was all spent by the older boy, but the two were together and it was felt that they should be treated the same. It was the first time that the boy was ever arrested, and he is now in jail down in Rhode Island. I felt sorry for him. I said to myself, "Where would you be, Norton, under the same circumstances?" It was through no fault of his. And so I want to have these baseball teams, and I want more money for that purpose in the appropriation for the Park Department. I want every dollar possible devoted to the encouragement of ball games and to playgrounds, because those things that occupy our young people in a healthy and sane way keep them off the streets, avoiding these automobile tragedies. I would also like to see money spent in air-conditioning a portion of the City Hospital in the hot summer period, and there is another activity of the Works Project Administration that I would like to see encouraged. Harry Hopkins has said that the expenditures on street projects means more men being put to work than in any other way. Let us build streets, and Boston can now for the first time fix up its streets. There is no necessity for a bad street in Boston today. If you don't use the money you have for these other purposes, you can spend some of it for supplies and materials, can have air-conditioning of a portion of our City Hospital in the summertime, and can pay some attention to our streets. The science of engineering in road building has been so greatly improved that it has been very much simplified. You can take 4 inches of crushed stone, lay it on the surface, and then cover the surface with any material that is desired. You will then not have so many places as you have today where children cannot go to school in bad weather because of the condition of the streets. There are many of our streets where, under stormy conditions, fire engines, ambulances and other vehicles cannot get through. With our streets in decent condition that sort of thing can be

stopped. Many of our children at the present time lose five days at least in the school year because they are unable to get to school. At the present time, for a very small expenditure, you can fix every street in Boston, Uncle Sam saying, "I will pay the wages if you will furnish the supplies and materials." Instead of spending seven and a half million dollars on these other things that are not necessary, why not make some expenditures along the line I have indicated, which would be for the real benefit and interest of our citizens? Two or three millions could well be expended in fixing up our streets, eliminating the contractors and the waste, and giving men a job. Let us eliminate some of these things that are being proposed today. I don't know how members here can vote for some of these orders, representing, as they do, sections where people are suffering because of the high taxes. Why do you pass orders here in which simply pile on additions to an already excessive tax rate, the highest tax rate that we see in any American city? I cannot understand the logic that will lead members who represent home owners to support some of these measures. I don't know a family that can afford at the present time to pay the tax rate that we have, and here you are going to make it still higher and increase the tax levy. If this sort of thing is going on, you are going to see days when there will be no pay rolls. Those days are coming, Mr. President, just as surely as you sit in that chair. Just how soon that day will come we do not know, but undoubtedly within two or three years at the most. If any man tells me that things are getting better and that the city is all right, I will ask him to simply look out the window. Look at the assessment on buildings over there. You will never get anywhere here until you do what Chicago did. Cut the assessments in two. Do you know that Chicago today, three times as large as Boston, has a total assessment of only one billion and a half against our assessment here of nearly four billions? They had a very serious situation there and are just collecting the 1933 taxes. They have had to cut down their valuations. But here we have buildings on Commonwealth avenue, for instance, residences that cost \$100,000 to build, and that can be bought today for \$10,000, although they are assessed for \$100,000. Is there any sense in that? I don't know whether the political life of any of us will be long enough to have brought home to us here just what this sort of thing today is going to result in. Of course, political life is short. But the bills will have to be paid for what we are doing today, and it is time that we all had a realization of it. I am going to vote against these projects which are, I think, unnecessary. We should not build unnecessary buildings in times like these. The man does not live, "Pat" Campbell or anybody else, who can tell us how many children will have to be provided for in the schools of Hyde Park or any other part of the City of Boston two or three years from now. We are quite apt to experience great migrations, people leaving us. There are 5,000 vacant seats in the Boston schools today. The man does not live who can say that in a particular section a big school building is needed today to provide for conditions for the next five years. Nobody knows what is going to happen in the next five years. And so I say, simply because we are told that the Federal Government is going to contribute 45 per cent toward these expenditures, we should not go into them at this time. Not only that, but instead of 45 per cent the City of Boston may very well have to spend 60 per cent or more. This sort of thing means the bankruptcy of the city. I repeat, just look across the street, and see the building there assessed for \$290,000 that they could not get \$100,000 for today. We are building on air, on quicksand. These are very strange times. None of us could foresee years ago that the National Government would be coming into Boston as it is today and taking care of more people than our welfare took care of. The United States Government is providing two housekeepers to take charge of a family of children with the mother sick. We are seeing a good many things today with which we were never familiar in the past. I could not then foresee the Federal Government performing these functions; I could not see them coming in under Harry Hopkins and saying, "We will take every person on your welfare rolls and put them to work." So I was off on that, and none of us could even dream of such a thing. I could not foresee these tremendous activities of the Federal Government, coming into city politics and city business and taking charge. However, it is here, and apparently here to stay. But I say that for us to enter into all these expenditures, such as are proposed here today and such as have

been proposed in the past, simply means putting additional nails into Boston's financial coffin.

The order was given its first reading and passage, yeas 15, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Selvitella, Tobin—15.

Nays—Coun. Norton, Roberts, Shattuck, Wilson—4.

On the \$35,000 order for Chelsea North Bridge the report was accepted, and the order was given its first reading and passage, yeas 19, nays 0.

On the \$460,000 Quincy Market order, the report was accepted, and the question came on the passage of the order.

Coun. TOBIN—Mr. President, if this order is to be adopted finally, when the work is done, I hope the Committee on Public Lands, which now has before it the order asking for a reduction in rentals of the tenants, will consider this factor. We are spending a considerable amount of money that these people did not expect that we would expend and that was not provided for in their lease. The committee has had this matter under consideration for three months, and I hope that later the fact will be remembered that we are now doing for the market something that was not bargained for, not expected, when the order for reduction in leases and rentals was brought before the Council.

The order was given its first reading and passage, yeas 15, nays 4:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, Murray, Selvitella, Tobin—15.

Nays—Coun. Norton, Roberts, Shattuck, Wilson—4.

President FITZGERALD—The object for which the meeting was called having been accomplished, the Council now stands adjourned.

The Council stood adjourned at 1.52 p. m., to meet on Monday, October 7, 1935, at 2 p. m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the payment conducted by the South Boston Citizens' Association, vehicles are excluded from West Broadway, South Boston, between F street and Dorchester street, on October 5, 1935, from 10 a. m. to 11 a. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track repairs by the Boston Elevated Railway, estimated to be three (3) weeks, parking of vehicles is prohibited in Dudley street, Roxbury and Dorchester, both sides, from Blue Hill avenue to Columbia road.

The above rule is to be effective when and where signs are placed.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) week, vehicles are excluded from Runggold street, between Hanson street and Waltham street, effective October 4, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from Greenbrier street, Dorchester, between Bowdoin street and Park street, effective October 3, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of payment conducted by the South Boston Citizens' Association, vehicles are excluded from the Strandway, between E street and N street, on October 5, 1935, from 4 p. m. to 5 p. m.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 7, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER calling the body to order and acting as Chairman. Absent, Coun. Brackman and Goldman.

JURORS DRAWN.

Jurors were drawn under the law, Coun. KERRIGAN presiding at the box in the absence of the Mayor, as follows:

Sixty-seven traverse jurors, Superior Criminal Court, to appear November 4, 1935:

Anthony DeChristoforo, Ward 1; John H. Magner, Ward 1; Edgar T. McArthur, Ward 1; Alfonso Storella, Ward 1; Edward L. Cushing, Ward 2; Fred C. Herriek, Ward 2; Thomas J. Ahearn, Ward 3; Gabriel Ialondo, Ward 3; Joseph W. Lister, Ward 3; William F. Chase, Ward 4; George W. Rankin, Ward 4; John S. Rogers, Ward 4; Charles W. Roberts, Ward 5; Charles E. Arvidson, Ward 6; Louis J. Campers, Ward 6; John L. Fitzpatrick, Ward 6; Arthur J. Hennessey, Ward 6; Thomas McDonough, Ward 6; James A. Reilly, Ward 6; John W. Connors, Ward 7; Joseph Jaggy, Ward 7; Albert F. Conley, Ward 8; Herbert L. MacKeeman, Ward 8; John J. McCarthy, Ward 8; John P. McLaughlin, Ward 8; John H. Bowles, Ward 9; Thomas E. Marshall, Ward 9; John O'Keefe, Ward 9; James M. Russell, Ward 9; Owen Brennan, Ward 10; Allan J. MacDonald, Ward 10; Archibald Pettigrew, Ward 11; Francis X. Grady, Ward 13; Ira H. Parritt, Ward 13; Richard J. Condon, Ward 14; Samuel Rosenthal, Ward 14; Thomas A. Adair, Ward 16; Samuel Oliver, Ward 16; William L. Shea, Ward 16; George A. Wilkinson, Ward 16; G. Walter Miller, Ward 17; Sidney S. Rankin, Ward 17; William G. Blakely, Jr., Ward 18; Willis N. Croft, Ward 18; Thomas Davies, Ward 18; Thomas J. Erhard, Ward 18; Leonard A. Fay, Jr., Ward 18; Richard F. Quinn, Ward 18; James A. Daley, Ward 19; Chester M. Fuller, Ward 19; Frederick C. Kain, Ward 19; John E. Legsdin, Ward 19; Charles N. Rau, Ward 19; Albert J. Sesman, Ward 19; Bernhard H. Condon, Ward 20; Thomas P. J. Curley, Ward 20; Chauncey E. Hathaway, Ward 20; H. Chester Stevens, Ward 20; Ralph W. Corbett, Ward 21; Daniel Lane, Ward 21; James A. Robinson, Ward 21; Robert E. Walsh, Ward 21; Alfred G. Corrin, Ward 22; Timothy Hayes, Ward 22; Dennis F. Hegarty, Ward 22; Edward Marshall, Ward 22; Leo F. Peterson, Ward 22.

Seventy-nine traverse jurors, Superior Civil Court, to appear November 4, 1935, October Sitting:

John L. Harrington, Ward 1; Joseph Juliano, Ward 1; Peter Maffie, Ward 1; Louis Marasao, Ward 1; Nicholas Messina, Ward 1; Richard J. Monahan, Ward 1; Harry J. Johnson, Ward 2; Joseph J. McCarthy, Ward 2; Daniel F. McGahan, Ward 2; William McPherson, Ward 2; Daniel O'Leary, Ward 2; Thomas J. Quigley, Jr., Ward 2; Harry Cahill, Ward 3; Maurice P. Casey, Ward 3; Abraham Gershon, Ward 3; Hyman M. Goldman, Ward 3; Walter C. Jacobsen, Ward 4; Henry W. Strinzer, Ward 4; Ross H. Currier, Ward 5; Gilbert E. Fuller, Ward 5; Richard E. Kingston, Ward 5; Albert P. Levis, Ward 5; Alfred R. McIntyre, Ward 5; William A. Walsh, Ward 5; Michael O. Fadden, Ward 6; William J. Walsh, Ward 6; Maurice A. Holler, Ward 7; Edward A. Jesser, Ward 7; Clarence E. Powers, Ward 7; Bernard J. Walsh, Ward 7; Fred H. Crandall, Ward 8; James H. Downey, Ward 8; Charles Braxton, Ward 9; Henry A. Jaworski, Ward 9; Thomas Meagher, Ward 9; John F. Wessler, Ward 10; John F. Sullivan, Ward 10; Jacob M. Collins, Ward 11; James F. Feeney, Ward 11; Oswald L. Payne, Ward 12; Sherwood R. Weaver, Ward 12; Clarence E. Knox, Ward 13; John A. Magner, Ward 13; Charles L. McCarthy, Ward 13; Claude H. McKee, Ward 13; Barnett Lomasney, Ward 14; Louis C. Saxe, Ward 14; Max Slabin, Ward 14; George F. Borkin, Ward 15; Mark V. Durkin, Ward 15; Edward L. Simmons, Ward 15; Joseph W. Storer, Ward 15; William G. Brooks, Ward 16; Clarence B. Johns, Ward 16; William A. Keane, Ward 16; John J. McGrath, Ward 16; John Phillips, Ward 16; Joseph P. Ratigan, Ward 16; Louis A. Ricci, Ward 16; John Weaver, Ward 16; Frank P. Dannahy, Ward 17; Jeremiah J. Mahoney, Ward 17; Harry T. Krim, Ward 18; Reginald L. Wadman, Ward 19; Arthur F. Clark, Ward 20; Walter J. Connors, Ward 20; Ralph E. Curtis, Ward 20; Herbert M. Dodge, Ward 20; Curt Kopp, Ward 20; James W. McNichols, Ward 20; Homer N. Minard, Ward 20; Louis B. Potts, Ward 20; William F. Shields, Ward 20; Patrick John Sullivan, Ward 20; William F. Sullivan, Ward 20; Ronald L. MacInnis, Ward 21; William J. Miller, Ward 21; Charles J. O'Malley, Ward 21; Walter Tremlett, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the following appointments were submitted by the Mayor:

Weigher of Goods, Weigher of Coal, Measurer of Grain: John Leary; 4 Lawnwood place, Charlestown.

Weigher of Coal: Francis Goldstein, 1313 Columbia avenue, Roxbury.

Severally laid over a week under the law.

HISTORICAL MARKERS.

The following was received:

City of Boston,
Office of the Mayor, October 5, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of September 30, 1935, concerning the erection of a temporary marker near K street and Columbia road, to commemorate the landing of the Puritans.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, October 3, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of October 2, with inclosure, order from the City Council that the Park Department erect a suitable temporary marker at a point near K street and Columbia road, on the Strandway, to commemorate the landing of the Puritans.

Please be assured it will be a pleasure for the Park Department to comply with this request, and the marker will be painted and erected at the earliest possible moment, at a point near K street and Columbia road.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,

Office of the Mayor, October 7, 1935.

To the City Council.

Gentlemen,—I transmit herewith a letter from the Commissioner of Public Works, relative to your order of September 30, 1935, concerning the erection of a temporary marker at Broadway and B streets, South Boston, to commemorate the activities of the Patriot Army at Nook Hill.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department,
October 5, 1935.

Mr. John F. Gilmore,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of October 2, with attached order of the City Council requesting the erection of a temporary marker at Broadway and B street, to commemorate the activities of the Patriot Army at Nook Hill, South Boston.

An order for the erection of this sign has been given, and it will be put into position immediately.

Yours very truly,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston,

Office of the Mayor, October 4, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Superintendent of Public Buildings, relative to your order of September 30, 1935, concerning the erection of two temporary markers on the lawn of the South Boston Municipal Building.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Buildings Department,
October 3, 1935.

John F. Gilmore,

Secretary to the Mayor.

Dear Sir,—Referring to the attached order of the City Council regarding the erection of two temporary markers on the lawn of the South Boston Municipal Building, I have to inform you that orders have been issued for the erection of same and work will commence at once.

Respectfully yours,
ROSSELL G. HALL,
Superintendent of Public Buildings.

Severally placed on file.

GOAL POSTS, WARD 16 PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of September 23, 1935, concerning the construction of goal posts at Victory Road Playground, Ward 16, Dorchester.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, October 2, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 26 with inclosure, order from the City

Council that the Park Department be requested to erect goal posts at Victory Road Playground, Ward 16, Dorchester.

There is an area on the playground that has been graded and surfaced with loam large enough to warrant laying out a football field. The field will be laid out and goal posts installed at the earliest moment the E. R. A. forces can do so.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission, relative to your orders of September 9, 1935, concerning the installation of traffic signals as follows:

1. Signal at the junction of South Huntington avenue and Perkins street, also the Jamaica way and Perkins street.

2. Signal at the junction of South Huntington avenue and Moraine street, and Boylston street, Ward 19.

3. Signal at the junction of Cambridge, Parker, Hadley and Stark streets, Charlestown.

4. Traffic light at the corner of Hyde Park avenue and Cummins Highway.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Traffic Commission, October 2, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I am in receipt of a communication dated September 23, 1935, signed by John T. Gilmore, Jr., assistant secretary to your Honor, ordering report on four City Council orders dated September 9, 1935.

1. The intersection of Perkins street and South Huntington avenue is on a list of locations for automatic traffic signals when funds are made available. The estimated cost of a traffic signal at this intersection is \$2,400.

The intersection of Jamaica way and Perkins street is on a list of locations for automatic traffic signals when funds are made available. The estimated cost of a traffic signal at this intersection is \$2,600.

2. The intersection of Boylston street, Centre street, Moraine street and South Huntington avenue is on a list of locations for automatic traffic signals when funds are made available. The estimated cost of a traffic signal at this intersection is \$1,800.

3. There are no funds available at present for the installation of automatic traffic signals. The estimated cost of installing a signal at the intersection of Cambridge street, Carter street, Parker street and Stark street, Charlestown, is \$2,000.

4. The intersection of Cummins Highway and Hyde Park avenue is on a list of locations for automatic traffic signals when funds are made available. The estimated cost of a traffic signal at this intersection is \$2,300.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

WELFARE RECIPIENTS NOT ON POLICE LISTINGS.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.

To the City Council.

Gentlemen,—Under date of September 23, 1935, the following order was adopted by your Honorable Body:

"Ordered, That the Statistics Trustees be requested, through his Honor the Mayor, to advise the City Council as to the number of welfare recipients in each of the twenty-two wards of the city finally found not to be included in police listings of 1932, 1933 or 1934."

I submit herewith a report prepared by the Statistics Department in conformity with the foregoing order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Statistics Department, October 3, 1935.

Mr. John F. Gilmore, Jr., Assistant Secretary,
Mayor's Office.

Dear Sir,—This acknowledges receipt of your communication of September 26, 1935, transmitting for consideration and report the following order passed by the City Council on September 23: "Ordered, That the Statistics Trustees be requested, through his Honor the Mayor, to advise the City Council as to the number of welfare recipients in each of the twenty-two wards of the city finally found not to be included in police listings of 1932, 1933 or 1934."

The set-up of the Central Card Index by Habitations is such, being changed over from year to year on a current basis, that it is impossible to provide the information expressly requested by the City Council.

* James G. S. E. Worsted Company, 11 Met. 572.

plainants are not to be considered as normal persons within the meaning of the above-quoted opinion of the Court.

Respectfully,
F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

Later in the session, on motion of Coun. ROBERTS, it was voted that the matter be referred to Executive Committee, and that the Health Commissioner be sent for.

ORDINANCE IN RE TAX TITLE PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, October 2, 1935.
To the City Council.

Gentlemen,—On May 15 last I sent to your Honorable Body for consideration a proposed amendment to the ordinances of the City of Boston providing simpler and more satisfactory methods of leasing, selling or maintaining property which has come into the possession of the city in the form of tax titles. That order was referred to the Committee on Ordinances and there it still remains.

On July 15 I sent another letter suggesting that the ordinance be taken up and passed upon but that communication was placed on file.

I am now in receipt of a letter from the Commissioner of Corporations and Taxes, the Hon. Henry F. Long, in which practically the same thing is suggested and I am forwarding it herewith.

May I again urge upon you the pressing necessity and importance of the passage of this ordinance. The city has been compelled to take over a great many properties for non-payment of taxes and because there is no officially designated department or person to have charge thereof, tenants and lessees are refusing to pay rent and are practically defying the city to collect rents from them. In addition to that, much of the property requires repairs and supervision by some person who may be held responsible for the condition of the property.

It is also imperative that this property be sold so that it should become revenue-producing at the earliest possible time. In order for such property to become tax-paying in 1936 it must be sold by January 1, but without the ordinance which is now before you for consideration such sale will be difficult, if not impossible.

May I most earnestly urge upon you the necessity of the passage of the ordinance in question in order that the city may not only collect revenues due to it but in order that such property may be converted into tax-paying holdings before January 1, 1936.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Copy of letter received by Mayor Mansfield from Hon. Henry F. Long, Commissioner of Corporations and Taxation for Commonwealth of Massachusetts.

October 2, 1935.
To the Mayor or Board of Selectmen.

Some cities and towns find an increasing Tax Title Account despite substantial redemptions. At the expiration of the period for redemption city and town treasurers must proceed to foreclose. Municipally held tax titles are now being foreclosed through the Land Court and cities and towns will soon have title to numerous parcels of real estate. This real estate represents what has not over a period of years been collected in cash, so every effort should be made to obtain from the property early financial benefit to the municipality.

Municipal possession of real estate other than that used for strictly public purposes is for most cities and towns a new experience. Unless the property is fully protected, made income-producing or sold it may become a fire hazard, a burden or otherwise changed from an asset to a liability. The law provides ample authority to the municipality in protecting property held in a Tax Title Account, and after title is obtained to convert it into financial benefit. Your municipality may have established a thorough plan for care, rental and sale of property held through foreclosure, but if not so, the suggestion is made that some efficiently established municipal department be empowered to designate a capable person whose sole municipal duty, so long as the need exists, shall be to care for real estate taken under tax titles, see that it is rented or kept in repair and at the earliest possible moment sold so that the municipality will have cash and not real estate, which will have passed to persons with taxpaying ability.

Cordially yours,

HENRY F. LONG,
Commissioner of Corporations and Taxation.
Referred, on motion of Coun. DOWD, to the Executive Committee.

APPROPRIATION FOR COORDINATION OF PUBLIC WORKS AND WORK RELIEF PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the City Council.

Gentlemen,—Under date of April 22, 1935, your Honorable Body approved an appropriation of

\$15,000, to be charged to the Reserve Fund, for the expenses of a Board appointed to develop and coordinate needed and useful work projects. The records of the Auditor's Office indicate on the first of the current month an unexpended balance of approximately \$1,800 remaining in this appropriation. In view of the delay and difficulty experienced by the city in connection with the approval of W. P. A. and P. W. A. projects submitted to Washington, I feel it is desirable to continue the activities of this Board at least for the balance of the current year.

It is estimated that the expenses of the Board for the remaining three months will approximate \$6,800, divided as follows:

Salaries.....	\$3,750
Rent of quarters.....	1,500
Telephone service.....	350
Rented equipment.....	125
Employees car fares.....	75
Stationery, postage, drafting supplies, etc....	1,000
	<u>\$6,800</u>

Deducting the unexpended balance available at the beginning of the month from the total requirements of the Board leaves \$5,000, which will be required for the balance of the year. I submit herewith an order authorizing the expenditure of this additional amount, said expenditure to be charged to the Reserve Fund. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended under the direction of the Mayor for all necessary and proper expenditures incidental to the development and coordination of public works and work relief projects, said sum to be charged to the Reserve Fund.

Referred to the Executive Committee.

APPROPRIATION FOR PRINTING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the City Council.

Gentlemen,—The original allowance made in the budget of the Printing Department to cover the purchase of stationery and postage supplied to the departments of the city is practically exhausted and to meet the requirements of the departments under this item for the balance of the year it is estimated that an additional appropriation of \$25,000 will be required. I submit herewith an order providing for the appropriation of this amount from the income of the Printing Department and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, an additional sum of \$25,000 be, and the same hereby is, appropriated from the income of the Printing Department for the following purpose:

Departmental Stationery and Postage..... \$25,000
Referred to the Executive Committee.

SNOW-REMOVAL EQUIPMENT.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the City Council.

Gentlemen,—Some weeks ago I appointed a committee of recognized experts on the subject of snow removal to make a survey of motor equipment now in the possession of the Park and Public Works Departments, and to make recommendations as to what replacements and purchases of new equipment should be made, in order that these two departments may be properly equipped to meet any requirements which may develop during the coming winter in connection with the removal of heavy falls of snow from the parkways and streets of the city.

After making an extensive study of the subject matter the committee have submitted a report in which it is recommended that an appropriation of \$673,660 be made available, first, to replace worn-out and obsolete motor equipment in the two departments; and second, to provide for the purchase of additional equipment which it is felt should be in the possession of the two departments in order to assure the proper handling of any snow-removal problem that may arise. The report of the committee is summarized in the attached table which indicates the equipment now in the possession of the two departments; the year of purchase; the disposition recommended, and the

additional equipment which it is proposed shall be purchased. I also inclose the full report.

I feel that the recommendations of the committee are well founded, and therefore submit a loan order in the sum of \$675,000 for the purchase of motor and snow-removal equipment in the two departments involved. I respectfully suggest prompt consideration of this order by your Honorable Body, so that ample time may be available before the arrival of the winter season for the purchase of the proposed equipment.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Committee on Snow Removal,
October 2, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Your committee has considered the question of purchase of snow-removal equipment and begs to report as follows:

The problem appears to divide itself into two parts,—first, the purchase of equipment which is utilized only for the removal of snow; second, improving the transportation equipment used all the year round by the Public Works Department and the Park Department of the City of Boston so that it may be used efficiently when needed for snow removal.

The problem of snow removal is divided between the Public Works Department and the Park Department. The Public Works Department has under its supervision approximately 680 miles of streets and highways. The Park Department has approximately 60 miles of boulevards and park roads under its supervision, together with the Boston Airport, 22 cemeteries, the Common and Public Garden, many miles of walks, skating areas on 56 playgrounds and 77 small parks throughout the city.

It is obvious that the problem of snow removal is never the same in any two years. The aggregate amount of snow which falls is never uniform and the difficulties involved in removal are greatly influenced by the type of snowstorm which has to be dealt with. As an example, the severe snowfalls of last winter offered a problem far more difficult to deal with than any which had occurred for several years before.

It is evident that no exact specifications can be laid down as to the amount of snow equipment and motor transport which the city should own.

The committee finds that some of the snow-removal equipment and a large part of the trucking equipment is out of date, expensive to maintain, and cannot be operated under heavy duty conditions. We are informed that while the trucking equipment can be operated in good weather for the ordinary work of the two departments, continuous repairing is required and operating costs are excessive.

The experience of last winter when this trucking equipment was used in snow removal was most unsatisfactory, as a large proportion of the trucks are too old to stand up when operated through heavy snow, both for propelling snowplows and carrying snow.

The attached schedule shows the present equipment, our recommendation as to what should be disposed of, the balance to be retained, and the replacements and additional equipment which the committee considers necessary for the two departments, with estimated costs.

It will be noted that as regards snow-removal equipment, the committee recommends some increase, but as regards trucking equipment the committee's recommendation is substantially all for replacement of worn-out equipment now in service.

With the increased efficiency of the new trucking equipment it will be possible for the Public Works Department to dispense with eight horse-drawn vehicles now in use in the Paving Service, thus completing the motorization of that branch of the department.

In 1932 the Paving Service of the Public Works Department lost five trucks in a fire in its Brighton yard. These trucks were never replaced. The department has since that time found it necessary to hire trucks for constant service, which involves a considerable expense. The proposed purchase of new trucks for the Public Works Department will increase the number of trucks available, and remove the necessity for any further renting of trucks in that district.

If the committee's recommendation is accepted the total equipment owned by the city available for snow removal and regular department work will be increased as follows:

	Public Works Department.	Park Department.
Trucks.....	10	4
Tractors.....	No increase.*	No increase.*
Snow loaders.....	7	—
Sand spreaders.....	15	2
Snowplows.....	20	No increase.
Fuel truck.....	1	1

* Decrease of one.

The committee begs to point out that the trucking equipment of both the Public Works and Park Department is used all the year round in the regular work of these departments.

In dealing with a heavy snowstorm it has been necessary to hire from contractors a large number of trucks. In the great storm of last winter

approximately 75 per cent of the trucks in operation were hired.

As the number of trucks to be used in any snowstorm is never the same, the committee has not recommended the purchase of more trucks than can be used all the year round in the regular work of the departments.

The committee's recommendation is as follows:

Public Works Department.		Estimated Cost.
Trucks:		
Dispose of 97 trucks purchased in various years from 1926 on.		
Purchase:		
6 7 to 10 ton dump trucks, 4-wheel drive, including full plowing equipment..	\$67,200	
44 3½ to 5 ton dump trucks.....	220,000	
5 3½ to 5 ton dump trucks, 4-wheel drive, including full plowing equipment...	31,500	
52 2½ to 3½ ton dump trucks.....	182,000	
Total, 107	\$500,700	
Tractors:		
Dispose of 6 tractors purchased in 1925-26.		
Purchase:		
5 5-ton tractors, including bulldozer and hydraulic hoist.....	25,000	
Snow Loaders:		
Dispose of 5 loaders purchased in 1926.		
Purchase:		
12 snow loaders.....	51,600	
Sand Spreaders:		
Purchase:		
15 sand spreaders.....	7,500	
Snowplows:		
Dispose of 20 snowplows purchased in 1926.		
Purchase:		
10 V-shaped snowplows.....	\$4,900	
30 high mould blade snowplows with hydraulic hoist.....	9,000	
Total, 40	13,900	
Fuel Truck:		
Purchase:		
1 fuel truck to supply gasoline and oil to equipment while in service on the street....	2,000	
	\$600,700	
Estimated turn-in value, old equipment.....	12,000	
Estimated cost for Public Works Department.....	\$588,700	

Park Department.		Estimated Cost.
Trucks:		
Dispose of 14 trucks purchased in 1927-28-29.		
Purchase:		
4 3½ to 5 ton dump trucks, 4-wheel drive, including full plowing equipment....	\$25,200	
5 3½-ton dump trucks.....	25,000	
1 3-ton dump truck.....	3,500	
3 1½-ton dump trucks.....	3,900	
5 1½-ton dump trucks.....	5,500	
Total, 18	\$63,100	
Tractors:		
Dispose of 4 tractors purchased in 1926-29.		
Purchase:		
3 5-ton tractors, including bulldozer and hydraulic hoist.....	15,000	
Sand Spreaders:		
Purchase:		
2 sand spreaders.....	1,000	
Snowplows:		
Dispose of 12 snowplows purchased in 1926.		
Purchase:		
4 V-shaped snowplows.....	\$1,960	
12 high mould blade snowplows with hydraulic hoist.....	3,600	
Total, 16	5,560	
Fuel Truck:		
Purchase:		
1 fuel truck to supply gasoline and oil to equipment while in service on the street....	2,000	
	\$86,660	
Estimated turn-in value, old equipment.....	2,000	
Estimated cost for Park Department.....	\$84,660	
Grand total	\$673,660	

Note.—It will be noted that the committee recommends the purchase of six 7 to 10 ton four-wheel drive trucks and nine 3½ to 5 ton four-wheel drive trucks. These trucks are primarily for heavy snowplowing work, but can be used for other purposes all the year round. The committee considered that additional expense was advisable for trucks as against tractors on account of this double use.

The considerable expenditure which the committee finds it necessary to recommend to a large extent represents deferred depreciation which should have been taken care of in previous years.

On the attached schedule it will be noted that the Public Works Department is operating 44 trucks purchased in 1926, 9 purchased between 1927 and 1929, and 37 purchased in 1930. The Park Department trucks range in age from 1927 to 1931. As these trucks have been in continuous operation since they were purchased, in the interest of economy and efficiency many of them should have been replaced before this.

The committee recommends that future budget appropriations contain each year provision for the replacing of the motor equipment of these depart-

ments as such equipment becomes worn out or unfit for economical operation.

Respectfully submitted,

JOSHUA ARWOOD, Chairman.
WILLIAM T. MORRISSEY.
CHARLES E. FULLER.
HERBERT I. SULLIVAN.
H. M. STEWARD.
ELIOT WADSWORTH.
EDWARD F. McLAUGHLIN.
THOMAS F. SULLIVAN.
WILLIAM T. DOYLE.
WILLIAM P. LONG.
H. F. FRITCH.

Ordered, That the sum of \$675,000 be, and hereby is, appropriated, to be expended under the direction of the Superintendent of Supplies, for Departmental Equipment in the Park and Public Works Departments, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the City Council.
Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission:

From the appropriation for D-1, Office, \$15, to the appropriation for D-5, Medical, Surgical, Laboratory, \$15.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department, Sanatorium Division:

From the appropriation for A-4, Other Departmental Work, \$1,500, to the appropriation for A-2, Temporary Employees, \$1,500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Library Department:

From the appropriation for C-2, Machinery, \$2,120, to the appropriation for B-13, Communication, \$20; B-39, General Repairs, \$2,100.

From the appropriation for C-7, Furniture and Furnishings, \$1,980, to the appropriation for B-3, Advertising and Posting, \$5; B-8, Light, Heat and Power, \$475; B-13, Communication, \$500; C-9, Office, \$1,000.

From the appropriation for C-17, Miscellaneous Equipment, \$1,000, to the appropriation for D-1, Office, \$1,000.

From the appropriation for E-1, Building, \$800, to the appropriation for D-16, Miscellaneous Supplies, \$800.

From the appropriation for E-10, Electrical, \$2,000, to the appropriation for E-13, Miscellaneous Materials, \$2,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-4, Other Departmental Work, \$434.70; A-1, Permanent Employees, Assistant Engineer, 1 at \$2,600-\$2,700 per year, \$1,131.81; Chief Carpenter, 1 at \$2,200 per year, \$379.50; Chief Engineer, Aquarium, 1 at \$45 per week, \$397.50; Auto Mechanic, Welder and Head Chauffeur, 1 at \$2,000 per year, \$345.04; Chauffeurs, 5 at \$31.50 per week, \$2,219.25; Curator, 1 at \$3,000 per year, \$517.98; Director of Aquarium, 1 at \$2,500 per year, \$431.30; Elephant Attendant, 1 at \$1,800 per year, \$310.71; Engineers, 7 at \$42 per week, \$756; Engineers and Firemen, 11 at \$38 to \$41.50 per week, \$2,970.06; Foreman, 16 at \$1,900 to \$2,500 per year, \$5,726.49; Forester, 1 at \$2,500 per year, \$431.30; Gardeners, Mechanics, etc., 50 at \$36 per week, \$10,841; Gardeners, Mechanics, etc., 60 at \$33 per week, \$6,660.90; Greenkeepers, 2 at \$2,500 per year, \$842.05; Greenkeeper, Assistant, 1 at \$2,000-\$2,100 per year, \$362.63; Head Electrician, 1 at \$2,000 per year, \$498.48; Instructors, Boxing, 2 at \$1,700 to \$2,000 per year, \$1,263.31; Matrons, Pianists, etc., 129 at \$22 per week, \$8,172.24; Physical Director, 1 at \$2,400-\$2,500 per year, \$431.29; Physical Instructors, 12 at \$1,800 to \$2,200 per year, \$762.91; Storekeeper and Property Clerk, 1 at \$2,500 per year, \$431.30; Subforeman, 1 at \$2,100 per year, \$362.63; Telephone Operator, 1 at \$22-\$24 per week, \$216, to the appropriation for A-1, Permanent Employees, Laborers, Mechanics, etc., \$48 at \$30 per week, \$46,049.38.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-1, Permanent Employees, Gardeners, Mechanics, etc., at a \$33 per week, \$7,213.50, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$400; C-7, Furniture and Furnishings, \$150; C-11, Marine, \$150; C-13, Tools and Instruments, \$700; C-15, Tubes, etc., \$200; C-17, Miscellaneous Equipment, \$175; D-3, Fuel, \$1,000; D-10, Agriculture, \$1,500; D-11, Gasoline, Oil and Grease, \$500; D-16, Miscellaneous Supplies, \$100; E-2, Highway, \$500; E-13, Miscellaneous Materials, \$1,000; E-11, Workmen's Compensation, \$818.50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Pay and Service:

From the appropriation for B-23, Disposal, at \$1.50, \$15, to the appropriation for B-17, Road and Insurance Premiums, \$15.

From the appropriation for B-18, Cleaning, \$100, to the appropriation for E-1, Building, \$100.

From the appropriation for B-39, General Repairs, \$1,000, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$1,000.

From the appropriation for E-13, Miscellaneous Materials, \$1,000, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$1,000.

From the appropriation for D-1, Office, \$200, to the appropriation for C-9, Office, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for C-17, Miscellaneous Equipment, \$100, to the appropriation for C-7, Furniture and Furnishings, \$100.

From the appropriation for D-11, Gasoline, Oil and Grease, \$300, to the appropriation for D-16, Miscellaneous Supplies, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Street Laying-Out Department:

From the appropriation for D-1, Office, \$10, to the appropriation for C-9, Office, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, City of Boston:

From the appropriation for D-5, Medical, Surgical, Laboratory, \$5, to the appropriation for D-16, Miscellaneous Supplies, \$5.

Referred to Executive Committee.

MEMBERS OF BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, October 3, 1935.
To the City Council.

Gentlemen,—Your Honorable Body and the Mayor having determined that Housing Authority is needed in Boston, under provisions of chapter 449 of the Acts of 1935, I submit for your consideration and approval the names of the following gentlemen to be members of the Boston Housing Authority:

Harold Field Kellogg, 232 Commonwealth avenue, architect.

John Carroll, 17 Elmira street, Brighton, suggested by the Boston Building Trades Council and now a member of the State Housing Board.

George Greene, 107 Elm Hill avenue, lawyer.

Francis J. Murray, 242 Foster street, Brighton, lawyer.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Laid over for one week.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Albert C. Bowman, for compensation for injuries caused by an alleged defect at 6 Lovering street.

Mrs. Vesta Caswell, for compensation for injuries and damage, to clothing caused by an alleged defect in Tremont street.

Mrs. Edwina M. Connell, for compensation for damage to property at 221 Vermont street, caused by sidewalk construction on Vermont street.

Walter T. Cummings, for compensation for injuries caused by an alleged defect in Hawkins street yard.

Frank M. Curley, to be reimbursed for camera lent to Building Department, which was stolen.

Delia A. Finn, for compensation for injuries caused by an alleged defect in Elm street, Charlestown.

Thomas L. Flynn, for compensation for damage to car caused by an alleged defect in Dorchester avenue.

Rose H. Guntner, for compensation for injuries caused by an alleged defect in Spring street station of Boston Elevated.

Margaret E. Kelly, for compensation for injuries caused by an alleged defect at 21 Kingsdale street, Dorchester.

John H. McCue, for compensation for damage to car caused by an alleged defect at 241 Warren street, Roxbury.

Teresa D. McElaney, for compensation for damage to property at 180 Beech street, Roslindale, caused by widening of Beech and Newbury streets.

Harry Norman, to be reimbursed for execution issued against him on account of his acts as operator of police car.

Florence Raimondo, for compensation for damage to property at 410 Hyde Park avenue, caused by grading of sidewalk.

Mary M. Walley, for compensation for damage to property at 225 Vermont street, caused by construction work on Vermont street.

BOSTON ELEVATED TRACK LOCATION.

Notice was received from the Board of Street Commissioners of approval of 89th location of track for Boston Elevated Railway at Bigelow and Faneuil streets.

Placed on file.

ELEVATED LOCATION IN WEST ROXBURY.

Notice was received from the Department of Public Utilities of approval of petition of Boston Elevated Railway for location in West Roxbury on Washington street, near Turtle Pond Parkway.

Placed on file.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. FISH, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and Ordinance concerning tax title property (referred May 20)—recommending reference to the Executive Committee.

Coun. FISH—Mr. President, I would like to have that referred to Executive Committee and to have Mr. Foley, the Corporation Counsel, called in.

Report accepted; said reference ordered.

REPORT OF COMMITTEE ON CLAIMS.

Coun. AGNEW, for Coun. Goldman, for the Committee on Claims, submitted the following:

1. Report on petition of Charles E. Barry (referred July 15) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Boston Fire Department—recommending passage of accompanying order, viz:

Ordered, That the sum of six hundred and fifty dollars be allowed and paid to Charles E. Barry in reimbursement for the amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Boston Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

2. Report on petition of Charles E. Barry (referred July 15) to be reimbursed for amount of judgment issued against him on account of his acts as member of the Boston Fire Department and while operating motor vehicle belonging to said department—recommending passage of accompanying order, viz:

Ordered, That the sum of three hundred dollars be allowed and paid to Charles E. Barry in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Boston Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

SOLDIERS' AID.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in City of Boston for month of October, 1935.

Report accepted; said order passed.

REPAVING OF WARD 11 STREETS.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Woodlawn street, Ward 11.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving, Beethoven street, Ward 11.

Severally passed under suspension of the rule.

LEGAL OPINION IN RE HOUSING AUTHORITY.

Coun. TOBIN offered the following:

Ordered, That the Corporation Counsel be requested to furnish the City Council with his opinion in answer to the following questions:

1. Referring to section 26L of chapter 449 of the Acts of 1935, providing for the appointment of a housing authority, do the words "In a city, four members shall be appointed by the mayor and city council" mean that the Mayor and City Council shall act as one body with twenty-three votes and select the members by a majority of those votes?

2. Do the said words mean that the Mayor shall select the four members and the City Council may either approve or reject them and continue the process until the Mayor selects four members satisfactory to the City Council?

3. If the latter is the procedure intended, what reason is advanced why the Legislature did not use the customary phrase, namely, that the members should be appointed by the Mayor subject to the confirmation or approval of the City Council?

Passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 10.

Coun. DOHERTY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights and safety signals at the junction of Longwood avenue and Huntington avenue, Ward 10.

Passed under suspension of the rule.

BUS LINE, EGLESTON SQUARE TO BROOKLINE VILLAGE.

Coun. DOHERTY and ENGLERT offered the following:

Ordered, That the trustees of the Boston Elevated be requested, through his Honor the Mayor, to consider the advisability of establishing a bus line to run from Eggleston square to Brookline Village, via Columbus avenue, Heath street and South Huntington avenue.

Passed under suspension of the rule.

TIME OFF, FIRE DEPARTMENT MEMBERS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Fire Commissioner to grant each member of the fire alarm operating force the equivalent of four Sundays and four Saturday half-holidays off duty each month, beginning November 1, 1935, and that such time, amounting to six days off duty in each month, be, and hereby is, allotted as follows:

Men on day duty, one day off in each five.

Men on night duty, the a. m. tour of duty, and the p. m. tour of duty immediately following it, three times each month.

Men on day duty will receive a meal period.

In case of emergency, any day off duty, or part thereof, withheld under these conditions when regularly due, to be allowed in equivalent time as soon as possible thereafter.

Coun. FISH—Mr. President, in regard to that order I wish to state that I introduced a similar order three weeks ago, making the same request that Councilor Dowd has made, and I sincerely trust that this order will pass and that the Fire Commissioner will recognize it.

The order was passed under suspension of the rule.

CASH RELIEF FOR HALF-TIME E. R. A. WORKERS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Overseers of Public Welfare to supplement all E. R. A. workers who are now on half-time.

Coun. DOWD—Mr. President, I don't know what Boston has done to the Federal authorities, but it would appear to me from the attitude of the E. R. A., P. W. A. and all the other alphabets of the Federal Government that the City of Boston is being given the best kidding to be found anywhere throughout the country. They have accepted applications of over 125,000 men and women in Boston, but practically nothing has been done about it. The Federal authorities know only too well that only 5 per cent of the 125,000 will be placed at work, and that is putting it at the maximum, and still they are allowing people to go down there and they kid them along with the idea that they are going to get jobs, when they know too well that it is not so. We know that laborers and others in Boston working under the E. R. A. have been getting but twenty-four hours' work a week and that that is being cut down to twelve. The order I have presented simply requests the Public Welfare to supplement the very inadequate help that is being given to families and individuals through the P. W. A. and E. R. A. I say it is a damnable outrage for people to be treated in any such way. The people here have received the worst treatment that has been given any state in the country, for reasons we don't know; but I do know this much, and everybody knows it, that the people are being kidded along and that not over 5 per cent of the people filing will be put at work. Those in charge know that they are not going to be put at work, and it is about time that they came out and told the truth, not giving these people the "run-around" that they are getting at the present time.

Coun. SELVITELLA—Mr. President, I am glad that the councilor has introduced such an order, because I know that within a week or two, if the information we have is correct, many others working under E. R. A. will be laid off. I hope that that order will be amended, so that those on such relief may be given cash instead of grocery orders. If these men are laid off, their rent cannot be paid out of grocery orders, nor can shoes

broken rib he had four or five fractured ribs, and that the knee was swollen to the size of a man's head, with a probable break or fracture. I realize that the City Hospital is under great expense and that it has a very large personnel. I have never studied medicine, but my idea is that the time to ascertain whether there are broken bones in a man's body is immediately after the accident, and not some days afterwards, when the bones have knit in an improper form. I think the City of Boston can well afford—and that justice to its citizens would require—the services of more technical X-ray men, if the demands of the hospital require such services; that a technical X-ray man should be on duty at all times, day and night, at the Boston City Hospital.

Coun. DOHERTY—Mr. President, for the information of the gentleman, let me say that there is always a technical expert on duty in such matters at the Boston City Hospital. The technician who is on duty daytimes leaves at five o'clock, but there is a resident doctor on call the rest of the time, and it is simply a question of getting in touch with him and having any necessary X-ray pictures taken. There is always such a man in attendance.

Coun. GLEASON—Mr. President, I know for a fact that the man who is in charge of these things at the hospital during the daytime, Doctor Manary, is nothing but a "faker," and ought to be thrown out. I don't know how he got the job. While he is there, people will suffer; when he is not there, they will have a chance. We are spending enough money in that hospital to do things and to go places. I want to have this order referred to Executive, and to bring Manary down here and find out about these things. He defies the Mayor and everybody else, but he can't defy me. It is time for us to have action up there, when you consider the money we spend on this hospital. I hope this will be referred to the Executive Committee.

Coun. FISH—Mr. President, I take exception when the member calls Doctor Manary a "faker." He is not a "faker." He has been associated with the hospital for thirty-five years and has done and is doing extremely valuable work. Doctor Manary is a very important and a very valuable man in the administration of the hospital.

Coun. GLEASON—Let us bring him in here and find out what they do up there.

The order was declared passed under a suspension of the rule.

Coun. GLEASON—Mr. President, I doubt the vote and ask for a roll call. I want this to go to Executive, and I want Manary to come down here.

The roll was called, and the order was passed under suspension of the rule, yeas 14, nays 3:

Yeas—Coun. Agnew, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Green, Kerrigan, Norton, Roberts, Selvitella, Wilson—14.

Nays—Coun. McGrath, Murray, Shattuck—3.

WELFARE RECIPIENTS NOT POLICE LISTED.

Coun. WILSON offered the following:

Ordered, That the Public Welfare Department, through his Honor the Mayor, advise the City Council promptly how many out of the 2,061 welfare recipients reported by the Statistics Department as of October 3 as not police listed in 1933, 1934 and 1935 are still on the Welfare rolls, giving the information, if available, by wards.

Coun. WILSON—Mr. President, I have filed that order trusting that we will receive an early reply, because I am surprised at the information contained in the communication from the Statistics Department under date of October 3 in answer to the order passed a few weeks ago, which tells us that included in the Welfare list there are apparently, if I gather it correctly, 2,061 cases which were not found to be police listed in 1933, 1934 or 1935. It is hard for me to believe that such cases to any such great number as 2,061 can still be on the Welfare rolls, especially bearing in mind the previous order of the City Council requesting that recipients when they sign each week give their name and present address, which we supposed had been put into effect.

Coun. GLEASON—Mr. President, I will tell the gentleman why they are on Welfare. It is because they are not on the E. R. A., W. P. A. or P. W. A. And they are on Welfare because they cannot get a job. Of course, his ward is different from my ward in this respect. There are plenty in my ward who are out of work and who need welfare relief. When they are not on E. R. A. or P. W. A. they have to go to Welfare, and that is why your welfare is so large and is increasing every day. The likes of him know nothing about the needs of the people, in his ward, as compared with the needs in my ward. He does not have any such demands upon him as I have. He is pretty lucky.

The order was passed under suspension of the rule.

SMOKE NUISANCE, DORCHESTER SCHOOLS.

Coun. WILSON offered the following:

Ordered, That the School Committee, through his Honor the Mayor, be requested to at once take steps to abate existing smoke nuisances both

at the Dorchester High School for Girls in Codman square and also the Dorchester High School for Boys on Dunbar avenue.

Coun. WILSON—Mr. President, this is perhaps a less controversial order. It is aimed to correct the present situation, whereby homes adjacent to the Dorchester High School for Girls in Codman square and the Dorchester High School for Boys on Dunbar avenue suffer because of this smoke nuisance resulting from the burning of oil which is not properly controlled. It is injuring and destroying property throughout the section. I think it could be easily corrected so as not to be subject to criticism.

The order was passed under suspension of the rule.

FEDERAL GRANT.

Coun. NORTON offered the following:

Ordered, That the Mayor be requested to consider the advisability of asking the Federal Government for an outright grant of \$1,000,000 a month.

Coun. NORTON—Mr. President, Col. Thomas F. Sullivan and the Corporation Counsel of Boston are in Washington today asking that W. P. A. and E. R. A. funds for Boston be not diminished. Unless those funds are maintained, there will be 100,000 men, women and children whose livelihood will be threatened in Boston. In this order I am requesting the Mayor of Boston to consider the advisability of asking the Federal Government for an outright grant of \$1,000,000 a month. Those supposed to know about the intricacies of the Washington set-up say that Boston should have this in order to take care of the welfare problem in this city.

The order was passed under suspension of the rule.

SURVEY OF HIGH FREQUENCY ACCIDENT INTERSECTIONS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of having the so-called Highway Traffic Research unit, composed of 200 trained engineers, make a study of the 150 or more high-frequency accident intersections in Boston, and make a thorough survey of the number of people entering Boston daily and leaving the city with routings properly defined.

Coun. NORTON—Mr. President, three wards here in Boston pay more taxes than all the other nineteen put together. There are fewer automobiles and people coming into the so-called downtown area of Boston today, I believe, than there were ten years ago. A woman in Dorchester or Hyde Park can go across the line into Milton or Brookline and get just as good a trade today on groceries and provisions as she can get by coming into downtown Boston. The result is that our real estate values have gone down tremendously, far more than they should. Now, we have 200 trained engineers, paid by the Federal Government, the so-called Highway Traffic Research unit, who have been making studies of traffic in certain sections, both automobiles and pedestrians, passing certain points. They studied the East Boston Tunnel situation and found as a result that 25 miles per hour was the proper speed to take care of 1,800 automobiles an hour through the tunnel. They found that more than double the number on Huntington avenue violated the traffic laws as on Commonwealth avenue. It seems to me they might well make a study of the 150 or more high-frequency accident intersections in Boston, so that we may then know better how to deal with the problem. Here is a scientific unit, formed to study just this type of problem, being made by the Federal Government. Why shouldn't Boston seek to have such a study made?

The order was passed under suspension of the rule.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of giving preference in employment to old city employees let go during the first few weeks of his administration.

Passed under suspension of the rule.

EMERGENCY CLAUSE IN ANTI-NOISE BILL.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of eliminating his emergency clause recommendation from the anti-noise bill.

Coun. NORTON—Mr. President, the Mayor of Boston has sent an ordinance here making certain anti-noise recommendations, dealing with automobile horns, and so on, but with an emergency clause that might nullify the usefulness of the whole thing. The hotel men, headed by Mr. Lyle, the manager of the Puritan Hotel, and the medical men, headed by Dr. Henry A. Christian,

of the Peter Bent Brigham Hospital, called on the Mayor in regard to this noise problem. Here is an opportunity for the City of Boston to do something along the line that has been adopted in New York and other great cities of the world.

Chairman GALLAGHER—The Chair would state that the committee has the power to amend the ordinance, the Mayor having sent it to the City Council, and that therefore the order is invalid and is ruled out.

Adjourned at 4.03 p. m., on motion of Coun. DOWD, to meet on Monday, October 14, 1935, at 2 p. m.

ASKS CITY COUNCIL TO SPEED ACTION ON P. W. A. PROJECT LOAN ORDERS.

The following letter was addressed to the City Council by the Mayor on October 3:

BOSTON, October 3, 1935.

To the Honorable the City Council.

GENTLEMEN,—I have been advised by Col. T. B. Parker, Acting State Director, P. W. A., that immediate action on all P. W. A. projects is imperative to meet the schedule set by the President of the United States of America requiring all contracts to be awarded on or before December 15, 1935. Theodore N. Waddell, Secretary of the Emergency Finance Board of the Commonwealth, has advised the city that the Board will not give approval to any Boston P. W. A. projects until loan orders have been passed by the City Council and approved by me. In view of the foregoing, it is necessary, if the city is to engage in the new program of Public Works projects, that your Honorable Body take prompt action upon pending P. W. A. loan orders.

I urgently recommend that at the special meeting of your Honorable Body called by me for this day, you give the following loan orders their first reading:

1. Revised loan order for the construction of school buildings and additions to school buildings submitted by me to your Honorable Body on September 30, 1935, with letter of transmittal from the Corporation Counsel;

2. Loan order for the Quincy Market Building, foundations, improvements, etc., submitted by me to your Honorable Body on September 23, 1935; and

3. Loan order for water pipe trestle, Chelsea North Bridge, submitted by me to your Honorable Body on September 23, 1935.

I also urgently recommend that at your next regular meeting on October 7, 1935, you give your second and final reading to the following loan orders to which your Honorable Body gave its first reading on September 23, 1935:

1. Loan order for new City Hall and demolition of present structure; and

2. Loan order for new Chelsea Street and Eastern Avenue Bridge.

While the Federal authorities have not yet approved the new City Hall or water pipe trestle projects, there is still a substantial possibility that these projects will be subsequently approved. Accordingly, it is desirable that all action on the part of the city be promptly completed so that the city may be fully prepared to proceed with these projects in the event that such Federal approval is obtained.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary regulation, which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of thirty (30) days, and was extended for three (3) months from April 13, 1935, and was extended for three (3) months from July 13, 1935, is hereby extended for a trial period of three (3) months from October 13, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in the following street:

Providence Street.

North side, from Church street to a point one hundred and twenty-four (124) feet east of Arlington street.

South side, from opposite the west street line of Church street to a point two hundred and twelve (212) feet west of opposite the west street line of Church street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction work by the Metropolitan District Commission, estimated to be thirty (30) days, parking of vehicles is prohibited in Freeport street, both sides, from Old Colony Boulevard to Neponset avenue, effective October 7, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of thirty (30) days, the following temporary rules are effective October 14, 1935:

Parking of vehicles is prohibited from 7 a. m. to 6 p. m. in the following street: Green Street, North Side.

From Hale street to Norman street.

Parking of vehicles is prohibited at any time in the following street:

Amory Street, West Roxbury, Both Sides.

From Boylston street to School street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted July 8, 1935, and was effective July 12, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from October 12, 1935:

Parking of vehicles is prohibited in the following street:

River Street, Hyde Park.

West side, from Winthrop street to a point one hundred and fifty (150) feet south of Winthrop street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted July 8, 1935, and was effective July 10, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from October 10, 1935.

Parking of vehicles is prohibited from 7 a. m. to 6 p. m. in the following street: Congress Street.

Both sides, from Milk street to Purchase street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted July 10, 1935, and

was effective July 11, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from October 11, 1935:

The following street is one way in the direction indicated:

Woodfield Street, Dorchester.

From Gallivan Boulevard to Minot street.

CIVIL SERVICE EXAMINATIONS. (STATE.)

JUNIOR INDUSTRIAL SANITARY ENGINEER, OCCUPATIONAL HYGIENE DIVISION, DEPARTMENT OF LABOR AND INDUSTRIES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,160 a year; the maximum salary is \$2,760 a year.

Duties: To collect samples of industrial dusts and industrial fumes and gases. To make quantitative measurements of same and evaluate results. To investigate and advise as to the control of heat, humidity, and air motion in industrial establishments. To investigate and advise concerning protective devices against fumes and gases. To investigate and advise as to means of protection against oxy-acetylene and electric welding. To substitute for the chemist in his absence.

It is desirable that applicants have a working knowledge of industrial chemistry.

Subjects and Weights: Training and experience (2); practical questions (3); total (5).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL SHOP MANAGER, STATE PRISON, DEPARTMENT OF CORRECTION, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon.

The minimum salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: To have charge of the brush shop and the manufacture of the different types of brushes produced at this institution.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 2, 1935.

Last date for filing applications, Saturday, October 19, 1935, at 12 noon. (Requisition is for a female and the examination is open to females only.)

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time there are two vacancies, one at the Worcester State Hospital at \$1,680 a year; one at the Boston Psychopathic at \$1,320 a year with maintenance.

Duties: The duties include social case work; investigation; history taking; supervision of out-patients; clinic service, educational work, and such related duties as may be assigned.

The department requests the following qualifications: "College education, grad-

uation from a school of social work, plus one year's experience in psychiatric social service in a mental hospital or a psychiatric clinic." They also state that previous experience in social work is desirable but not required of graduates of schools of social work.

Credit will be given to applicants who possess these qualifications.

Subjects and Weights: Training and experience (3); practical questions (4); personality and fitness, as determined by an oral interview (3); total (10).

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Springfield, Thursday, October 17.

Pittsfield, Friday, October 18.

Boston, Monday, November 4.

Lowell, Wednesday, November 6.

Boston, Monday, December 2.

New Bedford, Wednesday, December 4.

New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 77 Clapp street, Ward 7.

The building at 75 Clapp street, Ward 7.

The building at 4 Codman place, Ward 11. The vacant dwelling has settled on east side and is out of plumb approximately 1 foot 8 inches, unsafe and dangerous. The owner, Harriet C. Butterfield of 475 Massachusetts avenue, Roxbury, has been notified of the unsafe condition, and notice posted on the external wall of the building, but nothing has been done to remove the cause of complaint.

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING THREE CATCH-BASIN CLEANING MACHINES.**

The Supply Department of the City of Boston invites proposals for furnishing three catch-basin cleaning machines, to the Public Works Department, Sewer Division. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, October 25, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 12.) Superintendent of Supplies.

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING ONE FORD ONE AND ONE-HALF TON HEAVY DUTY EXPRESS TRUCK.**

The Supply Department of the City of Boston invites proposals for furnishing to the Boston Traffic Commission one Ford one and one-half ton heavy duty express truck as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, October 23, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 12.) Superintendent of Supplies.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING FLOUR (BREAD AND PASTRY) TO THE VARIOUS CITY DEPARTMENTS.**

The Supply Department of the City of Boston invites proposals for furnishing flour (bread and pastry) to the various city departments according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, October 22, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 12.) Superintendent of Supplies.

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING TRAFFIC SIGNAL EQUIPMENT TO THE BOSTON TRAFFIC COMMISSION.**

The Supply Department of the City of Boston invites proposals for furnishing traffic signal equipment to the Boston Traffic Commission. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each proposal taken out.* The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Thursday, October 24, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 12.) Superintendent of Supplies.

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.****REPAIRING HIGH PLATFORM AT ALBANY STREET DISPOSAL STATION, BOSTON.**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for repairing high platform, at Albany street disposal station, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing High Platform at Albany Street Disposal Station," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, October 22, 1935, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of specifications taken out.* Plans can be seen at Room 602, City Hall Annex. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Oct. 12.) Commissioner of Public Works.

CITY OF BOSTON.**SUPPLY DEPARTMENT.****PROPOSALS FOR FURNISHING ASPHALT EMULSION (QUICK-SETTING TYPE) FOR SURFACE TREATMENT AND PENETRATION.**

The Supply Department of the City of Boston invites proposals for furnishing asphalt emulsion to the Public Works Department, Paving Division, as per specifications. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Proposals, with a certified check for \$200 payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Tuesday, October 22, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Oct. 12.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, OCTOBER 19, 1935.

No. 42

MAYOR MANSFIELD MAKES DEMAND OF FINANCE COMMISSION FOR DATES AND MATERIALS RELATING TO INVESTIGATION OF LAND-TAKINGS AND CITY'S AFFAIRS AS CONDUCTED IN PREVIOUS ADMINISTRATION BY EDMUND L. DOLAN AND OTHER OFFICIALS — POINTS TO FACT THAT PEOPLE OF CITY ARE VITALLY INTERESTED IN MATTERS AND WILL LOOK ASKANCE AT CONTINUED REFUSAL TO COMPLY.

In a communication to the Boston Finance Commission Mayor Mansfield, on October 10, demanded that the Commission comply with the request of Corporation Counsel Henry E. Foley for all the material data pertaining to the investigations of certain acts of Edmund L. Dolan and others while conducting the business of the city. The letter of the Mayor demanding the material followed a letter from the Finance Commission in which refusal of the request of Corporation Counsel Foley had been indicated. The communications in the matter follows:

Mayor Makes Demand.

Boston, October 10, 1935.

THE FINANCE COMMISSION, 24 School Street, Boston.

GENTLEMEN,—I acknowledge the receipt of your letter of October 3 in which you enclose a copy of a letter to Corporation Counsel Foley in which you decline to comply with his request to supply him with copies of the testimony of several witnesses who appeared before your Commission and certain deposit slips and other records and papers of an evidentiary character.

You also enclosed a letter to me, dated February 25, 1935, in which you had previously declined to supply practically the same information to me.

I beg to remind you that the circumstances have changed since you wrote to me in February declining to give me this information. Since then, on March 11, 1935, the City Council adopted the following order:

"Ordered, That the Finance Commission be requested, through his Honor the Mayor, to publish all unpublished reports of George R. Farnum, and to follow up its investigation of land-takings and bond purchases through every available channel, and report thereon."

In accordance with that order I forwarded it to the Finance Commission on March 14th, but to date I have heard nothing from it.

Later, on June 18th, upon receipt of a letter from George R. Farnum, Esquire, suggesting that the Law Department of the City of Boston investigate the whole matter with a view to instigating court proceedings if the investigation should warrant it, I requested the Law Department to make such an investigation. This investigation is now pending and the testimony, documents and other evidence which Mr. Foley requested you to give him are required in order to complete that investigation and to enable the Law Department to finish its work.

It ought to be plainly evident that the information sought is not desired for any idle purpose but for the serious business of determining whether or not the City of Boston has been defrauded, and if it has what appropriate proceedings ought to be adopted in order to insure speedy and adequate reimbursement to the city.

To that end, therefore, I, as Chief Executive of the City of Boston, hereby demand that the testimony and all of the books, papers and other documents which Mr. Foley requested be surrendered to me at once.

I am aware that under the law you have wide discretionary power, but unless I greatly mistake the temper of the people of Boston they will no longer tolerate your persistent refusal to turn over to the Mayor evidence which is important and may be vital in assisting the Law Department to get at the bottom of this now notorious case. I think the people will say, if it is a matter of discretion that you ought to exercise that discretion in favor of the people and not to hinder and delay them by the sequestration, if not suppression, of important evidence which the Finance Commission, as an agency intended to function for the benefit of the City of Boston, had obtained in an investigation begun before the change in personnel of the Commission and suddenly terminated after that personnel was changed.

The people have a vital stake in this case. They are thoroughly aroused about it. They pay all of the expenses of your commission including the fees for the Special Counsel George R. Farnum.

Under these conditions I suggest to you that it would be wise and reasonable to make this testimony available to Mr. Foley by delivering it to me. I will accept full responsibility for its safe return, if that shall be required, and assure you that the information will not be improperly used.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

(Continued on page 1284.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending October 12, 1935:
Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 149; nonresidents, 38; total, 187.

Death rate per 1,000 of population: All deaths, 12.18; nonresidents deducted, 9.70.

Death rate per 1,000 of population:

Last week, 11.98; corresponding week last year, 14.06.

Deaths by age periods, sex, etc.: Under one year, 9; one year to four years, inclusive, 5; sixty years and over, 100; Total deaths: Male, 101; female, 86; deaths in hospitals and institutions, 115; deaths of colored, 6.

SUMNER TRAFFIC TUNNEL EXPENDITURES IN COST OVER SEVEN-YEAR PERIOD AND PERIOD OF OPERATION SHOWN TO BE \$19,936,873.12 — FIGURES COMPILED BY CITY AUDITOR CHARLES J. FOX PRESENTED TO MAYOR MANSFIELD — REVENUE FROM RENTALS TOTAL \$763,930.63.

City Auditor Charles J. Fox has presented the following communication to Mayor Mansfield on expenditures and revenues of Sumner Traffic Tunnel:

Boston, October 16, 1935.

HON. FREDERICK W. MANSFIELD, *Mayor of Boston.*

DEAR SIR,—I have had prepared from the records of this office tables indicating the amounts expended up to September 30, 1935, for the construction of the Sumner Traffic Tunnel and its approaches, the revenues received which have been applied against construction costs, and the financial status of the tunnel from a strictly operating point of view.

In brief, these tables indicate that in the seven years during which construction has been in progress, \$19,936,873.12 has been expended. Of this amount \$763,930.63 has been secured from rentals, sales of land, sales of equipment, etc., \$19,000,000 has been secured through the issuance of bonds, and the balance \$172,942.49 has been temporarily advanced from general city funds pending the issuance of the bonds authorized under chapter 455, Acts of 1935.

The total of construction costs is segregated as follows:

Contract payments	\$8,488,452 27
Land damages	8,253,864 79
Interest to June 29, 1934	1,734,394 47
Transit Department, salaries, etc.	1,460,161 59
Total	\$19,936,873 12

During the operating period ending March 31, 1935, the expenditure exceeded receipts from tolls by \$111,363.74. This amount was included in the tax levy for 1935. In the six-month period ending September 30, 1935, expenditures exceeded receipts by \$21,667.57.

The tables showing in detail the various amounts are appended.

Respectfully,

CHARLES J. FOX, *City Auditor.*

COMMUNICATION FROM THE MAYOR.

(Continued from page 1281.)

FINANCE COMMISSION REPLIES.

Boston, October 3, 1935.

HENRY E. FOLEY, Esq., Corporation Counsel.

DEAR SIR,—The Finance Commission of the City of Boston has the honor to acknowledge receipt of your letter of September 30 asking it to furnish you with (1) copies of the testimony of several witnesses who appeared before this Commission in obedience to summonses issued by it in the exercise of its statutory powers and who gave their testimony, and (2) all deposit slips or copies thereof from the bank accounts of these witnesses which were obtained by the Commission in the course of an investigation, all records and papers in any way pertaining to this investigation, and all other material of a documentary or evidentiary character.

Since its early establishment, over twenty-five years ago, it has been the uniform practice of this Commission to treat all such testimony as strictly confidential, excepting so much thereof as the Commission feels justified in making a part of some official report or such testimony as was taken at a public hearing.

This was the rule established by the Honorable Nathan Mathews, first chairman of the Finance Commission, and religiously maintained by his successors and their associates on this Commission. Among these are to be included John A. Sullivan, John R. Murphy, Michael H. Sullivan, Charles L. Carr, John C. L. Dowling, and Frank A. Goodwin. It was felt by these men that any other rule might easily result in an abuse of the extraordinary right of summons granted to the Commission, a semi-judicial body.

The reports and findings of this Commission are given in official discharge of its functions to the Mayor of Boston or the City Council, the Governor of the Commonwealth or the Legislature. These reports and findings when formally written are usually made available to the public press. It was only where the acts of the Commission itself were under official review that the Commission yielded complete transcripts of testimony taken before it, and then only to an authorized committee of the Great and General Court, the body which created this Commission and gave it its extraordinary powers. The powers of the Finance Commission, as it conceives them to be, were definitely stated in its letter to the Mayor under date of February 25, 1935, a copy of which is herewith enclosed.

The inquisitorial powers given to the Finance Commission of the City of Boston to summons witnesses, to administer oaths and to compel the production of private books and papers could have been conferred by the Legislature upon the Corporation Counsel of the City of Boston. But the Legislature has not yet seen fit to confer such power upon that office and this Commission may not by indirection give to or share with your office powers not vested in it by law.

If this Commission were to yield to your present request, then there is no reason why you might not at any time in the future seek to take advantage of other testimony and of the private books and papers of other persons submitted to and entrusted with this Commission, on the grounds that it would simplify the prosecution and preparation of suits in which your office had a part. It is in

just such a manner as this that the extraordinary powers of the Finance Commission might easily become an instrument of great abuse, and the Finance Commission be made the tool of the Law Department or any other department or office, official or private.

Under these circumstances you will appreciate the impropriety of your request, and the Commission feels you would not have made it were you more familiar with the history and established practices of this Commission.

Respectfully submitted,

THE FINANCE COMMISSION,
E. MARK SULLIVAN, Chairman.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for repairing high platform at Albany street disposal station. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing upright pianos to the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 29, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing asphalt emulsion, quick-setting type, for surface treatment and penetration to the Paving Division of the Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

Advertises for proposals for furnishing flour to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 22, at 12 m.

Advertises for proposals for furnishing one Ford one and one-half ton heavy duty express truck to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 23, at 12 m.

Advertises for proposals for furnishing traffic signal equipment to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 24, at 12 m.

Advertises for proposals for furnishing three catch-basin cleaning machines to the Sewer Division, Public Works Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 25, at 12 m.

Readvertises for proposals for furnishing and installing kitchen equipment at Long Island Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 29, at 12 m.

Advertises for proposals for furnishing uniform overcoats to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 30, at 12 m.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Charles H. Howard has been granted permission to extend the time of completion of the contract for doing fire alarm underground construction from August 28, 1935, to September 12, 1935. The contract is dated August 1, 1935, and was to have been completed within four weeks. This would have made the completion date August 28, 1935, but the work was not completed until September 12, 1935. The reason for this request for an extension of time is because of rock and other obstructions which were encountered during the progress of the work and which could not be foreseen.

CONDITION OF CITY HALL STRUCTURE FOUND MENACE TO OCCUPANTS—BUILDING FOUND NOT TO MEET MODERN REQUIREMENTS FOR SAFETY AND HEALTH OF EMPLOYEES—THE BUILDING COMMISSIONER, EDWARD W. ROEMER, MAKES REPORT TO MAYOR AFTER CAREFUL INVESTIGATION.

Building Commissioner Edward W. Roemer has presented the following report on the condition of the City Hall Building to Mayor Mansfield:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In accordance with your request of September 28th, I have caused a thorough examination to be made of the City Hall Building, and submit the following report:

ELEVATORS.

Two new electric double wrap traction type elevator machines were installed complete with new elevator car, guide rails, safety equipment, etc., in 1927, and are in good condition.

GASFITTING.

Gasfitting, including piping and fixtures, is in very poor condition.

Gas outlets in some rooms without ventilation is a dangerous condition and should be eliminated.

Some gas fixtures in hazardous locations.

Gas piping not of proper size in many cases.

Entire system should be renewed.

PLUMBING.

Waste pipes and drains in defective condition.

Sewerage and storm water connected into one drain, which is a very insanitary condition and in violation of the Building Law.

Plumbing fixtures not properly connected with sewer.

No relief valves on hot-water pressure boilers.

Women's water-closets not separated by enclosures to ceiling.

Some fixtures are insanitary; should be removed.

Some fixtures not vented.

Trap not vented.

Water-supply pipes consist of lead, brass and iron; should be of at least one-half-inch iron-size brass pipe.

For the number of persons employed in the building the toilet facilities are entirely inadequate and in violation of law. Should be toilet rooms of sufficient capacity at least on every second floor.

Soil stacks should be replaced with extra heavy cast-iron pipe, extended full-size through the roof.

Plumbing in this building is in a deplorable condition and should be renewed.

WIRING.

In spaces where it could be examined, the electric wiring is done in an old, obsolete and hazardous manner, termed the knob and tube system, that is, the electric wires are merely insulated and not encased in cable. This means a great danger from fire.

EXTERIOR WALLS.

With the exception of a few slight fractures, some spalls, and evidence of wear, the exterior walls of this building are structurally safe and in sound condition.

ROOFING.

The slate roof is in fair condition.

Metal flashing on roof shows signs of wear and is now undergoing repairs.

Defective conductors now being renewed.

INTERIOR FRAMING.

This building is of second class construction and the floors are of wood except a small section of the first and second floors.

Floors are deflected and in some places overloaded.

Where framing could be examined, such as in the cupola roof, the main roof, and the floor under the Council Chamber, it was found to be badly checked, shows rot in some places, evidence of roof leaks, not sufficient bearing on carrying members, and badly warped.

EGRESS.

The only means of egress from this building is as follows:

The eighth, seventh and sixth floors have only one means of egress consisting of a stairway.

From the fifth floor down, the egress consists of two wide stairways, but because of the fact that both stairways meet at the landings and are inclosed in the same inclosure they could only be considered as one means of egress.

On the second, third and fourth floors there is a bridge connecting City Hall Annex which cannot be considered as an extra means of egress because it extends from the same inclosure surrounding the two stairways in the main building.

Considering the type of construction, the occupancy, and the number of occupants of this building, the egress is not either reasonable or satisfactory.

CONCLUSION.

This building designed and erected in 1862 does not meet modern requirements for safety of occupants.

Not only is the entire design and layout of the building poor, but the structural condition of the floors is such that they will need constant inspection and repairs, and in fact investigation should be made immediately to determine the cause of the deflections and steps taken to remedy same.

The lumber in this floor framing is of white pine, a species of lumber not now used for structural purposes. In the seventy odd years of use the ability of this lumber to resist stress has been reduced approximately fifty per cent.

The wiring is in a hazardous condition. The plumbing is very insanitary and inadequate.

The gasfitting is dangerous.

The roof is in such condition that it will be necessary to renew the entire roof in the very near future.

A detailed report of these many defects is on file in the office of the Building Department.

I would respectfully recommend that the building be demolished.

Respectfully submitted,

EDWARD W. ROEMER,
Building Commissioner.

STATISTICS DEPARTMENT REPORT ON WELFARE LISTING.

The following report of Welfare Department listings has been presented to the Mayor by the Statistics Department:

BOSTON, October 5, 1935.

MR. JOHN F. GILMORE, JR.,
Assistant Secretary.

DEAR SIR,—This acknowledges receipt of your communication of September 26, 1935, transmitting for consideration and report the following order passed by the City Council on September 23:

"Ordered, That the Statistics Trustees be requested, through his Honor the Mayor, to advise the City Council as to the number of welfare recipients in each of the twenty-two wards of the city finally found not to be included in police listings of 1932, 1933 or 1934.

In City Council September 23, 1935. Passed.

Attest:

W. J. DOYLE,
City Clerk."

The set-up of the Central Card Index by Habitations is such, being changed over from year to year on a current basis, that it is impossible to provide the information expressly requested by the City Council.

However, the following, as presented, is hoped to be a satisfactory equivalent.

The tabulation, appearing below, shows by wards the number of welfare recipients finally found not to be included in police listings of 1932, 1933 or 1934, or in police listings of 1933, 1934 or 1935, for the twelve-months' period from September 24, 1934, to September 25, 1935.

The tabulation is based on the 26,108 fan-fold slips received during the above-stated period from the Public Welfare Department, showing (1) Applications; (2) New Cases; and (3) Re-Apply Cases.

When the Central Card Index by Habitations was changed over to the 1935 basis, the police listings for report purposes, extending over a three-year period, were changed from the 1932-33-34 basis to the 1933-34-35 basis.

Ward 1, 129; Ward 2, 90; Ward 3, 383; Ward 4, 214; Ward 5, 79; Ward 6, 66; Ward 7, 57; Ward 8, 165; Ward 9, 314; Ward 10, 66; Ward 11, 64; Ward 12, 76; Ward 13, 39; Ward 14, 53; Ward 15, 28; Ward 16, 25; Ward 17, 37; Ward 18, 40; Ward 19, 22; Ward 20, 11; Ward 21, 50; Ward 22, 53. Total, 2,061.

Respectfully submitted,

CHARLES J. FOX,
Acting Chairman.

LIBRARY DEPARTMENT POLL TAX RECORD.

The following is a copy of communication received by Mayor Mansfield from Mr. James W. Kenney, comptroller, Boston Public Library:

BOSTON, October 11, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MANSFIELD,—I am pleased to inform you that the Library staff presents a 100 per cent record in the matter of poll and excise tax payments for the current year.

Because of the varied types of service in the Library personnel, part-time workers, extra service, etc., it was a time-taking task to reach them all. The record of the regular full time employees was complete some time back.

Respectfully submitted,

JAMES W. KENNEY,
Comptroller.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 17:

AUDITING DEPARTMENT.

Harold J. McQuin has been appointed clerk at \$1,000 a year effective October 4.

BUILDING DEPARTMENT.

James A. Collins has been appointed clerk at \$1,200 a year.

CITY CLERK DEPARTMENT.

The following increases in yearly salaries of clerks are made, effective October 5:

Charles F. Green, from \$1,500 to \$1,600 a year; Margaret T. Kelliher, from \$1,400 to \$1,500 a year; Irene M. Holt, Mary A. Coulombe, from \$1,300 to \$1,400 a year; Virginia M. Rose, from \$1,200 to \$1,300 a year.

FIRE DEPARTMENT.

Blanche T. O'Leary, widow of Daniel W. O'Leary, has been granted a pension at \$1,200 a year with the following allowances:

For the widow, Blanche T. O'Leary, so long as she remains unmarried, \$1,000 a year. For Daniel J. O'Leary, born July 9, 1928, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$200 a year.

Lieut. John J. Murphy of Engine Company 38 has been retired at \$1,250 a year.

HEALTH DEPARTMENT.

Approval has been given for the change of name, because of marriage, of Anna C. Cavanaugh to Anna C. McCormack.

Approval has been given for the provisional appointment of Katherine R. Sullivan as a nurse at \$1,400 a year, effective October 18.

HOSPITAL DEPARTMENT.

The following persons were employed at the Boston City Hospital for the week ending Thursday, October 10:

Temporary.—Alice K. Daly, technician, \$20 a week; Elizabeth Bergen, Mary Gallivan, Marjorie Kilbane, clerks, \$16 a week; Samuel Odione, male nurse, \$32 a week; John J. Healey, orderly, \$16.50 a week; Josephine McIntire, laboratory assistant, \$1,500 a year; Irene Bergeron, Priscilla Beckwith, Grace Scott, special nurses, \$4.50 a day; Dr. Lawrence McCarthy, executive assistant, \$2,200 a year.

South Department.

Sophie Sullivan, Kathleen Conroy, floor nurses, \$23.01 a week.

The following changes have occurred: Robert McKenna, orderly at \$16.50 to \$18.50 a week; Paul Roncary, X-ray orderly at \$16.50 to \$17.50 a week; William Duffy, X-ray orderly at \$11.50 to \$16.50 a week; Frank Barbrick, temporary kitchenman, Main, at \$17.50 to temporary house porter, Haymarket, at \$16.50 a week; James Clear, ward porter, South, at \$20.50 to \$24 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 10:

Daniel O'Donnell, Fred Spry, male

nurses (patients), \$480 a year; Rachael Del Monte, Edward Hulen, maids (patients), \$300 a year; Frank Brown, John Carroll, Lena DeSoto, George Cockinos, maids (patients), \$240 a year.

The following persons have ceased to be employed:

Isabelle Bouchi, Edward Hulen, Daniel Dennehy, maids (patients), \$240 a year.

INSTITUTIONS DEPARTMENT.

Dr. John W. Chamberlain has been appointed as assistant visiting surgeon, in place of Dr. Channing Swan, resigned; and Dr. F. Harold Downing as assistant visiting orthopedic surgeon.

The following changes will be made in the personnel:

Appointments: Henry Leitch, institution employee, attendant, at \$600 a year, to succeed Frank Adams; Margaret D. Weeks, staff nurse, temporary, at \$960 a year, temporary; Edna Ferrari, institution employee, waitress, temporary, at \$316 a year, temporary; Eunice Taylor, institution employee, waitress, at \$316 a year, temporary.

Resignations: George Dillon, institution employee, attendant, at \$600 a year, voluntary; Rocco A. Fischetti, institution employee, carpenter's helper, at \$600 a year, voluntary.

Transfers: Florence B. Tero, head nurse, at \$1,200 a year, from staff nurse at \$960 a year.

Employment Terminated: James A. Waldron, institution employee, watchman, temporary, at \$600 a year.

Courses Completed: Anna M. Summers, Louise P. Welch, student nurses, at \$600 a year.

LAW DEPARTMENT.

George R. Farnum has been appointed as temporary special assistant corporation counsel for an indefinite period at \$200 a week, effective October 1.

MUNICIPAL EMPLOYMENT BUREAU.

Frances E. Crowe has been appointed clerk at \$22 a week.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the promotion of Thomas A. Walsh, social worker, at \$1,700 a year, to assistant supervisor, without change in salary, effective November 22.

PARK DEPARTMENT.

Approval has been given for the extension of the emergency employment, for a period of 30 days from October 2 of Mrs. Margaret M. Hall as matron at \$22 a week.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

Frank P. Keefe, officer, \$2,200 a year and maintenance, to succeed Stephen Miles.

Margaret Dolen, matron and cook, time extended, \$1,300 a year and maintenance, temporary.

George H. Schwartz, physician, time extended, \$2,500 a year, temporary.

William J. Rourke, fireman, at \$6.92 a day, temporary.

PRINTING DEPARTMENT.

An extension of the temporary employment of Caesar L. Donnaruma as

a linotype operator at \$44 a week, for a period of three months from October 8, has been approved.

PUBLIC BUILDINGS DEPARTMENT.

Extension of the temporary employment of Cecile V. Doyle as telephone operator at \$1,200 a year, for a period of three months beginning October 15, has been approved.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to appoint the following as temporary deckhands at \$5.25 a day, for three months from October 4, to fill temporary vacancies that may occur from time to time during that period: Lawrence L. Lane, Frank M. Trinchitella.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to appoint the following as permanent inspectors at \$1,700 a year, to fill vacancies caused by the decease of Frank H. Wilson and James F. Maguire, effective October 18: Edward J. Fitzgerald, Chester D. Canty.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to transfer William McCarthy from the Boston City Hospital as laborer at \$5 a day, to fill a permanent vacancy, effective October 18.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to continue the temporary employment of John J. Callahan, as plumber at \$6 a day, for three months from October 20.

PUBLIC WORKS DEPARTMENT (Water Income Division).

Approval has been given to continue the temporary employment of the following as plumbers at \$6 a day, for three months from October 12, installing new and taking out old water meters for repairs:

Frank P. Giordano, Joseph A. Sullivan, John P. Finnegan.

REGISTRY DEPARTMENT.

The following clerk-typists have been appointed for a temporary period of thirty days:

Frances R. McGowan, Sarah E. Kaplan, Lillian Giller, Sarah M. Freedman, Emma F. Moore, Marjorie E. Grabert.

Appointments are to date from October 16, 1935.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 609 Shawmut avenue, Ward 9, the side wall of one story section in front of main building is cracked and bulged, threatening to collapse. Windows and doors of main structure are open to the elements and constitute an unsafe and dangerous condition. The building is now the property of the City of Boston by foreclosure of tax title, notice of decree having been filed in the Registry of Deeds.

The building at 26 Willard place, Ward 9, the walls are cracked and bulged,

windows smashed and general condition unsafe and dangerous. The owner, Howard I. Jackson of 26 Willard place, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 11 King street, Ward 9, the structure is out of plumb by about six inches, the chimney is ready to collapse, the outside finish is falling off, the premises are open to trespass, general condition unsafe and dangerous. The owners, Sewall W. Abbott *et al.*, Trustees John Brewster Estate, of 15 State street, Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 4 Codman place, Ward 11.

The building at 28 Willard place, Ward 9, the walls are cracked and bulged, windows smashed and general condition unsafe and dangerous. The owner, Howard I. Jackson of 26 Willard place, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 30 Willard place, Ward 9, the walls are cracked and bulged, windows smashed and general conditions unsafe and dangerous. The owner, Howard I. Jackson of 26 Willard place, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of the complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 26 Arnold street, Boston, the rear of building torn out, unsafe and dangerous. The owner, Paula Barshok of 35 Fabyan street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 28 Arnold street, Boston, the rear of building torn out, unsafe and dangerous. The owner, Paula Barshok of 35 Fabyan street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

The building at 13 King street, Ward 9, the structure is about six inches out of plumb, clapboards falling off, general condition dilapidated. The owner, Roy D. Lurvey of 1526 Commonwealth avenue, Brighton, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation shows that the owner is not able to pay the expense of razing.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alley No. 924, Boston Proper district, as a public alley, from Arundel street to Mountfort street, bounded and described as follows:

A public alley named No. 924 is hereby laid out, from Arundel street to Mount-

fort street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Southwesterly by Arundel street, fifteen feet; northwesterly by the northwesterly line of said public alley No. 924, as hereby laid out, one hundred sixty-seven and 23-100 feet; and northeasterly by Mountfort street, twenty-six and 62-100 feet, and southeasterly by the southeasterly line of said public alley No. 924, as hereby laid out, one hundred eighty-nine and 23-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Alley No. 924, Boston Proper district, as a public alley, under the order of the Board of October 9, 1935, and awards no damages therefor.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alley No. 923, Boston Proper district, as a public alley, from Park Drive to Arundel street, bounded and described as follows:

A public alley named No. 923 is hereby laid out, from Park Drive to Arundel street, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Southwesterly by Park Drive, fifteen feet; northwesterly by the northwesterly line of said public alley No. 923, as hereby laid out, four hundred thirty-six and 15-100 feet; northeasterly by Arundel street, fifteen feet and southeasterly by the southeasterly line of said public alley No. 923, as hereby laid out, four hundred thirty-six and 15-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Alley No. 923, Boston Proper district, as a public alley, under the order of the Board of October 9, 1935, and awards no damages therefor.

MAYOR NAMES NEW ELECTION COMMISSIONER.

The Mayor, on October 14, accepted the resignation of the Hon. Peter F. Tague as a member of the Board of Election Commissioners to take effect at the close of business October 15. He has appointed in Mr. Tague's place, Mr. Francis B. McKinney of 22 Surrey street, Brighton. Mr. McKinney is a very well known business man in that district and, in fact, all over Boston. He and his brothers and his father have been engaged in the business of raising, trading and training horses since 1850. Mr. McKinney was a member of the old

Common Council in 1904, representing Ward 25, and a member of the Legislature in 1917, 1918, 1919 and 1920, representing what now is Ward 22, but the same district.

Mr. McKinney is fifty-nine years old and is a widower, his wife, the former Lillian McCarthy, having died in 1917. He has three boys, Francis B., Jr., just graduated from Babson Institute, Leo McKinney, a student at the University of Pennsylvania, studying to be a veterinary surgeon, and Joseph McKinney, a student at Fisher's College.

Mr. McKinney is and always has been a Democrat and one of the most faithful party workers in Boston.

INCREASED USE OF AIRPORTS.

The following is a copy of letter from Park Commissioner W. P. Long to Mayor Mansfield:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I am submitting the following information relative to the increase in the use of the Airport by airlines operating on regular schedule during the past year:

Total Passengers Arrived and Departed.—January, 990; February, 1,586; March, 2,582; April, 2,755; May, 3,226; June, 3,811; July, 4,192; August, 5,092.

The above figures reflect the increased use of air transportation at the Boston Airport and are one of the principal reasons why we desire to continually improve same and make it adequate, safe and usable. These monthly totals are far in excess of the corresponding monthly totals of any previous years.

I am contemplating the installation of a two-way radio for the safe control of landing, take-offs, etc., similar to what is now in use in Newark, Detroit, Cleveland, Buffalo, Chicago and other centers.

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ASSISTANT DIETITIAN, BOSTON INSTITUTIONS DEPARTMENT, NOVEMBER 23, 1935.

Last date for filing applications, Saturday, November 9, 1935, at 12 noon.

Salary: \$1,300 per year and maintenance.

Duties: To plan the special diets of the hospital, as well as to oversee the preparation and cooking of the food for inmates, patients, doctors, nurses and employees.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

POLICE DEPARTMENT ORDERS.*General Order No. 91.*

Authority having been given by the Commissioner of Civil Service to change the rating of Edward J. Seibolt from armorer to patrolman, he is hereby reinstated as a patrolman.

This order will take effect at 5.45 o'clock p. m., Friday, October 11, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY.
Commissioner.

General Order No. 92.

The following promotions are hereby ordered to take effect at 5.45 o'clock p. m., Friday, October 11, 1935:

To the Grade of Sergeant.

Patrolman George W. Burke, from Commissioner's Office to Commissioner's Office; Patrolman Arthur H. Vickerson, from Superintendent's Office to Superintendent's Office, detailed to the Bureau of Operations and designated sergeant-chief radio operator.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY.
Commissioner.

General Order No. 93.

Authority having been given by the Commissioner of Civil Service to change the rating of Francis R. Sullivan from supervisor of photography to patrolman, he is hereby reinstated as a patrolman.

Patrolman Francis R. Sullivan will continue to perform the duties heretofore assigned to him in the Bureau of Records.

The position of supervisor of photography is hereby abolished.

This order will take effect at 5.45 o'clock p. m., Friday, October 11, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY.
Commissioner.

General Order No. 94.

There is created in the office of the Superintendent of Police the position of sergeant-ballistician. Patrolman Edward J. Seibolt is transferred from the property clerk's office and is hereby promoted and appointed as sergeant-ballistician. The sergeant-ballistician's office now consists of the ballistics expert, the hand-writing expert, the explosives expert and the gunsmith.

The sergeant-ballistician, under the direction of the superintendent, shall have charge of the care and custody of all firearms, explosives and substances of explosives coming into the possession of members of the department. The sergeant-ballistician shall prepare the cases where ballistic evidence is required so far as bullets, shells, firearms or explosives are concerned, and shall appear before the court in such cases to give evidence.

The term "firearm" shall include machine gun, rifle, shotgun, revolver, pistol, or any other weapon capable of discharging a cartridge or bullet, and the term "explosive" shall include any substance that may cause an explosion.

The sergeant-ballistician is the only member of the department who has been

granted a permit by the State Fire Marshal to handle explosives received by the Boston Police Department. The sergeant-ballistician shall be notified at once whenever explosives are found or delivered to the police.

The chemical testing laboratory, located in Room 107 in Police Headquarters, for the examination of explosives and their residues, shall be under the direction of the sergeant-ballistician.

Bullets found imbedded in walls, ceilings, floors, furniture, or any other part of a building, that may be connected with any crime, shall not be extracted except by the sergeant-ballistician or an officer under his direction. Discharged cartridge cases found at the scene of a crime shall be carefully preserved, and the sergeant-ballistician or an officer under his direction shall carefully note the position of these discharged cases for future reference when testifying in court. These bullets and discharged cartridge cases shall not be marked or touched by any member of the department, except the sergeant-ballistician or an officer under his direction.

All firearms found at the scene of the crime shall be left undisturbed until the arrival of the sergeant-ballistician or an officer under his direction, who will make such arm safe, and after printing and photographing will turn the arm over to the office of the supervisor of cases for identification. Firearms seized, found or held as evidence by various divisions and units, or by any member of the department, will be sent forthwith to the office of the sergeant-ballistician. When a firearm is confiscated by the Court a report will be forwarded to the sergeant-ballistician's office at once.

The sergeant-ballistician shall furnish a receipt for any firearm or other articles delivered to him for safe keeping by members of the department.

Division commanders shall, upon delivery of firearms, cartridges, bullets or explosives to the office of the sergeant-ballistician, submit a report in detail regarding such property at the time of delivery for his examination, and such firearms, cartridges, bullets or explosives are to be held in the custody of the sergeant-ballistician until needed as evidence.

Division commanders shall notify all members of their divisions or units that firearms must be handled by the trigger guard in order to preserve fingerprint impressions, and that no firearm containing cartridges shall be unloaded except by the sergeant-ballistician or an officer under his direction. Prints on weapons may be protected by wrapping in paper, and the handling of weapons concerned in crime should be limited to the least number of persons possible.

The sergeant-ballistician shall not be notified to appear at the scene of a crime where instruments other than firearms, explosives, or suspicious substances of explosives are used, unless so ordered by the Police Commissioner, the Superintendent of Police, or the supervisor of cases.

The sergeant-ballistician shall assist the medical examiners and their assistants of the Northern and Southern Districts, where firearms are concerned in crime.

Shotguns, rifles, machine guns and revolvers, also ammunition therefor, together with gas munitions, bullet-proof vests held for emergency purposes, shall

be kept at the sergeant-ballistician's office, Room 107, Police Headquarters. These firearms and munitions shall be issued by the sergeant-ballistician upon application by the division or unit commanders, at all times of the day or night. In the absence of the sergeant-ballistician, during the night, application shall be made to the commanding officer of the Bureau of Operations. The members of the sergeant-ballistician's office will hold themselves in readiness to issue such equipment and assist in using such equipment in all cases of emergency, at all hours of the day or night.

Division commanders shall see that all department revolvers and other equipment issued by the sergeant-ballistician are kept properly oiled and cleaned, and are returned in good condition.

The issue, repair and condemning of all department revolvers, shotguns, gas guns, gas masks, bullet-proof vests, munitions which include projectiles, tear gas bombs, etc., shall be made by the sergeant-ballistician, under the direction of the Superintendent, and the sergeant-ballistician shall report in writing to the superintendent, which report shall be forwarded to the Police Commissioner.

Department firearms will be replaced by the sergeant-ballistician, under direction of the Police Commissioner, when unfit for service.

The sergeant-ballistician shall conduct periodic inspections of all firearms, gas masks, gas munitions, etc., in the possession of members of the department. The sergeant-ballistician shall submit a written report to the Police Commissioner, through the superintendent, covering all the details of the periodic inspections of such equipment.

The drillmaster shall cooperate with and render any assistance required by the sergeant-ballistician in the discharge of his duties in emergencies.

The sergeant-ballistician shall instruct members of the department in the use of firearms and gas equipment whenever necessary.

Division and unit commanders will forward to the sergeant-ballistician's office all questioned writings, forgeries, letters written by swindlers, threatening letters, etc., for examination of handwriting, and the examiner of these writings shall make a written report of his findings for the division or unit sending such writings to be examined.

The sergeant-ballistician shall submit a written report to the superintendent regarding important information pertaining to his duties that are not specifically included in this order.

The position of armorer is hereby abolished.

All orders and rules and regulations inconsistent herewith are hereby repealed.

This order shall take effect at 5.45 o'clock p. m., Friday, October 11, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon October 3 the Mayor approved a contract with Charles H. Howard for doing underground construction in the Fire Alarm Division:

1,160 Feet Single Duct.—Charles H. Howard, 66 cents; A. R. Doyle, Incorporated, 67 cents; J. W. O'Brien, 78 cents; Leo J. Nawn, Incorporated, 80 cents; Baker & Co., 77 cents; National Engineering and Construction Company, \$1.25; Franklin A. Snow Company, \$1.25.

Box Posts.—Charles H. Howard, \$3.50; A. R. Doyle, Incorporated, \$5; J. W. O'Brien, \$3; Leo J. Nawn, Incorporated, \$3.50; Baker & Co., \$5; National Engineering and Construction Company, \$5; Franklin A. Snow Company, \$20.

Manholes.—Charles H. Howard, \$40; A. R. Doyle, Incorporated, \$40; J. W. O'Brien, \$35; Leo J. Nawn, Incorporated, \$35; Baker & Co., \$65; National Engineering and Construction Company, \$45; Franklin A. Snow Company, \$75.

Handholes.—Charles H. Howard, \$10; A. R. Doyle, Incorporated, \$10; J. W. O'Brien, \$10; Leo J. Nawn, Incorporated, \$10; Baker & Co., \$10; National Engineering and Construction Company, \$12; Franklin A. Snow Company, \$25.

Total.—Charles H. Howard, \$869.60; A. R. Doyle, Incorporated, \$887.20; J. W. O'Brien, \$996.80; Leo J. Nawn, Incorporated, \$1,022; Baker & Co., \$1,053.20; National Engineering and Construction Company, \$1,572; Franklin A. Snow Company, \$1,705.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors, etc., for supplies and labor. Communications from the heads of the several departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, October 4, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Dear Sir,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

The following bids have been received by the E. R. A. Supply Department, covering planograph work to be done on alley survey reports for the City Planning Board, on Project No. X2235-F2-U46F, as called for on requisition No. A-125, dated September 23, 1935:

Boston Blue Print Company, Incorporated, \$1,396; 2 per cent, 10 days, net \$1,368.08; Modern Blue Print Company, \$1,396; B. L. Makepeace, no bid; Spaulding Moss Company, \$1,172.

I respectfully request that you permit me to award this contract, amounting to approximately \$1,172, to the low bidder, the Spaulding Moss Company, without advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, October 15, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR, Permission is respect-

fully requested to award a contract, without publicly advertising same, to the Packard Motor Car Company of Boston to furnish to the Park Department the following:

One Packard 120 five-passenger touring sedan, fully equipped with accessory group as follows: Bumpers, spare tire, license plate frames, arm rests, right sun visor, wheel trim rings, electric clock, delivered at a price of \$1,395; less allowance on a 1928 seven-passenger Buick sedan to be traded in, \$400. Net total of contract, \$995.

As the Packard Motor Car Company of Boston are the manufacturers, no advantage would be gained by publicly advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been instructed to add to the contract, P. W., No. 4217, for the Shurtleff School:

Remove the present stone wall running along the lot line on the St. Augustine property side and rebuild an entire new wall from point 6 inches below the grade to the level of the granite cap called for; this wall will follow the grades as shown on sheet 1 of the contract drawings and to be built of seam-face granite, to be 12 inches thick and double faced where exposed on two sides of lot line, all in accordance with estimate under date of June 24, 1935, for the sum of \$685, and the amount of \$685 will be added therefor, making the account as follows: Contract price, \$636,800; total additions, \$8,694.75; amount of contract, \$645,494.75.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to substitute wool felt for magnesia on cold water covering; install 20-inch by 18-inch lavatories in place of 24-inch by 20-inch in Rooms 10 and 14; omit access doors and install Cronin traps for all tubs; in substitution of wool felt for magnesia on cold water covering a layer of sheathing paper and an outside canvas jacket will be applied over wool felt and painted all as specified, in accordance with letter of August 30, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A1832, \$1,193,954.65; total added, \$17,517.57; total deducted, \$6,321.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$765.97 for construction of three rooms, Nos. 247, 247A and 247B, in place of existing Refraction Room No. 247, two extra cross-partitions, with door in each, the relocation of existing cross-partitions, relocation of existing electric outlets and switches, new D. C. wall outlet, new switches for ceiling lights, new electric wall outlet in Refraction Room 247, with switch at opposite wall, together with special gang box and cover plate with white opaque glass, in accordance with letter of July 19, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A1829, \$1,193,038.68; now added, \$765.97; corrected contract, \$1,193,804.65; total added, \$17,667.57; total deducted, \$6,321.

NEW LEAFLET DIRECTORY OF WELFARE DEPARTMENT.

A handy pocket directory leaflet of all divisions, branches, and units of the Public Welfare Department has been issued by the Executive Director, John C. L. Dowling.

This leaflet fills a want much felt by those dealing with the department. It lists the members of the board and executive officers, and gives names of heads of divisions and those to call upon for special service. It gives business officers and a complete list of assistant supervisors and social workers in charge of units, together with the address and telephone number of each branch office. Commodity stations for the department's distribution of Federal commodities are also listed, and names of those in charge of work for homeless men and women.

The leaflet directory is being distributed by the department to city officials and outside agencies which will benefit by its use.

MAYOR PROPOSES NAMES OF BOSTON HOUSING AUTHORITY TO CITY COUNCIL.

Boston, October 3, 1935.

To the City Council.

GENTLEMEN,—Your Honorable Body and the Mayor having determined that Housing Authority is needed in Boston under provisions of chapter 448 of the Acts of 1935, I submit for your consideration and approval the names of the following gentlemen to be members of the Boston Housing Authority:

Harold Field Kellogg, 232 Commonwealth avenue, architect.

John Carroll, 17 Elmira street, Brighton, suggested by the Boston Building Trades Council and now a member of the State Housing Board.

George Greene, 107 Elm Hill avenue, lawyer.

Francis J. Murray, 242 Foster street, Brighton, lawyer.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (*viz.*, 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (*i. e.*, 10.3 per cent) over 1920. Of said total, 2,940,335 (*i. e.*, 69.19 per cent) were in the cities and 1,309,279 (*i. e.*, 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

POPULATION OF UNITED STATES, 1930.

Total inhabitants of continental United States, 122,775,046, or 62,137,080 males and 60,637,966 females. Total native white, 59,497,800 or 48,010,145 males and 47,487,655 females; native white of native parentage 70,136,614 or 35,460,001 males and 34,676,613 females; native whites of foreign parentage, 16,999,221 (8,438,676 males and 8,560,545 females); native whites of mixed parentage, 8,361,965 (4,111,468 males and 4,250,497 females); foreign-born whites, 13,366,407, or 7,153,709 males and 6,212,698 females; total foreign white stock, 38,727,593, or 19,703,853 males and 19,023,740 females; Negroes, 11,891,143, or 5,855,669 males and 6,035,474 females; Mexicans, 1,422,533, or 758,674 males and 663,859 females; Indians, 332,397, or 170,350 males and 162,047 females; Japanese, 138,834, or 81,771 males and 57,063 females; Chinese, 74,954, or 59,802 males and 15,152 females; all others, 50,978, or 46,960 males and 4,018 females.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females); total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

MAYOR NAMES NEW BUDGET COMMISSIONER.

In naming Francis J. Murray on October 10 to be Budget Commissioner Mayor Mansfield issued the following statement:

Originally I was of the opinion that the position of City Auditor could easily be combined with that of Budget Commissioner. We have tried this experiment during the last year or so, since Mr. Fox has been City Auditor. He has also been acting as Budget Commissioner. He informs me, however, that it is quite impossible for one man to handle both of these important positions and do justice to either of them. It therefore becomes necessary for me to appoint a Budget Commissioner.

I have appointed to that position Francis J. Murray of 242 Foster street, Brighton. Mr. Murray is a practising lawyer with offices at 40 Court street and has been a member of the bar for about twenty-five years and was educated at the Boston Latin School and Harvard Law School. He is a member of the Boston, Massachusetts, and American Bar Associations. He was special counsel for the city in cases arising out of the Pickwick disaster some years ago, and during the war was a member of the Draft Board for the Massachusetts District. He was recently named by the Mayor as a member of the Massachusetts Housing Committee. He is a brother of Walter Murray, one of the Street Commissioners of the City of Boston. Mr. Murray is a close personal friend of the Mayor's and assisted him materially not only in both of his mayoralty campaigns but in former campaigns for Governor.

MAYOR NAMES D. FRANK DOHERTY TO HEAD SUPPLY DEPARTMENT.

Upon October 10 Mayor Mansfield issued the following statement:

I have appointed D. Frank Doherty of 513 Washington street, Dorchester, as Purchasing Agent of the City of Boston to fill the unexpired term of Warren W. Loomis, whose resignation will take effect on October 15. Mr. Doherty has some private affairs to adjust and will not be available until November 1, when his appointment will become effective. From October 16 until November 1, Hon. David B. Shaw, Chairman of the Election Board, will be Acting Purchasing Agent of the City of Boston.

Mr. Doherty was born in Boston in 1883, and was educated in the Boston public schools, Tufts College and Harvard University. He was in the retail dry goods business for five years, ten years as buyer and manager of a wholesale and retail grocery business, and three years (1913-16) as Purchasing Agent of the City of Boston during the term of former Mayor John F. Fitzgerald. He has been in the real estate business as builder and operator for more than twenty years. When he was first appointed as Purchasing Agent he was the first appointee out of many named during a period of three years and nine months under the new City Charter to receive confirmation by the Civil Service Commission, and organized the department practically as it now exists.

He has been for three years a director in the Harvard and Real Estate Co-operative Banks, and a member of the investing committee of each of these banks. He is a director of the Harvard

Improvement Society and a member of many committees dealing with important public improvements.

He is the son of Col. Thomas F. Doherty, formerly of East Boston, who was in the Water Department of the city for many years, and is a brother of Dr. Helen I. Doherty McGillicuddy.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from Irving street, between Cambridge street and Myrtle street, effective October 16, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Harvard-Holy Cross football game, parking of vehicles is prohibited in North Harvard street, Brighton, from Soldiers Field road to Western avenue, on October 12, 1935, from 8 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from Beach street, Dorchester, between Freeport street and Park street, effective October 10, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rule is effective October 21, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in the following street:

Atlantic Avenue.

Northwest side, from a point eighty (80) feet northeast of Essex street to Summer street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted July 13, 1935, and was effective July 17, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from October 17, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with the right rear wheel to the curb, in the following street:

Cambridge Street, Brighton.

Northwest side, from a point one hundred and fifty-five (155) feet southwest of Hano street to North Beacon street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted September 30, 1935, and were effective October 3, 1935, for a trial period of two (2) weeks, are hereby extended for a further trial period of one (1) month from October 17, 1935:

The following streets are one-way in the direction indicated:

Harrison Avenue.

From Hayward place to Bedford street.

Exeter Place.

From Harrison avenue to Chauncy street.

The permanent rule in section 40, part one, of the Traffic Regulations, which

makes Exeter place one way from Chauncy street to Harrison avenue, is suspended.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) week, the following temporary rules are effective October 16, 1935:

Vehicles are excluded from the following streets:

Gerard Street.

Between Farnham street and Massachusetts avenue.

Island Street.

Between Gerard street and Reading street.

PLANNING BOARD INVENTORY ON REAL PROPERTY IN CITY.

The City Planning Board has released in two volumes its Report on Real Property Inventory for the City of Boston:

Volume I (50 pages text, 12 folded maps, Preface and Introduction) contains detailed information with regard to the city as a whole, together with abstracts of factual tables of the fourteen districts into which the city was divided for purposes of convenience and study.

Volume II (565 pages of tables, 1 folded map, 14 district maps, and brief introduction) contains detailed information with regard to real property conditions in all sections of the city.

The information assembled was on forms secured from the Bureau of Foreign and Domestic Commerce. Each dwelling structure is listed according to type and condition, the year it was built, the material, the number of stories and whether or not the building has an elevator or basement. The number of family units in each structure is also recorded, the number of persons living in a unit, the number of rooms, the degree of density of occupancy, race, extra families, the duration of occupancy or vacancy, and the heating, plumbing, lighting and cooking facilities available in each unit. The financial information includes data on rents, landlord concessions, and property values and tenure. The time consumed and the mode of transportation used by the principal wage earners in reaching work is also included, as well as the number of automobiles owned by the residents enumerated, and the number of persons planting vegetable gardens in the preceding season.

Specifically it was ascertained that there were 86,391 dwelling structures of all types in the City of Boston, representing 211,528 dwelling units. The tabulations are presented entirely by census tracts, no information being given with regard to particular parcels of property.

It is believed that the information contained in the report will afford many profitable uses for those connected directly and indirectly with the building and construction industry and with real estate, as well as to students of civic and social problems and to the marketing division of manufacturers and dealers in household equipment and appliances.

Volume I is intended for general distribution, while Volume II, of which but a limited number is available, will be placed in libraries and reading rooms where they will be available for study and reference by groups who may be interested in securing more detailed information.

BUILDING PERMITS ISSUED OCTOBER 10 TO OCTOBER 16.

OCTOBER 10.

OWNER.	Location.	Ward.	Nature.	Estimated Cost.
David Ross	130 Bowdoin street	15	Alterations, store and dwelling.	\$1,000

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

LABORATORY ASSISTANT, BOSTON CITY HOSPITAL, NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to females only.

Salary: \$1,500 per year.

Duties: To assist with research in bacteriology and infectious diseases. To follow accurately technical procedures in preparations of bacteriologic media; preparation of biologic stains; cultural methods for common human pathogens; particular knowledge regarding pneumococcus, typing, etc.; serologic methods—agglutinins, precipitins, complement fixation, protection tests; autopsy of animals to determine bacterial invaders; quantitative bacteriology—vaccines, etc.; chemical analysis—chemical microscopy. To consult English, French and German literature to evaluate methods and results.

The Boston City Hospital requests that applicants be college graduates, and have had experience in a research laboratory in carrying out work with reputable investigators.

Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9. Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

SUPERVISOR OF EMPLOYMENT, BOSTON PUBLIC WELFARE DEPARTMENT, NOVEMBER 9, 1935.

Last date for filing applications, Saturday, October 26, 1935, at 12 noon.

This examination is open to males only.

Salary: \$40.00 per week.

Duties: To register, diagnose and offer a remedy to those seeking employment aid. To cooperate with other departments of the public welfare. To organize the Employment Division according to the best practices in the fields of social work and employment management. To select, train and supervise the subordinates in the department. To keep records, collect statistics and make reports on the work of the department.

The Boston Public Welfare Department requests that applicants be graduates of a school of social work: graduates of a college and specializing in economics, social science and employment management; five years' experience in the fields of social work, and five years' experience in personnel or employment work may be accepted in lieu of the training specified above.

Credit will be given in the examination for the above qualifications.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be

filed with the application *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Civil Service Rule 9, Section 4: Any person possessing the required qualifications who has taken an examination may make new application for the same service at any time, and his status shall be determined by the result of the last examination taken. If any person fails to fulfill all the requirements, his examination shall be treated as a failure.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Edgemere road, West Roxbury district, as a highway, from Washington street to Hyde Park boundary line, bounded and described as follows:

A highway named Edgemere road is hereby laid out, from Washington street to the boundary line between West Roxbury and Hyde Park, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or adjoined thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Washington street, forty-one and 11-100 feet; northeasterly by the northeasterly line of said Edgemere road as hereby laid out by two measurements, eight hundred seventy-five and 34-100 feet, and eight hundred ninety-six and 28-100 feet; southeasterly by the boundary line between West Roxbury and Hyde Park, forty and 48-100 feet, and southwesterly by the southwesterly line of said Edgemere road as hereby laid out, by two measurements, eight hundred ninety and 77-100 feet and eight hundred sixty-six and 57-100 feet.

Vote. That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Edgemere road, West Roxbury district, as a highway, from Washington street to the Hyde Park boundary line, under the order of the Board of October 9, 1935, and awards no damages therefor.

SUPERINTENDENT OF SUPPLIES RESIGNS.

The following communications have passed between Mayor Mansfield and Warren W. Loomis, Superintendent of Supplies:

BOSTON, October 1, 1935.

HON. FREDERICK W. MANSFIELD,
Boston, Mass.

DEAR SIR:—Referring to recent conversation in your office, I have been offered a position with a private concern which will provide permanent employment.

In order that I may take this position I request your Honor to accept my resignation as Superintendent of Supplies for the City of Boston, same to take effect at the close of business not later than Tuesday, October 15, 1935.

I wish to take advantage of this opportunity to thank your Honor for your cooperation during my term of office and to extend to you my best wishes for your continued success.

Yours truly,

WARREN W. LOOMIS.

MR. WARREN W. LOOMIS,
City Hall, Boston.

DEAR MR. LOOMIS:—It is with great regret that I accept your resignation as Purchasing Agent of the Supply Department of the City of Boston. I realize, of course, that the position which has been tendered to you in private employment is one which offers a larger remuneration than you are now receiving and undoubtedly a more certain and stable future than that of being the head of a city department.

In accepting your resignation I wish you to know that I am keenly appreciative of the excellent work you have done in a difficult position and to say that in your departure Boston loses a very faithful and efficient public servant.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CONTRACTS AMENDED.

M. Solimando has been allowed to amend the contract for alterations to lunchroom at the Dorchester High School for Boys, by striking out the word and figures "September 7, 1935." on page 3 of the specifications, and substituting therefor the word and figures "October 15, 1935," so that said article, "Completion," on page 3, shall read: "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before October 15, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

Carilli Construction Company has been allowed to amend the contract for erection and completion of a Lower Elementary School, Beethoven District, West Roxbury, by striking out the words and figures "Eight months from date of this contract," on page 8, Article III, and substituting therefor the word and figures "July 13, 1935," so that said Article III on page 8 shall read: "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before July 13, 1935, and shall be liable in damages for any failure to so do, all as defined in the specifications."

READVERTISEMENT.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING KITCHEN EQUIPMENT AT THE LONG ISLAND HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and installing at the Long Island Hospital, kitchen equipment, as per specifications to be obtained at the office of the Supply Department, 801 City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Tuesday, October 29, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

DAVID B. SHAW,

Acting Superintendent of Supplies.
(Oct. 19.)

The following letter is herewith appended to the advertisement for kitchen equipment at Long Island Hospital:

OFFICE OF THE MAYOR,
October 16, 1935.

HON. DAVID B. SHAW,

Acting Superintendent of Supplies.

DEAR SIR.—The matter of purchase of kitchen equipment for the Long Island Hospital has been on my desk for a long time and has been the subject of considerable controversy. If my recollection is correct it has now been advertised on three separate occasions.

The first bids were rejected because a competitor who failed to bid offered a lower price than those who actually did bid and, as there was a chance of saving about two thousand dollars, your predecessor rejected the bids and readvertised. The competitor who had failed to bid on the first advertising was the low bidder and the contract was awarded to him and the award was sent to me for my approval. I refused to approve this award for two reasons: first, because I did not think it was fair to the original bidders to have a competitor who had not participated in the bidding to submit a bid after the bids were opened, and, second, because I learned that the low bidder had drawn the specifications.

The result was that I ordered the second bids rejected and new bids were called for. The competitor who had failed to bid in the first instance and was low bidder on the second advertising was again low bidder. One of the unsuccessful bidders objected and alleged that by changing the specifications at least two thousand dollars could be saved to the city.

I had this unsuccessful competitor leave a written memorandum as to the changes which he suggested. They are as follows:

Item No. 1, Steamers.—He complained that the low bidder was the only concern making the particular steamer specified and that the word "equal" to indicate any other steamer of equal merit could be used.

Item No. 2, Cereal Cookers.—The criticism was that the specifications for the interior called for 12-gauge stainless steel, which would mean a weight of about 125 pounds, making it impossible for one man to remove them from the outer container, in view of the fact that they would be about 40 inches high, making a lift of about seven feet to get them clear of the outer container.

Item No. 3, Two-Compartment Sink and Four-Compartment Sink.—Complaint was made that the pedestals required by the specifications were expensive and that ordinary legs on the sinks would be better than pedestals and would mean a substantial saving.

Item No. 4, Tables.—The criticism was the same as on the pedestal base for sinks—that legs would be just as good and much cheaper.

Item No. 5, Hood.—Complaint was made that the hood specified to be 12-gauge steel welded means a weight of approximately one

and one half tons, and that a No. 20 gauge would be heavy enough for a hood and would weigh only about 500 pounds.

Item No. 6, Kettles.—The criticism here was that the legs on the tables had to be specially fitted to suspend the kettle from four points from the top of the rim of the kettle to the floor with a 2-inch by 2-inch fitting and a weight of about 300 pounds for each fitting.

The above were the itemized criticisms, and there was a general complaint to the effect that just as serviceable material could be had at a saving of anywhere from two to four thousand dollars.

I submitted these criticisms to Doctor Washburn, and his replies are as follows:

Item No. 1, Steamers.—Doctor Washburn points out that the word "equal" is in the specifications. Examination of the document shows that Doctor Washburn is correct about it.

Item No. 2, Cereal Cookers.—The doctor points out that to remove these inner containers the handles must be raised to a point five feet four inches from the floor and not seven feet, and it would take two men to lift them out even if they were lighter, and that the lighter gauge is not serviceable or practicable.

Items No. 3 and No. 4, Sinks and Tables.—Doctor Washburn says that the pedestals were specified in the interest of sanitation, cleanliness and decreased cost of maintenance; that if legs are carried to the floor in place of pedestals it would make more obstacles to clean around and they would have to be braced and the braces would constitute another obstacle to cleanliness. He says the modern kitchens are now using pedestal bases and that it would be a step backward to return to legs, as they would be little, if any, cheaper, if they were made of stainless steel with cone or pyramid bases on the floor. He admits that galvanized iron could be substituted for sinks, legs and pedestals, but that little money would be saved and the result would be untidy.

Item No. 5, Hood.—Doctor Washburn says this was intentionally specified as 12-gauge steel, because 20-gauge cannot be welded. It would need many braces that would collect dirt and not be nearly so satisfactory.

Item No. 6, Kettles.—Doctor Washburn says that the specifications were drawn to do away with the ordinary rim about the kettle, which is difficult to keep clean, and that these specifications have been approved mechanically and guaranteed by the kettle manufacturers.

I am satisfied from a thorough and exhaustive study of the subject that Doctor Washburn is right in his contention that the specifications are reasonable and offer no particular advantage to any one bidder, and that all bidders would and should have an equal chance to get this business.

Accordingly, I suggest that all bids pending be rejected; that new bids be advertised for, and that all former bidders and all firms in this particular business of kitchen equipment be notified by letter from your department, in addition to the advertising in the *City Record*, that new bids would be called for under the same specifications.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING UNIFORM OVERCOATS TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department, Bristol street, uniform overcoats as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each proposal taken out. Delivery to be made as required. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Wednesday, October 30, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

DAVID B. SHAW,

Acting Superintendent of Supplies.
(Oct. 19.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING UPRIGHT PIANOS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at school buildings, in accordance with specifications, upright pianos for use in the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposals for Furnishing Upright Pianos." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, October 29, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,

Business Manager of the School Committee.
(Oct. 19.)

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, OCTOBER 26, 1935.

No. 43

MAYOR MANSFIELD RENEWS DEMAND OF LAW DEPARTMENT ON FINANCE COMMISSION FOR ALL DATA, TESTIMONY AND EVIDENCE PERTAINING TO THE CONCERNS WITH WHICH FORMER CITY TREASURER EDMUND L. DOLAN WAS CONNECTED DURING PREVIOUS ADMINISTRATION — POINTS OUT THAT DESPITE CLAIM SUCH DEMAND HAD NOT BEEN ACCEDDED TO IN OTHER YEARS, EVIDENCE SHOWS ASSERTION TO BE CONTRARY TO FACT IN MANY INSTANCES — RIDDLES GROUNDS ON WHICH REFUSAL WAS BASED.

On October 24 Mayor Mansfield renewed demand for Finance Commission's Dolan papers in the following letter:

BOSTON, October 24, 1935.

THE FINANCE COMMISSION, 24 School Street, Boston.

GENTLEMEN,— Your letter of October 3, 1935, to Corporation Counsel Henry E. Foley, in reply to his letter to you of September 30, 1935, in which he requested you to supply him with copies of testimony and certain documentary evidence to be used in an investigation which he is making into certain transactions involving the Legal Securities Corporation, Edmund L. Dolan and the E. L. Dolan Company, contains the following statement:

"Since its early establishment, over twenty-five years ago, it has been the uniform practice of this Commission to treat all such testimony as strictly confidential, excepting so much thereof as the Commission feels justified in making a part of some official report or such testimony as was taken at a public hearing."

The letter also contains the following statement:

"It was only where the acts of the Commission itself were under official review that the Commission yielded complete transcripts of testimony taken before it, and then only to an authorized committee of the Great and General Court, the body which created this Commission and gave it its extraordinary powers."

Your letter to me of October 11, 1935 (page 3), states:

"The Commission knows of no reason why it should make an exception in favor of your Honor to this rule and policy which has been constant since the creation of the Commission."

Examination of the Reports of the Finance Commission from 1908, when it was first created, to the present time seems to indicate that these statements are not accurate. Apparently, the "uniform practice" which you mention has not always been followed. The record as shown by your reports is as follows:

No.	Date.	Names of Cases.	Action Taken.	Finance Commission Report.	
				Vol. No.	Page.
1.	Oct. 17, 1907.	Coal fraud indictments.	The Finance Commission proposed to furnish transcripts to the <i>defendants</i> if the District Attorney had no objections.	1	51
2.	Nov. 21, 1907.	Contract investigations.	The Finance Commission stated that it would submit evidence in its possession to the District Attorney, directing the latter's attention to the testimony of certain individuals.	1	106
3.	Jan. 26, 1914.	Attempted interference with Civil Service laws.	The Finance Commission offered to furnish the evidence to the Mayor on request.	10	18
4.	July 23, 1914.	Investigation of members of Fire Department.	The testimony given to the Finance Commission was sent to the Fire Commissioner.	10	143
5.	Dec. 16, 1914.	Overtime for janitors.	The testimony and statements of witnesses were appended to a report returned to the Mayor.	10	144 242
6.	Nov. 12, 1915.	Playground investigation.	The Finance Commission sent the testimony of the Park Commissioner to the Mayor.	11	346
7.	Nov. 19, 1915.	High-pressure water service installation.	The transcript of the relevant testimony was transmitted to the Mayor by the Finance Commission although no request had been made for it.	11	352
8.	Jan. 31, 1918.	Bonding investigation.	The evidence in possession of the Finance Commission was transmitted to the District Attorney.	13	18
9.	Dec. 8, 1917.	Plumbing contracts.	The Finance Commission transmitted the testimony taken in the investigation to the District Attorney.	13	221
10.	June 15, 1923.	Rubber flooring.	The Finance Commission sent a transcript of the evidence to the District Attorney.	19	130 131
11.	Jan. 31, 1924.	Richmond Live Poultry Company case.	The Finance Commission transmitted a transcript of the evidence to the District Attorney.	19	27
12.	Oct. 8, 1925.	Granite block contract.	The Finance Commission included certain testimony in its report to the Mayor and stated, "It would be glad to make public all the testimony of the Field Engineer."	21	184

Meeting of the City Council Monday, October 28, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending October 19, 1935:

Population as of July, 1935, Massachusetts State Census, 817,713; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 139; nonresidents, 40; total, 179.

Death rate per 1,000 of population: All deaths, 11.65; nonresidents deducted, 9.05.

Death rate per 1,000 of population:

Last week, 12.18; corresponding week last year, 14.12.

Deaths by age periods, sex, etc.: Under one year, 7; one year to four years, inclusive, 3; sixty years and over, 94; Total deaths: Male, 102; female, 77; deaths in hospitals and institutions, 110; deaths of colored, 4.

REPORTABLE DISEASES: CASES AND DEATHS.*

BOSTON'S PARK DEPARTMENT PLANNING FOR GREATER USE OF PUBLIC RECREATIONAL FACILITIES — MAYOR MANSFIELD BROADCASTS PLANS FOR INDOOR WORK FOR WINTER AFTER TELLING OF ENORMOUS NUMBERS BENEFITED BY FACILITIES OFFERED DURING SEASON JUST ENDED — POINTS TO FACT THAT SUCH CONSTRUCTIVE USE OF SPARE TIME HAS MADE FOR BETTER CITIZENSHIP FOR YOUNG AND OLD — UNEMPLOYED AS WELL AS THOSE WHO LABOR YET NEED RECREATION.

The following is the address broadcast by Mayor Mansfield over City Hall station of WNAC on Tuesday, October 22:

In presenting to you a picture of the Park Department recreation my first thought is that when people think of recreation they usually think of baseball or the more highly competitive forms of sport. I doubt if the general public realizes the variety of recreation that is afforded the people of Boston under the auspices of the Park Department. I shall divide my remarks into two classes, first, the more general and passive form, and, second, the highly specialized athletic and playground activities.

This department has received national recognition for having one of the most beautiful natural park systems in the world. There are miles of beautiful scenic roads for those who care to motor. For the pedestrian there are miles of wooded walks; for the equestrian we have the bridle trails that start down at the Fens and extend out beyond the golf course. For the automobile, pedestrian and equestrian, their path of travel covers the grassy slopes, the flower gardens, parks, lakes and natural wooded sections. For the devotees of the camera there are many opportunities for fine pictures of nature, birds and animals. There are countless groups who work their way through the Park System sketching and painting the trees and flowers during the different seasons of the year. The Public Garden is one of the finest show spots in the East, where exotic blooms in season are on display. Many families pay regular visits to this nature spot to enjoy the fine exhibits and to give the children a day on the traditional swan boats that work their way about the pond. Jamaica Pond is a Mecca for lovers of lake fishing and boating.

PICNIC GROUNDS.

At Castle Island in South Boston we have a natural picnic ground with its historic background, shaded sections and fine beach, which gives the family a day in the open. The Aquarium at South Boston has its regular coterie of lovers of sea life, where much has been done to bring a rare collection of marine life from all parts of the world.

For the air-minded, we have one of the finest airports in the country at East Boston.

At the Franklin Park Zoo the people may view the various types of animals and visit the Aviary, which houses birds from all over the world. After a round trip to the many cages the family may sit off under the trees and enjoy themselves with an hour or two of thorough relaxation.

Our city is well known as a bathing city, with twelve natural beaches affording sea and sun bathing to hordes of people during the summer months. Each beach is carefully supervised with life guards and swimming instructors, so that the youngsters are well taken care of. Our Solarium at L street, South Boston, has been a blessing for hundreds of invalids and convalescents seeking to regain health through the benefits of this modern sun parlor.

For golf enthusiasts we have the first municipal golf course in the country at Franklin Park. A new eighteen-hole course has just been completed at Hyde Park. As you know, many people afford themselves hours of pleasure playing this popular game, which, incidentally, is the only sport for which there is a charge. One can readily see that a nominal fee must be charged due to the cost of the upkeep of the golf course.

In all the varied recreative interests that I have spoken of, it would be hopeless to attempt to check the thousands of men, women and children who are afforded wholesome and health-giving hours of pleasure over a period of a year round. The Park Commission has insisted on a high standard in these enter-

prises and will continue to do so to warrant the interest that the people of Boston have taken in them.

ATHLETIC COMPETITION.

For our more strenuous athletic and competitive type of recreation, I will try in a few brief words to outline the work that has been carried on on a year-round basis. Our indoor activities are carried on in eleven gymnasiums scattered throughout the city and two swimming pools. The usual program in the gymnasiums consists of basketball, handball, boxing and wrestling for the younger folks. For the young women and girls, calisthenic and apparatus drills, marching tactics, folk dancing and informal games are taught by a trained director of physical education. In our swimming pools, under competent instructors, a program of teaching for beginners in first aid and life-saving methods is taught. A program of novice swimming meets are carried on to develop youngsters. This program of indoor gymnasias attracts fathers, mothers and younger brothers and sisters.

During the winter months, for those who are interested in outdoor activities, we have sixty playgrounds flooded for skating; at Franklin Park and Boston Common toboggan slides and facilities for coasting, skiing and snowshoeing are maintained. This past winter some fine exhibits of snow modeling were shown at Franklin Park.

During the fall months a competitive sports program is conducted on our playgrounds. Our football league enjoyed one of its best seasons with young men playing under regulations and under the supervision of specially trained men of football reputation.

I have refrained from mentioning our playground activities until this moment in my talk because I am anxious to have your interest in our indoor activities which are just starting in our eleven municipal gymnasiums. As I previously informed you, our Baseball League registers 24,000 players and is recognized

as the largest baseball league in the world where league schedule games under competent Park league officials are in the process of being conducted from May 13 until Labor Day. While our baseball receives prominent mention, it would be well for you folks to realize that a novice system of informal playground games has been inaugurated which has been held out to the youngsters who are not as talented as some of the more fortunate ones. For them we have roller skating, relay, bicycle racing, volley ball, and about every kind of competitive sport that a young fellow desires. The playground season is brought to a close with a mammoth youngsters' circus on Boston Common and Columbus Park, South Boston, which, on the estimate of the *Boston Post*, last season attracted 50,000 people.

I can truthfully say for the young and old, Boston holds out much in the way of variety and space for its citizens to enjoy themselves in whatever their hobby may be. In all this maze of athletic activity it is pleasing to state that there is no fee charged; it simply means that a person should be a resident of Boston, and that they visit these playgrounds, register with a director and keep within the regulations set out by the department.

With the twilight season on us and working hours curtailed, there are more hours of leisure and we urge you to visit our parks, beaches and playgrounds, for there is happiness and pleasure to be found in every one of them, if you will but seek it out, and though you may be too old to be an active participant, you will find much pleasure in the passive form of serving as a spectator at our baseball, football, tennis, or even our horseshoe pitching matches.

NOT SELF SUPPORTING.

Whether our public recreation can ever be made self supporting is a question that has been asked of me a number of times. In Boston we have never made a charge other than for golf, and the thought

occurs to me that if fees were charged for baseball and playground activities it would limit the use of our facilities to the middle or upper classes. We do so much for the under-privileged that I see no way in which a fee could be charged. I believe in the cities where playgrounds have been partly self-supporting you will find that the system when inaugurated was set up on that basis. I doubt very much if it will ever work out in Boston, where the people have accepted our recreation system as a part of the service that the city is called upon to render to the general public. And, in the long run, it is my opinion, that even though our playground is not of a self-supporting nature, in reality it is, because thousands of youngsters and adults are kept in fine physical condition and in the best mental frame of mind by participating in our program, thereby saving the city thousands of dollars in hospital care and medical attention, and it is a recognized fact by sociologists that supervised recreation has contributed definitely to the curtailment of juvenile delinquency, thereby saving the cost of courts and police to the city.

I have attempted in the time allotted me to cover a wide range of interests in recreation. I have not given you statistics. Time will not permit me to go into detail of each particular sport, but every one of them I know is important to someone listening in, so let me say in closing that I am always open for constructive criticisms and suggestions that will make it possible for the Park Department to better serve the people of Boston.

In the administration of the Park Department I have attempted in every possible way to make for greater use the public recreational facilities. The emphasis during the past few years has been naturally on the younger generation, whom we firmly believe could be kept out of mischief, kept healthy and strong if we could get them to participate in baseball, basketball, roller-skating contests, track and field days and similar activities.

In the more recent years we have realized the need for organized activities, especially for the older boys, many of whom have been unable to get jobs. More than 24,000 boys of this age participated in football, baseball and basketball last year. You may not know that I am honorary president of the largest baseball league in the world, having approximately 24,000 boys signed up and listed as regular ball players in the Boston Park Department Baseball League.

For the past two years I have extended these activities to include, also, older girls who never heretofore have been thought of in connection with the use of public playgrounds.

When this great problem of offering constructive use of spare time for the thousands of people unemployed, partially employed, or at best employed only part of the day, the Park Department was the first city department thought of to take the lead in finding the solution. In previous years the program was highly inadequate, because we did not have the money for personnel, but since my administration I have made this money available and last year was the most successful year we have had since our playgrounds have been established.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

LISTING BOARD.

Advertises for proposals for performance of the work in connection with the listing of the residents twenty years of age or over for the year 1936. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 1, at 12 m.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for replacing artificial stone sidewalk in Brookline avenue. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 1, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing upright pianos to the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 29, at 12 m.

SUPPLY DEPARTMENT.

Readvertises for proposals for furnishing and installing kitchen equipment at Long Island Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 29, at 12 m.

Advertises for proposals for furnishing uniform overcoats to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 30, at 12 m.

Advertises for proposals for furnishing snow removal equipment as per specifications to be supplied. Surety bond will be required in a sum equivalent to 25 per

cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, November 8, at 12 m.

MAYOR REGRETS ADVERSE ACTION OF CITY COUNCIL ON SNOW-REMOVAL EQUIPMENT.

Upon October 22 Mayor Mansfield issued the following statement:

I regret very much that action was not taken on the snow-removal equipment by the City Council yesterday. I have done all that could possibly be done during the last year to have the Council appropriate sufficient funds to enable the city to purchase necessary equipment for the removal of snow. Early in the year I sent in an order for \$800,000 which was rejected. Councilor Green almost immediately introduced another order for the same amount and that order, as I understand it, is still pending without action.

Recently I called together a committee thoroughly competent to determine upon the kind and amount of snow-removal equipment that the city needed and in accordance with their report put in a new order for the appropriation of \$675,000 for the purchase of this equipment. While the weather is pleasant enough now we may need snow-removal equipment at any time and we ought to be prepared in advance.

There must be time allowed for advertising for bids, the drawing up and awarding of the contract, and, finally, for delivery of the equipment. Unless this matter is attended to at once the city may find itself very much handicapped if a heavy storm descends upon us. I wish the public to know, however, that the cause for the delay cannot be placed on the Mayor's shoulders.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT (Bridge and Ferry Division).

M. F. Gaddis has been directed to perform the following extra work under the contract for repairing Northern Avenue Bridge, over Fort Point channel. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: Renew section of lower chord on approach span No. 1, estimated cost, \$600; remove and replace four plates on tower post GC, on draw, and rebore new pin holes, estimated cost, \$650; upset and rethread one end of fifty-two lower lateral bracing rods, estimated cost, \$500; install sixteen wire grilles on roadway gates, estimated cost, \$275; do approximately 1,000 linear feet of welding on top lateral bracing and drum girder of draw, estimated cost, \$1,500; estimated cost of extra work, \$3,525.

Edward M. Matz has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Faneuil street, Ward 22, from Bigelow street to Dunboy street. Items ordered: Furnish and lay about 89 linear feet of drain pipe where directed. Price to be paid: For each linear foot furnished and laid the sum of \$3. Estimated cost of extra work, \$267.

MAYOR MANSFIELD TAKES EXCEPTION TO CLAIMS OF NOTED ARCHITECT'S SUGGESTIONS FOR NEW CITY HALL IN A NEW LOCATION—IN REPLY TO LETTER PUBLISHED IN BOSTON "HERALD," MAYOR POINTS OUT DISADVANTAGES WHICH FAR OUTWEIGH AND PRECLUDE POSSIBILITY OF CHANGE FROM PRESENT SITE FOR NEW STRUCTURE—AMONG THESE ARE UTTER RUIN FOR REAL PROPERTY IN DOWNTOWN DISTRICT AND DISTANCE FROM OTHER BUILDINGS IN WHICH BUSINESS OF PUBLIC IS TRANSACTED.

The following is a copy of communication sent by Mayor Mansfield to the editor of the *Herald* on October 19.

To the Editor of the *Herald*, Boston, Mass.

DEAR SIR,—Mr. Cram's convictions about a new City Hall are, of course, entitled to great weight. Off-hand one might be inclined to agree that a new Civic Center, far removed from School street, ought to be established somewhere in the South End or Back Bay, as he suggests. But there are equally good reasons against changing the location of City Hall:

Such a change would certainly adversely affect real estate values in the vicinity of School street and would practically complete the ruination of all real property to the north and east of School street.

With the new Post Office just completed on its old site, the Court House likely to stay where it is, and the State House certainly a fixture for many years to come, the removal of City Hall to a distant site would be very inconvenient for many persons who are compelled to transact business daily in these various public institutions.

COULD NOT AFFORD CHANGE.

3. The city could not afford it. The question is being raised at the present moment whether the city could afford to build a City Hall where the net cost to Boston would be only about \$1,700,000. That plan contemplates using the present City Hall site where the land is owned by the city, and joining the new building to the present City Hall Annex. To make a new Civic Center up-town would require a very large area of land preferably open on all sides. It is notorious that land owners are not generous or even reasonable when it comes to selling land to the city. The cost of a new site up-town would necessarily be very high. To erect the proper kind of building upon such an area would mean a much more ambitious program than the city can possibly venture on at the moment. It would mean the abandonment of City Hall Annex and, necessarily, the departments now housed in the Annex would have to be housed in the new building, as it is perfectly plain that all city departments ought to be centered in one building.

This would mean a very large building of an entirely different kind from that visualized by Mr. Maginnis. I do not know what such a site and building would cost, but I would guess that it would be more than \$10,000,000.

4. The furnishings and interior equipment for such a building would add to the expense.

NO NEW BUSINESS.

5. It may be that moving City Hall up-town would relieve the traffic congestion in down-town Boston, but I do not think the relief thus afforded would be very great. Court square is crowded now with cars all day long, and it would be even if City Hall were moved. On the other hand, building a new City Hall on the old site on School street would not, in my opinion, increase the present traffic to any extent whatever.

6. The establishment of such a Civic Center in what is now a large residential district would probably attract business

to the new center, but it would not be new business. It would be drawn away from the older parts of Boston to the detriment, as I have endeavored to point out above, of the older districts.

7. Finally it would seem as though a City Hall ought to be built in the heart of the business district. Certainly, if we should call it a Municipal Building that is where it ought to be, but if it is to be built as an ornament to attract public notice, then perhaps it ought to be on such a site as Mr. Cram visualizes.

I am glad that Mr. Cram agrees that we ought to have a new City Hall. To show how badly we need it, I am inclosing a copy of a report the Building Commissioner recently made to me. It is hardly fair to the citizens to ask them to obey building laws and fire regulations which the city itself ignores.

Yours truly,

FREDERICK W. MANSFIELD,

Mayor.

MAYOR MANSFIELD TO AID SOUTH BOSTON RESIDENTS IN PROTEST OVER HOUSING DECISION.

The following communication was issued from the office of the Mayor on October 17:

A committee consisting of Francis L. Colpoys, chairman, of 271 East Eighth street, Father Augustine McMahan, representing Father Neil Cronin of St. Augustine's Church, Dr. William P. Cross, 491 Broadway, and Dr. Mary E. Creed, 211 West Eighth street, called upon me today. This committee represents the owners of the property which was to have been taken by the Federal Government in its first housing project in South Boston. They complain about the abandonment of the project and describe the effect which this has had upon the property itself.

Many tenants moved out, thinking the property was to be destroyed, and the owners were advised by Federal agents

not to rent to new tenants; boys and young men have stoned the windows and sashes and have greatly injured the property on the exterior and many of the owners cannot now find tenants for the property.

They asked my cooperation and I promised to attend a meeting which they are to call very soon and to do all that I could to see that the apparent injustice to them would be repaired. I have agreed to go to Washington with any committee that they may appoint as a result of the mass meeting which they are about to hold.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Deaconess road, Roxbury district, as a highway, from Pilgrim road to Riverway, bounded and described as follows:

An extension of the highway named Deaconess road is hereby laid out from

Pilgrim road to Riverway and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Pilgrim road, forty feet; southwesterly by the southwesterly line of said extension of said Deaconess road as hereby laid out, two hundred sixty-two and 40-100 feet; westerly by Riverway, fifty-six and 69-100 feet and northeasterly by the northeasterly line of said extension of said Deaconess road as hereby laid out, three hundred two and 52-100 feet.

Ordered, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Deaconess road, Roxbury district, as a highway, from Pilgrim road to Riverway, under the order of the Board of October 18, 1935, and awards no damages therefor.

COMMUNICATION FROM THE MAYOR.

(Continued from page 1297.)

No.	Date	Names of Cases.	Action Taken.	Finance Commission Report.	
				Vol. No.	Page.
13.	Jan. 13, 1926.	Furniture contract for City Council chamber.	The Finance Commission sent a copy of the testimony to the District Attorney.	22	27
14.	Oct. 29, 1926.	Waste of City funds in Public Works Department.	The Finance Commission stated in its letter to the Mayor that the whole testimony was at the Mayor's disposal.	22	307
15.	Jan. 31, 1928.	Street Improvements.	A copy of the testimony was transmitted to the District Attorney.	23	16
16.	Feb. 8, 1929.	Sunday Sports Act.	The Finance Commission sent a copy of its report and a transcript of the evidence to the District Attorney.	25	31
17.	Mar. 2, 1934.	Soldiers' Relief Irregularities.	A transcript of the evidence given before the Finance Commission with certain signed statements were transmitted to the Mayor.	30	37
18.	Sept. 13, 1934.	General Equipment Corporation case.	The Finance Commission placed all the evidence in its possession at the disposal of the Mayor.	30	98

Here are eighteen specific instances which seem to indicate clearly enough that it has not been the uniform practice of your Commission to treat all testimony given to it as strictly confidential, excepting when taken at a public hearing or when included as part of an official report.

Indeed, in the very first case cited, that of the coal fraud indictment, the Finance Commission very generously offered to furnish a transcript of the testimony to counsel for two of the defendants who had been indicted. Presumably, that offer was intended to aid the defendants in making out a defense if they could.

In the Dolan investigation, the information which is sought by the Corporation Counsel is for the purpose of determining whether or not the city has been defrauded and, if so, by whom. I do not object to the Finance Commission presenting testimony to defense counsel. Indeed, as a matter of fair play, I think it was probably desirable to do so, but I also think, if the Finance Commission can be so generous to persons who are accused of defrauding the city, they should be just as generous to the city itself and should aid it in its investigation to determine whether or not there was fraud.

Furthermore, in your letter to me of October 11, 1935 (page 4), you say:

"The material parts of testimony of witnesses who appeared before this Commission after he, now your Special Counsel, severed his connection with this

Commission are adequately disclosed in at least the minority report of this Commission granted to you under date of April 10, 1935. Mr. Wheeler and Mr. Kaplan, in their minority report of that date, gave in great detail the testimony you now seek; so that it is now available to you and to your Special Counsel, and there is nothing that can be concealed by the Commission's denial of your request that it abandon its established practice and the law governing its activities."

If it is a fact, as you here state, that the material parts of the testimony have already been disclosed, what objection can there be to giving me all the testimony? The immaterial parts cannot hurt anyone and the testimony itself, of course, is more valuable in an investigation than a restatement or paraphrasing of it.

In what way can the transcripts or bank statements, accounts, deposit slips and records and papers of a documentary nature unjustly injure anyone? Such written evidence can hardly be considered as biased or unreliable and merely intended to injure someone's reputation.

It is probably true that duplicates of part of this documentary evidence may be obtained from banks and other sources, but it will take a long time and will delay the investigation materially.

To summarize the situation, it appears:

(1.) That the Finance Commission has frequently furnished copies of testimony and other evidence to the Mayor, the District Attorney and other persons.

(2.) The material parts of the testimony of certain witnesses which Mr. Foley asked for have already been furnished to me, according to the statement in your letter from which I have quoted. There can be no reason, therefore, for withholding what you call the immaterial parts. The Corporation Counsel might be of the opinion that all of this testimony is material.

(3.) Documentary evidence cannot be said to be of an unreliable nature or prompted by a desire to injure anybody's reputation. There can be no sound reason, therefore, for withholding it.

Therefore I renew my demand that the testimony of Edward Donovan, John J. McInnis, George S. Clarkson, Robert L. Emerson, and all other witnesses examined before your Commission in the so-called "Dolan Investigation," and all the transcripts of bank statements, deposit slips and other documentary evidence requested by Mr. Foley, be delivered to me to be used in connection with said investigation.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of Ralston street, South Boston district, as a highway, from Dorchester avenue to Old Colony avenue, bounded and described as follows:

The highway named Ralston street is hereby discontinued from Dorchester avenue to Old Colony avenue.

Said Ralston street as hereby discontinued is bounded:

Westerly by Dorchester avenue, forty feet; northerly by the northerly line of said Ralston street as it existed previously to this discontinuance, eleven hundred three and 39-100 feet; easterly by Old Colony avenue, forty and 1-100 feet; and southerly by the southerly line of said Ralston street as it existed previously to this discontinuance, eleven hundred four and 1-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of Ralston street, South Boston district, as a highway, from Dorchester avenue to Old Colony avenue, under the order of the Board of October 22, 1935, and awards no damages therefor.

ADDITIONS TO CONTRACTS.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$419.08 for furnishing and installing additional air and vacuum piping for G. U. Room 643 to cost \$132.59; additional electric work Rooms 642 and 643 as per drawing No. 80, \$124.31; furnish and install one type BA lavatory in dark Room 637 with all piping connections, \$162.18, in accordance with your letters of August 6, September 5 and our letter of September 16, 1935. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1833, \$1,193,954.65; now added, \$419.08; cor-

rected contract, \$1,194,373.73; total added, \$18,236.63; total deducted, \$6,321.

John Bowen Company, contractor for Kitchen Building, has been instructed to add to the contract the sum of \$5,520.60 for removal of quantities of wood piles and stone capping under front section of the new Kitchen Building, in accordance with your letter of August 17, 1935. Original contract, \$379,000; corrected contract, as per order No. A-1824, \$412,384.84; now added, \$5,520.60; corrected contract, \$417,905.44; total added, \$41,204.04; total deducted, \$2,298.60.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

W. H. Ellis & Son Company have been granted an extension of the time of completion of the contract for reconstructing and improving ferry piers, South Ferry, Boston, from October 6, 1935, to November 30, 1935. This extension is requested for the reason that the contractor claims he had to perform the work by piece-meal and one pier could not be disturbed until the pier he was working on was completed and also because pile shipments were delayed on account of heavy rains in the South.

CITY AUDITOR CHARLES J. FOX DISCUSSES "THE RELATION OF THE MUNICIPAL FINANCE OFFICER TO HIS CITY AND ITS CITIZENS" BEFORE ANNUAL CONFERENCE OF MUNICIPAL FINANCE OFFICERS' ASSOCIATION OF THE UNITED STATES AND CANADA AT KNOXVILLE, TENNESSEE—POINTS TO DUTIES AS THEY HAVE GROWN IN RECENT YEARS AND BURDENS THAT HAVE INCREASED WITH RESPONSIBILITIES TO HIS CHIEF EXECUTIVE.

At the annual conference of Municipal Finance Officers' Association of the United States and Canada, at Knoxville, Tenn., on Monday, October 21, City Auditor Charles J. Fox spoke as follows on "The Relation of the Municipal Finance Officer to his City and its Citizens."

As the opening speaker in this symposium on the position which the Municipal Finance Officer occupies in the life of today, I desire to state frankly that, unlike Marc Antony, I come this morning to praise the finance officer and not to bury him. I feel justified in adopting this attitude because of my sincere belief that the good this official does lives, not only after him, but during his entire tenure of office, and that it is his venial shortcomings which are "interred with his bones."

Speaking generally, it may be said that the finance officer of a city is the focal point from which radiates the administration of the activities of the city. While the broad policies of the city government may be well and most effectively planned and directed by the chief executive, yet, in the every-day administration of those policies and in the myriad of departmental matters that enter into the conduct of the city government, the finance officer is usually the alpha and omega in all concerns involving the expenditure of money. When we reflect that primarily the city is a spending machine, non-profit making in its purpose, we realize that few important functions of the city can escape the surveillance of the finance officer.

DUTIES LARGELY INCREASED.

I venture to say that the duties, responsibilities and anxieties of the municipal finance officer have been increased, in recent years, almost a hundredfold. In former years, the years of fat and plenty, the red ink ledger was a mirage and not a constant specter. Income and outgo met at the appointed time, and their meetings were serene and friendly. But, today, income and outgo are practically strangers, and their reunions are forced and fleeting meetings where each casts a baleful and accusing glance upon the other. In order that some semblance of brotherly affection may exist between this pair, your finance officer must constantly enlarge the sphere of his influence and activity in an effort to minimize or submerge difficulties before permanent or unerasable damage is done.

In most corporations, a marked decrease in revenues means a retrenchment in activity and production accompanied naturally with a distinct falling off in the duties of its officials, but in municipal corporations the opposite result takes place, and instead of decreased duties we find that in times of financial stringency our municipal officials are enmeshed in a web of new and additional duties. There was a day, and not so long ago, when the position of the finance officer was greatly to be desired.

In the normal and more or less orderly procedure of our national and civic life, he stood as sturdy as the rock of Gibraltar, a paragon of financial wisdom, an individual who could gaze into the future and predict with precision and uncanny accuracy the arrival and disposition of every dollar that went through the treasury of his city. The extraordinary happenings of the past five years, however have dissipated much of the former attractiveness and tranquility of the finance officer's position. Like the good and capable housewife who is expected to set a sumptuous table regardless of the family income, the finance officer today must somehow carry on in the face of tremendous odds and difficulties.

PERMANENCE OF POSITIONS.

Every cloud has its silver lining, however, and so we find that in most American cities as the worries, cares and responsibilities of the finance officer have increased, so also has grown the tendency to retain this official in service despite the administrative changes, which more or less regularly, follow municipal elections. The necessity of retaining the incumbent of this key position is more or less universally recognized today, and rightfully so, since if the municipal vessel is to be kept on an even keel during periods when changes in administrative officials are taking place, there is an urgent need to have on call in the pilot house an official who is familiar with all the ramifications of the city government—one who can advise and assist the new officials in the performance of their duties and responsibilities.

A municipal corporation, in perspective, is one large unit of many component parts, each part performing a necessary service for the citizens of the city. There is great diversity in the character of the services performed, and the problems of one department may be entirely foreign to the problems of another department.

Aside from questions of policy decided by the chief executive, and aside from the many questions that arise concerning the powers and rights, restrictions and limitations granted or imposed by legislation and by custom upon departments, there are countless problems concerning the mechanics of city government which somehow or other trickle in an unending stream into the office of the finance officer from the various agencies and departments of the city.

This officer, with a clear picture and understanding of the entire city structure, is, fortunately, in a position to suggest and advise in matters of departmental routine, and very often the welding together of all city departments into a smooth-working and effective unit is dependent upon the interest and cooperation extended by this self-same official. A close relationship between this officer and the other department officials of a city, with a free exchange of advice, opinions and information cannot fail to result in a well-managed city.

OTHER DUTIES.

While the finance officer is concerned, in the main, with the operation of the various city departments, he must constantly be prepared to confer and advise with the chief executive and the City Council on matters of municipal importance. In cities where centralized authority reposes in the chief executive, the encomiums and credit for a well managed city are appropriately his, and likewise, if the city is badly managed, he must take the censure and blame that follows. It is the duty of the finance officer to keep the Mayor acquainted with the financial status of his city at all times; to confer with him, counsel and guide him, if need be, in his budget, loan and appropriation programs; to explain to him the effect of any proposed or recent legislation bearing on the finances of the city; and to point out to him the possibility of economies and improvements in the city government. In short, the Mayor has a right to place great dependence on his finance officer, and that officer is derelict in his duties who neglects this most important feature of his responsibilities. Instincts of self-preservation should warn us that no Mayor can be expected to have much faith or confidence in a finance officer who, by silence, or non-feasance permits mistakes to occur which may prove embarrassing to the administration, and costly to the city.

I know of nothing in the duties of a finance officer which so tests his mettle as his relationship with the City Council or other governing board of his city. As elected representatives of the people, this body has a right to expect and demand every particle of information and assistance from the finance officer which will aid it in discharging its duties. There is often a political antagonism between the chief executive and the council, which, if carried to an extreme, may seriously hamper the activities of the municipality. A discreet and understanding finance officer will not only anticipate the common crises which breed differences of opinion between the executive and legislative branches of the city government, but he will attempt to eliminate, in so far as he is able, many of

these occasions of friction in the conduct of the city's business. The finance officer is often a buffer between these two branches of the city government; a pacifier, and an adjuster of their differences. It is no place for a man who lacks agility of mind—and, I might add—nimbleness of foot—because if these two agencies charge for each other, and each with a full head of steam up, your finance officer, unless adroit, may emerge from the fracas sans dignity, sans friends, and sans portfolio.

The citizens of a city are, in the last analysis, the persons whom we must serve and please. It is their money which turns the wheels of the municipal juggernaut, and they are entitled at all times to know how, and where, and under what conditions that money is being expended. Your finance officer should frequently, either through his own office or the office of the chief executive, issue statements or reports in explanation of the city's progress and financial condition, and information of this character should be readily available, in understandable form, to any citizen who may seek it. The average citizen has only a hazy conception of what becomes of the enormous sums of money which are annually expended by his city government.

Recently, in my own city, there was prepared and issued, under my direction, a simple, readable table, indicating in cents by object of expenditure how each tax dollar was to be disbursed during the year. It served a very useful purpose, because, at a glance, it was possible for any citizen to satisfy his natural curiosity as to the expenditure of the funds of the city, and more than that, it plainly set out, in undeniable figures, and more eloquently than words, the message which has been so difficult to convey to the taxpayers who demand sharp retrenchment in governmental costs—namely, that by far the major portion of each tax dollar is devoted to those services which at this time, above any other time, cannot safely be curtailed.

From this table, it is easily ascertainable that the main disbursements of government are expended for the maintenance and operation of our school system; for the protection of life and property; for the safeguarding and promotion of the public health; for the operation of our hospitals and institutions; for the construction and maintenance of our streets, sewers and bridges; for the discharge of our public debt; and for the financial relief of those in our city who are unemployed or unable to provide for themselves.

If costs of government are to be materially reduced so that the tax bill may be considerably lower, it means a curtailment or stoppage of some, or all, of these vital services just enumerated, and the discharge, of course, of the employees who are engaged in these services, but, strange to say, whenever serious mention is made by city officials of their intention to curtail or discontinue any vital service, such a storm of objections arise, both from the public and the press, that the proposals are soon abandoned.

I am convinced that everybody wants economy in government, and everybody in the city wants the city officials to proceed in decisive fashion to eliminate those services which are not essential, but there never seems to be any general agreement, and usually not even partial agreement, as to what, if any, services can be abolished. What is one man's meat, is another's poison.

CITIES MEET DEMANDS OF PUBLIC.

The truth of the matter is that our modern American cities have met the demands of their citizens for many and varied services which are expensive to maintain and operate, and the average citizen, once accustomed to the services furnished or supplied by the city, will hesitate some time before he gets up in public and shouts for their abolishment. It is well settled in my mind that no service which the city renders can long continue if the taxpayers themselves really demand and desire its abolishment.

In the face of reduced revenues from all sources, and in the face of an economic condition that throws upon a city an abnormal burden, it is difficult for any city government to keep the tax rate at a low figure. The ingenuity of the chief executive and finance officer has been stretched to the breaking point; every experiment has been tried, and every orthodox and artificial instrumentality has been exhausted; and yet, despite these efforts, and despite considerable assistance from state and national governments, the tax rate in many of our cities is practically confiscatory.

A return to normal economic conditions which happily appears possible, will permit our cities to regain their sound financial standing, but for the immediate future, we can expect to encounter much of the wreckage of the depression. The financial problems of our cities have been acute during the past few years and will remain acute, even after substantial recovery sets in, unless great care is exercised. The finance officers of our cities have lived through a long period of tense financial emergency; a period of suspense and uncertainty, with no guideposts to follow and no danger signals to warn of the pitfalls ahead. Calm, peaceful, orderly and normal days are somewhere in the future, and I hope not too distant future. We have all gained invaluable experience during these troublesome times, experiences which should leave a long and lasting impression on us, and incidentally enhance our value to the city we serve. Adversity is a great teacher, and the man who has been responsible for the financial management of a city for the past few years is not likely to quickly forget the lessons it teaches.

In conclusion, permit me to express the belief that the office of finance officer in any American municipality is no position for the chicken-hearted and weak-headed. In the field of municipal government there may be room for dreamers, for idealists, for visionaries, for tinkers, and for theorists, but in the position of finance officer of any municipality there is room only for those of sound and mature judgment; room only for those who can recognize and adapt themselves to the swiftly changing panorama of financial exigencies; room only for those who can meet today's problems with today's weapons, and yet never lose sight of the dawning necessities of tomorrow. In short, it is a position of high public trust and responsibility, and you and I, and our fellow finance officers throughout this hemisphere, should derive considerable satisfaction and pride from the fact that we are incumbents of such an important and honorable office.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be sixty (60)

days, vehicles are excluded from Regent street, Roxbury, between Dale street and Rock street, effective October 24, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be two (2) weeks, vehicles are excluded from Follen street, between St. Botolph street and the New York, New Haven & Hartford Railroad, effective October 23, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the Traffic Regulations are amended as follows, effective November 4, 1935:

That section 40, Part 1, is amended by striking out the following:

Prince Street, West Roxbury.

From Centre street to Pond street.

That section 40, Part 1, is amended by adding the following:

Prince Street, West Roxbury.

From Pond street to Centre street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 28, 1935, and was effective July 2, 1935, for a trial period of three (3) months, and which was extended for three (3) months from October 2, 1935, is hereby suspended, effective October 28, 1935:

The Traffic Regulations are amended as follows:

Section 40, Part 1, is amended by adding the following:

Marshall Street.

From Hanover street to Union street.

It is further voted that for a trial period of three (3) months Marshall street is a two-way street from Hanover street to Union street, effective October 28, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be two (2) months, vehicles are excluded from Cottage street, East Boston, between Gove street and Porter street, effective October 23, 1935.

BOOKS FOR DEER ISLAND LIBRARY RECEIVED.

On October 22 the following statement was issued by Mayor Mansfield:

Commissioner Douglass informed me today that the library at Deer Island is now prepared to receive books. The library has been placed under the direction of Frank Keefe, who had long experience in the Norfolk State Colony in a similar capacity. The Rev. Mr. Kellett of St. Paul's Cathedral on Tremont street, who is one of the regular attending clergymen at the Island, by public appeal has received over 2,000 books which are to be delivered to the library today. In addition to that, the Boston Public Library is establishing a branch and will send down a large number of books on various topics.

This is but the beginning of what I hope to be a successful and interesting experiment in occupying the leisure moments of the prisoners at Deer Island. We ask the cooperation of the public and urge them to donate to the city for the purposes of this library any books which they may have and which they feel that they can spare. They may be left at the office of the Penal Institutions Commissioner or at the Mayor's office in City Hall.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 24:

COLLECTING DEPARTMENT.

Approval has been given for the appointment of Joseph J. O'Mara as office machine equipment repairman and operator, at \$1,600 a year, effective October 18.

DEPARTMENT OF SCHOOL BUILDINGS.

The salary of Daniel J. Kinnaly, assistant chief clerk at \$2,400 a year, has been increased to \$3,000 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division of the Boston City Hospital for the week ending Thursday, October 17:

Gertrude R. Daly, acting chief clerk, \$1,700 a year; Elizabeth Coughlin, Mary Denning, substitute nurses, \$1,020 a year; Arthur Brousseau, choreman (patient), \$120 a year; John Carroll, maid (patient), \$240 a year; Daniel O'Donnell, Charles McGlinchey, male nurses (patients), \$480 a year; Fred Spry, male nurse (patient) (temporary), \$480 a year; George Cockinos, maid (patient) (temporary), \$240 a year.

The following persons have ceased to be employed: Nora Taylor, laundress (temporary), \$10.50 a week; John J. Walsh, choreman, \$120 a year.

INSTITUTION DEPARTMENT.

The following changes were made in the personnel for the week ending Thursday, October 17:

Long Island Hospital.

Transfers: Luke K. McCarthy, fireman, temporary (one day), \$33.50 a week and board, from helper in engine room at \$600 a year; Josephine M. Galiano, institution employee, attendant, \$600 a year, from waitress at \$316 a year; Patrick J. Walsh, institution employee, choreman and plasterer's helper, \$700 a year, from choreman at \$600 a year; Anne DeSavache, institution employee, waitress, \$316 a year Diet Laboratory at \$526 a year.

Resignation: Ann E. Carpenter, institution employee, attendant, \$600 a year, voluntary.

Discharge: William P. Harrington, institution employee, porter, \$526 a year, unsatisfactory.

Employment Terminated: Phares L. Frey, institution employee, helper in kitchen, \$526 a year, temporary; Edna Ferrari, institution employee, waitress, \$316 a year, temporary.

Stegmers "Hibbard" and "O'Meara."

Appointments: Joseph DeSourza, engineer, \$1,800 a year, temporary; John J. Columbo, deckhand, \$1,700 a year, temporary.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of the following persons as clerks, for a period of three months, at \$900 a year:

Philip Barber, Mary O. Greene, Arthur Sawyer, Edward L. Sullivan, Agnes V. Sweeney, Florence R. Tyner.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months, at \$900 a year:

Alice Banard, Edna E. Condon, Lillian J. Conner, Selena B. Godfrey, Thelma Goldkrand, Alice W. Short.

Approval has been given for the con-

tinued temporary employment of the following persons as stenographers, for a period of three months, at \$900 a year:

Clare P. Bench, Mabel E. Crowley, Mary H. Famiglietti, Ruth Gilman, Esther J. Kelley, Zelda Lezar, Mary M. Lynch, Katherine W. Meade, Elizabeth M. O'Leary, Helen T. Shea, Natalie C. Ryan.

Approval has been given for the continued temporary employment of the following persons as assistant paymasters, for a period of one month from November 6, at \$1,500 a year: John V. Condon, Samuel Elman, Maurice Gertlin, Morris Katz.

Approval has been given for the continued temporary employment of Anna M. Galvin as bookkeeper's assistant, for a period of three months from November 23, at \$1,000 a year.

PARK DEPARTMENT.

Approval has been given for the transfer of Arthur E. Mayo, night watchman at the Mattapan Sanatorium, to this department as a laborer at \$30 a week, effective October 4.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

William H. Doogan, officer, \$1,600 a year and maintenance, temporary.

Steamer "Michael J. Perkins."

John J. Darragh, watchman-fireman, \$5.50 a day, temporary; William Gardas, deckhand, \$30 a week, temporary.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to transfer John Fitzgerald from the Hospital Department to the Paving Service of this department as laborer at \$5 a day, effective on October 21.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to transfer John T. Durkin from the Boston Sanatorium to the Sewer Service as laborer at \$5 a day, effective October 25.

PUBLIC WORKS DEPARTMENT (Summer Tunnel).

Approval has been given to continue the temporary employment of the following as tollmen-guards at \$5.50 a day, seven days a week, from October 5 to October 19, inclusive, in Summer Tunnel service:

Peter P. Donahue, John A. Gavin, Francis J. Carey, Timothy F. Keane, Edward M. Feecey, Raymond M. Bradley, Michael J. Collins, Philip M. McDonough.

REGISTRY DEPARTMENT.

Mary E. Manning has been appointed permanent clerk-stenographer at \$1,000 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime shall in consultation there-with file if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Penal Institutions Department.

For the week ending Thursday, September 26:

House of Correction.

John W. Allen, engineer, temporary, 4 days, \$30; Daniel F. Donahue, Andrew Para, William O'Melia, engineers, 1 day, \$7.50 each. Total, \$52.50.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon October 19 the Mayor approved a contract with Grinnell Company, Incorporated, for Sprinkler Systems for ferryboats at an estimated cost of \$1,881. The following bids were received October 4, 1935:

Grinnell Company, Incorporated, \$1,881; Viking Automatic Sprinkler Company, \$2,019; Globe Automatic Sprinkler Company, \$2,189; Rockwood Sprinkler Company, \$2,449; The Marine Company, \$2,851.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies, labor, etc. Communications from the heads of the departments interested were as follows:

OVERSEERS OF THE PUBLIC WELFARE.

BOSTON, October 15, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—I am sending you herewith two copies of a proposed contract with the Arthur D. Little Company for testing the coal and fuel oil supplied by this department to families receiving assistance.

The Arthur D. Little Company has been selected by the Overseers in accordance with the terms of the coal contract so that we may be assured that the poor of the city are receiving from the various coal companies coal and fuel oil up to the contract specifications.

This company has been chosen because of its standing in the fuel-testing field and because other companies employed by the department gave a finding which was always favorable to the coal company. Upon the employment of the Arthur D. Little Company, penalties for poor coal deliveries were immediately levied against the coal companies and a saving made to the city not only by enforcing good coal delivery but also by a reduction in the price of coal already delivered.

The amount paid to the Little Company last year was \$278 and the saving in cash through the employment of this company was \$500.

May we have your Honor's approval to entering into this contract with the Arthur D. Little Company?

Yours truly,

JOHN C. L. DOWLING,
Executive Director.

BOSTON, October 18, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—The farming project at West Roxbury is nearing completion and the quota of workers has been reduced by the E. R. A. from 90 to 10, with a provision

for one foreman laborer. These men are now working on a two-shift basis, five men a week, and they are gathering in the remainder of the produce, consisting of carrots and onions. December 1st should see the project entirely completed.

I have talked with Mr. Philbrook, assistant to Mr. Rotch, about setting up a project to employ 250 men in repairing furniture, chairs, desks, etc., to supply families on our relief rolls who have no such articles of furniture. This will give employment to 250 men and will call for an expenditure by the Federal Government of \$119,889.50. Our contribution will be approximately \$269.15 outside of furnishing the building.

I am accordingly writing to ask your Honor if we may have the use of one of the buildings at West Roxbury for this particular object.

The men will be employed only in the daytime and will receive a salary of \$55 a month.

Yours respectfully,

JOHN C. L. DOWLING,
Executive Director.

PARK DEPARTMENT.

BOSTON, October 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully asks your approval to renew the lease for the refreshment concession at the Refectory Building, Franklin Park, now held by William J. Burke, 109 Montebello road, Jamaica Plain, for the sum of \$6,000 per annum, from October 1, 1935, to October 1, 1938.

In the year 1928, after advertising in the *City Record*, Mr. Burke's bid was the highest of seven received and he was awarded a three-year lease, from October 1, 1928, to October 1, 1931. He was given a renewal of this lease for a year, from October 1, 1931, to October 1, 1932, and it was later extended for a term of three years, from October 1, 1932, to October 1, 1935.

Mr. Burke has conducted this concession at Franklin Park for the past seven years and has been the only man ever to conduct it in a manner satisfactory to the Board. With one exception, his predecessors have always failed to pay the rent in full. Mr. Burke's concession is conducted in a clean, wholesome and extremely satisfactory manner, and the Board believes that he should be given a renewal of this lease for the best interests of the city. The Board also believes that \$6,000 per year is a high rental and that, all conditions considered, nothing would be gained by advertising for proposals for this concession.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 14, 1935.

To the Honorable Mayor.

The New York, New Haven & Hartford Railroad has called the attention of this office to the condition of what is known as the B and Seventh street sewerage overflow where said overflow crosses under the separate rail beds of three principal divisions of this railway.

The brick sewer is in a poor condition and to such an extent that it leaks on high tides, causing water to flow on and over the roadbed. It is necessary that at least a portion of this brick sewer be replaced with a reinforced concrete conduit at an estimated cost of \$22,000, for a

length of 150 linear feet, this length being directly under the rail beds. This construction must be done under a contract and permission is respectfully requested to advertise for bids.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, October 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The roadway of the Chelsea South Bridge, particularly the brick and wood block paving, is in poor condition and is becoming dangerous to travel. The estimated cost of repairing and repainting Chelsea South Bridge over the Mystic river is approximately \$24,000, and is to be charged to "Bridge Repairs," and the money is available for this purpose in this item.

I respectfully request permission to advertise for bids for the repairing work, etc.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, October 17, 1935.

To the Honorable Mayor.

A letter from Col. T. B. Parker, Acting State Director of the P. W. A., has just been received at this office (a copy of letter attached), requesting that a consulting engineer be engaged in connection with the construction of the new Chelsea Creek Bridge, Docket Number Mass.—1086.

Special stress is called to the design of the bridge foundations, etc. The firm of Fay, Spofford and Thorndike have had the greatest experience of any consulting firm in New England as regards bridge design, construction, etc.

I respectfully request permission to tentatively enter into an agreement with said firm in accordance with the request of the Acting State Director. Payment to be made as follows:

1. For general consulting service up to the award of the construction contract, including the checking of all designs, contract plans and specifications and advice on the award of contracts, one and one half (1½) per cent of the construction cost.

2. During construction, general consulting service, including review of the contractors' working drawings prepared for the work, particularly those of the draw span and its operating machinery, periodical visits to the work during construction, and advice as requested on all construction matters arising until the work is completed, one and one half (1½) per cent of the construction cost.

I most respectfully suggest early approval as the time for preparing plans, specifications, etc., is short. The Acting Director insists that all documents relative to this project be at his office not later than November 18, 1935.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

TRAFFIC COMMISSION.

BOSTON, October 23, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—This Commission has voted, subject to your approval, to award a contract, without advertising, to the Edison Electric Illuminating

Company of Boston to construct underground conduit and supply cable for service to an automatic traffic signal at the intersection of Allston street and Commonwealth avenue, Brighton, at a cost not to exceed fifteen hundred and ten (1,510) dollars.

Since the Edison Electric Illuminating Company of Boston is the only person or corporation having facilities available for supplying electrical energy no benefit would accrue from publicly advertising.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

SUFFOLK COUNTY JAIL.

BOSTON, September 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The clock on the Jail has become so old and worn that it can no longer be satisfactorily repaired. As this clock is one of the landmarks of Boston it should be replaced with new works. This has already been provided for in the budget.

I have received proposals from two leading tower clock manufacturers, Howard Clock Products, Incorporated, and International Business Machines Corporation, the lower of which is that submitted by the International Business Machines Corporation, its figure being \$1,350.

I respectfully request permission to award a contract for this work to the International Business Machines Corporation, without advertising.

Respectfully submitted,

DANIEL A. WHELTON,
Special Sheriff.

FIRE DEPARTMENT ORDERS.

General Order No. 46.

I. CHANGES IN STREET NAMES.

Notice has been received of the following changes in names of streets:

West Roxbury.

Albright street, formerly Alder street, Vermont street to Keith street.

Sherbrook street, formerly Winslow street, La Grange street to Dent street.

Francesca street, formerly Frances street, Vermont street to Keith street.

Whitcomb avenue, formerly Green Hill avenue, Centre street to Malcolm road.

Farmington road, formerly Dunbar street, Westover street to Veterans of Foreign Wars Parkway.

Weymouth avenue, formerly Washington Heights avenue, Washington street, northwesterly, approximately 410 feet.

Dorchester.

Crockett avenue, formerly Cushing Hill road, Gallivan Boulevard to Hill Top street.

Kenmare road, formerly Kenmere road, Gallivan Boulevard to Minot street.

Richview street, formerly Englewood street, and Parkview street, Hillsdale street to Hillsdale street.

Rockne avenue, formerly Allendale avenue, Gallivan boulevard to Hill Top street.

Marden avenue, formerly Madison avenue, Willowood street, westerly, approximately 270 feet.

Hyde Park.

Richmere road, formerly Richmond road, Cummins Highway to Greenfield road.

Ruskindale road, formerly Ruskin road, Blake street to Ralston road.

Annafran street, formerly Moody street,

Cummins Highway to Roanoke road. Clare avenue, formerly Huntington avenue, Canterbury street to Hyde Park line.

Tacoma street, formerly Thatcher street, Wood avenue to Bradlee street.

Taunton avenue, formerly Rutledge road, Wood avenue to Ralston road.

South Boston.

Trimount place, formerly Boston place, Dorchester street to Old Colony avenue.

City Proper.

Comet place, formerly Chester place, Shawmut avenue to Northampton street.

II. REVISED LOCATIONS OF FIRE ALARM BOXES.

Because of changes in names of streets new designations have been given for the locations of the following fire alarm boxes: 2746—Church street and Courtney road. 2749—Willow street and Farmington road. 3481—Gallivan Boulevard and Rockne avenue.

3581—Greenfield and Richmere road.

3582—Taunton avenue and Ralston road.

3585—Blake street and Ruskindale road.

12-3585—James J. Chittick School, Ruskindale road near Blake street.

3588—Taunton avenue and Pinewood street.

3721—Ramsdell and Clare avenues.

New cards for the above named boxes are being issued to the department today and are dated October 16, 1935. A new card for Box 3585, mentioned above, will be forwarded at a later date.

Company Commanders will write the company number on the back of old assignment cards and return to the Fire Commissioner's office on or before Monday, October 21, 1935.

III. NEW FIRE ALARM BOX.

A new fire alarm box, No. 6157, will shortly be established on Border street, near Maverick street. This box will be connected into circuit No. 28 and the assignments will be the same as those for Box 6156.

IV. FIRE ALARM BOXES REMOVED FROM SERVICE.

The following fire alarm boxes have been permanently removed from service: Box 12-1523, Skinner School, Church and Fayette streets. This box was connected into circuit No. 18.

Box 12-4162, Abram E. Cutter School, Medford street near Polk street. This box was connected into circuit 44.

V. NEW ASSIGNMENT CARDS.

New assignment cards, dated October 16, 1935, are being issued today for Boxes 2177, 6214 and 2255, as announced in General Orders, dated September 27, 1935.

Old assignment cards for Boxes 2177 and 6214 will be returned to the Fire Commissioner's office on or before October 21, 1935. Company Commanders will write the company number on the back of each card returned.

VI. BOSTON AUTOMATIC FIRE ALARM.

The following additions are to be made to the cards of the Boston Automatic Fire Alarm Company:

Signal 54—84 Commonwealth avenue. Apparatus to respond: Engine 10, Ladder 13 and District 7. Nearest city box is No. 1536.

Signal 481—Allston Storage Warehouse Company, 138 Harvard avenue. Apparatus to respond: Engine 41, Ladder 14 and District 11. Nearest city box is 5123.

The following signal number of the Boston Automatic Fire Alarm Company has been discontinued.

Signal 136—Building 347-349 Congress street.

VII. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Friday, October 18, 1935:

George A. Boodro, Jr., from Engine 1 to Ladder 29.

John J. Collins, from Ladder 29 to Engine 1.

Joseph L. Spillane, from Engine 19 to Engine 48.

Henry F. Hayes, from Engine 7 to Engine 4.

VIII. HYDRANT SALT.

Company Commanders will forward to headquarters on or before Monday, October 21, 1935, a communication on Form 5, stating the quantity of salt which will be required for their companies during the coming winter.

IX. COMMENDATIONS.

Ladderman Michael J. Egan of Ladder Company 20 is hereby commended for responding to and working at fire, Box 3219, October 5, 1935, while off duty.

The Fire Commissioner is in receipt of the following letter from the Salvation Army in acknowledgment of the contribution of members of this department to the annual maintenance appeal of the Salvation Army.

October 15, 1935.

HON. EDWARD F. McLAUGHLIN,
Fire Commissioner.

MY DEAR COMMISSIONER, We acknowledge with sincere thanks the collection from the members of the Boston Fire Department totalling \$370.50, which is approximately 180 per cent increase over a similar collection received last year. Under separate cover we are sending Certificate of Appreciation and wish to thank all concerned for this excellent contribution.

Sincerely yours,

W. A. NICOL,
Comptroller Director.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 15, 1935, determining damages caused by the making of the public improvement consisting of the laying out and construction of Freedom street, be, and the same hereby is, amended, by striking from said order the amount \$127 awarded to Thomas G. Sullivan in said order and inserting in place thereof the amount \$125 and the name John P. Sullivan administrator of estate of Thomas G. Sullivan (the amount \$125 be, and the same hereby is, awarded to John P. Sullivan, administrator of the estate of Thomas G. Sullivan, for the damages so sustained.

MAYOR MANSFIELD TAKES EXCEPTION TO STATEMENTS FROM WASHINGTON SHOWING HIGH PER CAPITA COSTS FOR BOSTON — COMPARISON DIFFICULT BECAUSE OF ELEMENTS AND FACTORS IN ONE CITY NON-EXISTENT IN OTHERS — BOSTON NOT SO HIGH AS STATED.

On October 19 Mayor Mansfield issued the following statement:

A comparison in per capita costs of cities is extremely difficult to make, in view of elements and factors in one city which do not exist in other cities. For example, Boston is required to pay the annual costs of the maintenance and operation of the government of the County of Suffolk, while in many other cities the county government has no direct connection with the city government and, consequently, the city government does not show in its annual reports any such charge.

Unless cities are alike in population, area, physical characteristics, and unless the service rendered by both municipalities is more or less similar in extent and scope, a comparison is not of much value.

Boston is compelled by statutory enactment to contribute to the deficit of the Boston Elevated Railway Company, which in 1935 amounted to \$1,095,000. Many other cities do not have this problem.

Boston maintains a large police force, and it is often claimed that the per capita cost of such force is excessive.

But if we keep in mind that Boston, with over 800,000 residents, is the metropolitan center of New England and is occupied each business day by over 2,000,000 persons who enter and leave the city, the reason for the maintenance of such a large force is obvious, especially when we consider that the traffic problem in many of Boston's streets is an acute one because of the general lay-

out of those streets and because of the centering in a small area of the city of the business district.

In many cities the school department expenses are not computed in the city tax. In Boston the entire costs of maintaining our schools is borne by the city. Our school system has been held up as the peer of any other in the land, and to maintain that standing it has been necessary to expend large sums of money. For example, the city of Philadelphia, with approximately twice the population of Boston, has less pupils in its high schools than Boston.

In Boston, the expenses of public welfare and relief have been borne almost solely by the city in recent years. In only two years did we get any help from the Government, while other cities and even states have received directly from the Government almost the entire cost of their welfare disbursements. Boston has been penalized, without question, in this respect, on the theory that we are better equipped financially to bear this cost than some of our neighboring cities and states.

Boston each year pays to the state government approximately 25 per cent of the cost of conducting the state government. Boston pays about 60 per cent of the cost of metropolitan improvements. In 1935, the assessment on Boston by the state amounted to \$5,140,815.89.

A recent analysis of the tax dollar shows that Boston's tax rate is really only \$22.58 per thousand. That is the city tax. There is added to that for the County of Suffolk, \$2.14, for schools, \$9.35, and for the state tax, \$2.93, bringing the grand total of what is called the Boston tax rate up to \$37 per thousand.

DAMAGES AND ABATEMENTS ASSESSED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of Margaret L. Ferrin, petitioner for damages on account of the taking of an easement in 10,061 square feet of land for sewerage purposes under the order of the Street Commissioners and Mayor of November 7, 1930, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of twenty-five hundred (2,500) dollars, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

In the matter of the application for revision of assessments levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the year 1896, and deeming it just and proper that such action should be taken on said applications, *Order*, That the amounts hereinafter specified, being

the annual apportionments of said assessments for the years specified below, be, and the same are hereby, abated.

Teresa F. Ryan, 1932 apportionment, plan 1926-19, Lot C, Brayton road, assessed January 7, 1927, \$10.64. Part of original Lots 7 and 8.

Teresa F. Ryan, 1933 apportionment, Plan 1926-19, Lot C, Brayton road, \$10.16.

Teresa F. Ryan, 1934 apportionment. Plan 1926-19, Lot C, Brayton road, \$9.66.

Voted, That in the matter of the Boston and Albany Railroad Company, petitioners for abatement of betterment assessments assessed for the improvement of Kneeland street under the order of the Street Commissioners and Mayor of October 26, 1925, as follows: Lot 89, \$22,502.50; Lot 90, \$13,200; Lot 99, \$12,830, after consultation with the Law Department, and on its advice, the Board agrees to the settlement of the case in the sum of \$19,728, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Anna M. Barry, petitioner for damages caused her estate by the widening, relocation and construction of Ashland street under the order of the Street Commissioners and Mayor of June 7, 1927, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of twenty-five hundred (2,500) dollars, plus an assumption by the city of the street betterments remaining unpaid and agreement by the petitioner that a sewer assessment in the sum of \$1,961.68 shall stand as assessed, and the Board consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted July 16, 1935, and was effective July 22, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from October 22, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with the right rear wheel to the curb, in the following street:

Washington Street North.

East side, from Stillman street to Endicott street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 21, 1935, and was effective June 22, 1935, during the period of experimental two-way Boston Elevated Railway bus service, estimated at that time to be thirty (30) days, and which was extended for ninety (90) days from July 22, 1935, is hereby extended for a further period of three (3) months from October 22, 1935:

Parking of vehicles is prohibited during twenty-four (24) hours each day in the following street:

Washington Street.

West side, from Broadway to Stuart street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted April 2, 1935, and were effective April 22, 1935, for a trial period of three (3) months, and were extended for three (3) months from July 22, 1935, are hereby extended for a further trial period of three (3) months from October 22, 1935:

Parking of vehicles is prohibited, except that vehicles owned by the United States Government may be parked without time limit at the curb next the United States Custom House, in the following streets:

Central Street.

North side, from easterly arm of McKinley square to westerly arm of McKinley square.

McKinley Square.

East side, westerly arm, from Central street to State street.

West side, easterly arm, from Central street to State street.

State Street.

South side, from easterly arm of McKinley square to westerly arm of McKinley square.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be two (2) months, vehicles are excluded from East Dedham street, between Harrison avenue and Washington street, effective October 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of ninety (90) days, the Traffic Regulations are amended as follows, effective October 28, 1935:

That section 17, Part 3, is amended by striking out the following:

Fruit Street.

South side, from North Grove street to Charles street.

That section 17, Part 4, is amended by striking out the following:

Fruit Street.

North side, from North Grove street to Charles street.

That section 17, Part 4, is amended by adding the following:

Fruit Street.

North side, from Charles street to Blossom street.

That section 40, Part 1, is amended by adding the following:

Fruit Street.

From Charles street to Blossom street.

Portland Street.

From Traverse street to Causeway street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted January 16, 1935, and was effective January 23, 1935, for a trial period of six (6) months, and was extended for three (3) months from July 23, 1935, is hereby extended for a further trial period of three (3) months from October 23, 1935:

Parking of vehicles is prohibited in the following street:

Cambridge Street.

South side, from Howard street to a point eighty (80) feet west of Howard street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted and was effective June 24, 1935, during the period of experimental Boston Elevated Railway bus service, estimated at that time to be thirty (30) days, and which was extended for three (3) months from July 24, 1935, is hereby extended for a further period of three (3) months from October 24, 1935:

Parking of vehicles is prohibited in the following street:

Essex Street.

Both sides, from Harrison avenue to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted January 16, 1935, and was effective January 23, 1935, for a trial period of six (6) months, and was extended for three (3) months from July 23, 1935, is hereby extended for a further trial period of three (3) months from October 23, 1935:

Parking of vehicles is prohibited in the following street:

Melrose Street.

South side, from Broadway to a point fifty-four (54) feet west of Broadway.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) months, vehicles are excluded from Jefferson street, between Fayette street and Tremont street, effective October 18, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rule is effective October 22, 1935:

Parking of vehicles is prohibited in the following street:

Kneeland Street.

South side, from Albany street to Lincoln street.

POLICE DEPARTMENT ORDERS.

General Order No. 95.

General Order No. 584, issued November 9, 1934, is hereby amended by striking out paragraph 5, which reads as follows:

"The Commanding Officer of each Division and the Detective Bureau shall forward to the Superintendent a copy of each manifold that is mimeographed daily."

Therefore, commanding officers of each division and the Bureau of Criminal Investigation shall discontinue forwarding to the Superintendent a copy of the daily manifold.

This order becomes effective on Monday, October 21, 1935, at 7.45 a. m.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 96.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Orville F. Kenerson, patrolman, Division 1, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the twenty-fifth day of September, 1935, the said Patrolman Orville F. Kenerson did fail to pull his "on duty" calls for a period of time from 1.08 a. m. to 2.30 a. m., when the rules of the department require that he shall ring his "on duty" calls every forty minutes.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the twenty-fifth day of September, 1935, the said Patrolman Orville F. Kenerson, while on duty and in uniform, was under the influence of intoxicating liquor to such extent that he was unable to perform his duty as a police officer and by so doing he was guilty of an act contrary to good order and discipline and thereby tended to bring into disrepute and criticism his associates on the force and the department as a whole.

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty made by Patrolman Kenerson. In view of the fact that this is the third time that Patrolman Kenerson has appeared before a trial board for similar offenses, the last time as recently as one month ago, and although he was found not guilty on that occasion, the Board feels that he has outlived his usefulness in the Police Department, and therefore respectfully recommends that the said Patrolman Orville F. Kenerson be dismissed from the Police Department."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Orville F. Kenerson be dismissed from the Police Department, effective as of October 17, 1935 at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 97.

Sergt. Cornelius J. Ring of Bureau of Criminal Investigation is commended for efficiency in connection with the arrest of a person responsible for breaking and entering in Cambridge, Mass., and the recovery of the property which had been stolen.

Sergeant Ring was informed on September 3, 1935, by a member of the Cambridge Police Department that the home of a citizen in Cambridge had been broken into, and two suit cases containing a quantity of jewelry and clothing stolen. As a result of the intelligent and effective means pursued by Sergeant Ring in tracing the person who had sold the suit cases to the pawnbroker, the person who committed the break was arrested and the property recovered.

The commissioner is pleased to recognize and commend the initiative shown and the intelligent manner in which Sergeant Ring performed this splendid police service.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Ravenna road, West Roxbury district, as a highway, from Weld street to Cerdan avenue, bounded and described as follows:

A highway named Ravenna road is hereby laid out, from Weld street to Cerdan avenue, and ordered constructed, the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Weld street, sixty-two and 51-100 feet; northeasterly by the northeasterly line of said Ravenna road as hereby laid out, three hundred seventeen and 14-100 feet on a curve of eleven hundred and sixty feet radius; northerly by the northerly line of said Ravenna road as hereby laid out, by two measurements, thirty-six and 40-100 feet on a curve of fifty feet radius and two hundred and forty-five and 60-100 feet; southeasterly by Cerdan avenue, ninety-five and 15-100 feet; southwesterly by the southwesterly line of said Ravenna road as hereby laid out, twenty-four and 87-100 feet on a curve of ten feet radius; southerly by the southerly line of said Ravenna road as hereby laid out, by two measurements, one hundred sixty-four and 3-100 feet and sixty-five and 52-100 feet on a curve of ninety feet radius; and southwesterly by the southwesterly line of said Ravenna road as hereby laid out, three hundred fifty-three and 41-100 feet on a curve of eleven hundred and twenty feet radius.
